Vol. 7 — No. 38 | TOFIELD MERCURY, TOFIELD, ALBERTA | Thursday, July 2, 1959

## MADAME TUSSAUD'S WAX MUSEUM TO OPEN IN NIAGARA FALLS

Workers are now busy preparing Madame Tussaud's famous wax museum for its opening in Niagara Falls, Ont. Bodies, heads and costumes have arrived and are about to be assembled. Picture above shows a summit in effigy, bringing together the leaders of Britain, United States and Russia—Macmillan, Eisenhower and Khrushchev. Inspecting them are two visitors from Texas, Barbara Carlisle, left, and Patti McAlister. The exhibits were shipped from London to Niagara Falls.

## Roads were especially important to district's original settlers

ROADS IN TOFIELD AREA

(The material for this article is taken from an account left by Mr. Jack Cochrane.)

Roads have always been vital to communities. The lack of them was one of the real hardships of the pioneer era.

The buffalo trails were probably the first, and not the worst roads, for they would follow the high, dry, hard-trod ground. Horseback riders could follow these with ease, but when the wagons containing settler's effects must be brought in, these trails proved too narrow and too crooked. Stumps, soft ground, crooks over which no bridges were yet built, steep hills — all proved major hazards in bringing in settlers' equipment.

In spite of the trouble involved, the pioneers did travel ... to Edmonton, to Wetaskiwin, and for social gatherings. Petra Blaufiter remembers one special picnic from her school days. Everyone was piled into wagons, and singing lustily "Canada, the Land of the Maple," when the horses in leading a creek kicked mud all over the ladies' picnic attire. The school teacher, trying to wipe the mud off her white dress, was heard to declare, "You may stay at Canada on the land of the maple, but to me it is the land of mud!"

As soon as the pioneers had their first make roads of mud and shelter cared for they be, the to attack the problem of roads.

Mr. Jack Cochrane has left us an account of how the first major roads were built.

To get to Edmonton, one could go around north of the hills by Fort Saskatchewan, which made the trip 65 miles long. Or one could go around south of the Beaver Hills by Hay Lakes which was 50 miles. Mr. Cochrane says, "The first road was a shortcut from upper Rose Creek to the Nelson and Parker settlement, southeast of Fort Saskatchewan. In 1892 and 1893, there were in the Rose Creek area "Albert and Lillie," J. Dean, Wanda, J. Shannon, Thor. Johnson and a few others. Robertson, Francis, Wills, Kermaer some later.

The next road was a trail from the Carmine, place to Hastings Lake (situated by a man named Wood, assisted by Gowans, Leigh, Walsh, Neal and others. It was difficult to travel, even in winter. The next trail was the Inkster trail (Frank Oliver was our member in the Legislature of the N. W. T. and got an appropriation to buy put a trail through from Cooking Lake to South Beaver Lake Oliver promised Inkster the whole of the $200, to take a wagon ... reach to the Lake in summer. He did it, but found an awful lot of obstacle and went close to them to save chopping trees. Nobody he would have had to do to make a trail through the dense bur. The result was that the trail was far crookeder than a dog's hind leg. Inkster got his wagon through and back and drew the $200.00. If there had been an inspection of the trail it would never have been approved because no one would have wanted to travel it more than once. Mr. Neal called it a "Scotch-cy." It came out at the Lake where Mr. Ed Kalal lives on the north side of Kat. (Cannot Creek (now the home of the Herb MacAdoo family.

The next trail cut was the commonly trail built by volunteer help from Hunt's to Cooking Lake. Everyone interested took hold. Leland canvassed the merchants of South Edmonton and received donations of flour, tea, coffee, beans and beans and even a keg of beer. A good job was done and all were proud of it. It became a much travelled road.

The next road was the beautiful trail from Rose Creek to Edmonton, government built with a cut-off road for Devil's Beaver Lake settlers. This cut off trail struck the baseline road some ten miles from the lake. This road went past the John Phillips farm (now J. C. Warner's home) across the farm (it recently occupied by T. B. Murray through Harold Woolliscroft's place north through the present forest reserve.

None of these roads could be travelled with heavy loads during wet times for there would be boggy spots but for light travel, they cut off a lot of mileage, for around the Beaver Hills, either north or south, it was some eighty miles to Edmonton.

As we travel over our modern black-topped highway, to Edmonton lakes then an hour, we admire the pluck of the pioneers who first plodded their way through the Beaver Hills.

Grace Phillips
Press Secretary of the
Jubilee Committee.

## Pool at Dodds Yields Fine Rainbow Trout.

Last Thursday night, Pete Cookie being a Rainbow trout into the Mercury office. It measured 14 inches long and weighed 2 lbs. It was caught in the pool at Dodds Every year since 1937 this pool has been stocked with fish and the local fishermen have been enjoying themselves. This is one of the best catches reported from the pool.

## Scattergun Experts Do Well at Viking

Sunday afternoon two tornado of Tofield gun club members went to Viking for a friendly interclub trap shooting competition. The five men team scores were Viking 94-125 and Tofield 89-125. The individual scores were as follows: Out of a possible 25 hits.

Tofield — G. Garfield 23; W. Friesen 13; J. B. Warner 20; Alex Warner 22; A. McAlister 22.

Viking — Adrian Looyer 15; Mr. Looyer 20; J. MacArthur 21; R. Hagan 24; and Vic Dubois 19.

After this match, some of the other members of both clubs shot a round. High scores for the afternoon were: G. Garfield, A. Warner and Bd. Lisitzin all tied at 23-25.

Viking is to come to Tofield to try for revenge in about 4 weeks.

Anyone wishing to join the trap shooting class should either contact Bill Friesen at Maple Leaf Service or Charlie Kalal at Charlie's Place. Shooting time is Monday nights after 7:00 p.m. at the range located half-mile south of Nisbetowne corner just across from Bill Davison.

## Stork Was Busy At Tofield Hospital

Four girls and three boys were born at the Tofield Municipal Hospital during the month of June.

Born in Mr. and Mrs. Edwin Rhae of Tofield, a daughter on June 12.

Mr. and Mrs. Wm. Minkyn of Tofield a son on June 21.

Mr. and Mrs. Ronald Hivy of Tofield a son on June 26.

Mr. and Mrs. Louis MacAhon, Jr. of Island a daughter on June 26.

Mr. and Mrs. Raymond Patterson of Glen-ondale a daughter on June 26.

Mr and Mrs. C. Fisher of Tofield a son on June 28.

## AROUND TOWN

Mr. and Mrs. Neil Phillips and daughter, Barbara and Sandra attended the Golden Wedding Anniversary of Mrs. Phillips parents, Mr. and Mrs. Neil Mackinnon at Mannville on Sunday. Other visitors from Tofield were Harold Congoost, Wesley Ingram, Mr. and Mrs. Thomas Jacobs and Mr. and Mrs. Bill Davison.

• • •

Mr. and Mrs. Hans Christensen, and family have moved into their new home next to the hospital.

• • •

Mr. and Mrs. D. W. Jacobs and Mr. and Mrs. D. L. Jeffries returned over the week end from a week's vacation at Lake Winnipeg and Rushmore. Golf and Bridge spent a day fishing at Lac La Ronge and each brought home a 15 pound lake trout.

• • •

The United Church W. M. S. held their final meeting of the season on Tuesday, June 23, at the home of Mrs. J. Francis. A number of associate members and visitors were present.

The monthly service was led by Mrs. H. Moore. The program was a play on Penal Reform, taken by four of the members.

Hostesses for this meeting were Mrs. Francis and Mrs. Blake. According to the usual custom the W. M. S. will not hold meetings in July and August.

## JUBILEE JOTTINGS

Well the "big day" is over! It was everything anyone could have wished for ... clear, sunny skies ... the best parade ever ... a huge crowd ... many of our pioneers with us ... good food and plenty of it, both at the booths and at the barbecue ... good ball, with Tofield winning ... the Golden Ranch exciting horse exhibition ... and everybody really happy. It was really "one for the book!"

Among the pioneers who returned to Tofield for the day, we were glad to welcome Mr. John Morton, Mr. and Mrs. H. K. Adams, Mr. H. Crusser, Mr. and Mrs. Maxwell, Mrs. C. C. Spence, Mrs. Gertie Chapman, Mrs. Bertha Seale Mr. A. S. Chatterham, Mr. J. W. Carter, Mrs. Mildred Thomas, Mr. Deby, Wallace Herndon, Ray Herndon, Fanny Hammond, Mr. and Mrs. W. C. Swift.

Almost 200 identification badges were given out to pioneers of Tofield and district who had been here in 1909.

• • •

From the diary of Mr. George Cochrane Sr., July 1, 1908:

"Very cloudy and misty. Does not look promising for sports. There are two tractor-ing machines at work, making double shifts. 12:56 noon—Severe thunderstorm with hail. No damage here except for a few chickens lost. Bad for the sports committee financially. Alex McCauley called in take Ada, but she declined. Rev. Mr. Gordon, wife and daughter called to shelter. Fine after storm and sunny."

Probably the next item we will be looking forward to is our Jubilee Year in the official opening of the Legion Hall in August. Pro-tiled Motion (as great plans for this day, which he will announce later.

## Tofield School Staff Loses Three Teachers

Three teachers plan to leave the Tofield teaching staff this year. They are Mrs. Howard Brown, Mrs. Norman Dahl who will be teaching at Fort Saskatchewan and Mr. Marvin Brown who has accepted the position of Assistant Superintendent of Instruction for the County of Beaver.

Most of the teachers who will be here for the 59-60 term plan to attend Summer School this year. Three planning to attend the U. of A. Summer Session are Mr. Harris, Mr. Lamb, Mr. Ris, Mr. Annis, Mrs. Fraser, Mrs. Phillips and Mrs. McCormick. Miss Turner plans to take a Physical Training Course in Red Deer.

## Announces official count in provincial voting

The official count of the recent election was made on Saturday, June 27th. Returning officer A. W. Purves declared R. M. Hardy (Social Credit) elected with 2,334 votes. C. L. Lisle (Liberal) polled 540 votes; Cliff Fairbairn (Progress-Conservative) 337 votes, and the C.C.F. candidate, Edward Thompson, with 331 votes.

The total number voting was 3,247 and some 8,441 names appeared on the voters' list.

The vote by polls follows:

| | Hardy (Social Credit) | Lisle (Liberal) | Fairbairn (Progressive Conservative) | Thompson (C.C.F.) |
|---|---|---|---|---|
| 1A Tofield | 132 | 55 | 84 | 49 |

## Over 3,000 persons attend Sports Day in Tofield

The first of July dawned bright and sunny with the Southerners serving up a nice warm day for Canada's Dominion Day Holiday and Tofield's Golden Jubilee Celebration.

Around two thousand persons thronged the streets of Tofield for the parade which proved to be the best ever put on in the history of the town. Another thousand persons arrived later in the day to bring the number in attendance to well over 3,000 persons.

The Best Country Float cup was awarded to Ketchamont with Barde running a close second. The best town float came from the Hospital with he Library placing second and the Legion third.

Best Youth-Group Float: C. G. I. T. 1st; Tofield 4-H Club 2nd and the School Float third.

Best Commercial Float — Gurfort's Ladies Wear 1st, Mr. Bowles 2nd, and the Gas Co. 3rd.

Best Decorated Bicycle, Tricycle or Cart — Alberta or Bust first, Pat Wagon 2nd and Nottie Appleby third.

Best Children's costume: Old Timer Couple (Norma and Jacqueline Hunter first; Old Time Fiddler second and Chinese cart third.

Best Decorated Car (non-commercial — Crown Leader first and Arnott Motors second.

Best Horse and Rider — Mabel Bros. first; Pat Wheldon second and the Lindners Ranch se third.

Other parade awards were presented to the United Church W. A., the two Indians (new and old) entered by Art Francis and Ronnie Jensen.

Immediately following the parade everyone gathered at the grounds where tribute was paid the districts oldtimers. Dr. Freeberry welcomed everyone on behalf of the town and Norman Glover, president of the Community League extended a warm welcome on behalf of that organization. Horace McHaffey, the Master of Ceremonies for the day then very ably recalled the olden days, interspacing remarks with humorous incidents from the days gone by. He also introduced the oldtimers who were on the grounds at that time.

Space and time this week will not permit a full coverage of the day so the ball results etc. will have to be carried over until next week.

## Tofield Sowers Back To Winning Ways

In League play last Sunday here at the local diamond the Mr. team continued its winning ways taking both ends of a double header by scores of 7-5 and 7-3. This Sunday they play host to the team that presently holds down second place in the league standings, the Edmonton City Police. Game times are 1:30 and 3:30. This should be two of the best games to be seen here this year.

The Tofield Jr. team took part in the tournament in St. Paul and dropped out in the 1st. game by losing to the powerful hitting club from Fort Saskatchewan.

## Medical Missionary Revisits Old Home

Dr. and Mrs. Fred S. Brenneman and their four children are visiting in the Tofield district for a few days. Dr. Brenneman is a son of Jacob Brenneman who farmed south west of Tofield for many years. Dr. Brenneman left Tofield in 1913 and has only been back a few times since. He has been serving as a missionary in Tanganika, East Africa for a number of years.

On route home from East Africa he visited India, Australia, New Zealand, and a number of Islands of the South Pacific.

He will be one of the leading speakers at the forthcoming conference at the Salem Mennonite Church scheduled for next week.

Dr. and Mrs. Brenneman will spend the summer touring in the United Sates and Canada and are not just sure where they will be settling down.

## LAKESHORE - McKENZIE LOCAL NEWS

Congratulations to Allen Wagner who was the winner of the hundred dollars on the Community League draw last Saturday night.

* * *

Congratulations also go to the newlyweds, Allan and Alma Fergusson, whose wedding took place last Saturday, June 27th at the United United Church, Allan is the eldest son of Lionel and Emma Ferguson of Tofield and Alma is the daughter of Mr. and Mrs Vic of Devitte. A wedding reception was held in the United Church hall where some fifty or more guests were served by the Lakeshore W. A. A dance was held later Saturday evening in the North Cook, Bar Lake hall where quite a number of friends and relatives all helped the young couple celebrate the happy occasion. We all wish them a long and happy life.

* * *

Mrs. Hobbs returned home from the Tofield hospital on Saturday afternoon.

* * *

Mrs. Esther Mainker and Mrs. Emily Noberges of Edmonton were dinner guests of Emily's sister Mrs. Mabel Bailey in Tofield on Thursday. After dinner Esther, Emily and Mabel drove out to visit Esther's sister Maggie Abernethy where they were joined by Mary and Ethel Wood and all enjoyed a pleasant visit

Dodo and Robert Goodnutt and children Jackie and Judy of Drayton Valley arrived Friday night to spend 2 weeks holidays on their farm here.

* * *

Roy and Nola Herbert of Edmonton were Sunday forenoon callers at the home of John and Mary Wood.

* * *

Dave and Alice Shank and family of Bentley were week end visitors at the home of Dave's uncle Herb and Mary McAdoo.

* * *

Sunday visitors and dinner guests at the home of John and Mary Wood were their two daughters and families, Lavern and Jim Frances and children of Viking and Dode and Robert Goodnutt and Jackie and Judy.

* * *

Mel Wood and daughter Marjorie accompanied Harold and Margaret Wentworth and son Laurie and Mrs. Roberta Bales on the Hereford Tour in the Vermilion and St. Paul areas on Saturday. The Tour started at Vermilion and ended in the St. Paul area.

* * *

Ollie and Verlyn Moss and son Bobby also took in the Hereford Tour on Saturday staying overnight at Moss Lake where they did some fishing returning home Sunday. They report a very enjoyable time.

* * *

Elmer and Vi Goughcia were Sunday visitors and supper guests at the home of Vi's sister Lil and Don Ball in Edmonton.

Eric and Katherine Edwards were Sunday dinner guests at the home of Katherine's sister Mary and Herb Madden.

* * *

Monday afternoon visitors and guests at the home of Mel and Ethel Wood were Mrs. Davison and Edith and Mrs. Ellen Beard of Tofield, and Mr. and Mrs. Wesley Ingram of Victoria, B.C.

* * *

Mr. Jim Hannan of Calgary, former resident of Tofield cal, led at the Mel and John Wood farms on Tuesday afternoon.

* * *

Lenny Eaton and Shirley Roper spent Sunday at Lacey with Shirley's folks.

* * *

Florence Eagleham spent Sunday with Mrs. Eaton, then later in the evening her mother Mrs. Marie Eagleham and Matthew came over for a short visit and took Florence home with them.

* * *

Mrs. Marie Eagleham, Shirley Roper and Mrs. Ellen Eaton were Edmonton visitors on Monday.

* * *

Week end visitors at the home of Lionel and Emma Ferguson were their two daughters Betty Ferguson, nurse-in-training at the Royal Alex. Hospital and Audrey and Harold Kindley and two children, Richard and Judy all of Edmonton.

* * *

June has ended after being quite cool but the last week has been stowery after a good rain last week which has certainly helped the crops and gardens. We need more warmth especially in the evenings but not the scorching heat that some parts are having so let us be thankful for what we are enjoying in our districts and hope we can time to have good growing weather without hail and severe storms.

CATECHISM CLASSES TO BE HELD

On Monday, 6th July, at 9:30 a.m. catechism classes will be held at St. Mary's Church, at Bruce Alta., for the school children of the parish. Classes will also be held at St. Gregory's Church, Holden, Alta., beginning week of July 13th at 9:30 a.m. The Parish Priest and Assistant will be the teachers.

Two Ukraine sisters will also be teaching at St. John's Ukranyn Greek Orthodox Catholic Church at Ryley, beginning the week of 6th July at 9:30 a.m.

The parents are kindly requested to see that their children are present at their respective Church for these instructions.

## ROYAL VISIT GREETERS ARE COOL

The crown may be a symbol of Commonwealth unity but it wasn't enough to heal the feud between Prime Minister Diefenbaker, right, and Premier Joseph Smallwood of Newfoundland, the two met for the first time in nine months at Torbay airport as they awaited the arrival of Queen Elizabeth and Prince Philip. Mr. Smallwood was cheerful but Mr. Diefenbaker was short and cool. The prime minister arrived on his trip as he'd spend a minimum of time at the airport and then in Newfoundland crowds. Cause of the feud was the Newfoundland loggers' strike and Mr. Smallwood saying he believed the province was getting a raw deal at the hands of the federal government.

# Agricultural Service Board meet has lengthy agenda

Regular meeting of the Agricultural Service Board of the County of Beaver No. 9, held in the Council Chamber, Ryley, on June 18, 1959.

The meeting was called to order by the Chairman, Mr. Woolhcrft, at 1:40 p.m., with the following member present: Cr. Gibson, Mr. A. C. Swierchke, Mr. J. N. Reddick, Mr. Ray Boyles, Field Supervisor, was also present.

The Chairman now called for the reading of the minutes of the last meeting, held on April 9th.

Moved by Mr. Reddick that the minutes of the last meeting be adopted as read. Carried.

Cr. Gibson, asked about the sale of shares in the proposed seed cleaning plant. He was advised by Mr. Boyles that the sale of shares amounted to about $9,000.00 according to a member of the Board of the plant.

Mr. Boyles advised about the dormant brush spraying demonstration. He said that where the recommended rate of 10 gallons of diesel fuel per acre was used, the results were poor, but where double this amount was used the results appeared to be about 70 per cent kill. He felt that the cost of this type of spraying was too high to be practical.

Mr. Cusnuch arrived at 2:00 p.m.

The Secretary read a letter from Dr. Dill and Dr. Campbell, Dr. Saint of the Health of Animals Division of the Federal Department of Agriculture regarding the testing of cattle for TB. They stated that there would not be further test made in this district until the whole Province had been tested. They did not know when this would be.

The Secretary read a directive from the Veterinary Services Department of the Department of Agriculture outlining the Brucellosis regulations.

A letter was read from the Field Crops Branch regarding a small sprayer for spraying small patches of weeds or for seeding grass. This sprayer holds one hundred pounds of grass seed. It was felt this sprayer was too small to be of much value.

A letter was read from the Field Crops Branch regarding the methods used to control soil drifting.

Moved by Mr. A. C. Swierchke that this correspondence be received and filed.

Mr. Cusnuh advised that some assistance could be gotten from the Department of Agriculture in the way of grass seed where soil drifting is a problem. Any one with this problem should contact him.

Ray Boyles said that he should have another portable sprayer for spraying small patches of weeds. When he and an assistant are doing their weed inspection they spray small patches of the noxious weeds.

A car of a P.C.R. Spreader was shown to the Board. This spreader sells for $13.00 and holds 25 pounds.

Moved by Mr. Gibson that we recommend to the Council that this machine be purchased.

There was some discussion regarding the value of placing No Seeding orders on weed infested land. Ray Boyles advised that where these orders were followed up most of the farmers were doing a better job of weed control. He felt that to do a thorough job of weed inspection it would be necessary year.

Moved by Mr. Reddick that we recommend to the Council that an assistant inspector be hired at the rate of $1.25 per hour and 10 cents per mile.

* *

FIELD SUPERVISOR'S REPORT June 15, 1959

Bangs' vaccination was completed by May this year. Dr. Robertson covered the whole area and vaccinated 655 calves. Late applications made a second round of 17 calls necessary and added expense and mileage to the campaign.

Roadside seeding was completed in the early part of May. Eighty-five miles of road were sown to a mixture of Brome, Fiorin, Timothy and Alsike.

The truck-mounted seeder did a much better job this year

Six farmers used the tree-planter this year. Checks on tree-planting indicate that control trees are doing well, while cuttings have suffered from dry weather. Farmers are requested to apply for trees early, especially if they expect to get rooted poplar for bent-grass.

Considerable time was spent on brush-spraying surveys and getting spraying equipment ready. Brush spraying was commenced on June 1st. The results of the dormant brush spraying experiments are not encouraging. Weed control work this past two months has been mostly treating and checking poisoned areas previously and demonstrating the use of new chemicals.

The total amount of poison pellets have been released this past two months.

Two demonstrations of pocket gopher poisoning were put out. Results were good where poisoning was done early.

Reports of insect pests in shelter belts have increased this year and several calls were made to identify these pests. Three specimens were sent to the Department of Agriculture for identification.

Gopher farm calls were mostly weed control. Bangs' evasion and pest control.

During the summer months I will be at the office till 10:00 a.m. to assist anyone with Service Board work and receive calls.

The office phone is 64 Ryley, and residence phone 78 Tofield.

Roy Boyles
Field Supervisor

Moved by Mr. Swierchke that the Field Supervisor's report be accepted and incorporated into the minutes of this meeting.

There was some discussion regarding pests on shelter belts. Mr. Cusnuh advised that the chemical Malathion should be used to spray the trees. He realized that getting the equipment to do this may be a problem. He also said that it is difficult to get this chemical in the proper strength. Moved by Mr. Cusnuh that the County procure Malathion for resale as required.

Mr. Cusnuh advised that a sewage disposal demonstration would be held on June 29th at the farm of Mr. Andrew Erickson near Bruce.

There was some discussion on the value of spraying weeds in pasture. Mr. Cusnuh said that where this has been tried it has been quite successful. It was felt that as a considerable amount of pasture land is being badly infested with weeds, that a demonstration of this nature would be of value. Moved by Mr. Swierchke that Mr. Boyles and Mr. Cusnuh make a demonstration of pasture spraying on a place they choose.

Moved by Mr. Cusnuh that a tour be made of the County members of the Board in place of the next regular meeting; this tour to take two days, July 29th and 30th, commencing from the County of Beaver No. 9 office at 9:00 a.m., and that Mr. Lobay of the Field Crops Branch be notified.

Moved by Mr. Reddick that the meeting adjourn (3:40 p.m.

## Hugo Heileson Family Feted Before Leaving

In addition to the party for Mr. Heileson last Saturday, three other parties for the family were held recently.

Mr. and Mrs. S. Munkedall entertained Mr. and Mrs. Heileson and daughter Rosalie and son Alan at their farm home north of Ryley at a lawn party last Sunday afternoon, when approximately fifty guests attended the party. The afternoon was spent in music, games and chitchat. A delicious luncheon was served with all the trimmings.

Mr. A Beach of Kingman presented Mr. and Mrs. Heileson with an electric frying pan on behalf of those present and others. Mrs. George Felce entertained at her home for Mrs. Heileson the other Friday afternoon. A number of friends and neighbours met to bid Mrs. Heileson farewell and shower her with lovely handkerchiefs. A dainty afternoon tea was served.

Last Saturday evening a number of schoolmates met on the spacious lawn of Mr. and Mrs. W. Ruddy for a weiner roast as a farewell gesture to Rosalie and Alan Heileson, who are leaving Ryley this week to make their home at Killam.

Mrs. T. Bendikson entertained at her home last Saturday afternoon in honour of Mrs. Hugo Heileson. Serving with Mrs. Bendikson were Mrs. S. Johnson, Mrs. T. Anesbo, Mrs. P. Wiens, and Mrs. J. Hranko. About 25 ladies were present. Afternoon tea was served, and chitchat was enjoyed. On behalf of those present Mrs. W. Ruddy presented Mrs. Heileson with a beautiful canister set in bronze.

Mr. and Mrs. Hugo Heileson have made their home in Ryley for about eighteen years. They have a teen age daughter and son, Rosalie and Alan. Mr. Heileson is a well-known building contractor. Business has now taken him to Killam where he has built his family a new podunk home. Their home here has been sold and is being occupied by the new Treasury Branch manager, Mr. Fisk. Friends and business associates at Ryley will miss the Heileson family and wish them every success in their new home and surroundings.

## Chest X-rav Unit Coming to Ryley

Sponsored locally by the Ladies' Auxiliary to the Canadian Legion the Mobile Chest X_ray Unit will visit Ryley and District in the near future.

The cost of staffing and operating the Mobile X-ray Units is borne equally by the Provincial Government and the Alberta Tuberculosis Association. The X-ray equipment and vehicle are supplied to the Government by the Alberta Tuberculosis Association out of the proceeds from the sale of Christmas Seals.

Mr. C. B. Pugh, Director of X-ray Surveys, Alberta Tuberculosis Association, is in the district making preliminary arrangements for the Mass Chest X-ray Survey. A house-to-house canvass will be conducted to register every family in Ryley and community. All persons four years of age and up will be included in this registration.

In charge of the program are: Mrs. W. Steward, General chairman; Mrs. Ray Sellhus, Advance Registration Chairman; Mrs. H. Vergette, Clinic Appointment Chairman; Mrs. K. Anderson, Publicity Chairman; Mrs. J. Anderson, Volunteer Help Chairman.

The area to be covered in the survey will be the area as covered by the Ryley School vans.

You can safeguard yourself and your family by participating in the Community Survey. Do not fail to attend the clinic. Time and location of the Unit in the district will be announced as soon as the pre-registration of each family is completed.

## GIRL GUIDE, 12, FOUND MURDERED

Lynne Harper, 12, Clinton, Ont., schoolgirl was found murdered near this RCAF station. A 14-year-old boy is being held in connection with the murder. Because he is a juvenile the boy has not been identified. Lynne, a Girl Guide leader left her home to attend a ball game and was last seen thumbing a ride on the highway. An autopsy confirmed that she had been beaten, raped and strangled with her own blouse. She is the daughter of an air force couple stationed at Clinton. Attorney General A. Kaino Roberts has offered a reward of $10,000 for vesation leading to the arrest of the killer.

## THE Homemakers

Patricia Macnish District

Home Economist, Vegreville

Alberta Wheat Pool Scholarships

Each year the Alberta Wheat Pool make available three scholarships, a value of $250.00 each to a member of the Girls' Garden Clubs who is entered in Home Economics at the University of Alberta. One scholarship is available to a person in each of the three years. If anyone is interested please let us know and we would be pleased to provide you with the details.

FARM WOMENS' WEEK

July 27th, 31st, is Farm Womens' week at the Vermilion School of Agriculture and Home Economics. The program includes lectures and demonstrations in practical Home Economics topics as well as topics of general interest such as home decor, education, health, etc. Provision is also made for recreation and relaxation from the routine of home duties.

Accomodation is provided in the school dormitory at a rate of $4.00 per day for room and board. No charge is made for children under six years of age. For children six to twelve years of age a charge of $2.50 per day is made. There are no other fees charged. Supervision of the children during these hours will be given but mothers who must bring small children or babies with them.

If you are within daily driving distance you are welcome to attend for one or more days. Organizations may wish to arrange for the whole group to attend for a day.

So why not make the week of July 27th., your vacation, week? Leave your worries at home and enjoy yourself while making new friends and learning new helpful hints. Application forms and a copy of the detailed program are available from this office. Apply now — registration is limited to one hundred.

WHAT'S NEW?

Parkas and outdoor sweaters for the coming fall and winter are featuring traditional Eskimo designs such as embroidery and long hair fur trims. The Eskimo word for parka "Kule-tuk", has been used by manufacturers to describe their new line of styling. The secret is in the cut. The garment carries inward at the top and back of the hood to emulate that the hood wears. The decorative embroidery can be put in the class of "good design" as it follows the cuff of the sleeve and the hem of the parka, and it is geometric in line.

Our clothing specialist writes us of two new types of pellon available in Edmonton. The new bicotype pellon, termed Multi-Directional and the light-light weight or bronze weight pellon can be purchased in 72" widths and sells for $1.19 a yard.

Just another reminder about Farm Boys' and Girls' Camp July 26th. — 29th., inclusive. Application forms are available from the District Agriculturist or from my office. The deadline, again, is July 10th., which is not too far away.

ALBERTA'S Rural Electrification goes forward
FULL POWER AHEAD

Rural power lines
now carry better farming
— and better living
— to more than 72 per cent
of all Alberta farms.
Where power goes . . . farm profit grows.
Power on the farm boosts its market value by more than the cost of the service installation. For power is the "speed boost" that sets a new high in farm efficiency. And power in the farm home means an unequalled standard of 20th century living!
Little wonder that rural electrification is spreading and increasing speed. At the start of 1959 no less than 72 per cent of Alberta's farms were being served with low cost power through line.
To keep the power flow coming, Calgary Power Ltd. launches new and a half thousand miles of main transmission line, plus three thousand miles of distribution lines to supply farmer-owned REA services. Calgary Power's overall facilities represent a multi-million dollar investment.
We're going forward . . . FULL POWER AHEAD!
The power transmission ...es ... ...algary Power Ltd. were serving almost 23,000 farms at January 1st, 1959 — an increase of 39,000 to 10 years.

## Rev. and Mrs. Beckstead take up duties at Castor

June 28th was Rev. Wm. Beckstead's last Sunday in the Holden-Ryley-Bruce charge before taking up pastoral duties at Castor, Alberta.

Mr. Beckstead was ordained as a minister of the United Church of Canada at Convocation of the University of Alberta in May. Coming from the Presbyterian Church at Wainwright in 1953, Rev. Beckstead has served in the Holden-Ryley-Bruce charge as a student minister for the past six years. During that time he and Mrs. Beckstead have made many friends who are, in some ways, sorry to see them leave, but wish both them and their family of 4 two small children every happiness in their new field of endeavor at Castor.

Last Sunday morning at Ryley, Rev. Beckstead administered the sacrament of Holy Communion, and his farewell sermon was based on "The Last Supper."

At the close of the service Mr. J. L. Hay, veteran member of the Church and for 50 years Sunday School superintendent, extended farewell message of good wishes for the Ryley congregation. During the picale lunch in the church grounds following the service, Mr. T. Graftaas, chairman of the Church Board, presented Rev. and Mrs. Beckstead with a gift from the various organizations of Calvin United Church, Ryley.

# GREEN ACRES

(By W. A. Chomik, D. A.)

CHALLENGING "HARD PAN"

The Soil Research Station located one mile east of Vegreville on highway 16 is making a study of how to properly handle "hardpan" or Solonetz soils. A group of farmers from the Ryley and Viking districts recently visited the Station to discover that some fertilizing experiments are being conducted. The aim of these experiments is to determine proper methods of handling these soils to make them more productive. The first obstacle to overcome would seem to be to break up the hard subsoil layer (known as Bhorizon) to allow for better penetration of moisture and plant growth. Below the hardpan is valuable salts useful as plant food. The problem of fertility becomes more acute as the hardpan layer comes closer to the surface.

The group visiting the Station were shown the new soil laboratory; the forage plots; and the grain plots where various tillage and amendment treatments were conducted.

Although no findings have yet been established, the station appears well on its way to master the problem of how to handle hard-pan or crusty soils. Regarding the forage plots, the group noted with interest that Russian Wild rye, which has become so popular in recent months, seemed to establish itself quite well on the gumbo soil. It would appear as if its main purpose or use would be for pasture and not hay. In the grain plots commercial fertilizer appeared to be giving a good response to stands.

The Soil Research Station at Vegreville was established to help solve the many problems with Solonetz or "gumbo" soils. This County is effected by gumbo soils in a large extent and farmers living on such land should look forward to getting information from this station in the near future. Farmers of this area should be alert in what is being done at this station.

On July 15th there will be a public Field Day at the Soil Research Station and interested farmers from here should attend. Watch for further announcements regarding the Field Day at Vegreville.

### CHECK FOR WEEDS

Check your fields for weeds infestation. If spraying is needed, don't delay as in general the earlier the weeds are controlled the better the control. If you discover new weeds present, or ones you don't know by name, bring your Field Supervisor identify them and advise you on control methods. If you are uncertain about kinds, amounts etc. of chemical to use, contact your Field Supervisor or district Agriculturist. Or write to this office for Bulletin 85 entitled "Weed Control With Chemicals." Do not neglect fallows this summer by letting weeds go to seed.

Proper weed control is accomplished when you know the weed you are dealing with, type of cultural and chemical control to use, and timely operations carried out to effect this control.

### MINERALS FOR LIVESTOCK

Cattle on pasture need minerals. Salt and bonemeal are the two essential minerals required by cattle at all times, whether on pasture or dry feed. A good cattle mineral mixture is: 40 lbs. iodized salt, 40 lbs. bonemeal and 20 lbs. ground limestone. This to be fed free of charge to range cattle and dairy herds.

Hogs also should be fed iodized salt and ground limestone at all times. In case of hogs, bone meal is not essential if limestone is fed. Add one-half percent of each salt and ground limestone to the grain mixture or feed free of choice if the same is more convenient.

Remember, lack of minerals will affect growth, production and reproduction.

### ON HOLIDAYS

Your District Agriculturist will be on holidays from July 6th to July 20 th. The office will be closed in the two-week period and no "Green Acres" articles will be published till after that date.

Although no findings have yet been established, the station appears well on its way to master the problem of how to handle hard-pan or crusty soils. ### PROUD GOAT IS MOTHER OF QUADS

Betty, a six-year-old goat owned by Victor Ivanoff of Langdaff, Ont., is the proud mother of quads. She has mothered 16 kids in the past five years and gives three quarts of milk each day. Mr. Ivanoff says the milk is all used by his family.

## OF MANY THINGS

### ON MAKING HEADLINES

I read many papers. A few weeks ago I noticed that a Mr. P. M. Fox had made some an announcements which seemed to catch the eye of editors everywhere. Curious as to why this one man had garnered so much space I studied the news stories. Though I read quite carefully, I could find nothing in his statement that would have elicited any excitement whatever when I was a boy.

What had he said?

Well, he had boasted that his industry (Pulp and Paper) has never asked for a government handout, even in the thirties when about half the mills operated in bankruptcy. Further, he went on to blast our present-day tendency to ask for handouts and charity from the government, oh such it is inimitably apparent that the government cannot pay for anything without first taxing the money out of us.

Well there is nothing in that statement that my father would have thought newsworthy. It is just the simple truth. But we've drifted far down the path towards socialism that a straightforward statement of that kind makes the headlines from coast to coast!

I think most of us are tinged today, with the blandest complex. We want the government to give us things. But the government has nothing to give to me unless it first takes it from me or from somebody else by force.

I would be horrified is someone suggested that I steal from my neighbor, who happens to have about six times as much money as I have. But am I not stealing, just as surely, when I encourage the government to take his money in order to give it to me?

Governments have been so busy picking our pockets in order to practice charity for us that a whole army of civil servants now do nothing but give and take. Of course, they take more than they give, because their own wages come out of the get. The Ottawa government alone added 16,000 people to its payroll in 1958 — as many people as there are in the vast General Motors plant in Oshawa. Ottawa has 180,000 people on the public payroll, paid out of taxes. This doesn't include government agencies like CBC, where 6,000 employees spend millions annually to cover operating deficits.

Couldn't, we improve our country by asking governments to get back to the business of governing, instead of playing Robin Hood? Robin only robbed the very rich, more only to the poor. Modern governments give to everybody old enough to vote and make the widows and pensioners a special target for lip-allied robbery!

Maybe Mr. Fox deserves headlines after all, for bringing these facts to our attention!

## MINISTIK NEWS

MINISTIK — In spite of the coolness of the day the Community Picnic drew a fairly good crowd and everyone had a good time.

Mr. and Mrs. Wm. Waters and children and Mr. and Mrs. E. Kiba and Jimmie were Sunday visitors at the S. Rowland home.

Miss Joyce Stewart and Mr. Sieden Bowerman spent the week end at the Bowerman home.

Sunday visitors at the A. W. Holmes home were Mr. and Mrs. Jon Holmes and girls from Elnora.

Russell Wilson spent the week end with his family.

Keith Williams has gone to Grande Prairie for a week on a duck-count for Ducks Unlimited.

Mr. and Mrs. Shupe of Tofield spent Friday evening with Mr. and Mrs. S. George.

Mr. and Mrs. George Lawrence and family, Mert McCrea and his brother and Phil Emblem of Edmonton were visitors at the Bewley home on Sunday.

Mr. and Mrs. A. McLean and son, of Edmonton visited with Mr. and Mrs. W. C. Barnes on Sunday afternoon.

Mr. and Mrs. Floyd M. Baker visited with Mr. and Mrs. S. George Saturday afternoon.

Barbara and Albert Horricks and boy had Betty's mother, Mrs. Gilbert visiting with them recently.

Well, by the time this is printed there will be a lot of happy and carefree teachers and youngsters. We hope they all enjoy their holidays to the fullest measure. Have fun and be careful.

Miss Arlene Stokkan visited at the D. E. George's on Monday. She is on a months vacation from training at the Royal Alex.

—M—

## Bardo and District

BARDO — The services on Sunday morning will be at 10 o'clock. Tape recording by pastor Hansen. There will be no Sunday school during the holidays.

The W. M. P. met at the home of Mr. and Mrs. Emil Rode on Thursday afternoon with 13 members and 2 visitors present.

The program was as follows: Hymn, Love Divine all Love Excelling. Devotion, Mabel Johnson, Eph. 4 1-24; Hymn, Open Mine Eyes; Bible Study, conducted by Hilady Severson.

Bugsie Rode gave her report from the Circuit Convention held in Trochilcon recently. She was also elected as a delegate to the Canada district convention in Morse Jaw July 7 to 9.

Olive Foshaug, Cradle Roll Secretary gave a reading on that department. Offering was taken. Closed by singing Gracious Spirit Love Divine.

Hostesses: Bernice Hetberg and Mary Finseth.

Mr. and Mrs. Cliff Anderson and family and Mrs. Anne Anderson, visited at the home of Mr. and Mrs. Dennis Finseth on Monday evening and helped Brenda celebrate her birthday.

Mrs. Ragna Helberg returned home from her trip to New York on Wednesday. She reports an enjoyable trip but is glad to be back in Alberta.

Mr. and Mrs. Albert Houbedal returned on Monday after a trip to Montana U. S. A.

Ryley played ball with Bardo on Monday evening and won the game by a score of 8-6.

Mr. and Mrs. Holmer Johnson and Winston Wally of La Glace are visitors in the district. Holmer also attended the ball game in Leamist and they will be here for the first of July.

Quite a few from here attended the Silver Wedding Anni. versary of Mr. and Mrs. Ingvald Nese in Kinsman on Sunday afternoon.

Mrs. Arnold Johnson and family visited at the home of Mr. and Mrs. Leif Foshaug on Sunday afternoon.

Mr. and Mrs. Bob Hunter came out to the O. Stokkan home on Wednesday. It was Arlene and Marlene's birthday and the following helped them celebrate. Mr. and Mrs. Mikal Erickson and Linda, Mrs. Lorimer Hunter, Mr. and Mrs. Harold Schmits and family and Mr. and Mrs. Ivan Foshaug and Diane.

Mrs. Marie Hougen visited at the home of Mr. and Mrs. Stokkan on Saturday.

Maynard Stinson and Merlin Rode were guests of grade 8 and 9 at a weiner roast at Round Hill on Saturday evening.

Mr. and Mrs. Leroy Finseth and boys were afternoon coffee guests of Mr. and Mrs. Charles Rode and in the evening Mr. and Mrs. Dennis Finseth visited at Leroy's.

Diane Foshaug is employed as bookkeeper at John's Radio and T.V. in Tofield.

CANADIAN SAILORS ABOARD ROYAL YACHT BRITANNIA

At Portsmouth, England are six Canadians who have the honor of being among the crew members of the royal yacht Britannia which will carry the Queen and Prince Philip on much of their tour of Canada. The tars have a great sight awaiting them when the Britannia reaches Tuktoyaktuk, Oct. Some 1,000 yachts will ride anchor in the bay. The boys from left are: A.B. James W. Parker of St. Thomas, Ont.; L.S. Ronald S. Richardson of Lennoxville, Que.; L.S. Ronald Hiebert of Welland, Ont.; A.B. Fredericton Vanderveen of Victoria, B.C.; P.O. Robert Bigelow of Toronto, Ont. and A.B. Malcolm McConaghy of Prince George and Victoria, B.C.

Mr. and Mrs. Art Foss and boys were dinner and supper guests at Eldon Moens. The Howard Burnstad family from Round Hill were also supper guests. The occasion was Ruby's birthday.

Friday evening visitors at Le. roy Finseth's were Mr. and Mrs. Lester Severson and David.

Mr. and Mrs. Lars Rode, Monica and Anita were at the Vernon Rode home for dinner Sunday.

Mrs. Anne Anderson and Philip and David and Carol Anne Francis helped Roger celebrate his 4th birthday at the Clifford Anderson home on Thursday.

Mr. and Mrs. Hans Hankstad and Simon of La Glace visited at the home of Mrs. Petra Stauffer and Mr. and Mrs. Leonard Stauffer this week.

Leonard Stauffer and Kenny and Jack Lerbekmo had good luck fishing at Mann Lake on Saturday.

The W. C. T. U. will meet at the home of Mr. and Mrs. Cliff Anderson on Wednesday, July 8.

## KINGMAN NEWS

KINGMAN — Mrs. Melvin Rains home from Grande Prairie last Saturday where she had been visiting with her two daughters and son for a month.

Mr. and Mrs. Ach Bertie and David and Gertrude Asp returned home from their holidays last Thursday.

Mrs. T. Gibson and Mrs. George Lee are away at the coast for a holiday.

A large crowd gathered at the hall last Sunday afternoon for the Silver Wedding of Mr. and Mrs. Ingvald Nese.

Mr. and Mrs. Mike Holte of Grande Prairie spent the week end at the home of Mike's parents. Mr. and Mrs. J. Holte.

Mr. and Mrs. Merryn Ness of Edmonton were at his parents home last week and They came to attend the Silver Wedding.

Mrs. Reynold Erickson of Camrose visited with Mrs. Wick last Sunday.

Mrs. Herta and Ronald of Edmonton and Vernon Holte and family of Calgary were in Kingsmal on Sunday.

The Salem Mennonite Church near Tofield invites you to attend Alta-Sask Mennonite Conference

Youth Meeting ..... July 4, evening
Sunday School Conference ..... July 5 all day
Missionary Conference ..... July 6 all day
Church Conference ..... July 7 all day
mornings 9:30 a.m. afternoon at 1:30 p.m.
evenings at 7:00 p.m.

All evening lectures on "The Church Apostolic" will be given by J. D. Graber, Elkhart, Indiana
Several foreign missionaries will be present

All are welcome

## Garden Graph

By DEAN HALLIDAY

PEONIES IMPROVE FROM YEAR TO YEAR

The peony is one of the oldest of garden flowers. They were good favorites in Greece over 2,000 years ago. Early records indicate that the roots were used, not for food, but for medicinal purposes. Today's peonies are grown for the beauty of their flowers.

Although peonies bloom only for a comparatively short time each year, their foliage is attractive from spring until frost time. For this reason do not neglect them when fall cleaning.

In order to conserve the energy of peony plants for next year's flowering, cut off all the flowers as soon as they fade, but do not cut it off at the end of the stalk are shown in the accompanying Garden Graph.

It is also good gardening to cut off any late buds which may develop. These late buds are usually false ones.

Conserve your foliage! It is a mistake to cut back the foliage in the evening, for by morning the plant has had little opportunity to manufacture food for next year's flowers. Keep up strength for next year's flowers. Keep up strength for next year's flowers. Keep up strength for next year's flowers. Keep up strength for next year's flowers.

Commercial growers of peonies have found that a spray of 2,4-D will kill weeds in the lawn but not peonies.

Since peonies are plants of permanence, they should have a permanent location. Do not plant too deep or too shallow. Set the eyes (buds) not more than two inches below the surface of the soil. Set peonies where they will receive plenty of sunlight.

Fertilize your peonies in the fall with a complete fertilizer. Use 5-10-5 at the rate of 5 pounds per 100 square feet. Work it into the soil and root zone of the plant. Avoid getting fertilizer on the foliage of plant for it may cause injury.

Peonies are not overfussy about soil but they do like a rich soil. Add plenty of humus (peat moss, rotted manure, leaf mold, etc.) to the soil each year. This stimulates root growth and helps to keep them growing luxuriantly year after year.

## Credit unions increase in face of recession

Canada's credit unions increased in number by 5.4 per cent during 1958 despite the recession which touched the Canadian economy, the Credit Union National Association reported from Hamilton.

There were 4538 credit unions in the country at the end of 1958 compared with 4305 at the close of 1957.

Membership and assets climbed at an even faster pace. Almost 15 per cent of Canada's population now is listed among credit union members. Last year the increase in membership reached 11.1 per cent to bring the year end total to 2,- 253,671.

CUNA said Canada now has the highest percentage of credit union membership in the world.

Assets of credit unions stood at $1,010,248,872 at the year-end a 21.7 per cent rise from the same period of 1957. Members share savings rose 21.8 per cent to a new record of $843,378,370. Loans made to members totalled $669,918,658, up 21.2 per cent.

Quebec, with 1,194,322 credit union members 25.6 per cent of its total population, leads in membership. Next is New Brunswick with 76,142 members, 14 per cent of the province's population. Ontario has 166,782 credit union members, 11 per cent of the population. British Columbia has 105,686 or 13 per cent and Saskatchewan has 101,000 or 11.5 per cent.

Average savings per member in 1958 were $360.

Robert Ingram, Canadian Manager for CUNA, predicted an even greater growth for credit unions in 1959, on the basis of preliminary reports for 1959.

"Civil Defence and National Defence are the opposite sides of the same coin: national survival."

## Fashions

A playsuit with a matching overskirt is a good piece of wardrobe equipment for summer fun by the sea—or in the backyard, for that matter. This one is dashing in black and white. The one-piece playsuit has an elasticized waist and a shallow, scoop neck. The skirt is made up of unpressed box pleats, the stripes in horizontal array at the bottom give the effect of a broad hem.

## ROSS CREEK NEWS

ROSS CREEK — Congratulations to Mr. and Mrs. Billy Hinkow on their new arrival in the family.

Mrs. Violet Bailey, Mrs. Alice Causey, Mrs. Dale Westrand and Mrs. Gertie Perrel had teas this last month. Imobel Hallberg had been delayed due to the bad roads and Bessie Pederson got ready two weeks following for one but due to a big paint job to do will have to try her luck again on July 5th — three teas and out eh?

Mrs. Vern Pearson has had her youngest sister staying with her and going to school the past while.

Overnight visitors of last week at the Alvin Hauer home were Alvin's cousin Aunnet, Cathy and family from B. C.

We would like to say a big Hi to Wyman Odlorne at the Archer Memorial hospital — hope you're keeping your spirits up, Wyman, and will soon have those casts off and be up and around real soon again.

Hi! to Mr. Ellen Eaton. Sorry to hear you have been hospitalized again and hope you're better at this time.

Edith Harvey Hauer has been in the Archer Memorial Hospital for the last few days.

Gerald Schacher of Edmonton is out holidaying with his sister Mrs. Mabel Hauer.

Mr. and Mrs. Earl Brown of Pickardville called at the Hauer home Sunday, having supper.

Mr. and Mrs. Bobo Wiemes had a large turnout to their sale Saturday, with the weather cooperating for us. We wish the Warnes a happy move to their future home.

Mr. and Mrs. Charles Niemetz took Pixy to Vegreville Thurs., for a shearer's visit. Don't look back, Pixy, with your driving eh.

Mr. and Mrs. Max Schacher & family motored with Mac's folks in the city Saturday.

The Bill McLachlans of Edmonton visited relatives in the district on Sunday.

Mrs. Carter and Sheila spent Sunday afternoon with her daughter and family. Mrs. Al in Honey.

Mr. and Mrs. Jos Mostvik and family motored to Lavoy, visiting relatives on Sunday.

Hi! to Mrs. Annie Korman, now taking a course at the Vocational school in Edmonton. We miss you, Annie, and best of luck! Hope you're feeling better now, Erika!

Mr. and Mrs. Bernie Schacher, are off on a week-end-over trip. We wish you a safe and a happy holiday, Bernie and Mo. Mr. Theel on Harrison and Olga are coming out to the farm from Edmonton to take care of the chores.

Mrs. Beatrice Perrel had her sister Dorothy Lappenbush visiting on Sunday.

The Arthur Ferrels called on Gertie and Jack after the church service on Sunday.

Sorry to hear Mrs. Lily Malcolm is not too good. We know she is one person with lots of get up-per and we can just hope for all the best.

We had a lovely turn out to the last evening church service as Mr. Moote gave us holidays in July. Rev. Moote is pleased with the congregation in the ev., ening and hopes we can arrange to have further evening services. We had Sash pict-ures to-day as promised and hope they will turn out successfully.

There are a few going to Elk Island Camp this year. It certainly is a good training for young folks.

Sunday afternoon, Eddie and Olga Herchik and children visited Bessie and Kenneth Pederson — supper guests Doris and Hans Kasbaluk and Robert, Freda and Robin Olson.

Sunday evening, Bessie Pederson called on Mabel Hauer after Church, herding ten with her.

Johnny.

Mrs. Herman Sand returned to the city on Tuesday morning for further medical care. She is a guest at the Lloyd and Alice Berg home.

Church servie will be held on June 28 at 8 p.m.

The Annual Sunday School picnic was held on Sunday at the Theis Sports ground. All enjoyed a picnic dinner but the afternoon activities were spoiled by the rain.

## Amisk Creek News

AMISK CREEK — Mrs. Hans Hillerud was hostess to the Amisk Creek W. M. F. on Wednesday, June 18. No monthly will be held in July. A large number of visitors attended the which we were very grateful.

Mr. and Mrs. Marvin Moon and boys and Mr. and Mrs. Elmer Sand and family attended the Jay-Walkers Jamboree in Camrose on Friday evening. Mr. and Mrs. Marvin Moon were one-day guests who Mr. and Mrs. Ted Gerwin and Mr. and Mr. Sand were radio guests at the Jack Murray home.

Mr. and Mrs. Hans Hillerud and Mr. and Mrs. Glenn Hillerud attended the Wainwright Stampede on Saturday.

Several families from this district attended church services in Ryley last Sunday. Graduation Exercise for the Sunday School kindergarten class was conducted by Mrs. Kay Hillerud and Mrs. Elaine Magnuson. Seven children graduated and each was presented with a new Testament. Those from this district graduating were. Errol Moon, David Patterson and Louis Sand.

Sorry that Johnny Patterson is confined to his home with scarlet fever. Get well soon.

# TOFIELD MERCURY

A WEEKLY PAPER SERVING TOFIELD RYLEY LINDBROOK CHIPMAN COOKING LAKE KINGMAN

Vol. 7 — No. 39 TOFIELD MERCURY, TOFIELD, ALBERTA Thursday, July 9, 1959

QUEEN AND PRESIDENT OFFICIALLY OPEN THE SEAWAY

To the cheers of hundreds of thousands, Queen Elizabeth and President Eisenhower officially opened the St. Lawrence Seaway. It was the first time a British monarch and a United States president have been on Canadian soil at the same time. It was a great moment for Canada when the royal couple and President and Mrs. Eisenhower met at St. Hubert, Quebec. After greeting the president, Her Majesty described the seaway as "a combined operation that ranks as one of the outstanding engineering accomplishments of modern times." Prime Minister Diefenbaker and Mrs. Diefenbaker are shown behind the royal couple.

# July 1st Celebration rated as best ever held in Tofield

Tofield's gala celebrations on Wednesday, July 1st was one that isn't likely to be forgotten in another 10 years. With the weather, committee's cooperation, approximately 1500 people turned out in the sunshine to celebrate Canada's 92nd birthday and Tofield's Golden Jubilee. Horses and autos were decked with flags and streamers and streets were lined with trees to give the town a festive air for the big day.

The sidewalks along Main Street were crowded with local citizens and visitors who watched the 45 unit parade list for the day away to a grand start. Taking part in the parade were a number of pioneers who came home to help Tofield celebrate its birthday.

The parade wound up at the Sports Grounds where the spectators had gathered to hear tributes paid to the pioneers and "their faithful."

As they looked on, Horace McHeffey stood before, 75 neat, old timers, some from as far away as Vancouver and Washington, and talked about "them old home town."

The Holding band and high kicking majorettes in white and trimmed costumes, Tofield Band, and a score of Finale units of which captured a number of prizes were drawn up before the judges stand to help Tofield celebrate its birthday.

The parade wound up at the Sports Grounds where the spectators had gathered to hear tributes paid to the pioneers and "their faithful."

As they looked on, Horace McHeffey stood before, 75 neat, old timers, some from as far away as Vancouver and Washington, and talked about "them old home town."

The Holding band and high kicking majorettes in white and trimmed costumes, Tofield Band, and a score of Finale units of which captured a number of prizes were drawn up before the judges stand to help Tofield celebrate its birthday.

Dr. W. H. Fensley, the mayor said before the circle to open the record celebration, "Their fortitude," said he, "must serve as an example to those of us who follow."

Then Horace McHeffey began to reminisce. He said how the town was formed in 1907 and named after the late Dr. James H. Tofield. He told of the town's founding 10 years ago, and of its trials and triumphs since.

Horace remembered the other town celebrations: the bonfire on the hill at the end of the First Great War, V-E Day celebrations and the Alberta Golden Jubilee party).

He spoke about the twenties—"the big threshing outfits, the Edison gramophones, aerial radio sets, and the Model T's." Added Mr. McHeffey, "We had to make our own fun in those days."

This "old timer" knew the town would rise from the remains of two disastrous fires when "nothing was left but fire and ashes and rain."

Mrs. Edith Rogers, daughter of Dr. Tofield spoke on behalf of the oldtimers, she mentioned how proud her father would be if he could see the town as it is today.

The ceremonies over, the crowd visited the Quarter and Cutting horse demonstration by R. G. W. Golden Ranch of Daville. The afternoon was filled up with baseball games, softball games, children races etc. in addition there was the children's school exhibits, the Jubilee museum and the special tent for the old timers.

Following is a list of some of the old timers seen in Tofield on July 1st.

Mr. George House of Edmonton; Mr. and Mrs. Herbert W. Adams and daughter and son-in-law of Calgary Mr. John Morton of Edmonton Mr. and Mrs. Gerald Hooker and two sons Wayne and Ron of Edmonton; Mr. and Mrs. George McLaughlin of Edmonton; Dr. and Mrs. Frank Law of Edmonton;

Mr. and Mrs. Paul Thomas of Edmonton; Mr. Sherry Carter of Edmonton; Mrs. Thompson of Edmonton; Mrs. Gertie Chapman and Mrs. Percy Hammond of Edmonton; Wallace and Ray Herndon of Edmonton; Mr. and Mrs. B. Hartlinaks of Wash., U. S. A.; Rev. and Mrs. H. Ricker and son of Edmonton; Mrs. Ira Logan, Edmonton; Mr. Emery Phillips, Edmonton and many more old timers who still live in the district.

## Display of Relics

One of the big attractions at Log Fair Grounds on July 1st was the display of relics, costumes, pioneer and household items dating back to pioneer days.

The long hours that went into the assembling and tagging of each exhibit and preparing the Museum tent was the contribution of Conrad and Hazel Patterson.

For a couple of months before the First, the Patterson had been collecting and storing exhibits and planning for demonstrations, and appreciation for their efforts was expressed by people throughout the tent to view the results of their work.

One exhibit was an actual working model, about four feet long, of the first threshing machine in that district, the Patterson's Beaver Lake Chief.

Another model handmade by Arnold Steen, was a working replica of an early steam engine.

Other exhibits in the booth included Indian relics and pioneer costumes, various old dishes, books etc.

The Tofield Curling Club exhibit was the one donated by the Tofield Exhibition of 1911 for the best rotor. The cup was won by Mr. Sirrell that year.

Much interest was attracted by Edith Pattison's demonstrations at the spinning wheel, and Doreen McHeffey dressed in authentic Indian costume, displaying his collection of Indian dress and mocasins.

Mr. Jim Francis in charge of the display of pictures, had collected and mounted a large number of pioneer photos and snapshots. Mr. Francis also put in a lot of time, preparing a map showing the original owners of the land in the district, and the present owners. Mr. Francis is now in charge of the map, but is hoped it will be displayed again during the year.

A silver collection was received at the Museum, and after expenses were deducted the balance was turned over to the Community League.

## Tofield holds pace in Northern Alberta . . Baseball League .

Tofield kept up its torrid pace in the Northern Alberta Baseball League north division, chase Sunday by cutting down City Police 4-0 and 3-2 on the Tofield diamond.

It was Tofield's 14th and 15th victories of the season against a single setback, that one at the hands of St. Joe two weeks ago.

Lefty Bellor and Ed Williams were the winners for Tofield Dale Barrow and Jerry Seaman were the losers.

Al Rork paced the batters with a homer and a double for 4 rbi's in the opener and a double and a single in the second game. The single was the game-winning blow as the clubs took a full nine innings to break a 2-2 tie.

This week-end Tofield takes part in a tournament at Two Hills.

## Mercury s to be . . distributed to cabins at Cooking Lake

Starting with this issue of The Mercury, through the cooperation of the Chamber of Commerce, we will be distributing The Mercury to all the cottages at Cooking Lake.

This means that for the next two months, the circulation of The Mercury will be at a record high of 1410 papers.

The Chamber of Commerce extends its gratitude to all holidayers at Cooking Lake to make use of the service offered in Tofield while they are on holiday.

We hope you will consider The Mercury your paper for the next two months, and also that you will consider Tofield your town and, above all, have a happy holiday.

## Fire destroys station at N. Cooking Lake .

The C.N.R. station at North Cooking Lake, a landmark in the district for a number of years, was destroyed by fire Saturday evening last, July 4. While no official estimate is given, the damage is believed to be several thousand dollars.

The station, possibly for years old, burned at about 7 p.m. Saturday. The station will be remembered by many oldtimers as it was well patronized in the days of special excursions to the North Cooking Lake resort, at that time a two-day beach resort in the Edmonton area . . about 20 miles east of Edmonton.

North Cooking Lake is on the main C.N.R. line east, but there is now stop only for local express or freight.

## Donkey Baseball . . Coming to town . .

Sponsored by the Tofield Community League Donkey Baseball is coming to Tofield.

On Thursday, July 16, the donkeys will be in town and there will be hoobs and thrills galore.

The local ball team will be supplying the entertainment for our Cooking Lake is bringing in the players for the other team.

It sounds like the biggest laugh maker that has been around for some time.

—M—

## JUBILEE JOTTINGS

(From the diary of Mr. George Cookaro, for July 4, 1909)

"Drizzly rain from the east . . .

Ed. went to town on business with the horses . . . Tofield beat Ryley at baseball and football but they would not give them the prize . . . Heavy rain at midday."

July 5 — "Bill went over to George's to help him here two logs for stills for my house. Ada went to town in the afternoon. Mr. Binger called to get some chicken feed."

The reporter from the Edmonton Journal found it hard to believe that the real Chief Ketchamoot is in his grave. He thought Mr. Mitchell or the Ketchamoot Post was the real article!

One wonders what would have happened if Chief Ketchamoot, who was a free-for-all, had met up with the Blackfoot chief who was seen in the museum and wandering around the Exhibition Grounds on July 1st.

Mrs. Mildred Carter Thomas tells this one:

"On the very early days of Tofield, a Mr. Carley had a bakeshop on the main street. During the time Hadley's comet was to be seen, the High School students were encouraged to stay up and watch it. As it appeared, the town fire bell was rung to draw people's attention to the phenomenon. Mr. Carley drew their attention too. He took off down Main street, capering clad and shortkilt. "The world is coming to an end." The world is still with us, but Mr. Carley found it expedient to leave Tofield at an early date."

Well, the "First" is over, but we still have six months of our Jubilee Year left. Several events are planned for the late summer and fall, so let's see what we can do to make the whole year memorable.

—M—

## Ratepayers to vote on money by-law

On Tuesday, July 14, the ratepayers of the town of Tofield will go to the polls to vote on a Water Treatment plant for the town.

A public meeting has been called for Monday evening, July 13th, in the Meeting Room of the Community Centre for the purpose of discussing the plan. At that time, the Town Council will explain the facts and figures of the local water system.

The By-Law calls for the borrowing of up to $75,000.00 to be repaid in 20 years. This money will be used for the construction of a complete and fully modern treatment plant. It includes an automatic chlorinator, aerator etc. Also included is an automatic pump to be used in the event of fire, or power failure.

All ratepayers are urged to turn out to the public meeting on Monday night, and to give their members to the Council on Tuesday.

## Showing This Week At The Theatre . . .

Showing this Friday and Saturday at the Tofield Community Theatre — one of the hottest westerns ever made. "To Hell and Back Kansas." The western that was featured on Ed Sullivan's TV program, and stars Clark Gable and Eleanor Parker.

This week's Bonus Jackpot will be worth $16.00 on Friday night, and if no one will be $16.00 Saturday night.

## Cooking Lake Stompede proves very successful

Several thrilling events were staged on Saturday July 4 at the annual North Cooking Lake rodeo. The rodeo manager was Robert Meerit, North Cooking Lake; arena director, Elmer Zielke, Rainbow Valley; announcer, Walter Schultz, and judges, Raymond Armstrong, Edmonton; Mel Wade, Tofield, and Ross Taylor, Bruce.

The silver cup for the best all-round cowboy was won by Johnny Woode of Tofield, and was donated by Canadian Bearton. He also won the horseback trophy donated by Robert Meerit.

The best-dressed horse trophy was won by Walter Krystal; best-dressed cowgirl, Sherry Scott; best-dressed cowboy, Harvey Wade, and the steer riding, Paul Mahuay, calf roping, Jerry Stasiuk and bareback, Gordon Hasbinsky.

Complete results were: bareback, 1 Gordon Hasbinsky, Chauvin; 2 Mac McKee, Kinsella, and 3 Vic Smith, Bruce; steer riding, 1 Paul Mahoney, Bruce; 2 George Jamison, Viking; 3 Hal Reinhart, Ribstone.

Calf roping, 1 Jerry Stasiuk, Wetaskiwin; 2 L. W. Smith, Bruce, 3 Hal Reinhart, Ribstone.

In the wild cow milking it was Robert Ingersoll of Winterburn and Frank Wozniki, Edmonton; stake race, Ted Ruff of Wetaskiwin, and barrel race, Ronnie Johnson, Wetaskiwin.

Among the old-timers present were: Jerry Gladue, George Weetuke, Emery Phillips, Delph Campion and Johnny Woode.

—M—

## School display tent on July 1st proved popular

The second display tent erected on the Sports Grounds on July 1st contained a sampling of the exhibits shown recently at the School Exhibition. Mrs. Howard Brown was in charge of the display, which included various projects, art and handiwork. The teachers are to be congratulated on the efforts they have elicited from their students to make such a display possible.

Mrs. Ingrid Stauffer's Grade II class tricked the eyes of many a pedestrian from its centre, through factory and retailer to consumer. Grade III pupils, assisted by teachers Mrs. Phillips and Mrs. Everitt, displayed enterprise worth on the Eskimos and Indians. Miss Brown's Grade IV's exhibit was popular marbe animals.

Grade V pupils, taught by Mrs. Wideman, exhibited samples of their art. The other Grade V class, with the assistance of Miss Turner, prepared a book tracing the history of Alberta. Grade VI pupils, whose teacher is Mr. Irvin Kaufman, made puppets for their exhibit.

Artistic talent of Grade VI through High School was evident in the many posters and drawings displayed throughout the tent, and in the woodwork articles shown.

—M—

## POLICE COURT

A recent sitting of Tofield was charged before the local Justice of the Peace on July 6, with unlawfully watering the Rundell premises of the Local Alexandra Hotel in Tofield, on being under the age of 21 years.

A fined appeared for him and pleaded guilty to the charge. The Court fined him $15.00 and costs, or, in default, 15 days in jail. The fine was paid.

Another young man whose case had been tried on June 25 and an adjournment had been asked for, came up for trial on the same day on a similar charge of being under age and entering the licensed premises of the Royal Alexandra Hotel in Tofield.

His case was remanded to 2 p.m. July 7, on the grounds that the expected chance had not arrived. The Court is loath to send a young man to jail, so he must do if the accused is found guilty and sentenced to pay a fine or in default, serve so many days in jail. The fine must be paid forthwith or else He pleaded guilty and Constable Will, in telling the circumstances, recommended that the Court be leaded to this case. And so a fine of $10 was imposed, or in default seven days in jail.

The fine was paid and the young man was warned of what would happen to him on a second similar offence.

QUEEN ELIZABETH IMPRESSES CRITICS

Queen Elizabeth looking very much like a queen at the Quebec state dinner held at the Chateau Frontenac hotel. The dazzling display of costumes worn by the Queen in Montreal captured critics who up until that had been far from impressed by her new Hartnell wardrobe. As she entered the hotel debutantes stood on chairs for a better look.

## Bardo and District

BARDO — Mrs. E. Klein and Judy and Gordon are spending a few days with Mr. Klein's parents, the Emil Radons, while her husband attends the Canada district convention of the Lutheran Church at Moose Jaw, Sask.

* * *

We hope Anny Imes (Mrs. Matt Neon) will soon be home from hospital.

* * *

Diane and Carolyn Foshaug have gone to Calgary to spend a few days with their sister Maureen. They will take in the annual Calgary stampede.

* * *

Mrs. Eldon Moen and girls called at the J. Fleming home Sunday afternoon.

* * *

Mr. and Mrs. Lester Severtson, Dennis and David and Mr. and Mrs. Brekkan and Brenda motored to Banff last Tuesday to spend a week there.

* * *

Mr. and Mrs. Cliff Anderson, Clarice and Roger had coffee at C. H. Rode's on Sunday afternoon.

* * *

Mary Johnson from Lethbridge, Alfred Moen from Calgary, Geraldine Foshaug, Mr. and Mrs. Emil Rode, Mrs. E. Klein and children were Friday supper guests at Albert and Agnes Haukedal's.

* * *

Mr. and Mrs. A. Haukedal journeyed to Penfield Saturday to spend the night with their daughter and son-in-law, Mr. and Mrs. G. Regnier. The all plan to attend the Calgary stampede.

* * *

Mr. and Mrs. Hilmer Johnson and Winston Osterking were over night guests Tuesday at Grandma Foshaug's. Friday night Alfred Moen and Mary Johnson stayed with Grandma.

* * *

Friday afternoon, Mary Johnson and Mrs. Abne Foshaug visited the Hans Hillerods.

* * *

Mr. and Mrs. Clarence Rode accompanied Mr. and Mrs. Pete Thorsson to the Canada District Convention of the Lutheran Church at Moose Jaw, Sask. At the convention, they will visit friends and relatives in various parts of the U.S.

* * *

Mr. Carl Nelson and Garry are helping at Anna's parents during their absence, and Carl is attending Summer School.

* * *

Home for the weekend at Hillier's were Glenn and Edith Hiller, Sunday evening, Mr. and Mrs. Ali Stenerson visited at the Hiller home.

* * *

Mr. and Mrs. Axel Kindley spent Sunday in Edmonton at the Harold Kindley home.

* * *

Leif Foshaug visited with Grandma Foshaug Sunday evening.

* * *

Mrs. E. Klein celebrated her birthday at the home of her parents, the Emil Rodes. Helping her celebrate were: Mary Johnson and Alfred Moen, and Mr. and Mrs. Leif Foshaug.

* * *

Saturday evening callers at Sam Chasmore's were Mr. and Mrs. Abner Hiller and Mrs. Herman Swanson and Mr. and Mrs. Glenn Hiller.

* * *

Mr. and Mrs. E. Rondo spent the weekend at Betty's parental home.

* * *

Mrs. Hans Kruger, Dennis and Darryl, spent three days a Leif Foshaug's this past week.

* * *

Sunday afternoon visitors at Mrs. Heiberg's were: Mr. and Mrs. Lloyd Christianson, Mr. and Mrs. Andy Hasberg and family, Mr. and Mrs. Nelson from Swift Current, Mr. Jaime Sberg of New Westminster and Mr. and Mrs. Mickeal Erickson and Andee. Callers in the evening included Alfred Moen, Mary Johnson and Elden Moen.

* * *

Bertha Johnson starts work in Edmonton at the Bank of Commerce on Monday.

* * *

Mrs. Pat Williams and boys are staying at the B. Ness home for a while.

* * *

Lawrence Rode is clearing at Lester Severtson's while they are holidaying, and Martin Rode is clearing for Ingolf Brekkan.

* * *

Mr. and Mrs. Leonard Stauffer and Kenny visited at Ivan Foshaug's Sunday evening.

* * *

Leonard Stauffer celebrated his birthday last week and the following were guests: Mr. and Mrs. Ivan Foshaug and family, Mr. and Mrs. Marvin Moen and family, Mr. and Mrs. Leif Foshaug and boys, Mr. and Mrs. Peter Stauffer.

* * *

July 1st visitors at Leroy Flaherty's were Barbara Gutcke and Cathy and Mr. and Mrs. Gil Hansen of Edmonton.

* * *

Mr. and Mrs. Larry Flaherty and boys visited Mary's folks in Camrose Sunday afternoon.

* * *

Mr. Philip Anderson, journeyed to Edmonton Sunday evening to bring Norma home. She has returned from a visit to her parents at Leduc, Alta.

* * *

Mrs. Anne Anderson left for Wainwright Saturday evening where she will visit relatives.

* * *

Some folks have taken the opportunity of attending services in Camrose this past week, during the annual Camrose Week.

* * *

The Salem Mennonite Church is host to the annual church conference July 4 to 7. It is five years since such a conference has been held here. A crowd of nearly 700 people gathered Sunday. We wish you God's blessing as you meet.

* * *

We wish the school children a delightful holiday, and good luck to grades nine and twelve!

# County School Committee holds regular meeting

The regular monthly meeting of the County of Beaver No. 9 School Committee, was held on June 16th, 1958.

The Secretary reported for the committee, that had been appointed to purchase ton half-ton truck for the school maintenance foreman, that nine tenders had been received and that the committee, after due consideration had accepted the tender from A. C. Francis of Tofield for 126 inch wheel-base, half-ton International truck at the price of $1,439.50. Moved that the purchase be approved.

Moved that the grant for the hall meet, as requested by Mr. Brunhett at the last meeting, be in the amount of $50.00, and that the Secretary's action in forwarding this amount be concurred in.

The Secretary referred to the Council discussing at the previous meeting in regards to bicycle racks, requested by the Principal of the Holden school, and advised that no actual authorization has been given to obtain these racks. It was moved that bicycle racks be furnished to any of the schools that require them, and that the Secretary be authorized to obtain them.

In connection with the new Gesetsner for the Holden school, the Secretary reported that the Gesetsner Chemical Ltd. had offered to put the old Gesetsner, for which they had offered a trade-in of $35.00, in top condition, providing the County would keep it rather than take advantage of the trade-in, and the Secretary and the Superintendent, had decided to keep the old Gesetsner to be placed in Bruce school.

The new Gesetsner with provincial discounts would cost $230.50. Moved that the purchase of the new Gesetsner without trade-in, and placing of the old Gesetsner in Bruce school be concurred in.

Moved that resolution No. 169 be rescinded and that two dual nozzle hand dryers be placed in each wash room in the new schools at Viking and Tofield schools.

The Secretary advised that he had applied to the Town of Tofield to purchase Lots 15 and 17, in Block 17, Plan 3990 AC, for the temporary use of that place, and that the cost of these lots would be $150.00 for the two lots. He also advised that the Secretary-Treasurer of the Town of Tofield had informed him that Cr. Weatherill had attended a meeting of the council of the Town of Tofield and that the Town council had, on Cr. Weatherill's request, agreed to give the lots, free of charge, to the County. Moved that the information he received and that a letter of appreciation be forwarded to the council of the Town of Tofield.

The Superintendent informed the Committee that the lot in Viking on which the teacherage there would be built, had been decided on, being Lot 4, in Block 34, Plan 4750 S, this lot being fully served with all utility lines.

The Construction contracts by and between Waineta (Tofield) Ltd. and the County of Beaver No. 9, for the construction of two teacherages at Tofield and **one at Viking, was referred to the Committee.** The contracts were in the amount of $12,500.00 for the teacherage at Viking, and one of the teacherages at Tofield. Those two buildings to contain, besides the main floor, a finished bedroom, bathroom, and combination living room and kitchen, in the basement; and $14,540.00 for the second teacherage in Tofield; this to have roughed in plumbing in the basement, only. Moved that the contracts be accepted and signed by the signing officers of the County.

It was considered advisable to have an inspector to check the construction of the teacherages from time to time, and in connection with the two teacherage at Tofield, it was moved that we request permission from Proks and Milne, Architects for the school building addition at Tofield, to have Stan Kubin check the construction of the teacherages at Tofield.

Moved that Nick Shesinski be appointed to check the construction of the teacherage at Viking.

In connection with the insolvency bursary requests, the Secretary referred to the Committee a letter from Mr. Lars Glesne, Chairman of the Bargaining Committee, which indicated that the Executive of the Teachers' Local had instructed the Bargaining committee to negotiate for an upward revision of the following points:

1. Differentials between
(a) Second and third years of training (b) Fifth and sixth years of training.

2. Maxima in the fourth, fifth and sixth years of training.

The Increment structure throughout would also have to be altered upon.

The School Committee was of the opinion that the salary schedule offered compared very favorably with other schedules in the surrounding school areas, and that they could not agree to any further adjustments or increases in the schedule.

Moved that the County's Teacher Salary Negotiating committee be advised that the Committee cannot agree to any further adjustments or increases in the salary schedule offered, and trusts that this schedule, on further consideration, will be accepted by the teachers.

Regarding the garage building at Holden offered for sale to the County by Mr. J. A. Gleiheiman, the committee appointed to deal with this matter reported that as the building had not yet been emptied and restored to its original condition, the committee had been unable to make a full investigation as to the condition of the building.

Cr. Gibson reported that when the grain was being removed, fence wires had been cut, causing one wall to bulge, and it was decided not to make any commitments until it could be ascertained if any permanent damage had been done to the wall.

As it was considered it might be to the advantage of the County if a deal was made prior to the next School Committee meeting, it was moved that the county council be authorized to deal with the purchase of the building, if it was recommended by the committee dealing with this matter.

As Rev. Dickinsond was leaving the district at the end of June it was necessary to appoint a new member to the committee, and it was moved that Cr. Magneson be appointed to the committee dealing with the purchase of the Diebelbiss garage at Holden.

In regards to the complaint that some of the school buses were arriving too late at Viking, the Superintendent advised that this condition still remained, and that on the particular day that the time for arrival was noted, one of the County owned buses had been late as well.

The Committee was of the opinion that the situation had to be remedied and it was, after some discussion that it was moved that Mr. W. E. Hendrickson be advised that the school buses must be at the school not later than five minutes before school is dismissed, or the County may have to consider supplying their own buses on the routes operated by Mr. Myers, and also that the driver of the County owned bus again be advised that he must be on time.

Mr. George Hendrickson, on behalf of Mrs. Hendrickson, again interceded with the Committee in connection with his resigning that Mrs. Hendrickson should be retained to a reduced rate for two months as they had trained the teachers on June 30, 1958. Mr. Hendrickson stated that he had discussed the situation with Mr. Kennard, Agent for Municipal Inspector, who was the Administrator for the County prior to the election in 1958.

According to Mr. Hendrickson, Mr. Kennedy considered that there had been injustice in the way the Committee had dealt with the request of Mrs. Hendrickson.

According to Mr. Hendrickson, Mr. Kennedy had pointed out three specific injustices: One, Mrs. Hendrickson's letter of September 20th, 1958, not replied to Two, the Superintendent had been over-ruled by the School Committee Three, the Hendricksons having to move twice.

Mr. Kennedy is supposed to have stated to Mr. Hendrickson that he felt that the Committee was trying to get one over on the Superintendent, in overruling his supposed decision in the matter.

Some considerable discussion ensued, and it was felt that, if the information given by Mrs. Hendrickson in regards to statements made by Mr. Kennedy, were correct, Mr. Kennedy was very much out of order, and that he should have obtained information from the County, before giving any opinion in the matter.

Moved that this committee cannot agree to the request for refund as already stated in resolution No. 9286, 1958 and 6 61 1958.

Mr. Ray Beithan and Mr D. Laidlaw, representing the Insurance Company of North America, interviewed the Committee in regards to Accident Insurance Plan for students, and outlined the policy that they could supply. They were advised that the County already had this type of insurance and that it was felt that the present insurance policy was quite sufficient.

A letter from P. O. Nordstrom Agencies in regards to the Student Accident Insurance was referred to the Committee. The letter advised that the Continental Casualty Company was now offering a 24 hour accident insurance for the school year for a voluntary basis, at $4.00 per pupil. The parents could choose the $4.00 plan for school activities only, or the $6.00 plan to cover 24 hour activities during the school term.

According to Mr. Nordstrom the plan had met with very good response in Eastern Canada.

The Committee felt that the blanket insurance to cover students for school activities only, was quite sufficient, and it was moved that we stay with the insurance plan as decided upon by resolution Q 50, 1958.

A letter from the Clerp of Viking, requesting permission from the County of Beaver to give relious instruction in the sc ool, was referred to the Committee.

T.o letter indicated that a meeting had been held on May 7th. by the resident Ministers at Viking, and that they had contacted Dr. J. R. Hemphill, Principal at the Viking school, and that as a result a plan for the conduct of i religious instruction had been decided upon.

1. That the courses in Religious Instruction begin in September, 1958.

2. That they be given the last school period of each Friday during the school term.

3. That Grades One to Eight inclusive, take part.

4. That where possible and necessary, because of numbers of students, and where the school teachers are willing, the teachers assist the Clergymen of their own denomination in the instruction of the classes.

Moved that the clergy of Viking be advised that this Committee approves the request for religious instruction in the Viking school, from 3:00 to 3:30 p.m. on Friday afternoons, and that the Committee feels that the clergy will take an interest in the work and that they will be responsible for taking this instruction a success.

A letter from Geo. W. Leedes of Ninnells, asking for the $1.00 per day travelling allowance from April 28th to the end of the present school term, as he is attending the Viking school, was placed before the Committee. Moved that the request be accoded to.

A letter from Kenneth Oliver, Tofield, requesting a job directors that wished to be relieved from their position should notify the office, and the new driver should at the same time apply for Lic position, giving his qualifications, and these changes should be confirmed by the Committee. Moved that Kenneth Oliver be appointed driver of the County owned bus No. 9

A letter from Alberta Tuberculosis Associations advising that the Mobile T.B. Chest X-Ray Unit would be visiting a number of points within the County during the next few weeks, and requesting permission to set up their equipment in the schools to facilitate the X-Raying, was placed before the Committee.

Moved that the request be granted.

Two tenders had been received for the purchase of Ketchemere sc.ool, and it was moved that the Ketchemere School sold to J. E. Francis of Innis, N. W. T., subject to the approval of the Minister of Education, for the sum of $500.00

Three tenders were received in regards to the purchase of

## QUEEN ELIZABETH MEETS INDIAN TRIBE AT SCHAFFERVILLE, P.Q.

Rev. Joseph Cyr, missionary padre of two Indian tribes at the iron ore mining town of Schefferville (Knob Lake) introduces the Queen to Chief J. Gunnalok of the Nascapee tribe. The Indians presented Her Majesty with a hand-made set of Indian clothing. During the visit to Schefferville the Queen and Prince Philip descended into an open pit of an iron mine. The Queen was covered in red dust as a truck passed ten feet away sending up a cloud of the red earth.

# County School Committee holds regular meeting

(Continued from page three)
Woodlawn School; two of those tenders being in the same amount; the third tender being considerably lower. As the two high tenders had been received on the same day, in the same amount, it was moved that 2 parties be asked to submit new tenders in order to break the tie.

A letter to Cr. Weatherill from ratepayers in the Woodlawn School District in regards to the proposed sale of the piano from the Woodlawn school, was referred to the Committee.

The letter requested information as to where and when a meeting was held to decide about the sale of the piano, and whether this was a matter for the local Trustees to decide, or for the whole district.

The letter outlined as to how the piano had been obtained and it was felt that the piano would, in some extent, still serve the district if it was left for their use in the Tofield school.

Moved that the letter be received and filed.

It was considered that information should be obtained as to how the ratepayers meeting, if one was called, and when it was held, and the Secretary was instructed to contact the Secretary of the Woodlawn School district in this regard.

The Secretary advised that the $50,000.00 Indenture for money borrowed for the Tofield school addition, had been received and that interest on the Indenture was 3 1/4 per cent. He moved that the Debenture be signed and sealed and returned to the Department of Education.

The question of the selection of the Outstanding Teacher of the year, came up at this time after some considerable discussion it was finally moved that Mr. William Ogrodnick be selected as the Outstanding Teacher for the year 1959, in the County of Beaver No. 9.

Several teachers were suggested to the Committee for consideration, and the choice was very difficult to make as all the teachers suggested were considered well qualified for the awards.

The Committee now had to consider the designation of the First Year Teacher who had made most progress during the teaching year. It was moved that Miss Elizabeth Brown of Tofield be designated as the First Year Teacher in the County who has made the most progress and done the best work during the year.

Mr. Wm. Brushett and Mr. Russell Hynka attended the meeting at this time and presented to the Committee the Holden Local A. T. A. Sports Financial Statement for 1958-59.

The statement indicated that the total expenses for the year had been $212.54. A grant had been made in the amount of $50.00 by the School Committee, leaving a balance of $203.24, which had been paid for by the Local A. T. A.

The Superintendent pointed out that Mr. Hynka had donated the Physical Training Programme to Holden during the past year and had done excellent work, the program having made very good progress, and that it was hoped that the program could be carried on and possibly extended even next year.

After some considerable discussion, it was moved, seconded, Mr. Brushett and Mr. Hynka retired.

Secretary advised the Committee that when the money had been borrowed for the school addition, that same was started in 1958 to 1957, the Secretary Board had stated that, if money was available, some furniture could be purchased for the Secretary's compound in the various schools, and as there was sufficient money on hand, the Secretary and the Superintendent had purchased: 4 armless studio lounges, 24 lounges' chairs and 4 coffee tables, for a total cost of $626.00. This furniture would be distributed to Ryley, Holden, Tofield and the Viking schools. Moved that the action of the Secretary and the Superintendent in the above matter, be concurred in, and the account passed for payment.

In regards to the schools at Bruce and Kinsella, it was reported that the teachers and the students' Union at Bruce had furnished the teachers' lounge at that place, and that at Kinsella, as stated time, there was no room available. However, the Superintendent stated that arrangements could possibly be made for a teachers' lounge at that place.

The Secretary suggested that in regards to Bruce, in view of the fact that the money for the furniture there had been raised by the teachers and Students' Union, an offer to repay this money, up to an amount of $300, could possibly be made, and also that Kinsella be offered either the same amount of money or some furniture it chop so desire. This was considered in order by the Committee, and it was moved that this offer be made to the teachers and Student's Union at Bruce and also to the teachers at Kinsella.

The Secretary advised that Mr. Kandt, the bus mechanic, had stated that the south door in the bus garage was almost too small to accommodate the buses, when they were to be placed on the hoist, and that he had discussed this matter with some of the School Committee members, but that evidently no action had been taken.

The Secretary also mentioned that a new door was required at the addition to the shop at the Viking school and that in, after discussing the matter with the Superintendent, had made arrangements to have a new door, approximately two feet wider, installed at the bus garage at Ryley and have the old door moved to Viking to be placed in the shop there.

Moved that the resignations from Mrs. Lod, Holden, be accepted. Mr. Edward Rockarts, Mrs. Lila Rohrer, Mrs. Hazel Simms, Mrs. Audrey Gladden and Mrs. Valeria Whittaker.

Moved that one year's leave of absence be granted to Mrs. Doris E. Brown and Mrs. Jeanette Finlay.

Moved that Mrs. Edna Bowick of Tofield be appointed to represent the County at the Local Council Convention in Edmonton, on June 30th and 27th., and that he be allowed $25.00 for registration fee and expenses.

The Secretary and Superintendent mentioned to the Committee the advisability of obtaining a large vacuum cleaner for the County, to be used for cleaning the ladders and also for cleaning walls, light fixtures, etc. in the schools, and they suggested that a vacuum cleaner with one horse power, and necessary attachments, be purchased. Moved that the Secretary be authorized to purchase a one-horse power vacuum cleaner with the necessary attachments.

The Secretary advised that he had placed the necessary fire insurance on the Tofield school addition with the Junior Insurance Agencies in the amount of $95,170.00, and that the premium for the 12-month period amounted to $490.80.

Moved that the Secretary's action in the above matter be approved and concurred in.

The Secretary advised the Committee that Mrs. Ann Tobornik was leaving the employ of the County, and that he and Mr. Pike would endeavor to obtain the services of another office clerk.

# New Catholic Church Opened at Holden

A new St. Gregory's Roman Catholic Church was solemnly opened and blessed here by Most Rev. A. Jordan, coadjutor of Edmonton.

The afternoon ceremony was followed by months high mass at 10 by the pastor, Rev. E. F. Parnell, and with a banquet served by members of the Catholic Ladies' Aid in Holden Community Hall.

Assisting the Archbishop in the blessing of the church were Rev. L. Lewis, chancellor of the archdiocese, members of the clergy of the surrounding area, as well as seminarians and altar boys.

Rev. N. Schaeuster Spring Lake, a former pastor, preached the sermon. Assisting Father Parnell in mass were Deacon, Rev. B. Gorman, Lloydminster, sub-deacon, Rev. J. P. Lemire, Tofield, master of ceremonies, Rev. T. Reznahel, Viking; Thurifer, Charles Reich, Prague, acolytes, Rev. K. Unseth and Rev. L. Floyd.

Present in the crowded church were Holden dignitaries as well as Catholic members of the Sea Cadet Corps under the command of Lieut. S. Hnyk, four lay Oblates from Edmonton, Rev. W. Berkstead, United Church minister, K. Hardy, M.L.A. and Mrs. Hardy.

The choir was directed by J. P. Thome and the organist was Mrs. J. P. Thome.

The banquet was attended by more than 350 persons. Master of ceremonies for the occasion was Father Parnell. Greetings were extended Archbishop Jordan by deputy mayor Joseph Chamelec. Other speakers were Very Rev. F. Harrington dean of Calgary; Rev. B. Gorman, Lloydminster; Bernard pastor, and J. P. Thome, Holden, who thanked the archbishop on behalf of the parishioners.

The principal address was given by Archbishop Jordan, who praised the people and their priests, Rev. Father Parnell and Rev. Father Lescarbeau. The building, such a fine church and at such a moderate expenditure, as well as seminarians and altar boys.

Rev. N. Schaeuster Spring Lake, a former pastor, preached the sermon. Assisting Father Parnell in mass were Deacon, Rev. B. Gorman, Lloydminster, sub-deacon, Rev. J. P. Lemire, Tofield, master of ceremonies, Rev. T. Reznahel, Viking; Thurifer, Charles Reich, Prague, acolytes, Rev. K. Unseth and Rev. L. Floyd.

Present in the crowded church were Holden dignitaries as well as Catholic members of the Sea Cadet Corps under the command of Lieut. S. Hnyk, four lay Oblates from Edmonton, Rev. W. Berkstead, United Church minister, K. Hardy, M.L.A. and Mrs. Hardy.

The choir was directed by J. P. Thome and the organist was Mrs. J. P. Thome.

The banquet was attended by more than 350 persons. Master of ceremonies for the occasion

**Seated at the head table were:** Archbishop Jordan, Very Rev. F. Harrington, Rev. G. Doyle, Rev. E. F. Parnell, Rev. N. Schmeltzer, Rev. B. Gorman, Rev. S. Secko, Rev. M. Kalko, Rev. F. Tomczak, Rev. L. Floyd, Rev. A. Hickey, Rev. S. Creagh, Rev. J. Rezanahel, Rev. L. Leszkowski, Rev. J. F. Lescarbeau, Rev. D. Hebert, Rev. C. Kennan.

Apostolic blessings from Pope John, were conveyed to the church by Archbishop Jordan. Those presented with blessings were: Mr. and Mrs. B. Appleby, Mr. and Mrs. S. Kondrat, Mr. and Mrs. Joseph Chamelec, Mr. and Mrs. J. P. Thome, Mr. and Mrs. J. Bellaire, Mr. and Mrs. P. Mc Cluskie as well as the parishioners and John Leskosky, the head carpenter. Presentations were also made to Mrs. P. Blake, president of the Catholic Ladies' Aid and to Mrs. V. Laskosky, secretary-treasurer.

**QUEEN ELIZABETH VISITS MINER'S HOME IN QUEBEC**

Royal tour public relations officer was on hand to greet her presentation to the Queen. The picture was taken when the smiling royal people visited the home of a miner at Schefferville, Que. The royal people were welcomed to the home of Mr. and Mrs. Antoine Pelletier and they conversed, left-rear, with the Pelletier family who described as typical working-class occupants of the home.

—INDUCTION SERVICE—

The members of the three units (Bruce, Ryley and Holden) congregations met at Holden Friday evening for the service at which Rev. Douglas Parte of Vancouver, B.C. was inducted into the pastorate of this charge.

Rev. Clayne Swallow of Viking and Rev. Thomas of Vegreville were in charge of the induction service. Tea ladies served coffee after the ceremony.

# Music in Modern Tofield

**Information for this and the following article has been supplied by Rex Boyles and the leaders of the choirs of our various churches.**

The history of the Tofield band dates back to the early twenties, when Leon Abbott organized a band. The personnel is not remembered in its entirety, but Clifford Lee and Dr. W. H. Ewith were members of that band.

In the forties, Herb Chandler revived the band, which had disbanded. The band is indebted to Mr. Chandler for his able directing and organizing ability. During the 40's, the band put on its first concert in the old theatre and followed this up by assisting in a minstrel show, a concert at Elk Island Park, and playing for a United Church service at Lakeview. Billy McCauley was guest artist at this event.

During the past sixteen years, the band has been under the direction of Rex Boyles and George McFadzean. Under their direction, the Tofield Band has taken part in town activities. Each year the band leads the parade on the First of July and plays selections during the day. It has participated in music recitals and this year offered a Golden Jubilee concert.

One of the main purposes of the band is to interest younger people of school age to join and participate in the activities of this worthwhile group.

The present members of this band are: Ed. and Warren Watson, Burt and Clayton Everitt, George, Bruce and Bob Mc-Fadzean; Gordon, Lorne and Vera Booth; Thomas Jacobs, Arnold Swift, Colin McLeod and Ilen Boyles (Conductor).

It is interesting to note in the above list the number of father-and-son teams. At one time, three generations of Jacobs were in the band: Madge (H.W.) Thomas and Kenneth.

As well as a band, Tofield and district can boast many fine choirs.

**The Salem Mennonite Congregation**

The first Mennonite family settled in the Tofield district about 1903 and a number of families followed in 1910. From the beginning of the Mennonite congregation, singing has been emphasized in the religious exercises of the group, but the chief emphasis has been on congregational singing rather than on choirs or choral groups. All public singing is a capella.

One of the most talented choristers of the early days was Mrs. Lena Reil, who with her daughter still lives in the Ryley district. Mr. W. S. Stutzman served as singing leader and chorister for many years and was followed by his brother, Mr. M. D. Stutzman. During his 25-year leadership, the first choirs groups were organized. Several cantatas were prepared and presented at various places. About ten years ago, Rev. Paul Voegtlin was asked to take responsibility for the musical activities of the congregation. He still has general oversight of this activity. Church choir he is living in Edmonton he has some help from others in the congregation. Under his leadership, young people's chorus groups have made several tours in central Saskatchewan, as well as to the Peace River country and in southern Alberta points.

**Lloydcrook Mennonite Brethren Church**

The early leaders of this choir were Rev. John Peters, Rev. P. Goertz Sr., P. Goertz Jr. and Abram Klassen. Mr. Peter H. Warkentin Jr. was the leader from 1954-1958, and since then Mr. Dick Thiessen has been choirmaster.

This choir was first organized about 1934 by Rev. John Unrau who now lives at B.C. At present, Unrau are 17 members in the choir. For eight years, this choir has been singing in the hospital every other Sunday at 7 p.m.

**Trinity Anglican Choir**

According to earlier records, Mrs. Webb Sr. was organist in 1915-14, when Rev. J. P. Mason was the vicar. When Rev. W. Lewsedge was the vicar, from 1914 to 1917, Mr. Pepperzone, principal of Tofield School, was organist. A travelling missionary, Rev. B. N. Wilson, held services 1917-1919. During these years, a mixed choir contributed to the church services, with Mrs. Webb and Mrs. J. W. Robinson as organists.

During the years Rev. A. Wallis (now Canon Wallis) was the Anglican vicar in Tofield, he also directed the choir, whose organist then was Mrs. D. G. McCarthy. Rev. Wallis' choir also produced some cantatas which were presented in the Variety Theatre.

During the ministry of Rev. T. W. Toope (1935-1939) Mr. Lars Broughton trained the choir for a cantata, "Babe of Bethlehem." Under the leadership of Rev. E. N. P. Orme (1944-1958) a junior choir was formed. Accompanied by Rev. and Mrs. Orme and Mrs. J. W. Robinson, this choir sang over radio station CFRN on one occasion. During this time Mrs. Evans, Mrs. Garford and Mrs. Robinson were organists.

This choir was first organized about 1934 by Rev. John Unrau who now lives at B.C. At present, Unrau are 17 members in the choir. For eight years, this choir has been singing in the hospital every other Sunday at 7 p.m.

# AROUND TOWN

Mrs. Blanche Hardy is visiting her daughter in the city for a while.

* * *

Mr. Jean Dilard and George are vacationing out at Lake view for a week.

* * *

Dr. and Mrs. Law and Mrs. Harvey Bennett, of Edmonton, who were renewing acquaintances in town on the First, were afternoon guests of Mr. and Mrs. D. W. Jacobs.

* * *

Nancy and Coleen Carey of Edmonton are spending a week with their granddad and grandma. Mr. and Mrs. D. W. Jacobs, while their parents, Mr. and Mrs. Tom Carey, Dave and Ruth, are in Calgary.

* * *

Miss Donna Hardy, who has been employed at Dawson Creek for the past year, is spending two weeks at home with her parents and family.

* * *

Miss Myrna Turner left Sunday for Red Deer where she will continue her studies in Physical Training.

* * *

Mrs. Georges Heidebrecht is back at work at the I.G.A. Store for the summer months.

* * *

Miss Yvonne Blake left on Sunday for Edmonton to attend the University of Alberta Summer session.

* * *

The Misses Sandra Phillips and Louise Moore have spent the past week at the United Church Girl's Camp at Elk Island Park.

* * *

Mrs. Denis Blakeman and her daughter Laurie, Misses Enid and Jean Blake attended the July 1 celebration in the evening. Later they visited their folks the Carl Blakes, before returning to Edmonton.

* * *

Mr. Mike Sheremeta is leaving this week for a three week trip to Boston, New York and Montreal.

* * *

The ladies of the W.A.T.C.L. extend thanks and appreciation to everyone who donated pies for the booth on July 1st. Pie plates are now at the Crown Lumber and donors are asked to please call in and pick up theirs.

* * *

Mrs. Dave Urquhart Sr. of Vancouver spent most of last week visiting at the home of Mr. and Mrs. Lawrence Gill. Mrs. Urquhart, who is an old-timer of the Minitish district enjoyed visiting former acquaintances during her stay.

* * *

Miss Maxine Gill took a plane for Vancouver Saturday evening accompanied by Mr. John Hawkins. Both Maxine and John are on vacation.

* * *

Miss Gail Gill left on Saturday for Vermilion where she will attend the school of Agriculture for a week.

* * *

Mrs J. A. L. Smith and Edith Mary were visitors in Tofield for a few days during Jubilee week.

* * *

Mr. and Mrs. J. W. Robinson, Isabel and Edith Mary attended the wedding and reception of Audrey May Smith, daughter of Mr. and Mrs. L. W. Smith here, early at Tofield to Mr. James Stanley Hardie of London, Ont., held on Saturday, July 4th at Metropolitan United Church in Edmonton.

# Hastings Lake

HASTINGS LAKE—The next social credit meeting will be held in the Dunbar home on July 8th. The 18th of July has been set as the date for the Social Credit picnic at the community grounds attached to the Hall. The Ladies Club will again run a refreshment booth.

* * *

The lucky winners of the grocery hamper and the chocolates in the raffle which the Hall Board held at the dance on June 13th were Mrs. G. Reddick of Minitish and Mrs. J. S Simpson.

* * *

The next ladies' meeting will be in the home of Mrs. Georges on July 14th.

# MINISTIK NEWS

MINISTIK—Visitors at the R. Rowland home on Sunday were Mrs. Sarah Waters, Susan Prevost, Mr. and Mrs. Tom Cullingwood, Mr. and Mrs. Wes Waters and children and Mr. and Mrs. E. Silva and Jon.

* * *

Mr. and Mrs. A. Lawrence, Mr. and Mrs. George and sons, Mr. and Mrs. Skip Lawrence and son, all of Edmonton, were Sunday visitors at the Ron and Frank Swabey homes.

* * *

Mr. George Abernethy and his group of boys are again enjoying their annual stay at Swanley's Beach May I say they are the "envy" bunch I've ever met!!!

* * *

Mr. and Mrs. R. Hare and children and Mr. and Mrs. Steve Billo, all of Edmonton, were also visitors with Jean and Russell Rowland.

* * *

Penny and Joan Rowland are spending several days at the Collingwood and Sarah Waters home respectively.

—30—

Mr. and Mrs. Ned Waters and Mr. Keith Williams is home from Grande Prairie.

* * *

The "old school" which is being used as a church had a coat of paint put on the interior last week.

* * *

Mr. and Mrs. Neil Waters and boys attended the B.A. picnic at Half Moon lake on Saturday.

Mr. and Mrs. George Harrichs visited the McSparrons on Sunday.

* * *

Mr. and Mrs. Gordon Bell, Mr. and Mrs. L. Whitford and George Grunnicht attended the Peace stampede on July 1.

* * *

The Minitish boys played at Tofield on July 1 but lost with a 5-3 score. There were quite a few from Minitish who took in the July 1 celebration. May I make a personal compliment on the barbecue supper — it was delicious!

* * *

Mr. and Mrs. W. Williams and children, of Edmonton, spent the weekend with Mr. and Mrs. Neil Waters and family.

* * *

Mr. and Mrs. Frank Shupe of Tofield spent Saturday evening with Mr. and Mrs. E. George.

* * *

## LOCAL NEWS

We are sorry to hear Judy Gaschnait is at present having a bout with the measles. Hurry and get well, Judy, so you can enjoy your holidays again.

* * *

Robert and Dede Gaschnait and children Jon and Judy visited Dede's sister Lorene and Jim Francis at Viking on Sunday.

* * *

Johnny Wood, who was riding at the North Cooking Lake stampede, had his left arm injured and had to spend from Saturday evening until Tuesday in the hospital. At present he has to have a cast on his arm to support a cracked elbow bone. Hope it will soon be OK again, Johnny.

* * *

Axel and Doris Jacobsen and baby Margaret, of Edmonton, were Sunday afternoon visitors and supper guests at the home of John and Mary Wood.

* * *

Melvin Bethel was a Sunday visitor and dinner guest at the home of his sister Mary and John Wood.

* * *

Sunday visitors at the home of Mel and Ethel Wood were: Mrs. Irlene Sieb and her sister Mrs. Elsie Wolbers visited at the home of Vi and Elmer Gerglein on Friday evening.

* * *

Mr. and Mrs. Al. Hauksdal visited Elmer and Vi Gerglein on Thursday evening.

* * *

Melvin Bethel was a Monday visitor and dinner guest at the home of Mel and Ethel Wood.

Mrs. Irlene Sieb and her sister Mrs. Elsie Wolbers visited at the home of Vi and Elmer Gerglein on Friday evening.

* * *

Mr. and Mrs. Al. Hauksdal visited Elmer and Vi Gerglein on Thursday evening.

* * *

Forester Lamb, who had been visiting Mr. and Mrs. George Gwynne recently, returned home Monday with his sister Mrs. W. Scott and her son Archie Scott, also her grandson Ronnie Scott, all of Kamloops, B.C. While here they will be visiting with Mr. Lamb's and Mrs. Scott's sister, Mrs. Sarah Murfet and also with their nephew Jim and Helen Murfet and family.

* * *

Harold and Irlene Sieb have as their guests Harold's sister Elsie and Ed Baker and their two girls, from Lipton, Sask., who arrived Monday evening for a short visit on Tuesday they will visit Edmonton, doing a little shopping.

* * *

Sympathy goes to the Bailey and Malcolm families on the passing of Mrs. Malcolm Sr. in Edmonton during the weekend. Mrs. Malcolm was the former Miss Bailey, a sister of John and Glen Bailey and to the mother of Howard Malcolm and brothers and sister of Rose Creek, and was well known in that part, having lived there most of her life. Deepest sympathy is extended to all her family and relatives.

* * *

Donald Wood of Lakeshore, who won the 4-H efficiency award for the year, is representing the Bethel Club, and Gail Gill of Lindbrook, who won second place in the Beef Club, are both attending the Vermilion School of Agriculture this week as representatives of the Tofield 4-H Club. Hope you enjoyed the trip and courses, Donald!

* * *

John and Myrtle Olsen of Wetaskiwin were Sunday afternoon visitors and supper guests at the home of John's sister Mary and Herb McAdoo.

* * *

Lawrence and Carol Graham and children Dwayne, Heather and Faye and Heather's little playmate Donna Sue of Edmonton, were Sunday dinner and supper guests of Ellen and Lorne Elston.

* * *

Bill and Elizabeth Davison and family were Sunday evening caller guests at the home of Herb and Mary McAdoo.

* * *

The Tofield 1st of July Golden Jubilee was a real success, both in the weather and the number attending. Among the old timers from our district were the Wood families and Maggie Abercrombie. Maggie had the honor of driving the United Church democrat, which took first prize in the class. Most families from our district attended and seemed to enjoy the day, especially meeting old friends and acquaintances.

* * *

Herb and Mary McAdoo were Monday evening visitors at the home of Mr. and Mrs. Pete McAllister.

* * *

The Lakeshore W.A. will hold their July meeting in the basement of the United church in Tofield on Tuesday afternoon, July 14th, at 3 p.m. This is to be a brief business meeting, so remember the date and place and please try to attend.

* * *

Leroy Slaten is at present being a waif for Melvin Walker on the farm.

* * *

I just learned this evening we have new neighbors in our district. A family have moved into the house on the farm formerly occupied by Mr. and Mrs. T. H. Murray. Sorry I don't know their names, but would like to welcome them to the district.

## Music in Modern Tofield

By Grace Phillips, Press Sec of the Jubilee Committee

(Continued)

BARDO CHOIR

(Reported by Mrs. Lester Peterson)

The first Bardo choir was organized in 1938. It consisted of Mr. Pete Jevaine, Mr. John Jevaine, Mr. Martin Hagna and Magna Jevaine, Petrina Strand, Mrs. P. R. Anderson and Ingebore Jevaine. The choir leader was P. R. Anderson.

By 1940 they had choir practices every week and there was a larger membership in the choir. They sang for the regular church services and for Christmas concerts.

In 1941, Mr. Bower, teacher of the Bardo school, organized a choir of his students, who were assisted by Delia Hartmeyer and Jessie Jacobsen. These young people sang the sacred cantata "Under the Palms" under the direction of Mr. Bower.

Rev. O. K. Blomlie, pastor 1942 to 1946, took over the direction of the Bardo choir during this period. Cantatas and anthems were presented. Since then, the choir has been led by various people. Among them are Alice Broughton, Mrs. Geo. Hendrickson and Conrad Pitt.

The Bardo Male Chorus was organized in 1950 under the direction of Allan Anderson. This was an enthusiastic group of singers under an enthusiastic leader and they did a great deal of singing for many years. Their music consisted of both sacred and secular numbers.

One of the highlights of the existence of the Bardo Male Chorus was its tour of Grande Prairie country in 1941 when they gave concerts in various communities in the north country.

After 1945, Alice Broughton directed the chorus for a couple of years. Since then it has been reorganized at intervals under various leaders. Now a number of the original members have passed away or moved elsewhere, so the male chorus is no longer functioning. Their singing has left pleasant memories in the Tofield community.

In 1951, a parish choir of 50 singers was organized with members from Bardo, Kingman, and Tofield-ites (Round Hill). This choir flourished for about three years and presented cantatas at Easter and Christmas. Its director was Mrs. Lester Peterson. Since then under Mrs. Peterson's combined direction, the choir has sung at Christmas services.

St. Francis of Assisi Roman Catholic Choir

The following facts have been contributed by Mrs. Howard Watson:

The first choir leader was Mr. O'Hara, who worked at the Tofield coal mine. Mrs. O'Hara was the organist. These were followed by Mrs. Bill Kallal as organist, with Mr. Schmalz who lived in the N. Glover home, as choir leader.

Mrs. Paul Kallal was organist for a time with Mrs. L. Sheehan as leader for the senior choir.

The leader and organist for the present senior choir is Mrs. W. Fuss. The Junior Choir is under the direction of Mrs. Howard Watson. It sings at the Christmas Tofield Festival as well as for weddings in the parish of St. Francis of Assisi.

Sacred Heart Ukrainian R.C. Church

(The following material has been contributed by Mr. Hunty.

Rev. Gregor Frant organized the first choir in the Schoonover Church with about 18 or 20 singers drawn from both the married and single members of the Church. Since they travelled by horse and buggy in those days they were unable to get together for choir practice during the week. So after the church service, which lasted from 10:30 to 12, choir members would have their lunch and settle down to choir practice.

This choir dissolved after about a year, and in 1938 or 1939 Rev. P. Bergair organized a choir of young people from the age of 14 years upward. This choir sang regularly for church services and practised on Sunday afternoons. The young people were proud to be there assisting in the work of the Church and were encouraged by their ministers. Rev. Holdsworth, even when membership in the choir dropped.

Mr. Reznke led the choir until 1941, when Mr. Henry Schroeder became leader. He had only a few months as leader when he was called away along with other young men in the Alberta War Service. Mr. Gregor Frant was leader of the choir till Mr. Schroeder returned to the district and resumed leadership until 1945.

At that time it was decided to form two choirs out of the 60-member choir. Mr. Hunter from Lacombe took one choir and Mr. Schroeder retained the other. In 1946, a church piano was purchased. Mr. Schroeder says, "Credit must be given to Mr. Siemens and Mr. Epp, who had both moved here from Lacombe for convincing us of the need for this instrument. Till then, we had sung unaccompanied, depending on our ear! Indirment for the pitch in concretionized singing and using the tuning fork to get the pitch for the choir. Also, all now the choir had to learn their songs from numbers, e.g., 1, 2, 3, 4, 5 — Do-Re-Mi-Fa-So-La-Si. I remember copying songs from notes into numbers and then drumbeating them on the floorboards!"

After the purchase of the piano, we had our difficulties trying to adjust from numbers to notes. Our first pianist was Mary Siemens, daughter of the choir leader.

We found that two choirs didn't work out too well, and gradually it turned back into one large choir again of 40 singers with Mr. Siemens as conductor.

In 1947, Mr. Siemens, along with a number of families, moved back to Ontario and I returned as choir leader till the end of 1956.

After we bought our church piano, a number of families followed suit and bought pianos for their homes. Some of the girls started taking lessons from Mrs. Minnes in Tofield. This gave the choir a big boost. Not only did we get a few very good soloists, but others developed into good singers through the lessons received from Mrs. Minnes. Music was also taught in the public schools, and soon all the choir were singing from notes and looking rather scornfully at their conductor if he should mention numbers.

I like to think of the choir as it was in the years 1955-1956 and remember some of the songs we sang then. We had an extraordinary and ambitious group of singers and were able to attempt some difficult music in Christmas and Easter cantatas. The choir sang three selections every Sunday morning, and usually a few at every wedding, funeral or special people's program.

However, times and conditions change. The young people, having received a good education, found employment in the city and left our community. This, of course, was a setback to the choir, as more and more young people left the farm, the choir benches grew emptier. To replace these young people, some of the married folk came back and helped out, so that the choir could continue.

With only 45 minutes coming to one's note vote, the by-law to borrow up to $18,000.00 was approved here on Tuesday. Forty-seven persons voted in favor, and 15 against, with one ballot spoiled. Approximately 300 persons were entitled to vote on the by-law. The Act requires that 10 per cent of the eligible voters must vote, and to carry the by-law needed two-thirds of the voters to be in favor.

Monday night previous, about 20 persons gathered in the council room to hear the report of the proposed water treatment plant. It was pointed out to the meeting that with the addition of 24 new services which are there now in the process of getting the necessary approval from the Provincial Govt. added, it is supposed to be finished by the beginning of the 1959-60 school term.

A number of building permits have been taken out for additions and modernization of existing houses. Some of the oldest houses in Tofield have been taken on face-liftings, including stucco and the trimmings. If had found the people very kind and friendly.

Our best wishes for health, happiness and success go with them to their new parish at Wainwright.

## Ratepayers Approve Money By-Law

## Tofield Experiencing Real Housing Boom

Tofield is experiencing the largest housing boom since the one thing in the town can remember. At the present time 11 new houses are under construction most of which will be valued at over ten thousand dollars. A building permit has been taken out for another and the land cleared ready for construction. In addition two houses are to be moved into town.

The basement is almost completed for the R. Murray home and work is expected to start immediately on the one for Mr. and Mrs. Findler.

In addition the town council turned down a third request for a 2nd house to be moved in because it doesn't come up to the required standard. They have also rescinded information to a Willingdon man who wished to retire and build two houses in Tofield.

Construction is also going ahead further this warm weather on the addition to the new school.

### Farewell presentations

After a recent dance Choir practice held at Holy Trinity Anglican Rectory, Miss. Joan Heathcote and Bill L. Brown a used colored pictures of many interesting places and events in this all present.

During the evening, a pretty lunch was served by Mrs. Ron V Heathcote assisted by Mrs. H. Brown on behalf of the Senior Choir members in appreciation of her work and interest in the Choir and Church during her stay in Tofield.

A dainty runner was also presented to Mrs. B. L. Brown by Mrs. J. W. Robinson on behalf of the Choir members in appreciation of his faithfulness as organist and choir leader while in Tofield.

Incidentally, these gifts were made by Pakistan ladies, and the fine and dainty embroidery was greatly admired by all present. A dainty lunch followed an enjoyable evening.

* * *

In 1957, Mr. Walter Regehr was choir leader for a few months. Other recent leaders have been Mr. Cornie Baergen and Mr. Henry Neufeld.

Mr. Edwin Kunz is now choir leader for the Schoonover Church.

I should have mentioned that Miss Lydia Bomes was my pianist till I quit in 1956. She got her lessons from Mrs. Minnes, also Miss Dueck is at present teaching music at the Mennonite Bible College in Winnipeg.

(To be continued)

## Rev. and Mrs. Brown honoured by Church

After Evensong on July 12th at Holy Trinity Anglican Church, a reception was held in the Sunday School room in honor of Rev. and Mrs. B. L. Brown, who are leaving on July 15th for the parish of St. Thomas, Wainwright.

In spite of the extreme heat and so many holidaying, there was a good attendance. A very dainty lunch, crowned by Mrs. Pigeon, was served by the ladies.

In the absence of Mr. J. Thompson, people's warden, due to illness, Mr. J. W. Robinson was master of ceremonies.

He briefly traced the history of the Church until the present time and thanked Rev. and Mrs. B. L. Brown for their services of forte while with us and expressed the hope they would be very happy and successful at Wainwright, which fortunately is in our Deanery and not too many miles away.

Mr. Lancaster, minister's warden, then presented on behalf of the congregation a lovely clipper serving tray, suitably engraved to Rev. and Mrs. B. L. Brown.

Mrs. G. Nelson, president of the Holy Trinity W. A. Afternoon Group, then presented a very pretty inscribed cake plate to Mrs. Brown with the good wishes of the members of that group.

Rev. and Mrs. Brown each replied fittingly and feelingly to the congregation present and expressed thanks for the lovely gifts and kind thoughts. They also found the people very kind and friendly.

Our best wishes for health, happiness and success go with them to their new parish at Wainwright.

### City Barbershoppers to be at Elk Island this coming Sunday

On Sunday next, July 19, commencing at 2:30 p.m., the Edmonton Chapter of the Barber Shop Quartet will perform a Sunday afternoon concert at the Elk Island Park Bandstand.

Quartets from Edmonton, Camrose and Wetaskiwin, and a chorus from each of these chapters, will sing old-fashioned barber-shop typical of barbershop harmony.

Entertainment will continue with a program of recorded music played during the supper hour at 5:30 p.m. A program of travel and sport films will be shown.

—M—

## AROUND TOWN

Congratulations to Mr. and Mrs. Gordon Bartlett (nee Vera Lukaslewich) on the birth of a son July 15th

* * *

Geo. Abercrosby reports a successful camp of 15 boys for the usual 10 days on Cooking Lake and Beaverhill Lake with Mr. Geo. Abercrosby as instructor and Mr. Bob Bowen as counsellor. Incidentally, these boys were the guests of the Lakeshore Ladies, and the cooperation and kindness of the boys' parents, and others.

* * *

Mr. and Mrs. D. A. Patterson motored to Lacombe on Monday to attend the Seventh Day Adventist Campmeeting being held there this week. While there they will visit many old friends.

* * *

Mr. and Mrs. Wesley Jarram accompanied Mr. Jack Chapman and daughter Janice to Edmonton Thursday evening where they will visit with relatives for a week before returning to their home in Victoria. They came to Tofield to attend the 1st of July celebration and have been the guests of Mrs. Ellen Bourn.

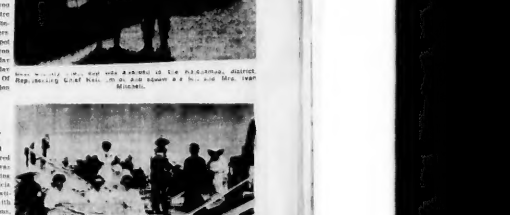
* * *

Mrs. J. A. Smith enjoyed the weekend with Edith Mary at the parental home of Mr. and Mrs. J. W. Robinson.

## In the Big July 1st Parade

Winning second place in the Best Youth Group entry was this float prepared by members of the Tofield 4-H Club.

This Tractor of 1903 vintage, driven by Keith Francis in the July First Parade, was one of the many floats to depict the progress in the district in the last 50 years of progress in farm mac hinery.



Members of the Tofield Hospital Staff are shown here with their prize-winning float. The float, depicting pioneer hospitalization, was judged best in the Town Class.

### Brother Performs marriage ceremony

ZAWITKOSKI — MOLPAR

The Church of the Sacred Heart of Jesus, Edmonton, was the scene of a lovely wedding on June 20, 1959, of Mary Patricia Molnar and John Stevie Zawitkoski. The altar was banked with sprays of white gladioli and gladioli.

Brother of the bride, Rev. Father John Molnar performed the double-ring ceremony and nuptial mass was said.

The bride is the daughter of Mr and Mrs. Andrew Molnar of Tofield. She was honored as a recentsinist by the Provincial Government, department of highways. The groom is the son of Mr. S. Zawitkoski of Ryley. John is employed as an insulator by Poole Construction.

Given in marriage by her father, the bride wore a gown of heavy satin, imported chantilly lace and nylon net. The train was made up of yards of cascading net and lace. Iridescent sequins covered the necklines and neckline of the dress and parts of the skirt. Her French tulle bridal veil was caught to a queen's crown of lace, sequins and pearls. She carried a cascade bouquet of roses, stephanotis and lily of the valley. Streamers of lace and satin ribbon, with attached rosebuds completed the bouquet.

The bride's jewellery was a set of earrings and pearl necklace to match, a gift of the groom.

Bridesmaids were Miss Ann Rodych, Miss Irene Tomko and Miss Audrey Gutsulak. The fashion of the attendants wore a pale green two-piece dress with white accessories. It also was a corsage of white carnations.

Miss Mollnar presented the bride to the bridegroom.

For their wedding trip, the bride and groom will travel through western Canada. On their return Redvers, Wisconsin, Illinois and Indiana. They make dentine, in Fairberry, Ohio, where they will spend a week at the home of Marvin's cousin, Capt. and Mrs. John H. Bartlett and family. On their trip back home they will cover most of the western U.S.A. and will camp at Vancouver

Mr. and Mrs. John Zawitkoski will make their home in Edmonton.

## ROSS CREEK NEWS

ROSS CREEK — We would like to wish a belated happy golden anniversary to Mr. and Mrs. Sid Cooney on their special day, July 12th. Open house was held in honor of them at their home Sunday from 2 to 4 p.m. for friends and relatives. Best wishes are extended to Mr. and Mrs. Cooney for many more happy anniversaries.

* * *

Mr. and Mrs. Bradley Peterson were visiting at the Joseph McLachlan home a few days, and with other friends of the district.

* * *

Bessie Pederson was pleased to have 14 ladies out to the W.A. tea held at her home last Wednesday afternoon. Bessie would like to welcome all the ladies back for tea with her any old time.

* * *

Mrs. Francis McLachlan helped Nellie Malcolm out with the children while Hellis was in the City during Mom Malcolm's illness.

* * *

A few ladies gathered at the home of Mrs. Doris Schacher Jr. by 10th to celebrate her birthday. Hope you had a happy day!

* * *

Carell and Maureen McLachlan spent a few days visiting at Aunt Dorothy's last week.

* * *

George McLachlan took all the family to see the new Children's Zoo in Edmonton the past Sunday. Lorraine stayed up to visit Donna Rogers.

* * *

Visitors at Bessie Pederson's home the past week were Mr. and Mrs. Charles Garrett, Ella Ruggers, Grandma McLachlan, Velma, Norm and Corlane, Gloria Imshaleh, Mary and Arthur Fogvil, Doris and Rose Kushle.

* * *

Grandma McLachlan visited relatives of the district last week, staying overnight with Isabel and Joseph McLachlan, Bessie Pederson, Andrew and Floyd McLachlan.

* * *

Supper guests at Mr. and Mrs. Alvin Hauer's last Tuesday evening were Norman, Velma and Corlene Schwartz.

* * *

The Ross Creek Athletic Club put on a dance Saturday evening at the Ross Creek Community Centre. Quite a good turnout was on hand, the Tiedemanns supplying the music.

* * *

Mr. and Mrs. Fred Lomish are the happy parents of a new baby boy, born at the Archer Memorial hospital. Congratulations, Fred and Lillian!

* * *

Mr. and Mrs. Peter Zapitzkey motored to Cold Lake the last weekend to visit their daughter Hazel. Her sister Josephine Herchek and baby went along, too.

* * *

Any old nylons would be much appreciated for making mats. If you have any on hand, bring them along to the W.A. meeting at Bessie Pederson's home on August 5th. Thanks a 100!

* * *

Mrs. Alice Cooney and Mrs. Mickey Niemetz took their toddler to Elk Island Park vacationing for a few days this week. Hope you have a happy time, folks!

—E—

(Past Week's News)

Our sincerest sympathy is extended to all the family, relatives and friends in the great loss of their loved one, Mrs. Jack Malcolm. She will be missed in our community as she was always on hand at any activities taking place. Anyone wanting to donate in memory of Mrs. Malcolm to the Ross Creek Memorial Fund, please send it to B. Pederson, the secretary-treasurer and receipts will be forwarded promptly. All names will be listed in The Mercury at a later date.

* * *

Belated congratulations and all good wishes go to Mr. and Mrs. Donald Hoop on the arrival of the new son, Ron.

* * *

Friends and neighbors gathered in Sister Warman old home Tuesday night to wish them all the best in their new home in Edmonton. Sister and Nellie will be missed in the district.

* * *

Grandpa McLachlan left last Thursday on a vacation trip to the East where he will visit relatives.

* * *

Ross Creek and Elk Island enjoyed a ball game at the Ball Park the past Sunday evening. The boys are getting practiced up for that big game Saturday, August 1st. Keep that date in mind, folks. We hope you will turn out to help make this day a day to remember.

* * *

Donna Rogers of Edmonton has been holidaying with Lorraine McLachlan.

* * *

**THOUGHT FOR THE DAY**

To-morrow never comes, they say — the future times belong to God. Your only chance is now — today.

—M—

## Lakeshore McKenzie

Mr. and Mrs. Harold Rich and children and Harold's sister Helen and Ed. Baker, of Lipton, Sask., spent Thursday at Elk Island Park.

* * *

Clarice and Donna Jacobson returned home on Tuesday after a week's holidays in Edmonton.

* * *

Mr. and Mrs. Robt. Gosbnell and Judy left on Sunday for Drayton Valley after two weeks on the farm. Jackie is spending a while longer at the home of his grandparents, Mr. and Mrs. John Wood.

* * *

Mrs. Dodds, Mrs. Hallet Sr. and Mrs. Chas. Hallet called on Mrs. Goeghen Sunday afternoon.

* * *

The Fairholme and Mod Rudi-

ish families, also Mrs. Kyle Sr., Norman Kyle and daughter Dianne, of Edmonton, went to Lakeview after church on Sunday for a picnic dinner, and spent the afternoon at the beach.

* * *

Mr. and Mrs. John Warner Sr. and Mr. and Mrs. E. Goeghen motored to St. Lina Friday where they visited with Mr. W. Sutton. They went fishing at Mann and Park lakes, returning home on Saturday evening with a nice catch.

* * *

On July 9th, Mr. and Mrs. Leslie Jones and family were guests at the wedding of Mrs. Jones' niece in Camrose. On July 11th they were all able to attend the silver wedding celebration of Mrs. Jones' brother Andrew and his wife, held in the Moose hall in Camrose.

Mrs. Guy Walker spent a few days in Calgary with her daughter Ellen Rieen during Stampede week. Ronnie drove down the latter part of the week and brought Mrs. Walker home with him.

* * *

We are sorry to hear that Mr. Warner Sr. is a patient in the Tofield hospital.

* * *

Mrs. Owen Elston left on Thursday for Sudbury, Ont., to visit her daughter Rita for three weeks.

* * *

The Ladies Aid met in the basement of the church on Thursday of this week. Plans were made for a bake sale on July 25 at the Crown Hardware. Angel and chiffon cakes, buns, and pan-candy chicken will be featured. The sale will be a good place to pick up your picnic dinner for Sunday. There will be no W.A. meeting in August.

## Bardo and District

BARDO — Many of the Bardo people enjoyed a lovely day at Hastings Lake Bible Camp on Sunday.

* * *

Mrs. Leif Fushaug celebrated her birthday Saturday and the following were evening callers: Mrs. Arnold Johnson, Bertha, Walter, James and Fay Rawliuk; Mr. and Mrs. Albert Hambridal; Mr. and Mrs. Axel Kindler; Grandma Fushaug; Mr. and Mrs. Leonard Stauffer and Kenny; Mr. and Mrs. Emil Rude and Lawrence.

* * *

Congratulations to Mr. and Mrs. Les Young on the birth of a son.

* * *

Callers at the George Fushaug home in Tofield Tuesday night were: Mrs. Arnold Johnson and Walter; Mr. and Mrs. Albert Hambridal, Grandma Fushaug, Mr. Leif Fushaug, Larry and Bobby; Mrs. E. Bailey. The occasion was Georen's birthday.

* * *

Betsy Ann Gudiz is visiting with her aunt and uncle, the Bitchkats, for a few days.

* * *

Arlene Bunkhea returned home Friday evening with Mr. and Mrs. Bob Hunter after spending the past week with them at Carslants. The Hunters visited at their respective homes.

* * *

Mr. and Mrs. Leif Fushaug and boys, Grandma Fushaug and Mr. and Mrs. Eldon Moen and girls attended a family get-together at the home of Lloyd Rude of Camrose on Sunday.

* * *

Mr. and Mrs. Olaf Bunkhea and Arlene and Mr. and Mrs. Harold Schultz spent Sunday at Mundare Lake.

* * *

Mr. Lee Young visited at the Leif Fushaug home Sunday evening.

* * *

Mr. and Mrs. Edwin Klein and family visited at Carnea's home Sunday evening.

* * *

Mr. and Mrs. Leroy Finseth and boys spent Friday in Edmonton. While there they called on Barbara Bartha and Cathy and Leroy's mother.

* * *

Mrs. Leonard Stauffer celebrated her birthday Monday, and to help her celebrate were: Mr. and Mrs. Leif Fushaug and boys; Mr. and Mrs. Ivan Fushaug and family; Mr. and Mrs. Herman Lawson, Petra Stauffer. On Tuesday evening, Mrs. George Fushaug, Louise, Gwenaie and Glenda; Mr. and Mrs. Marvin Moen and family, Mrs. Eldon Moen and girls and Alfred Moen, were visitors.

* * *

Mr. and Mrs. Graham Payne and Brian, of Edmonton, and Mrs. Mary Johnson were Monday supper guests at the Eldon Moen's.

* * *

Mrs. Alfred Moen has made her headquarters at her son Eldon Moen's during her stay at Bardo. She is making a trip to McMurray to visit her daughter Peggy and family.

* * *

Dennis Krupes spent a few days at Eldon Moen's this past week.

* * *

Callers during the past week at Philip Anderson's were: Mr. and Mrs. Graham Payne and Brian, Mrs. Mary Johnson, Mrs. Alfred Moen, Mrs. Bergard, Lavern and Chester, and Mrs. Harold Johnson.

* * *

Mr. and Mrs. Ingolf Breskan and Bonnie returned home Monday after a delightful week's holiday at Banff. The Breskans returned on Tuesday. They all reported having had a most vacation.

* * *

Mrs. Howard Kreling and Mrs. Walter Scott called at the Nees and Severson homes this past week. They visited their mother in the Tofield hospital.

* * *

Mr. and Mrs. G. Heuzir were at Knox's parental home for the weekend.

* * *

Mr. and Mrs. Sam Cinnamon and Sharon started on holidays Saturday morning. They plan to visit points in the U.S.A.

* * *

Mrs. Agnes Hankelal and Grandma Fushaug were in Ryley Friday to help Andrew Finseth celebrate his birthday.

* * *

Mr. and Mrs. Elmer Hitler and Harold were dinner guests at Mr. and Mrs. Ed. Louk'e of Edmonton Sunday.

* * *

Mr. and Mrs. Wilfred Blesonis and Vivian were Saturday evening guests with Mr. and Mrs. Elmer Lisle.

* * *

Monday night supper guests at Axel Kindley's were: Mr. and Mrs. Wes Ingram, Mr. and Mrs. Earl Kindley and family and Grandma Fushaug.

* * *

Visitors at Grandma Fushaug's on Wednesday were: Mr. and Mrs. Saleeth, Tommy and Gilmore of LaGlace, Mr. Saleeth of Edmonton and Mr. Brian of Manitoba of Calgary.

ONE OF THE 7 BIG BESTS CHEVROLET GIVES YOU OVER ANY CAR IN ITS FIELD

Other cars claim gas economy. Chevrolet delivers it. This was proved beyond all argument in the Mobilgas Economy Run. A pair of Chevrolet Sixes walked away with the first two places and the winning mileage was a whopping 31.46 miles per gallon. Yet, as MOTOR TREND said, "Any owner of a Chevrolet car in the salon. No compromise car that Chevy's price gives you all these bests . . . just see what the experts say!

**BEST STYLE**
Chevrolet is the car that's unmistakably modern. Motor Trend declared: "POPULAR SCIENCE magazine has this to say: "In its price class, it is high in clever styling."

**BEST BRAKES**
Chevrolet proved the superiority in brake component tests carried out by NASCAR.** In repeated stops from high speed, Chevrolet stopped the other leading low-priced cars tested by the NASCAR officials. Proof positive that you're far safer in Chevrolet. And Chevrolet's Safety-Master brakes are more than 50% longer on replacements . . . last 66% longer.

**BEST ROOM**
Interior dimensions measured by SAE* make it clear that passenger room in Chevrolet's new Impala is as much as 5.7 inches wider than a major competitor.

**BEST ENGINE**
Every major magazine has given Chevrolet's Turbo-Fire V-8 engine its unstinted praise. As SPORTS CAR ILLUSTRATED put it: "Indeed this design is surely the most wellderived responsive engine available today at any price!"

**BEST RIDE**
MOTOR TREND magazine calls Chevy . . . "the smoothest, most quiet, softest riding car in its price class". You'll be able to tell this yourself instantly . . . in a Chevrolet ride at your Chevrolet dealer's today!

**BEST TRADE-IN**
The rubber who can prove this to you is your Chevrolet dealer! Check him today. You'll find that the trade-in value of your present car is as high, for years on your dealer at trade-in time. And your Chevrolet dealer can show you a long list of other Chevy advantages, besides these 7 big ones . . . be sure to visit him today!

## Kyley News

Vern Booth spent last week at the School of Agriculture in Vermilion. She returned home on Friday.

* * *

Dr. and Mrs. Price and family are spending a holiday fishing and boating. Grandpa Price is staying with his daughter at Stony Plain for the month of July.

* * *

Roland Booth is in Araprior, Ont. attending the Civil Defence School there. He will return home in time to surprise the events of July 31.

* * *

Mr. and Mrs. Harry Locke returned over the weekend from a two-weeks vacation, spent in Peace Coupe and Dawson Creek, B.C., visiting Mrs. Locke's daughter Helen and son-in-law Peter Runkle and family.

* * *

Mrs. Harry Locke entertained about fifteen neighbors and friends cold timers) recently, the occasion being Mrs. Locke's retouch birthday.

## 'Shaggy Dog' Comes to Ryley Theatre

RYLEY — Coming to the Ryley Community Theatre on Friday, Saturday and Monday, July 24, 25 and 27 will be Walt Disney's "The Shaggy Dog".

This comedy directed by Charles Barton and starring Fred MacMurray and Joan Hagen is guaranteed to please young and old alike. It is the funniest shaggy dog story ever told . . . becomes the most uproarious adventure to happen to anyone! It is all about Wilby Daniels, a teen-age boy who turned into a Bronkenkirk Sheepdog — to the Hilarious Horour of his friends and family! Don't miss this at the Ryley Community Theatre.

## County civil defence central committee meets

The County of Beaver No. 9 Civil Defence Unit Control Committee held a meeting in the Council Chamber in the County Office at Ryley on Monday, June 1st, 1959.

The following members were present: Mr. Geo. H. Taylor, Unit Control Director; Mr. R. K. Westmanoski, Deputy Unit Control Director; Cpl. Rumsdal Starky and Johnson, representing the County of Beaver No. 9; Mr. T. F. Harris, Civil Defence Director for the Village of Ryley; Mr. J. Chamulka, Civil Defence Director for the Village of Holden; Mr. G. Allan, Civil Defence Director for the Town of Tofield.

Also present: Mr. J. W. Stewart, Officer in Charge, Northern Zone, Alberta Civil Defence; Miss Lois Kremer, Nurses Consultant for Alberta Civil Defence; and Miss D. Day, Matron at the Viking Hospital and Miss C. Kozack, Matron at the Tofield Hospital.

Mr. Westmanoski reported that the Monitoring Class had been completed, but that only six of the twelve candidates completed the course. He also advised that the Police Course in Ryley would be finished as soon as Constable Wilson, the local R.C.M.P. officer, had time to have one or two more lectures.

Mr. Taylor reported that he had discussed the arranging for a Radiation Monitoring Course at Viking, with Mr. Halmar S. Hanson, Civil Defence Director at that point, and that Mr. Hanson had indicated that he was going to try to organize such a course. However, the number he was to employed, and that it would be necessary for the Town of Viking to appoint a new man in his place.

Mr. Taylor also stated that he had discussed the matter at Holden, but had not had any response.

Mr. Stewart dealt at some length with the work that should be done by the Unit Control Committee, and he suggested that the fall program should be started in September and that plans for this program should be considered very soon.

Miss Kremer stated that when the Disaster Plan, which will be put into effect in the hospitals, has been completed and people know about it, it would likely create more interest in Civil Defence.

Miss Day mentioned the necessity for being prepared at the Viking Hospital, as well as in any other hospital, for a possible accident involving a large number of people, which could occur on the railway or on the highway.

Miss Day stated that the nursing staff could only handle so many casualties and that extra help would be required from the community, and that arrangements for some training and delegation of duties in certain persons should be arranged for. Also arrangements should be made for buildings where certain cases could be transferred to, from the hospital, to make place for an evident cases, thereby possibly doubling the capacity of the hospital.

Miss Kremer mentioned that the Disaster Plan, under which these matters would be handled, was required for evaluation of the hospitals at the present time and that medical supplies would be stocked in the hospital under the Disaster Plan set-up.

Mr. Taylor advised that he had arrangements made in Holden for space for casualty hospital under a Disaster Plan, and that a number of ladies in the village had taken some training in First Aid and Welfare.

It was suggested that women's organizations in the various districts be approached to get more people interested in this phase of the civil defence organization.

Casualty Exercise showing new ways of handling accidents should be considered at some time, and Mr. Stewart stated that a Disaster Plan for the whole County was required and that the Unit Director should arrange for this plan.

Mr. Stewart also mentioned that the County should have a trained Control Room staff to be able to participate in Provincial and Dominion-wide Control Room exercises in the future.

Mr. Stewart expressed the appreciation on behalf of himself and Miss Kremer, for having been asked to attend the meeting, and stated that any staff member of the Civil Defence was at the disposal of the Control Committee at any time if they were needed.

He also mentioned the Orientation Extension Schools, being the school to the people rather than having candidates attend in Edmonton. A number of these courses were being held, and one could be held in the County; minimum number of candidates to attend should be 35 and 40 to 45 candidates could be handled.

Mr. Stewart indicated that a number of films would be used in those Extension Schools, and the schools would run for five days from 7:30 to 10:30 in the evenings, and Mr. Henderson, who is in charge of these Extension Schools, would stay in the district throughout the school, and lecturers would come down from the city as were required.

Mr. Stewart moved a vote of thanks to Mr. Stewart, Miss Kremer, Miss Day and Miss Kozak for attending the meeting.

The Secretary referred to the meeting a letter from the Village of Ryley advising that Mr. T. F. Harris was appointed as Civil Defence Director for the Village.

The Secretary referred to the meeting a letter from the Village of Holden, Village of Ryley, County of Beaver No. 9 and the Town of Viking, advising that the suggested increase in the allowance for the members of the Control Committee be increased from $5.00 to $10.00, had been approved by the various Councils.

Meeting adjourned at 4:00 p.m.

## Weekly publishers confer this week at Regina

Regina, Sask.—The editors and publishers of Canada's 725 weekly newspapers meet here July 16-17 to confer on ways to better serve their communities.

Improving service for both readers and advertisers will be the dominant concern of men and women from Newfoundland to Vancouver Island at the 45th annual convention of the Canadian Weekly Newspapers Association.

The business side of the four-day meeting in the Hotel Saskatchewan will concentrate on such problems as better promotion of the weeklies as an important medium for local and national advertisers, the recruiting of technical and editorial staffs and the role of the weekly in today's rapidly expanding modern communities.

"We are keenly interested in finding the answers to these problems so that we can do a better job of serving readers and advertisers," said Wm. Telfer, CWNA managing director.

To this end, the editors and exhibitors will hear from top-flight speakers who are experts in the news and advertising fields.

These include Jack Elliott of Sears Limited, speaking on "Printer s Newspaper by the Offset Method," and W. H. Cranston, Shaw Corp. of Canada, speaking on "Co-operation with the National Advertiser at the Local Level."

A highlight of the convention will be the presentation of awards given annually for excellence in the various aspects of weekly newspaper coverage.

These contests are sponsored by the CWNA to encourage editors to do a better job and to give recognition to those who set and maintain high standards of printing and reporting.

## Jubilee Jottings

From the diary of Mr. George Cookson Sr.:

July 18, 1909 — "Some rain in the night. Wild-looking morning with strong cool wind. Later, very hot and sunny . . . Jack came up in the afternoon, also George, Edna and Willie Whillans. Ada and Ed. went in the buggy to call on Neals, and from there went to Haygood's. Went to service in the evening."

July 20, 1909 — "Ed. finished painting the buggy. I white-washed the front room and the kitchy upstairs. Ursnas called and got a loaf of bread. John Laland called and stayed for a chat."

Once upon a time, Mr. Jobb had a foundry in Tofield. It has been gone long since, but the windows from it still in use in the porch on the house of Mr. and Mrs. Harold Scholin in the Northwood district. The windows were brought by Mr. Al. Schultz (Scholin's father) in 1922, stored for some time, and installed in 1936.

On behalf of Mr. Howes and myself, I want to thank the citizens of Tofield for being what they are, warm, open-hearted and generous neighbours.

When we arrived here less than two years ago we came as strangers — but were received, not only by the parishioners of Holy Trinity Anglican Church, but by all the townfolk — as friends. Every town has a personality and Tofield's would be difficult to improve. Being from the East (Ottawa originally, we had heard a great deal about western hospitality and wondered if it could really be true. To-field is a standing testimonial that it is true.

How do you thank people for being what they are? We intend by feeble say but I would thank our heavenly Father for blessing you all so generously with His virtue of love.

Mrs. Brown and I will miss Tofield which is to say we will miss you, but that Wainwright is not too far away and that Mother pays a little visit, so it will be possible to visit.

Again, thank you, and may almighty God bless and keep you always

(Rev.) Brian L. Brown

## A letter of thanks

AN OPEN LETTER TO THE TOWN OF TOFIELD

Mrs. Jack Cockrell kept a diary. A very busy woman, she found time for only a few each day. Some of her entries for July, 1912, read: "Bill Howe here for tea . . . Jack doing road work . . . I worked in the garden very hot . . . Had her sunday school. Mr. Whillans preached . . . Very hot, 90 in the shade . . . Had first new potatoes . . . Mr. and Mrs. McCauley and Maude out . . . Colin Mc. Kenzie buried. I went . . . Jock and Ed. started haying."

Mrs. Mildren Carter Thomas tells this one about the early days:

In 1908, my first memory of a fire was a most frightening one. Istening on the door with a club. That was wielded by the Municipal Police Constable, Robert Souther Thomas who rode like mad around the community, inspecting to be sure the household duty. The fire was in a livery barn north of the present Mr. Hefler house and the barn was a complete loss. The well-liked Mounties transferred to the North at Aklavik. His wife Elva shared his posting with him and in her widowhood returned to her childhood home at Athabasca, where she now lives.

## Ketchamoot News

KETCHAMOOT — The Ketchamoot W.A. had a very successful strawberry social at the home of Mr. and Mrs. Harold Schultz on Friday evening. A very good crowd turned out for it.

* * *

Gary Seale and a friend, Hod Jennings, of Westlock, spent the weekend at home with Mr. and Mrs. Charlie Seale. Gary was transferred from the bank at Killam to the Westlock branch.

* * *

Mr. and Mrs. Wes Ingram of Victoria returned to their home last week after visiting with relatives and friends in the district. They also attended the July 1 celebration.

* * *

Mrs. Stanley Brown and Betty (Mrs. Peter Lee) returned the other day from a trip to Claresholm, Banff and Jasper.

Mr. and Mrs. Kenneth Oliver and boys visited at the coast for a week, arriving home at the weekend.

* * *

Congratulations to Mr. and Mrs. Kenneth Brown on the birth of a daughter on July 1st. "Carol Dianne" is her name.

* * *

Mr. and Mrs. Eugene Carlisle, Glenda and Raymold and Mr. and Mrs. Pete Floyd attended the mid-on wedding celebration for Mr. and Mrs. Ed Causey at Reed Creek on Sunday.

* * *

Mrs. Don Carlisle and Donna attended the Specht-Chamberlain wedding at Provost last Tuesday.

* * *

Miss Maureen West of Edmonton spent a few days with her aunt and uncle, Mr. and Mrs. Pat Sears and family. Other weekend visitors at the Sears home were Miss Marnie McNay and Jody Barford of Edmonton.

* * *

Recent visitors at the home of Mr. and Mrs. Ray Lee and with Mr. and Mrs. Lorne Lee were Mr. and Mrs. Bill Lee and family of North Surrey, B.C., and Mrs. Calvert of Edmonton.

* * *

Mr. and Mrs. W. Mitchell spent the weekend in Edmonton with Mr. and Mrs. Andy Jalbert and family. Other visitors at the Jalberts were Mr. and Mrs. Bill Mitchell of Edson and Mrs. Telford of B.C.

* * *

Janice Coombes went with her grandparents, the Olsons, to Red Deer for the weekend. She visited with her aunt and uncle.

* * *

Saturday evening, Mr. and Mrs. Harry Ketchum of Montreal visited at the Chester Coombes and Ronald Coombes homes.

* * *

A large number of children are attending Bible school at Ketchamoot school.

Everyone Welcome

IN MEMORIAM

In loving memory of a dear husband and father, Victor A. Rice, who passed away July 16 1958.

We do not need a special day
To bring you to our mind,
The days we do not think of you
We very hard to find.
You are loved and missed forever,
And today as yesterday,
Remembered by your wife and family.

ROYAL COUPLE TOUR ONTARIO VACATIONLAND

An enthusiastic wave from Prince Philip was seen by almost 30,000 persons at Parry Sound, Ont., as he and the Queen left for Belleville on the royal barge. The royal couple were saved last of night of water as they made a six-hour trip through Muskoka and Georgian Bay areas. Crowds cheered and most were shorts and bathing suits which sharply contrasted with the formal attire of the dignitaries.

## Music in Modern Tofield

UNITED CHURCH SENIOR CHOIR

(This information was compiled by Mr. Jim Francis and Mrs. J. E. Bilsen)

In the very early days, when the Church ran as a Union Sunday School and Church, Mr. Francis recalls that there was no regular choir; many duets and quartets were sung at the services.

One quartette he remembers was composed of Mr. and Mrs. H. W. Whitlam, Mr. Jack Cuts and Mrs. E. Rowland (Jim's mother). After the service they were given an unexpected treat. Billy Rowland came up to them and said, "Dar, you folks are not seized up in that soup but you seemed to come together again alright."

When separate Methodist and Presbyterian congregations were formed in 1907 or 1908, each Church had its own choir. Some of the members of the choirs in those days were: Mr. and Mrs. J. B. Harper, Mr. and Mrs. C. H. Cross, Jack and Geo. Cochlan, Mrs. P. Lee, Harold Martin, Mr. and Mrs. R. W. Whellans, Ethel Noland, Sid and Jack Carter, Mrs. McConnell Lily Cruz, Fanny and Venah Bichner, Fred Casey, Charlie Chilman Mr. Newburning, Maynard and Mar Gladsby Hazel Mallory, Mr. Paul, Mrs. D. Francis, R. E. Emery, Mr. Latimer, Mr. and

(Continued On Page 5)

## Enjoy Receiving Mercury each week

Reports coming in from Cooking Lake indicate that the building boom in the lake enjoy receiving the Mercury each week. During July and August we are supplying enough papers to the Chamber of Commerce to supply these at Cooking Lake. Through their kind cooperation of members of the Howard Witten family they are being distributed.

## Local Gun Club to hold shoot this Sunday

The Tofield range will be the site of a trapshooting activity this coming Sunday, July 26th, when the Viking club will pay a return visit.

Anyone interested in either shooting or just watching is cordially invited to attend.

Shooting will commence about 2:00 p.m. The range is located one-half mile south of Wickerson's corner, on the east side of the road. Watch for the sign.

Prizes will be awarded to both high and low scores of the day.

## Are you interested in forming a local Horse Association

A number of persons interested in horse have been discussing the formation of a light horse association and are interested in contacting persons who would be interested in such an enterprise. There are a number of horse clubs in the province and the objects are varied from just plain teaching the care and handling of horses to the formation of clubs to put on by the Edmonton Light Horse Association.

Local persons interested in such a club are asked to contact Glen Jones or leave your name with Ed Regehr.

## Many at station to see Royal train

Tuesday afternoon over 500 persons, most of them children gathered at the CNR station in Tofield to watch the Royal train go by. Evidently something had failed to tell the Queen for she failed to make an appearance although the train slowed down to a very slow speed.

The Legion Hall committee is planned for August 12 and plans are being formed. Frank Dowe, M.P. for Vermilion has signified his intention to be here and word is expected from others.

## Kallals' Herefords tops at Edmonton

C. J. Kallal of the Tofield district edged out a Wyoming rancher for the grand champion bull award during judging of purebreds at the Edmonton Exhibition last week. An entry bred by C. J. Kallal and Son, however, was beaten by a Manitoba ranch for the grand champion female award.

Royal Regent K 88N, owned by Mr. Kallal, was named champion junior bull and grand champion. Reserve grand champion bull was Canyon Cold Blade 73, owned by Walter Hrenchuk, Elk Horn Wyo., who also was named reserve champion junior bull.

Manitoba Breeders, Gallivan Gateway, Manit., won the female grand championship with their 4-year-old Mischief 29, also named senior female champion. Reserve grand champion was Miss Royal Mischief 29, owned by C. J. Kallal and Son, who also won the junior female championship.

A total of 53 animals were captured in the Hereford class. Judge was T. E. Hoefner, Hoefner River.

Following is a complete list of honors taken by C. J. Kallal and Son:

3rd — Royal Regent K 88N — Senior Yearling Bull.

1st — Royal Regent K 88N — Senior Bull Calf.

2nd — Royal H Regent 38N — Senior Bull Class.

Junior Champion Bull — Royal Regent K88N.

1st — Two bulls, any age, to be bred and owned by exhibitor.

4th — Home class.

1st — Miss Royal Regent 25L — Female, calved on or between July 1, 1958, and August 31, 1958.

2nd — Miss Royal Regent 33M

— Senior Yearling Heifer.

1st — Miss Royal Mischief 29

— Junior Yearling Heifer.

5th — Miss Rachel 11 Regent 34N — Summer Yearling Heifer.

2nd — Miss Royal Regret K 95N — Senior Heifer Calf.

3rd — Miss Royal Regent D 94N — Senior Heifer Calf.

— Junior Heifer Calf.

Junior Champion Female—Miss Royal Mischief 29.

Reserve Grand Champion Female — Miss Royal Mischief 2 N.

2nd — Get of Sire

1st — Breeder's Herd.

1st — Three Calves.

## Jubilee Jottings

(From the diary of Mr. George Carlson Sr.)

July 22nd, 1909. Fine, clear morning. Up working on road for Local Improvement District. First fast train came through Tofield at 7½ miles per hour. Mr. and Mrs. Jack Hopgood came and stayed for dinner.

July 24: At 4:30 a.m., a heavy thunderstorm broke over Tofield and continued till 9 a.m. The heavy showers will do a lot of good Dr. Tofield and Harriman each had a horse killed.

July 27. The right-of-way man went to see Jack to buy 26 acres for the G.T.P.R. Mr. Plants called in the evening and arranged to fix up some and stake it.

* * *

Mrs. Mildred Thomas has a postcard picture of a prairie fire in April, 1910, and on identifying of the thirteen men shown on it, Mark Ferguson, N. S. Smith and "Uncle Jack" Wilson are clearly recognizable. The equipment was a two-wheeled chemical carrier-cart. It was housed in the Town Hall. A fire bell aroused the populace when necessary. J. W. (Shorty) Carter lived nearby and, when aroused by the fire bell, would rush his dray team over, fasten the chemical cart to the dray, and speed the equipment to where it was needed. Mrs. Thomas remembers one fire at the mine house at which the chemical sprayer was released too soon by the volunteer firemen. Mr. Carter's clothes not well preserved and in his chagrin began to disintegrate before the eyes of the astonished crowd. By the time he arrived home, he could have doubled as "Tarzan." He's same offence. He pleaded guilty and, as an evidence was produced to show otherwise the J. P. sentenced him also to pay $15.00 and costs or in default, 15 days in jail. The fine was paid.

Following this case, a North Cooking Lake man was charged with the same offence. He pleaded guilty and, as an evidence was produced to show otherwise the J. P. sentenced him also to pay $15.00 and costs or in default, 15 days in jail. The fine was paid.

The J.P. turned to himself. "The age of the transgressor is fatal."

## IN POLICE COURT

On Monday July 20, before Justice of the Peace, D. A. Patterson, a Tofield young man was charged with having been in illegal possession of liquor.

A friend appeared for him and on his behalf pleaded guilty to the charge.

The Court imposed a fine of $15.00 and costs or, in default, 14 days in jail. The fine was paid.

Following this case, a North Cooking Lake man was charged with the same offence. He pleaded guilty and, as an evidence was produced to show otherwise the J. P. sentenced him also to pay $15.00 and costs or in default, 15 days in jail. The fine was paid.

The J.P. turned to himself. "The age of the transgressor is fatal."

## Tofield Town Council in lengthy regular session

Minutes of the regular meeting of the Council of the Town of Tofield, held Monday, July 6th., 1959 at 8 p.m.

Minutes of last meeting were read and adopted.

Communications

Plan 6088L, 5457AH

Board of Public Utility Commissioners enclosing Order No. 21956 canvassing portions of SE 6008 and 5457AH to the County of Beaver No. 9 for dissolution and acquisition of 14 feet on Fourth street.

Letter from Highland Construction Co. Ltd., quoting $45.00 for a baseball backstop on the Sports Grounds. An unofficial sum of $300.00 has been agreed on to award installation of a backstop prior to July 1st, with a portion of the cost to be assumed by the Canadian Legion and Community League in the balance of $145.00 The installation has been made as agreed on time.

Letter from Mr. Chas. Kish requesting that the Council consider the matter of the Council's decision to sell to Mr. Kish the property he occupies as a residence. Mr. Kish stated that he had been under the impression that the property was for sale and had been negotiating with the Council for the purchase of the property for some time. Mr. Kish stated that he had been under the impression that the property was for sale and had been negotiating with the Council for the purchase of the property for some time. Mr. Kish stated that he had been under the impression that the property was for sale and had been negotiating with the Council for the purchase of the property for some time.

## OF MANY THINGS

By Ambrose Hills

I'm afraid that my wife is really a workaholic. Every morning she leaps into the task with a zest of delight. I am getting tired of nothing but self-improvement articles. Look, is there a machine abroad or something? Does everybody want to know how to exercise, how to get thin, how to get fat, what to do till the doctor comes, and how to get rid of him when he's finished? Next thing you know they'll be publishing articles like, A New Method of Breaking Envelopes Open in Your Presence Under or How to Remove Warts by Hypnotism or Hints for Submarine Commanders on How to Organize a Polo Team. It's ridiculous.

"Don't you want to improve?" I asked, keeping a little cool on the fire.

"Don't try to be smart," she said. "None of us is doing half as well as we know right now. We don't need information — we need inspiration. I don't need things up here to wash dishes; I need to get up and wash the darn dishes, that's all. I need to want to wash the dishes. If you know what I mean. You probably don't. You're lucky. You like banging at a typewriter!"

From years of experience at being a husband, I didn't protest that there are emotional times when I would rather be a good table than at my typewriter. And of course, there is a difficult to do in every person's job. I suppose, there is some sort of equivalent to washing dishes that my wife was dead right about the surplus supply of people telling other people how to do this, that and the other thing.

Still, we want to improve. Isn't there some specific way to do it, that could be told simply, once for all? Wouldn't a general principle cover dish washing, writing, exercising and all the rest, so we could have done with these lash of how-to-improve articles?

I don't know. But my father had some general principles I think, ever close to the mast. He insisted that you could afford to be careless at anything even unimportant things. Do your best all the time, was the motto. That forms the basis. You improve on yourself automatically then, at everything you do, even flutes swimming or recreation.

I have often thought what a wonderful nation we could build here if all of us followed that one principle, and did our level best all all times. Lately, it seems we have reversed it, doing just enough to get by.

I thought about that a good deal while I was helping my wife with the dishes. Got so deep in thought I was startled when she said, "Look, if you are going to dry dishes—dry them right! And stop dripping soapy water on the floor!"

## Minisink News

MINISINK —One or two of these items may be a bit late, but last week I was short of time and didn't get the column written.

• • •

Mr and Mrs. Albert Wright of Wainwright were overnight guests at the Braverman home recently.

• • •

Mrs. T. A. Jones and her daughter Helen, of Vancouver, met with an accident last week that sent Mrs. Jones to the hospital with a broken knee-cap. Helen was bruised and shaken up a bit. Mrs. Jones is home again plus a cast and a pair of crutches.

• • •

Two small girls holidaying out here with their folks at their cottages, unfortunately fell off a horse and were hurt. Diane Smith got a severe wire-burn on her neck, while Robin Clarke broke two bones in her left wrist.

• • •

Mr. Jack Darkin, Mr. and Mrs Bill Darkin, Mr. and Mrs. A. Dick and children and Mrs. Irene Wilson were recent visitors with Mr. and Mrs. Keith Wilson and family.

• • •

George Grasmoott returned to visit this week after a two-week vacation.

• • •

Best wishes for a speedy recovery are extended to Mrs. Denham Sr. in the Tofield hospital, and to Mr. Bill Denham, who is in an Edmonton hospital after undergoing a serious operation in the Tofield hospital.

• • •

Mrs. C. Lewis spent Tuesday in Edmonton.

• • •

Mr and Mrs. Frank Bunbury, Bobby and Lawrence returned the first of the week from several days of camping and relaxing.

• • •

Russell Wilson was home over the weekend.

• • •

Mr and Mrs. Neil Waiters and boys, Earl Lawrie and Bobby Lawrie spent Saturday in Edmonton.

• • •

Mr. and Mrs. Ron Bunbury, Bobby and Lawrie are on a trip to the west.

• • •

Mr. and Mrs. Wes. Waiters and family and Mr. and Mrs. E. Kish and Jimmie visited at the Rowland home on Sunday.

• • •

Visitors with Chris and Ida and children recently were Mr. and Mrs. U Stahlkan and Arlene and Mrs. Walter George, Bobbie and Melvin.

• • •

Mr. and Mrs. J. Holmes and family visited at the A. W. Holmes over the weekend John Tudor is holidaying at his grandparents.

• • •

Russell Rowland had the misfortune of breaking a finger at work on Monday, requiring a cast and several days off work.

• • •

Congratulations to Mr. and Mrs. Tom Collingwood (nee Patsy Rowland) who have a bright new baby, a brother for Irene Tyrone.

• • •

Mr. and Mrs. A. Rose and family, of Edmonton, were recent visitors at the A. Rose Dr. home.

## ROSS CREEK NEWS

ROSS CREEK — 1631 cars and 5 buses (Hope Tours) are enjoying this hot weather. The rain last night was very welcome after such heat, to settle the dust and freshen the air.

• • •

Mrs. Mildred Paul is spending her holidays at her daughter Anne Khlebnik's home.

• • •

We would like to wish Roger Pedoway and his new bride married Saturday at the Lamont United Church, all the very best for a long and happy wedded life. Congratulations, Roger!

• • •

Several folk enjoyed the big exhibition from the district — especially the horse racing!

• • •

Visitors last week at the Pedoway home were Norm Velma and Corinne Schwartz Ella Rogers, Hebert, Freda and Robin Olson. Hope and Doris Kuchkiruk. Mr and Mrs George Rogers and son Joel, his sister Kathy and Sharol from Regina

• • •

Raymond and Francis McLachlan and kiddies motored to Wilkinson on Sunday to visit Francis' mother and family

• • •

Alvin and Mabel Hauer and kiddies went on a trip with Al Olson's folks the past week. Hope you're feeling much better after your trip, Alvin.

• • •

Sorry but news is scarce this week. Will try to do better next time

• • •

Ross Kushkiruk and Kenneth Pederson spent Saturday evening at the Jim Koshka home. The boys had all cars listening to that big drum — the lucky little fellows there were lots more disappointed, eh Sofia?

• • •

Our church services will resume in August at the hour of 7:30 p.m. Rev Musto being on his holidays this month. We are hoping the evening services keep improving, as lights can be arranged, and we can have regular Sunday school and church services at that time.

• • •

Keep in mind that big day, August 1st, at the Ross Creek ball park. Hope it will be a huge success with a large attendance.

• • •

Did you know, folks? County is like a tomatoe — it is something requiring development and then enlarging. — How true!

**Gerhard Gunther South Edmonton DENTAL LABORATORY**

16313 82 Ave Edmonton

Centennial is not a town. There is no post office by that name, says the Reader's Digest. Nobody lives on the Cape except a lighthouse keeper. People only work there, perhaps 1,000 of them.

Fog and thunderstorms are the pilot's worst enemies, writes a veteran airline flier (no, never wind and rain never him relatively little anxiety.

• • •

Queen Elizabeth II was the first British monarch who was outside of Great Britain at the time of succession to the throne. Elizabeth was in Kenya on a round-the-world tour when her father George VI died.

## Points out increase in dwelling fires

Last year in Alberta there was a sharp increase in the number of dwelling fires, particularly in cities, towns and villages. According to reports submitted to fire commissioner A Bridges the number of dwelling fire losses reported almost doubled over that reported for 1957, and the increase in the fire loss in that class of property was 61 percent over the previous year. There were 2,816 dwelling fires in 1958 with the result that $1,362,717.00 worth of homes and some property were destroyed by fire. The loss of life also, which amounted to 35 persons, is more serious in homes than in other classes of property and over the years 30 per cent of all deaths have occured in the home.

The fire Commissioner is asking that fire chiefs in Alberta give greater attention to informing the home owner of methods of fire prevention.

The fire chief and other members of the fire department need only a little encouragement and a show of interest from the home owners to start a systematic fire inspection of all homes in the community. The fire fighters see the many conditions that can cause fires in the homes and he is able by his knowledge and experience to impart life saving information to the home owner. If there is a home fire inspection program in your community, your community is keeping up with modern fire protection practices, but it is feared that this is not the situation in most communities and therefore the Fire Commissioner recommends home fire safety be a proper subject to engage the interest and endeavour of all home owners and all organizations concerned in the welfare of the home

## Camrose Lutheran College offers university courses

[illegible] Lutheran College [illegible] Camrose, Alberta, [illegible] September in affiliation with the University of Alberta's new Junior College [illegible] first private school to apply for this status under the provincial government. The University Committee on Junior Colleges A residential [illegible] will make it possible for [illegible] after first-year studies leading to a degree in Arts, Divinity, English and Music, Secretarial Training, Nursing, Dentistry, Medicine and other related courses.

[illegible] Camrose Lutheran College launched its effort to [illegible] this higher academic status in 1954 with a capital fund appeal throughout the Canadian constituency of the church to receive funds for a Junior College classroom - library building. Building was completed until it's very thick. Then drain and flake a pound can of salmon and fold this into the relative mixture along with half a cup bulk. Add to the top of a double boiler heat 2 egg yolks of finely minced celery and a couple of tablespoons of minced green onions.

Heat the two egg whites adding a teaspoon of white sugar as you beat. Fold into the gelatine and salmon mixture and turn in into a mold that has been rinsed with cold water. Chill until set, then unfold on to a lettuce leaf platter. Garnish with egg quarters and olive slices, serve with potato chips and your salad meal is ready. Flavored milk drinks and fresh fruit tarts will make an ideal menu for Sunday supper.

KEEPING UP-TO-DATE ON VARIETIES
One way to judge the suitability of any variety of grain for a particular district is to see if growing side by side with many others. This is possible by buying a visit to one of the many "Crop Testing Plots" Demonstration Plots planted this year not only by a number of our Elevator Agents but also by interested farmers throughout Western Canada.
Your Searle Agent will be pleased to tell you if there is one of these plots in your area.

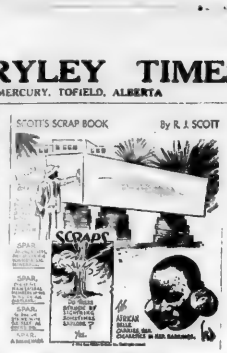
## SCOTT'S SCRAP BOOK

By R. J. SCOTT



## The Homemakers

Patricia Mannink District Home Economist, Vegreville

It seems as if nearly every thing is assigned a week or month for itself. We have Dairy Month, Safety Week, and we even a Baked Week, July 23rd to 31st. Here is a salad that is a fitting choice for Baked Week.

SALMON CHIFFON is a whole-meal salad loaf for eight people. Soften 1 tbsps. of gelatine in a quarter-cup of cold slightly and stir in a half a teaspoon of salt, one of Worcestershire sauce and three-quarters of a cup of milk. Cook this mixture over simmering water, stirring often constantly until it coats a silver spoon. Remove from the heat, dissolve the softened gelatine in it and chill and fold this into the gelatine

### Kyley News

Ryley music students were successful in the recent exams as tests held a Edmonton by the Royal Conservatory of Music, Toronto.

Here is how Ryley young folks fared

Grade 2 Piano Carol Wiens (Pass)

Grade 3 Piano — Hilda Hoeland (Honors)

Grade 7 Theory - Carol Wiens (First Class Honors)

All the above are pupils of Mrs. A. B. Press of Ryley

### Prevention of House Plant Pests

Home plants sometimes become the unwilling hosts of insects and diseases. This need not happen if you follow the precautions of pest control Alberta department of agriculture. Here are a few simple preventive measures:

Sterilize all soil you plan to use for indoor plants so that all harmful pests will be killed. Place moist soil in pan in oven for a half-hour at 200 degrees. If you prefer to use used, treat it to keep rot and blight away.

ANNOUNCEMENT

Mr. and Mrs. N. Sachen of Ryley wish to announce the engagement of their daughter, Ruth Gwendolyn, to Ralph Jean and Rod son of Mr and Mrs M Rud of Camrose. The wedding will take place July 25th at 4 o'clock in the Ryley United Church.

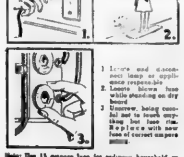
**Electricity Is Safe**
If you use common sense

"Here is what may happen if you fail to use common sense."

COMMON SENSE RULES:
1. Employ a competent electrician to wire your home and farm buildings.
2. Use approved appliances, equipment and cords.
3. Never handle cords or appliances with wet hands or while standing in wet places. Almost all places are wet enough to cause a ground for electricity. Wood and concrete floors have moisture in them.
4. Be familiar with directions for use of each piece of equipment—and operate it according to these directions.
5. Extension cords should not be run under rugs, over nails, nor around pipes or radiators, nor out-of-doors.
6. Always pull the plug—not the cord when disconnecting equipment.
7. Always replace a blown fuse with another of the same rating. Never use anything else as a substitute for a fuse.
8. Never touch exposed wires until you have turned off the power.
9. Call the nearest power office whenever your own service or the power line goes dead.
10. Always ground portable tools such as drills, hand saws, sanders, etc. before plugging in.
11. When moving tall machines or outbuildings, make certain there is ample room under all power lines.
12. Infra-red heat lamp installation should be of the best workmanship and material. Lamps should be suspended by chain or heavy wire, never by the cord. They should have heat resistant porcelain receptacles. Lamps should be protected from moisture and mechanical injury by a reflector top and hoop style guard underneath.

WHEN YOU CHANCE A FUSE



1. Locate and disconnect heavy or appliance responsible
2. Inserts blown fuse while standing on dry board
3. Unscrew, being careful not to touch anything but fuse itself. Replace with new fuse of correct ampere rating.

Note: The 15 ampere fuse for ordinary household or lighting circuits (No. 14 wire). A 30 ampere fuse can be used with No. 12 wire.

Remember - July 19th to 25th is FARM SAFETY WEEK

## Diary of a Vagabond

By Dorothy Barker

Maybe it was the housewife who dashed from her kitchen door waving her dish towel as the Royal train passed by, or it could have been the little girl who held her puppy on top of her head so that it too could see the Queen, that made the lump come up in my throat.

I am not usually given to emotionalism when on an assignment, but the spontaneous family and national display of loyalty as the Royal Train went through the little villages and towns along the way, gave me a new conception of my fellow Canadians' attitude toward Royalty.

White thousands packed the streets of the built-up areas, perhaps one of the most impressive displays of humans to Elizabeth Regina was the shirtless farmer who stood on the road of his tractor until a field of ripening grain and waved a sweaty cap with frantic enthusiasm. As we progressed over the hundreds of miles

# THE MERCURY

OLIVE PATRICK

Authorized as second class mail, Post Office Department, Ottawa.

## Beaver County No. 9 School Committee Meets

(Continued From Page 1

buildings for the coming year.

The secretary passed letters from the committee on assessment in Beaver No. 9 at Tofield in the sum amount of $2,124.27 and on Lamont No. 30 at Tofield in the amount of $1,124.00. This to be for material on job to be had for work completed to June 30th.

Moved that the information be received and filed.

In connection with these expenditures the Secretary reported that he be authorized to pay the accounts submitted by Watson (Tofield) Ltd. for $1,000.00 and the Tofield Co-operative Association would enable payments to be made somewhat quicker than if they had to be held for the Council meetings.

Moved that accounts submitted by Watson (Tofield) Ltd. in connection with the construction of the teacherages, be paid, providing they had been O.K'd by the building inspector.

Moved that Stan Kuhn be paid as inspector of the teacherages at Tofield, $3.25 per hour for one hour per working day.

The Secretary referred to the Committee a letter from Mr. Lars Olson, Chairman of the Teachers' Bargaining Committee, advising that as the School Committee could not consider any further revisions of their salary offer along the lines suggested by the Bargaining Committee and in their letter of May 29th and the letter from the School Committee did not indicate any desire on the part of the School Committee for further negotiations, the Teachers' Committee had felt that they had no option but to refer the negotiations to a Conciliation Board.

Moved that the information be received and filed.

In connection with the proposed purchase of a grader blade from Mr. Hinde the property of Mr. J. A. Bellhouse for $40.00, Messrs. Nelson and Starky who had submitted a quotation for the purchase of same, a committee consisting of Councillors Hinde and Bellhouse be appointed to meet with Mr. Bellhouse and report back to the Council as to whether or not same is required.

Moved that the Secretary be authorized to pay the accounts submitted by Watson (Tofield) Ltd. for $1,000.00 and the Tofield Co-operative Association would enable payments to be made somewhat quicker than if they had to be held for the Council meetings.

Moved that accounts submitted by Watson (Tofield) Ltd. in connection with the construction of the teacherages, be paid, providing they had been O.K'd by the building inspector.

Moved that Stan Kuhn be paid as inspector of the teacherages at Tofield, $3.25 per hour for one hour per working day.

The Secretary referred to the Committee a letter from Mr. Lars Olson, Chairman of the Teachers' Bargaining Committee, advising that as the School Committee could not consider any further revisions of their salary offer along the lines suggested by the Bargaining Committee and in their letter of May 29th and the letter from the School Committee did not indicate any desire on the part of the School Committee for further negotiations, the Teachers' Committee had felt that they had no option but to refer the negotiations to a Conciliation Board.

Moved that the information be received and filed.

## Witnesses to meet in Calgary

Mr. W. Anderson president minister of the local congregation of Jehova's Witnesses announced last week that the Tofield Congregation of Jehova's Witnesses had been invited to attend a four day convention to be held at the Stampede Corral in Calgary August 7 to 10. Mr. Anderson will head the local delegation of about 50 persons.

The convention is one of six in Canada being arranged for Jehovah's Witnesses by the Watch Tower Bible and Tract Society. Approximately 5,000 are expected to attend the Calgary convention.

Mr. Anderson reported that highlight of the convention will be the public address at 3 p.m. Sunday, August 10, when Mr. Fred W. Franz, of Brooklyn N.Y., Vice-President of the Watch Tower Bible and Tract Society, will deliver the talk. "When God Speaks to all nations."

## ROSS CREEK NEWS

ROSS CREEK—We were pleased to get that lovely rainfall. It did catch quite a number haying, but we have to take things as they come—eh, Sofar?

• • •

A big Sports Day, Dance and dance at the Community Centre Saturday evening, Aug. 1. Come out and meet your old friends. Hope to see you there!

• • •

The W.A. will have their regular monthly meeting at the home of Mrs. Bessie Peterson on Aug. 5 at 2 p.m. Lunch committee: Mrs. Winnie McLachlan and Mrs. Pat Miner. Roll call. Bring a novelty to roll for less than a dollar. Visitors are always welcome to attend.

• • •

A shower party was put on in honor of Miss Gosia Hajley and Peter Lamash at the Pauhu Community Cwgn. Saturday

They are to be married August 7th. A large turnout was on hand to wish them all the best. We were sorry to hear Pomeroy is ill. Mr. Mike Haley, had a stroke. We hope it won't be too serious and will clear up soon. Get well soon.

• • •

Mrs. Wilma Osborne and Helen Dwind and Mrs. Irene Osborne spent Friday afternoon visiting with Minnie Morrison

• • •

Mrs. Jean Dodge (nee Blair) has spent the past while babysitting at her folks' home, Bill and Anna Blair.

• • •

Miss Ruth Ferrel is now taking up nursing at the Cold Lake hospital. We hope she will enjoy it up there. All the best, Ruth!

• • •

Mr. and Mrs. Bernie Schacher and a visit with Cecil and Doris Bailey while in B.C. Hope you enjoyed your trip, Mary and Bernie.

• • •

Mr. and Mrs. Nick Kochka left for a trip through the mountains and a stop at Hot Springs.

Mr. Gus Kochka, Doris Kochkrich, Robert, Freda and Robin were guests with Dennis and Kenneth on Sunday.

Congratulations to Mr. and Mrs. Ivan Malcolm on the arrival of their new addition to the family — a baby girl. Blaine Mildred)

• • •

Mr. and Mrs. Elmer Bovsad of Grande Prairie spent the weekend with Graham and Al-

ma Schneider.

• • •

The Raymond McLachlan and other relatives and friends of the district attended the farewell party for Mr. and Mrs. Mike Osinchuk of Camsell. Mike and Dorothy will be missed in our community as they always were on hand for any activities going on. We wish them all the best in their new home.

• • •

The Archer Parrels and Steve Kochkas are busy building new homes. Best of luck with them, folks!

• • •

Mr. and Mrs. Neil Bailey and Mr. and Mrs. Howard Malcolm and the Ernie Ferrels were out to Moon Lake fishing over the weekend. By all reports, Neil and Howard were among the catch.

• • •

A birthday party was held for Peter Harpell Sunday after noon. A large turn out of relatives and friends wished him all the best — Alvin and Mabel Hauer were among the catch.

• • •

Mrs. Ira Boland and Mrs. Wm. Mc Lachlan took Lemic kiddies to the Vegreville fair on Monday.

• • •

Mr. and Mrs. Maurice Van Buskirk were Sunday visitors in the city.

• • •

Sunday evening Adolph and Kathy Wartenski called on Alvin and Mabel Hauer — A brother Walter took in the shower party at Pauhu Saturday night.

• • •

JUST A LITTLE CHUCKLE

A friend says — when you get married you want your wife to do everything you like to do! REPLY — How can I get her to if she is girls?

• • •

Mr. and Mrs. Andy Antonish are pleased to announce the birth of a new baby girl Congratulations Marjorie and Andy.

• • •

## LEFT TO WATCH HER PUPS DIE

Markham, Ont., township police are searching for the biggest dog owner in Southern Ontario—a person who callously tied a German shepherd to a tree, put her six pups in a box nearby and left the animals to die of hunger and thirst within sight of a stream. Above they were found by a young couple out walking their own dog, two of the pups have been placed in a home and the mother and remaining pups are at the dog pound.

the Snapshot Guild

A 1-year old, a couple of rabbits and a toy chick, and you have the makings of an unforgettable Easter close up.

Keep This Easter in Pictures

There's one thing about these inexpensive, popular-priced cameras that the makers must have had prominently in their minds—their ability to take Easter pictures. Parade and other Easter festivities of every description are ideal picture-taking occasions. There are so many picture possibilities that you can't take a few snaps and be satisfied. Be sure to keep going and shoot spool after spool. That's the way to get good Easter pictures.

Parade Sunday with Mother and the children all dressed up for church, how about a snap of them just before leaving home or when they return. It's a souvenir kind of picture that you'll prize later on. Then when you are out to see the new styles that are shown in the Easter Parade, you'll want some more shots of the family and of some of the fashion models.

Here, again, you have the advantage of simplicity in the camera—a make-up because all you have to do is "aim and shoot". And this holds good if you are using color film or taking movies—just "aim and shoot"; that's all.

Of course, you know how to hold the camera very steadily and to press the trigger smoothly. No jerking if the model, car, or other object is moving—snap it at an angle as it approaches and as it recedes you get a thrill. That's the way to get action pictures that don't look like mere fixtures because of movement.

For your Easter picture story you'll probably get the fun out of picturing the children, especially if they are [illegible] You might [illegible] if they do a good coaching job, you'll take a movie picture. They'll love that and so will you when you see the results.

To stage an unforgettable close-up all you need is a five-year-old girl or boy all decked up for Easter, a white rabbit and a couple of toy chicks, such a combination as you see in our illustration. In black-and-white, color or in movies, you've got the makings for a gem. Sure, it means going to a little trouble but what of it? Good snapshots frequently just happen but the ones you'll probably prize the most are the ones that you take the time to set up with appropriate props, good lighting and a fair amount of patience.

Snapshots taken "on the spur of the moment" are often thrilling, interesting and a lot of fun but when you plan a picture and endeavour to make it tell a story — that's good snapshooting.

— George E. Hay

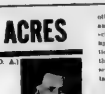
## GREEN ACRES

(By N. A. Clemis, D. A.)

SCHOOL OF AGRICULTURE COURSES



The Provincial School of Agriculture and Home Economics will hold regular courses again this coming winter. The courses have been slightly changed from previous years to provide more specialization. Young boys and girls aged 16 to 17 years and up should look into the possibilities offered by the School of Agriculture. Application forms and a calendar of the courses offered can be obtained from your D.A.'s office. Only a nominal fee is charged of students attending. The school offers winter courses only and the period for the forthcoming term is October 27th to April 6th, 1960.

Besides practical and scientific training obtained at the Agricultural school, there are many other benefits that farm boys and girls derive by living at the school residence which offer many experiences. Again applications forms and a calendar on this year's activities at the school of Agriculture can be obtained at this office.

It is sincerely hoped that several boys and girls from this County will find it possible to attend the Provincial School of Agriculture this forthcoming term.

**Rural Electrification Section**

A new bulletin on Rural Electrification is now available from this office on request Rural electrification has expanded to almost every farm and has resulted in use and need for information on proper use of electrical power on these farms. The purpose of the publication is to acquaint the rural user with electrical terms and meaning, to assist in planning for the eventual use of electricity on the farm, and to familiarize the user with the various types of electrical equipment and their characteristics.

**Soils Field Day at Lacombe**

A crop management and soils Field Day will be held at the Lacombe Experimental Farm, Lacombe, on July 31st at 1 p.m. Farmers from this area are welcome to attend. Details on the program can be obtained from this office.

**Socialized Discusses Rural Life**

Canadian farmers like their independent way of life, but dislike the uncertainty of income that goes with it.

These are part of the findings of a survey carried out under the auspices of the Canadian Council on Rural Life Development.

In Hahn C. Abell, rural sociologist with the Canadian Department of Agriculture. About 700 people were interviewed in Ontario and Alberta on what they considered to be the best and worst in rural living.

Explains Dr. Abell "When these values are expressed and carefully considered, it becomes possible to formulate plans to perpetuate & improve the best things and to overcome or, if necessary, accept the worst."

**The Best in Rural Living:**

**Closeness to Nature,** with plenty of fresh air and privacy.

**Friendliness** and neighborliness of the rural community.

**Increasing availability** of running water, electricity and labor saving machinery.

**Economic advantages** — the opportunity of owning a home and farm business, a lower cost living and freedom food products.

Special educational services, such as home economics and other agricultural extension courses, music festivals and an increasing number of consolidated schools.

**The Worst:**

More than half of those interviewed mentioned economic factors including irregular, uncertain or limited income, uncertainty regarding crops, weather or farm labor, long working hours and hard physical labor.

**One-half to one-fifth added:**

**Scarcity or poor quality of community facilities** (sometimes both) including schools and roads, a scarcity of medical doctors and registered nurses, little fire protection, and a lack of cultural facilities.

A lack of convenience on the farm, particularly an inequality in living standards and the work involved in heating up an old home. Certain personal or personality characteristics of some rural people such as self pity, intolerance and a lack of interest and participation in some community affairs.

Unsanitary and objectionable conditions, roadside litter and garbage flies and mosquitoes, sanitation in some rural schools and houses.

Concludes Dr. Abell: "Today more and more rural people are conscious or unconsciously weighing the best and the worst of rural living in deciding whether to join the flow to the cities or remain on the land or part of the small population of Canada."

POWER

FROM ALBERTA'S "UNKNOWN COUNTRY"!

New multi-million dollar Brazeau River Project . . . another forward step in Calgary Power's long-range planning to maintain LOW-COST POWER

CALGARY POWER LTD. has a multi-million dollar belief in Alberta's progress! While serving the province today, the company plans now to build ahead to maintain efficient, low-cost service tomorrow.

Latest news of Calgary Power's long-range expansion program comes from one of the most isolated regions of Alberta — the lower reaches of the Brazeau River. In this virtually unknown area of dense forest and muskeg, work is under way on a new power project that will benefit, in particular, industrial consumers . . .

When completed in 1964 this important hydro project will complement the 144,000-KW base-load thermal plant at Wabamun. The new powerhouse and dam (towering two hundred and thirty feet above the bedrock of the river) are designed for economical peak-load power. From the "big house" at the Brazeau will flow low-cost, dependable power for the "busy periods" when it's needed most!

Watch for further reports on the Brazeau Development — one more example of constant forward-planning at Calgary Power Ltd.

CALGARY POWER LTD.

HELPING TO BUILD A BETTER ALBERTA

## "Peyton Place" an outstanding picture

Peyton Place, coming on Aug. 13, 14 and 15, is a wonderful drama with a few very humorous interludes of the bars, cruel but honest appraisal facts of life. Certain scenes, such as the alcoholic stepfather violently attacking his stepdaughter, or another where mother and daughter fall in love with the same man, create circumstances that are extremely confusing to children, so that this is a highly adult picture and for that reason no children's tickets will be sold. Only adult and student admissions will exist, and as this is a road show, prices must be advanced to $1.00 for adults and 75 cents for students.

Showing at Paragon Theatre, August 13, 14, 15

Showing Tues. & Wed. August 11 and 12

The Defiant Ones

Thur., Fri., Sat. August 13, 14, 15

## ROSS CREEK

ROSS CREEK Sympathy is extended to the families in the passing of Mrs Stanley Kenady and Mr Joe Kleinhuk the past week.

Little Allan Paul McLachlan, son of Raymond, celebrated a birthday on the 28th by having a party. Allan will be starting to start that first big day in September when school begins. Just turning six years old.

Congratulations go to Mr and Mrs. Raymond Lapachinsky on their marriage August 1st. The bride is the former Rheen Hanson.

Congratulations go to Shirley Whitworth and all the other students making their grade eleven. Best of luck all the way Here's wishing the same to the grades nine and twelve students.

We think the president of the Athletic Club should be congratulated on the way everything went on schedule on August 1st. It is certain Graham is very pleased at the way it all turned out as successful and would want to thank all the folk for such as it that way Thanks a million.

Mrs Gene Koshka and a couple of friends left on July 31st on a three-weeks vacation in Western Canada.

Arthur and Olga McLachlan and family, of Edmonton, took in the Sports Day and visited with the George McLachlan family. Wayne won a nice Bingo prize to take back home.

We were pleased to see former residents of Ross Creek out at the Sports Day Mr and Mrs Don Peister, Mr Ralph Strand, Mr Ray Herndon, Mr and Mrs Arnold Schneider, Mr. and Mrs. Boyd Strand and family and Mrs. Jessie Strand.

Donald and Doreen McLachlan of Barrhead spent the weekend at Don's parents, Floyd and Andrew taking in the Sports Day

Harvey and Helen Farrel of Edmonton took in the Sports day, visiting over with Harvey's folks, Arthur and Mary Farrel

Doris and Russ Kushniruk, Norm, Velma & Corrine Schwartz Robert, Freda and Robin Olson of Edmonton all took in the Sports Day visiting over with Bessie and Kenneth Pederson

Heather best wishes to all the sick folk or accidents — hope you will be in the best of health real soon. One's health is more precious than gold, Please take care of it!

Will try to have more news of interest from the district next week. We are happy to have five visitors rules.

## MINISTRIK

MINISTRIK Mr and Mrs Vic Pasin of New Mexico and Jerry Pasin of Edmonton are spending their holidays with Mr. and Mrs. A W Holmes

Mrs. Norman Whitmore and Peter, of Edmonton, visited with Mrs. S. B. Georgeot Monday evening.

Mrs Harold Schultz and children and Mr and Mrs N. Rumka and children, Arthur Stokham and Mrs. Mamie Hansen were Thursday evening callers on Mr and Mrs. D Gourley and family Mrs Hanson stayed with Clara and Dave until Friday night.

Mr and Mrs. John Klassen of Kelowna, B.C. visited with the Holmes' on Monday afternoon. They are old friends of the family. Mr. and Mrs. F Kading of Edmonton called on Sunday afternoon.

Mr and Mrs. Steve Billis and Mr and Mrs. Ken Hare and children and Don Grunsnell were Sunday visitors at the S. Kerr land home.

Mrs M. Kadko of Vanscouver, B.C., and Mrs L. Diamond of Edmonton were callers at the S. George home one weekend.

Mr and Mrs. A. Ferguson and Gary and Jackie Ferguson were in Edmonton one day last week

Mr. Purdie of Lac La Biche, and Mrs. H. E. Williams of Edmonton visited with Betty, Keith and Marie Williams over the weekend.

Neil Waters spent the weekend at Byron Lake attending the B.A. sports day Lil and the boys visited with Lil's mother in Edmonton. Ray Waters called on Monday night.

Mr and Mrs Walter George and family and Mr. and Mrs Bill George and family were callers at the S George home over the weekend

Mrs. George Kleinsorge spent several days in the Tofield hospital last week We hope she is much better again

Glad to report Ian, that Lavrie and Gindy Bowbey's mother Mrs. A. Lawrence, is home from the hospital.

Mr S. George and Doug attended the football game between Edmonton and Ottawa on Monday night.

## OF MANY THINGS

BEATING THE TIME SQUEEZE

I grab every new book. Few of them entice me. Most of them are old ideas dressed up. Seldom do they contain anything startling or original. But I read. But I keep grabbing, because one idea or even the germ of an idea is worth a great deal of reading. Last night I read a book that really excited me. It has germs of noble ideas! It deals with the strangest commodity in the world — time. It is called "The management of Time," written by James T. McCay, and published by Prentice-Hall, Inc of Englewood Cliffs, New Jersey.

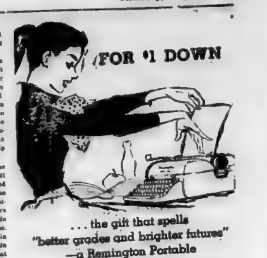
Measuring time is a problem faced by everyone — farmer, housewife, business executive, and more and more of us feel we are caught in a time squeeze. We try to beat it by ways to still harder over longer periods of time and in some extend succeed. But the real leader, according to McCay, has four outstanding traits. He has a follower. (2) He demonstrates to people the best method of getting what they want. (3) He is the best man at managing time.

McCay puts the emphasis on the fourth point. He says that any man who aspires to leadership in his field these days simply must not be a spendthrift of time. He must "learn to guard it with resolution, to handle it with precision, and to invest it with acumen". By doing this, he will find he has a wealth of time for leadership and development.

McCay acknowledges that the book is the result of his own additional experiments in self-management And as existing advancer it is. One of a firm of psychologists who attempt to help business leaders to solve problems. McCay made some interesting discoveries. Men at the top are top men in countless ways, not only in brain power. They have spent a great deal of the time they managed by managing time in self-improvement, and in the improvement and inspiration of their associates.

McCay specializes in passing this kind of information along to them and so who do not have at our disposal a battery of psychologists. The talk to how to manage time, not on that we may half lessen, but as we may, to supplement, improve ourselves and contribute more to the world we live in. And as a payoff for applying the principles he deals with you may expect a raise-of from the goodness of time.

Those who feel that their success or failure depends on luck or rich cousin or pull will not care for this book at all. Those who know, instinctively, that in this world you get pretty much whatever the book or a guide to increasing their worth. The trouble is that those who need it most will be least likely to read it. They won't have time!



... the gift that spells "better grades and brighter futures" —a Remington Portable

Now the youngsters in your home would welcome a Remington Portable. It's the perfect gift with which to help "make smarty grown-up now — the perfect gift for helping them to brighter futures. Grades just naturally improve up to 20%, when they can do their homework on a Remington Portable. And when they start that all-important first job, their typing experience will put them far ahead. Don't delay—come in today!

## Beaver County No. 9 School Committee M

(Continued from last week)

In regards to the plans that had been leonied at the Woodburn school, and moved from there to Tofield, the Secretary referred to the Committee a letter from Mr Selmer Olesenberg of Edmonton, who had taught at Woodlawn school for a few years 22 years ago. Mr. Olesenberg advised that several people in the district, had, through petting on a play, amateur show etc., been able to raise the sum of $35.00 and that, with this money they had been able to purchase the piano that had been used in the school and the community, and, that this was the piano that was new used in Tofield. He felt that he wanted to explain the situation and that he thought that the logical place for this piano was now in the Tofield school, where the present school population of the Woodlawn district would continue to get the use of it.

In view of this letter and the letter received from Mr. Cecil Williams and Stanley Brown, referred to the Committee at the previous meeting, the Committee felt that the piano should not be paid for, and that the piano should be left at the Tofield school, and it was moved that the letter from Mr. Selmer Olesenberg be received and filed, and that the piano be left in the Tofield school for the use of the students there.

A letter from Tofield Service Garage, stating that they had been given to understand that the grease jobs for the school buses at Tofield would be offered for tender, was placed before the Committee.

It was moved that we call for tenders for the oil change and grease jobs for this school buses stationed at Tofield, and that when this work is being done, some safety checks in regards to wheels, brakes etc., be made.

Apprentice Progress Report from the Apprenticeship Board and Tradesmen Qualification, in regards to Mr. Neil R. Reid, who had completed his first year of instruction in the Motor Mechanic trade, was placed before the Committee.

The report indicated Mr. Reid had attended 288 out of a total of 288 hours; that his school rating was 78 per cent; the Apprenticeship Board rating 86 per cent; the employer rating had been 83 per cent, and that he had been awarded First Year Technical credit.

Moved, that the record be received and filed, and that a letter of congratulation be given Mr Reid for his excellent progress in his work at the Technical School in Calgary.

A letter from Mrs. Day R. Fairbrother, secy-treas. of the Spisslend Ladies' Club, requesting that the Club be given the Spisslend school to be used as a community centre, was referred to the Committee

Moved, that the Secretary advise Mrs Fairbrother of the procedure in this case, and that if the Club incorporate under The Societies Act the school property be transferred to that or taxation

A letter from Mr. L. S Johnson of Ryley, advising that he was prepared to sell his school bus to William Easiely of Haight; and a letter from Mr Easiely advising that he had agreed to buy the contract and the school bus from Mr L. S. Johnson, were referred to the Committee.

Mr Johnson and Mr. Easiely interviewed the Committee in this connection and were advised that the Committee had no objection to the proposed transaction, providing Mr. Easiely realized that it could do some time be the decision of the Committee to take over the route, as it was the policy of the Committee to gradually take over all bus routes in the County. The contract would be given for three years with possible renewal.

After some discussion, it was moved that a contract for this route be entered into with Mr. Easiely for a three-year period.

Moved, that the resignation submitted by Mr. Chester Lund of Bruce, as driver of Bus No. 6, be accepted.

Moved, that Mr Geo. Boire be advised that his application for driving school bus No. 6 on the Tofield to Holden run, will be considered; that Mr. George Lund, be requested to file application to drive bus No. 15, be advised that it is unlikely that bus No. 15 will be operated during the coming year; and that Mrs. Peter Bonnet be advised that she will be retained as a second bus driver and that, as per her letter, if necessary due to road conditions, her son Leonard would be allowed to drive providing he obtains his chauffeur's licence and obtains the required medical certificate.

Mr. R. Brown appeared before the Committee in connection with his bus contract which expired on June 30, 1959. The question of his contract was discussed, it being realized by the Committee as well as by Mr. Brown that this particular route may have to be changed on a larger bus passed on this route in the future. Mr. Brown stated that for the coming year he would have 18 students to transport.

It was considered that year to year contracts should be given in this particular case, and it was moved that Mr Brown's contract be renewed for one more year.

Moved that Secretary be approved for payment to the following Secretary students: Helen J. Heryhiwsky, Alfred Steinwand, Linda M. Neufeld.

A report on the school repairs to be done during the 1959 holidays, was referred to the Committee, and it was moved that the suggested repairs and painting and cleaning as outlined in the report, be carried out.

Cr. Johnston suggested that the walls and ceilings in the old school should be painted, and it was decided to refer this to the maintenance foremen.

Cr. Johnston also mentioned that the George A Hawkins residence purchased years as the swinging doors on the entrance doors were freezing shut every winter, and it was decided to further consider this at a later meeting.

Cr. Johnston also mentioned that some grass seeding should be done in the Kinsella school yard, and it was decided to refer this to Ken Dayton, the Field supervisor.

The Committee decided that it would be necessary to provide for another school bus for the coming year, and Mr. W. J. MacMinn of the Western School Bus Sales and Exchange Ltd., attended the meeting.

After some considerable discussion the Committee decided to purchase a 48 passenger G. M. C. School Bus, 1960 model The price quoted on this vehicle was $6,704.00 It was however moved that we offer to pay $5,600.00 for the 1960, 48 passenger G. M. C. school bus and the offer was accepted by Mr. MacMinn

Moved that we request the Municipal District of Lamont No. 52 to make some improvements to the road south of Sections 4, 5 and 6, in township 53, range 18, west of the 4th meridian.

The reason for the above being that one of our school buses travels over this road which is in poor state of repair. The Secretary was requested to point out that we pick up a number of children from the Lamont School Division on this road who attend school in the County

Mr Clister informed the Committee that someone had approached him in regards to the purchase of the furnace at the Sedberg school, and some discussion in regards to the price for this furnace ensued.

It was considered that the furnace could be offered for tenders at the same time as tenders were called for the Sedberg school.

Moved that Sedberg school and the furnace at the Sedberg school be offered for tenders

Moved that this meeting adjourn to the call of the chair.

## Garden Graph

By DEAN HALLIDAY

"OFF WITH THEIR HEADS"

AT THIS season of the year, one way to keep the garden attractive calls for constant use of the shears. Cut off those flowers and, next pods, both for appearances' sake, and in some instances to hurry 2 second bloom.

For one example, zeppelin, more often known as Columbine, can be caused into 2 second bloom if cut off when it is only dead if the young seed pods are removed as shown in the picture. Other perennials that benefit from the plants' energy being used over Forney buds with some frequency are:

Delphinium, which will produce more stems of flowers and foliage if cut off when they first fade the older varieties. The new hybrids will bloom also double if the brown flower stems are cut off near the foliage, as shown in the Garden-Graph. Asters, hollyhock, cosmos, chrysanthemum, delphinium, marigold, snapdragon and stocks, among others, will make a similar encouraging growth if seed pods are taken out. Finishing the list likewise of all the plants listed, except delphinium, will force branching and a more compact plant.

Annuals blooms will come to the delphinium if cut just below the fading flower stalk and then again cutting out the stalk entirely after the leaves begin to unfold on finishing their second bloom.

FREEZER TRICKS & TIPS

DO KEEP an inventory record of the foods frozen.

DO FREEZE only recommended varieties (write in this address for a list of recommended varieties for freezing.)

DO Use materials which are moisture-vapor-proof.

DO Seal all packages with freezer tape or wire twister.

DO Leave expansion room in containers holding cut-up-cut fruits and vegetables.

DO Label all packages fully, and date them.

DO Keep packaging materials in a cool place, where they will not dry out.

DO Freeze fruits and vegetables as soon after picking as possible — 1 to 2 hours.

DON'T FREEZE salad greens, lettuce, crunch celery, cucumbers, watermelon, cooked egg whites or potato desserts

Don't put very hot foods in waxed tub containers.

Don't re-use broken or pasteured containers.

Don't waste plastic containers to very hot water.

TRY FREEZING —

Popsicles for kiddies. Use Orange juice or lemonade and freeze in ice cube trays. Put a tooth pick in each before it freezes. These are more nutritious and a good size for small children.

Baked Beans: Don't eat baked beans all week but because you have cooked a large quantity

Cool thoroughly pack in pint-the bags or cartons and freeze quickly. You'll have a quick super ready after a busy day.

For an excellent freezing guide write to this office for our bulletin, "PRESERVE BY FREEZING"

A necessity on almost any farm, a good sturdy truck saves you time, work and money in a hundred ways.

If you're short of ready cash for such a profit-building purchase, FIL may be your answer. A B of M Farm Improvement Loan can put a new or used truck to work for you on your farm very quickly. Why not talk it over with the manager of your nearest B of M branch this week?

If your proposition is sound, you can get a B of M Farm Improvement Loan for any type of equipment you need on your farm.

## GREEN ACRES

(By M. A. Cleesh, D. A.)

RED-BACKED CUTWORM PROBLEM — 1960

A warning is being sounded to farmers of the Parkland area to guard against the Red-backed cutworm by the Canada Agricultural Research Station of Lethbridge and Saskatoon. These stations state that everything points to an increase in cutworms next spring.

If you are in need of a rum, place your application early advises Mr Chernetski. Rums can be obtained through the Department of Agriculture Sheep Improvement Policy where assistance is provided for purchase of them. The supply of rums is very limited and sheepmen are advised to place their application early. Applications are available through this office

MILK AND YOUR CREAM GRADES

To maintain high quality cream and milk, most dairymen are aware of the requirements necessary for proper handling, storing and maintenance of milk and its products.

Good pasture and feeding practices of it's milk herd are also essential for quality production. Proper cooling of the products is the last 10 minutes as well as clean utensils and proper sterilization of the utensils To aid dairymen that may have a problem with their cream or milk grades, the Dairy Branch has published several publications giving recommendations in practice of high quality milk and cream To latest publication is entitled "Cleaning and sterilizing milking machines. Each step in this connection is carefully described This publication states with others can be obtained from this office upon request.

—s—

Asunet. If weed growth develops in August it should be destroyed even though this may mean that the crops will be broken up on fallow land

SHEEP

Sheep have a place on farms Sheep have a place on many farms. A worthwhile sheep enterprise should consist of 50 or more breeding ewes. Financial ability into a sheep herd of this size is relatively low Cost would entail buying ewes, winter shelter, fences, etc.

If any farmer is planning to increase his livestock numbers, it may be worthwhile to consider sheep Commercial ewes can be purchased through the Alberta Department of Agriculture. A.J. Chernetski, Livestock Supervisor advises that now would be the time to place orders for breeding ewes as later in the fall, buyers from Eastern Canada and the U S pick up most of the breeding stock from Alberta

# County Council holds July meeting

The regular monthly meeting of the Council of the County of Beaver No. 9, was held on Thursday, July 16th 1959

Mr Frank Zelinski attended the meeting and requested some gravel on the road east and north to Kinsella from his place. He stated that the road west and north to the Highway, thence to Kinsella, would make the mileage that he has to travel to get to Kinsella, double to what it would be if he could travel the road east and north.

Cr Johnston felt that he could not promise that he would do any work on the requested road this year, as in his opinion other roads in the area needed to be improved worse than this particular road

It was pointed out that it was only during wet weather that Mr. Zelinski would not use the road in question Mr. Zelinski mentioned that he was not the only ratepayer that was using this road, but that others to the south were using it as well. After some further discussion it was moved that Cr Johnston attend to this request as soon as he has money available, for this particular work.

In regards to the suggestion from the Agricultural Service Board that Malcolmn should be kept for sale, in pasture winning this particular insecticide, in the County office, was not considered. Mr Bertos pointing out that all the drug stores and hardware stores in the area handle this particular insecticide, and that there was actually not a very great demand for it.

Business From The Minutes

In regards to the Old Age Home to be constructed at Viking, the Secretary advised the Council that the Village of Holden had withdrawn as one of the signators of the Master Agreement, and that he had forwarded the Master Agreement signed by the County of Beaver No. 9 to the Town of Viking and the Village of Ryley, to the Department of Public Welfare.

Moved that the report be received and the Secretary's actions concerned in.

In reference to the alleged trespass on N. W. 25-46-13-W5 by County employee, Cr. Johnston reported that upon investigation he had found that there had been no trespass; that the brush had been cut on the proper road allowance at this particular point, where up to now, there had been a slight diversion, and that he had so advised Mr Sigurd Lefsrud, Barrister at Viking MOVED that the report be accepted.

The Secretary reported that in response to request to the chief Brides Engineer, Department of Highways, the Department had established a 20-foot pre-cast or treated timber bridge at a point 1 1/2 miles east and 1 mile north of Po-

MOVED that the information be received CARRIED.

In regards to a letter from the Kinsella Community League dealt with by Resolution No 261 dow to the end of the N and S mile the Secretary referred to the Minister re: Act of the Municipal Districts Act Council to pass a by-law to allow the Kinsella Community to be a subdivision and dances to be held and dances held in connection

MOVED that the owner of this property, being Lot 7, Block 6, Plan 1242 W, Kinsella be advised that unless she takes some action to either improve the building or remove it, the Council may proceed to pass a by-law under the short-mentioned section of the Municipal Districts Act. CARRIED.

CORRESPONDENCE

A letter from Mr. I. Morris, Executive Assistant, Department of Municipal Affairs, in regards to Flood and Tuberculosis Hos was referred to the Council.

The latter indicated that complaints had been received from DUMEY Companies that in some municipal districts, road improvements are being made with assistant beachlopping of timber, which undermines the power line poles, without notification being been given to the power company concerned. The Dumey Companies take a very dim view of this practice and point out the dangers of this practice.

The letter suggested that the regulations in this regard be strictly adhered to.

MOVED that the letter be received and filed. CARRIED.

MOVED that this information be referred to the road foreman so that he may have knowledge of the regulations. CARRIED.

MOVED that information from the Department of Agriculture, Prairie Farm Assistance Branch, stating that Townships 47-16, 46-16 and 49-16-W16, had been found ineligible for payment under the Prairie Farm Assistance Act, be received and filed. CARRIED

A letter from the Chief Municipal Inspector advising that Mrs. R. Fedoruk of Holden had completed by letter to him, in regards to the road west of Sections 36 and 25-46-16-W4.

The Chief Inspector requested that the Council take any action they deem necessary, and that Mrs. Fedoruk be advised direct in the matter

(Continued next week)

## Opening Ceremonies held at Legion Hall

Officiates at Opening

Frank Fane, M.P.

Gets Life Membership

Dick Mallow

Dick Mallow, President of the Tofield Branch of the Canadian Legion No. 91, was awarded a Life membership at the official opening of the Legion Hall Wednesday afternoon.

A committee ceremony mixed with business ended plans for a parade but this act was shelved because of the rain. The official opening was the program for underway.

Mr. Mallow was then presented with their membership and duly a lapel button by Frank Fane, M.P. for the impressive ceremony.

Color was added by the scarlet jackets of the Fire Fighting Band, several ex-servicemen and the Girl Guides.

Colors were flown from Harry Hall's upstream and the Legion's new flag was flown for the first time. The new flags a union jack and the Legion's crest were purchased recently from a Montreal firm.

Norman Glover master of ceremonies for the morning gave the history of the local branch. The small local unit, which at its birth had only the bare minimum number 9 had as an objective the erection of a memorial to honor of their fallen comrades.

Realizing of their aim is set down in the monument erected on the Legion grounds.

During the years of World War II Branch No. 91 knew a period of inactivity, but with the return of men after the war the Branch revived and a meeting was became a necessity.

Until 1947 they met where ever space was available, until the Community League offered them the space behind the skate in the new Community Centre.

All was well until the League found it necessary to install a furnace — and to find the space.

So the Legion members got busy with saws and hammers and box of nails to build a floor over the furnace room. By 1948 their efforts were rewarded for their new room was ready.

Then disaster struck the Community Hall burned, and with it the Legion room. For a while meetings were held in the members homes and move to the lot by the Cenotaph. The move meant only hours had to be spent in the grounds and shaping it into the pretty spot it is today. Again the hon. President Matthew who has assumed the responsibility for getting the grounds completed and the interior of the Hall decorated in time for the official opening.

Greetings and congratulations were brought to Branch No. 91 by Tofield's Mayor Frederic Earl Munroe, who is in charge of immigrations as Western Canada Commissioner. Reeve Rabbass, representing the Royal Canadian Navy and HMCS Nanaimo, and Constable Hales, Boys Commander for Provincial Command.

Mr. Hafer, of Viking, presented the Membership to President Mallow and he does so explained that this membership is honored not only in Canada but in all countries of the British Commonwealth, as well as all the allied nations.

Through the years of service Legion Hall Branch No. 91 has seen many who've served and were failed to receive forward for examination.

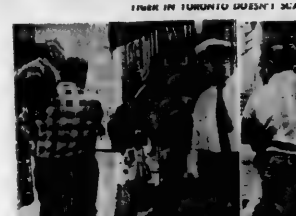
However we are grateful to all the families and individuals who did come and to keep their records. Among those present the afternoon were members of the local Legion Ladies Auxiliary and the Legion Band.

ENGAGEMENT

Mr. and Mrs. Fred Banks of Dodds wish to announce the engagement of their eldest daughter Elsie Mae to Mr. John Marvin Gunderson, eldest son of Mr. and Mrs. Gunderson of Tofield. The wedding to take place in the Tofield United Church, 10053 Street and 52nd Ave. Edmonton, at 2p.m.

---

"TRUCK IN TORONTO DOESN'T SCARE ANYONE"



A Bengal Tiger named "Smitty" made a final safari along Yonge St., Toronto, Ontario as Dave Furlong delivered him to a customer for a zoo. Smitty munched them in the jungle but the boy and woman shown above were little more than stirred at the sight of the beast.

---

## Local Sea Cadets to attend camp in B.C.

Four local Sea Cadets will leave Monday for the Cadet Camp, Comox, B. C. The trip will be made by a contigent of sixteen Able Cadets from R.C.S.C. "Nootka". The four Able Cadets from Tofield are Ray Pittet, Bill Glover, Alan Watson and Dennis Simonson. The C. O. is Lt. Bilyk, Holden and Father Purcell is the Catholic Chaplain.

Those young men will fly in a chartered TCA plane. Their training will include, sailing, drilling, lectures, swimming, rifle range and sports. A permanent staff of R.C.N. officers as well as retired men will supervise. As well as the Tofield cadets, Ryley, Holden, and Viking cadets will also attend. There will be 300 Able Cadets attending the camp.

The boys are very fortunate in making this two week stay with no expense.

## Five Lions receive Attendance Pins

At a Lions Club meeting on Tuesday night, Mervin Mashuk reported that Mrs. Jim Fisher was the winner of the July Suit-of-the-Month.

President John Wahpowski and Secretary John Wall reported on a two-day Lions Leadership Convention held in Edmonton on the weekend.

Perfect attendance badges were presented to five Lions. They were, Gordon Cantrell, Cliff Patterson, John Wahpowski, Allan Warner and Bob Kahrehahl.

## Tofield wins semi - finals

Tofield has advanced one step up the play-off ladder this week with three wins over Elk Point. In spots Sunday they took both ends of a double header by identical scores of 7 to 6. Wednesday evening in Edmonton they clinched the series 8 - 3.

Sunday Lefty Bolter pitched a no-hitter to win the opener and Ed Williams only gave up 2 hits to register his shut-out. Jerry Cordingley & Gus Bailey touched home runs in the opener.

Wednesday night Bolter pitch-ed another victory and catcher Wayne Mullens collected 4 hits.

This Sunday they play City Police in Edmonton for the chance to represent Northern Alberta

## 1,341 persons take advantage of free X-Rays

The C-unit X-Ray Clinic had a steady stream of callers during its three days' operation in the field Evan on Saturday morning. In spite of the mostly rainy days, a total of 1,341 persons took advantage of the mobile unit. Of this number 796 (two hundred and eight) persons took advantage of the free X-Ray Clinic

The total number x-rayed during the three days amounted to 1,211 (two thousand, three hundred and forty-one)

According to the survey there were 1,000 persons registered for examination.

In the interest of Tuberculosis Control every available person should take advantage of an opportunity if possible, to have a Free Chest X-Ray. Making sure because you think on today it can be seen that some have many who've various reasons failed to come forward for examination.

However we are grateful to all the families and individuals who did come and to keep their records. Among those present the afternoon were members of the local Legion Ladies Auxiliary and the Legion Band.

## Tofield 4-H CLUB NEWS

The Tofield 4-H members are proud to announce that their fall show won first prize in the class in the Canadian Fair pound. The float has now won prizes at all second and third fairs.

This will be the last showing of the float this season, as it is time we would like to all those who so kindly assisted us in our many endeavors. A special thanks to Mr Alan Bruce who kindly trucked our float to Camrose.

Bill Gill
Club Reporter

## Jubilee Jottings

(From the Diary of Mr. George Carlson Jr.)

Aug 10, 1909 Flax, clear morning. Sid making hay. Her hot and sultry. Mrs Tofield and Mrs Jack Hoogland called on the afternoon, also Mrs. Morton and Mr. McNally in the evening. Annie and the children to the lake for a bathe. Ada went to town in the buggy

Aug 14, 1909 Annie and Ada went to town and from there to George's to see his wife and young son, Willie Tofield is now Dobertson Jack Dawson

* * *

Since this has been the week of the official opening of the Legion Hall, it might be appropriate to report an incident recorded by Mrs. Mildred Thomas about the First Street War.

During the War, in 1918, the flu epidemic reached its peak. Tofield was one of the towns under quarantine (dates when were ordered were Trains could stop but to off and load and pop pins but people could not enter or leave town. During the train stops the station staff (of which I was a member) had to don masks hastily — as we took it in turns to hand requisites of ownership There the staff who did serve and be treatment folks who were well paid pots of soup to be taken to the stricken families

Northern Valley were billet of all the Hotel and one or two private homes. They were Nationals, Canadians and Whites. Mr Mc Mullen was proprietor of the Tofield Hotel and one of those billeted there. Mrs Mc Mullen showed that she was a real lady by the way she placed her self at the disposal of the sick and dying. She offered to help in the kitchen and to do any nursing that was required. Mrs Mc Mullen showed that this appeal was not in vain by the way she and the nurse party and the Red Cross Unit had no authority in this case.

A letter from the Red Cross Unit in Edmonton was received by the Tofield Council requesting that the sum of $1.00 per week per bed be paid to the Red Cross Unit in Edmonton for the use of the beds in the Tofield Hospital. The letter was referred to the Finance Committee.

Moved that the operators be advised that the Tofield rink will be opened.

A letter from Mrs. Blake, of Tofield, stating that there was need of re-opening some of the ditches along his farm the way Block 1. He had to stay, when the road was rebuilt some time or four years ago, some of the ditches was not completed, with the result that much of the spring run-off floods his property each year. He was mentioned that a similar situation had been corrected on the same road, was not properly installed and this culvert now is filled with earth and does not serve its purpose. Moved it at the Weathers Committee take this matter up and take appropriate action

Moved that we in response to a request from Rose Tomma, rent a room for him for a period of two or three months, at the rate of $5.00 per week.

Mr. P. Kenney Sec of Hall, was interviewed in regards to a proposed service station with roll — Skys — High way 16 at Hall. Requested permission from the Council to erect a service station at the said point, subject to all By-Laws, etc. Moved by Councillor Mc Murray and seconded by Councillor Mc Mullen, subject to all By-Laws, etc. Carried.

Mr. J. A. Turner, Secretary-Treasurer of the Tofield Agricultural Society, appeared before Council in regards to the Annual Tofield Exhibition. Their attendance on Wednesday and Thursday was not as large as anticipated due to the rain. Moved that the Society be granted the sum of $100.00 as a contribution to their prize list. Carried.

Moved that the Secretary-Treasurer be instructed to write to the Provincial Government requesting that the Tofield Agricultural Society be granted a Provincial Exhibition in the Tofield Hall.

Mr. J. A. Gibbons was present and requested the Council to consider the proposed purchase from Lots 14 to 17, Block 8 (continued on page 2)

## Local car to be in Yellowhead Caravan

Tofield is to be represented in the Yellowhead Caravan which will take place the 22nd of August. President of the Chamber of Commerce Bill Worton and Past President George Tyrell have stated that they plan to represent the section of Highway 16 on the Caravan

If anyone is interested they should contact one of these men immediately

The idea of the Caravan is to bring to the Federal Government the need of a North-south Trans-Canada Highway link. There is a strong feeling growing that Highway 14 would be a better highway for this than Highway 16

## POLICE COURT

On August 10, two cases were heard by Tofield Justice of the Peace in each case, speeding were charged with having allowed their motor vehicles to be driven by one who had no operator's license. each one being a juvenile Constable Wall charged the parents rather than the boys as the cases could in that way be dealt with more leniently and the youngsters would not then have the black mark of having been brought up in the Juvenile Court

Parents who are allowing their children to operate a motor vehicle without someone who has no operator's license with them, would take heed to these things. Also our J.P. expressed the opinion that juveniles have no business on the streets between one and two o'clock in the morning — especially such as for a cup of coffee

# OF MANY THINGS

By Ambrose Hills

**THE ROYAL VISIT**

I am the Queen. Time is due for such a few months at the [illegible] week by, but I enjoyed a thousands of others who lined the streets of Winnipeg on Royal Tour. In my opinion, it was a truly wonderful spectacle, and although I am a bit of a cynic about many things I continue to some staleness in the [illegible] a swelling in the throat when the regal couple swept by and the streets emptied apace. What prompts the emotion?

Well, to begin with she is a lovely woman. She looks like a fine person. Her husband beside her wayne of us all looked like a pretty decent sort. And it was a bright, cheerful, sunny day. The people along the street were well dressed, well fed, happy, obviously healthy.

A police brigade went by on motorcycles, but I we didn't look very arm. For the most part kidded them and the police had a carefree time, smiling readily. [illegible] the kids from [illegible] down off the curbs and onto the street.

There was no person in the crowd afraid of having his head chopped off if he failed to bow, or about the hair. There was genuine exhilarating happy cheering for the Queen. Time it was. Part of that is that Lethbridge has fallen, the harvest is mostly valuable black horse [illegible] lots are loaded by crane on to a $50,000 [illegible] barge which Ted and his father designed and [illegible] to lighters in the Huntsville. Out area are [illegible] Lethbridge-Sterling and the Clarks find it profitable. [illegible] are [illegible] valuable logs, each in various Big East [illegible] mark in the lake that there are in the forest. In our [illegible] Ted Clark directs raising of log he found at the bottom of Huntsville harbor.

**THE Homemakers**

Patricia Mansfield Director

Bingo Recorded, Vegreville

After an enjoyable three-week vacation, it is difficult to get back into the routine of everyday living. I hope that many of you have returned refreshed and eager to carry on with normal activities.

Out on the market are the new Valcro fasteners, based on the roothiker principle, without need of any kind. The fastener consists of two strips of material which, when pressed together, stick tightly and are separated with a peeling motion. This new fastener is making its appearance on a good many garments.

PROCESSED MEATS such as frankfurters, bologna and similar products, usually contain sodium nitrate to produce an attractive color and to aid keeping quality of "refreshability."

FROZEN FOODS should be kept at zero temperature in the home freezers and refrigerators. Temperatures above zero, even well below 32 degrees, won't keep foods at their best for long. Even when foods are kept at 15° to 20° F for brief periods, alternating with periods of zero or lower, damage will be done that may not always be visible. It is easy to see when peach slices turn brown, and poultry meat becomes dark, gravy soup bones lose their color, and orange juice concentrate tends to separate, when reconstituted with water.

**Pleating Synthetics:**

Pressing simple pleats into fabrics of cotton and wool can be quite successfully handled at home with a steam iron or a damp cloth.

When sending material to be pleated make certain the pleater fully understands what you want by marking out the type and depth of pleat on a piece of paper. Enclose a sample of the fabric for test purposes. The material needed is about three times the anticipated width of the finished pleated article if there is no professional pleater in your area. The Manhattan Pleating Co., 466 St. Catherine Street West, Montreal is a reliable firm.

## Accidents up; Slow Down & live

Mon. Albertans were injured in traffic mishaps during the first six months of 1959 than in the corresponding period of any year in the past, the Alberta Safety Council reported Saturday.

The total, figure said, reached 8,754, an increase of 238 over the same period in 1958 the previous record year.

Of the total, the Safety Council said, 3,187 the RCMP reported [illegible] Edmonton City Police and 1,000 the City Police 469, Medicine Hat 31, and Lethbridge 58, with other centres reporting the number in addition to traffic fatalities were reported in the six-month period including the 82 reported by the RCMP.

What caused these accidents? The primary cause is the man behind the wheel."

One spokesman asserted "That's clear from recent [illegible] studies which show [illegible] are 37 violations for every 100 drivers in fatal traffic accidents. Many drivers violated more than one law."

"These [illegible] he said, but most often occur [illegible] failure to keep right of the [illegible] and driving [illegible] to avoid [illegible] and driving under the influence [illegible] of our [illegible] following too closely, improper passing, improper turning, failing to signal, disregarding [illegible] signs and improper parking.

"Modern cars and specially designed [illegible] highways are free of [illegible] problems and [illegible] But the key to the [illegible] problem is with the driver himself. That is why this summer we [illegible] Slow Down & Live."

The Minister of Highways [illegible] stated that the increase and [illegible] accidents [illegible] highways [illegible] [illegible] [illegible]

IN MEMORIAM

VERGHETTE—In loving memory of Herbert Melvin Verghette who passed away August 6th, 1956. They say time heals sorrow, And helps us to forget; But time so far no only proved How much we miss him yet. God saw we struggle to take it, And courage to face the blow, But what it's meant to lose him No one will ever know.

Always remembered by his Mother and Dad. a13p

ROSS CREEK

Hello Folks! Well here we have surely had our share of it now, and hoping for a lot of lovely sun shiny days ahead.

Mr and Mrs. Howard Mallett Scott and Monte and Mr and Mrs Ian Malcolm attended the wedding of Ida Verbrugge on August 1. It proved just a little family get together at the Spruce Inn. Wish Congratulations and best wishes are sent to the newly married couple, Mr. and Mrs. Lou Sweet.

—o—

Congratulations to the proud district parents of baby girls born the past week. Mr. and Mrs. Bill Holtvirich and Mr and Mrs. Bill Yeomanish.

—o—

Mr and Mrs. Gordon Dunsett of Stettler have visited the George and Joseph McLachlan homes the past week. Edith and Isabel collins in having call on with Dennis Pedersen on Friday.

—o—

We are sorry to hear Mr. Bill Conroy has been hospitalized last week. We hope you're on the mend by now Mr. Conroy.

—o—

Mrs. Orson Ward who is at present teaching in Calgary and formerly taught in Tofield is visiting Mrs. Floyd McLachlan

—o—

Who owns a female Labrador dog, with a cut on one hind leg answer phones chain same at the Lloyd McLachlan home.

—o—

Mr and Mrs. Ivor Bailey visited his sister Alice Conroy and family the past week. Dan is well known to most in the district, playing hockey with the Ross Creek team a year ago.

—o—

Congratulations to Mr. and Mrs. Peter Lamoh on their recent marriage on August 7

—o—

We are pleased to hear Ed Tiger is taking so much interest in the young folk of the district. He is helping start the young calf players to get sweaters. We are happy to hear Ed is doing his share to make a better place and good sports. Especially among the young folk in Ross Ck.

The meeting was held in spite of rain at the home of Bessie Pedersen. A nice corn out was on hand. A delicious luncheon was served by Mrs. Isabel McLachlan and Mrs Pat Hisey The September meeting will be held at the Matay in Lamont

—o—

Visitors at the home of Bessie Pedersen on Sunday were Mr. and Mrs Ed Vance, Gray and Bobby of San Antonio, Texas, Mrs Green from Prince Albert, Mrs Ella Hogarn, Robert, Freda and Robin and Norman. Velma and Corrine all of Edmonton

—o—

A little blue baby's blanket was misplaced in Norm Schwartz' car at the Sports Day. Would the owner please pick it up at Bessie Pedersen's home

—o—

Joe Koshka and Kenneth Pederson went fishing to Moss Lake the weekend. Getting a lucky catch Joe caught a real whopper of a one

—o—

Following are the names of those who donated to the Ross Creek Memorial Fund in loving memory of a dear friend, Mrs Lilly Malcolm: Bessie Pedersen and family; Arthur and Mary Ferrel, Joseph and Isabel McLachlan, George and Winnie McLachlan, Raymond and Francis McLachlan; Violet and Ed Bailey; Ed Pedersen and Violet Bailey; Gunnar Swan of Barrhead; Russell and Jean Schuster; Howard and Nell Malcolm; Mr Martin Knutson; Pat and Jean Kwasnitzka; Lila & Charles Logan; Floyd and Audrey McLachlan and the Ross Creek Women's Association

—o—

TARS BEG TO REMAIN IN CANADA

The Immigration service ordered six rebellious seamen back aboard the Panamanian freighter Theodorus A. and the ship's captain promptly clapped them in irons while denying their claims of low pay and poor living conditions. The mutinous only relented to go back aboard the freighter when the senior immigration officer explained that if they persisted in refusing to return they would be liable to be interned in deportation proceedings that could take months.

## Tofield Town Council hold August Meeting

Minutes of the regular meeting of the Municipal Council of the Town of Tofield, held Tuesday, August 11, 1959, at 8 p.m.

Minutes of last meeting were read and approved.

The Returning Officer reported that vote on installation of Water Treatment Plant, held July 16th 1959, had resulted in votes as follows:

BY-LAW No. 521

For the ..... 1
Against the By-Law ..... 20
Spoiled ballots ..... 1

Correspondence

Communication from St. John's Ambulance Association, asking a donation toward their extension of training program. Tabled.

Western Canada Water and Sewer Conference, Edmonton, Sept. 24 to 25. This will receive further attention at the September meeting.

From Dept. of Municipal Affairs, advising that Mr. H. C. Hosier has been appointed as Assessor of Tofield for the year 1959.

From Imperial Plastics Ltd. quoting prices for supply of polyethylene pipe and fittings for water service installation, bulk station and valve shop on N.W. 1-51-19-4 W. 4th. by-Laws and hearing re entry thereon. Tabled.

Members of the Volunteer Fire Department are to be advised if they can attend.

From Counties of Beaver re reply to our query of a restriction of School Requisition by the County following recent revision of figures to correspond with Equalized Assessment. Comments was to the effect that the reduction was not appreciable.

Royal — Liverpool Insurance Group recommending certain changes in location of heaters in the Town Office, and of wiring in the Fire Office building. These were approved for to be made.

From Provincial Planning Advisory Board, enclosing prints of proposed location of a service station, bulk station and coffee shop on N.W. 1-51-19-4 W. 4th. by-Laws and hearing re entry thereon. Advised that no comment on the development.

From Northern Gem Utilities Ltd. enclosing two briefs in support of their application for increase in rates.

Police report perused and filed.

By-Law No. 501, being a by-law for the installation of a Water Treatment Plant in Tofield, was given readings as follows:

Second reading — Councillors Jefferson and Allen

Third reading — Councillors Hawkins and Swift

Court of Revising re Voters' Lists, was set for Monday, Sept. 14 1959, at 8 p.m.

Messrs. Lamb and Donald Lit son interviewed the Council for the purchase of property to move to a small house, preferably on water line. After considerable discussion it was agreed to sell Lots 1 and 2 in Blk. 5 Plan 2186 HA, provided they build onto the same and install water and sewer services when the new mains are laid.

Council is being formed to make sure everyone in the town has Provincial Medical Services. Mr. Sale section is supported by Mr. Hawkins and Mr. Swift.

Committee is being formed to [illegible] Tofield Fire Club along with [illegible]

## Jubilee Jottings

(From t e Diary of Mr. George Cookson Sr.)

August 15 1909 — A rather cloudy morning. Ed went to haymake on St Annie went to get raspberries at Day Lake and reported a few berrying there. In the afternoon, Annie, Ada and young Ada went to Mitchell's for a call. Day fine. Mrs. Hoggard called to say good-bye

August 21 1909—Fine morn Mrs. McCauly and children came up in the afternoon, also Jack, Jessie and their man, Mr Cress and Miss Bath

August 22, 1909—Bright, clear morn. Shooting irons early Ed went out and brought up three ducks Mr Morton called to get wood and disease and they were going around the lake as there was a party on Logan's boat that they think got caught in the storm, but they had got in a bay south of Morrison's and were safe.

AN IMPORTANT EVENT

The official opening of the Legion Hall has been an important event in Tofield's Golden Jubilee year and one which will be long remembered. Congratulations go to Dick Mutton on his receipt of Life membership in the Legion. Dick is also a hard working and valued member of Tofield's Golden Jubilee Committee

## Tofield gun club to hold trapshoot

After being rained out three Monday holidays in a row, the Club has decided to hold a trapshoot Sunday, August 23rd, at 1:30 p.m. All interested are invited to attend, either as spectators or as shooters. Annual[illegible]

All club members or new members interested in joining the Club are formed handicap club are asked to attend a meeting to be held Monday night, at Maple Leaf Service, at 8:30 p.m. sharp. It is urgent that all persons wishing to shoot this fall and winter attend this meeting, as the subject of incorporation of the club under The Societies Act will be the main topic.

Also, the issuance of carrying permits will be dealt with. Registration of the club rules will be given to any new members.

So, the two dates are Sunday the 23rd at 1:30 p.m. for trapshooting at the range, and Monday the 24th at 8:30 at Maple Leaf Service for a special gun-meet meeting

## Watson's Awarded 3 contracts

Watsons (Tofield) Limited announced this week that they had been awarded the $15,000 contract at the Kingman school.

The contract calls for the installation of modern plumbing and the renovation of the heating to make room for one more classroom.

They have also been awarded a $25,000.00 contract for the mechanical work on the Peace River water treatment plant, and a $15,000.00 contract at Redwater for the mechanical and electrical work on the Ironmount plant there.

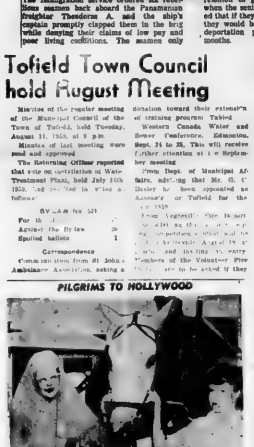
## Legion joins fight Against Polio

In view of the recent Polio outbreak across the country, the Tofield Branch of the Canadian Legion, in conjunction with the Canadian Legion, is preparing to do what it can to help Earl's Ill.

A committee is being formed to make sure everyone in the town has Provincial Medical Services. Mr. Sale section is supported by Mr. Hawkins and Mr. Swift.

Committee is being formed to [illegible] Tofield Fire Club along with [illegible]

PILGRIMS TO HOLLYWOOD



A Moncton, N.B. widow is off on a strange and mysterious mission. Mrs. Vivian Larsen, and her daughter Sandra, age 14, are leaving for Hollywood, California in a pink covered wagon drawn by a horse 13 years old. Mrs. Larsen, in a sackcloth hood and dress, is off to tell Walt Disney something—she won't say what. She will only talk to Bob (who is the horse) during the five-month trip to get money for Sandra.

## Around Town

## THIS SHOULD BE DISCOURAGED

We do not profess to have a knowledge of maximums and [illegible] when fined an overcharged when last week [illegible] $50.00 and costs each for hitting the local policeman. We fully expected that following the court case in Ryley the men would come back less [illegible] one hundred or more. This thing of hitting a policeman is becoming a serious matter. These men have a job to do and are obliged to the best of their ability and under no circumstances should they be subjected to being slugged by persons who have consumed too much alcohol or otherwise. It seems to us that a heavy fine in the offing could be a deterrent to such a practice.

## TAXES! TAXES! and more TAXES!

The following letter from an Oklahoma resident to his banker, recently appeared in Bennett's News.

"It is impossible for me to send you a cheque in response to your request. My present financial condition is due to the effects of Federal laws, state laws, country laws, corporation laws, by-laws, brother-in-laws, mother-in-laws and outlaws that have been foisted upon an unsuspecting public. Through the various laws, I have been held down, held up, walked on, sat on, flattened and squeezed until I do not know where I am, what I am or why I am.

"These laws compel me to pay a merchants tax, capital stock tax, income tax, real estate tax, property tax, auto tax, gas tax, water tax, light tax, cigar tax, street tax, school tax, syntax and carpet tax."

"The government has so governed my business that I do not know who owns it. I am suspected, expected, inspected, disinfected, examined, re-examined, until all I know is that I'm supplicated for money for every need, desire or lusts of the human race and because I refuse to fall and go out and beg, borrow and steal money to give away, I am cussed and discussed, boycotted, talked to, talked about, lied to, lied about, held up, held down and robbed until I am nearly ruined; so the only reason I am cling ng to life is to see what the hell is coming next".

## "MOTHER-A-DAY" SCHEME FOR FIVE MOTHERLESS CHILDREN IN WINDSOR

A unique church-sponsored mother-a-day plan has supplied five small children with the mother's care that seemed to have gone out of their lives when their mother, Mrs. Betty Blackbourne, was killed in a traffic accident. The slave-the-care scheme was devised by the Blackbourne's pastor, Rev. Gordon Burgess of Reginald United church,

Windsor, Ont. The children have so far had 40 "mothers"—a different one each day. A woman donates one full day's work to the family, arrives at 7.30 in the morning, prepares the meals, does the housework and leaves when Garth Blackbourne, the father, arrives home from work in the evening. At left, Garth is shown with Teddy, two, one of the five children while at right, Mrs. Ken Price finds Marny Blackbourne, seven, an interested watcher as she does the family ironing on her day to work.

## BLOOD BANKS FACE SHORTAGE

Due to large numbers of blood donors on vacation, there is a serious shortage in the blood bank in Toronto, Ontario. This blood bank supplies 47 hospitals in the district. Above, technician Mary Caulfield points out that the two empty bottles at left must be filled to keep up the supply of whole blood.

## SCROOGE METHOD DEPLORED IN ATTAINING YULE SOLVENCY

There are at least two effective ways to keep out of the red at Christmas time, according to Horace Seller, manager of the Tofield branch of the Bank of Montreal.

"You can follow the Scrooge technique and just ignore the holiday. But it's not the best way to win friends and influence people. You're not likely to have much fun, either," he adds.

Much better to plan ahead, Mr. Seller believes, and open a special Christmas savings account at the B of M.

This year, when it's time to start Christmas shopping again, it'll be much more fun to draw on money in your special Christmas account.

Why not start right away? Figure how much you'll need to spend at Christmas, divide the amount by the number of paydays between now and then and make a regular deposit of that sum.

It's guaranteed painless.

Each year, more and more Canadians are learning how pleasant it is to do their Christmas shopping with no worries about where the money is going to come from.

Mr. Seller will be glad to show you how easy it is to operate your own special Christmas account throughout the coming year at the B of M. Now's the time to start!

## Weekly Newspapers Lead Advertising Media in Reader Acceptance

[illegible] journal

Newspaper registration Mr Cranston told the convention attended by some 400 Canadian publishers and their wives, can [illegible] essentially in the fact that [illegible] community and all [illegible] to persons their readers know and can therefore, put [illegible]

[illegible] much media seldom [illegible] through the degree of acceptance as appears to [illegible] who is the local woman buyer [illegible] on selling margin as set [illegible] and therefore fights [illegible] non-buying to potential advertisers. The community minded newspaper [illegible] to [illegible] to the new and the third in terms of the circulation [illegible] degree of capitalization which is unknown to more remote and therefore more artificial media.

It is an acknowledged fact that the best selling method is person to person that is face to face. Mr. Cranston claimed, "that the cost of selling this way is for most manufacturers prohibitive."

"So the next best method is for a known person, that is a local dealer, to sponsor a product or service over his own name in a medium known and respected locally. This is where the local newspaper, with its organized audience, can do such a good job. It can be, and is, a two way bridge between [illegible] and manufacturer."

To illustrate his point, Mr. Cranston disclosed that dealer localized national advertising, placed experimentally last year in over 100 Canadian daily and weekly newspapers, had increased the volume of their [illegible] non branded footwear by [illegible] 42 per cent.

"If newspapers, weekly and daily, were exploit the full potential of this merchandising partnership between national manufacturer community retailer and the [illegible] local neighbor audience, they will never need to fear the loss of their role as the first [illegible] medium of advertising."

## SUSAN VAYDA STARS IN MEXICO

Susan Vayda, 18, of Toronto, Ontario has made a spectacular career in Mexican television and movies. Susan and her parents fled from Hungary during the revolution in December, 1956 to Canada. A European director of documentaries discovered her and last July cast her as leading lady in a film feature about Hungarian refugees in Canada. She then went to Mexico where she was voted Queen of the University of Mexico and was judged by columnists to have conquered the film festival that Mexico runs in competition with Cannes at Christmas.

## Garden Graph

by [illegible]

### FERNS FOR SHADY PLACES

Most tall gardens have a shady area where it is difficult to grow plants. Ferns can be grown in [illegible] such spots if the soil is enriched with plenty of leaf mould.

A hardy fern which does well almost anywhere is known as the Evergreen fern. As shown in the Garden-Graph, the Evergreen fern has attractive fronds and the plants grow in thick clumps in fact, often it be[illegible] moved at almost any time of the year when the soil is not [illegible] a real ground cover. The evergreen quality makes [illegible] it an excellent winter house [illegible] constantly keeping the plant, for new, bright green [illegible] roots mean, throughout the [illegible] will keep unfurling [illegible] moving operation.

throughout the winter months if it is brought indoors. In the spring it should be transplanted out of doors again.

Another valuable garden fern is the Cinnamon fern, also shown in the accompanying Garden-Graph. When full grown it often reaches a height of five or six feet. It transplants easily and is long-lived. The fronds of this fern are often used in dried arrangements. Ferns can be moved at almost any time of the year when the soil is not [illegible] frozen. Essential to success [illegible] constantly keeping the roots moist, throughout the [illegible] operation.

## Tofield Witnesses to attend convention

Mr Wilbur Anderson, presiding minister of the Tofield Congregation of Jehovah's Witnesses announced that [illegible] Witnesses from [illegible] will be in attendance at the [illegible] Convention to be held in Edmonton [illegible] Aug. 28, 29 and 30. Mr Anderson said that the local group [illegible] to all Nations.

The purpose of the four-day convention said Mr. Anderson, is to enable the Witnesses [illegible] greater knowledge and to [illegible] practical Bible principles [illegible] be applied in their [illegible] life. There will be [illegible] afternoon and evening [illegible] each day with features [illegible] for children.

Mr Anderson also reported that the [illegible] of the convention [illegible] will appear at 3 p.m. [illegible] Aug. 30 when [illegible] Brooklyn N.Y. [illegible] address to all Nations.

TROUSSEAU TEA

Mrs. Otto Moos of the Lake-shore-McKenzie district entertained at a trousseau tea on Wednesday afternoon in honor of her daughter Marilynn, whose marriage to Donald Lanzilla of Vancouver will take place Saturday afternoon at the Tofield United Church.

Quite a number of ladies from the district and town were present. The bride-elect's mother was assisted by Mrs. Moos, Mrs. Lanzilla, Mrs. Charles Garrett, Mrs. Ian Rodway and June Barry Yeomans and Mrs. Leslie Lemay. Out-of-town visitors were Doris and Rose Kush, Robert Prodaniuk and Robin Olsen, Aunt Leslie visiting from Friday till Tuesday. Norman St. Marie had dinner on Monday with Aunt Leaf Kenneth and Rosalie.

Prayer and Bible study will be held on Wednesday, August 27th at 8:00 p.m. in the Tofield United Church.

Sunday School will be held on Sunday, August 31st at 10:30 a.m. in the Tofield United Church.

Morning Worship will be held on Sunday, August 31st at 11:30 a.m. in the Tofield United Church.

Everyone welcome.

ROSS CREEK NEWS

ROSS CREEK — Hi, folks! . . . the weather outside is frightful, so the old saying goes — "it never rains but what it pours!" Let's keep our fingers crossed for a dry fall, eh?

• • •

The Lacaton Bible School has been well attended under Lon Bodenhamer and Rev. Martin and Mrs. Isabel McLachlan and with the help of mothers and young folks.

• • •

Mr. Pearl Thue of Edmonton visited with her daughter and family Mr. Reinhardt's for a past week. We trust your Mom had a nice change, Eileen, and is able to get around much better by now.

• • •

Mrs. Donna McLachlan of Edmonton spent the past weekend at the Joseph McLachlan home.

• • •

The horse races are the big event these rainy days, several folks taking them in from the district.

• • •

Kenneth and Bessie Petersen spent the past Wednesday visiting with the Charles Garnetts in Lamont, and with Mrs. Leafy Lemay of Toronto, having dinner with them.

• • •

Visitors the past while at the Ed Conroy home were the Lloyd Conroys, the Ernie Bursteads and Mrs. Walter Chesalkom, the former Pearl Hallberg, now living in Ontario.

• • •

Sunday supper guests at the Ralph Conroy home were Mr. Mr and Mrs. G. Brimacombe and family of Edmonton, also Ray Herndon and Tom

• • •

Gordon Mathieu, who is teaching at present in Rimbey and a former high school teacher of Paulos, visited with Ralph and Alice Conroy last week.

• • •

Dinner guests at the Bessie Petersen home last Friday were Mr and Mrs. Charles Garrett, Alma Rodway and June Barry Yeomans and Mrs. Leafie Lemay. Other visitors were Doris and Rose Kush, Robert Prodaniuk and Robin Olsen. Aunt Leafie visiting from Friday till Tuesday. Norman St. marie had dinner on Monday with Aunt Leaf Kenneth and Rosalie.

• • •

Prayer meeting was held on Sunday evening, August 17th, with the weather outside in

# THE MERCURY

## APPALLING POSTURE

THE APPALLING POSTURE of senior elementary school and high school students has come in for much discussion by health authorities in the last few years. It is believed that the present mode of carrying a heavy load of text books and note books is contributing to the fact that many teen-agers are not only round-shouldered but are displaying quite well developed "dowager's humps" already. A return to the old-fashioned satchell type of binder, with handles may be in the offing and smart leather ones have been seen in local shops. There use would be cleared by many a parent alarmed at the posture of the teen-agers in their care.

## WHY NOT HIGHWAY 14?

A few weeks ago the editor of the Wainwright Star was advocating that Wainwright should get behind the Yellowhead route and be represented in the Caravan. He pointed out that Alberta 14 and Saskatchewan 40 provide the ideal connection between Battleford and Edmonton. To the best of our knowledge Wainwright was not represented on the Caravan but both Tofield and Holden were. The first step has now been taken so let's not let it die. The towns between Edmonton and Battleford, via Tofield should start an all out campaign to inform the powers that be of the advantages of using highway 14.

A good highway from East and West of theMilitary Comp is a must for military purposes, providing adequate east-west access for military convoys. This one point alone gives the towns along this line a good selling point for the use of this route. The president and secretary of our local Chamber of Commerce have now become interested in the Yellowhead route and it is to be hoped that they will put this interest into action. We have the most logical route so let's join together and get at the job of selling it to the government.

## OF MANY THINGS

TORCHES FOR BURNING
By Ambrose Hills

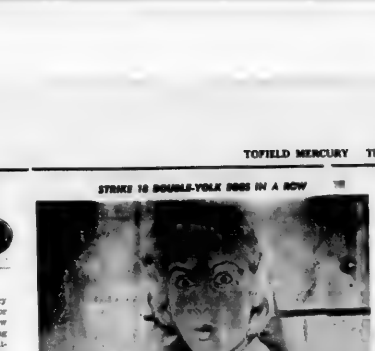
As old school pal dropped in last week. He is a radical by birth - not order; he was trying to convert me to communism or something like it and he spoke of another classmate who, like himself, is working hard to change things in this dog-eat-dog economy as he put it.

I have thought a good deal about these two old school pals of all our old class they are the only ones who became radical and stayed that way. Most of us got brained a good deal by the depression, and we may have had more to learn we wanted in our society apart, but we soon got into busy building lives for ourselves and our families, instead of all my classmates, I think only these two are radical, about 90 percent are very conservative, and a few of us are almost ashes lots, and we'd be happy if there were far fewer governments looking over our shoulders and doing things for us and to us.

I am still quite fond of my two old classmates who are radical but I am afraid I pity them more than I respect them. Neither has contributed anything much to a better order. Neither is quick to pick a scrap in a restaurant, or any as-safe and so a continual source of entertainment to the world in general. Neither has ever been much at it personally. One of them I am quite sure, is simply a misguided soul caught up in a crowd that thinks society is not working right and that all would come easy if the government owned everything and shared it with everyone equally.

I feel fairly certain that if every citizen in Canada, has the same options as these two we would all be starve to death within a couple of years. They are not builders. They do not want to do more than their share, and I suspect they often do less. They resent the success of others and wish like to cut everybody else down to their own size.

Only a torch for burning, no hammer for building. I cried Carlyle to the iconoclasts and the malcontents of the day. I think it applies to a few Canadians who let the depression cost them in a mold of bitterness from which they have never recovered.



Most persons would be satisfied with one double yolked egg in a dozen. The Norton Cooper family of Richmond Hill, Ontario, broke open 10 double yolked eggs in a row. When Mrs. Myra Cooper, shown above broke open six double-yolked eggs for the family breakfast she was shocked. The family decided to break all the rest and didn't miss in 10 tries. Young pullets are given credit for the rash of double yolked eggs.

## LETTER — to the EDITOR

Dear Tofield Mercury,

[illegible]

## Interest Rates Create Monetary Impasse

Curtailment of credit and mounting of loans have been forced on chartered banks by a combination of tight money and the set interest ceiling on chartered bonds' lending rates, according to James Muir Chairman and President of The Royal Bank of Canada.

As a result of an incentive recently, Mr Muir made the following statement:

"It is clear from comments arising from some quarters and from articles appearing in certain papers that the statement made by the chartered banks last week relative to the present tight money situation is widely misunderstood.

"As far as we are aware, now or the Canadian Bankers' Association nor any of its member banks have sought to increase bank earnings by adding for a time to the legal maximum rate of interest six & percent, which the banks were allowed to charge on loans. [illegible] This is a point who cannot be emphasized too strongly.

Effect on Banks

[illegible] Canadian Bankers Association intended to make clear when the [illegible] were allowed to [illegible] which would have the effect of [illegible] the banks were not [illegible] Full of there [illegible] further, it [illegible] which [illegible] Current Situation

[illegible] the Bank of Canada can prevent the banks [illegible] money and credit [illegible] the Bank of Canada [illegible] Bank Act [illegible] the Bank of Canada [illegible] Rate [illegible] the Bank of Canada [illegible] Bank Act [illegible] Rationing of Loans

At this point, no limit to the money supply is not allowed to increase, with the demand for loans, the chartered banks must resort to the curtailment of loans through the direct restriction [illegible] of bank credit. This, of course, is a thankless task, and, in the present, the chartered banks and not the monetary authorities appear to the general public as the ones responsible for all the hardships borne by those dependent on, but unable to get a ready supply of bank credit.

On other words, interest rate policy and control of the money supply are interdependent decisions the Central Bank may use to control bank credit. The first is inhibited, and at present rates made impotent by the ceiling on chartered bank lending rates. The second is effective but places the onus of credit restriction entirely on the chartered banks.

The whole purpose of The Canadian Bankers' Association statement, as I understand it, was simply to explain to the general public that the Bank of Canada, and not the chartered banks, is responsible for monetary policy and hence for the present curtailment of chartered bank loans.

FOR SALE

Two - room teacherage at Kingman. The building must be moved and the excavation filled in. Tenders to be received by noon of September 9, 1969. The highest or any tender not necessarily accepted.

## Ryley man killed in car accident

Selmar Johnson, 64, manager of the Palm Dairies at Ryley, was killed following a collision five miles west of Ryley on Highway #14 on Friday afternoon. Police said Johnson's car plunged into the ditch, crashing into a highway sign [illegible]. He was taken to the Vegreville hospital where he died. Dr. A. H. Chitwood, coroner, of Vegreville, said there will be no inquest. Funeral Services were held on Wednesday at 2 p.m. from the Ryley United Church.

Mr. is survived by his widow and two sisters.

## Witnesses to meet in Calgary

It was announced August 14th that approximately seven Jehovah's Witnesses from the Ryley Congregation will attend a District Convention in Calgary August 22-24.

Mr. William Currie, presiding minister of the Ryley congregation, is outlining the plans of the local delegates, said that, since the majority of those in charge will be attending the Christian Assembly, the program at the local Kingdom Hall will be reduced. An assistant minister will oversee the local group during the convention.

Mr Currie said that those from the Ryley congregation who are attending the Calgary Convention will enjoy companionship with Witnesses from several Canadian provinces, as well as delegates from the United States. He added: As is true of all our conventions, large or small, it will be demonstrated that no matter of what nationality, race or walk of life the delegates come from, the Bible message and Christian living has unified them."

Watchtower officials in Calgary report an expected attendance of 4,000 Witnesses to enjoy the four-day Assembly. F. W. Franz, the vice-president of the Watchtower Bible and Tract Society, will be the principal speaker.

The majority of those from the Ryley congregation will have accommodations in private homes in Calgary. At present Calgary Witnesses are conducting a house-to-house search for available rooms.

## Tips on Touring

## BARDO NEWS

BARDO — [illegible] deeply grieved to learn of the sudden passing of Mr. Mike Taylor of The Canadian Canadian on Wednesday afternoon. We extend our sympathy to his family and business partners. Y o many readers of Canadian will greatly miss the interesting editorials written by Mr. King

The Trondheim-Bardo Luther League put on a very delightful program at Bardo Church on Sunday morning A hymn "O Master Let Me Walk With Thee," was sung in opening, and Caroline Foshaug read from John 1 29 to 51 for devotion Another hymn, "I Ought To Love My Saviour," was sung and after which Larry Foshaug used for his topic "Meet the Master in His Word" and Brenda Quail "Meet the Master in the Sacrament of Baptism and Holy Communion." Ruth Simon and Marjory Wagner sang a duet. "I Need Thee Every Hour." Alice Nelson then read a poem, "I Met the Master Face to Face," followed by three more hymns. The meeting closed with the Lord's Prayer The Leaguers then motored to Round Hill where they put on the same

* * *

Rev Haugen returned from the United States on Sunday after an absence of three months and will preach at the Sunday morning services at 10 o'clock Welcome back again Rev Hau gen!

* * *

The mid-week Bible study and prayer meeting was held at the Arnold Johnson home on Wednesday evening

* * *

Mrs Ingo Moen returned home from the hospital on Monday and is gradually gaining strength and feeling better each day Mr and Mrs. Ingolf Swahn and Bonnie visited Esther's mother and Mrs. Harold Running on Sunday afternoon

* * *

Mr and Mrs Lester Severson motored to Camrose on Sunday afternoon and brought Patricia home after a visit with her cousin Marion Dahl

* * *

We have had rain every day this week, so the ground is really soaked now The farmers are hoping for sunshine and dry weather so they can get at the harvest as some fields are ripe We have had between 11 and 12 inches of rain since spring

* * *

Mr and Mrs Clarence Rude and Merlin were dinner guests with Mr and Mrs Pat Vesey of Round Hill on Sunday after the services

* * *

## County Council Holds Meeting

The regular monthly meeting of the Council of the County of Beaver No. 9 was held on August 12th, 1959.

Present: The Chairman, Cr Rosendahl, and Cr Gibson, Johnston, Magnuson, Soandahken, Clarke and Weatherill Mr H A Pike Superintendent of Schools was also present.

The meeting was called to order at 10 15 a.m by the Chairman.

Moved, that the minutes of the Council meeting, July 14th and July 28th, be approved as written

Moved, that we approve t n actions taken and decisions made by the School Committee at its meetings on July 14th and August 11th.

In connection with the complaint from the Ryegrass Community League, dealt with by resolution No 309 at the July 14th meeting of a Secretary placed before the meeting a letter from the owner of the property concerned, and after some discussion it was

Moved that the owner of the property be advised to offer the building for sale, with proviso that the building be placed in good condition.

Cr Weatherill reported t at he had investigated the complaint of Insp. Mitchell, Resolution No. 255. He had found that a 36-inch culvert had been put in without couplings and consequently, the earth had filled the culvert to the point blocking it The culvert had been dug up and properly installed. The ditch has had not been properly cleaned, running water to be held back This had also been looked after

Mr Mitchell stated t at, however, the municipality had dug a ditch on the C Stahlman property; this ditch had now been filled in, causing flooding on Mr Mitchell's land. Mr Stahlman had said this would be willing to have the ditch opened This however could result in other land being flooded and it was finally

Moved that we request the advice of the Department of Water Resources as to how best to deal with it's situation

In regard to the complaint re operation the railway crossing west of Minerva Beaba watched by freight trains for a considerable length of time, the Secretary advised that the superintendent of the Canadian National Railways in Edmonton had informed him t at the complaint would be looked into and necessary action taken

Moved, that the information be received and filed

Moved, that the request from St. John's Ambulance Association for a grant be questioned, and that we do make a grant of $50.00

By-Law No. 41 concerning a grant to the St John's Ambulance Association was now given three readings and carried unanimously

Moved, t at letter from United Farmers of Alberta Co-operative Ltd., advising of a preferred share dividend to the amount of $6.00, be received and filed

A letter from the Director of Water Resources in regard to flooding and erosion control of Amisk Creek, NE 13-49-19-4, was placed before the Council it was

Moved, that the recommendations that the County make application to the Minister of Agriculture for assistance in this project, be acted upon and that the actions recommended to rectify the flooding situation at this point be considered in next years public works program

Moved that the account of Farm Electric Services for moving twelve power line structures along the west boundary of Sec 27-49-19 wd in the amount of $248.76 be approved and passed for payment

A further complaint from W Nesbitt in regard to waste water being drained into a sector or branch on SW 32-48-12 w4, was referred to the Council This complaint has been forwarded to the district Agriculturist and by him to the County office

Moved, that Cr Johnston investigate this complaint

Moved, that the Superintendent of the Canadian National Railways Edmonton be advised that the Council have no objection to abandonment of the station building at Lindbrook

The letter and information in regard to the proposed abandonment by the Canadian National Railways, of a portion of Fleetham subdivision, in the Province of Alberta, between Tofield mile 8 and Barlee Junction 22 33 was discussed, together with related schedules and maps that were being presented to the Board of Transport Commissioners for Canada, was referred to Council

Although the Council felt t at the abandonment of this railway line would cause some hardship to some of the farmers in that area, it was realized that from the information contained in the se schdule, it would be of little avail to insist that the line be kept in operation It was, however, suggested that the old railway bed would make a good roadbed for a secondary highway, and it was

Moved, that the Council has no objection to the proposed abandonment of t is portion of the railway, but that it be suggested to the Provincial Government that it be taken over by the Government for a secondary highway.

A letter from the District Engineer requesting information in regard to Farm Access roads, was placed before the Council, and it was

Moved, that the information requested be submitted.

Moved, that t e Accounts and Payabeds be approved and passed for payment as presented to the Council at this time.

The Secretary reported to the Council the yearly request for information from the Prairie Farm Assistance Board, in regard to estimated yield of wheat per seeded acre, and advised that this information had to be forwarded prior to September 15th, and it was

Moved, that such Councillor have the information available for the September 10th meeting

Moved, that the report in regard to the decisions of the Alberta Assessment Appeal Board respecting the appeals from the decisions of the Court of Revision for the County, held on July 27th be accepted

Moved that information from the Alberta Association of Municipal Districts in regard to bulk buying of certain commodities through Ferguson Supply (Alberta) Ltd., and the catalogue submitted, be accepted, and that where feasible, purchases be made through the Association

Moved, that the Preliminary Agreement between John Romanesson and the County in regard to a creek diversion [illegible] of NE 7-49-19 w4, be accepted

Moved, that the Preliminary Agreement between William M. Ferguson and the County in regard to NE 6-50-19 w4, and between Adam P Rivera Jr and the County in regard to NW 19-50-19 w4, be accepted

Moved, that the correspondence from Northwestern Utilities Ltd in regard to the rate schedules to take care of increased rates allowed by the Board of Public Utility Commissioners, these rate schedules to be submitted by Northwestern Utilities Ltd. for approval by the Board on August 17th, be received and filed

The rates concerned would affect the hamlet of Kinsella, together with the incorporated towns and villages within the County boundary.

By-Law No. 48, under provisions of section 253 of The Municipal Districts Act, Equipment Purchase was now placed before the Council, given three readings and passed unanimously

Moved that the windmill complete with head from the Brownell lot advertised for sale

There being no further business, it was

Moved, that t is meeting now adjourn at 5 05 p.m to the call of the Chair

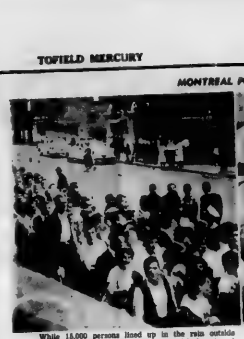
## MONTREAL POLIO SCARE



While 15,000 persons lined up in the rain outside city hall for Salk vaccine shots, the city health department warned that Montreal, Quebec, is 60 cases and one week away from a full-blown polio epidemic. Three Montreal hospitals are treating 157 cases of polio. So far this year, 12 polio patients have died. The vast majority of those stricken have had no Salk shots. A few have had one. These two girls are going to step in line until they get their Salk shots even though it mims.

## ROSS CREEK NEWS

ROSS CREEK — Mrs. Ed. Thor has been hospitalized at the Archer Memorial for the past while. Best wishes go to her and also Wyman Osborne. We are all hoping to see Wyman around real soon, too.

* * *

The Vacation Bible School concluded Friday, even though it was a damp day. A program and display of what the children had made was shown and lunch was served by visiting mothers.

* * *

IMMIGRANT SEEKING "PARADISE" SETS SAIL IN JUNKYARD BOAT

Seeking "paradise" over the horizon, Hungarian immigrant Andre Vavorcsik at left above sat out to sea in a 50-foot junkyard boat. His first stop will be Hawker Island. Everyone pitched in to help Vavorcsik get under way. Despite a crisp offshore wind he was making little progress.

Two previous attempts ended when he ran ashore near Devil's Island, off Dartmouth, N.S. This time he got a tow behind the island. Vavorcsik left the mainland after being displeased by engineers' treatment.

# First Tofield phones go 'way back to '09

Communication has always been a primary need of any pioneer community and Tofield was no exception In 1909, the first telephone office was installed in Jamieson's Drug Store on the present site of Macleod's Store Chas. McGeffey, agent of Home-McGeffey was the first operator. The Armada Henderson, (Mrs Will Mitchell) became the next operator in 1910 She was followed by Amy Morton (now Mrs. Imlo Dobson), Jack Latour now and his sister, Olive Latour Mrs C O Spencer) were the Relief operators at this time The switchboard was operated from 8 am to 6 p.m. on weekdays and from 2 p.m. to 4 p.m. on Sundays.

Jamieson's Drug Store was moved in 1915 to the building that was later Bert Calvert's Pool Hall (now the site of Watson's Ltd) and the switchboard moved with it. Mary Bethel (Mrs John Wood) and Mildred Farber (Mrs G Pat) Thomas were the operators then. Mary Wood recalls that the calls to the switchboard were sent by rotating bells on the end of the ball showing about the same as was called essential.

About this time [illegible] being used to provide light in the office [illegible] on Richard [illegible] Jamieson.

WEEPING MOM WHYTE LEAVES THE COURT AT HEARING

Mrs. Retha "Mom" Whyte, young Bonnyville, Ontario, home for a while as a raided July 31 appeared in court at a closed hearing to determine custody of the 107 children taken by the Children's Aid society. Dr. W. Gordon Brown, deputy minister of health, testified on the results of an examination of 22 Whytedown children. Among the children are Mrs. Whyte's own children, Bert, at left, and Rev. James Spiers of Wainwright Manitoba Enfant. Mom said "there's just no justice in Ontario."

had upper respiratory infections. He also described the children as being dehydrated as the water at Whytedown was undrinkable Mr. Whyte burst into tears and walked out of the hearing as witnesses gave evidence as to the unsanitary conditions. Mrs. Whyte, shown above with her husband Bert, at left, and Rev. James Spiers of Wainwright Manitoba Enfant. Mom said "there's just no justice in Ontario."

## Organize for safety

[illegible] Farm Safety Committee, Bill Perkins, Wednesday urged Tofield farmers to organize safety committees within their own clubs, societies and organizations to combat the rising accident rate on rural districts.

In the last four years he said [illegible] rural residents have met accidental deaths, not including those who met their end in motor vehicle accidents or in drowning, one in estimated 10 times that [illegible] were injured in farm accidents.

Mr. [illegible] Perkins [illegible] dead when [illegible] and [illegible] minor mishaps [illegible] [illegible] [illegible]

## BARDO NEWS

BARDO MEWS 12pd. 200 123 78
T to W.M.S. met at the home of M ald Mrs Floyd Wor on Thursday evening. There was a good attendance in spite of the muddy roads Mrs. Ian Fleshan led in devotion and Mrs. Sam Clarkson gave a reading Mrs Lower Severson gave the Bible Study and Mrs Clarkson Hyde gave her report from the W.M.S. Convention in Moose Jaw. Mrs Leroy Plumb and Mrs. Glen Francis volunteered to visit hospital in September offering of $10.15 was taken and after the closing hymn and Lord's Prayer Mrs Leonard Stauffer and Mrs Leif Fosheim served lunch.

* * *

Dean Earle, infant daughter of Mr and Mrs Glen Francis, was baptized at the morning services on Sunday. Mr. and Mrs Pete Bjornson and Mrs. Dennis Bjornson and Dale Bjornson were the sponsors. After services the sponsors were entertained at the Francis home for dinner.

* * *

Sunday School will start again next Sunday after a two month holiday. The following have consented to teach a class: Miss Pearl Fosheim, Mrs. Esther Hewlett, Merlin Rude, Mrs. Doris Anderson, Mrs. Phillip Anderson, Mr. Cliff Anderson, Mrs. Gladys Severson. Substitutes are Mrs. Vernon Anderson, Mrs. Bernice Heiberg, Mrs. Mabel Johnson, Mrs. Borghild Rude, Mr. Lester Severson, Mr. Ingolf Strohan is the Sec Treasurer.

* * *

Mrs Harold Lanning went with her mother Mrs Iagra Moss to Edmonton on Sunday afternoon and will leave for her home in Pasadena, California on Tuesday. She has been here for many weeks helping during her mother's illness. Aunt Inga will be staying with her son-in-law and daughter, Mr and Mrs. Walter Scott for a while.

* * *

Mr and Mrs. Ingolf Strohan and Dennis were Sunday afternoon coffee guests at the Severson home.

* * *

Congratulations to the proud parents, Mr and Mr. Merrin Dean at Edmonton on the birth of a new daughter.

* * *

Mr and Mrs. Willy Simonson of Camrose were at Services on Sunday morning and accompanied the Bible and Thomson families to Elk Island Park for an outing. Mr and Mrs Ed Lock were at the Bitter home too and joined the rest of the families at the Park.

* * *

Mr. and Mrs. Bourne Brohan are spending the weekend at the home of Mrs. Brohan's parents, Mr. and Mrs. Arne Fosheim.

## MARLENE STEWART STREIT WINS CANADIAN OPEN TOURNEY

Mrs. Marlene Stewart Streit won the Canadian Ladies' open golf championship for the sixth time when she defeated Mrs. Barbara McGhie of Whiporwhill, New York. It Canada's touring male pros could blast out of sand traps and sink putts of six feet and under with the regularity as Marlene, they'd all be among the first 10 money winners on the United States circuit every year.

## ROSS CREEK NEWS

A correction in the last week's news — should have read the Thor had been hospitalized.

* * *

Congratulations to Mr and Mrs Howard Thor on their new baby girl, Donna Grace. The Thor's were visiting with relatives in the district over the weekend.

* * *

Mrs Lil Pudil of St. Paul, Minn. visited at the home of Mr and Mrs. Graham Schneider the past week. Mrs. Pudil is a sister of Mrs.

* * *

Mrs. Gertrude Haggarty of Bellevo, Ontario, has been visiting at the home of Mr and Mrs. Ivan Malcolm.

* * *

Scott Malcolm spent the past week at the home of his uncle Keith and Mrs. Malcolm in Edmonton.

* * *

Mrs. Ada Van Deakirt celebrated her birthday Saturday. We would like to send her all the good wishes for many more happy birthdays.

* * *

Congratulations to Mr. and Mrs. Laughlin, Jean Marilyn Anne — may you and yours have a long happy wedded life, Marilyn.

* * *

We are sorry Mr Mike Danielash has been hospitalized the past while. Best wishes go to him and all the other sick folk everywhere — with a speedy recovery.

* * *

Bessie and [illegible] had all the family and two other visitors from Edmonton with them on Sunday. Evening callers were Arthur, Glen, Irlene and Valerie, Mrs. Melashkas, Grandpa and Joe Kosins.

* * *

Miss Genevieve Hoshka spent Sunday at her parents' home, Mr. and Mrs. Wes Hoshka.

* * *

Sorry there were such a few out to the church service on Sunday. Reverend Hunte's sermon was on "The greatest of all is love." We do trust you will bring your family out this Sunday. Sunday School will start again. We have had the old favorite hymn book from which you may choose your favorite hymn. The time is 1:45 p.m. You need the church and the church needs you.

* * *

More is a good thought for all the kiddies going back to school — "Oh God Serve me when I whine, I have two legs to walk — two eyes to see — two ears to hear — Thank God for the world is mine. "Forgive me when I whine."

WATU meets at the home of Mrs. H. E. Harris left on September 3

**THE Homemakers**
Pastern Mansion Imperial
Home Economist, Yorkville

This week I will deal with three questions that often come up in the home today. I hope the answers given will help to clear up some of the problems encountered.

Question 1: How can I best wash Terylene or Dacron fibre filled pillows?

Answer: Manufacturers of these synthetic fibres do not recommend washing these pillows in an ordinary washing machine because the hair could be torn. [illegible] the pillows [illegible] Terylene or Dacron fibre filled pillows can be washed by hand in warm water [illegible] Use a mild soap or detergent such as Ivory Flakes or Lux and allow to stand [illegible] Rinse thoroughly in several changes of warm water. Squeeze out excess water by hand. Do not use a wringer or spin dry. Dry pillows in a warm place, shaking occasionally to fluff the fibres. Pillows may be dried in a clothes dryer at low heat setting.

Question 2: How can I remove ballpoint ink stains?

Answer: Inks used in ballpoint pens are different from other inks. Water will remove some ballpoint inks, but will spread others. First remove as much ink as you can with acetone (nail polish remover). Do not use acetone on Acetate, Arnel or Avisel. Sponge the stain with alcohol. Rinse in several changes of warm water. Wash if the stain persists.

Other unsuitable recommended inks: turpentine, dry cleaning fluid and allow to stand [illegible] Repeat as a number of times if necessary. If the stain persists, rub with [illegible] by sodium hydrosulphite.

Question 3: I have some foam rubber pillows which need a thorough washing. What is the best way to wash them?

Answer: There are a few easy steps to follow in washing foam rubber items:

(a) Remove the cotton covering.

(b) Immerse the pillows in lukewarm water made with mild soap.

(c) Squeeze several times to force the soap through the tiny cells of the foam rubber.

(d) Rinse three separate times in lukewarm water.

(e) Put the pillows between two large bath towels and roll them to remove excess moisture.

(f) Leave to dry in a warm place away from direct heat.

Patricia Marshall
Assistant Home Economist
Yorkville

## Alberta Safety Council has question for motorists

What shape is your car in? [illegible] you stop in time?

[illegible]

Exhaust System Vital

The normal dent of a child [illegible] to the exhaust system [illegible] the back seat by [illegible] carbon monoxide [illegible] serious warnings says Paul Lawrence, manager of the Safety Council. Whether the car is [illegible] rope up the front near the motor or near the rear of the car is immaterial. Air pressures and currents under the car can, and often does cause gas to enter the interior and begin its deadly work on driver or passengers.

Safety Check Must Be Specific

Here's the Council's auto-gas safety check list, on car manufacturer issued in conjunction with its "Can you stop in time?" auto driving campaign:

1 Brakes — check them often to make sure they hold evenly on all wheels, that the pedal has the right travel, and that brake fluid is at a proper level.

2 Headlights — Make sure that they are aimed right and that both upper and lower beams work. Keep lenses clean.

3 Rear lights — They should be burning, of course, and directional signals and stop lights should work.

4 Tires — Keep them properly inflated. Check tires for cuts, breaks and excessive wear.

5 Windshield and windows — Wiper blades should wipe clean, not just streak. Glass should be kept clean.

6 Horn — Install and test horn that meets the standard [illegible] of Automotive Engineers.

Perhaps most important, give your driving attitude a check.

The driver can be a real safety part said Mr Lawrence. Keep a close check on your driving attitudes and remember safe, courteous safety means, "Can you stop in time?"

-oo-

### Thought for Today

**I KNOW SOMETHING GOOD ABOUT YOU**

Wouldn't this old world be better if the folks we met would say I know something good about you and then treat us just that way. Wouldn't life be lots more happy if we praised the good we see? For there's such a lot of goodness in the worst of you and me. Wouldn't it be nice to practice That fine way of thinking too? You know something good about me And I know something good about you.

## MINISTIK

The latest news these days is the weather, which is much improved. The farmers are working around the clock to get grain cut and hay put up.

* * *

Visitors at the Russell Reslands over the weekend were Gary, Mr. and Mrs. Collins, wood and children, Mr and Mrs. Wes Waters and Mr and Mrs. Edward Kiba and family.

* * *

Mr and Mrs Bill Ferguson and family and Miss Sandra Lawrence visited the Frank and Howald Bailey homes on Sunday.

* * *

Many from the district attended the funeral in Tofield United Church of Mr Henry Kloosterhuis [illegible] was in Tofield Cemetery.

* * *

Sympathy of friends in Ministik is extended to Mr Clifford Duff [illegible] and family of Fultonvale in the loss of a beloved wife and mother.

* * *

Mr and Mrs. Jeff Allen of Round Hill were guests in the A [illegible] Bailey home.

* * *

Mr. and Mrs Angus [illegible] and baby were Edmonton overnight [illegible] Thursday Gary had a [illegible] worm done.

* * *

[illegible] Edmonton Tuesday [illegible] Ben Cook [illegible] and the new [illegible].

* * *

[illegible] back to school again Tuesday, September 1 for thousands of Alberta pupils. At Ministik, pupils will be greeted by a new principal, Mrs. Mary McMillan and [illegible] a new staff which includes grades 1 and 4 Mr Rupkens Mrs Sylvan Gianne who has come this fall [illegible] Mrs. Grace Hrabi will again teach grades 2 and 3 and Mrs Margaret Schultz [illegible] 5 and 6. Mrs Ben Cook grades 1 and 2. Mr [illegible] as principal and [illegible] Mr and Mrs Sammy Swaigle [illegible] Mr Jones [illegible] Mr and Mrs Ben Cook [illegible] We are glad to report that Mr [illegible] Hospital [illegible] he took that if [illegible] after a stay in hospital.

* * *

Mr [illegible] Mrs Ben Cook [illegible] Mr and Mrs [illegible] Mr and Mrs Jones of Lakeview in the evening.

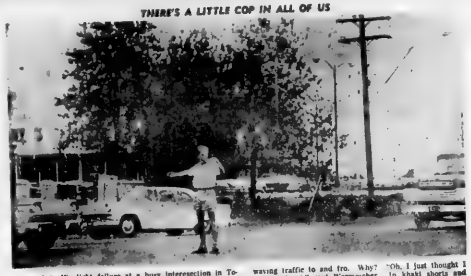
S. Heafield, Secretary - Treasurer.

Camrose School Division No. 20, Camrose, Alberta

## THERE'S A LITTLE COP IN ALL OF US



A traffic light failure at a busy intersection in Toronto brought out the latent traffic cop in Alfred Werbenuk, an electronics engineer. Spotting the breakdown, he hurried out of his car and spent the next 20 minutes waving traffic to and fro. Why? "Oh, I just thought I could help it," said Wernuchter. In khaki shorts and a sportshirt he made signals that kept the cars moving smoothly without any frayed tempers or tangled bumpers.

# Big Game Season To Open Earlier

The 1959 Alberta big game regulations include changes in opening dates and season restrictions in some parts of the province. Dan Smith, Bremse fees and the 30 zone boundaries remain unchanged.

The sheep and goat season in Zone 1 to 7 inclusive will open September 1 and close October 15. The [illegible] season in Zone 1 will open September 1 and close October 15. In Zones 2, 3, 4, 5, 6 and 7 the season will open September 1 to 30 inclusive. In Zones 1 to 4 inclusive the season will open September 1 to November 15 and in Zones 5, 6 and 7 the season will open September 1 to November 30 inclusive.

The deer season will be open from September 21 to October 15 in Zones 1, 2, 4, 5, 6, 7 and 9; from November 2 to December 15 in Zone 3 and 8, from November 2 to November 30 in Zones 10, 11, 12, 13, and 14. The deer season will be open from September 21 to October 15 in Zones 1, 2, 4, 5, 6, 7 and 9; and from October 15 to November 30 in Zones 3 and 8. In Zones 10, 11, 12, 13 and 14 the season will be open from November 2 to November 30 inclusive.

A special area has been set aside for bow and arrow hunting. These open season on mule deer, mule moose and elk will be [illegible] from September 1 to December 15 in Zone 8. [illegible] The antelope season will be open from November 2 to 30 in Zone 1. November 14 only in Zone 2 and 3. November 11 to 14 in Zones 4 and 6. November 2 to 14 in Zones 12 and 13, and 15 to November 21 to 28 in Zones 14 and 17 to [illegible].

Season for bull moose is open October 10 to November 30 in Zone 12, 13, 14, 17 and 18; November 11 to 14 in Zones 4, 5, and 6; November 14 only in Zones 1, 2 and 3. November 2 to 30 in Zones 9, 11 and 20; November 2 to December 15 in Zone 10, and November 25 to 28 in Zones 15 and 16.

Bull moose may be taken in Zone 1 November 14 only in Zone 2 and 3. November 11 to 14 in Zones 4 and 6. November 2 to 14 in Zones 12 and 13. November 21 to 28 in Zones 14 and 17 to [illegible].

Bull moose may be taken in Zone 1 November 14 only in Zone 2 and 3. November 11 to 14 in Zones 4 and 6. November 2 to 14 in Zones 12 and 13. November 21 to 28 in Zones 14 and 17 to [illegible].

A WEEKLY PAPER SERVING TOFIELD, RYLEY, LINDBROOK, CHIPMAN, COOKING LAKE, KINGMAN

Vol. 7 — No. 48 TOFIELD MERCURY, TOFIELD, ALBERTA Thursday, September 10, 1959

### MISS SUPERTEST III TRIES FOR HARMSWORTH TROPHY

If hydroplanes were only as predictable as horses, you could bet on Canada winning the Harmsworth trophy to be held soon on the Detroit river. Jim Thompson, London, Ontario designed and built Miss Supertest III specifically for the Harmsworth. The boat is powered by a Rolls-Royce engine and the sleek craft has hit 180 miles an hour in runs on the St. Clair river at Sarnia. Bob Hayward, above, will be in the cockpit of the 6,000-pound craft.

## JUBILEE JOTTINGS

From the diary of Mr George Cochran, for September 5, 1909: Day is hot again and sultry. Ada went to town. Mrs. Bird and Miss Reilly called. An automobile passed at 25 miles an hour. This makes the second.

September 12 Fine morn but cloudy. No rain. Ada went to morning service and Ed went to evening service.

September 13. George called at noon. Ray Lott called and took a kitten. Afternoon fine but somewhat chilly. Mr and Mrs Harper called.

A most interesting tax notice has been handed to the Jubilee Committee by Mr Stanley Jackson. It is dated February 3, 1909 and is addressed to all Improvement District No. 17 Pd of Alberta in Mr D. M. Denham of Fords Mr Denham's land location was given as W½ 13 Tp 42 Rg 21 W 4 The rate of assessment is FIVE MILLS on the dollar. Mr Denham's total tax on a quarter section was eight dollars. And even at that, he was entitled to a ten per cent discount if the tax was paid by July 1. The tax notice was signed by William Thomson, Secretary - treasurer of the Local Improvement District. It might be interesting to know what the tax on the same quarter section is in 1959.

G. Phillips,
Press Secretary.
Jubilee Committee

## 4-H CLUB NEWS

The Achievement Day of the Tofield 4-H Beef Club is to be held at the Fair Grounds on Wednesday, September 16

Members are reminded To Gold and Gold-1 during this week for funds for their club and the above name will be placed in a draw, at the club's [illegible] receives a loan

## Tragedy Ends Fishing Trip

**Companions Find Victim In Stream Near Cadomin**

[illegible] Hooper, 51, of 11618 Summit Drive, Edmonton, was found by four fellow fishermen when he failed to arrive at a scheduled meeting place. RCMP, who said no hunt will be staged for the bear because there is little chance of finding it, said no inquest will be held. The party of five left Edmonton in Hooper's car Friday and intended to return Monday night.

Sunday the group had [illegible] their camp on a [illegible] Gibson Brook was the last person to see Hooper alive. They walked along a stream, and they parted to do their fishing.

Later in the day when Hooper failed to arrive at a meeting place the men returned to camp. When he still failed to arrive they started a search and early Monday found his body.

It was lying in the stream, badly mashed and torn. Police said indications were the body approached and struck [illegible] from behind. The bear was said earlier that day, which bear had been seen roaming in the woods. The site is [illegible] of the junction of Ashler and Westcreek.

Police believe it is possible Hooper was fishing at a spot used by bears for their own fish-

**Hooper was born in Newport Wales, and came to Edmonton in 1912. In 1926, as in his previous, he moved to the Lindbrook district where they [illegible] for a number of years, while Lyndon attended Lindbrook school.**

**He served with the Royal Canadian Army Medical Corps during the Second World War, and since then has been active in the Militia, a sergeant-major in the 27th Medical Group.**

**He is survived by Mr. [illegible] & daughter [illegible] 17 at home, [illegible] three sons, Lorne of Chipman, Donald at camp in the Rocky Mountains and Arnold [illegible] in Edmonton and one sister, Mrs. [illegible] of Tofield district.**

**Connelly-McKinley Ltd. is handling the funeral arrangements.**

## Report of Civil Defence August Meeting

The County of Beaver No. 9, Civil Defence Unit Central Committee held a meeting in the Council Chamber, in the County office at Ryley on Monday, August 31, 1959.

The following members were present: Mr. George Taylor, Deputy Unit Central Director; Mr. R. K. Westmacott, Deputy Unit Central Director; and Civil Defence Director for the County of Beaver No. 9 Mr. William R. Taylor, Civil Defence Director for the Town of Viking, Mr. G. Allen, Civil Defence Director for the Town of Tofield, Mr. T. F. Harris, Civil Defence Director for the Village of Ryley, Fire Chief Hans Hardy and Johnnie Jeppesen, representing the County of Beaver No. 9. Mr. R. K. [illegible] Civil Defence Director for the Northern Zone [illegible] der at 2:10 p.m. by [illegible] Dr. Ramsdell.

A letter from the Town of Viking advising that Mr. W. [illegible] R. Taylor had been appointed as Civil Defence Director for the Town of Viking was received by the Committee.

MOVED that the information be accepted and filed. CARRIED

MOVED that the minutes of the meetings of [illegible] 20 be accepted as [illegible] CARRIED

In regards to the Civil Defence Police Course at Ryley, Mr. Westmacott advised that the two members that had been scheduled to complete the course had not been held. At the first meeting, Mr. T. Wilson, the R.C.M.P. Constable, was unable to attend, and at the following meeting, members showed up. Mr. Westmacott indicated that they would try to complete the course after harvest.

Mr. William R. Taylor, the Civil Defence Director for Viking, reported that nothing had been done here, the proposed Police Course at Viking for that he [illegible] Police at Ryley. [illegible] Hans Hardy and Johnnie Jeppesen.

The Disaster Plan for the Viking Municipal Hospital was placed before the Committee at this time and passed around to each member of the Committee.

It was suggested that enough copies of this Disaster Plan should be obtained so that each member of the Unit Central Committee could have one, and Cy Rosendal stated that he would obtain these copies.

MOVED that the Disaster Plan for the Viking Municipal Hospital be received and filed.

A letter from R. J. W. Stewart, Officer-in-Charge, Northern Zone, Alberta Civil Defence, in

## The Tofield Community League - 1944-1954

The Tofield Community League in conjunction with the Women's Auxiliary, is an extremely important organization in Tofield. It has an enviable record supporting worthy causes, sponsoring cultural activities, and encouraging any project or activity for betterment, or country. The Community League is now in the [illegible] year. None is even more appreciative of the fact that the real quality is made fully aware of the [illegible] done in its behalf by the League.

The material for this and the following articles is taken from the minute books of the League, and it is hoped that the reader will refer to it [illegible] the debt our community owes to the Tofield Community League.

A meeting was held at the Public School on January 26, 1944 for the purpose of forming an organization to take care of the recreational facilities in Tofield and after a lengthy discussion it was seconded by [illegible] and R. Clutterham that a Tofield Community League be formed. Carried

[illegible] and R. Clutterham, F. Telfer, W. Wadsworth and S. Rogers as directors.

It was agreed that membership should be open to everyone who wished to belong [illegible] the membership fee of $1.00.

[illegible] that the [illegible] have two meetings a month, on the [illegible] Tuesday of each month.

RYLEY for Jan. 3 to 7 inclusive
Jan. 10 to 14 inclusive
Jan. 17 to 21 inclusive
Jan. 24 to 28 inclusive
Jan. 31 to Feb. 4 inclusive
Feb. 7 to 11 inclusive
Feb. 14 to 18 inclusive
Feb. 21 to 25 inclusive
Feb. 28 to March 3 inclusive
March 6 to 10 inclusive
March 13 to 17 inclusive
March 20 to 24 inclusive
March 27 to 31 inclusive

[illegible] a draft of constitution for the Tofield Community League [illegible] Tuesday 1 [illegible] and [illegible] Mr. [illegible] elected as member-

ship committee.

On motion of G. Allen and R. Coutts, the League was to sponsor a minstrel show.

At the end of this first meeting there were 68 paid-up members.

The next meeting of the Tofield Community League was held on February 21, 1944 in the dining room of the Royal Alexandra Hotel. After the supper and a [illegible] was held by A. B. Clutterham, in addition to The Fabric of Youth in Our Community was given by Mr Clutterham the [illegible] question by Norman Chandler [illegible] Mr. Phillips [illegible] Rich and Pubic [illegible] in voting such to select a member to [illegible] committee.

[illegible] Community League [illegible] Mr. Hall [illegible] Memorial Hall [illegible] Mr. Hall [illegible] at his [illegible] of this organization were held in the Memorial Hall, frequently without charge.

The Search for Talent Shows by the A.C.T were sponsored by the Community League. One outstanding winner, Alfred Myrha "young oldtimer fiddler" later went on to win second prize in a fiddlers' contest in Toronto [illegible] by the League when [illegible]

[illegible] Memorial Hall [illegible] and also had [illegible] a county rep [illegible] for Pee-Wee Hockey was also donated equipment and the League [illegible]

The monthly show Lux Lux [illegible]

[illegible] which underwent a [illegible] public life [illegible] after the [illegible] that there will be a movement [illegible] on Boxing Provincial [illegible] of certain [illegible] [illegible] [illegible]

## Report of Civil Defence August Meeting

(Continued from page [illegible])

[illegible] MOVED at 3.35 p.m. that the meeting adjourn. CARRIED

[illegible] had advised at the previous meeting [illegible] would be necessary for the Central Committee to make up some considerable discussion took place with Mr McNally and [illegible] the requirements. In the opening Mr Civil Defence Directors within the Unit should give some thought as to what their areas would do in regards to receiving evacuees from the City of Edmonton, which was considered the larger area, bearing in mind that the Town of Tofield and the Village of Ryley could become a full-out area, which would necessitate those places being evacuated at same time.

Mr McNally suggested that Welfare Services & Health Services should be enlisted very strongly and that the training of Auxiliary Police should not be considered completed, but that training should be continued.

A good many questions were asked by the members of the Committee and fully answered by

HARD LUCK CAR OWNER NOW MINUS SUB

Jim LeGallais, 23, Hamilton, Ontario swore he would never buy another car as he stood over the wreck of one into the fingerprints of the high point in a long run of bad luck. Of the four cars Jim has owned, one was stolen, the motor gave out in another after just one month and he smashed the other. "I'm still paying my car debts ten months after I stopped driving," says Jim.

## Wedding

LEE — NICHOLS

On saturday, August 29, in the Tofield United Church, a late summer wedding took place and a setting of baskets of gladioli, when Miss Margaret Joseph Lee of Mr and Mrs Roy W Lee of Tofield and Mr David Arthur Nichols, son of Mr and Mrs H R. Nichols of Edmonton were united in marriage. Reverend Sidney Ball and Reverend Donald Wilson officiated.

The bride, who was given in marriage by her father, wore a floor-length portrait gown, featuring a sweetheart neckline and tiny capulet sleeves on the pleated bodice, which was joined in a chantilly lace edged headband chief shirt made full by tiers of taffeta and net and pearls over bouge. Her elbow length mittens of net were edged with matching chantilly lace. Her finger length veil was held in place by a double [illegible] and pearls and she carried a cascade bouquet of American Beauty roses. Her only jewelry was a double strand of [illegible] pearls, gift of the groom.

Miss Doreen Lee, sister of the bride was Bridesmaid. Also [illegible] Miss Lorraine Nichols, sister of the groom and Miss Joan Archibald, School of Nursing was bridesmaid. They were identical in [illegible]

Miss Lee wore taffeta with matching picture hats and mittens. They carried bouquets of white shasta daisies.

The groom was attended by his brother, Mr. Don Nichols and Mr. Charles Both.

Ushering guests in pews married with knee-pads of daisies, were the bride's cousin, Mr. Wesley Lawson and Mr Norman Scott.

The wedding music was played by Mrs G. McFadzean and the soloist was Mr. Delbert Lee, brother of the bride, who sang, "The Wedding Prayer" and during the signing of the register "O Perfect Love."

To receive her guests at the reception which followed in the church parlor, the bride's mother wore an ensemble of aqua printed taffeta and beige accessories. The mother of the groom chose a heavy rust brocade, fitted dress with a white hat and white accessories. They both wore corsages of pink carnations roses.

The bride's table was laid with an [illegible] white linen tablecloth and centred with a three-tiered wedding [illegible] cake, [illegible] with white lapels knots of sweet peas decorated the [illegible] beyond [illegible] was mother of [illegible] and the toast to the bride was proposed by the bride's father Mr Morton Lawson, and duly responded to by the groom.

Mr and Mrs. [illegible] left [illegible] on [illegible] "'53 Buick Hardtop. For [illegible] the bride wore a [illegible] dress with [illegible] Nichols will make [illegible]

## School Committee Holds Meeting September 8

[illegible] up to him whether or not he re[illegible] any additional pupils to [illegible] the new addition.

It [illegible] Mr Pike also [illegible] that [illegible] not be some additional classrooms in as much as some of the [illegible] now [illegible] will be established [illegible] the new school [illegible] capacities

Moved that Mr. Wood be [illegible] that we do not require [illegible] additional janitor at Tofield CARRIED

Moved that we reimburse [illegible] the $1.00 per day in lieu of [illegible] pertaining to Water Wells and [illegible] CARRIED

Moved that the [illegible] Mary J. Petruk, [illegible] CARRIED

Moved that [illegible] and [illegible] attend conventions in the [illegible] at this time is [illegible] to the wish to have their holidays [illegible] rather than at Tofield. The reason given for this being that it was too far for the children to travel by bus and that the roads were not good enough for the bus to [illegible].

They mentioned that Mr F [illegible] stother and E. Mathieson also wished to have their children attend the School if it was found [illegible] that they had intended to be present at the meeting.

There were [illegible] present and Mr. Chisholm mentioned that when the roads were bad they would have to drive the [illegible] 13 miles to Tofield [illegible] and that [illegible] transportation. The school bus would be able to come within a very short distance of Mr. Chisholm's farm.

Mr. Gibson suggested that new [illegible] 4, 5, 6, 7 and 8 [illegible] Wright and we have 1, 2, 11 and 12 [illegible] 13 and 14 should be transferred to the Mundare District at Easeman, and he mentioned that many years ago he had been instrumental in having a petition for this purpose in that area, and that all the people [illegible] were in favor of being transferred to the Mundare District.

Mr. Gibson stated that as far as he could remember this was not the case.

Some further discussion took place and the delegation retired.

Moved that Messrs Kershaw, Cridland, and Evans be advised that the County definitely will not pay tuition for any part of the school year for the children attending [illegible] a complete educational program [illegible] transportation [illegible] Wright.

Moved that the following teach[illegible] be engaged:

Mrs Rose Barry to Ryley Mr [illegible] Mr. Bernice Hope Mr [illegible] Mr. Stroud. How[illegible]

## Childhood Habits Persist Throughout Lifetime

Instinct can sometimes be over-rated, according to Horace Seller, manager of the Bank of Montreal's Tofield branch.

For instance, he says, many of the successful business men among his customers attribute their habit of regular saving to instinct, rather than to being taught the advantages of saving as children.

But it is much more likely, Mr. Seller believes, that their habit of regular saving was begun when very young, at the suggestion of far-sighted parents.

Either way, Mr. Seller says, there's no doubt that the best time to learn the habit of regular saving is in childhood, and the younger the better. It's a simple lesson that gives youngsters a good start in life, and the kind of confidence that keeps a savings account to fall back on in emergencies is often a source of [illegible] when they start [illegible] their own.

A single dollar an[illegible] start your children's account at the Bank of Montreal, but [illegible] might be only a small beginning, but it's a good way to develop habits that will be mighty valuable in the future.

If your child wants something special and it can be anything from a bicycle to a college education — he can [illegible] personal savings account will be a strong encouragement for him to put away part of his weekly pocket money. Also the objective will help him to develop the extra stub habit of saving.

Drop in soon to see Mr. Seller and ask him for a free copy of the B of M's folder entitled, "How to teach your youngsters to save." Parents everywhere are finding it helpful.

IN MEMORIAM

In loving memory of our husband and father (Irwin Lorland Eden) who passed away 20 September 24, 1958.

What would I give to clasp a hand
His happy face to see
To hear his voice and see his smile
That was so much to me
The one I loved has gone to rest
His loss true ... is still
The hand that always helped me
Now lies in deaths cold chill
Nothing can ever take away
The love a heart holds dear
Fond memories linger every day
Remembrance keeps him near
A faithful husband, a father, one of the best
May God grant him eternal rest.
Ever remembered by his loving wife, Ellen and family

Vol. 7 — No. 50 TOFIELD MERCURY, TOFIELD, ALBERTA Thursday, September 24, 1959

KIDDY-CAR LEAGUE LEARNS ROAD SAFETY AT OAKVILLE

Some 700 children took part in a special summer course in the rules of road safety. The course was carried out in playgrounds at Oakville, Ontario. Toy cars are supplied by the town to make the course more interesting, roads are marked out and the children learn to read road signs. A real pointer for Janice McAnuff, left, is a jumble of signs. But she learns what each sign means in its proper place. At right, friendly teacher P.C. Al Hooks, Oakville's traffic safety officer, demonstrates rules of the road to children.

## Jubilee Jottings

... people have ceased ... cause of the splendid time displayed by ... Jubilee Committee ... are ... by Jim Dunbar ... Mrs. ... Jubilee Committee ... both the ... and ... are to be congratulated ... to ... Tofield district. It also ... the old trails and the ... trends. At a meeting of the Jubilee Committee on September ... under the chairmanship of Mr Berry, it was decided to ... booklet copies of this ... They will be sold to ... public. The price is expected to be one dollar, but this will, of course, be dependent on the cost of having the maps made.

The fall program for Tofield's Golden Jubilee Year will soon be underway. Mrs. Prentice, who is the member of the Jubilee Committee in charge of drama, has announced that the Women's Branch of the United Church will be presenting a 3 act play "The Late Christopher Bean" which will be directed by Mr. Glen Annis. high school drama teacher. Remember the above. Mr. Annis announces that will be cast of Tofield and district. Help to ... to be cast in the three ... The Late Christopher Bean ... promises some to be ... on Monday, October ... Remember to make ... there are many jobs to be done as well as the actual acting and ... Bill Worton Jubilee Committee member and president of the Chamber of Commerce announced that there will be a Jubilee project forthcoming from that organization. Project plans are not yet complete, the details will be made public later.

In the pleasure stage, too is what may be the last appearance of the Jubilee Band on November 24 Sponsored jointly by the Tofield Community League, the Lions Club and Mr. Wetland's Auxiliary to the Legion and the Jubilee Committee, this event is planned partly to wind up the Golden Jubilee festivities and partly to welcome to our community all the families who have moved here during our Jubilee Year.

This community get-together will take the form of a giant potluck supper followed by an evening of entertainment. The Community League ladies under the presidency of Mrs Roy Bolter are planning to cook turkeys donated by the Town of Tofield, the T.C.L., the W.A.T.C., the Legion and we have been told that we can do it! So all the rest of us will need to bring are sandwiches, cakes and our own dishes. Coffee will be supplied.

A list of new residents of 1959 is being compiled at the Post Office. Invitations and complimentary tickets will be sent to these adults in those families on their arrival at the Community Centre. Any who each have ... the ... Jubilee Committee ... Mrs. ... Mrs. ... Mrs.

# Chevrolet Corvair On Display Friday

[illegible] Chevrolet Corvair [illegible] a number of [illegible] a host of features never [illegible] North American [illegible] will go on display at [illegible] dealers across Canada on Friday [illegible] 2.

[illegible] were received today by General Motors of Canada Ltd.

In addition to the Corvair the dealers will offer a new [illegible] line and [illegible] passenger line, details to be released later.

The Corvair is the product of a new [illegible] and develop[illegible] program aimed at development of a compact car which is not in initial cost, economical to operate, roomy, easy to handle and provides North American standards of comfort, convenience, safety and performance. Ronald Perrow [illegible]

Power train is at the rear of the car.

A light weight, aluminum "pancake" engine which uses a considerable amount of aluminum.

Independent suspension of all four wheels including a "swing" rear axle.

Unitized body construction.

A virtually flat [illegible] compartment floor.

Luggage compartment under the hood.

Optional folding rear seat back to provide more luggage [illegible]

Low center of gravity.

Long road base.

Airy [illegible]

Aluminum [illegible] heater that is [illegible] passenger compartment warmth.

Among the many advantages are:

1. The rear engine provides a functional balance in weight that is not prevalent in a Front-powered car on a short wheel base. Traction, brakes, and steering ability are [illegible]
2. The usual driveline tunnel is eliminated by mounting the transmission to the engine at the rear. This provides a virtually flat, roomy compartment floor and makes a [illegible] without sacrificing a [illegible]
3. Compact, air-cooled, [illegible] of light-weight aluminum [illegible] in the engine of superior efficiency. The engine is [illegible] per cent lighter than [illegible] of similar horsepower [illegible] from 75 to 60 per cent more [illegible] on a gallon of gasoline than a regular six cylinder engine.
4. Weight savings are [illegible] throughout. Cooling eliminates the need for a radiator and water system accessories. The anti-freeze is necessary and boiling is not a problem.
5. Unitized body construction [illegible] a 10 per cent saving in [illegible] and a saving of approximately 40 per cent in weight [illegible]
6. Suspension system [illegible] designed to take maximum advantage of weight distribution. Unsprung weight has been reduced particularly at the rear where a swing type rear axle is used.
7. The [illegible] design, with accessories at easy reach, may be readily serviced. Another asset to ease in the installability of nearly 900 [illegible] Chevrolet dealers has been stock parts and accessories.
8. An optional [illegible] transmission and other [illegible] as items are [illegible] to North American [illegible]

Wheelbase is 108 inches, overall length, 180 inches, [illegible] feet, tread [illegible] inches. Weight, [illegible] pounds. Engine displacement [illegible] cubic inches, [illegible] horsepower. Fuel economy is [illegible] miles per gallon.

The [illegible] are optional [illegible] drive, 12 engines at 1100 rpm. Brakes are 9 inches [illegible] and the [illegible] type.

Other [illegible] options include [illegible] tube [illegible] and [illegible] power [illegible] transmission.

In addition to the standard model, a deluxe version is offered in the Corvair 700. The 700 features special bright metal trim and three color-keyed choices in upholstery fabrics and color[illegible] in other model options also exists [illegible] all in the long-wearing acrylic finishes introduced in the Chevrolet.

The nine-gallon gasoline tank is located forward of the passenger compartment. Below the floor, and is powered by front suspension [illegible] Oil capacity is 5 [illegible] quarts.

In appearance, the Corvair carries a [illegible] theme. The [illegible] roof is slightly [illegible] the rear window. Hood and rear deck slope [illegible] forward. [illegible] turns, [illegible] below the bumper and along the sides.

Narrow the radiator is in the rear, no grille is necessary at the front, where [illegible] a wide chrome border of dual bead [illegible] and the Corvair emblem. The rear deck is vented for [illegible] air intake. A screened [illegible] front at the rear provides an outlet.

Interiors are ample for six passengers. Headroom from the passenger [illegible] inches, [illegible] 38.7 inches in front and 35.6 inches in rear. Extension of the [illegible] forward gives almost 42 inches of legroom in the front compartment.

Importance of adequate luggage space has been recognized [illegible] luggage under the hood and behind the rear seat provide more than 16 cubic feet of space. An optional folding rear seat back brings the stowage area up to 22.9 cubic feet, almost as [illegible] as the conventional size Chevrolet.

Safety features range from the excellent steering, braking and directional stability to the broad expanse of safety glass and rotary safety door latches. Front [illegible] are [illegible] for structural strength.

Visibility is excellent. The windshield is 1,296 square inches and the total glass area is 2,241 square inches.

## MINISTIK NEWS

There was a good [illegible] out at church on Sunday despite the very unsettled weather. Mrs. Howard Mantor took the service which was enjoyed by [illegible] by all present. Mr. Mantor is still in hospital but expects to be back with us on October 4.

Mr. and Mrs. Baden Hansman of Dawson, Alberta, were weekend guests of Buddy's mother and father, Mr and Mrs. Bob Hansman.

Mrs. Helen Skillstone and Marvin are staying at Mrs. Irene Wade's home while she is on vacation in Edmonton, Alberta. He's minding gates. Keith?

Mr and Mrs. George Armstrong of Pin Pine, Manitoba, have been recent visitors at the W. T. Davy's. The Jon Stevenson and the Ralph Davy's [illegible] here. They returned to Pin Pine on Thursday.

Mr and Mrs George Armstrong pleasantly surprised Dolly and Jim Reddish, Wednesday afternoon. They were accompanied by Donna and Brian Leach.

Allan Cordingley of Maple, Alberta, spent two weeks with his grandparents, Mr and Mrs. Ben Dunsey, jr.

Mr. Wm. McKinnon of Vegreville, Mr and Mr. L. Hyslop of Edmonton were Sunday guests of Mr. and Mrs. Stanley George.

Mrs. Helen Dunsey has returned from Whitecourt, where she has been the last 2 weeks.

We are glad to hear that the W. T. Davys have the power and the Alex Fowler family are ready for it. Hope you both really enjoy it in the future.

Mrs. Wm. Bick and [illegible] of Edmonton spent Thursday afternoon and evening with the Jim Reddish while Audrie acted his luch at dark hosting

Neil Waiser is on holidays so he is now [illegible] Hope he doesn't have to grass our lawns, do we?

Elegant Impala 4-Door Sport Sedan
here for the first time anywhere—
elegance with economy!
THE SUPERLATIVE 1960 CHEVROLET

Here's new gem-bright beauty, room to sprawl in and sit tall in. New lean-muscled engine economy, new space and silence in the going. For fineness of features, for precise craftsmanship — for all the things that make a car good to own — the '60 Chevrolet stands alone in its price field.
If ever a car stood out from the rest of the crop, it's this '60 Chevy. From its clean-thrusting grille to its dapper rear deck, its styling is as fresh as a new-minted coin. You'll be just as wide-eyed over what's inside — the relaxing roominess, tasteful trim, hushed elegance, all comfortably cradled by Full Coil springs at all four wheels. And yet, you'll find new economy of operation, new dependability, new longer life. Here, truly, is the nearest to perfection a low-priced car ever came. Take to the road in the sparkling new sixty Chevrolet.
now! Corvair BY CHEVROLET
THE REVOLUTIONARY
Here's the car created to conquer a whole new field . . . General Motors revolutionary compact Corvair. Here is a totally new way of going. From its trunk-in-the-front to the radically new Turbo-Air rear engine, Corvair is all new. And it's a newness that's designed to bring you the riding comfort and six passenger luxury standards that Canadians look for, together with true compact-car handling and economy. See, drive and delight in the revolutionary new Corvair at your Chevrolet dealer's.

## BARDO NEWS

We have had another cold and wet week. Some farmers were able to swath in four or five hours of combining on Thursday but outside of that everything has been at a stand-still and now we are told there will be snow so it is beginning to look grim.

A group of ladies motored to Camrose on Tuesday to help out with canning and cleaning at the Bible school. The group included Norma, Doris and Jean Anderson, Mabel Johnson, Olive Pobzan and Hilder and Berghild Rude.

Mrs. Elmer Silver and Mrs. Sam Cinnamon accompanied their folks, Mr and Mrs. Willie Simonson to Wetaskiwin on Monday where they visited Mr and Mrs. Harold Simonson and family.

Mr and Mrs. Axel Kindwall visited with their son and daughter-in-law, Mr and Mrs Harold Kindley and family in Edmonton on Sunday.

Mr and Mrs. Delmer Stenborg and Ricky of Edmonton were dinner guests with Mr. and Mrs. Art Wirvel Sunday.

Mr and Mrs. Raymond Brooks were Sunday dinner and supper guests at the Clarence Rude home. Mr and Mrs Carl Nelson and Gary were supper guests.

Sandra Anderson celebrated her birthday on Friday and had three little friends for a tea. The guests were Debbie Rude, Renee Anderson and Jennie Clark. Other [illegible] were Mrs Arlen Moen and Arnold and Mr and Mrs. Clifford Clarke.

Amisk Creek News

AMISK CREEK — On Monday afternoon Mrs. Harold Bentzen's sisters, Ruby and married ladies called to celebrate her birthday [illegible]

The ladies of the district and other friends called at the Bryant home to welcome little Calvin Krling on Wednesday afternoon.

Saturday evening visitors at the Charles Rode home were Mr and Mrs George Prahin.

Canvas visitors at the Mars n Moen home on Saturday were Mr and Mrs. Jack Murray and Mrs. Moen.

On Sunday Mr and Mrs Mars n Moen attended the Golden Wedding of Mr. and Mrs. Nicholas of Ryley. An open house was held at their home.

Mr. and Mrs. Norman Patterson visited Saturday evening with Norman's father Mr. and Mrs. Alfred Patterson. Norman's brother also is on the hospital

On Wednesday, October 14 Mr Norman Glover, chairman of the Community League, called a meeting of the executive and members of the league and [illegible] The following areas [illegible] agreed upon for the meeting on Saturday, October 21 [illegible] night.

From 5:00 p.m. to 7:00 p.m. in the Community Hall [illegible] be a special program of comedy films for all the children but especially the younger ones. During the show [illegible] and there will be [illegible] to [illegible] presented. Grades [illegible] above Grade 5 and grades [illegible] be awarded in the area. From 7:00 p.m. to 9:00 p.m. the main show will take place [illegible] Kaye film to which all the children are invited there with [illegible] particularly for those under 5 years of age. On arrival at the hall, all the children will receive a bag of popcorn and an orange a bag of treats, and they will be instructed [illegible] in the town At 9:00 p.m. the [illegible] will be cleared and the older young people will have a dance until midnight.

The Community League will provide the shows free of charge and also the use of the hall in order to pay for the cost of the treats the various ladies' groups [illegible] will conduct a canvass under the direction of Mrs. Norman Glover the first two days of next week — October 19 to 21. We ask that you give the canvasser the same amount as you would normally spend on Hallowe'en treats so that a celebration [illegible] may be given to each child. The treats will be purchased equally from the merchants in Tofield

Obviously the success of this delightfully underrated, the man came home without his paycheck. "What did you spend it for?" screamed his wife.

"Tonight something for the house," replied the drunk.

"Oh, yeah?" scoffed his wife. "What did you buy?"

"Twelve pounds of drain."

Jubilee Biography Series

## Mrs. Petra Stauffer

BEAUTY WINNER PREFERS MARRIAGE TO GLAMOUR

Irene Dobler, right, prefers dishpan hands to the schmoo glamour of being Miss Maple Leaf. Miss Dobler of Toronto gave up the title when she decided to get married to Joseph Blaha (centre). Eugene Cormier, Dominion Dairy Council, Montreal, was the contest emcee who crowned Miss Maple Leaf. Miss Dobler claims she wasn't treated very well by the officials of the contest and they would not allow her to leave her hotel room or talk to her fiance by telephone.

### Hastings Lake

HASTINGS LAKE The final plans for the Ladies Club banner social are made. There is going to be a table of Handiwork, Bric-a-Brac and a fish pond. The rest of the evening will be spent playing Bingo. Lunch will be served.

Tickets on the raffle of a Quilt and second prize of a lamp which will be drawn for at the Bazaar.

Ralph and Dorothy Reed and family spent Thanksgiving day with Mr. and Mrs. J. Gudmundson. Reed is home from the Yukon on sick leave.

Ken Robertson was over after the Thanksgiving week-end

### Highway Accidents on four lanes reduced this year

Gordon F. Taylor, Minister of Highways, reported today that a study has been carried out on the accident picture on the four-lane highways where the speed limit was raised to 65 miles per hour by day and 55 miles per hour by night commencing July 1st. The following period, September, compared during the first two months

### KARDO NEWS

KARDO Gerhart and Rita and Rita Jane Roehler returned to their home on Monday after spending their three weeks of holiday at Rita's folks the Albert Rasheski's. On Friday Jack and Caroline Rasheski and girls came out for the thanksgiving holidays. Agnes Hasheski and Caroline Rasheski attended a birthday party for Mrs. Nettie Moon at the Jack Murray home in Clarose on Saturday.

Gene Dale and Lawrence Rude, Bill Bergel and Martin Rude were Monday evening visitors at the Lester Severson home and on Sunday afternoon Maynard Severson was a visitor.

Mr. and Mrs. Clarence Rude visited their daughter Elizabeth in the Clarose hospital on Monday afternoon. They also got a peek at their new wee grandson Ricky Ray whose weight was 6 pounds and 11 ounces at birth.

Edwin and Carmen Kline and children of Viking were dinner guests at the Emil Rude home on Sunday. Petra Stauffer was a caller in the afternoon.

Elmer and Vivian Gaugisch and children were supper guests at the Leonard Stauffer home on Saturday evening.

On Friday evening Leonard and Evelyne and Kenny visited at Edith Moen's.

Cliff and Doris Anderson and children were dinner guests at the Philip Anderson home on Sunday.

Maureen Pushaw of Calgary is spending the holidays with her folks the Ivan Pushaws.

Bob and Marlene Hunter and small daughter are visiting Marlene's parents the Olaf Erickson's over thanksgiving. On Sunday they all were guests at the L. Hunter home in Tofield for Thanksgiving dinner. On Sunday evening the Olaf Erickson family were visitors at Stobbans.

Harold and Audrey Hindley and children were dinner guests at the Axel Hindley home on Sunday.

Marvin Jacobson and Lawrence Rude were coffee guests with Andy and Bernice Hellberg on Sunday afternoon. In the evening they visited at the Leif Pushaws home.

Coffee guests with Grandma Pushaw on Sunday afternoon were Mr and Mrs. Axel Hindley and Mr. and Mrs. Leif Pushaw and boys.

Mrs. Minnie Sorgaard and Laverne of La Glace and Thelma and Sharon Erickson and Laurel of Strachn are spending the week with at the Michel Erickson home. On Saturday evening the Sorgaard and Erickson families were supper guests at the John Holte home in Kingman. On Sunday Mr. and Mrs. Michel Erickson entertained the Sorgaards, Nils Holte's, John Holte's and Sharon Erickson families at dinner.

Mr. and Mrs. George Francis entertained their daughter Pauline and son in law Charles and family and their son Glenn and daughter-in-law Iris and family at dinner on Sunday.

Mrs. C. M. Fiasch, Mrs. Barbara Gotche and Kathy and Mrs. Ed Hansen all of Edmonton spent the long week-end with Leroy and Mary Fiasch and boys. Mourad Fiasch returned to the farm after a short visit in the city. On Sunday afternoon Ingolf and Esther Brekken and Dennis were visitors at Fiaschs.

Ed and Gail Lock spent the Thanksgiving holidays with Gail Lock's the Elmer Sitters. Mr. and Mrs. Herman Swanson were Sunday afternoon visitors.

It has remained very wintery all week with more snow yesterday. The thermometer stands at 6 above this morning but we are still hoping this is not winter. Many farmers are forced to sit, their cattle and pigs so we are surely faced with something note of us have experienced before. According to the radio reports there are many places worse off so we still have much to be thankful for.

Services on Sunday morning at 10:00 and Sunday school at 11.

CLEAN STORAGE FOR GRAIN

The provision of insect-free, weather-proof buildings for the storage of new grain, does much to ensure that grain will not spoil. It will pay, therefore, to thoroughly clean and spray all bins that are to be used for grain storage. Such precautions pay real dividends.

SEARLE GRAIN COMPANY, LTD.

CANADIAN NATIONAL RAILWAYS

### 1960 PONTIAC

A distinctive new appearance, added comfort and improved braking highlight Pontiac for 1960 by General Motors of Canada. Two views of the 1960 Pontiac show the sterling styling changes that have created a lower, cleaner look. Top is the Laurentian Sport Coupe and below is the Parisienne Convertible.

### Pontiacs for 1960 now on sale

OSHAWA, ONT., OCT 1 — A striking new front and rear end styling highlight Pontiac for 1960, announced today by General Motors of Canada, Limited.

New massive bumpers, front and rear and a V-shaped grille give the Pontiac a long, clean look. Rear fenders are extended and decked by twin trailing nacelles which extend rearward from the back window to house dual tail lamps.

The 1960 Pontiac has a quieter ride. There's more room in the front seat compartment. Brakes have been improved and tires are more durable.

Instrument panels are new and highlighted by a two-tone nocglare paint treatment and new gauges. The boosted instrument cluster houses a long, horizontal speed indicator over four circular gauges for fuel, engine temperature-oil pressure, generator and clock readings. Accessory control knobs are new and readily accessible. Floor carpeting has a higher, fuller and firmer pile.

The size of the front compartment transmission tunnel has been reduced. The frame has been reinforced and new rubber-insulated body mounts give a quieter ride. New synthetic and natural rubber increases tread life by 11 per cent, and provides less impact on bumps, reduces tire squeal on turns and saves traction. Brakes require less pedal pressure, and the parking brake now carries a pop-out release lever.

Pont ac offers 21 models in 4 series. Five Parisiennes, six Laurentians, four Strato-Chiefs, four Bonnevilles, three Star Chiefs, seven Catalinas and two in a new Venture series which features interiors of special design.

Pontiac engines include a six and four V-8's, including an improved Strato-Chief which has been redesigned to give greater

### MINISTIK

MINISTIK — Another Thanksgiving Day has come and gone and with it comes a promise of more seasonal weather, a gift in itself. Here's hoping such can be accomplished while the weather stays nice.

There was a good turn out at church with the message being brought to us by Mr. Blake Ascroft. Mr. H. Thomson of Hastings Lake is going to take the service Sunday, October 18.

Mr. and Mrs. Stanley Williams brought Mrs. Claude Lock home on Saturday after a stay in Ed-

The Jos Davenport family were Edmonton visitors last Thursday.

Visitors at the Ben Bowerman family Sunday were Mrs. Clayton Bradley and Mrs. H. B. Walker of Edmonton and Mr. Ab Saunders of Lacombe, Alberta. The Jimmie Ingram of Tofield called on Friday evening.

Mrs. Keith Williams and Marie are staying at the Archie Dick home in Edmonton, looking after things while Mrs. Dirk is in the Hospital Hurry and get well Dorothy.

Mrs Russell Rowland looked after the chores at the Keith Williams home while they were away

Mr and Mrs. Tom Collingwood assisted at the Russell Rowland home Sunday and brought Russell something he had wished for for a long time — a radio

Mr. and Mrs Bruce George and girls of Swift Current, Sask. were Thanksgiving visitors at the home of Mr and Mrs. Stanley George A family gathering was held on Sunday

Mr. and Mrs Alex Pearice were Thanksgiving Day visitors at the home of Mrs. Hisley, Hennessy

The Ladies club meeting is to be held on Wednesday afternoon at the school. Hope all the ladies are getting their things ready for the bazaar being held on November 18th.

## Donations to the Tofield Hospital

Donations to Tofield Municipal Hospital during the period April 1, 1958 to October 1, 1958

In memory of the late Mrs. Jessen Mr and Mrs. Don Hall

In memory of the late Mr Hjorr Kleinschmidt, Mr. and Mrs. Lloyd Grumansel; Mr. and Mrs. Gladue, Albert and Barbara; Mr and Mrs. Leo Whitford and Mrs Whitford; Mr. and Mrs. Peter Kleinschmidt; Mr and Mrs. Lawson; Mr and Mrs. James Roddick; Mr and Mrs. Chester Smith; Mr and Mrs. Jason Henderson; Mr and Mrs. W. A. Mitchell, Mr. and Mrs. Lloyd McGinnitie, Mrs. Annie Glover, Margaret and Pat, Mr. & Mrs. and Family.

In memory of the late Mr Martin Plaunik: Mr. and Mrs. J. Gladue.

Donations toward the fund to purchase a heart monitor: Ladies Cleaning Bee, Anderson School, Banks, $15.00; Tofield Junior High Students' Union, $25.00; Mixed-ish Ladies Club, $10; Mrs. Mabel Thornley, $5.00.

We wish to express our gratitude to the above persons and to those before he settled down. At first it was believed that it was someone trapping for fur, & usual occurrence but then a number of persons were busily ... to either and tried to signal him down but couldn't get the idea across The plane made a pass at an area north of town where he was being signalled down but tried to pull up when the motor stalled and he crashed.

Observers, including both Drs. were on hand in a matter of minutes to give aid to the wounded man. The doors of the craft had to be pried open to allow the occupants to be moved out. Although gasoline was spilled out there was no fire.

W. H. Hammond of Calgary, received an injured ankle but was able to walk away from the plane.

The pilot, Peter Clark of Edmonton suffered face lacerations around the right eye and a bruised nose.

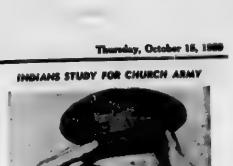
David Hughson, Toronto suffered an injured back and chest.

David R. Buchan, also of Toronto received a fractured hip and broken ankle.

The three men are all employees of Tyrrahill Elevator Co.

The next day insurance adjustors and Mr. Anderson, manager of Calgary Aviation, were in town and the plane was removed to Edmonton. Mr. Anderson said that for a crashed airplane the damage was not too great.

## INDIANS STUDY FOR CHURCH ARMY



For the first time in history the Anglican Church Army has three Indian students registered for classes. The course is two years and the only text books are the Bible and the Anglican prayer book. When they graduate the Indians will return to do church work among their own people. It is a uniformed preaching ministry and Robert Ermine, a 19-year-old Cree from Alonply, Sask., is shown adjusting his cap. Graduates do social work but are not allowed to give sacraments of the church.

## County School Board holds meeting

(Continued from page 1)

the building lobby in good condition and containing full plumbing one approximately 30 x 48. It was suggested that the County would level the grounds and have the water, sewer and gas connected to the building. The Village of Holden would in all likelihood supply the power if power connected to the building and pay for the power.

Some considerable discussion took place and the question was raised how children of pre-school age, as well as the shorter past school age would be looked after if being supplied that the Elks organization might have to supervise the activities at the rink outside of school hours, possibly from 7:00 p.m. till 10:00 p.m. on week days and all day Saturdays and Sundays.

It was also suggested that the County would have to carry sufficient liability and accident insurance in connection with the rink activity.

The main reason for wanting to move the skating rink up to the school grounds appeared to be that the rink, presently, is too far away from the school and it is not possible to have the school children walk from the school down to the rink during the regular Physical Train ing periods.

After Mr. Strobeland and Mr. Mason left some considerable discussion took place, and it was finally

MOVED that we do allow the Elks Club at Holden to move the skating rink into the school grounds, providing they supervise the activities at the rink as previously suggested and that the other arrangements as outlined in the proposals to this resolution, be accepted.

The motion was lost.

A letter from Mrs. Rae R. Fairbrother, Secretary-Treasurer of the Spitzwood Ladies' Institute was placed before the Committee the letter requesting that the following items be left with the Spitzwood school when it was turned over to the organization the organ; all platform and seating planks and sawhorses; the piano (if purchased); heater; table; toilets; coalbins.

The Secretary advised that he had forwarded the Transfer to this property to Mrs Fairbrother for signature by their officials, and that in time the Transfer would be registered

MOVED that we do give to the Spitzwood Ladies' Society the items requested in the above Fairbrother's letter CARRIED

A letter from Mr Delmer Hallam, Mayor of the town of Vilna requesting that the old Standard school on the Hairy Hill school district be made available to the Library Board of the Town of Vilna, was placed before the Committee.

Also a request from Mr R. Klusmier, contract bus driver for this school to be used as a garage for his school bus.

The Committee was advised that this building is being used for storage but that it was doubtable whether it was actually needed for the purpose or not, and Cr Magnuson was requested to find out from the Principal of the school whether the building was needed, and the item was ordered tabled until the meeting on Wed. October 7.

MOVED that the information from Kleeg Limited in regards to the annual re-charging, testing and inspection of the fire protection equipment in the schools for the County of Beaver No. 9, be received and filed and that the account in the amount of $199.95 be passed for payment. CARRIED

MOVED that advice from the Town of Viking that Mr Alvin M. Golka was elected by acclamation to be the representative of the Town of Viking to the School Committee of the County of Beaver No. 9 for a one year term from the Village of Holden advised that Mr Harold A. Bell of Holden had been elected by acclamation to be a representative on the School Committee for the Village of Holden. From the Town of Tofield advising that Mr G. H. Arnett had been elected by acclamation as representative to the County's School Committee from the Town of Tofield, was received and filed CARRIED.

MOVED that letter from Mr Lars Olson expressing his thanks for the opportunity of attending the Leadership Course for Principals during July last, be received and filed. CARRIED

MOVED that the letter from Mrs. Upton thanking the Committee for the additions constructed on the teacherage, that she occupies, and referring to certain items that needed attention, be received and filed and that the items mentioned be attended to Carried.

MOVED that letter from Jarmey Agencies, requesting the Committee to consider it's direction to transfer all insurance to the Jubilee Insurance Agencies Ltd., be received and filed, but that no change be made in the previous decision CARRIED

Mr. J. D. McPeetrige, Executive Assistant, The Alberta Teachers' Association and the other bargaining agent attended the meeting to discuss with the Committee the draft agreement between the School Committee and the County and the Alberta Teachers' Association acting on behalf of the teachers employed by the County, and some changes were suggested.

Cr. Weatherill reported on a request from Mr Norton, Baptist Minister at Tofield, for the use of the school auditorium for a teen-age picture show

It was pointed out that the Committee had a resolution in the minutes refusing all religious organizations the use of any of the school property, and it was

MOVED that the request be refused CARRIED

In engaging the new teacherage at Viking this year, and that the Manager of the Co-op store at Viking Mr H. H. Dyck, had indicated that he would like to rent it for a payment of $5.00 per month.

Mr Golka advised that he was able to get water from another house for the teacherage for the winter and it was

MOVED that the Viking Teacherage be rented to Mr. H. H. Dyck for $50.00 per month, to June 30, 1960, and that Mr. Dyck be advised that after June 30, he may be required to vacate the building on 30 days notice, if it should be required for teacher housing. CARRIED

MOVED that the Kinsella Teacherage, that is not being used as a teacherage this year, be rented to Malcolm Meikle for $15.00 per month CARRIED

MOVED that the following rents be charged of the teachers occupying teacherages at Bruce. Mr S Iverson and Mr J Sheldenwelt $15.00 each per month; Miss Mary Keith $12.50 per month Mr L. Harris and Mr G Thorrell $12.50 each per month and Mr. J Kuhn $25.00 per month These rents to include all utilities CARRIED

In regards to the old Standard school, situated on the Ryley school grounds, Cr Magnuson advised that the principal felt that this building is required for storage at the school, and it was

MOVED that the Stanford school be not disposed of at this time CARRIED

The Secretary mentioned that Mr. Hugh P Bruce's bus contract carried a somewhat higher rate of pay than his bus warranted That the daily payment worked out to 27 cents per mile whereas the rate stated for additional miles was 25 cents

Mr. Bruce had mentioned that this extra allowance had been given to him on account of the poor roads that he had to travel

## Beaver County Council holds October Meeting

The regular monthly meeting of the council, of the County of Beaver No. 9, was held on October 7, 1958.

Present The Chairman, Cr J. F. Reinhardt and Crs Gibson, Johnston, Magnuson, Semchyshyn, Starky and Weatherill as well as Mr. H. A. Pike, Superintendent of schools

The meeting was called to order at 1:20 p.m. by the Chairman Cr Reinhardt

MOVED that the minutes of the meeting September 18, be approved as written. CARRIED

MOVED that we approve action taken and decisions made by the School Committee at its meeting October 6 and 7. CARRIED

MOVED that the minutes of the Agricultural Service Board meeting on September 23 be accepted as read CARRIED

The Field Supervisor was present and some discussion took place in regards to the proposed agreement with the veterinarian Dr. J. E. Robertson.

Cr. Robertson had indicated that he was of the opinion that he could do the full vaccinating work for three-hours himself but that he would, if necessary, obtain help to complete the work in reasonable length of time and Mr Hayles stated he knew whether Dr Robertson should be given the without assistance or with the Fields Supervisor, one of the Inspectors from Camrose, and it was decided that the Agricultural Service Board should be the authority to state if Dr Robertson required additional help to complete the work

Her Boyles also inquired if the previous year's contract was considered sufficient or if some other type of contract should be drawn up.

It was considered that the last year's contract was quite in order with a proviso in regards to additional help, and it was

MOVED that we renew last year's contract with Dr Robertson with the added proviso that the Agricultural Service Board will decide if additional help is required by the veterinarian to complete the vaccination in a reasonable time CARRIED.

Reference was also made by the Agricultural Service Board in regards to the use of 1080 bait for weeds control, and it was

MOVED that we continue the 1958 program for this year. CARRIED.

MOVED that the Financial Statement as at September 30, 1958 be accepted as referred to the Council at this time. CARRIED

MOVED that the Public Works Balance-sheet Statement to September 30, be accepted. CARRIED

MOVED that the bridge requests for 1959 be forwarded to the Department of Highways, Bridge Branch CARRIED

A letter from Mr H. M Danyluk of Holden again stating that he wished to purchase an old grader from the County was placed before the Council

The Council re-iterated its stand taken at the last meeting and the Secretary was advised to again inform Mr Danyluk that the grader is not for sale and it was

MOVED and CARRIED

MOVED that the Director, Prairie Farm Assistance Act be directed to declare the area ... District as entitled to receive assistance under the Prairie Farm Assistance Act for the year 1958 as ... has received less than 10 inches of snow, it is ... received that this year's crop could be a total loss CARRIED

MOVED that correspondence from Farm Electric Services Ltd in connection with the Bruce Rural Electrification Association Limited be received and filed. CARRIED.

MOVED that letter from Farm Electric Services Limited stating that the cost of moving approximately 21 power poles and 2 transformers, along the Contingency Grant road, west of Section 5 in 32 in Township 50, Range 19, West, would be approximately $610.00; this cost payable by the County, be received and filed

MOVED that advice from the Department of Agriculture, Prairie Farm Assistance Branch, in regards to the meeting of the Board of Review on September 9 with decisions concerning Townships 49-14 and 49-15, for the 1958-59 crop year, be received and filed. CARRIED

Cr GOBIND that reply from the Division Engineer, Canadian National Railways, in reply-ons to complaints made by the Secretary-Treasurer in regards to railway crossings being tied up for long periods of time when the track was being raised, parties duly in the Bruce area, be received and filed. CARRIED.

MOVED that information from the Department of Municipal Affairs in connection with the 1959-1960 Municipal Winter Works Incentive Program, be received and filed. CARRIED.

A letter from the District Engineer with a copy of his invitation to bids for the crushing and hauling of gravel both for the Department of Highways, as well as for the County, was referred to the Council, and Cr Magnuson stated that the District Engineer considered it advisable that the County hire someone to check the gravel as it was being crushed and stockpiled

MOVED that correspondence from Stewart, Wier and Stewart, Surveyors for the County, report re on the work done to date and enclosing their account in the amount of $2,491.66, be received and filed. CARRIED.

MOVED by Cr. Gibson, at 3:00 p.m. that this meeting now adjourn to 10:00 a.m. Thursday, October 9. CARRIED

The Council reconvened in regular meeting on Thursday, October 9, 1958

Present: The Chairman, Cr J. F. Reinhardt, and Crs. Gibson, Johnston, Magnuson, Semchyshyn, Starky and Weatherill

All members were called to order at 10:20 a.m. by the Chairman.

MOVED that the minutes of the meeting September 18, be approved as written. CARRIED

MOVED that we approve action taken and decisions made by the School Committee at its meeting October 6 and 7. CARRIED

MOVED that the Public Works Balance-sheet Statement to September 30, be accepted. CARRIED

MOVED that the bridge requests for 1959 be forwarded to the Department of Highways, Bridge Branch CARRIED

A letter from Mr H. M Danyluk of Holden again stating that he wished to purchase an old grader from the County was placed before the Council

The Council re-iterated its stand taken at the last meeting and the Secretary was advised to again inform Mr Danyluk that the grader is not for sale and it was

MOVED and CARRIED

MOVED that the Director, Prairie Farm Assistance Act be directed to declare the area ... District as entitled to receive assistance under the Prairie Farm Assistance Act for the year 1958 as ... has received less than 10 inches of snow, it is ... received that this year's crop could be a total loss CARRIED

MOVED that correspondence from Farm Electric Services Ltd in connection with the Bruce Rural Electrification Association Limited be received and filed. CARRIED.

MOVED that letter from Farm Electric Services Limited stating that the cost of moving approximately 21 power poles and 2 transformers, along the Contingency Grant road, west of Section 5 in 32 in Township 50, Range 19, West, would be approximately $610.00; this cost payable by the County, be received and filed

MOVED that advice from the Department of Agriculture, Prairie Farm Assistance Branch, in regards to the meeting of the Board of Review on September 9 with decisions concerning Townships 49-14 and 49-15, for the 1958-59 crop year, be received and filed. CARRIED.

Cr GOBIND that reply from the Division Engineer, Canadian National Railways, in reply-ons to complaints made by the Secretary-Treasurer in regards to railway crossings being tied up for long periods of time when the track was being raised, parties duly in the Bruce area, be received and filed. CARRIED.

MOVED that information from the Department of Municipal Affairs in connection with the 1959-1960 Municipal Winter Works Incentive Program, be received and filed. CARRIED.

A letter from the District Engineer with a copy of his invitation to bids for the crushing and hauling of gravel both for the Department of Highways, as well as for the County, was referred to the Council, and Cr Magnuson stated that the District Engineer considered it advisable that the County hire someone to check the gravel as it was being crushed and stockpiled

MOVED that correspondence from Stewart, Wier and Stewart, Surveyors for the County, report re on the work done to date and enclosing their account in the amount of $2,491.66, be received and filed. CARRIED.

MOVED by Cr. Gibson, at 3:00 p.m. that this meeting now adjourn to 10:00 a.m. Thursday, October 9. CARRIED

The Council reconvened in regular meeting on Thursday, October 9, 1958

Present: The Chairman, Cr J. F. Reinhardt, and Crs. Gibson, Johnston, Magnuson, Semchyshyn, Starky and Weatherill

All members were called to order at 10:20 a.m. by the Chairman.

MOVED that the minutes of the meeting September 18, be approved as written. CARRIED

Cr Magnuson therefore appointed as Deputy Chairman to April 1, 1959

MOVED that the Court of Revision against the appeals of the 1958 Business Assessment, be held on Monday, November 10 commencing at 10:00 a.m. CARRIED

By-law No. 42 concerning the sale of N.E. 25—46—12—W4 to Wilfred C. Pyke of Viking was placed before the Council

First reading MOVED Second reading MOVED. Third reading MOVED CARRIED UNANIMOUSLY

By-law No. 44 of County of Beaver No 9, concerning the sale of Lots 2 and 3 in Block 12 plan 6791 AA, Pos to Mrs. Florence Samulak, was placed before the Council.

His father settled in the High River district and the Master Farmer received his education in that same district. He left school after completing the ninth grade, to assist his father in an expanding cattle raising enterprise.

Of the Cowling holdings, now encompassing two sections of land, one owned and one leased, approximately 410 acres are under cultivation.

The Master Farmer markets between 100 and 125 grade Hereford calves each year. The stock is built around 50 range cows

and 3 bulls.

Cowlings are fed during the winter months and sold when they reach a weight of approximately 1,000 pounds. The Cowlings also carry an average of 75 hogs throughout the year; market eggs from the chickens and sell cream from five milk cows.

The Cowlings have a family of four children. The eldest, Pearl, has taken one year of university training and now teaches school in the High River area. Norman is entering his second year of the University of Alberta School of Engineering and plans to be a civil engineer Lloyd, a grade 12 graduate is working with his father, while another daughter, Ruth is in grade six at school.

Mr and Mrs. Cowling have taken a keen interest in community and church affairs and serve in numerous organizations. A strong believer in the 4-H club movement, Mr. Cowling has served as leader in both girls' and calf clubs.

Mrs. Cowling has been president of the Women's Missionary Society for four years and is vice-president of local group of the Farm Women's Union of Alberta. She also serves as member of the United Church Session.

## GREEN ACRES

by N. A. SHOWNIK, B. A.

**MASTITIS CONTROL**

Mastitis attacks readily under cows when cold, wet and dirty conditions prevail. The wet condition and lack of bedding this fall will provide a threat of mastitis to many dairy herds. Dairymen will have to take extra precautions to prevent occurrence of mastitis in their herd.

As most dairymen know mastitis attacks the udder of the cow (usually symptoms are swelling and heat) and the result is lower milk production and injury to the udder which in serious case may mean loss of a good milk cow. Early diagnosis and treatment is very important but prevention and control is even more important. Use of a strip cup or other means helps to detect the disease Mastitis should be suspected whenever the milk from a quarter is abnormal. Blood in the milk is also a sign of mastitis.

The most effective method to guard against mastitis is a laboratory examination of milk at regular intervals. In this connection the Department of Agriculture has what is known as Mastitis Control Service." This plan assists the farmer and veterinarian and the Provincial Veterinary Lab. The farmer is responsible for management, sanitation and strip cup. The veterinarian for periodic examination and systemic treatment. The Veterinary Lab is tool for interpretation and type of infection. Full information on this service can be obtained from your D.A.'s office.

For general treatment a number of udder preparations are on the market. Penicillin, Streptomycin, Aureomycin, Neomycin and others are effective and helpful. For best use of these consult with your Veterinarian. Local applications of liniment and camphorated oil is also helpful. Proper sanitation care in use of milk machine, dry sleeping quarters, etc. are all very important in control of mastitis.

**WHAT IS FAIR RENT?**

Share rents for land, livestock, machinery and other productive factors are determined only at infrequent intervals they tend to follow 'custom' and may get out of line. There are situations, too where there have been no customary rates established, so it is necessary to use special methods to determine whether rent is fair or equitable. Alfred T. A. Peterson, Farm Management Specialist, Alberta Department of Agriculture.

A fair rent is usually defined as one where landlord and tenant share the gross income in the same proportion as they contribute to the costs of production. The problem is to determine, in terms of dollars, the annual costs of what each party contributes. This requires agreement between the two parties and it is here that the bargaining process comes into play. For example, the value placed on each person's labor must be satisfactory to both parties. To determine 'fair' rent based on contributions to the business, the following procedure should be used. 1. List annual costs of contributions made to the business. 2. Assign appropriate dollar values to these contributions. 3. Determine the share in dollars contributed by each party 4. Calculate the contribution made by each party as a percentage of the total. The percentage contributed by the landlord should equal his percentage share of the crop or gross income.

One may also apply this percent to the probable gross income to arrive at a cash rent says Mr Peterson. However it should be remembered that under a cash rent system the landlord is taking less risk, so he probably will be willing to accept less than he would under the crop share arrangement.

This method offers no magic formula to determine the exact rent, however, it does give a guide as to what rent should be with the exact rate to be determined by the bargaining parties concerned.

A suggested form to compute "Rent" shares or percentage is available through this office. If you wish contact your D. A. and discuss your problems with him.

Pattern Handicraft Digest

**CARE IS IMPORTANT**

Long wear and satisfactory service from a good fabric depends largely on the care given it. Read labels and take given on laundering and keep for further reference on the proper care. This is especially true of fabrics made from combinations of fibers. With blends the care suggestions for the predominant fiber should be used unless otherwise stated. Before washing garments, mend ripped seams, tears, etc., close fasteners; remove detachable trims. Separate colors and whites and wash each group separately. Soap curds may be avoided by using soap or detergent in soft-mend water, or a synthetic detergent in place of soap in hard water. Washable wool fabrics require extra careful handling to keep them soft.

In color and fabric sincerity permit, fabrics containing nylon, orlon, dacron, or Acrilan should be washed in warm water (no higher than 120 degrees F.) and laundry soap or detergent with same vigor to get them thoroughly clean.

Use as many rinse waters as necessary to insure clear colors and soft fabrics. With hand washable garments squeeze out as much water as possible, but do not twist. Twisting will put wrinkles in an absorbent towel. Unroll and hang immediately to dry. Flat pieces can be smoothed out on the line. Knitted garments should be dried on adjustable drying racks or pinned on a flat surface to original measurements with sharp rust proof pins.

Acetates need a low ironing temperature to prevent the melting of the fabric. This is also true of the new synthetics.

A fabric confining wool should be pressed — never ironed — on the wrong side using a damp cloth otherwise a shiny surface results. If a steam iron is used, use a dampened cloth to not necessary

## Keep calm in event of a hold-up

Amateur bandits ranging from schoolboys to grandmothers to an animal which more than tripled bank holdings between 1946 and 1956 says the July Reader's Digest in reports Phil Chief J. Edgar Hoover's six rules for surviving such a dangerous ordeal.

The first rule, Hoover says, is to stay calm and obey the bandit's orders implicitly. When young Alfred Lewis rushed a New York bank last year by holding a 12-year old girl in front of his trembling pistol, one alternated heroics would have made it more and more difficult to shoot anyone obeyed him quietly. He got away, but was captured with most of the loot in 21 days. Few bank robbers are here that long.

Rule 2 is be observant. Concentrate on the greatest bandit fears: suspicious movements and height color of hair and eyes, shape of nose and ears, especially identifying features, clothing. A woman teller at the Mountain States Bank in Denver took this kind of inventory of John Lives and Augusta Pope who robbed rule 3. Listen closely and remember voice and exact words. Tellers as a result of her description, Lives was in handcuffs ten minutes after leaving the bank.

Rule 4 Note the number and type of firearms and produce to capture of crooks. Police will compare those facts with their modus operandi file, listing the methods of known bandits.

Rule 5: Note license number, color, make and model of getaway car.

Finally: Write down your description immediately after the crime. Do not discuss it with anyone not even other witnesses — until after you have told your story to the police.

The Digest article "This Is A Stickup" by Karl Detzer is condensed from Today's Living, Sunday supplement of the New York Herald Tribune.

## President Canadian Chamber Commerce

National Sub-title Head H. GORDON LOVE

has been elected president of the Canadian Chamber of Commerce at the annual national business meeting held in Toronto on October 19 20 and 21. He succeeds Kenneth McLaren, vice-president of the Canadian Chamber Chosely associated with the Toronto Stock Exchange. Mr Lowe is also active in other association and community work, and is associated with a number of publishing and broadcasting firms in western Canada. Born in Dutton Ontario in 1915 Mr Lowe moved west at the age of 20 while an employee of the Merchants Bank of Canada. It was 12 years later that he entered the broadcasting industry. He later went to Calgary Toronto, for four years president of the Canadian Chamber of Commerce.

**WE CARRY ON**

We intend to continue our business, probably under the firm name, FINSETH AGENCIES. Joan intends to take over the agencies formerly managed by our departed loved one. Andrew continues the Real Estate Business with some side lines, such as Notary Public, Steamship Tickets, Agent for Andrews-McLaughlin Funeral Parlors, etc.

Just now we have some good land bargains close to town and pavement. Since we have some inquiries for land, more listings would not be amiss.

We also have houses for sale in Ryley and Tofield, and have houses in the City for trade for farms.

**Finseth Agencies**
JOAN FINSETH ANDREW FINSETH

PARISH NEWS (23) 12

This last week has been a bit more cheery, with several days of sunshine and showers of rain that have helped to melt the snow on the ground to have again. We only hope that the forecast for more snow does not materialize.

—o—

The regular meeting of the W.C.T.U. met at the home of Norma Anderson on Wednesday with 9 members and 1 visitor present. Pauline Rude took the devotions and the members all took part in a clip sheet "Gambling and Lotteries." Norma served lunch at the close of the meeting.

—o—

Mrs. Clarence Rude spent a couple of days with her daughter Elizabeth in Camrose returning home on Thursday evening.

—o—

Mr. and Mrs. Sam Clemmons visited Mr. and Mrs. Herman Swanson on Sunday afternoon. It being Mr and Mrs. Swenson's 20th wedding anniversary.

—o—

Phyllis Foshang and Walter Johnson celebrated their birthdays at the Ivan Foshang home on Friday evening. Those present for the occasion were the Olaf Hoibakh; Arnold Johnson's, Leonard Stauffer's and Mrs. Leif Foshang and Robert.

—o—

Last laga came out to the farm on Saturday and is guest of her son-in-law and daughter Mr. and Mrs. Ismail Brekhan. It was good to see you at services on Sunday morning. Aunt Inga Nine. Other guests at Brekhan's for coffee on Sunday were Grandma Foshang, Axel and Nita Kinsley and Leroy and Mary Plaeth and boys.

—o—

Mrs. Leonard Stauffer and Kenny were dinner guests at the Ivan Foshang home. Walter Johnson was an afternoon visitor.

—o—

Mrs. Hilda Moro is a patient in the Tofield hospital, having undergone surgery Tour many friends join in wishing you a speedy recovery. Arlene Dianne Foshang is helping out at the Moen home in Arlene's absence.

—o—

We extend our sympathy to the family of the late Alfred Peterson, who passed away on Friday. Mr. Peterson was an old-timer of the Amisk Creek district.

—o—

Laverne Sorhaug and Bjarne Ekichsen visited at the Axel Kinsley home on Monday.

—o—

Mr and Mrs. Emil Rude, Gene, Dale and Lawrence were Sunday afternoon visitors at the Clarence Rude home.

—o—

Mr. and Mrs. Andy Holborn and Mr and Mrs. Lester Severson attended the home-coming banquet of the Camrose Lutheran College on Saturday evening. The Holborn and Severson families also attended the Junior College dedication services on Sunday.

—o—

Mr. and Mrs. Albert Hankevitt motored to Edmonton on Saturday to see their daughter Mrs. Nils Sand whose husband passed away on Sunday afternoon. We extend our deepest sympathy to you, Hannah in your bereavement.

Mrs. Peter Hoffer was dinner guest of Mrs Myrtle Vocelin in Tofield on Sunday.

—o—

Mrs Ragna Hellberg and her granddaughter Helen and Kristin were dinner guests at the Michael Erickson home on Sunday Afternoon. Visitors were Mr and Mrs. Hans Sonsno and Purnell Lee.

—o—

Mrs Inga Xuss and her daughter, Mrs Henry Irving had dinner with the Lester Severson family on Saturday.

—o—

Mr and Mrs. Leif Foshang and Robert motored to Camrose on Sunday afternoon to help Evelyn's father Mr T Rudd celebrate his birthday.

—o—

Mr and Mrs Peter Bjornson and Mr. and Mrs Dennis Bjornson, all of Edmonton, enjoyed Thanksgiving dinner with Mr and Mrs Glen Pearce on Monday On Thursday Glen and Eric went to Edmonton to help Ewald Mr and Mrs Dennis Bjornson move into their new home

—o—

Mr Lawrence Anderson and boys from Wainwright were dinner guests at the Phillip Anderson home on Saturday Guests for supper were Mr and Mrs Bill Green and girls and Mr Green Sr

—o—

Mr and Mrs Paul Rude and boys and Mrs Mary Plaeth visited at the Glen Plaeth home on Wednesday evening and helped Iris celebrate her birthday.

—o—

Little Debby Moen is staying with her aunt Evelyn Foshang while her mother is in hospital

—o—

## ROSS CREEK NEWS

(From last week)

A little word for Thanksgiving: "For every house where love abides
And friendship is a guest,
There is peace and plenty
And home sweet home;
For there the heart can rest."

Hope you enjoyed the Thanksgiving day — thinking how much we have to be thankful for — every with harvesting not complete.

—o—

The W.A. meeting at Mrs Arthur Hisey's was a big success with most members out and one visitor, Mrs. Margaret Hogg. It was decided to have the chicken supper on Saturday, November 14th with much hope that our crops will be harvested by then. The supper for adults, $1.00 and children 6 to 12 years 50c. Under school age free Our W.A. is working hard towards our building fund — hoping not too far off — we will have a chapel to worship in Vegetables were brought for the Agnes Forbes Lodge and don't we feel relieved! The November 4 meeting is at Mrs. Roy Reidchardt's home.

—o—

The Alvin Hisey's spent Sunday with Archie's folks at Lamont, the Ed Carters.

—o—

Mrs. Winnie McLauchlin and Mrs Iris Dillon took in the concerts in Fort Saskatchewan to hear Mrs. Lesley Thursday, having tea at the lodge. They also called to see Irene and Dorothy McLachlin while there.

—o—

The Rosa Creek W.I. would be pleased if you save your stamps, leaving a quarter inch — and such stamps. Please turn them in to Mrs. Isabel Halberg, if you wish to help out.

—o—

Mr Orville and Mel Hopf and Joseph McLachlan spent Wednesday evening playing bridge at the George McLachlan home, while Margaret attended the W. A. meeting with Winnie.

—o—

We are sorry to hear Bevis Iverson's family are leaving the Ross Creek district the end of this month to live in the city We sincerely wish you a happy move to your new home, Bevis and Vera.

—o—

The Bernie Schachers had their son Harrison and Olga and son Sharon Clemmons and John Sirois visited at the Arnold Johnson home on Sunday afternoon

—o—

Mr and Mrs Phillip Anderson and girls attended the dedication services of the Jessie Coffee in Camrose on Sunday.

—o—

There will be no services or Sunday School on Sunday as we will use rest at the Edmonton Circuit Convening on Saturday and Sunday in the Lutheran Church in Ryley.

—o—

W M S on Thursday, October 29 in Church basement Alice Richan, hostess.

—o—

Lorne and Walter Saltzbrenn & Bonnie and Kenneth Pederson are during the Thanksgiving weekend.

—o—

Bonnie and Kenneth Pederson and the Robert Cross family are for the long weekend Raymond McLachlan and Geraldine online to on Tuesday.

—o—

George McLachlan and Orville Hopf both had a big birthday on Tuesday the 13th. Guess it was a happy day to have such a chance from the cold spell to what we have had. Happy birthday to all celebrating them this month and many more birthdays.

—o—

Mrs. Erale Kolman spent a few days at home last week Joe Koskka and Kenneth Pederson having tea with Erale and Annie on Friday.

—o—

Ill to Mrs Meikle — glad to hear you are doing so well stay long with Sandra Charlie's stretcher. Rest of luck in your studies and playing just keep it up, eh. Ken?

—o—

Would like to congratulate Lorna Schacher on his success of being promoted with a rewarded certificate from the Smith's Vocational in the fall We hope you continue your good luck, Lorna.

—o—

The new Sunday School books are on hand and it is hoped that this Sunday the regular classes will start There was a sale's day in getting the new equipment in, turn out every Sunday and make Sunday School a habit with your children. The church and Sunday School will resume at the usual hour, 11 a.m., "Love one another, put thinks least of what it does."

—o—

The W.A. wishes to thank Mrs Gertie Forrest, Mrs Lesley and Winnie McLachlan on their kind help in cleaning to the church and Sunday school. Many thanks to you.

—o—

(This week)

Chicken supper and Bazaar will be held at the Ross Creek Centre Saturday November 14 at 8 to 9 p.m Sponsored by the R.C.W.A. Come out and see your old friends

—o—

That heavy rain last Wednesday really put a topping on the rains Guess 'll will be a year to remember. Keep up the good spirit, folks and live in hope, eh?

—o—

Raymond McLachlan & grandpa McLachlan and John Dashuk and Mrs Kenneth Pederson a helping hand to new wood Saturday.

A little belated news Sorry I'm rather late Mrs. Ruth Freyel visited her parents recently from Cold Lake We are glad to hear Ruth likes her nursing profession. Ruth celebrated her nineteenth birthday while home. She was a regular Sunday School student in younger years and it proves what Sunday school will do for your children in later years. Ruth won first prize in her teacher, Mrs Nita Jorgenson's contest. We sincerely wish her the best of luck all the way.

—o—

Sunday November 15 a minister from Red Water will be a special speaker at the Ross Creek church he and his wife have been the leaders at 12th Island United Church the past few years.

There is no service November 1 as Rev Meeks has to attend a special meeting in Edmonton in the afternoon.

—o—

Mr. Alex Dumma of Wetaskin in visited his daughters Winnie and Isobel McLachlan a few days this week

—o—

Please keep in mind there will be a brighter tomorrow (it's in the books)

## AROUND the TOWN

Graham Turner was visiting friends at Cooker and Meeting Lake on Wednesday.

—o—

James M McKerral passed away very suddenly at Deacon. B. C. age 77 years

Born in Scotland, resided at Innisfil for 50 years before coming to Calgary 4 years ago

Rev Hartley, Presbyterian Minister, conducted the funeral service.

—o—

The Women's Missionary Society of the United Church held their autumn Thanksgiving meeting on Tuesday evening, Oct 13. The C.O.I.T under the leadership of Mrs. C Annis attended

in uniform and made up the choir for the evening Mrs H Schultz sang a solo Mr Hall gave a short inspirational talk and Mrs Stinson rendered the study book for 1959-60 "Africa Disturbed"

—o—

There will be a Provincial-wide P.T.A Parent Broadcast on Sunday November 8 at 8:00 p.m. to subscribe to Parent Teacher Week It will be in the form of a panel discussion by prominent farmers This is being arranged by Floyd Carmichael recently appointed Extension Director It is hoped to arrange a mass meeting in Tofield that evening open to all parents Plans are now being discussed as to the form this will take. ## County School Board holds meeting

(Continued from page 1)

on.

Cy Weatherilt was of the opinion that this extra allowance was not necessary any longer inasmuch as the roads on which Mr. Brace had been travelling had been improved However, inasmuch as it had been stated to Mr. Brace that his present agreement would be renewed for a further year, it was

MOVED that the agreement be renewed for one year, but that the rate be adjusted in the next contract CARRIED

The Committee now considered the various tenders that had been received on the proportion offered for sale

In regards to the Solberg school, it was

MOVED that the tenders be tabled for further consideration at the next meeting CARRIED

MOVED that the windmill at Bruce be sold to Louis Holden for the sum of $10, being the highest tender received CARRIED.

MOVED that the Stationary barn be sold for $156.00 to Hector Lemoine of Tofield, this being the highest tender CARRIED

MOVED that the furnace of Solberg school be sold to Ernest A. Anderson for the sum of $18, being the only tender received CARRIED

In regards to the home and lots at Dodds, Lots 21 to 26 inclusive, Block 2, Plan 4276 HW, one tender only was received, from Ernest A Anderson in the amount of $500. This was considered entirely too low and furthermore it was considered that the building could be removed by the County for [illegible] now sold.

MOVED that the [illegible] be sold to Mr. [illegible] for the sum of $1.00 and that the Secretary be authorized to [illegible] CARRIED

The Superintendent reported that [illegible] would be back on the Committee [illegible] and that the Minister expressed a desire [illegible] appearance in the call of the school CARRIED

## CLERGYMAN WEDS NIGHT CLUB SINGER

Rev. Robert Rolls, 39, a Niagara Falls Anglican minister and his bride Barbara Barbara, 27, a night club singer are shown leaving the church after their marriage. Barbara was a finalist in the 1966 Miss Canada pageant. The couple met only a month ago when Barbara attended a Sunday service at Mr. Rolls church. The following evening he appeared at the hotel where she was working, and four days later he proposed. Barbara admits it will be a change from singing to pouring tea at the women's association.

## Thanksgiving Service Proves Successful

The Tofield Community Centre was well filled Sunday afternoon for the Golden Jubilee Thanksgiving Service

After the singing of O Canada the Hymn O God our Help in Ages Past was sung and W. A. Scott, reeve of corporation read a welcome to all on behalf of the town Philip Anderson of the Lutheran Church a Baton read the old Testament Lesson Prayers were then offered by Rev W. Mundy

The new Testament Lesson was read by Pastor F. J. Warkentin of the Lindbrook Mennonite Church followed by an address by Fr Purcell of the Roman Catholic Church in Tofield Rev Sydney Bell of the United Church offered the prayer of Thanksgiving

Following the singing of the hymn Now Thank We All Our God by the congregation Pastor Willi G Biesmans of the Tofield Mennonite Church gave an address which he recalled it was [illegible] of Mr. [illegible] district [illegible] Church Junior Choir [illegible] Reeve of Mrs. Mc-Endrick [illegible] were offered [illegible] Scott [illegible] Church [illegible]

In closing the service [illegible] Lutheran Church [illegible] addition by Rev. [illegible] Rev. Mundy [illegible]

A chorus from the Schoonover Mennonite Church was delightfully [illegible] found that they could not [illegible]

Cynthia Mroch is a visiting with daughter Bessie this week.

The church and Sunday school resumes on November 6 at 1:45 p.m. We welcome all children to Sunday school for turn out and bring a friend.

The W.A. will meet at the Reinhart home on November 1 at 8:00 p.m. Roll call (Christmas jam or jelly with recipe). Lunch committee: Mrs. Ivie Dunn and Mrs. Gertie Perrel. Visitors are always welcome.

## OF MANY THINGS

by Ambrose Hole

**DON'T FENCE ME IN**

If horses here had a theme song these days it would be, "Don't Fence Me In," and they could quote agricultural experts to [illegible] the delights of their freedom.

It seems that in a year with [illegible] pasture, provincial [illegible] and the weed healthier and [illegible] too.

This holds surprise some folk but it doesn't surprise me. I know that artificially stocked lakes don't give you the fighting fish you can hook in waters where the fingerlings have been on their own from the start.

There is something about freedom of action which inspires stamina, productivity, and an assortment of other virtues.

Soldiers of the free world have shown remarkable ability to outwit Eastern soldiers from more regimented lands. Workers in a free country have always been able to out-produce their fellows behind the iron curtain. Farmers in competitive economies have the answers to the world's food problems. Freedom to [illegible] spiritual matters [illegible] and when you gain it all else seems to be added unto it.

Freedom would not be in the air we breathe if everybody knew its worth. But it is hard to realize that freedom is not just a word—it is a value. Freedom is spiritual gain. Some we find that in other [illegible]. Wherever someone is giving up freedom [illegible] long-term material [illegible]. People are ready to shout, "Don't Fence Me In" [illegible] cannot be traced one for the

## A TIMELY REMINDER from YOUR GAS COMPANY

*Winter is coming! But before it sets in, we suggest you make sure your home is ready to provide complete warmth and comfort during the cold weather.*

Here are some points to remember

- Registers should be free of dust or foreign objects. Furniture should be placed so that the registers are not obstructed.
- If doors and windows are loose fitting and drafty, weather stripping will help to eliminate this condition and prevent heat loss.
- The humidifier should be checked to make sure that it is clean and that the float valve operates.
- Every gas appliance with the exception of late model gas ranges must be properly vented. Chimneys and vents should be checked for blockage and signs of repair.
- Furnace air filters should be checked and either cleaned or replaced.
- Motor and fan bearings should be oiled according to manufacturer's directions.

*Check your furnace yourself or call a qualified service man. And remember, taking these precautions NOW will pay off in comfort and lower heating bills THROUGH OUT THE SEASON.*

If you have any questions regarding the operation of your gas heating system or gas appliances in your home, or require any explanation of your monthly gas utility bill, contact your local gas company agent.

Address

A diversified cattle and hog ranching enterprise has won a Master Farm Family award for the A. M. Robertson family of Carstairs. There is one other 1960 winner — the George Cushing family of High River.

The Master Farm Family program once again followed the theme of "Good Farming Right Today — Clear Thinking." Since inception of the awards system years ago, 29 A lberta farm families [illegible] been honored.

The [illegible] operation of the provincial Alberta rural [illegible] and a successful business [illegible] family can [illegible] on farming, and [illegible] all to the [illegible] receive a $1000 cash award, and an engraved plaque.

Mr. Robertson was born [illegible] in 1910, and attended a district public school and [illegible] high school. He farmed with his father, one of Alberta's original purebred Hereford breeders, until his marriage to Penelope Heald and school mate in 1937.

The new couple started off on a half-section of rented land. The holdings in the district [illegible] Farm [illegible] more than two sections of land. Another quarter section is leased.

Mr. and Mrs. Robertson have two children, Donald, a graduate of the University of Alberta Faculty of Agriculture, and Gordon, who has taken [illegible] and has a course at the Calgary Institute of Technology and Art. Donald, married with two children, farms with his father while Gordon, also married, farms on his own [illegible] short distance away.

The Robertsons have been [illegible] and a favorite host [illegible] Tuesday was no [illegible] the family with [illegible] Mr. and Mrs. [illegible] and [illegible] Mr. and Mrs. [illegible] and Mrs. [illegible] and Mrs. [illegible]

## UNWARRANTED REMARKS

[illegible] Thanksgiving service took place [illegible] evening [illegible] and [illegible] [illegible] [illegible]

## 1960 CHEVROLET MEDIUM-DUTY STAKE

Bold departure from conventional suspension design and completely changed functional styling feature the 1960 Chevrolet medium-duty truck line. Exclusive independent front wheel suspension with torsion rod springs, plus new variable rate, two-stage springs at the rear set new standards in cargo cushioning, riding comfort, handling, and durability. This two-ton model is available as cab and chassis in several load ratings and wheelbases for mounting special bodies. Cabs are roomier, stronger, and rubber mounted, with a new seat design that gives greater comfort. Suspended pedals and other features afford vastly improved cab sealing. Among many other new features are hydraulic clutch control, full width hood opening, and relay type steering.

## Chev. trucks much improved

OTTAWA, Ont. Impressive advances in cab handling, durability and safety through an engineering system [illegible] Chevrolet medium-duty trucks [illegible] for 1960.

[illegible] the most extensive model change in the history of the [illegible] Motors [illegible] the trucks everything from [illegible] to the series and model designations, wheelbases, and GVW ratings.

Addition of several new models and the elimination of some previous ones results in a net expansion of the line to 129 models. Wheelbases have been rationalized into 16 different dimensions.

Styling is changed almost entirely, but functional there [illegible] which material is integrated with the new chassis [illegible] for a much more rigid cab, roomier, more accessible [illegible] and sturdier front end assembly.

[illegible] the most extensive model change in the history of [illegible] Motors [illegible] the trucks everything from [illegible] to the series and model designations, wheelbases, and GVW ratings.

Addition of several new models and the elimination of some previous ones results in a net expansion of the line to 129 models. Wheelbases have been rationalized into 16 different dimensions.

## Faster, ever faster; Where will it ever end

The last fifty years have at most changed our lives completely. From those first uncertain hops of the Wright Brothers to today's space satellites, it has been a time of unparalled achievement. They have named it the age of the jetliner, and of the Age of the Atom, and even the Age of Jet-Travel. But more than anything else it has been the Age of Speed.

Only one, the old barrier of sound, still stands. When Jean Yeager crossed the South At lantic for the first time, and in only 19 hours and 25 minutes, was hailed as a minor miracle. Just 17 years later, U.S. Air Force Captain Charles Yager cracked the speed of sound in an X-1 jet. Since that time, records of nearly 1,000 mph have been established with increasing regularity.

In the air, on land, and under the sea, mankind has shrunk the world to pin-size proportions. And now, as it turns its eyes outward to space it hopes to bring the universe within it's reach. Soon of the first man carrying satellite is just as far as tomorrow's headlin - Volumes have been written about the many things that could and sometimes do go wrong during these record breaking runs performed. And when the countdown finally begins, the Age of speed will be heading to the stars.

But one question still haunts those who are working to break through the atmosphere. Can man take it? Will it be possible [illegible]

[illegible] Perhaps the answer is in the world's greatest [illegible] the way it is in the Sea. Beyond the Age of Jet-Travel will be just one of those who like most of us, thinks both things pretty important then this is pretty good news. The moon may still be out of reach but Fraser shaft is only 17 minutes from Peel and St. Catherine Streets.

A happier air passenger who was provided with as much food and drink as he could consume after a flight from Bermuda, stated recently in Washington. The happiest of all VIP's paralyzed about 50 pounds of food, and drank dozens of gallons of water on the way over — and then consumed a generation before the arrival.

[illegible] passenger was [illegible] Finnie and [illegible] to Mr. [illegible] Fulbert Youlou, Prime Minister of the Congo.

DUKE OF BEDFORD MAY BUY CASA LOMA

The Duke of Bedford in Toronto on a lecture tour inspected the famous Casa Loma from top to bottom. He would buy the castle provided the price was right, suitable financing could be arranged and the city of Toronto wanted to sell it. If he did buy it he would turn it into a tourist attraction as he did with his own castle in England. The Duke found the view from the castle's tower "incredible." The castle is presently run by the Kiwanis club as a tourist attraction.

## Schonsee Mennonite Church

The following material was supplied by Mr John Neufeld, minister of the Schonsee Church.

In 1924, the first immigrants of the Reinland Conference fleet arrived in Tofield. They were received by members of the Salem Mennonite Church. However, they did not stay here but left for other provinces and other Alberta districts.

In 1925, another group arrived who also were welcomed and housed by the Salem Mennonites. Many of these also left but a few found jobs on farms and remained. In 1926 several families bought farms north of Tofield. Among these were H Schroeder, Mr. John Heidebrecht, John Rempel and Peter Dyck in October, 1929. D A Heidebrecht, who was an ordained minister arrived from the Old Country. Occasional services had been held but now plans were made to hold regular services in the homes of members until a suitable place for worship could be found.

During the drought years of 1930-31 many more families arrived from Chinook and Sedalia to rent or buy farms. The first church group was finally organized on January 31, 1934. A house was purchased east of town for [illegible] Sold in 1[illegible] adequate for the [illegible] The home [illegible] church [illegible] Sunday [illegible] Sunday [illegible] Sunday

## Ryley News

The annual Turkey Supper sponsored by St. Calvin United Church W.A. will be held Saturday November 7 from 5 to 7 p.m. Tickets are $1.25 for adults, 75c for children (6-12) and children under 6, free. Every body welcome.

* * *

A farewell gathering was held Tuesday November 3rd by the Oddfellows and Rebekah Lodges to honor Bernard Williams who has been transferred to the Imperial Lumber Company at Elkton. The Oddfellows presented him with a gift, Mildred Booth making the presentation. Bernard will be missed, as he took an active part in curling, baseball and lodge activities but we wish him much success in his position at Elkton.

* * *

Miss Vera Booth and her room mate Sharon were home from College at Lacombe over the week end. They returned on Sunday afternoon.

* * *

The members of the Ryley Seventh Day Adventist Church plan a visit to the Sedgwick Church this Saturday.

—M—

Special meetings have been planned throughout Alberta to hear the above panel discussion. Farm Electricity — a White Elephant or a Dark Horse. The meetings have been organized by the P.F.A. locals and other Farm groups to take a first hand look at the new Educational Training and Citizenship developmental program being established in the province.

Taking part in the broadcast are L. to R. Lloyd Rasmussen Supervisor of Dist. Agricultural Services; J. H. McPail, secretary Alta. Federation of Agriculture; Allan Dew Champ, Agricultural Secretary, Dept. of Extension, University of Alberta, Floyd Strickland, Program Director, Alta. Farm Organizations; Al Richardson, CBC Farm Commentator and producer of the broadcast.

Special meetings of F. U. A. locals and other groups will listen in to the broadcast, discuss it among themselves afterwards, and then report their opinion for a provincial summary. The reports will shape the F. U. A. Bill of Rights and other Farm Organizational Program for the year.

—M—

### TRANSISTOR RADIO BUILT INTO SUNGLASSES

If you're wandering in a song my one this autumn you might be interested in a new transistor radio that is built right into the frame of your sunglasses. Designed for use at the beach, the radio is controlled by dials at the ends of the glasses arms. It has three transistors plus a permanent dry cell powered by a mercury battery. It's built in earphone permits private listening. It is manufactured by Lafayette Radio, Jamaica, NY.

## GREEN ACRES

by S. A. SMOKE, B. A.

### BUDGETING

Will it be? Farm families are continually weighing alternatives and making choices which they hope will increase their income. Whether this problem is large or small, turn or barter it still belongs up the same operation. Will it pay? With higher cost of production on farms and higher living costs in the home, dollars and cents planning becomes much more important than in the past.

### WHAT IS BUDGETING?

In most cases, business planning calls for comparing expected increases or decreases in income against expected increases or decreases in costs that would result if a proposed change were put into effect. This process of comparison is referred to as budgeting. A budget is simply a convenient tool whereby the use of farm resources is analyzed and the probable receipts and expenses are estimated on paper before any actual steps are taken. It allows for the use of economic principles to show the probable result on paper before spending money.

Many farmers may receive help in preparing a budget for the first time. Your District Agriculturist would be pleased to assist you in completing a budget for your farm business. The opportune time to budget is in winter months for the following year. Discuss your budgeting problems with your D.A. at that time.

### GRAIN DRIER INFORMATION

Several farmers have made inquiries on availability of a cheap grain drier or plans to build one. This office has a plan on hand from the U.S. Department of Agriculture. Whether this is a suitable unit or advisable to build we are not prepared to advise at present. Any farmer contemplating a drier would have to decide (1) if a low-cost drier, should any person be advised in starting this plan we would be pleased to forward the leaflet and plan on request.

### BABY PIG DISEASES

During the months of November and December last year new outbreaks of [illegible] were found [illegible] pigs. This disease affected several litters of pigs in this county. The disease attacked the litter any time during the first three weeks of the pigs' life. A number of farmers lost many or all of their pigs. The sows and older pigs may develop a temperature and show symptoms of diarrhoea but they seldom die. The first symptoms noted in the young pigs are vomiting. A fever is present and diarrhoea and wasting follow. Death may occur rather quickly while others may linger and waste away, finally dying from secondary infection. It is important that an accurate diagnosis be made and the owner should call his veterinarian at the first sign of symptoms.

The disease caused rather heavy losses for a six- to eight-week period last year but then subsided just as rapidly as it occurred. No individual farms the losses occurred for about one month and then subsided. This would indicate that sows that farrow after that time have been exposed, develop an immunity and pass it on to their young in the milk.

There is no successful treatment. The sows that do not farrow until after the one month period mentioned above need not be isolated, but those that farrow during the infective period should be isolated and handled separately. Everyone should be on the alert for the possible recurrence of the disease this winter.

### KEEP UDDERS AND FLANKS CLIPPED

Clipped udders and flanks are important in a sanitary milk program. Dirt is less likely to adhere to the animal and the washing of the udder at milking time will be easier.

[illegible] at least a couple of [illegible] must be discovered [illegible] he was so hungry!

—M—

Your holidays, my boy, is the time of [illegible] when you consider [illegible] behaved like a lush

Miss Shirley Wood, Home Designing Specialist with the Alberta Tension Service and with headquarters in Edmonton will help homemakers throughout the province by working through the District Home Economists.

If you require help with Home Planning, remodeling or Interior Decorating please let me know and I will arrange for Miss Wood to come out.

### TRADITIONAL UKRAINIAN COOKERY:

Both the amateur and the experienced cook are interested in foreign cookery of all kinds and more and more homemakers are now becoming more popular for the Chinese, Ukrainian, Italian dishes they prepare.

For the people who requested the recipe for Varhenye dish which readers interested in Ukrainian dishes it is as follows:

**VARHENYKA (Square Bread)**
1 small onion, chopped fine.
2 tablespoons butter.
1 cup sour cream.
1 teaspoon salt.
1 teaspoon sugar.
½ teaspoon cinnamon, if desired
2½ cups sifted all purpose flour.
½ cup light cream.
2-3 eggs, well beaten.

Fry onion in butter until it is tender but not brown. Add the sour cream along with the salt, sugar, pepper and cinnamon, and add them to the flour and cream thoroughly with the butter. Pour in the cooled milk gradually and stir briskly until the mixture is smooth and free from lumps. Cook until it thickens. Remove it from the range and blend in the cream. Beat the eggs well and fold into the flour. Spoon into a 2 quart buttered casserole. Bake uncovered in a 350° oven for 1 hour. It should have a crisp golden brown crust all around. Serves 6 to 8.

### Mom Best Sitter

St. Thomas Times - Journal: Former President Harry S. Truman told a newsman that "too many baby sitters are one of the causes of juvenile delinquency." And he added "Mama is the best baby sitter there is. It is her duty to see that it is done."

A lot of mothers, and most grandmothers, will be inclined to agree with him. But the old-fashioned mother is going out of fashion, and the modern mother feels that she needs her share of play also.

You cannot comfort or reprove a child at long range from a hockey party or a dance. Yet the modern mother should not be expected to stay home all the time. Mr. Truman is a grandfather of two now and he may be a bit old-fashioned. But as he remarked to his questioner, the pleasure in playing with grandchildren and watching them develop from day to day is more [illegible]

## Barrhead and District

A large crowd enjoyed a hard time Hallowe'en party at Anderson School on Friday evening sponsored by the Lather League. After playing games, contests, fortune telling and going through the horror chamber, the Yoder brothers favored with music. Everyone had their fresh [illegible] sandwiches, pumpkin pie and coffee. The business had put a lot of effort into decorating and getting everything in readiness.

—

Mr and Mrs Phillip Anderson and Mrs Cliff Anderson attended the wedding and reception [illegible] James Haywood and Miss Edith Bailey in Edmonton Lutheran Church on Saturday afternoon. James is a nephew of Anderson.

We are pleased to hear that Thomas Jones is getting along nicely after a major operation in the Tofield Hospital. We also extend congratulations to Carl and Maria Jacobson on the birth of a daughter and to Mr and Mrs. Jack Johansen on the birth of a son. Another little baby boy has arrived at the Tennis Nirli ranch home in Edmonton and we congratulate you too Dennis and Roberta.

—

Mrs. Lars Hoyle and family of Edmonton visited at the Elmer Sitter home were Daniel Sharvi and Gloria Nelson and Mr. and Mrs. Sam Chisholm and Sharon and John Boe of

—

Mr and Mrs Arnold Johnson and Jim took Loetha to Edson on Sunday afternoon.

—

Antone Hrabana spent the week with his parents Mr and Mrs. Hrabanek.

—

Mr and Mrs Lee Postlewait returned to Edmonton on Monday after visiting for a few days with Mr. and Mrs. Charles Pye of the Presbyterian Pye Church.

—

Mr and Mrs Leroy Church and Mary of Wetaskiwin visited at the Tyrell Lind home one day during the week.

—

It is a Mrs Arnold Johnson road, [illegible] to a grand [illegible] on Tuesday to [illegible] Mr and Mrs Axel [illegible]

—

Among the holiday visitors of the roads the L.L. who journeyed to a hotel for [illegible] time which we have been shown by the British and Foreign Bible society on Monday evening.

—

Services and Sunday School at the usual hour of 10 and 11 on Sunday.

—

WITT on November 11 at the home of Esther Hawkins.

—

Our hopes were high on Friday when the sun came out and a mild breeze blew, bringing up the roads and fields so that by Saturday we surely could get on the land again, but by Saturday evening the ground was quite soaked again by a drizzle and essential as let us forget about the crops and put the combines away and see what 1960 brings us. We are still among the fortunate ones when we read and hear of the dreadful typhoon disaster in Japan

—

The WMF met in the Church parlor on Thursday afternoon with Mrs Alec Hickman as hostess. Mary Mc Live To The A[illegible] was sung after which Mrs. Everly Hamilton read from Ephesians 4:17-32 for devotion. Ruth and Norma read a duet. Hymn Thine Own, O my God, Holy Heavens led the interesting and inspiring Bible study. Twenty members answered the roll call. Esther Brenken the pianist accompanied the group in singing Hymn [illegible] Mrs. Hamilton [illegible] Mrs. Home at thirteen LWH [illegible]

## BARDO NEWS

... with Mr. Charles Rude family ... and children were Mr and ... Rude and Mr. and Mrs ... children.

... Mrs. Albert Rude and ... Tofield on Tuesday ...

Congratulations to Mr and Mrs. Melvin Pearson (nee Brenda Mintz) who were married at the Bardo Lutheran Church on Saturday, November 7.

Mrs. Glen Francis and children spent several days in Edmonton visiting Mrs. Bells' Mr and Mrs. Peter Harrison.

Aunt Fan Vass is spending a few days out on the farm and says she believes we will have a nice winter. The prophecies of those old-timers are one to be heeded at

Little Donald Bentham had his 5th birthday on November 7 and on Sunday several were over to help him celebrate it. Those present were his grandma Vass, Alma Pinhang, Norma and Phillip Anderson and girls and Anne Anderson, Ralph and Alice Dahl of Camrose and the Lester Seversen family.

Mr and Mrs. Clarence Rude and Merlin enjoyed Sunday dinner ...

Mr and Mrs. Ted Pinhang and ... guests at the Leonard Rose ... Edmonton.

... and Mrs. Ed Rude and ... Sunday afternoon.

Mr and Mrs. Charles Rude and family were visitors at the Leroy Pinsch home on Friday and on Sunday afternoon Al and Mrs. Bernie Fitsch dropped by for a cup of coffee.

Mr and Mrs. Art Pena of Edmonton visited Mr and Mrs Elbon Moses and girls on Wednesday evening and on Sunday John Mr and Mrs. Dean Lyseng and family of Armena visited North-...

Mr and Mrs. Leif Pinhang and boys visited at Elden Moses on Monday evening to help Ralph Ken celebrate his 5th birthday.

Mr. and Mrs. Jack Lethebrine and Craig of Edmonton visited at Leonard Stauffer's last Sunday. This Sunday Mr and Mrs Leonard Stauffer were at the Martin Moses home to help Trent celebrate his birthday.

Cheryl Lynne Infant daughter of Mr and Mrs. Bob Hunter, was baptized at the Bardo Lutheran Church on Sunday morning. Sponsors for the little girl were her aunt Evelyn Hunter and grandparents, Mr. and Mrs. Gust Hunter and Mr. and Mrs Lorimer Shabbak. Mr and Mrs Don Gilbert, Grandma Haugen, Mr. and Mrs Bob Hunter and Miss Arlene Shabbak.

The Luther League met for their first meeting of the season on Sunday evening Hymn 'Praise Ye The Lord' was sung and Diane Pinhang read from Ephesians for devotion. Dean Olive and Evelyn Pinhang did a skeleton play from the Life of Luther was put on by Lawrence and Dale Rude, Larry Pinhang, Sue and Chris-tyne Pinhang and Merlin Rude.

The offering was taken for the project which is the support of Miss Clara Haugen, youth director for Canada After a suggestion Richard Pinhang gave a reading 'Do You Give or Owe' A musical number was given by Olive, Carolyne and Diane Pinhang; Patricia Severson, Leroy Pinsch, Larry Pinhang and Dale and Lawrence Rude.

Lester Severson led a very interesting bible session. Another hymn and the Lord's Prayer closed the meeting.

Mr and Mrs. Jack Ische and girls from Sunday spent the week end with Mr and Mrs Albert Hankewitz and also gave them a hand at moving on Monday. We will miss Albert and Agnes very much as they too have made their home here for a long time. Agnes has lived here most of the time since 1941. Your friends all join in wishing you much happiness in your new home in Tofield and it will be handy to drop in for a cup of coffee so keep the coffee pot hot, Agnes.

Mr and Mrs. Phillip Anderson and family of Armena visited the Cliff Anderson home on Sunday p.m.

... services at 10 and Sunday School at 11 every Sunday ...

ALBERTA FARM GUIDE
A new bulletin entitled "The Alberta Farm Guide" is now available from the office on request. The Alberta Farm Guide is a reference part handbook dealing in brief with almost every main topic affecting farming. Topics discussed in the Guide are: Climate, Soil Zone and Fertilizer Recommendations, Soil Management, Tillage Practices, Crop Rotations, Weed Control, Grain Varieties, Forage Crops Horticulture Hints of Plants; Plant Pests; Livestock; Dairying; Poultry; Livestock Diseases and Pests, Agricultural Engineering; Farm Management, Agricultural Services.

The Alberta Farm Guide is a quick and ready reference ... many farmers will benefit by the latest technological information it contains. However, it is not expected to replace many of the former agricultural bulletins dealing specifically and in more detail with the above topics. It is hoped the Guide will be a ... a brief summary of scientific findings and recommendations regarding farming.

Again farmers interested in receiving a copy of the "Guide" can do so by forwarding their request to this office

OEDEMA DISEASE OR GUT OEDEMA

This really disease of swine ... found on many farms in Alberta, reports the Provincial Veterinary Laboratory and it appears to be on the increase The Lab reports "Although the exact cause of the disease has not yet been determined, it would appear that the majority of outbreak ... occur ... change from the normal such as ... recent weaning, following vaccination, movement, change in feed etc." The condition affects pigs ... from six to fourteen weeks of age but occasionally older ... Pigs may be ... found ... dead ... Others ... stiffness ... rough, with ... in the morning. At other times the condition ... not so ... and a ... of affected ... may be found with swollen eyelids and eventually a ... Affected herds showing symptoms of Oedema disease or ... on a bulletin ... with Epsom salts ... a few days ... Antibiotics are recommended ... preparations ... that ... a ... to ... the ... that ... to ... Affected ... should be ... to make ... Sanitary ... per ... pen.

ARTIFICIAL BREEDING SERVICE

Many of the dairymen and ... of this area are using this ... by the percentage in ... quite low More cattle owners could be using this service ... of minor Artificial Breeding ... is available here through the ... of the Tofield ... of this Association ... Members of all the dairy and beef breeds is kept on hand at all times by this Unit, this being possible through the medium of Frozen ... It should be stressed that the ... on hand is from some of the best bulls in Canada. The results of this invariably is improvement on your ... There is plenty of evidence now in this area of the benefit to herd improvement on farms where Artificial insemination has been used. By visiting these farms one can readily see the improvement in the new generation of calves or cattle resulting from artificial breeding. Artificial breeding is a ... and it could benefit many ... Antibiotics are recommended ... preparations ... that ... a ... to ... the ... that ... to ... Affected ... should be ... to make ... Sanitary ... per ... pen.

Mrs. Sarah Waters visited her son Neil and family on Sunday and later, with her sister, Mrs. Mabel Rowland ... for a short visit of Judy and ... Hordyka.

Mr and Mrs ... spent Sunday ... in ... hunting ... a ... trip ... last week ... and their ... daughter Mr. Fred Hughes of Lamont. Cherie prepared several children for their ... Communion classes are ... from Ministik residents to Kenneth Thordarson of Heritage Lake on his attaining a 1500 scholarship. He attended Ministik school a few years back.

GMC trucks for 1960 have a brand new suspension system — the result of six years of intensive development. It means truck drivers and their loads will get the closest thing to a passenger car ride ever built into a truck.

Front levels of the 1960 GMCs have independent suspension with torsion springing on all but two models. Half and three-quarter ton models feature a new two-link coil spring rear suspension.

Variable rate, two-stage leaf spring rear suspensions are in-options on medium and heavy-duty except Tandems. Tandems have the Rzeppa-Hendrickson tandem drive and feature a built-in power divider and inter-axle differential.

Frames, steering and other chassis components are tailored to complement the new suspension.

Styling has been changed. The front end assembly is streamlined and the cab is lower, roomier and more accessible. All sheet metal has been made more rigid and is integrated with the new chassis design.

Sweeping changes have been made in engine and model designations, wheelbases and GVW ratings. The line has been expanded to 127 models and wheel bases have been consolidated into 16 different dimensions.

1960 GMC TRUCKS
The ... thing to a passenger car ride ever built into a truck is offered this year by General Motors of Canada with its restyled 1960 truck lines. Front wheels of the 1960 GMCs have independent suspension with torsion springing on all but two models. The new suspension design, under development for ... gear six years, sets new standards for truck stability, durability, driver comfort and load cushioning. Cabs are lower and roomier and easier to get into. Above is the new GMC Wideside pickup.

GMC Trucks for 1960 have many new features

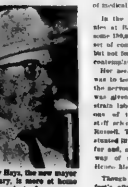
### VETERAN AT SALE



Harry Hays, the new mayor of Calgary, is more at home in the sawdust of a raucous cattle auction than the formality of his council chamber. Hays, prosperous rancher-man, rancher and cattle auctioneer, displayed Don Mackay as mayor in one of the hardest fought mayoralty races in the history of the prairie city. After the inaugural council meeting last Monday, Harry Hays flew to Toronto stripped off his coat and auctioned off more than 70 pedigree cattle at his brother Tom's selling arena.

DEATH. MARCH. HERO. OPENS. CONGRESS

Over 2,000 people attended the opening of the Salvation Army Central Canada congress. Meeting acclaimed as hero of Korean war death march Commissioner Herbert Lord, London, who survived seven years in prison camps in two wars. Commissioner A. Barnett, London, talks to Miriam and Mrs. Wycliffe Booth at the opening of congress.

### MOUSE vs MUSCULAR DYSTROPHY

A sick little mouse and an observant young girl have leading roles in a scientific drama which may one day reach new climax in the conquest of one of the most tragic diseases known to mankind, muscular dystrophy.

It was the girl, Jo-Ann Dickinson, who gave the [illegible] to [illegible] at the University of Western Ontario in London, Ont., when she noticed a mouse in the medical laboratory of Dr. Earl Bradley. The mouse, which is the world's largest source of supply for the scientific experiments of mice which are of such vital importance in many areas of medical research.

In the numerous rodent colonies at Bar Harbor there were some 190,000 mice — a distinction, not of endangered, but mice alive, but not for Ann who was already developing into a medical career.

Her encounters at Bar Harbor was to last none for discover of the nervous system. One day, she was given a specimen from the strain labeled 129, cultivated by one of the laboratory's master scientific artists, Dr. Elizabeth S. Russell. The mouse was a sick, stunted little creature with pouch for and, as Ann put it, "a funny way of using the back feet." Hence, the name.

Thanks to the keeper of Pansy, Ann's ailment was identified. She had already been established that he was not a mere freak, but the result of a mutant. The condition from which he suffered had appeared spontaneously in the 129 strain a few years before and bred accurately, according to a certain hereditary pattern, among members of that particular inbred colony.

Under the direction of Dr. Russell, Ann began to investigate the nervous system of the crippled little mouse. Reports of testing [illegible] she took some tiny cell specimens of the 129 strain and, according to [illegible], examined her details and charting, her findings, studies thoroughout the summer of her senior year.

The next summer she returned to Bar Harbor. And as the thousands began to move in a routinely new direction. In fact, she had a breakthrough. If, as her experiments seemed to prove, starting at 4:30 p.m. on Wednesday, November 26. An invitation has been issued by the Hobbs Board of Trade for as many as can from Tofield and other points about Highway 14 to attend this event. Three years ago the Wetaskiwin Chamber of Commerce submitted a brief to the Telephone Rentals Association pointing out the advantages of [illegible] It was the consensus of the [illegible] that the Pansy [illegible] system was ideally suited for [illegible] from North Battleford to Edmonton.

Tofield is really interested in this matter as its other centres on Highway 14, and it is hoped that a good attendance will be present at the meeting

A WEEKLY PAPER SERVING TOFIELD, RYLEY, LINDBROOK, CHIPMAN, COOKING LAKE, KINGMAN

Vol. 8 — No. 7 TOFIELD MERCURY, TOFIELD, ALBERTA Thursday, November 19, 1969

Prior to the opening of the Royal Winter Fair in Toronto November 13, the Alberta contingent including 58 livestock exhibitors busied themselves in preparing some 500 head of livestock for judging. Shown carrying a group of Herefords are, from left to right; Jim Forsythe, Cromfield; Ed Noad, High River; Doug Buchanan, Pincher Creek and Lawrence Kalal, Tofield.

### JUBILEE JOTTINGS

Is the weather getting you down? Are you tired of cold and more and need and cloudy skies? Well, you have lots of company, and they will be glad to hear you join them in the Community Centre on November 23 for the Community Pot-Luck Supper

The ladies in charge ask that you bring food enough for your own family, and dishes for them. Now remember, if Tofield, who have been invited as guests, will not need to do the [illegible] dishes [illegible]

Tofield's Golden Jubilee Birthday Cake is being baked by Mabel Bayles and iced by Evelyn Stauffer. It will feature 50 golden candles.

When the excitement over this event has died down we will be looking forward to two other events of this historic year — the play "The Late Christopher Bean" in early November and the annual Community Lacrosse Smorgasbord Carnival later in December. Everyone invite you to start on your many shoppings their chosen selections at the Bazaar sponsored by the Community Carol Singing

Congratulations are due Dick Hamilton who received the Certificate of Merit from the Canadian Legion at the annual Remembrance Day Service in the Community Centre. Dick has been president of the Tofield Branch of the Canadian Legion for many years. He is also a valued member of the Tofield Golden Jubilee committee.

### Visitation day to be held Monday at Tofield School

A Parent-Teacher conference will be held on Monday, November 24 at the Tofield School. Invitations have been received from [illegible] and appointments are being sent to every parent and it is hoped that everyone will avail themselves of the opportunity to talk to the teachers about their children. This is the second year in a row that this has been arranged for, so [illegible] will not attend Monday.

Principal of the school Mr. Harris stated that he hopes that anyone who did not receive an appointment time will get in touch with him as he will arrange an appointment.

Last Friday the Tofield High School boys defeated the Viking boys 7-3, while the girls had an exciting ice basketball game and defeated Viking 11-10. This Friday the Jr. H's will play host to the Visitors as well.

### Community Supper for newcomers Monday night

Monday night all newcomers to the area will be the guests of honor at a pot luck supper.

Following the pot luck supper which will serve as a social hour, being their own utensils and dishes. A varied program is planned. Dishes of happenings around Tofield will be shown by Charlie Kalal. Under the direction of Mrs. Phillips and Mrs. Rex Bayles, a group of 4-H girls will present a pageant of the history of Tofield.

It is hoped that all newcomers to the district will attend this Golden Jubilee Year event.

Tickets are on sale this week for the 2 nd play being sponsored by the Holy Trinity W. A. for the annual local talent Tea play. The Late Christopher Bean will be presented in the Community Centre on December 1 and 2. The participants have been rehearsing the individual roles right and under the capable direction of Lu Ann Wall and the audience soon, for the entire play be sure and take this event in. It features Ed Regier as Dr. Haggett and Mrs. Prechuty as Abbie in the role it should be good

### Potted plants decorate Lutheran Church for Pearson-Muir double ring ceremony

Potted plants decorated the Bardo Lutheran Church for the double ring ceremony when Pastor H. Haugen united in marriage Miss Brenda Muir, only daughter of Mr. and Mrs. Bennie Finseth of Camrose and Mr. Melvin Pearson, second son of Mr. and Mrs. Elmer Pearson of Mossleigh Creek, on Saturday, November 7 at 2:00 p.m.

Given in marriage by her father, the bride wore a floor length gown of [illegible] with a crown of [illegible] and a [illegible] fitted bodice and long lace sleeves. Trim and [illegible] in the marks a large sweep of [illegible] supply for the [illegible] and [illegible] of [illegible] while a [illegible] of such vital importance in many areas of medical research.

In the numerous rodent colonies at Bar Harbor there were some 190,000 mice — a distinction, not of endangered, but mice alive, but not for Ann who was already developing into a medical career.

Her encounters at Bar Harbor was to last none for discover of the nervous system. One day, she was given a specimen from the strain labeled 129, cultivated by one of the laboratory's master scientific artists, Dr. Elizabeth S. Russell. The mouse was a sick, stunted little creature with pouch for and, as Ann put it, "a funny way of using the back feet." Hence, the name.

Thanks to the keeper of Pansy, Ann's ailment was identified. She had already been established that he was not a mere freak, but the result of a mutant. The condition from which he suffered had appeared spontaneously in the 129 strain a few years before and bred accurately, according to a certain hereditary pattern, among members of that particular inbred colony.

Under the direction of Dr. Russell, Ann began to investigate the nervous system of the crippled little mouse. Reports of testing [illegible] she took some tiny cell specimens of the 129 strain and, according to [illegible], examined her details and charting, her findings, studies throughout the summer of her senior year.

The next summer she returned to Bar Harbor. And as the thousands began to move in a routinely new direction. In fact, she had a breakthrough. If, as her experiments seemed to prove, starting at 4:30 p.m. on Wednesday, November 26. An invitation has been issued by the Hobbs Board of Trade for as many as can from Tofield and other points about Highway 14 to attend this event. Three years ago the Wetaskiwin Chamber of Commerce submitted a brief to the Telephone Rentals Association pointing out the advantages of [illegible] It was the consensus of the [illegible] that the Pansy [illegible] system was ideally suited for [illegible] from North Battleford to Edmonton.

Tofield is really interested in this matter as its other centres on Highway 14, and it is hoped that a good attendance will be present at the meeting

The bridesmaid, Miss Dorothy Pearson, sister of the groom, wore a ski blue [illegible] length sleeves with matching headpiece and white mitts. Her flowers were pink carnations, white daisies and lily of the valley.

Attending the groom was Mr. Willie Partridge and Mr. Alvin Pearson and Terry Pearson ushered the guests to their pews, which were marked with white daffins and a bow of blue ribbon.

Miss Judy Hellberg provided the music during the [illegible] and Mr. Leroy Finseth sang "O Perfect Love" during the ceremony and "The White Bells of Yesterday" during the signing of the register.

For receiving her guests the mother of the bride chose a rose crepe dress with white accessories and a corsage of yellow roses. The groom's mother wore a pleated dress with white accessories and a corsage of pink roses.

A beautiful, three-tiered [illegible] centred the bride's table Mr. Clifford Anderson capably handled the reception, proposed and called on Rev. Anderson of Mossleigh Creek to ask the blessing.

Mrs. Anne Anderson was called on for a greeting to the bride and to this the groom ably responded. Mr. Lawrence Thirkell and Mrs. Maude Hodgkinson were also called on for words and several others took the opportunity to wish the bride and groom much happiness. A clarinet quintette by Mr. Leroy Johnson, Steve Lee and Gerald Torbjorn accompanied by Mrs Johnson on the organ sang two selections.

Mrs. Bertha Johnson was in charge of the [illegible] and Mrs. Peter Kitz and Mrs Dave Tinglestad the gifts.

For the going away the bride chose a brown wool suit with [illegible] collar and [illegible] accessories.

### Holden sponsors Highway 14 Assn.

The Holden Board of Trade is taking up where Wainwright left off some time ago and sponsoring a Highway 14 Association in conjunction with the Yellowhead Route Arrangements have been made to have Rose Harper of Edmonton show pictures of the well-travelled Route Tuesday at 8:30 p.m. on Wednesday, November 26. An invitation has been issued by the Hobbs Board of Trade for as many as can from Tofield and other points about Highway 14 to attend this event. Three years ago the Wetaskiwin Chamber of Commerce submitted a brief to the Telephone Rentals Association pointing out the advantages of [illegible] It was the consensus of the [illegible] that the Pansy [illegible] system was ideally suited for [illegible] from North Battleford to Edmonton.

Tofield is really interested in this matter as its other centres on Highway 14, and it is hoped that a good attendance will be present at the meeting

### Young people urged to read more books

This week is National Young Canada Book Week and libraries throughout Canada are working to create more reading interest among young people

Here in Tofield, Mrs W. Prescury librarian at the Community Library and Mrs. Edna Bentch, School librarian are read to help youth in their choice of reading material Locally the interest in books is high, so that the library, even with the assistance of the Extension Library, cannot always supply the type of books demanded by teen-agers and pre-teens.

Mrs. Prescury says the need at present is for horse stories and books on sport Friends and members of the library are urged to take part in Young Canada Book Week by donating a youth book to the local library Check your bookshelves now and help supply Tofield's young folk with good reading material

The bills and accounts were ordered paid

Next meeting to be Dec 10

### Holy Trinity Anglican Church, Tofield scene of Hawkins - Gill marriage rites

A very pretty wedding took place at Holy Trinity Church in Tofield on Saturday afternoon at 2:00 p.m., November 7, 1959, when Maxine Marilyn Gill was united in holy matrimony with John Forbes Hawkins of Lodgepole and formerly of RR2, Tofield, son of Mr. and Mrs. J. W. Hawkins. The double-ring ceremony was performed by the Rev W. Mundy. The setting was [illegible] and [illegible] the pews were marked with a [illegible] carnations tied with pink ribbon

The bride was lovely in her dad's wedding gown, an ankle length gown of white brocaded satin with lily point sleeves and bodice of lace gathered with crystals of pearls. The three quarter length veil was held in place by a [illegible] and sequin tiara belonging to her sister-in-law Pat Gill and which Patsy wore at her own wedding She carried a white bible covered with a bridal orchid [illegible] with white ribbon streamers and [illegible]

The maid of honor was her sister Gail, dressed in a three quarter length gown of blue and lace and wearing a dainty hat of net and flowers, in the same shade with gloves to match She carried a whitepaper book covered with white [illegible] and yellow carnations with streamers of the same

Her bridesmaid and matron, Miss Bambina Dunn of Lodgepole were a similar dress of yellow net picture hat and gloves and carried a white prayer book with white [illegible] and blue carnations. Maxine was given in marriage by her father, Lawrence Gill.

The groom was very handsome in a dark blue suit and was attended by his brother Lyle and the bride's brother Allan Lathering the guests were the groom's brother, Constable George Hawkins and his brother-in-law Ernest Gill

The bride's mother was dressed in blue with red roses on corsage. The groom's mother was dressed in green with red roses on corsage

Upon the wedding ceremony Mrs Matt Eaglestone sang "The Lord's Prayer" very prettily

During the signing of the register the Church choir sang "O Perfect Love"

Following the ceremony the happy pair were driven to Edmonton to have their photos taken and to visit the bride's grandmother, Mrs T. Waters who is bed ridden and the second one "A test for sight and memory." both were very interesting and most quite a lot of fun.

Gail Gill and Jean Eaglestone served lunch to the guests in the Sunday School room.

Later a reception was held in the banquet room of the United Church and was very capably catered to by the Kinsmen Ladies Aid. The bride's table [illegible] all in silver and centered by a three-tiered wedding cake [illegible] in [illegible] with red roses [illegible] belonging to the [illegible] Gill and was used at her wedding, finished with pink ribbon on both sides made a very pretty setting indeed

Lyle, brother of the groom proposed the toast to both the bride and groom and to which the groom very ably responded

A telegram was read from friends of the bride's family Mr and Mrs. Harry Hansel residing at Vancouver, B. C. wishing the happy couple the very best

Mrs. many lovely gifts were received and after the repast the newlyweds opened their gifts for everyone to admire

For a short trip to Calmary and Banff, the bride donned a black dress with white [illegible] and a white [illegible] corsage

On their return Mr and Mrs. John Hawkins will make their home at Lodgepole

### Maxine Gill honored at evening shower

On Tuesday evening, November 4, a shower was held in the meeting room of the Anglican church for Miss Maxine Gill a bride of the month

Put on by the Afternoon Branch of the Ladies' Auxiliary the room was nicely decorated in pink and white streamers and bells and the gifts were delivered in a prettily decorated basket

The evening's entertainment was put on by Mrs J. W. Hawkins and Mrs Edith Bailey "Maxine" [illegible] and [illegible] first one "Furniture for a bride's home" and the second one "A test for sight and memory." both were very interesting and most quite a lot of fun.

Gail Gill and Jean Eaglestone served lunch to the guests in the Sunday School room.

Later a reception was held in the banquet room of the United Church and was very capably catered to by the Kinsmen Ladies Aid. The bride's table [illegible] all in silver and centered by a three-tiered wedding cake [illegible] in [illegible] with red roses [illegible] belonging to the [illegible] Gill and was used at her wedding, finished with pink ribbon on both sides made a very pretty setting indeed

Lyle, brother of the groom proposed the toast to both the bride and groom and to which the groom very ably responded

A telegram was read from friends of the bride's family Mr and Mrs. Harry Hansel residing at Vancouver, B. C. wishing the happy couple the very best

Mrs. many lovely gifts were received and after the repast the newlyweds opened their gifts for everyone to admire

For a short trip to Calmary and Banff, the bride donned a black dress with white [illegible] and a white [illegible] corsage

On their return Mr and Mrs. John Hawkins will make their home at Lodgepole

### MOM WHYTE SAYS GOODBYE TO ONTARIO

Bound for Nelson, B.C., to open up a new Wycliffe Bible mission for children is Mrs. Bertha "Mom" Whyte. Mrs. Whyte expects to see British Columbia officials to discuss plans for her new home. Her home for children at Sparrowmanville, Ontario, was closed by welfare officials in July, 1969, when disease broke out among the children. Behind Mrs. Whyte is shown with his wife at the airport

## TOO BIG TO TEACH?

A student teacher was dismissed from Long Branch, Ontario Teacher's college because he was too fat. James Philpott, 19, ex-keeper who weighed 378 pounds when examined Sept. 10, was dismissed on grounds he would be a liability to the teachers' pension fund. He is determined to bring his weight down with the assistance of the Banting Institute and has so far dropped 22 pounds. However, he will lose only two pounds a week now. His aim is 180 pounds and he is now on 1,200-calorie daily diet.

## FARM DRYING OF GRAIN

The drying of damp grain calls for extreme care and a full understanding of all the factors involved. Improper drying of wheat can seriously affect the breadmaking possibilities of the grain. Those operating grain driers are urged to submit samples, taken before and after drying, for testing by the Grain Research Laboratory, Winnipeg. Only in this way can they be sure that the driers are being operated without damage to grain. Ask your nearest Searle Elevator Agent for particulars

# GREEN ACRES

by R. A. CHOMIK, B. A.

A good plan for the farm and home represents the first family ideas of what they want to do in the future.

Plans should be written so they serve not as a guide towards reaching some goal or objective. If you have a written plan you can compare your thinking or decisions of the past with that of the present and make sounder choices from time to time. Most every family has a plan but not too many have written plans. Writing a plan has certain definite advantages. A good farm plan should increase farm income. A good home plan should help the family in reaching their needs and goals to better satisfaction. Farm and home planning should be combined. Co-operation, support and understanding of every member of the family are essential if you are to achieve farm production & family living goals. A decision that gives maximum every farmer and his family is whether income will be used for farm improvements or for family living. The family working as a unit must always arrive at the best decision.

To aid farm families with this type of planning your Local Agriculturist and Home Economist are trained for this service and are keenly interested in assisting those who want their help.

**MARKET PIGS AT LIGHTER WEIGHTS**

Several swine producers in this area have remarked of late trades. Recent changes in hog grades provides for lowering of minimum weight on Grade A hogs by five pounds. In addition the announcement by the Federal Government that as of January 18, deficiency payments will be made on hogs A and B grades only. This seems to point to the fact that producers should be marketing their hogs at about 190 to 200 pounds live weight to be sure of getting grade A and B hogs. Present day marketing requirements indicate that best grades may be obtained when hogs are sold when they appear to be only in good growing condition. By marketing lighter pigs producers will save feed and lower their cost of production which should result in a higher return.

If breeding is the problem in your herd this would seem to be an opportune time to purchase better quality breeding stock. Good boars and gilts are available from swine breeders at reasonable prices. This office has a listing of swine breeding stock for sale.

**CULL YOUR HERDS**

Fall time presents probably the best time to cull your herds. Beef cows that was light calves, or have some other defects should be disposed of in the face of possible feed shortage and producers of inferior individuals should look very hard before letting the inferior animals through the winter on heifer rations. A few good animals may be more profitable to keep than twice the number of poor animals.

In selecting your breeding stock for replacements it is advisable to pick them from females that are productive viceroys, good size and of good disposition.

# THE Homemaker

Farmers Homemakers Clubs

Home Economist, Vegreville

With these cold days a number of homemakers will find more time to do the many things they have always wanted to do and one of the many I have in mind is sewing.

**TESTING FOR SHRINKAGE**

Measure and mark off 12" along the selvage edge with a ruler and pencil. Wet the marked edge and iron dry. Measure again. If the marked portion measures less than 12" preshrink the goods.

**STRAIGHTENING MATERIAL**

If your material does not shrink it may still need to be straightened. If the material is not torn across the end, draw a crosswise thread and then cut along this thread. If the fabric can be torn, cut through the selvage and tear across width. If selvage pulls tightly even in completed garment when selvage is ripped or cut as seam allowance, clip into selvage about every six inches. One can also cut off the selvage entirely to prevent puckering. It is not necessary if above method is used.

**PRESHRINKING**

Cotton, Linen, Spun Rayons —

Leave the material folded, then place in a large pan or bathtub. Completely cover material with cool water and let stand at least three hours. Remove excess water without wringing the material as much as possible or other method. If pressing is necessary run the iron over it to the point where the material is damp and not across the material. Wool —

Dry cleaners will usually preshrink wool material for you, however you can do it also at home using this method. Wring out a sheet in water. Spread the wool material out on the wet sheet and roll both up together. Leave for several hours until material is quite damp. Press using press cloth, avoid stretching the material.

**NOT US, OF COURSE**

The housewife was still sitting at the breakfast table having her fifth cup of coffee and trying to decide whether to get dressed, wash the dishes or maybe read a magazine when she hears the postman man outside. She dashed through the back door, her hair in curlers, face unmade and a wrinkled old bathrobe askew "Am I too late for the postage?" she asked. The postman took one look at her and said, "No ma'am, just right in."

How do you start your day. Full of zing and ready to go or worn around the edges and with a growch. A smooth take-off is pretty important. Take time to talk to yourself up. Have a good relaxed breakfast and the day may like a dream. Start of the sun grab a piece of toast to send the children off to school breathless and from there on out everything goes wrong

Drivers who are "on the down stroke" are likely to get through the hazardous winter season without an accident, says the Motor Vehicle Branch. Become a "defensive driver" now!

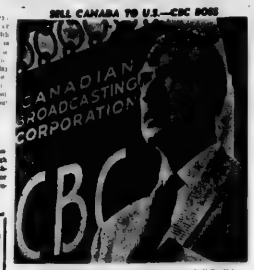
## SELL CANADA TO U.S.—CBC BOSS



Appointment of Eugene Hallman as boss of all English-language TV and radio production should help dispel a recent notion that the CBC may be moving away from its ideals and principles toward greater commercialism. Hallman, a 40-year-old former meteorologist who got into the CBC in 1950 as a writer and idea man, is the very kind of liberal intellectual that has come to epitomize the corporation's role in the cultural life of the country.

George and his friends and brother Earl were Saturday evening visitors at the home of Charlie and Mickey Nichols.

Dorothy and Wilbur Gallinger were Saturday evening visitors at the home of Mel and Ethel Wood.

## Fashions

The shaggy sweater story is very much a part of the history of casual fashion this fall. The pullover sweater is smartly shaggy and goes in for dropped shoulder seams and curves slits at the side that are cut to the high-set. Comes in grey, camel or white. Seen with a black tweed skirt. Nice for country or collegiate wear.

## A Tofield Jubilee Year Feature Event

### 1959 TOFIELD TOWN COUNCIL

In 1955 Tofield's [illegible] submits of Mayor, Dr. W. H. Prouse; Councillors Graham Allan, Allan Howdon, D. L. Jefferson, Charles Kellin, Donald Patterson and Arnold Taylor. Secretary-Treasurer J. L. Brown.

* * *

**Dr. W. H. Prouse** was born at Forestvale, Alberta in 1900 (which should make him 59 a fact we prefer not to tell as he is Tofield. He attended public school at Bethel, Alberta and high school at Camrose and Edmonton. He graduated in 1926 from the University of Alberta. Interning in the Misericordia Hospital in 1927, he married Miss Dorothy Kirkness Franklin and they have [illegible] children [illegible] Grade VI and Kathleen in Grade IX. By 1941 to 1944 in Prospect, he left the RCAF Medical Corps to Tofield in 1947.

In 1957 he was elected to the town council and has been mayor of Tofield since 1958. He is a member of the Canadian Medical Association, the Provincial Medical Institute. He is a member of the Curling Club and during the [illegible]

**James Graham Allan** was born on 1873 at Victor Alberta. His early school was at Strathcona and Westlock where he attended the Normal School in Edmonton. In 1905, he came to Tofield with his parents his father, Rev. D. K. Allan, having accepted a call to the Tofield United Church.

In 1911, he married Miss Ella Taylor, B.M. of Tofield and they have two sons and a daughter living in Grade IX, Lawrence, in Grade VII; and James in Grade IV.

Graham is an office worker in community activities. It looks like Two large gaps in he Dominion Curling Club and during the [illegible] Tofield Senior Team [illegible] Allan [illegible] by playing in the [illegible] rounds in 1935, he married Miss Elsie E. Rush of Provident. Their sons, James, is a member of the RCMP and has a daughter Joan; is a student nurse in the Royal Alexandra Hospital in Edmonton.

Allan has been a councillor for many years and has also driven a school bus for a lengthy period. He is on his fourth year as a councillor.

* * *

**D. L. Jefferson** was born in Verdun, Manitoba and received his early education there and in Saskatoon. Later, he attended Regina Collegiate and the University of Saskatchewan. He served with the Army Service Corps in 1918, he married Miss Esther Kendall. They daughter, Yvonne is a graduate nurse in Mrs. McGillvary of Cardiada, Alberta. Mr. Jefferson came to Tofield in 1946 and is the senior partner in the firm of Jefferson & Norton Ltd. the local NDA store. He is a past Master in the Masonic Lodge, attends the United Church and has been a councillor for 3 years. He enjoys fishing for relaxation and [illegible] exhibition.

**Oscar E. Kaiser** is also a local product, having been born in the Tofield area in 1916. He attended Ballgate and Antler Creek schools. Later he had a two-year term, 1925-26, at Vermillion School of Agriculture. He is in the lumber and building supplies business.

In 1940, he married Miss Winnifred of Ryley and they have four children — James, in Grade VI, Linda in Grade V, Jerry in Grade II and Christine still too young for school.

Charles is an active community worker, being Past President of the Chamber of Commerce, Vice-President of the Tofield Lions' Club, Member of the Community League and a member of St. Francis of Assisi Roman Catholic Church. He has been a member of council since 1944.

Coming from a family who were in Tofield be one of the [illegible] Charles has had a real opportunity to see Tofield develop. His prediction for Tofield's future is that it will continue to be one of Alberta's better towns and will see further expansion in the future.

* * *

**Conrad Patterson** was born in the Tofield area in the Antler Creek district of early pioneers. In 1[illegible] he left the Vermilion School of Agriculture and the Calgary Technical School. He worked as a mechanic in Ryley for a number of years and in 1935 purchased the Tofield service station from Mr. W. Stutzman. He has resided there ever since. In 1960, he married Miss Hazel Hillerud.

They have a son Neil who is in his second year in the Engineering Faculty at the University of Alberta, and a daughter, Glenda, the 1958 winner of the Sherwood Cosmopolitan Queen Beauty Contest and who is now in Grade XI.

Conrad was elected to Council in 1944 and served continuously since then. He was mayor from 1949 to 1952. He is also a past president of the Chamberlain Community League and the Curling is his favorite sport.

His success from a pioneer family shows his interest and support for Dr. Tofield in the early days.

**Asked for his prediction regarding Tofield's future, Conrad's** succinct reply was "Great!"

**Arnold Smith** was born in Tofield on January 21, 1921, the son of Mr. and Mrs. W. C. Smith, pioneers of Tofield since 1906. He was educated in the Tofield public and high schools. He spent four and a half years in the RCAF during WWII.

He married Miss Joyce Johnston in December of 1946. They have two children, Shirley in Grade V and Donald in Grade II.

Arnold succeeded to his father's business as garage owner and auto dealer. He has been on the town council for 11 years, in two terms 1949-1952 and 1955-59.

He is an active community worker having been president of the Community League and Past Master of Palestine Lodge, A.F. and A. M. and is a member of long standing in the town band. He is clerk of the Session of the United Church. Just recently he has become Tofield's fire chief. He is also an enthusiastic curler. He predicts more rapid growth for Tofield.

**J. EDWIN STINSON** was born in Arden, Manitoba and was educated in Arden's country and high schools. He attended business college in Winnipeg. He served with the Royal Flying Corps in 1916 [illegible] and Mrs. Stinson (nee Mary Lemon) were married in 1925 and have three children Mrs. Harry Brooks (Betty) of Dundalk, Ontario, who is teaching in the School of Nursing at the University of Alberta and Donald a Captain with Trans Canada Air Lines at Winnipeg.

The Stinsons came to Tofield in 1935. Mr. Stinson has been secretary-treasurer since 1947 and was secretary of the Tofield Hospital for nine years. He is an active member in the Tofield United Church, the Tofield Community League and has been a member of the Jubilee Committee of 1958.

Grace Phillips, Press Secretary, Jubilee Committee.

Mr and Mrs W. Mitchell spent the week end with the Jalberta in Edmonton.

## SCOTTS SCRAP BOOK

By R. J. SCOTT

## Former Tofield boy writes music

**William A. McCauley** has composed the music which was the Canadian contribution to a recent "United Nations Week" program, a which was presented by the Eastman Rochester symphony orchestra. The program was recorded for the world wide broadcasts of the Voice of America.

Now studying at the Eastman school of music of the University of Rochester, Mr McCauley will receive his doctorate in music next June. He also is director of music for the new television station WHEC-TV.

"Billy" McCauley, as he is affectionately known here, was born and brought up in Tofield. He is the only son of the late Mr and Mrs A. J. H. McCauley, longtime residents of the town of Tofield and is a grandson of the late Matt McCauley who was mayor of Edmonton before the town became a city.

## AROUND TOWN

Mr. and Mrs. Alberta and [illegible] main took numerous positions and [illegible] awards in the cattle competitions at the Royal Winter Fair held in Toronto November 18-21. In the Hereford senior bull class, Albertans won the first three positions and [illegible] of an entry of 15. Seen showing the winning entries are, left to right: Ed Hehr of Merry Acres Ranch, Priddis; an entry of Stuart Fenton, Irma, 11th; Summer yearling heifer, Kalsi Bros., J. A. Paul, eighth and 14; senior heifer calf Kalsi, first (reserve junior champion); and Senior heifer calf, Kalsi, second and Paul third; Kalsi's placed fifth in the steers, second in breeder's herd, and first in three calf classes.

## Kalsi cattle set Royal record

**C. J. Kalsi and son have again been outstanding exhibitors at the Royal Winter Fair in Toronto. For the third year in a row they have won the coveted Hereford premier breeder and premier exhibitor honors, to exhibit a Regal award for the awards.**

**The awards went to J. A. Paul of Clonsie in 1957 and 1958, making it the fifth year for the premier. They are based on a point competition system, calculated from the number of firsts, seconds, thirds, etc., awarded as individual breed exhibitor. Kalsi's also took reserve junior championship female award**

**Final placings in Herefords were: junior yearling heifer Kalsi, second and fourth; junior calf Fenton, trims, 11th; Summer yearling heifer Kalsi Bros., J. A. Paul, eighth and 14; senior heifer calf Kalsi, first (reserve junior champion); and Senior heifer calf, Kalsi, second and Paul third; Kalsi's placed fifth in the steers, second in breeder's herd, and first in three calf classes.**

## Large crowd attends supper held in Community Hall Monday evening

A large crowd attended a potluck supper and program at the Community Hall Monday evening when the Tofield Jubilee Committee wound up their postponed activities in celebration of the town's 50th birthday. The event also welcomed those new citizens who have taken up residence in Tofield during the Jubilee Year.

Leading off the festivity to the Community League provided entertainment for the supper and much hilarity ensued when [illegible] ready to be served, in the absence of planned events

Assisting on the local table were Pete Purcell, who was called upon to officiate, Mr and Mrs Harold Weatherill, Mrs. E. Bedford, Mrs. Bell; Dr. W. [illegible] Mr and Mrs. [illegible] of council, and Mayor Prouse, Mr. Pike, Community Development Officer for the County of Beaver replied as a representative of Tofield's new citizens.

A special feature of the evening was the presentation of a bouquet of long-stemmed red roses to Mrs. Grace Phillips who has been a driving force behind the year-long activities, Secretary of the Jubilee Committee and Director of the weekly write-ups in the local paper, as well as producer of the pageant to be given during the evening.

Selections by the Tofield Band began the evening's program and other band numbers were interspersed throughout the evening. The band produced and narrated by Mrs. Phillips, employed about 50 children and in different scenes showed their Revolutionary, Indian and Pioneer days. Gallery Lounge Trophy was presented during the [illegible] Orchestra. Choir practice at the Grace Church [illegible] Mrs. Olive Rose, Mr. [illegible] Mrs. Gwen Mr. [illegible] Mrs. Ethel [illegible] Mrs. Lorna [illegible] Mrs. Ruth

## County of Beaver School Committee . . . meeting held Tuesday, November 10

... Committee met in the Council ... Tofield with the following ... Mr. A. M. Cooke, Superintendent, ... Mr. Viking, Mr. David Reid, representing the Village of Holden and Mr. George H. Arnett, representing the Town of Tofield

Also present were Mr. H. L. Pike, superintendent of Schools

The meeting was called to order at 10:15 a.m. by the Chairman Cr. R. B. Burby

The secretary advised that the oaths of office had been taken by Mr. David Reid, the Village of Holden, Mr. George H. Arnett, the Town of Tofield, and Mr. A. M. Cooke, the Town of Viking, and that they were eligible to act as members of the School Committee

MOVED that the minutes of the School Committee meeting October 6 and 7 be approved as written CARRIED

Messrs. Clifford L. Porter, M. Fitzmaurice, A. Gauthier, E. H. Simmons, P. H. Sopkarton and Kenneth Chamberlain and Mrs. Norman Campbell, treasurer appeals invited within the boundaries of the County together with representatives from some of the various Limited and Mrs. Hazel Kinnaird of the Interviewed the Committee at this time in connection with the question of provision for insurance on all school properties, as well as Liability insurance to Jubilee Insurance Agencies Limited.

The above details were of the opening, the Committee should be left with Secretary-Treasurer Mr. Gauthier and ... the reasons why this should be so. This stand was supported by the representatives from Smeltzer, Beardsley and Markhinson and Co.

The school Committee gave their reasons why it was considered that the insurance business should be transferred to the Jubilee Insurance Agencies Ltd.

A very complete discussion took place. The main reason for the change over, according to the School Committee was that the commissions that will now be given to the local agents would come back in the form of dividends to the County and that this would increase the revenue of the County and would result in a slight lowering of the mill rate

After a very thorough discussion the debate was adjourned that the Committee would be there records ... and that this would be gathered in due course

After the delegates had left ... further discussion took ... and ... matters

MOVED that Resolution No. 285, passed at the meeting on August 25 authorizing the transfer of all Insurance policies in connection with school properties to Jubilee Insurance Agencies Ltd. as they came due, be rescinded. The motion was lost.

During the discussion it had ... interest that, according to the Alberta Insurance Act, commissions could not be refunded, and therefore it would not be possible for the Jubilee Insurance Agencies to refund the commissions by way of a dividend, and, in order to get the ... was ... ## STARVING FAMILY DISCOVERED BY HUMANE SOCIETY

Donald Johnston, left, of Hunnegewyn township whose family of six has been starving found a job and went home with a bag of groceries. The family was found by Humane society officials when they went to the farm to investigate a complaint about two starving pigs. They had been living on raw onions. Mr. Johnston had been walking six miles to Guelph to welfare and unemployment offices but they had nothing to offer him. Mrs. Johnston wanted no time putting the food on the stove to feed their four children, Marie, five, Terry, four, Jerry, two, and Larry, nine months.

SPACE-AGE COOKWARE

Corning Ware has introduced this cookware made of a completely new material, Pyroceram, which was first developed for the nose cones of modern guided missiles. The cookware is unconditionally guaranteed against breakage from temperature changes in cooking. These all-purpose skillets and saucepans, which look and feel like fine china can be moved directly from the freezer to the heat of a top element to fry, boil, or simmer to a perfected area to roast, bake or broil.

Pyroceram is non-porous and cannot absorb fat, food particles or flavors. It is easy to clean by hand or in an automatic dish washer. If food should be burned on accidentally, a simmering hot dish may be plunged into a dish of water without fear of breakage

FRUIT CAKE MAKING TIPS

## CHILDHOOD HABITS PERSIST THROUGHOUT LIFETIME

Instinct can sometimes be over-rated, according to Horace Seller, manager of the Bank of Montreal's Tofield branch.

For instance, he says, many of the successful business men among his customers attribute their habit of regular saving to instinct, rather than being taught the advantages of saving as children.

But it's much more likely, Mr. Seller believes, that their habit of regular saving was begun when very young, at the suggestion of far-sighted parents.

Either way, Mr. Seller says, there is no doubt that the best time to learn the habit of regular saving is in childhood, and the younger the better. It's a simple lesson that gives youngsters a good start in life, and the knowledge that there's a savings account to fall back on in emergencies is often a source of confidence to youngsters when they start out on their own.

A single dollar will start your child's savings account at the B of M. As Mr. Seller puts it: "It might be only a small beginning, but it's a fine way to help develop habits that will be mighty valuable in the future."

If your child really wants something special — and it can be anything from a bicycle to a college education — having a personal savings account will be a strong encouragement for him to put away part of his pocket money towards the objective. And it will help him to develop the invaluable habit of saving.

Drop in soon to see Mr. Seller and ask him for a free copy of the B of M's folder entitled, "How to teach your youngsters to save". Parents everywhere are finding it helpful.

Advt.

## County of Beaver School Committee meeting held Tuesday, November 10

(Continued from page 1)

[illegible] service for this locality, pointing out that the route was too long and the bus had to travel too fast in order to maintain its schedule.

The delegation felt that the route should be shortened to conform approximately with the route as it was during the previous years.

It was mentioned that the bus on several occasions had been some what late arriving at the school and also that at least a couple of the children were getting sick from having to travel so far on the bus.

The bus time schedule, as submitted by Mr Wilbert E. Myers, driver of the bus, indicated that the first pickup was made at 7:35 a.m. and the last at 3:45 p.m. indicating travelling time for some of the children, an hour and a half.

The committee agreed to the representations made and it was decided that the feeder bus that had been in operation in the area prior to this year, should be put back into service, and it was

MOVED that the feeder bus be provided for the Maple Lodge to Forest Farrish.

MOVED that the Disbursement Statement to October 31, as presented at this time, be accepted. CARRIED

MOVED that the Seaberg School be sold to Noah M. Solberg for the sum of $276.00 CARRIED

MOVED that letter from P.O. Sanderson, Agencies, in regards to defunct accident Policy No. 9955[illegible] with endorsement in regards to dental expenses be received and filed CARRIED

MOVED that information from Alberta Municipal Financing Corporation in regards to availability and cost of money for Capital Works, be received and filed CARRIED

MOVED that Mrs. Bert Appleby be given permission to reside outside the school district in which she is teaching, namely the Holden school and that she be given permission to commute on the school bus, providing there is room on the bus CARRIED

MOVED that application for the position of school janitor at Holden school be received by Mr. Fred Raby, of Holden be received and filed for possible later consideration CARRIED

The unsatisfactory condition of the janitor work at the Holden school was discussed at some length and it was

MOVED that Mrs. [illegible] Olson and Mr. Bell be appointed a committee to investigate the janitor work at the Holden school, with authority to take what action they consider [illegible] necessary CARRIED

Dr. Starky referred to the unsatisfactory way in which the school bus drivers have handled their work during the past couple of months, having been on practically all instances, on time with the school buses in spite of the very poor road conditions, and it was

MOVED that a bonus of $2.00 per driver, be authorized for their excellent services during the past couple of months of extremely bad roads and considering that there had been no accidents during this time such bonus to be paid to the County's own drivers as well as to the drivers of the contract buses CARRIED

MOVED that Dr. Starky attend the Regional Library meeting on Wednesday, December 9 at 2 p.m. at the Queen Elizabeth IV Primary School in Vegreville CARRIED

The Superintendent mentioned the authorization to purchase an electric welder for the Industrial Arts shop at Viking, stating that Mr Evans, the shop teacher, appeared to be anxious to get the equipment as soon as possible.

Mr Pike was of the opinion that the purchase of a welder could well be deferred until after the end of the year in order not to have too much over-expenditure in this year's budget, and he wanted to bring this matter to the attention of the School Committee members so that they, Mr Evans, appeared before them would be aware of the situation

MOVED that we defer the purchase of the electric welder for the Viking Industrial Arts Shop to January, 1960 CARRIED

A request from the principal of the Innisfree school for the purchase of certain equipment for the school, in the [illegible] amount of $212.85, was referred to the Committee

It was felt that the equipment should be purchased, providing arrangements could be made to have the school derived to [illegible] early 1960 if it was

MOVED that the equipment be

## TORONTO SHOWGIRL AND SAMMY DAVIS JR. TO WED

Joan Sturr, blonde showgirl from Toronto, Ontario, announced her plans to marry Sammy Davis, Jr., shortly after Christmas. Joan, who is appearing in Montreal, met Sammy when he played there recently. Joan's parents object to the marriage but she feels it is not because of his color. Joan says that it is just because he is such a big star and that they have known each other for only 10 days.

## A Tofield Jubilee Year Feature
## Saint Francis of Assisi Catholic Church

The information for this article has been obtained from the accounts "Tofield and the Catholic Church" written by Mr. J. J. McDevitt and made available by Father Purcell of Tofield.

Mr Kostuck (sister had donated a piece of land for the building of a Catholic church some time prior to 1906. This was located north of the old town and became available with the removal of everyone to the new town. During this period, visiting Missionaries said mass on their subsequent visits. Father Gabriel de Beaumont was one of these.

During the winter of 1915 a priest was seen trudging around town on foot. This was Father Kosiers who was assistant to Father Stevenson at Viking. He announced that mass would be said periodically in the town. The building used was a former real estate office on the west side of Main Street, just opposite the Variety Theatre. Mass was well attended "There were four Lebourneau's, two Hannan's, two or three Yakimishi's, Mrs. Furman and daughter, Mr. and Mrs. Joe Welch, Charlie Kallal, myself (J. J. McDevitt), Mr. Steve Sullivan, also two brothers working on the

## LAKESHORE - McKENZIE LOCAL NEWS

Dinner guests at the Lakeshore W. A. meeting at the home of Irene Wasylenchuk December 1st. The calendars will be on hand for those wishing them, and be sure and bring your canned goods etc. as they intend packing the three boxes that day.

Jean and Eddie Williams and baby son Lionel were Saturday evening visitors in the home of Jean's parents, Lionel and Emma Ferguson.

Jack and Helen Gray and children of North Cooking Lake were Sunday afternoon visitors at the home of Alma and Alma Ferguson. Cutney Rosalind also visited there Sunday evening.

Mrs. Ruth Wishenbury went to Edmonton with her daughter Jean on the weekend and attended bowling a week there

Sympathy goes out to the Krystal family on the death of their husband and father, Mr Joe Krystal, in the Tofield Hospital on Sunday November 29th

Simeon Prystay returned home on Thursday from the Tofield Hospital where he had two tonsils removed on Monday

Carol Kadachi also had her tonsils out on Tuesday and was

Father Cuchet soon left the parish and was succeeded by Father Rowland, who remained until 1912. Father D'Sullivan, active, young and eager, came to serve this parish. During the summer, the church was damaged by fire. Doggan from Edmonton to start the C.W.L. Next came Father Roderick, who was succeeded by Father Carrier in 1921 Father E. Rooney (now Monsignor Rooney) substituted for a few months in 1921

In 1926, Father Morrison served the parish. He was followed by Father Quirk, who immediately started on plans for building the present Catholic church in 1937, it was blessed by Archbishop O'Leary

Father McLeod was the next priest He was responsible for building the church at Sirley.

From 1933 to 1938, the Redemptorist Fathers, some of whom were: Fathers Malone, Scollion, McGilligott, Norman and Moghie, took charge of Tofield. Then Father Martinez came in 1938 and remained until 1942. He was succeeded by Father Gorman, who was, in turn, succeeded by Father F. P. Purcell, newly ordained, and a native of Antigonish, N. S., who is still in Tofield.

The parish of Tofield now consists of Tofield town and district, Brace, Holden, Sirley, Elnorth, and Hastings Lake. Because of bad roads in the latter there was a necessity of a change in the main highway This was established at Minisis in 1958

A new rectory was built in Tofield in 1954 and in three years was completely paid for. Father P. McCorkell was the first full time assistant Father G. French assisted on weekends Father J. Lesiewyski came to help the parish and the mission in 1954 Since 1955 mass is said at five places every Sunday

Last year 1958 there were 224 families in Tofield and missions, with 741 parishioners. There were 24 children baptized 51 children made their first communion and there were six marriages Religious instruction is provided in the schools of Brace Holden, Sirley and Tofield

Father Purcell pays tribute to the loyalty and courage of the pioneers in which it owed the existence of Tofield parish and to the generosity of the people for the completion of the new Church.

Tofield Mercury

Corn Complain

Several from the district attended the play The Lake Christie play Monk at the Tofield Community Hall on Tuesday evening and report enjoying it very much Also about more of the same as everyone really enjoys a play with good local talent of which Tofield has quite a number Congratulations to all for an enjoyable evening.

How Much Did Your Petroleum Products Cost You In 1959?

Did you know that U.F.A. Coop declared a dividend of 8% on purchases of Petroleum Products for the fiscal year ending July 31, 1959? This means that a farmer who purchased $1,000.00 of fuel and requirements received a dividend of $80.00

Alberta farmers through their patronage of U.F.A. Coop. now own an organization with assets of over 4 million dollars, and this year they will receive Patronage Dividends of approximately $800,000.00. U.F.A. Coop. needs the continued support of all its members.

If you are not now a member and would like to share in the benefits of the Organization, please contact your local U.F.A. Coop.-Maple Leaf agent . . .

## GREEN ACRES

by H. A. CRESSEY, B. A.

SEED GRAIN

The problem of a seed grain supply for this area already looms to be acute. Farmers should take measures now to set aside any grain that may be suitable for seed. Grain containing up to 18% moisture can be tried on for germination test, and should be tested at the earliest possible date to determine its usefulness for seed. Safe storage of tough and damp grain intended for seed is also very important. Such grain should be turned or moved frequently, seed samples present should be removed. If you have an grain suitable check with your neighbors and if he has a supply of grain suitable for seed possibly you can obtain some by exchanging feed grain. Oat seed in particular is scarce and may possibly be available should be held. Farmers that have a supply of grain for sale suitable for seed are requested to Fed it with this office.

If a grain dryer is used on grain intended for seed make certain that the temperature while drying is not over 110 degrees Fahrenheit, otherwise damage to germination may result

Your elevator agent will assist you in obtaining a germination test, but it is requested that grain submitted for test should be dried to 15 to 16 per cent moisture before sample is submitted.

RURAL PLUMBING SCHOOL

A plumbing school will be held at Holden on December 14 and 15. The two day school will start at 9.30 a.m. to 4:30 p.m. The school is sponsored by your Agricultural Service Board and the Alberta Department of Agriculture. It is open to all residents in the County of Beaver The purpose of the school is to provide information on proper installation of water systems and sewage systems on the farm. Running water and sewage disposal is required more and more as an essential improvement to living conditions on our farms. The percentage of farms with such installations is still very low The Province of Alberta provides a loan for such improvements. A rural plumbing school should then help many farmers that are contemplating such line installation in the near future. It is hoped that a good turnout will be on hand.

REGISTRATION FOR HOG DEFICIENCY PAYMENTS

Swine producers are urged to register with the Farm Processing Unit, Canada Department of Agriculture Offices in order to participate in deficiency payments. Producers have obtained by now application cards (blue) that should be completed and mailed promptly to the above address. Only the one name may be registered for the farm enterprise. Your registration number must appear on all your farm records pending certificates to be eligible for payment. Deficiency payments for hogs marketed during a 12 month period will be limited to a total undertaking of $400 grade A and B quality hogs. The deficiency payment plan will come into effect for hogs marketed after January 9, 1960. The Agricultural Stabilization Board will establish a national average price calculated to be equivalent to the support price of $22.85 per hundred weight at Toronto and this will be used in determining the amount of payment. Payments to be made direct to producers in all parts of Canada, regardless of the market price received by the individual producer. Farmers who sell all their hogs as weaners, feeders or breeding stock are not affected by this policy and do not need to register

For any further information, direct your correspondence to Livestock Division, Room 548, Confederation Building, Canada Department of Agriculture, Ottawa.

## New Wheat Pool Building officially dedicated Monday in Calgary

The Alberta Wheat Pool's head office building in Calgary's new energy complex, was officially dedicated Monday of this week. The event was planned to enable Wheat Pool delegates attending their annual meeting, to take part in the program. Ben F. Plumer, former president and a member of the Board of Directors from the inception of the Pool in 1923 until his retirement in 1957, unveiled the tablet dedicating the building to the pioneer farmers of the province. Senator Donald Cameron, of Banff and Edmonton, spoke to the more than 250 guests present.

The 5-story building, located in downtown Calgary, is one of the city's most modern structures. Of particular interest is the exterior of the building which is faced with small ceramic tiles. These were imported from Japan where they were set in a mosaic pattern by hand. Over 7,000,000 individual tiles were used on the building. Contrasts in color have been added with use of dark brown and cream-colored marble from France and Italy.

The interior of the building has been designed to provide efficient and economical accommodation. Through uniform ceiling heights, standard furnishings, wall coverings and flooring and extensive use of movable steel partitions, a degree of flexibility has been built into the structure. In planning, low cost of maintenance was given prime consideration. The building is fully air-conditioned.

Initially, the Alberta Wheat Pool will occupy the top four floors. The ground floor will have a bank and several stores and office space on the second, third and fourth floors will be rented. The building will be ready for occupancy before the end of the month.

G. L. Harrold, president of the organization, said: "The new structure is the type of building the Alberta Wheat Pool's growth and development warrants. With it, the organization's capacity to serve the farm people of Alberta will be strengthened. It reflects the confidence of farm people in their own grain marketing co-operative and their faith in the future of Alberta's agricultural economy."

It is a building of which the Wheat Pool members can be justifiably proud," he declared.

Parents everywhere will recognize the problem faced by actor-broadcaster John Ireside as he prepares for his daily radio program Stories with John Ireside. His four children trying to get Dad's the bet are trooping down: Debbie (12), Ronnie (14), Jocelyn (9), and Mike (10) Stories with John Ireside is a 15-minute program broadcast daily on the CBC Trans Canada radio network

## THE Homemaker

Home Economics Department, Tofield

### CLEANING SILVER

This is one chore that is generally done before Christmas and there are two good ways of cleaning silver: one is by electrolysis (boiling in a hot solution) and the other by polishing with a thin abrasive or silver polish.

The electrolytic method consists of boiling the silver in an aluminum pan or bottle with hot water containing baking soda and salt. If you haven't an aluminum container of suitable size, then add a piece of aluminum foil to the solution.

Use enough water to cover the silver, add 1 teaspoonful of baking soda and 1 teaspoonful of salt to each quart of water. The tarnish will quickly disappear and then the silver may be taken from the pan, rinsed and dried.

WARNING Silver may be ruined if boiled too long in this solution. Three to five minutes is usually long enough. Remove as soon as tarnish is disappeared. Never clean the way lacks luster it should be rubbed to brighten it.

### CHRISTMAS CLEANING TIPS

1. Keep a mower, a piece of aluminum foil, or a thick, folded paper towel handy to rest cooking spoons or forks on so you don't have to wash the spoons or forks, between stir, or clean up the spot where they rested

2. Three tablespoons of baking soda in a quart of warm water makes a good cleaning and deodorizing solution to wash the defrosted refrigerator or freezer, to clean bread and lunch boxes. Also remove dusty, oily film from ornamental glassware, candy

## Witness convention .

Mr Roger Foster presiding minister of the Brace Congregation of Jehovah's Witnesses, announced that 18 delegates will attend the Semi-Annual Circuit Assembly of Jehovahs Witnesses slated for Camrose, December 4 to 6.

The program will consist of morning, afternoon and evening sessions of Bible talks, discussions and demonstrations designed to train the delegates to be better qualified ministers.

Mr Foster has been assigned to speak Sunday morning to the assembly in Camrose. His topic, "Sharing the Divine Will With Others." Another local minister who will speak at the convention is M. Jeffrey who will speak on Saturday morning.

Key speakers will be Alex H. Usher and Clayton E. Hayward. Watchtower Society representatives Mr. Hayworth will open the convention Friday at 7:30 p.m. with the Convention address, "In the Latter Will."

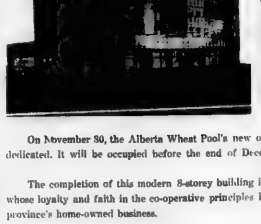
Applications are requested for the position as janitor of the Holden school duties to commence December 15, 1959. Applicants are to state age, experience if any, and any other qualifications which they think might suit them for the position Wages are not by the schedule and may be determined by calling a the County office

Applications must be submitted on or before 5 00 p.m Monday, December 7, 1959.

Apply to: Mr OLOF MONSSON
Secretary-Treasurer of the County of Beaver, Ryley, Alta.



ALBERTA
WHEAT POOL
MEMBERS
ACHIEVE
A NEW
MILESTONE
OF PROGRESS

On November 30, the Alberta Wheat Pool's new office building in Calgary was officially dedicated. It will be occupied before the end of December.

The completion of this modern 8-storey building is a tribute to the farm people of Alberta, whose loyalty and faith in the co-operative principles have made the Alberta Wheat Pool the province's home-owned business.

Today the facilities of the Alberta Wheat Pool -- all farmer-owned — include 568 country elevators, huge terminal elevators at Vancouver and Port Arthur a seed handling division and new Calgary's most modern office building.

Alberta Wheat Pool members have reason to be proud of their achievements.

ALBERTA WHEAT POOL
FARMER-OWNED CO-OPERATIVE

## BARDO NEWS

A couple of weeks or more fall on Tuesday, putting a halt to harvesting operations again. We have enjoyed a lot weather the last two or three days and at time of writing much of falling

Congratulations to Mr. and Mrs Harold Berreskell of Edmonton on the birth of a 7 pound 9 ounce baby boy on October 26. Malcolm Lorne.

Allan Anderson phoned home from Vancouver, B. C. to tell they were the proud parents of a baby girl born on November 26. Congratulations, Allan and Irene.

The Elmer Sitters visited Mr. and Mrs. Neil Ott and boys in Edmonton on Sunday afternoon. We are glad to report Mrs. Ott's health is very much improved after her stay in hospital.

Doris Anderson was hostess to the W.M.F meeting in the church basement on Thursday afternoon. Hymn: "Thou Will I Love, My Strength, My Tower." Scripture Reading read the 46th Psalm for devotion. Gladys Sorensen then gave an introduction to the new Bible study on Mark. Pauline and Berghild Rude volunteered to visit hospital in January. Eighteen members answered the roll call. This was our annual meeting as the department reports gave their reports and our money was allotted to the different projects. Thanksgiving meeting to $34.00 was taken and Hymn 36, "My God, How Wonderful Thou Art," the Lord's Prayer and Table Prayer closed the meeting. Hilder Rude and Doris Anderson served lunch.

Mr. and Mrs. Ivan Fosheng visited Grandma Fosheng at the Leif Fosheng home on Tuesday evening.

Mr. and Mrs. Bill Simonson and family and Mr and Mrs. Leroy Pruesh and boys visited Mr. and Mrs. Axel Rinder on Sunday afternoon.

Mr. and Mrs. Clef Stokhus and Mr. and Mrs. Ivan Fosheng, Richard, Ronnie and Phyllis helped Chad Hansen celebrate his birthday.

Mr. and Mrs. Axel Rindby accompanied Pastor Haugen to Edmonton on Saturday evening where they attended the musical drama, "Land I Believe" in the Jubilee Auditorium.

Jim and Bertha spent the week-end with their folks and on Sunday afternoon Ed Skrypnik was a visitor at Johnson's.

Tuesday evening visitors at Hilden Mann's were Mr. and Mrs. Art Foss, Mr and Mrs. Leif Fosheng, Mr. and Mrs. Leonard Bruce and Ronny and Mr. and Mrs. Lon Crowe. Art Foss spent the week at Hilden Mann's and on Sunday evening Mann's visited the Lee Young family in Tofield.

Mr and Mrs. Raymond Brooks and Ricky were weekend visitors at the Carcoose Rude home

On Sunday afternoon Mr. and Mrs. George Fosheng and girls, Mr. and Mrs. Raymond Brooks and Ricky and Clarence and Mervin Rude visited at the Leif Rindboldt home.

Sympathy is extended to the family of Ray Roth, who passed away in the Tofield Hospital on Friday

On Friday evening, the WCTU entertained the children from Round Hill and Bardo Sunday Schools to a party. These children had all answered the questions in temperance lessons which had been taught the last five Sunday. After playing games and a welcome Mary Flasch, (2nd) WCTU Secretary, presented small prizes to each one of the children and also to the winners in the different classes.

In the Junior Class No. 1, Florie Fosheng got first prize and Bessie Fosheng second. Junior Class No. 2, Alton Olson was first and Linda Campbell second. Senior Class No. 1, Patricia Severson first and Diana Quail second. Senior Class No. 2, Diane Fosheng and Lorna Olson tied for first.

A delicious lunch and ice cream was served and everyone went home happy.

Mrs. Ivan Voss was able to leave the hospital on Monday and is now staying at the home of her son-in-law and daughter, Mr. and Mrs. Ingolf Brekken.

Mr. John Voss and Mr. Ed Hendrickson were dinner guests [illegible] Steven's home on Victoria.

## Diefenbaker urges Safety Week support

When driving on the highways are indifferent to the dangers they meet or create, there can be only one result death to many. More than 8,000 people were killed on the streets and roads of this nation last year, a needless waste of human life. Each of them died chiefly because someone did not do what he knew how to do.

To try to combat indifference, to respond to the perils of the highways, on the part of both motorists and pedestrians, the Canadian Highway Safety Conference is once again sponsoring a nation-wide Safe-Driving Week, December 1 to 7 inclusive. It is the responsibility of every citizen to awaken to the seriousness of such a campaign to reduce the terrible highway toll in Canada.

## Ketchamoot News

Recent visitors with Mr. and Mrs. Chester Combe were Mrs. Riley of Ashmont; Mr. and Mrs. Harry Dieser and girls of Edmonton; Mr. and Mrs Harry Ketchen and family of Radford; Mr. and Mrs Ewald Gebert and family of Edmonton and Mrs. and Mrs. Lars Olsen of Minburn.

Deepest sympathy goes to Mrs Al Williams and family on the recent passing of Mr Al Williams to the Edmonton hospital last week.

Mr. and Mrs. Johnnie Nicholson and family of Edmonton were Sunday visitors with Mr. and Mrs. Jon Ingram. Mrs. Jake Ingram of Edmonton is visiting with her sons Jim and Bill Ingram and their families for a few days.

Mrs. Jim Ingram is a sub teacher at Minnitik for the past two weeks. He is also taking Mrs. Dwyer's place.

Mrs. Kenneth Oliver and Mrs. Andrew Schmaltzhauer left for the coast to attend the wedding of Mr. Arthur Lee.

Mr. and Mrs. Ben Carlisle and family visited with Mr. and Mrs. Ronald Coombs on Saturday evening.

Mr. and Mrs. Eugene Carlisle and family were supper guests on Sunday evening with Mr. and Mrs. Maurice Van Dusklrk at Bora Creek.

Mr. and Mrs. Dave Nichols of Edmonton and Mrs. Dell were Sunday afternoon visitors with Mr. and Mrs. Roy Lee.

Mr. and Mrs. Donnelly McGillis, Floyd and Barbara, Mr. and Mrs. Emery McGillis were recent visitors with Mr. and Mrs. Roy Lee.

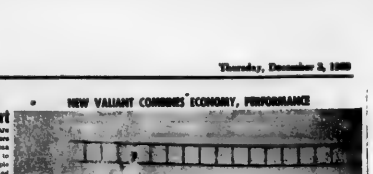
Mrs. Roy Lee visited with Mr. and Mrs. W. Mitchell on Monday afternoon.

## Message from P. M.

"It is the responsibility of every citizen to believe that the lessons of a conscience designed to reduce the horrid highway toll in Canada," declared Prime Minister Diefenbaker in a message supporting Canada's National Safe-Driving Week. The campaign, sponsored by the Canadian Highway Safety Council and actively supported by government, business and industry, is to take place December 1 to 7.

The Prime Minister expressed concern over the indifference of motorists to traffic dangers. Referring to the "needless waste of human life" on the streets and roads, he said, "Each often died chiefly because someone did not do what he knew how to do."

NEW VALIANT COMBINES ECONOMY, PERFORMANCE



Chrysler of Canada's Valiant, an entirely new family-size economy car, unites high performance, operating economy and low initial cost with refreshingly new and different styling. The Valiant features a revolutionary new six-cylinder engine; unibody construction with rustproofing processing that makes it one of the quietest and safest passenger cars on the road. It will be available in two series—the V-100 and V-200. Each series includes a four-door, six-passenger sedan, and a four-door two-seat station wagon. Public introduction for the Valiant will be on November 12 in the Ontario and Quebec zones and on November 20 in Atlantic, Prairie, Alberta and Pacific zones.

"MY BANK" Reporting FOR THE YEAR ENDED OCTOBER 31st, 1959
THE FACTS BEHIND THE FIGURES

WHAT THE B of M HAS TO MEET ITS OBLIGATIONS:

CASH—The B of M has cash in its vaults and money on deposit with the Bank of Canada and other banks amounting to . . . . $ 302,013,975

CHEQUES and other items in transit — representing the net amount of the moneys moving between branches of the Bank and into the B of M from other banks on account of customers' transactions . . . . 197,916,801

INVESTMENTS—The B of M maintains a strong list of current-cash investments in Canadian government bonds which have a ready market. [illegible] Bank's books at amount and value, they are not to . . . . 630,091,733

The B of M has other investments—including a [illegible] list of high-quality short-term bonds. These investments are carried at . . . . 203,[illegible]

CALL LOANS. The B of M has call loans which are fully protected by quickly available investments. These loans amount to . . . . 192,284,782

QUICKLY AVAILABLE RESOURCES. The resources listed above cover 31.6% of all that the B of M owes to the public. These "quick assets" amount to . . . . $1,573,351,276

LOANS. During the year, many millions of dollars have been lent to business and industrial enterprises for production of every kind — to farmers, fishermen, miners, manufacturers and merchants — to citizens in all walks of life, and to Provincial and Municipal Governments and School Districts. These loans amount to . . . . 1,317,107,079

MORTGAGES and hypothecs secured under the National Housing Act, 1954 — representing advances to homebuilders . . . . 227,153,276

BANK BUILDINGS in hamlets, villages, towns and large cities from coast to coast the B of M serves its customers at 550 offices. The value of the buildings owned by the Bank, together with furniture and equipment, is shown on its books at . . . . 47,809,975

OTHER ASSETS. These chiefly represent liabilities of customers for commitments made by the Bank on their behalf, covering foreign and domestic trade transactions . . . . 53,987,907

TOTAL RESOURCES WHICH THE B of M HAS TO MEET ITS OBLIGATIONS . . . . $3,359,693,972

WHAT THE B of M OWES TO OTHERS:

DEPOSITS: While many business firms, manufacturers, merchants, farmers and people in every type of business have substantial deposits with the B of M, well over half of the money on deposit with the Bank is the personal savings of more than two million persons of men. The total of all deposits is . . . . $2,998,398,068

OTHER LIABILITIES. Miscellaneous items, representing sundry commitments undertaken by the Bank for or on behalf of customers in their foreign and domestic trade transactions . . . . 60,134,813

TOTAL OF WHAT THE B of M OWES ITS DEPOSITORS AND OTHERS . . . . $3,058,542,881

TO PAY ALL IT OWES, THE B of M HAS TOTAL RESOURCES, AS SHOWN ON THE LEFT SIDE OF THIS STATEMENT, AMOUNTING TO . . . . 3,359,693,972

WHICH MEANS THAT THE B of M HAS RESOURCES, OVER AND ABOVE WHAT IT OWES, AMOUNTING TO . . . . $ 301,150,711

THIS figure of $201,350,731 is made up of money subscribed by the shareholders and, to some extent, of earnings which have from time to time been plough..d back into the business to broaden the Bank's services and to give added protection for the depositors.

## ROSS CREEK LOCAL NEWS

Greetings folks! This mildest weather will shorten the hard winter about somewhat eh? It is good to get the tedious job in the fields that were fit to be harvested. The mild and changeable weather has had it's best point too — a lot of fallin sick with colds

We were sorry to hear of Mr. Alex Floyd having the misfortune of breaking his ankle and being hospitalized the past while.

Mr Ernie Kofman is hospitalized at this time We wish him a speedy recovery too.

We are glad to hear Diane Kinlenk is home after a stay at the Archer Memorial.

The RCWA will meet at the home of Mrs. Nell Bailey Wednesday, November 2 at 2:30 p.m. A social evening will be held at this special meeting, with the Lamont WA present. We are hoping to see a large turnout

Joseph and Isabel McLachlan spent last Thursday in the city visiting with Joseph's mother, Mrs. Susan McLachlan.

Mrs Annie Kofman had tea with Mrs Isabel McLachlan on Thursday of the past week.

Mr Bruce Powell went by plane to visit his daughter Shirley and her husband Douglas McDonald at Fort Smith for a week. Shirley and Douglas celebrated their second wedding anniversary on the 23rd We wish them many more happy anniversaries.

The past Sunday Bessie and Kenneth Pederson had all the family out from the city. Other visitors for supper were Mrs. Fred Tompkins, Donald and Jim and Mrs. Carl Hurst. Mrs. Ella Rogers returned to her home in Edmonton on Sunday after visiting with Bessie for a week.

Mabel Hamer spent Wednesday night of last week with her parents, the Henry Schaubers. Having an appointment with the dentist on Thursday

Harry and Bessie called in on his folks Bertie and Mary Schauber after taking a patient to Lamont hospital from Edmonton.

Congratulations to Elmer and Loretta Schauber on the arrival of a new son daughter, born on November 27 in Edmonton.

Howard and Nellie Malanka enjoyed a Saturday evening of playing bridge with George and Winnie Melechka.

The Howard Malankas visited Tuesday of last week with Pearl and Florence Malanka.

Max and Doris Schauber and family were supper guests with Doris' folks, the Calmer's on Sunday.

Raymond, Frances and children took Grandpa Melechka to Edmonton Sunday to stay with Archie for a while.

Mrs. Raleigh brother of Edmonton spent a few days visiting son Max and family on the farm.

Johnny Danilchi visited with Kenneth Pederson Monday. We are pleased to report John is feeling better after a week in hospital.

Congratulations go to Mavis and Paul Romaniuk of Chipman on the arrival of their new little daughter on the weekend.

The Walt Koshka's took in the dance and supper held in Chipman Sunday. Joe Zawatski golfing the lucky draw on the banquet.

The big oil bill is the most exciting word around the Creek now, with a goodly number of men working on it at the Park.

How about it, Graham? Almost curling time, eh?

Church and Sunday School at 11:45 a.m. See you in church, folks.

## Agriculture Service Board holds November meeting

The meeting was called to order by the Chairman, Cr. Woodworth, with the following members present: Cr. Olfson, Mr. J. H. Reddick, Mr. A. C. Beiersdorfer, Mr. N. A. Chomik, D. A., Mr. Sam Bayles, Field Supervisor, was also present.

The Chairman now called for the reading of the minutes of the last meeting held on September 30, 1959.

MOVED that the minutes as read be adopted as read. CARRIED.

BUSINESS ARISING FROM THE MINUTES

The Brucelands Campsite was discussed and Ben Bayles advised that this campsite had closed for the season.

The Secretary read the contract that had been settled between Dr. J. E. Robertson and the County Council, and noted the changes between this contract and the previous one.

On-Rai spraying was discussed and Rex Bayles said that 476 cattle had been sprayed. Due to the cold weather a number of farmers could not spray their cattle at this time, who would otherwise have used this service

CORRESPONDENCE

A letter was read from Mr. A. M. Wilson regarding the discontinuing of cleaning seed by elevators where seed cleaning plants exist.

As this did not apply to this County, it was

MOVED that this letter be received and filed. CARRIED

The Secretary read a letter from Mr. W. P. Belshaw, Supervisor, Brucelands Control Program, regarding the erection of skirts on roads leading into Bruderheim Restricted Areas.

MOVED that this letter be referred to the next Agricultural Service Board conference. CARRIED

A letter was read from the Members Seed Cleaning Board inviting the public to a tour of their seed cleaning plant and a meeting on November 26, 1959.

MOVED that this letter be received and filed. CARRIED

The Secretary read a letter from the Secretary of the Agricultural Service Board of the County of Strettler No. 6. He advised that the County of Strettler No. 6 and the Field Services Branch of the Provincial Department of Agriculture are arranging an Agricultural Service Board conference, tentatively set for January 28, 1960.

They request the number of members who wish to attend, and the topics each board wants to discuss.

MOVED that the Secretary and all the members of this Agricultural Service Board attend the above conference, and that the topics we wish to discuss will be:

Erosion Maintenance,
Public Relations with respect to Agricultural Service Boards and Pest control.

CARRIED

NEW BUSINESS

There was considerable discussion in regard to the seed grain situation in this area. The Board was of the opinion that there will be very little grain available for seed in the County of Beaver No. 9 for seeding in the spring of 1960.

The Board was of the opinion that the Provincial Department of Agriculture should give some consideration to assisting the farmers to obtain suitable seed by finding where seed is available and possible assistance in paying the freight on this seed where it cannot be procured locally. CARRIED.

Mr. Hank Chomick advised that he has arranged to hold a plumbing school in Holden on December 14 and 15, 1959. This school is for anyone in the County of Beaver No. 9 who is interested in putting in water works.

Mr. Chomick inquired regard-

(Continued on page 8)

## Service Board holds November meeting

(Continued from page 1)

The Fall Dance and show program was started a fortnight ago and 11 days later the last load was hauled.

Some difficulty was had in getting across where repairs were able to work and farmers had their cattle home.

Chemical spraying was completed in October. 670 head of cattle were sprayed on five farms. A great deal more spraying would have been done if weather would have permitted.

Some interest is shown in an elaborate water-free arena.

Five acres were cleared for planting 1000 holes for coniferous trees. Some holes could not be planted outside the one mile from dwelling limit.

105 pellets were released for coyote control and all unused cyanide guns and shells were returned.

The demonstration of poison cocker poisoning was completed to check the result of fall poisoning.

Several inquiries were received regarding magpie poisoning, and one demonstration was established using poisoned pork rinds.

Four applications for grass were received and approved. Farmers are reminded that trees are still available and that the Board is ready to volunteer is free in fertilizers.

Rex Boyles
Field Supervisor

MOVED that the Field Supervisor's report be accepted and in force and into the minutes of the meeting. CARRIED.

Rex Boyles advised that as far as he was able to tell, the results of the poorer grades of coniferous indicated a much better kill in the spring than in the fall. He estimated that about 50% were destroyed in the spring demonstrations.

As the late Mr. John Sembey was a member of the Agricultural Service Board at one time, it was

MOVED that the Agricultural Service Board send a card of sympathy to Mrs Sembey on the death of her husband. CARRIED.

MOVED that a card of congratulation be sent to C. J. Kallal and Sons on winning the Provincial Breeders' Award and the Premier Exhibitor Award CAR RITY.

As there was no further business

MOVED that the meeting adjourn at 4:30 p.m. until January 27th. CARRITY

## RYLEY and DISTRICT NEWS ITEMS

RYLEY — The United Church W.A. held their monthly meeting and lunch Thursday, November 26. All the members acted as hostesses at this lunch.

The parents of members of the Ryley Badminton club visited the Ryley club on Sunday afternoon November 29. The entire group had lunch at the home of Mrs. Mildred Jacock, afterwards, Mrs Jacock and Mrs Chilliste serving.

The Ryley Senior and Junior High School students put on a very successful program Friday evening, November 27. The program consisted of very good plays and delightful musical selections, both vocal and instrumental. Choral selections, standards and numbers.

Several young people of the district helped Beryl Maureen celebrate his 16th birthday (saturday night, November 28th. They climbed on a nearby slough and then were served a delicious lunch by Mrs. Mazen.

Fritz Mendenhall had the misfortune to break his thumb the other day but it is well on the mend.

Fritz in the Ryley and Holdit districts will be sorry to hear of Mr Joe Krystal's passing after being ill all summer. He and his family lived north of Holdit before moving on Tofield district.

The Ryley Curling club held its re-organization meeting Tuesday evening December 2. The following officers were elected President Dennis Solberg; Vice-President, Walter Kondrashuk; Secretary-Jack Hutton; Executive Committee, Fred Landon, Bill

# Fane Announces - New Post Office For Town of Tofield in 1960

A long-distance phone call this afternoon just as we were about to go to press, from Mr. Frank Fane, MP for this constituency, informs us that Tofield is to receive a new Post Office in 1960. Details as to the size etc. will be announced later. It is understood but not official, that the new building will be constructed on 2 lots just north of the Community Centre.

In our conversation with Mr. Fane during the past year, he had advised the Mercury that he was trying to get Tofield a new and larger Post Office and it was with pleasure that he was able to announce that it will be forthcoming in 1960.

FRANK FANE, MP

## Change in times announced for dispatching of mails

Postmaster Norman Glover has announced a change in mail dispatch service at the local Post Office Mail will now be dispatched at 4:00 p.m. No mail will be sorted after that time. The last baby will remain open until 6 p.m.

Christmas mailing is well under way and Norman had a few suggestions as to how we can help him and his assistants with the Christmas rush. He advises buying all the stamps one needs at the same time and not mailing them, to the local cards together, and enclosing same in another box. He speaks up the cancellation of the stamps as the staff can proceed quickly instead of having to "put them to rights first". Little items, yes, but all a help at the busy season.

## Donnie Hardy wins trophy

The Tofield Junior Gun Club took advantage of the fine was they on Sunday December 6, to complete the finals in the shoot for the North West Utilities Trophy.

Winner of the trophy was Don Hardy with a score of 89 Claude Gallinger placed a close second with 88. Other finalists were Greg Whyte, Luther Lindsay, Ken Widzynowski and Allan Hanley

This was the final shoot for the year.

## Mrs. Hugh Pegrum re-elected president

The Pleasant Hannah of Holy Trinity Women's Auxiliary recently re-elected Mrs. Hugh Pegrum for her second term as president. Other officers taking office were Vice-President, Mrs. Hugh Pegrum; Secretary-Treasurer, Mrs. Lee Pegrum; Dorcas Secretary, Mrs. Dalton Proctor; Literature Secretary, Mrs. Clifford Pegrum; Publicity Secretary, Mrs. Charles Edson; Social Secretary, Mrs. Clifford Pegrum.

Treasurer's report showed all collections met, and a very successful year completed. Members enjoyed their annual Christmas party with refreshments of all

## Accident at Tofield causes death to Coombes infant

On Friday evening while Mrs. Ronald Coombes of the Ketchamont district was backing the car out of the garage at her farm home her little 18 months old daughter ran out and was run over and killed instantly by the car.

Mrs. Coombes was the mother of four children in the family circle by three still to the deceased family sister Jean Ann, brothers Lloyd and Peter and grandparents Mr and Mrs. Chester Chamberlain and Mr. and Mrs. Lars Olsen of Holden.

The funeral was held on Tuesday afternoon at the Tofield United Church with Rev. Dr. Blake officiating. Pallbearers were Jim Widzynowski, Bill Widzynowski, Ken Widzynowski and Allan Hanley.

Interment was in the Tofield cemetery.

## Christmas Tree Saturday, Dec. 19

A Christmas tree will be held in the Tofield Community Centre on Saturday, December 19 starting at 2:00 p.m. All children 12 years old and under are invited to attend. The Christmas Tree is sponsored by the Tofield Branch of the Canadian Legion. The children will see a free show and Christmas treats will be given out.

In past years there this event was for children of Legion members only but this year it was felt that every should be for all children. So this came on and be the guests of the Tofield Legion on Saturday, the 19th

## Annual Christmas Music Festival to be held Thursday, December 17

The annual Christmas Music Festival sponsored by the Tofield Community League will be held this coming Thursday evening, December 17, at 8:00 in the Tofield Community Centre.

Taking part in the evening's program will be seven church choirs from Tofield and district. The choirs taking part are as follows:

Mennonite Brethren Church — Choir, conducted by Mr. Dick Thiessen, 16 voices: "Tell Me His Name Again"; "The Story of Love Was Born."

Tofield Choral Group, conducted by Bruce Schneider, Jr., 26 voices: "The Sleep of the Holy Child, "And So The Star Is Born."

Hardy Ladies' Chorus, conducted by Mrs. Gladys Severson, 14 voices: "Hark! What Mean Those Holy Voices", "Sleep, Child Divine."

## Don Hardy elected President of Tofield Legion

At the regular meeting on December 1, the annual election of officers for the Tofield Branch of the Canadian Legion took place. After 14 years of very faithful service, Dick Meister declined to stand down and Don Hardy was elected to replace him as president.

## 14 men's risks to curl here

There are 14 local rinks ready to go to the local curling club as soon as the ice is ready. Ironically enough, reports that about ten days of colder weather is all that is needed.

Following is a list of skips and the names of their teams

The ladies will be busy again here as there is usually a full day.

Rinks and skips are as follows: A. Francis to Plevna, V. Hone to Holden, W. Severson, J. Fisher to Plevna, J. Mieras, G. McFarlane, Tofield, G. Nolan, Tofield, J. Bracht, J. Moore, G. Hansen, L. Hughes, C. Nolan, G. Allan, Tofield, D. Donald, Tofield, C. Kristall, Bracht, J. Bracht, G. D. McKenzie, A. Wales, B. Hunt, Tofield, Bracht, R. Bracht, Tofield, Warren, Jerome W. Moss, P. Kerr, J. E. Evans, A. Phillips, Lee, L. Nolan, W. Pine, A. M. Severson, E. Paul, W. A. Sutherland, D. Mrs. Severson, Co. Paterson, W. Kinvold, Fisher to J. White, M. MacPhail, H. Hanley, Severson

## Lions Club sets fees for skating for coming winter

At the Lions Club meeting on Tuesday evening, it was reported that $10.50 had been turned over to the C.N.I.B.

A report of the Friendship Club indicated that all enjoyed themselves and the final night would be held in the Legion Hall

If be weather holds rink fees should be ready in about a week Season tickets for skating are available as follows: 13 and under, $2.50; single, $2.00, adults, $5.00 and family tickets, $5. Children under school age will not be required to have a ticket. Individual rates for each night skating will be 10c, 15c and 25c. Non-profit organizations who wish to reserve the rink for an evening will be charged a $2.00 reservation fee.

Plans are being made to have music available for skating

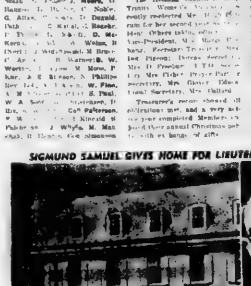
## Beef cattle industry future held promising

Claude Gallinger was host at a annual Kilberry dinner in the Methodist Hall Tofield, on Monday evening.

Mr. Gallinger, who is the founder of the Kilburn herd of registered Shorthorns which has won continental prominence, was congratulated by Premier Manning on the occasion of the 50th anniversary of the herd's arrival in the city to enter business.

T.V. Devlin of Winnipeg, chairman, shortened some of the Shorthorn records of Kilburn stock on the eve of the annual Kilburn sale at the exhibition grounds Tuesday afternoon. He said that in 12 previous auctions, 286 registered bulls and 6 for an average of $1,095 which mark for an individual breeder of registered cattle

A telegram of congratulations on Mr. Gallinger's diamond jubilee was received from Arnold Short, president of the Bank of Montreal and former Edmonton banker. Mr Hart said that Mr Gallinger could be justly proud of the tremendous improvement achieved by the Shorth ers breed in the country and in particular in the province where he was one of the pioneers in the business. Mr Gallinger's services to the Saskatchewan Provincial Exhibition as a director of the Shorthorn Breeders Association



SIGMUND SAMUEL GIVES HOME FOR LIEUTENANT-GOVERNOR

For the first time since 1837, Ontario now has an official lieutenant-governor's residence. Premier Frost announced one of his best bags secrets when he revealed philanthropist Dr Sigmund Samuel, right, had three years ago given his Georgian white stone mansion as an official residence for future lieutenant-governors. The gift of the mansion, left valued around $100 000 was made unconditional. One of the showplace houses of Toronto, the Samuel home has 50 rooms

## Hypnosis helps kid

Despite the ordeal of a five-hour heart operation at Winnipeg, Manitoba, Jackie, 13, smiles at suggestion of a doctor. Hypnosis was used as well as normal anesthesia to help the patient relax before and after the operation and also helps to reduce pain caused by tension.

## Annual Christmas Music Festival to be held Thursday, December 17

(Continued from page 1)

Tofield United Church Junior Choir, conducted by Mrs. G. E. McEachern, 10 voices: "A Christmas Carol", "When An Angel Host Entoned."

Tofield United Church Intermediate Choir, conducted by Mrs. G. H. McEachern: "I Heard The Bells on Christmas Day."

Salem Mennonite Church, conducted by Orvin W. Boettger, 20 voices: "The Lord Shall Comfort Zion," "As Lately We Watched," St. Francis of Assisi Junior Choir, conducted by Mrs. H. L. Watson.

Another feature of the program will be community singing of the well-loved Christmas carols

If past performances are an indication of what the program will be like, everyone can look forward to a memorable prelude to Christmas. Plan now to attend the musical feature of the year

## Ketchamont News Items

KETCHAMONT — A gloom fell over the district on Friday afternoon when they learned of the accidental death of little Lisa Coombes, seventeen month old daughter of Mr. and Mrs. Ronald Coombes, and grandniece of Mr. and Mrs. Chester Coombes and Mr. and Mrs. Lars Olsen. Sympathy goes out to her bereaved parents, & sister Janice and two brothers, Randy and Jerry and her grandparents and all the relatives

—o—

On Sunday, Mr. and Mrs. Herman Lawson and Wayne attended the christening service of Cheryl Lynn, daughter of Mr. and Mrs. Elmer Douglas at Edmonton. After they attended a family dinner at the Cloverleaf

—o—

Lorraine Lee and friend Janet MacMillan of Edmonton spent Sunday at the Lorne Lee home

—o—

Mr Lorne Lee was a guest at the Shorthorn reception and dinner put on by Mr Claude Gallinger of the tremendous improvement achieved by the Shorth ers breed in the country and in particular in the province where he was one of the pioneers in the business. Mr Gallinger's services to the Saskatchewan Provincial Exhibition as a director of the Shorthorn Breeders Association

## Letter to the Editor

The Editor,
Tofield Mercury
Dear Sir

For the past few years I have appealed at Christmas time for money to purchase food hampers and toys for needy families in the district, and I do so again this year confident that your readers will respond as they have in the past.

We are fortunate to live in a country where there is no starvation and very little hardship

— there are a num-

ber —

**Take the chore girt apart and wrap it around the lamp globe. The globe is then placed over the candle. Arrange the greens around the globe. The Christmas tree balls are then placed on the greens around the globe and candle. Holly pins or cedar boughs would be suitable for this centrepiece. The candle can be ...**

**ROSE BOWL CENTREPIECE**

**The materials required for this attractive decoration are two candles, a large rose or fish bowl a few evergreen boughs, and some ... tinsel-colored Christmas ...**

## Hastings Lake

The Christmas Concert will be held at the hall, Saturday evening, December 19. We are looking forward to the happy time we have as a rule.

The ladies' Club has sent on the following donations for the year: Retarded Children, $10; Indigent Children, $10; Red Cross $5; CNIB, $5; TB, $5; Cancer Society $5; Salvation Army $5; St. Joseph Hospital $5; Fellowship Fund $5; and $50 was sent to help friends that lost their home in a fire.

The next club meeting will be in the home of Mrs Rowland on December 17.

The Hall Board, with the help of the ladies' Club, has just purchased a piano. This will indeed be a great help to our hall and to the district.

The Social Credit Group will ... the meeting this week in the home of Mr. and Mrs. R. Scott.

## Lindbrook News

The Lindbrook Hall Associa ... tion would like to make this announcement to those who requested our bingos and dates during the past year.

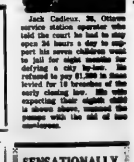
We would like to announce a hearty invitation to the parents and children of our Christmas Bingos to be held December 12. There will be two free games for the children plus a Christmas treat. For the adults: Since the prizes will be on a holiday theme the jackpot will be an ... on-needed turkey, and the free adult bingo a box of Jap oranges. Everyone is welcome.

We would like to thank Lind ... brook store for their part in making our last bingos a success.

We wish the editor and staff of the Tofield Mercury every success for the coming year and our sincere thank, for their kind co-operation in the past.

Complimentary of the season ... one and all.

## MAN JAILED



Jack Cadieux, 38, Ottawa service station operator who told the court he had to stay open 24 hours a day to support his seven children was to jail for eight months after defying a city by-law. He refused to pay $1,200 in fines levied for 18 breaches of the early closing law. The sign expecting Dinner sighed sign is shown above, restored the pumps with the aid of his customers.

**LACOMBE BOARS FOR SALE**

Swine Producers interested in a Lacombe boar are advised that 25 to 30 are available through the Swine Improvement Policy. These boars were born in March and would weigh from 350 to 400 lbs. They are priced at $100.00 each with eligible applicants entitled to $10.00 bonus under this policy. No charge is applicant will be made for transportation, the Dept. of Agriculture absorbing transportation charges.

Interested persons can place their application with your District Agriculturist. Contact this office without delay if interested.

**FEED ANALYSIS**

Farmers interested in making an analysis of feed grain and/or roughage fed to their livestock can obtain information sheets and suitable containers for submitting samples through this office. A feed analysis gives Protein, moisture and fibre found present in your feed. In addition, amount of Vitamin A in feed can also be determined. The fee for a feed analysis is $1.00. Feed analysis will help you to determine what is lacking and supply you with information as to what supplements if any you require to feed your livestock.

**BEWARE OF GRAIN TOXEMIA**

The Provincial Veterinary Laboratory reports numerous losses of cattle due to grain toxemia. Cattle in Tofield, Camrose, Vermilion, Lacombe, Ponoka, Stettler, Wetaskiwin, Leduc, Wainwright, Vegreville, Vermilion, Lloydminster, Edmonton, Fort Saskatchewan, Stony Plain, Spruce Grove, Drumheller, Hanna, Oyen, Consort, Castor, Coronation, Provost, Wainwright, Viking, Daysland, Camrose, Wetaskiwin, Leduc

## RYLEY NEWS

## Funeral Services held recently for Roy Christian Roth of Ryley

Roy Christian Roth son of Mr. and Mrs. Martin Roth, was born October 1, 1969 at Mitford Sobeski, and Leonard Kingl of Edmonton. Preceding him a death were his parents and one brother Melvin of Wellman, Iowa.

He accepted Christ in his youth and was a faithful member of the Mennonite Church at the time of his passing.

In 1956 he moved from the farm to Ryley where he operated the Alberta Poultry Hatcheries egg station.

Roy had a very pleasant disposition and loved to spend time visiting with friends and neighbors. Many of us appreciated the hospitality we enjoyed in his home. He will be deeply missed in his home, church and community.

Funeral services were conducted by Rev. Ted Gamble and Bishop J.B Scaffer. Special music was rendered by the Mennonite choir.

Pallbearers were Mr Seth's nephews, John Heinaker, Mr. James Stauffer, Mr. Burl Lehman, Mr Marvin Lehman, Mr. Harley Lehman, and Mr Leroy Lehman.

Hertzfeld Funeral Home was in charge of funeral arrangements.

**FLORAL TRIBUTES:**

All ladies in the County of Beaver are welcome and specially invited to attend.

# Take These 6 Steps To Home Safety!!!

## A Check of Your Gas Appliances and Heating System May Avert an Accident.

SIX STEPS TO SAFETY

Take time NOW to review the following SIX important points so you will KNOW that your home is SAFE. If you do not pay proper attention to the care and maintenance of your heating equipment, and home gas venting, tragedy can strike. Dangers increase during the cold weather — so make YOUR home safe . . . for the holiday season ahead . . . and for the rest of the winter!

1. CHECK YOUR CHIMNEY: Loose mortar and other debris may accumulate at the base of a chimney obstructing the flue passage of the products of combustion. Animals and birds frequently construct nests in chimneys and vents. They may have been grilled from the appliance or flue.

2. CHECK ALL VENTING PIPES: Take a pair of bell chain (it pulls steel to vent gas appliances. Make sure they are not disconnected or damaged.

3. DON'T SMOKE GAS APPLIANCES. Older style vents and flues are required to be vented should not be used to heat a room. Get a proper heater designed for the purpose.

4. BE ALERT TO THE DANGERS SIGNALS: Smarting of the eyes, headaches, nausea and yellowed colors are indicators of flames in your home. It is required that appliances be vented to the outside atmosphere, and we urge you to make the above safety check in your own home so that you can continue to enjoy Natural Gas with Safety.

5. DON'T LEAVE VENTS UNCLEANED. Don't take chances. Don't allow or tamper with the piping or flue. Don't attempt to repair any trouble spots yourself. Call your local plumber, Domestic or gasfitter — he is qualified to do a proper repair job.

6. FIRES ARE DANGEROUS. If there is a source of flame or fire in your home, but could start a fire, you are playing with fire and not keep your home "safe" and your family secure. Be you, too, must flee.

It's new Ford Falcon day!
When you wish upon a car . . . and that car's a new Ford Falcon, all the practical, economical, beautiful things you wish for will come true. Lots of leg and head room, with unusual visibility. Honest comfort for six adults. Wide-opening doors, foam-cushioned front seats and 23 cubic feet of rear trunk space!
The Falcon's lively 90 hp Six averages just
feel of a much larger car. Yet the handy dimensions make it a joy to handle in traffic. Squeaks and rattles have nowhere to start in the Falcon's single-unit construction. Critical areas on the underside are zinc-coated to prevent rusting. And front fenders are removable for easy replacement.
Don't wish—walk in to your Ford Dealer's.

ANOTHER SEED CLEANING PLANT OPENED

The 10th Municipal Seed Cleaning Plant has recently been completed at Bashaw and cleaning up operations commenced immediately Supervisors of Special Projects F. S. Goddard reports that during this last summer new plants were constructed at Bashaw Nanton Carmangay Okotoks and Innisfail These five new additions make in total 24 plants now in Alberta largely dependent upon the patronage from farmers

The plants are equipped to clean from 1500 to 800 bushels of seed per day on a three-shift basis However in actual practice the three shifts are usually not necessary until later in spring at which time most plants are crowded to capacity and cannot offer the services that is required of them It is very important that the seed cleaning season start early so that the grain can be cleaned rather than delay operations and then have power trouble during busy time Some plants have cleaning over 100,000 bushels each It can be expected, there-

WINTERIZE YOUR COW

Cows are more complained than cars and should be readied for winter By the best season of highest feed and labor costs and a drop in milk production is difficult to build up again "Take a careful inventory of the herd" suggests R. P. Dixon Supervisor of Dairy Cattle Improvement at the Department of Agriculture "Cull out animals that are unsuitable or diseased or are no longer produce profitably Even though a farmer may have milked his herd and grain only cows that will produce at relatively high level during the next six months will make a satisfactory return."

Many new heifers will be coming into the milking string at this time of year Most time-settlers have feeling that cows with the dairy Cattle Improvement Association do not become boarders It is good practice to get them in with the milking herd from the start Take time to get acquainted with the new animals Milk quietly and gently when it is necessary to milk them Don't shout at them or beat them Quietness is the keynote of success in handling cows Be regular in your feeding and milking Don't stop to visit with neighbors when you are milking Cows like to be milked by the same person at the same time each day

SEED GRAIN LISTINGS

Any farmers that have grain suitable for seed for sale are encouraged to let it with the office It appears almost certain that a good grain shortage will exist next spring, particularly coarse grains We would also like to know the germination test on each grain being listed

Miss Shirley Kandt had the misfortune to injure her foot in [illegible] on Saturday. We understand it is in a cast at present.

Mrs P Bodtkin is in Tofield hospital for a few days

## MINISTIK NEWS

MINISTIK Mrs A Whitford was hostess when the Ladies club held their annual Christmas party at her home on Wednesday, December 9th. Entertainment for the afternoon was supplied by each lady of the club doing their bit Mrs Ben Bowerman played Santa Claus for the gift exchange. A delicious lunch was served and dixie cups, a gift of Mrs A. Ferguson were very much enjoyed.

The Athletic club held a whist drive and bingo and report a fairly good crowd.

Mr Art Rose and son Alex of new Edmonton shoppers one day last week. Baba kept the home fires burning.

Mr and Mrs Neil Waters and boys spent the week end in Edmonton.

We are glad to see Joe Davenport home from the Tofield hospital.

Mr and Mrs Steve Hillis and Mrs Sarah Waters were Sunday guests at the Russell Rowland home

There was a very good turn out at church on Sunday when Mr. Blake Anderson took the service.

On Sunday, December 20 Mr Jack Lakevich will also assist us with us.

Mr and Mrs Peder Bowerman spent a week at the Ben Bowerman home before returning to their home in Alberta, where Baba has been located for the winter months.

Mr M P Cordingley of Bodtkin Alberta spent Sunday with her mother and dad Mr and Mrs Ben Bowerman She was accompanied by her two daughters of Edmonton. Mrs Ralph Griffith and Mrs Dorothy Fraser.

Mr and Mrs A. Holmes baby sat on Saturday evening while Jimmie and Debbie Holmes trip ped the light fantastic at the Lakeview Pavilion.

Mrs Paul Stepanow was a guest for a week at the home of her mother and dad and brothers, the Tom Jones family.

Mr and Mrs Bob Barber and Sherry, Gordon Thor and Norman Pearley visited at the Alec Fowler home on Sunday.

Residents of Ministik are going to have the privilege of having Church services on Christmas eve. This will be a candle light service and will be conducted by Mr and Mrs Howard Munro. This we are looking forward to. The time will be 8 p.m.

As Christmas is approaching we would like to take this opportunity of wishing our friends far and [illegible] be it in Ministik, Winnifred, Washington or in the many parts of British Columbia, a Very Merry Christmas and a Prosperous New Year.

A very Merry Christmas and Prosperous New Year is extended to the Editor and staff of the Tofield Mercury and continued good printing for 1960.

## School Christmas Concert enjoyed at Tofield School

The annual school Christmas concert was held on Tuesday under the chairmanship of Mr R Garrett, [illegible]

This year, the concert was presented by the pupils in Grades three, six and nine.

Mr. Poulsen's Grade nine charm presented a group of Christmas carols to open the program. This was followed by Miss E. Bowra's class whose play, "The Waiting Room" was a comedy of mistaken identities.

From Grade three came the square dance then given by Miss Brown's class. An octet under the direction of Mr Purdher, was followed by the play "The Truth-Telling Machine", a comedy presented by Mr. Lamgitt's Grade nine This featured a novel machine which always told the truth, how ever embarrassing it might be Mr. Kaufman's class in smart uniforms gave two rhythm band selections and the program was closed by carols from Mr Dueiher's class.

During the session, Mr. Harris, principal of the Tofield school, called on Mrs. Conrad Patterson as representative of the WATCH, to present the scholarship given annually to the student obtaining the highest mark in Grade nine in the June examinations. This year, Carolyn Burton and Linda Hollands were tied for highest marks and so the scholarship was divided between them.

## Infant child laid to rest

OBITUARY

Randall Scott Hyster, son of Melvin and Vivian Hyster, was born Nov. 15th, 1959 and departed this life, after a brief illness on [illegible] Alberta, Canada, at the age of 1 months and 28 days

In addition to his parents, Randy leaves to mourn his departure, four grandparents, Mr and Mrs John Lee of Edmonton, Alberta, and Mr and Mrs. R. E. Hyster, Watford, Florida, as well as a host of other relatives and friends. Randy was a sweet baby whose stay on earth was all too short, some souls win the affection of many

Certainly pleased God to [illegible] this brief stay in his earthly home in order that he might bring a ray of sunshine to those who knew him so intimately in his own small way, as Randy rested upon the picture of [illegible] and many [illegible] words, who Christ said, "Suffer little children to come unto me, and forbid them not, for of such is the Kingdom of God."

## Men's curling League underway

Men's curling league under way Tuesday night after a long wait because of the warm weather Ed casings is the draw for next week

On Monday, December 21 at 8 p.m. Dawson plays McFadzean, Simon plays Smith, Sadler plays Kelly, Cross plays Mr. Peck, Lloyd plays Widynowski plays Worton 30th rink plays Pike and Hall meets Patterson, Wednesday, the 30th, also at 8 p.m. White meets Frederickson plays Allen and Moore fights it out with McKerman

## Showing at the Tofield Theatre

[illegible] Tofield Co-operative [illegible] Christmas night [illegible] Saturday, December 19th [illegible] story about [illegible] packed house [illegible] Jack-pot will be worth $70.00

[illegible] Sunday night, January 3 and January 4 will be [illegible] starring John Wayne

## Tofield attractive for Christmas

[illegible] Tofield is looking its best for the Christmas season. [illegible] with lights and many [illegible] north of every main [illegible] of the town have not yet taken time some evening to drive around and look at the sights. So now you do so between Christmas and New [illegible]

## No Paper next week

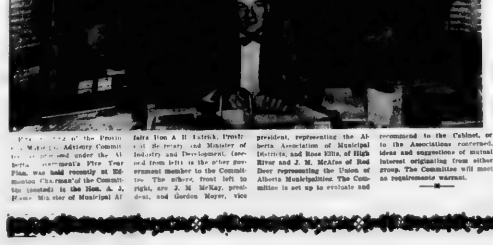
As has been the custom in years past, there will be no paper [illegible] between Christmas and New Years. The next paper will be out January 7. However [illegible] out as soon every day [illegible] the holidays. Merry Christmas everyone

## AROUND TOWN

Mr. Ed Rose was the winner of the $100 raffled off at the Theatre Saturday night.

Mrs F. L. Jefferson left Tuesday for Saskatoon to spend Christmas with relatives. Mr. Jefferson plans to leave Thursday night

## "Silent Night, Holy Night . . ."



From left to right, Hon. A. H. Ludwig, Provincial Secretary and Minister of Industry and Development, [illegible] Hon. A. R. Patrick, Provincial Secretary and Minister of Industry and Development, (second from left) is the only government member to the Committee. The others, front left to right, are J. M. McKay, president, representing the Alberta Association of Municipal Districts, and Ross Ellis, of High River and J. M. McAfee of Red Deer representing the Union of Alberta Municipalities. The Committee is set up to evaluate and recommend to the Cabinet, on to the Associations concerned, ideas and suggestions of mutual interest originating from either group. The Committee will meet as requirements warrant.

## Community Hall completely filled for annual Carol Festival

Last Thursday evening the Tofield Community Hall was filled to capacity for the annual Community League-sponsored Christmas Carol Festival.

Items on the program were introduced by the Rev. Sydney Hall. Eight choirs took part, representing the various churches in the district.

Everyone participated in the community singing of the well-loved Christmas Carols, led by Mr. Henry Schroeder, assisted by Mrs. George McFadzean at the piano.

The choirs taking part were: Menzanzie Brethren Church Choir conducted by Mr. Dick Thiessen, in voices: "Tell Me His Name Again," "When The Lord of Love Was Born."

Tofield Choral Group, conducted by Henry Schroeder, Jr., 35 voices: "The Story of the Holy Child," "Where is He That is Born."

Bardo Ladies' Chorus, conducted by Mrs. Gladys Severson, 14 voices: "Hark! What Mean Those Holy Voices", "Sleep Child Jesus"

St. Francis of Assisi Junior Choir, conducted by Mrs. St. L. Watson.

The program was taped for Camrose Radio Station, courtesy of Watson (Tofield) Ltd and was broadcast over CFCW at 1:30 Wednesday afternoon.

## District enjoys warm weather in December

After the cold wet fall the weather man has gone all out to make up for it this December by giving us mild weather. Reports are coming in every day of combining and threshing still going on Up until this past week the carriers have been held up on the back of the [illegible] drivers have been [illegible] almost every day. Although thousands of dollars worth of grain is still to be harvested, and will not be harvested until after the official shortage of feed which was evident in the first snow storm has eased as most have been able to get sufficient feed for their cattle

## Community League Annual meeting January 5

The Tofield Community League annual meeting and pot luck supper will be held on Tuesday, January 5 1960 at the Community Centre. Everyone in the district is invited and president Norman Glover asks that every lady in the town and district invite that her husband take her out that night. Elections of the evening will be the election of officers for the coming year and a guest speaker is being arranged for. Remember Tuesday night, January 5, 1960 everyone in the district will be on hand at 8:30 for this event and the executive request that each person brings his or her own dishes.

## County of Beaver Schools to try teaching by Television for one course

The Alberta Department of Education in cooperation with Television Station CFRN-TV is presenting a two-week series of Grade VIII Science programs — "Magnetism and Electricity". This series will parallel the National Series of Educational telecasts but will be heard only from CFRN-TV on Thursdays from 10:00 to 10:20 a.m. beginning January 14

This is the first time in Alberta we have attempted a number of so-called television lessons designed to test the modern use of [illegible] supplementing classroom instruction in a single subject The television series will attempt to present the complete section in the Grade VIII Science course dealing with "Magnetism and Electricity. The lessons will be taught by a television teacher who will use a variety of techniques suitable to television instruction including the use of films (filmstrips, double charts, simple animation equipment and machinery

Grade VIII classes in Tofield Hyde, Holden, Bruce and Viking will watch the programs. Parents are invited to watch these programs at home and invite for themselves the value of this type of supplemental teaching

The following is a suggested outline for ten television lessons to originate at CFRN-TV and to be broadcast each Thursday morning from 10:00 to 10:20 between January 14, 1960 and March 17, 1960. The series will take the complete unit Electricity and Magnetism — in the new Grade VIII program of Studies and teach is as effectively as possible.

The objectives of the series will be:

1. to demonstrate to the teacher in the classroom methods, procedures and devices which might be used in the teaching of science in the Junior High School

2. to bring to the students pictorial and graphic materials not obtainable or too costly to [illegible] able to the classroom teacher

The setting will simulate a science room in a Junior High School and will illustrate what can be done to equip and "dress up" such a room to provide the material and atmosphere for the effective study of science

The format of the lessons will be in part at least the teacher classroom situation The television teacher will have with him one or two students (not more than three) who will perform experiments, answer questions and assist the television teacher to create the classroom atmosphere

The following is a suggested pattern of lessons based on Chapters 2, 3 and 7 of Science Activities, Book 2, the new authorized text for Junior High Schools Science

Lesson 1 — January 14 — What is Magnetism?, Lesson 2 — January 21 — Electricity at Rest; Lesson 3 — January 28 — Practical Use of Electromagnets; Lesson 4 — February 4 — Electricity in Motion, Lesson 5 — February 11 — Generators and Motors; Lesson 6 — February 18 — Power Plants; Lesson 7 — February 25 — Electricity to the Home; Lesson 8 — March 3 — Home Appliances; Lesson 9 — March 10 — Radio and Television; Lesson 10 — March 17 — Review.

## Local girl becomes director of Institute

JOSEPHINE FRANCIS.

a graduate of Bowan Bible College, Calgary, and International Child Evangelism Institute, [illegible] Josephine Francis, daughter of Mr and Mrs. Jim Francis of Tofield, has recently become a Director in the Child Evangelism Fellowship of Ontario. Miss Francis, Director of Western Ontario, has her headquarters in Bellville Ontario.

# The Message of Christmas

[illegible] John 10 10

I was reminded of a story to which a minister was loved about [illegible] a large department store [illegible] he was looking around he noticed a diamond Nativity scene. He approached the manager and asked "Why did you not use that scene rather than all the other gay tinsel lights and so on." The manager replied "It is not so attractive it's more or less out of date. The minister said with a sigh, "It is too bad that you have crowded Christ out of your Christmas."

We too crowd Christ out by making Christmas too commercial and by decorations and a money circle!

May we crown Him and no crowd Him out at this Christmas season. — Rev. A. Beagle

And it is our Christmas wish for you that every holiday joy will come your way, to be followed by a glorious New Year.

**BROWN'S TOFIELD TRANSPORT**

# History of the Tofield Ladies Aid Union

This information was compiled by Mrs. Ethel Wood, from the original minute book of the Union Ladies' Aid.

The minute book of the Tofield Union Ladies Aid, now in the United Church Archives in the mention status that on Thursday, January 29, 1914, a meeting was held to organize a union ladies' aid society to raise funds for the Tofield Union Meeting House. The ladies present were Mrs. J. W. Cookson, Mrs. L. H. Harriman, Miss Ada Cookson (who was elected president, vice-president and secretary, respectively), Mrs. J. O. Letourneau, Mrs. Richter, Lily Richter, Cora Richter Mrs. L. Harriman, Mrs. M. Coe-Cudley, Mrs. William Wood, Mrs. J. C. Philips, Miss A. Sharp, Mrs. Harry Neal, Mrs. D. Francis, Miss G. Francis, Mrs. J. H. Tofield, Miss May Williams, Mrs. Felix Paradis, Miss Lena Whitman, Miss Clara Thornley and Mrs. George Cudley.

Annual membership fee was set at 25 cents. At the first regular meeting at Mrs. Richter's in February it was decided to offer to the church people of Tofield "for the purpose of retaining it as a Union Meeting House to be used by all denominations the offer to be made at the school meeting."

Their next meeting at Mrs. Harriman's new residence was made for holding their first "social" on March 29 at 7:30 with admission of 15 cents for adults, 10 cents for children from 8 to 14 years. The financial return from this enterprise was $9.65. This included the returns from a sale of cakes.

In the minutes of the May meeting we find it written that "we should spend our time at our meetings on sewing or useful needlework." That day, too, plans were completed for the first Ladies' Aid Booth on the sports grounds on July 1, where they planned to "serve meals and light refreshments." Provisions except fruit, were to be purchased in Edmonton on credit.

Some of the money from this effort was spent on cups, saucers, and spoons for use at socials, and for materials to be made into dinner aprons and to renovate the old school house. The building was plastered with lath, both inside and out, and whitewashed inside by Mr. Lewis Pinkham for $7.00 and afterwards scrubbed and cleaned by Miss G. Furnace for $2.00. Lumber at socials were served in paper bags. The members of the Ladies' Aid found it necessary, as the ladies of the Community League still do, on snow nights, to puncture each bag in advance to forestall a noisy evening.

Prizes for some of the materials purchased by the Aid were: White cotton at 15 cents a yard, Turkey red cotton at 19½ cents a yard, 6 spools of thread for 25 cents. The bazaar articles were good on credit, a months time being allowed for payment.

In October that year, the ladies bought a pig from Mrs. J. Osch son for $2.60. The pig was sold in 1906 for $7.60, having been kept with the Cookson pigs ready for market.

The candy left over from July 1 booth was given to the [illegible] the following Christmas, two dozen chairs and a table were purchased for the meeting room as well as wool for comforters and yarn for mittens.

In January, 1906, they started built a red and white quilt and raised enough money to pay for it, delivered by Mrs. Richter for $1.

The audit of the book for the first year showed total receipts of $177.25 with expenditure $160.10. Each of the student ministers of the Presbyterian and Methodist churches received $1.00 from the Aid.

Miss Wood was the first regular caretaker of the meeting house. She was followed by Norah Ladner. Both were paid at the rate of 15 cents per week for building the fire, sweeping, dusting and tidying up.

The largest expenditure in 1906 was for an organ. One member made a cover for it; another made a leather dresser for stacking the instrumen

The members [illegible] Ladies' Aid enabled [illegible] ment to "keep [illegible] when Jeremy Glue's home was destroyed by fire." It was given a donation towards replacement. Another time a girl was hired and paid for by a few members.

By 1906, various denominations were beginning to establish churches in the district. The Methodist parsonage and the Presbyterian manse each received $50 for furnishings from the Ladies' Aid.

In 1907, $1.00 was donated each of the above churches. Mr. A. J. H McCauley's audit of the books for that year showed that the Ladies' Aid had raised $642.65.

They decided to divide their goods and possessions equally between the two churches e.g. the curtains to one church, tablecloths dresser to another etc. From then on, each church congregation was large enough to have its own group of workers.

Thursday operations in the district are practically all over. Wednesday and brought Edna's pleasant but continuing in still weather. Mrs. Bailey's back will be in fine weather permitting him to spend the winter here

Welcome back to the district

Mrs. Wood went to Holden on Grandma

# A Christmas Meditation

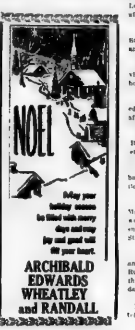
"No Room At The Inn"

The Christmas story is a perfect illustration of the truth of Isaiah's words, "My thoughts are not your thoughts neither are my ways your ways saith the Lord."

We might have expected that when God's son came to earth He would have been born in a palace. Surely the King of Heaven could with justice have demanded that Herod vacate his palace or that an even finer one be built. Instead He was of humble folk and with no exemption sought for Mary from the decree of Caesar. So it was that the uncomfortable journey had to be made to Bethlehem. Late arrival found that all accommodation was taken. When the words were spoken "No Room at the Inn" we might have thought that, again justly, room might have been demanded. Friends might even have been willing to surrender a room for the mother of God's son.

But no such request was made, such is the lowliness of God. The same meekness characterized its earthly life of Jesus of Nazareth

Christmas provides us with another opportunity to learn the great truth about the nature of God. The world needs to desperately know and to repeat it with wisdom. But the revelation of God is the strength of God because it is the strength of love — love come down at Christmas. Love all lowly, love divine Love come down at Christmas Star and Angels gave the glad Roy Manwaring



Dressy separates get together to form a youthful evening costume for resort or holiday wear. The top is of black piqua and the white silk serge skirt is cut on bell lines with two large black buttons in front. The boxed sash provides a fine dash of color, in red taffeta. Black satin with white continues to be in much in demand as ever for the resort season just ahead.

## ROSS CREEK NEWS

[illegible] Congratulations to all [illegible] on [illegible] and [illegible] May your Christmas be merry and your New Year full of happiness and health. Those wishes go to all the folks receiving the Mercury. Also to Mr. and Mrs. Pat Lemieux and staff.

Congratulations and best wishes go to Mabel and Ruby Decker on the arrival of their new little son recently. Iris Ellam visited with Ruby on Sunday.

The Malcolm families had a family reunion at the home of Mr. and Mrs. Bob Perrois at Sherwood Park.

Mr. and Mrs. Earl Peters of Drayton Valley spent a week with the Howard Malcolm family the past Sunday.

Last Tuesday evening Bessie and Ken Pederson enjoyed a card party. Mr. and Mrs. Peter [illegible] and Lee.

Lunch was served by the Farmers [illegible] at Sundare on the week [illegible] Mrs. Joe Hackett, George McLachlan and Jimmy Hesketh. Congratulations [illegible] Mrs. Joe Hackett on the [illegible] Grand Challenge [illegible] Time to go on the [illegible] Happy dating out, Jessie [illegible] Johnny.

Miss Gwenyth Brooks was home Sunday helping her mother do some baking for Christmas. Her partner, Mrs. Nick Kwiblia, is not feeling too well. We hope she is in better health now.

The big event of the year for the children is their Christmas tree and concert Tuesday afternoon at the Chipman school. We miss those good old days, when the Christmas trees were held in all the schools in the evenings. (Times these days are just gone).

It was good to see Wyman Osborne out to the Christmas service. Sorry more hadn't heard the wonderful and inspiring sermon given by Rev. Monte Church and Sunday School will resume at the usual hour, 2:45 p.m.

The Ross Creek Women's Association will have their potluck supper for all the families at the Church Wednesday evening. We hope the weather continues on as it is.

Mr. and Mrs. Ted Eisenman of Mud Lake visited with Al [illegible] and Muriel Mantley having dinner with them Ted and Doris are well known to our district folk. We hope they get to see their old friends before leaving for home as they do have so many relatives to visit.

# GREEN ACRES

by N. A. COGGINS, B. A.

**WELDING CLINIC**

A Welding Clinic will be held at Viking during the week of February 1st to 5th. This is the third Welding School in the County of Beaver sponsored by the Alberta Dept. of Agriculture, the other two were formerly held in Holden and Tofield respectively. It is expected that most of the attendance will be out of the Viking district, but the Clinic is opened to all farm residents in the County of Beaver as in the past. A maximum of 24 persons can be accommodated at this Clinic and applications will be dealt with on a first come first served basis. Your district agriculturist will list the applications. Applicants will then have to report at the place of Clinic (Gellas Garage, Viking) at 9 a.m. on February 1st. A fee of $5.00 will be charged to cover part of the cost of materials used.

**PLUMBING SCHOOL HELD**

The rural plumbing school held recently at Holden was quite successful. Attendance and interest was fairly good. Persons attending the school obtained plans and bulletins on this topic as well as first hand information on installations etc. Field Supervisor indicated that the septic tank forms available through the Agriculture Service Board are serving their purpose well and are available at a rental fee of $1.00 per set. Inquiries through the Secretary of the A. S. Board.

Those farmers in the area not able to attend that may be interested in plans and bulletins on sewage disposal systems and plumbing installations can obtain same by writing to this office.

**PROTECT MILK AND CREAM FROM FREEZING**

To prevent freezing of milk and cream both at the farm and en route to the processor under ordinary conditions the following suggestions deserve consideration:

1. Use a well insulated cooling tank preferably in a milk house. It is one of the best means of maintaining milk and cream quality and at the same time prevents freezing where the water in the tank is changed once or twice daily.

2. The length of time milk or cream is on the road to the dairy plant in cold weather is the guide to what provision should be made against freezing.

3. Cream or milk should not be left on open railway station platforms before train time. They are sure to freeze in "below zero" weather

Equally important to the producer, is that the matter of securing a fair sample of his milk or cream for testing at the dairy plant is made practically impossible when the product is frozen. It must be thawed out completely and then thoroughly stirred to effect redistribution of the butter fat in order to secure a reasonable sample for testing

"KEEP MILK AND CREAM COOL, BUT DON'T LET IT FREEZE".

**SEASONS GREETINGS**

To all my readers I wish to extend a very Merry Christmas and a Happy and more Prosperous 1960. I also wish to advise my readers that the next issue of Green Acres will appear after New Years

# Let us honor Christ now

by Rev. Glen W. Baker

Once upon a time a little town was getting ready for a great feast. Everyone was excited. Preparations were going well, and it looked as if a good crowd was coming to the festive occasion. The big day came, all was ready, and the feast was about to begin. Then someone asked, "Where is the guest of honor?"

It turned out that in the midst of all the busy and costly preparations, everyone had forgotten to invite the guest of honor. The feast went on, but the sensitive folk in the crowd were embarrassed every time they looked at the vacant chair.

It's almost Christmas — the world's biggest & happiest birthday party. Who is the guest of honor?

For the children, he is "the little Lord Jesus asleep on the hay."

For others of us he is the man who lived the greatest life ever lived, showing us how to live the good life and teaching us the truth about God.

For confessed and committed Christians, He is the one who changes our lives, keeping us close to God because we're close to Him. He is the one who saves us from selfishness and sin because He revealed the sacrificial love of God. He is God in human life.

That's what the celebrating all about. That's what we're making about.

"Joy to the world, the Lord is come"

"Word of the Father, now in flesh appearing"

"Joy to the earth — the Savior reigns, let men their songs employ."

"Christ the Savior is born."

Now can we honor The Guest this Christmas? An hour of praise and song in a place where He is worshipped. A gift to the needy, an invitation to the lonely. For He said, "inasmuch as ye have done it unto one of the least of these my brethren, ye have done it unto me."

Tommy Common now has a show of his own. Youth '60, on CTV television is host of this teenager special, he asks viewers to send in their suggestions on the style of entertainment they would like. As far as possible the show is based on these requests. Tommy is still a regular announcer on CBC's Country Hoedown

It is our sincere wish that the spiritual blessings and festive joy of the Christmas season light up your days with bright hope and happiness.

# LAKESHORE - McKENZIE LOCAL NEWS

(Held over from last week)

Robert and Judy Gambuck and children Jackie and Judy of Drayton Valley arrived Sunday morning and spent Sunday and Monday at the home of Gwen's parents John and Mary Wood, returning to their home Sunday afternoon

Alexei and Doris Jacobson and baby Margaret of Edmonton were Sunday dinner guests at the home of John and Mary Wood

Betty and Don Rollins and baby Jan-Kelly of Edmonton were Saturday afternoon callers at the home of Don's uncle, John and Mary Wood.

Mr. and Mrs. Happy Holmes of Minitchi were Sunday evening coffee guests at the home of John and Mary Wood

Farmer friends will be sorry to hear of the death of Mrs. Robert Innis of Sedgewick. She was better known around Tofield as Linda Hoyle, a former teacher who taught at McKenzie, Lakeshore & Lindbrook schools many years ago. She died on Friday, December 23 in the Killam hospital after a lingering illness.

Charlie and Mickey Nicosia and family were Sunday dinner guests of Mickey's niece Joan and Eddie Williams in Tofield

John and Irene Warner were Edmonton visitors on Monday

Walter Eaton and children were Sunday dinner guests of his mother, Ellen Eaton on the farm

The Lakeshore W.A met at the home of Irene Warner last Thursday with eleven members and six visitors present. This being the annual meeting, after all business was cleared up, the election of new officers took place. Mrs. Vi Gough is former Vice-President, became president Irene Warner, Vice-President Mabel Jones, Secretary and Isabel Nadzeki remained as Treasurer Ethel Wood was the retiring president and will now take the devotional for the following year. After this was completed, a very delicious luncheon was served by the hostesses. Time and place of next meeting will be announced later

Eldor and Nellie Warne of Edmonton were Saturday supper guests of Roy and Ruth Wickson here

Leroy Eaton went to Leroy Sat to spend a few days helping build a barn for his uncle George Campbell While he is away Emery Phillips is staying on the farm doing chores.

Herb McAdoo and sons Bert and Pat motored to Barrhead on Sunday and visited Herb's nephew Dave and Alice Shank re-

Florence Eaglesham was a Sunday dinner and supper guest at the home of Miss Eaton. Mrs Marie Eaglesham and Marlene called in the evening and took Florence home.

# THE COST OF CHRISTMAS

A favorite device of the psychologists is to mention a word and ask the patient to respond immediately with the association inspired by the word. For instance to mention the word 'sea' might evoke the response "shallow," "cold," "hockey," "water," or "arctic."

I wonder what associations spring to your mind when the word Christmas is mentioned? I think they would include these: Toys, presents, turkey, geese, bars, church, parties, etc. It is trite to say that these things characterize modern Christmas, and certainly it is a time of joy and festivity and gladness.

But I have a strong feeling that if you asked any of the people present at the first Christmas, those who came to the stable in Bethlehem, what things characterized Christmas for them, they would have used different words. The gladness and the presents would be there but many of the other things would not be mentioned.

We think of Christmas as a time of ease and indulgence, of comfort and warmth, when in the security of our homes and in the company of our loved ones we have a special celebration just as the first Christmas of all was characterized by hardship, pain, insecurity, loneliness, courage & endurance.

There was the insecurity of the Holy Family — an expectant mother without a place to go, and without medical care. There was the pain of childbirth and the anxiety of survival. There was Joseph's natural fear for his wife's health and his frantic efforts to supply her needs. There was the cold night watch of the shepherds, and the long arduous journey of the wise men. Each party in the Christmas story had great demands made upon them, and they responded magnificently.

To which of them the direction of the Christ Child entailed strong risk.

I believe that wherever Christ comes He makes demands upon us and that on Christmas in particular unless we respond to His demands I am all for the fun and gaiety of this season but for those early worshippers there were sacrifices too. Christ is making demands upon each of us and we will not know the full joy of Christmas unless we respond to them, and make some effort to meet them. Perhaps He is unwise to put it the demand that you take the first step towards reconciliation with someone from whom you have been estranged. Perhaps He is asking you to put right something in your life of which you are ashamed, or maybe He presents Himself in the cry of the needy and underprivileged people of this world whom you can help. His demands are unusual as well as individual and it is possible that He is challenging our nation to true adventure sacrificial policies as a means to the 'peace on earth' for which we all long.

However it comes the element of sacrifice and challenge must be there and you must recognize it for it is an essential condition of Christmas And if we are to have the satisfactions of this wonderful season, we must make our response and He the shepherds and wise men, offer our gifts which symbolize our deepest love and loyalty

What can I give Him
Poor as I am?
If I were a shepherd
I would bring a lamb;
If I were a wise man
I would do my part
What can I give Him?
—Give my heart.

Sydney Rail

As on that Holy Night of blessed memory, may the message of Christmas enter the hearts of mankind, filling peace and good will be with you and yours.

## PERMIT CHINESE TEACHER TO STAY

A Chinese teacher in an Ontario school who has been in danger of being deported now is being given a chance to remain in Canada. Humphrey Chi How Law, 27, a native of Hong Kong was informed he would have to leave the country. Fellow teachers at Merrikon, Ontario high school rallied behind him. He came here in 1953 as a student visa and renewed it each year. Immigration Minister Fairclough vetoed Mr. Law saying the law allowed to deter deportation when the immigration officials take action to allow him to stay.

Glad greetings and best wishes for a season filled with all the joys of Christmas.

DOUG McKERNAN
Insurance Agent

IT'S CHRISTMAS

### Funeral for Swabey

SWABEY — Funeral services for the late John William Swabey of the Ministik district, near Tofield, who passed away November 19, 1969, at the age of 84 years, were held on Tuesday, November 25 at Hainstock's Funeral Chapel in Edmonton, with the Rev. H.P. Marston officiating.

The pall bearers were Messrs Keith Williams, Ted Bevard, Ralph Leach, Archie Ferguson, Donald Grover and Alex Ross.

He is survived by his loving wife, Grace, one brother Francis Ernest and two nephews, Francis David and Ronald George Swabey all of Minitik.

"Jack" Swabey was born in Whitherd, England, in 1885 and came with his parents and family to Canada in 1906. He had lived in the Ministik district for nearly 58 years.

Hymns chosen for the service were "What A Friend We Have In Jesus" and "Abide With Me." Many beautiful expressions of sympathy, floral tributes and memoriams were received.

Interment took place in the Mount Pleasant Cemetery.

### CARD OF THANKS

SWABEY — I wish to express my heartfelt thanks to all the kind relatives, neighbors, and friends, to Dr Prysbury of Tofield and Constable Wilson of Ryley, for the acts of kindness, messages of sympathy, beautiful floral tributes, and memoriams received during my recent bereavement in the loss of my beloved husband Jack. Special thanks are extended to Ted Bevard for his heighbourly kindness and to the men on the threshing crew all of whom Jack liked so well

Grace Swabey

### JUBILEE JOTTINGS

Since this is the last issue of the Mercury in 1969, it is also the last appearance of Jubilee Jottings. Through it, I should like to thank all those who have helped me secure material for articles on the history of Tofield. Many people have put valuable documents and records at my disposal and for their co-operation I am sincerely grateful. Many old-timers have checked facts and contributed anecdotes about Tofield's past. Outstanding among these are Mr. James Francis, Mr Mark Ferguson, Mr. Jeremy Obuchow, Mrs. Vonah Appleby, Mrs. Petra Sandfor, Mrs. Ellen Sears

Unfortunately the Jubilee Year has slipped by so quickly that not all the facets of Tofield's history have been recorded. I hope it will be possible to finish them later.

Our Jubilee Year has been one that we will remember and on behalf of the Jubilee Committee, I thank all those that have helped make it so.

Grace Phillips,
Press Secretary,
Jubilee Committee

### 4-H Beef Club Holds Meeting

The regular meeting of the Tofield Beef Club was held on the December 16 at 8:30 p.m. in the meeting room of the Tofield Hall. A good turnout of members was present. It was decided that we would have a dance and pie social with a raffle on Friday, January 23. The place has not been decided as yet.

To end the meeting, our leader Mr. N Chomik showed a variety of films of our local Achievement Day activities of the past few years. This proved to be very interesting.

A WEEKLY PAPER SERVING TOFIELD, RYLEY, LINDBROOK, CHIPMAN, COOKING LAKE, KINGMAN

Christmas Edition 1969 SECOND EDITION

## Minutes of regular meeting of County of Beaver School Committee

Present: Vice Chairman Cm. R. Hawk, Cm. Johnston, Markinson, Kamchel, Somerjahren and Woodward, and Mr Colin, representing the Town of Viking, Mr George Arnett representing the Town of Tofield and Mr Dan Bell representing the Village of Holden. Mr H. Pike, Superintendent of Schools, was also present.

Moved that the minutes of the November 18th meeting, be approved as written.

Carried

Prior to the all matter made by Canada was formed on the farm in that part of a creamery operation was discovered in Alberta, Huntingdon County, Quebec. It was a shed-filled venture but was successful by a successful creamery at Helena in the same county

Moved at 8.15 that this meeting now adjourns to December 21st at 10:00 a.m.

## Alberta Government to make grants for recreation

Grants based on a $10 per capita basis for all Alberta communities of 100 or more population, except Edmonton and Calgary, to assist in the acquisition of recreational facilities, will be made available this year as the second part of the Alberta Government's Five Year Program, it was announced recently by the Hon. A. R. Patrick, Provincial Secretary. An amount of $2,652,000 is proposed to be spent on this portion of the program, particularly announced by Premier E. C. Manning, August 14, 1969.

Population figures used to compute size of grants will be the figures used by the Department of Municipal Affairs in 1968 for grant purposes.

The grant will be approved for any feasible plan of recreation facilities and can be applied to any project undertaken since January 1968. Any project that can be proceeded with during the five year plan period will be eligible for approval.

Consideration will be given to projects planned jointly by adjoining communities, the minister said.

Applications for the grants will be made by the council of the town, village or city concerned, to the Provincial Secretary. Members of LIDs must make representation through the Department of Municipal Affairs, while those in Municipalities and counties will be handled through the municipal or county council

Hon Mr Patrick pointed out that this plan does not affect in any way the existing government assistance or $7,000 towards erection of swimming pools in towns and villages.

## Who Really Sent That Very First Christmas Card?

[illegible] the answer is no doubt a card as a [illegible] practice the card devised [illegible] Frank by J. Horsley for his [illegible] 1843. Old Scrooge [illegible] Christmas prospects [illegible] personal friends [illegible] card had [illegible] which depicted the [illegible] of the family and the [illegible] of the table. This was well and good. The objection to the card arose from the illustration in the central panel—a scene in which a middle-class English family raised their wine glasses to toast an absent friend (obviously by the recipient of the card). The scene so aroused temperance zealots that Cole never authorized another card.

STILL LOOKING

Actually the source of the [illegible] of [illegible] [illegible] [illegible]

**Richard Hurt Again**

The injury jinx struck Maurice Richard again as a flying puck smashed his left cheekbone and sidelined him for a month. Doctors said the Rocket, the National league's greatest scoring star, suffered a depressed fracture of the cheekbone. It is the third year in a row that Richard has been injured

## A Christmas Message From Pastor Steiestol

This great announcement brings throw thither to our mind Advent. or Preparation for the Heavenly King which is to come. It is time to have the "dust" blotted out, and to prepare for a new era. Let us stop mourning over old sins; let us bring every one out in the open, and surrender them to the Lord. And He shall blot them out, and remember them no more! And as we rid ourselves of the past, let us prepare ourselves for the Future, and for the glorious promise that is ours

CHRISTMAS — Visitation. Our king is coming — Jesus Christ, the His-Bearer, the Death Conqueror He is coming to pay us a visit this year also. He offers us His grace and forgiveness. He stops at every house and every heart, pleading: May I come in?

Behold I stand at the door and knock if any man hear my voice, and open the door, I will come in to him and will sup with him, and he with me" (Rev 3 20)

## Twelfth Night, Traditional End Of Yule Season

Twelfth Night, or Epiphany, is marked with many customs, ceremonies and legends throughout the world. French and Swiss children, for example, look forward to the pastry they receive on that day in which a bean, coin or china figure is hidden. Whoever gets the prize is crowned king of the family.

Epiphany means "appearance" and commemorates the visit of the Three Wise Men to the infant Jesus. Their arrival was proof to believers that Christ the Savior had been born.

The visit is told in Matthew 2 1-2 "Now when Jesus was born in Bethlehem of Judea in the days of Herod the king, behold there came wise men from the east to Jerusalem,

Saying, Where is he that is born king of the Jews? for we have seen his star in the east, and are come to worship him."

EARLY DAYS

During the Middle Ages, Epiphany, or Twelfth Night, was commemorated with plays presented in churches. Solemn ceremonies largely of the period in Elizabethan England, and became a time for re el.

Shakespeare's "Twelfth Night" reflects this mood. It was probably presented in a special performance at Whitehall P on January 6, 1601, according to historians.

Today child "kings" crown with golden paper coronets round the streets of Europe on Epiphany, singing hymns and carols. In Italy families of children awake to find their stockings filled with presents from La Befana, the good-hearted witch who takes the place of Santa Claus

EUROPE

In France, a portion of the Epiphany cake is often set aside as "la part du dieu"—God's share. It is given to the first poor person who comes to the door.

In Greece, the slices of cake are cut: one for Christ one for liberty, and one for the Virgin Mary. Twelfth Night cake is washed down with Lamb's Wool, a drink made with beer, strong ale spiced with nutmeg and sugar

## RYLEY NEWS

The Ryley branch of the Canadian Legion held their annual Christmas party for the children of Ryley and district Santa distributed treats to some 100 children. One of the highlights of the afternoon was the Christmas story, related by Mr. R. G. Fish.

—o—

Mildred Dueck and Bob Rokos were married in a quiet ceremony by Rev Douglas Purvis at the Holden United Church Manse Mr. and Mrs. Jerry Popper attended the bride and groom.

—o—

On Sunday night December 20 the Lutheran Sunday School and the Catholic Sunday School held their respective concerts The United Church Sunday School concert is to be held Dec 22

—o—

Mr. and Mrs. Norman Boggs motored home from Saskatoon for the Christmas holidays and arrived in time to help Irene's mother, Mrs. Ray Magnuson, celebrate her birthday

## Christmas is Time For Remembering

While it is not true, of course, that "Christmas is for children," no other season or holiday brings to both young and old such vivid memories of earlier happi

EARLY DAYS

Christmas is certainly a happy time for the young. There is a sparkle and sweetness to the Christmas season that time can not dim in the years

When the season falls and the early winter snow old Against [illegible] there is warmth and a cheer in the glow of [illegible] and a merry [illegible] to close [illegible] and call back joyful [illegible] now that we so deeply [illegible] they can never be for [illegible]

## A Christmas of years gone by

When our elders talk about as "old-time" Christmas among the things they are remembering is the pleasure and anticipation associated with the preparations for the holiday

There were no "commercials" Christmas trees in the "old days" — everyone went out to the nearest hillside or forest and chose one to their liking—for free. Tinsel, ornaments, electric tree lights, these, too, weren't to be had. Decorations for the tree were all home made and usually the entire family lent a hand in the preparations

Today we would be foolish of course, not to take advantage of the many beautiful and ornamental decorations available for decorating our Christmas tree. Yet, we can still recapture some of the spirit of the "old time Christmas" by making some of the Christmas tree ornaments and decorations in a family project.

A variety of ornaments are possible from a materials as plastic foam. A rotate cutter, for instance, can be used to outline such shapes as snowmen, Santa Clauses, gingerbread men, dolls, clowns and stars on a sheet of thick plastic foam. Cut out the shapes with a sharp knife and thin let each member of the family decorate an ornament. Some can also become the colors to form features. Others can trim the foam with food coloring.

A pipe cleaner, inserted and glued to the top of the ornament provides a hook

Imagination is usually [illegible] required by both [illegible] in preparing the decorations for the tree can be equally enjoyable and memorable

## Bethlehem Observes Three Christmases

This year, as would pilgrims from all over the world will [illegible] to the little town of Bethlehem the holiest land of Christendom that was said nearly 2000 years ago when [illegible] was born in the manger. Located on the Valley [illegible] Bethlehem is actually [illegible] Jerusalem

Yet the residents of Bethlehem which has a far greater population than it had some 2000 years ago, will celebrate three Christmases rather than one

The western church keeps December 25 holy. The Greek Orthodox Church keeps the Christmas season of the Georgian month of January 7, and the Armenians observe January 19

The Greek Orthodox Church and the Armenians share the chapel in the Roman Catholic [illegible] their own church adjoining—but all three churches go to observe the early hours of December 25 a tiny star of Jesus is wrapped in [illegible] clothes and laid in the manger

Around January 20, a complete white layette knitted by the champion member of the Canadian Knitters' club will be winging its way to Queen Elizabeth as a gift of the club. Mrs. Jessie Lawson, above, a nurse at the Toronto Western hospital is the honored lady who will knit the layette. It will be a special pattern which Mrs. Lawson made up and calls the Maple ink.

## How Do We Plead?

SOMEHOW, AND QUICKLY, we have got to rediscover the adventurous faith that first led men by a star, which, lighting life from within, may reach out to illuminate the world—in that song of triumph that can become a universal reality when it is expressed in our personal, national and international life.

President Eisenhower is just back from a record-breaking goodwill trip to 11 nations in Europe and Asia, and only a week ago Eisenhower, Macmillan, De Gaulle and Adenauer met in Paris to establish some unity of purpose and method among the heads of the Western powers that are to meet at the summit with Krushchev in April. We are all familiar with the results of this meeting which received so much publicity in recent days.

While we of the N.A.T.O nations must, in good faith, approach the summit conference in the good faith, we must also realize that the Russians have never given any credence of meeting in half way—or even part way. Therefore N.A.T.O. countries must be prepared.

It is no longer a secret in Canada that we have been gravely concerned these past few months, trying to determine if Canada can afford to build up adequate defence and insure the well-being of our people without jeopardizing our economy. Most people in Canada are now almost determined that today we have no real defence, and any we will have must be created in the future, at great cost.

This Christmas Eve, 1960, must we not realize that the tragedy of our times is that the moral forces are disunited, while the anti-Christian forces are one?

Is it not our duty to unite our forces, our country and all those who believe in God? Is it not the echo of 1960 years ago tonight that we hear calling to us as we prepare to observe the birthday anniversary of our King? Men of good will, is it not the summons that we must answer once again? Let us try sincerely to erect order out of chaos and send forth His spirit of justice and charity among men, that all people, and all nations, may become united in good will for the purpose of securing peace at home and abroad.

Not till we answer the summons can we hope for peace. Look over the history of the past. What is it but a record of woes inflicted by man on man, of wrong producing wrong, and crime fresh crime. It must be so till we answer the summons we justice will be acknowledged and Christ become law.

Our Lord was not born under an open sky, under which men might walk overt, but in a stable, entrance to which could be gained only by stooping. The stoop is the stoop of humility. The Shepherds and Wise Men were humble enough to stoop. And when they stooped they found that for which they searched.

The summons this Christmas demands that Christians unite. We are actually so split up that we have allowed the enemy to reach our gates. Tonight we discover in each other true friendship and good will. While this spark flickers, let us fan it, lest it go out! Let us try to bring about a flame of liberty and brotherhood to produce the peace on earth He came to restore.

Merry Christmas!

## Summons at Christmas

THIS IS CHRISTMAS EVE. Christmas bells throughout all Christendom are ringing out the most joyous proclamation of the gospel message:

"Fear not; for, behold, I bring you good tidings of great joy, which shall be to all people. For unto you is born this day, in the city of David, a Saviour, which is Christ the Lord." (St. Luke 2:10-11).

Yes, 1960 years ago, the angels sang. "Glory to God in the highest, and on earth peace, good will toward men," and those that followed the star in the east found the Saviour, Christ the Lord, lying in a manger, in the city of David.

But the first Christmas was a trying and painful time, despite all the manifestations of glory. Was not Joseph summoned from [illegible] to Bethlehem of Mary, who gave [illegible] birth to Christ Jesus? And were not Mary and Joseph summoned by decree from Caesar Augustus to go from Galilee to Bethlehem to be taxed. And were not all men of good will summoned by the angels to go to the manger in Bethlehem to find their king?

Mary and Joseph lived under a dictatorship in which life was cheap. Their inconvenience more than likely in the lower third of the nation. When it came time for the Baby, they were summoned to make a trip to meet the demands of their government. Whether the Baby lived or died was of no concern to the society in which they existed. As far as their own people were concerned, Mary and Joseph could make out for themselves.

But because God reigned, they were not alone. The Wise Men brought gifts of great treasure. There was great rejoicing.

And so tonight there is rejoicing and there are visible tokens of Christmas. Many business sections have been bright with Christmas decorations for days past. Holly wreaths are found in many home windows, bells on doors and gaily lit Christmas trees, if not on the front lawn, visible in the living rooms, from the streets. Stores, in most centres, will have closed for a three-day holiday. Everywhere about us, there seems to be a new spirit, a new life, a new hope, a new joy! Tonight children will go to bed assured that Santa Claus is on his way and will come down the chimney, in our respective homes, to deliver a portion of his heavy load of toys. Tonight all will banish all thoughts of external troubles and for the next few days concentrate on internal joys.

It is, indeed, a time of Merry Christmas.

## Reason for Change

MAN HAS ACHIEVED so much that he thinks he ought to be able to explain everything, and manipulate anything. We would not discount the importance and value of these human achievements, but as we sit on our home hearths, and reflect on just some of the mighty things that have recently transpired, surely there we can understand the poet's prayer addressed to Marconi when it was reported that the great inventor was contemplating communicating with Mars:

"Leave us the stars! The world hath [illegible] enough.
Without the [illegible] of Mars
Let not the [illegible] of [illegible]
Bring us the [illegible] gossip of the spheres
Leave us the stars, O Wizard.
[illegible] them be."

Our world leaders are engaged in a mad race, at this very hour, to be the first to place a man on the moon. Fantastic! Into the Atlantic the Russians have hit the moon and, at a minute around the moon to send back pictures. All at a terrible cost.

Maybe we are satisfied that 1960 has been a very good year despite the mild recession of the early months, the continued depressed state of agriculture, the troubles of the miners in the Maritimes, and the early frost that left so many crops on the fields of the western provinces.

Christ came to set men and their world right with God — not only their hearts and their souls, but even their businesses, their secular affairs, their governments, to improve home life. As we watch the glistening eyes of the children, maybe we recall that He said: "Suffer the little children to come unto me."

Then maybe a few of us will recall that only a few short days ago a Canadian mother said: "I'm glad my child died, Gladys would have grown up deformed or with no brain at all."

A little three-month-old daughter of this woman had died in hospital of rat bites as she cried in her cribb. The whole side of her head had been chewed away. The shack where the child's mother and father and son many of their children lived had four rooms. Living with them were the father's brother and six of his children. The child and wife shared their bed with the rats. The child that later died was covered in a pool of blood in a crib, the only piece of bed had been shoved into a hole to keep rats out.

This is Canada! Christmas 1960.

Christ solved the social and political and economic problems of the world not by enunciating a new economic system, not by instructing man in ways of supply and demand, tariffs or subsidies — but by a great piece of research. He saved it from that filthy lousy barn as a Babe in the significant village of Bethlehem.

On this Christmas Eve, Christ comes again. To some He comes when their hearts are empty of the world; to others He comes when their direct poverty has forced some, such as this Canadian mother, to say she is glad the baby had died. He comes when tears stream down their cheeks, that He might wipe them away. But to each and everyone He comes in His own sweet way.

Merry Christmas.

With this festive season, we look back upon a year of meeting old friends and making new ones. To all go our hearty thanks and happiest greetings. May each and every one of you have the merriest holiday ever.

# Christmas 1959

It is [illegible] that Jesus Christ was born in a stable, and that was the world's Christmas Day, in the form of God, the Second Person of the Blessed Trinity. The Father was the Eternal Father and Jesus Christ was the God Man.

Why was it necessary that a child should come to redeem us? It was necessary because the justice of God demanded that the satisfaction for the sins of men should be equivalent to the malice of their offense against His divine majesty. Now, the malice of mortal sin is infinite, since it is an insult against the infinite God. Consequently, only an infinite Person, a divine Person can render satisfaction equivalent to the malice of the transgression. It was that God became incarnate for a twofold reason, that the divine Redeemer might suffer and die for the salvation of the human race. It was not necessary for Him to endure all the sufferings that He actually bore, the slightest of Which would have sufficed to redeem the world. But in kindness His love for our race He willed to endure all manner of sufferings, both of body and soul, during the thirty-three years of His mortal life. Even as a new-born infant in the stable of Bethlehem, He suffered from the cold and the rough straw of the manger.

Jesus Christ not only made satisfaction for our sins but also merited for us the graces we need to lead a supernatural life and to attain to the happiness of heaven. Every grace we receive in the course of our mortal life flows from the merits of Christ.

We must realize then that Christ is more than a man. He is God who became man for the spiritual salvation of humanity. We must acknowledge His divine as well as His humanity. We must live a [illegible] life as a perfect acknowledgement. We must appease God by our way of life to make up for so many who despise Christ and the Christian way of life. Our success in life will depend whether we acknowledge Christ, otherwise we will be failures.

May the blessing of God, the Father, the Son, and the Holy Ghost, descend upon you and remain with you forever. A happy, Holy Christmas and God's blessings to all in the New Year.

Rev. Fr. E. P. Parent

Prepared by Home Economists Division Home Economics, Vegreville

**MAKE IT A SAFE CHRISTMAS**

This message keeps repeating every Christmas season. Your Christmas tree and all the decorations on it are fire hazards which you must watch carefully. A fresh cut tree is safe but it becomes more hazardous with each day it remains in the house.

**Accidents do happen — even at Christmas time.** Let us do our best to contribute to a tragedy-free holiday season.

**HOLIDAY BEVERAGES** should ring the happiest notes. At no other time can you make your table more festive, your food more tempting. Beware though, don't make yourself so tired that you cannot enjoy your guests and family and they feel it's you are being a martyr to them.

Just remember that little tricks may set a pretty stage for a successful party. An old favorite with a new flavor, a traditional Christmas garnish or just a touch of color and imagination can often spell hostess supremacy without hours and hours of tiresome toil.

**RECIPE FOR A MERRY CHRISTMAS**

Take the crisp cold of a December night, and add two parts [illegible] mist, stir in air so fresh it tingles.

Into a generous heart mix the wonder of a little girl, the sparkle of a young boys' gleam, the love of parents and set gently before the chimney side.

Add the farthest touch of a reindeer's hoofs, a spray of holly, a scent of fir.

Set the mixture to rise in the warmth of good will to men. It will almost be ready to serve when it bubbles with warmth and good feeling.

Bedeck with the light of a star set in the east, garnish with bells of shining gold, silver and red. Serve to the tune of an ancient carol in the middle of the family table.

This recipe is sufficient for all the men and women you will ever meet. With best wishes for a very Merry Christmas and a Happy New Year

---

Spain is noted for olives and wine, but it is also one of the greatest sources of cork in the world. World Book Encyclopedia reports that Spain and Portugal together produce three fourths of the world's cork supply.

---

Many of the greatest writers of ancient Rome were born in Spain. According to World Book Encyclopedia, Seneca, Martial and Quinctilian came from Spain, once a flourishing province of the Roman Empire.

**60-FOOT CHRISTMAS TREE AT CITY HALL**

Wide-eyed children watch at the city hall, Toronto, Ont., as a 60-foot spruce tree is erected as Toronto's official Christmas tree. The tree was donated in the city by Mr. Lloyd Brown as it was too big for his lawn. It will have 3,500 lights.

## OF MANY THINGS

**WELCOME TO 1960**

In spite of all the gloomy forecasts, Canada goes into the year 1960 in pretty fine shape. Inflation has been held in check in recent months, due in large measure to the courage of the government (maybe it is the Christmas spirit that makes me finally say a good word for the politicians), and the good sense of Canadians generally in accepting unpopular decisions without too much fuss.

Labor, too, has shown somewhat more restraint and good sense over the past four or five months. Most workers are of the opinion that it is better to hold the line and consolidate than gains now than to go pressing off on a fake boom that could price us right out of competitive overseas markets, and thus create unemployment.

This sensible sentiment in Canada gets something of a set-back, however, when American-owned concerns apply their native wage rates in the Canadian scene. An example is the International Pa[illegible] per Company, which applied wage rate increases in their home plants to their big operations here. Wonderful for their Canadian employees, perhaps, but sure to cause discontent and new wage demands throughout the Canadian paper industry — where prices are already high enough. Acts of this nature, by American-owned companies operating in Canada, can have serious results for Canadians, especially when pace-setting industries are involved.

In spite of these complications, Canada have sliding through a very dangerous period in this nation's economic life. Labor and management both deserve credit, and some credit also go to various governments. In fact amount. If all hands remain steady on the oars, it is altogether likely that international trade will find this country a strong competitor if increased productivity can be achieved there could then be a series of increased wages without a corresponding increase in the cost of living index, and after all, that is the only kind of wage increase that does any good.

In other words, things look promising for 1960 and we can mean it sincerely when we say "Happy New Year to all!"

J. L. HAY

RYLEY ALBERTA

## Safety at home for Christmas

Accidental slips and falls, fires and the perils and hustle of the season will be the major hazards [illegible] a survey found. Bill [illegible] of the Home and Family [illegible] of the Safety Council, [illegible] Christmas message, he said most accidental deaths will be caused through carelessness in December than in any other month of the year.

(1) Avoid

Two scattered around the floor. Climbing on stools, boxes, chairs, or ladders to hang decorations

Ice on steps and sidewalks

(2) Buy only decorations which are fire-proof or fire-resistant.

(3) Keep the Christmas tree away from sources of heat (radiators, fire-places, candles) and put its base in water or wet sand.

(4) Give only toys which will suit the child's age, and teach him how to use them.

(5) Provide adequate lighting on stairs and please use only C.S.A. approved strings of lights. Do not overload circuits

(6) Alcoholic beverages, if used, should be used in moderation.

THE THOUGHTFUL HOST DOES NOT GIVE HIS GUESTS "ONE FOR THE ROAD."

## Janz Brothers to visit Tofield

The Janz Brothers Team has returned to Alberta after nearly four years of ministry in Europe. Leo and Hudor Janz are well known throughout Canada through their nationwide radio broadcasts as well as through the crusade ministry of the Janz Quartette.

During the nearly four years of activity of the Janz Brothers in Europe, they have conducted four German broadcasts per week over the powerful, Radio Luxembourg station, and have held numerous Crusades and Rallies in major cities. From the tremendous mail response it is believed that still more have heard their broadcasts over Radio Luxembourg. The Janz Brothers have used the largest available halls and auditoriums throughout Germany and Switzerland for their Crusades. In a recent four-week Crusade in Bern, Switzerland, a city of only 150,000 population, over 100,000 attended the services and more than 2000 responded to the Gospel invitation.

The Janz Team reports that their four year mission to Europe has been the most overwhelming and fruitful one ever conducted during their career. Of the hundreds of thousands of people which have attended their meetings more than 10,000 have been counselled.

You can hear the Janz Brothers in their "Welcome Rally" in Tofield on January 16, 1960 at 2:30 p.m. in the Community hall. The local churches of Tofield are sponsoring this Janz Brothers Welcome-home rally.

## Farmers Union asks County to waive penalty on taxes

The annual meeting of Tofield Farmers Union was held. W. Sears elected president for 1960 with D. McClinton vice president and L. Stewart, D. McAdam and L. Fortner elected to the board for a two year term.

A letter from Round Hill local relating that they were pressing for action to provide some measure or relief to farmers with unthreshed grain and suggested that our local take them up. After various discussion a motion was passed that we support the idea that some discussion by the three prairie provinces sale of $5.00 per acre to farmers with loss than 50% grain threshed, limit 200 acres, this resolution to be sent to our M. P. M.L.A., Federal and Provincial ministers of Agriculture.

Further to this the County of Beaver was to be asked to waive all penalties on 1959 taxes until July 1st 1960 by giving those with grain still in the field a breathing space.

The secretary was instructed to send a letter of congratulations to the 4-H Kallal family on their success and achievement at the Royal Winter Fair.

Wesley Harrish made an interesting report of his week at Texas Practice week at the Tofield variety of Alberta.

A letter from local office advising of the annual debating contest open to all PTA locals also PWUA and Junior Secretary to send Donald Harris for his view [illegible] contest on this.

Secretary reported that rub wasers all had completed their membership canvas had had good results. Some canvassers who have not yet reported. Anyone who does not wish to wait for the canvasser contact your secretary by phoning 2182.

Councillor Weatherill was to be asked and has accepted to be the speaker at the next meeting on Tuesday, January 12.

## Mens Curling club schedule

Following is the mens curling draw for the next ten days

—o—

Mr Harold Compost of Edmonton was a visitor over the New Year week end at the N. Phillips home

—o—

Mr and Mrs Arnold Kincaid and family spent Christmas at her parents home in Calgary.

—M—

## Bardo Luther League holds party

The Luther Leaguers had a party at the Lester Severson home on New Years Eve. After playing games, Mrs. L. Severson, Mrs. L. Fonhaug, Mrs. Emil Rude and Mrs Clarence Rude served lunch and ice cream. The young people drove to the church and rang the church bell at 12 o'clock and then came back to Severson's where they had devotion and sang hymns.

## Mr. and Mrs Arnold Bugge celebrate 25 years of wedded life

Mr and Mrs. Arnold Bugge of Ryley were honored at a gathering to celebrate their silver wedding anniversary on Sunday, January 3, at the Lutheran Parish hall. Their actual anniversary date was four weeks earlier, but the celebration was delayed in order that their son Norman and wife could be present.

Mr. and Mrs Bugge were met at the door by son Norman and daughter Sonia who planned a corsage of yellow roses on their mother and a white carnation on their father, and then escorted them to their places at the head table. Seated with them at the table were Norman and wife Irene, Sonja, Kevin, Pastor Stolestad, Mr. E. Sorenson who acted as Master of Ceremonies and Mrs. Sorenson.

The afternoon began with a short program consisting of the following items:

All present sang "Oh Happy The Home" followed by congratulations to the honored couple by Pastor Stolestad read a bible text and offered prayer.

A quartet consisting of Norman Bugge, Gordon Bundle, Ed Magnuson and Wm Mearen sang "Oh Love Divine and Golden".

Sonja Bugge, Vera and Gordon Booth sang "Home Sweet Home".

A life sketch of Mr and Mrs Bugge was given by Mrs Danny Manderson.

Florman Bugge and Gordon Bundle sang "The Lord is My Shepherd".

A poem " A Wedding Gift" was given by Mrs F. Manderson

Greetings from the Bethel Ladies Aid were brought by Mrs Ole Haugen; from the Lutheran Congregation by Mr Carl Nord; from the Girls 4-H club by Diane Cavanaugh and from the Community by Mr Ed Magnuson.

Mr Magnuson then called on a few neighbors and members of the family for a few words of greeting after which he made the presentation of a chest of silverware from the community and church congregation. Mr and Mrs Bugge each rose in turn and spoke a few sincere and well chosen words of appreciation.

After the gathering rose to sing grace and a delicious lunch was served. The head table was covered with a white linen cloth and laid with silver and china. A beautifully decorated 3 tiered wedding cake surrounded by tulle and tinsel at the base, centered the table flanked on either side by lighted tapers and vases of roses. The whole hall was tastefully decorated with silver and white streamers and silver bells.

After lunch those present rose to congratulate the honored couple and many pleasant moments were spent in visiting.

The only sombre note of the whole afternoon was the fact that Mr and Mrs Brian Johnson (nee Janette Bugge) and wee daughter Vonda of Drayton Valley were not able to be present because of a recent fire in their home.

They expressed their thanks and identified they were speechless.

A nice buffet lunch was served by the children of the honored couple. The guests all signed the guest book, a gift from Mr. and Mrs. Allan Holthaim of Holden

A beautiful three-tier Anniversary Cake on pillars centered the bridal table, also a lovely bouquet of golden spotted roses made and presented by Mrs. Pat James of Ryley. Mrs. James also made the golden corsages that were pinned on the bride and groom by the two oldest grandchildren, Mrs. Alice Holthaim and Frank Kushair. Another bouquet of Fresh mums was a gift from Mrs. Meiers of Edmonton. Many lovely miscellaneous gifts were received from friends and neighbors.

Mr. and Mrs. Gust Oslund were married Dec. 23, 1909, at Ryley. The ceremony was performed by Rev. Hjortaas. Ever since their marriage Mr. and Mrs. Oslund have resided on their farm N.E. of Ryley. The attendants at their marriage were Mr. and Mrs. Charlie Hutchinson. The latter is now Mrs. Tillie Brazeu of Ryley who was present and is a sister of the groom

Out of town guests included Mrs. Olga Lee and Albert of Camrose; Mr. and Mrs. Odin Eckland of Edmonton; Mr. and Mrs Allan Holthaim of Holden; Mr. and Mrs. Harry Modin of Manville; Mr. and Mrs. E. Sommers of Manerville; Mr. Burton Benson of Viking and Mrs. Farquharson of Viking.

## Mr. and Mrs. Gust Oslund celebrate Golden Wedding Anniversary

A turkey dinner was held on Sunday, December 27th, at the Gunnar Oslund home near Ryley in honor of Gunnar's parents, Mr. and Mrs. Gust Oslund who were celebrating their 50th Wedding Anniversary.

Their six children Meiford, Walter, Gunnar, Mrs. Olga Lee of Camrose, Mrs. Inga Pearce and Mrs. Pearl Kushair and their families were present. A daughter Myrtle passed away in August 1954, at the age of 17 years. The eleven grandchildren and one great-grandchild were all present.

The toast to the bride of 50 years was made by Odin Eckland of Edmonton. On behalf of the children and also Mr. and Mrs. Allan Holthaim (their eldest grandchild, now Alice Lee) Allan Holthaim of Holden presented Mr. and Mrs. Oslund with a chrome kitchen suite. A gift from the Kushair grandchildren was a lovely gold colored bed throw. A picture in a golden frame was a gift from another grandson, Henry Albert Lee of Camrose. From their only great-grandchild, Kevin Holthaim Mrs. Oslund received a golden brooch with "Great-grandmother" engraved on it and a tie pin and cuff link set for the groom. Another gift was two cups and saucers engraved with "50th Anniversary" and also with such a coffee spoon from Mrs. Olga Lee, their daughter. A lovely cake plate was a gift from Mrs. Eisenland of Vancouver, B.C.

In the afternoon open house was held when many friends extended congratulations and good wishes.

A short program was given with Ed Magnuson of Ryley presiding Rev. M. Stolestad of Ryley spoke on Psalm 103. A poem was read by Mrs. Pearl Kushair and another poem was read by Roger Oslund. A duet "Mansion Over the Hilltop" was rendered by Mrs. E. Magnuson and Mrs. J. Kendall. Brief speeches were by Arnold Bugge, Mrs. Ed Sommers, of Manerville, Mrs. Hans Nersasen Mrs Olga Lee, S Booth, and Mrs. Tom Harris.

On behalf of the community and friends Ed Magnuson presented a purse of money and another purse was received from relatives

Mr. and Mrs Oslund both expressed their thanks and identified they were speechless.

A nice buffet lunch was served by the children of the honored couple. The guests all signed the guest book, a gift from Mr. and Mrs. Allan Holthaim of Holden

A beautiful three-tier Anniversary Cake on pillars centered the bridal table, also a lovely bouquet of golden spotted roses made and presented by Mrs. Pat James of Ryley. ## Anglican Church gets new rector

Mr C. F. Winchester together with his wife and 2 children this week moved into the Anglican Church manse recently vacated by Rev Moody. Mr. Winchester comes from Edson to Tofield and he will be taking over the duties of pastor of the Holy Trinity Church Mr Moody has moved to Sherwood Park.

We join in welcoming Mr and Mrs Winchester to Tofield.

## Horace Seller elected president of Tofield Community League

HORACE SELLER

The annual meeting of the Tofield Community League was held Tuesday evening with vice president George Arnett in the chair

A good attendance of members and their wives were on hand to enjoy the pot luck supper. Following the report from outgoing secretary Bill Finn the chairman gave a report of the Golden Jubilee activities which were put on during the past year. Mr H. Seller gave the treasurers report which showed that $7,850.00 had been paid on the principal during the last 12 months leaving the total still owing at $30,650.00.

The Theatre Committee report given by Jack Whyte showed that they had paid the league $1,000. in hall rent and showed a profit of $1,514.98. This was $17.27 more than last year. Mrs Freebury thanked the league on behalf of the library for the use of the meeting room.

The results of the election of officers are as follows:

President H Seller; 1st vice president Bill Christensen and 2nd vice president; Dr. W. Fra-

Sorry Secretary Arnold Scott and treasurer Hans Christensen.

Directors for new term were Walter Glover George Arnett [illegible] Charlie Sears Herb [illegible] Mrs W Zinsky Mr [illegible] Mr Hastings Mel [illegible] Institute Vic Bates and Bill Worrall.

In short president Horace Seller spoke a few words of thanks to the outgoing president.

Harvey Leonard of North West Utilities Ltd. showed an interesting film on Natural Gas in Alberta

## District homesteader dies in Camrose

Ole Iverson was born at Mosbeen, Norway on September 16, 1878. At the age of nine he immigrated with his parents to La Crosse, Wisconsin and in 1903 he came to Alberta and homesteaded in the Innes district where he lived till he moved to Kingman in 1943 where he stayed until he took up residence at Bethany Home in Camrose in 1961.

He passed away on December 23 at the age of 81 years, 3 months. Funeral services were held at Kingman Lutheran Church on December 24 with Pastor G. H. Hauger officiating. The service opened with hymn "Abide with me and Pastor Hauger lead in scripture and Prayer. A solo by Darrel Ness "Beyond the Sunset. Pastor Hauger spoke on Luke 2 — 10-11 then the hymn "Hark the Herald Angels" was sung

Pallbearers were Ingvald Ness Emil Rude, Alfin Anderson, Andy Hetherin, Hyrnets Hetherg and Albert Hasbredt.

Interment was made in the Innes Cemetery with Moreland Funeral Home in charge.

## Community League plans three card parties in January

The Tofield Community League is planning a series of card parties in the hall starting next week They will be held three Monday nights in a row January 11, 18 and 25 They will be three different cards, whist and bridge. It is not necessary that you attend all three nights but it is hoped that a nice crowd will do so There will be nightly prizes as well as the grand prize for the whole series Don't miss this annual event.

## Local hunter happy with shoot

Mr. John Petrowe was quite pleased with the results of his recent big game hunting trip. Mr. Petrowe was hunting Alces at the Ya-Ha-Tinda Ranch, formerly the Dominion Government Ranch, 145 miles N.W. of Banff, when he came upon a bull elk.

He reports that park officials consider the antlers a record trophy. The horns on the 800 lb. animal have a spread 78" by 72" and all six perfect points are evenly spaced. Congratulations and good eating, John

LATEST MODEL—AT THE MUSEUM

Albert Colucci, curator of Metro Toronto, and Region Conservation Authority's Dalziel, Pioneer Museum, shown a 100-year-old schooner—the latest addition to the museum—to Marion A. Morrison, left, and Diane Mitchell. He is holding a whip which the pioneer driver used.

Mr. and Mrs. Stanley George, Mr. and Mrs. [illegible] and [illegible] and girls, Linda and Sandra, were dinner guests on December 18. [illegible] and girls motored to Ed- monton on Christmas Day to spend the day with Mr. and Mrs. [illegible] and family.

Mr. and Mrs. Alex McSporran [illegible] were dinner guests at the home of Mr. and Mrs. Albert [illegible] and boys.

Mrs. McSporran of Edmonton [illegible] to Tofield Christmas with her parents Mr. and Mrs. Alex McSporran.

Mr. Norman Peart, Miss La- verne Prentice and Gordon Thor were Christmas dinner guests at the Alex Prentice home.

Mrs. James Holmes and family spent part of the Christmas holi- day at the home of Mr. and Mrs. A. Holmes.

Mr. and Mrs. Joe's Petite of Ed- monton spent a few days with the A. Holmes family also.

Miss Hewa Jones of Vancouver came by TCA to spend a few days including Christmas with the Tom Jones family. She returned De- cember 27.

Mr. and Mrs. Arthur Elliott flew by TCA to Vancouver to spend the Christmas holidays with their daughter and son-in- law, Mr. and Mrs. Douglas McNeil.

Church service between Christ- mas and New Year's was con- ducted by Mr. H. Dunham of Hastings Lake. It was very much enjoyed by all present. Hastings Lake and Minstik Parish report a very successful 1959 and look forward to 1960 being as promis- ing.

Mr. and Mrs. Claude Leach and Eleanor spent New Years Day with Mr. and Mrs. Ralph Leach and family.

Mr. Alex Ross Aird and Stella were New Years dinner guests of Mr. and Mrs. Alex McSporran.

Mr. and Mrs. Stanley George were Wednesday evening guests of Mr. and Mrs. Alex McSporran.

Mrs. Myra Walley and Doreen returned in Victoria, B.C. on Dec 29th.

Get well wishes are extended to Mr. George Weedake of Hast- ings Lake who underwent sur- gery in an Edmonton hospital.

We extend sincere get well wishes to Mrs. Florence Swabey and Mr. Frank Swabey who are in Tofield Hospital.

It is with deep regret we re- port the passing on January 3rd, of the manager of our local lake resort Lakeview, Mr. Joe John- son. He became owner-manager in 1941 and built up a thriving business. He will be missed by all who knew him.

New Years wishes are extend- ed to all our friends everywhere and to Dr. Fairie and Staff of the Tofield Mercury.

## ROSS CREEK NEWS

Ross CREEK — Here's hoping you didn't have an accident and that you had a safe and Happiest New Year ever Ross.

The W.A. Christmas tree was a large success with good weather on hand, it was a surprise to have Mrs. Margaret Bailey, Mrs. Ste- phen Malcolm and Mrs. Annie Cranshaw turn out to see the pro- gram. Other visitors were Rose Creek folks who have moved away — Andy and Jean Kosa- necha and Peter and Jean Kwa- nuchin. We were happy to see our old friends again. Santa was a big attraction for the rounds and lunch was served.

Congratulations go to Lloyd and Anne Wells on the birth of their new little daughter, born before Christmas.

Senate and Kenneth Pederson had all their families gather from the city for Christmas and New. Also Schwartz from Winnipeg.

The Robert Clarke spent Christ- mas Eve and the week-end out Sedan Visiting Mr. and Mrs. Ed Cleeton, Sherri and Terry with Christ. Rose and Doris Kushniriuk.

Guests at Raymond and Frank's McLachlan's home on Christmas were Marie and Anne Kauffman, Raymond and Dorothy Schultz and family were dinner visitors and supper guests at the Frank Perret home.

Christmas guests at the home of George and Winnie McLachlan was Joseph and Isobel McLach- lan and family, the Lloyd Wells family and Walter Lukasiu.

Howard and Nellie Malcolm & family, Mike and Alexandra Stel nick and family had Christmas with Paul and Flora Stadnick at Glendon.

Miss Cree Koshka of Edmonton spent the Christmas weekend with her parents and family, the Nick Koshkas.

Al and Marion Simpson, Tod- ald, Doreen and Terry McLachlan spent Christmas with Floyd and Audrey McLachlan.

The Alvin Hauer family spent Christmas at the Rouse home of Andrew.

Boxing Day guests at the home of Alvin and Mabel Hauer were the Ham family, Alvin's mother and dad and girls, Lavern Wil son of Lamont and Herbert

Sunday guests at the Hauer home were Johnny and Jimmy Horak, Brenda and Elder Schaub and family of Bruderheim.

Gerald Schacher has been hol- lidaying with his sister Mabel Haley the past while.

Max and Doris Schacher and family were dinner guests of Doris' folks, the Calendar, for Christmas, having a visit with Max's folks of Edmonton in the evening.

Graham and Ella Schneider and boys spent Christmas with Graham's folks the Arnold Sch- neiders of Edmonton. Boxing Day Graham's family spent the day with Ella's folks the Hauers of Andrew.

Bill and Annie Bilan spent Christmas Day in Dayland with Phillip and Olga Wozney. Olga is a sister of Annie Pilan.

Ivan and Florence Malcolm and children spent a few days with Florence's folks at Drayton Val- ley during the holidays.

The Howard Malcolm family spent Sunday the 27th at the home of Raymond and Francis McLachlan to help Gerry cele- brate his eighth birthday.

Congratulations go to Mr. and Mrs. Henry Vroomen (nee Lois Perret) on the birth of their daughter Lori Brenda.

Best wishes go to the proud grandparents Bob and Jean Pe- ret son.

Harvey, Helen and Dale Perret of Edmonton visited with Har- vey's folks the Arthur Perrets over the holidays.

Hrale Perret and Russell Sch- ulte drove Ruth birk to Cold Lake after she spent Christmas with her family.

Mrs Mildred Peel has spent the past while with her daughter Anne Klatchuk and family

We are sorry to hear about our minister, Rev. Steele, having a bad attack before Christmas. He is under doctor's care and will be away for some time until his health is built up. No church ser- vices are held at Ross Creek for the time being.

Best wishes go to Mrs. Jessie Stead of Lamont now hospitali- zed the past while. Also to Mr. Harry Sharon of Chipman. We hope you are on the better side of health real soon, Harry.

A large number of the Ross Creekers took in the big New Years Eve Frolic at the Station, near Mundare. Other folk holding in the dance at Chipman.

Mr and Mrs Elmer Bowsad and boys of Grande Prairie visit- ed with Graham and Ella Schnei- der over the holidays.

Guests at the home of Max and Doris Schacher New Year's day were Doris' folks, or Tofield and Max's of Edmonton. East, and Vic- tor Schmidt and family of Ed- monton.

The Alvin Hauer family spent New Year's Day with the Hauer of Bruce

Joe Koshka and Kenneth Ped erson rang in the new year with a large gathering in Edmonton and a big turkey meal in the wee hours at Mr. and Mrs. Lawrence Koshka's home.

Senate and Kenneth Pederson spent New Years Day with all the family at Senn and Velma's home in Edmonton, visiting with Grandma McLachlan in the even- ing.

Ralph Sirond of Tofield enjoyed a visit with Joseph McLachlan the past while.

Grandpa, Isabel, Jo-Ann and Larry McLachlan visited Senate Pederson over the holidays, Kath- leenie and Clyde spending the weekend.

Joseph and Isabel McLachlan and Senate Pederson visited Sev Mosio at the hospital on Thurs- day, calling in on Ingrid Strande family and enjoyed having coffee with them.

Ivan and Florence Malcolm and kiddies spent New Year's with Howard and Nellie Malcolm's family. It was an extra special day for Blair — having his ear ach birthday on the 1st.

Floyd and Audrey McLachlan spent New Years Day with Al and Marion Simpson.

Saturday supper guests at the Graham Schneider home were Howard and Nellie Mal- olm and boys.

Supper guests at the Alvin Hauer home on Saturday were Mr and Mrs. Henry Schacher, Wilfred and Greta, Bernice and Mary, Maurice and Lill Van Dus- birk and family, Max and Doris Schacher, family stopping in bri- ef. The special occasion was Ber- nice Schacher's birthday.

The W.A. will meet at the home of Mrs. Iris Dillan Wednes- day the 6th. We are looking for- ward to a larger membership this year

Mr Ed Thor visited with his daughter, Eileen Retallhart and family over the holidays. The Joseph McLachlan family were guests at Retallhart's home on Sunday

## UFA announces dividend payments

Mr. George F. Church, presi- dent of U.F.A. Co-operative Lim- ited has announced that cheques totalling $157,244.46 have been mailed to members of the co-op- erative. Of this sum $146,244.46 represents deferred dividends for 1958 and 1959, the payment of which in cash was authorized by delegates at the recent annual meeting of the U.F.A. Co-op. As a result, the deferment period for dividends has been reduced to 4 years. If the present policy is continued this means that the 1954 deferred dividends will be paid in 1960.

The balance of $56,000.00 has been set to form bonds, repre- senting a 4 per cent rebate on purchases of farm supplies. This brings to $252,000.00 the cash payments to farm bonds in the past six years on farm supply purchases.

The dividend rate set by dele- gates on petroleum purchases for the past year is 2 per cent which means an allocation of $360,000.00 in patronage dividends to mem- ber patrons for the fiscal year ending July 31, 1959.

How much of your first **$100,000.00** will you save by next New Year?

That's right — your $100,000.00. For, believe it or not, you'll likely earn more than that during your working years. Question is: how much will you keep?

Right now is the time to resolve to keep a larger part of what you earn throughout this new year. And the place to keep it is in a B of M Savings Account.

Make saving every pay-day your No. 1 New Year's resolution this year. The B of M can't help you resolve to stop eating between meals or get you to cut down on time, but it can help you save.

Why not start your account tomorrow at "MY BANK" — it's a good place to accumulate a portion of the vast sum you will earn during your working years. It takes just one dollar — and then some — to open your B of M Savings Account.

Here's a resolution-keeper . . . Ask at your neighbour- hood B of M branch for a copy of our booklet "Blue-Print for Successful Personal and Family Financing". It will show you how to make up a workable budget that will keep your New Year's resolution intact

## Ryley News Items

RYLEY — Among those who came home for the Christmas holidays were Irene and Norman Biggs, Gordon Smith, Donna Albrecht, Elizabeth O'Reilly Barbara Westmacott. Mr and Mrs Brian Westmacott, Gary Whitmore, Mr. and Mrs. Brian Johnson, Vera Booth and several others.

Several families spent Christmas with relatives and friends away from Ryley. Among them were Dr and Mrs Prue, Mr and Mrs G Orbeck. Mr and Mrs Jerry Pepper Mr and Mrs Percy Henderson, Mr Mervyn Pratt and family, Mr and Mrs J. L. Hay Mrs D. Jones, Mr and Mrs Mervyn Lyons.

Mr Fred Norkewski has been ill in hospital for sometime.

Her many friends will be glad to know that Mrs Johnny Kendrick is feeling somewhat better.

Mr George Lyons is out and about again after being ill at home for a few days at Christmas time.

Mr Austin Harris of Montreal was home for a few days visit with Mr and Mrs T. Harris and David, just before Christmas.

Mr and Mrs Brian Johnson of Drayton Valley came home New Years eve to find that fire had nearly destroyed the interior of their home. It is believed that a faulty oil burner was the cause. Alert and efficient neighbors managed to save some of their furniture and belongings and put out the blaze but damage was extensive and they lost all their Xmas presents. Other people have been taking advantage of it since.

Mr Delbert Pope and Mr Lawrence Kaihan have gone up to the Swan Hills to work in the oil fields there.

The Ryley skating rink opened this past Sunday and scores of young people have been taking advantage of it since.

## Dairy meeting to be held January 15

A Dairy Meeting is planned for the benefit of all dairymen in the County of Beaver. The meeting is sponsored by the Alberta Dept. of Agriculture and the Ryley Dairymen's Association. The meeting will be held on Friday, Jan 15th, at Ryley Legion Hall and will commence at 10 (a.m.) in the morning until 4:30 (p.m.) in the afternoon.

Feeding management, housing, diseases and problems of Artificial Insemination will be discussed by capable speakers from the Dept. of Agriculture and others. Discussion periods will be held to take up any other problems that Dairymen may wish to bring up. All Dairymen in this County should plan to attend this meeting. This is an opportunity for you to gain valuable information and discuss problems you are faced with.

Remember the date is January 15th, with lectures starting at 10 o'clock in the morning and discussion continuing till 4:30 in the afternoon. Both the Dept. of Agriculture and Ryley Dairymen's Association hope that a good turnout will be on hand.

## Homemakers

Pioneer Homemakers Extension Unit

Home Economist: Vegreville

The busiest of busy seasons for homemakers has passed once again and here's a toast to 1960. May it be the very best year yet, not best in the field of nuclear weapons and missiles but best in the field of happier, healthier living.

**CLEANING FUR-LIKE PILE FABRICS**

Whether your fur-like pile fabric coat or jacket is made of pure dyed, mink, darken or is a blend of these inanimate synthetics and backed with cotton, the manufacturers recommend that they be dry cleaned by the fur-ier method. A few dry-cleaners are successfully dry-cleaning such garments, but controls of heat, steam and moisture are very important and have to be rigidly controlled to ensure satisfaction.

Home care of your garment is easy — if you're caught in the snow or rain, just give your coat a vigorous shake and hang it up to dry. Sheltered its deep soft pile by keeping it away from other coats in your closet and keep it away from direct heat as you would a fine fur.

Those coats can be spot cleaned at home by any dry-cleaning absorbing solvent. They don't have to be stored as moths have no liking for them.

**OLD FURS BRING NEW FASHION**

Fur from an old coat in a cupboard or trunk can bring new fashion to a suit, dress or hat, as this is very popular this year.

To make a collar, select a rug like tissue paper pattern. Trim the seam allowance. Then lay pattern on the pelt side of the fur, be sure all hairs go in one direction. This may involve cutting several pieces for a pattern section. Mark the cutting line with ballpoint pencil or soft pencil. Cut carefully with a razor blade through the pelt only. Don't cut the hair of the fur. Sew the sections together with tiny whipping stitches. Use strong waxed thread, a skinny needle, and a thimble. Try not to catch the hairs in the seam; just sew the pelt. If hairs should get caught, turn the fur to the right side and work hair out with needle point. To fasten the seam, nail or pin the collar to a board with the fur down. Then moisten the leather side. Do not remove until dry.

To tape the edges and to back fur, hold pelt-side up and toward you. Whip tape along the outer edge. Then turn the tape over to the inside, catch-stitching it to a piece of felt or other padding.

To attach a fur collar, slipstitch the taped edges to the garment section and add a line of running stitches on the roll edge of the undercollar to hold it in place. Line a detachable fur collar by turning under a seam allowance on lining and slip-stitching it to tape on neck edge.

## OF MANY THINGS

Casually I asked a man with a great deal of money why he continues to work. "Why do you keep going under such pressure," I asked "when you could afford to jump in your car and go touring to Mexico or wherever? You've got it made — so why keep slugging?"

We had been having coffee in a Main Street restaurant and his car was parked across the street. "Come for a ride," he said, "and I'll show you why I keep slugging."

Well, to make a long story short, we moved the heater controls up the city, and he pointed out to me no less than ten very nice homes in front of some there was evidence of youngsters at play; others had the usual undercollar he held it in place. Line a detachable fur collar by turning under a seam allowance on lining and slip-stitching it to tape on neck edge.

you up in my column, at least twenty readers I know would write sarcastic letters to the editor claiming Anderson Hills had been cut in the head."

"Then try writing me up in your column," he said, "and I'll bankroll one of your homes upon for you."

I have written him up anyway. I believe, every single word he said. If that is emblazoned — okay, I am going call. I only wish there were more people working hard so that other people might benefit, because that is always the result of hard work. There is nothing in the world to share unless it is first produced, and it takes work to increase production.

## Fashions

SILK chiffon — foamy and filmy — has such beautiful draping qualities that it is invariably an evening favorite. Salon brown, black or turquoise silk chiffon is used for this ballerina dress. The frock is draped in a becoming line over the shoulders and across the bodice. The draping carries in with a light touch by a dome-tiered "bubble skirt" which is scuffle-pleated entirely for extra measure.

RYLEY ALBERTA

Home-made street signs with big-city names are one kind of link between the people of the New North and the rest of Canada.

Banking service is another.

Canadian banks have, since the earliest days, taken part in the development of new areas, the opening of new frontiers. Today the chartered banks continue to bring banking services to pioneer settlements as the economic map of Canada is rolled back.

They have at the same time greatly increased the number of branches in established areas across Canada — new suburban communities, expanding industrial centres — keeping pace with the country's population and business growth.

To take care of all these varied needs, 1,200 new branches have been opened by the chartered banks in the past ten years.

THE CHARTERED BANKS
SERVING
YOUR COMMUNITY

Happy New Year to the Mercury editor and family, the staff and all readers and friends and may 1960 be a better year for all.

## BARDO NEWS

Another Christmas has come and gone, 1959 a history which it will be hard to forget with such a backward fall as we had but I am sure when we look back we all have many blessings to be thankful for.

The weather was ideal for the many family gatherings during the holidays We did not have a white Christmas but several inches of snow covered the ground for New Years and on Sunday morning the mercury dipped down to 20 below zero.

There was a full church for service on Christmas Day and also for the Sunday School program on December 20th. The child ren with the help of teachers and parents put on a fine program after which lunch was served to everyone present.

The young people went carolling two evenings and one evening they dressed up and went as Christmas Parts. This is a custom which the old timers brought with them from Norway.

Mr. and Mrs. Lester Sorenson entertained the following to supper on Christmas Eve: Mr and Mrs Howard Irving and James, and son Mrs Ronald Nova and Darrel, Mr and Mrs. M Nova and girls Mr and Mrs Ralph Dahl and Marion, Mrs Ingh Nova, Mrs Marie Quarry, Mr John Nova and Mr and Mrs Carl Jacobson and girls the Christmas Day the Sorensons had dinner with Lester's sister and family at Vidal Aunt Inna Nova spent the days in Stineman at the Ingvald Nova home

On Christmas Eve the following had dinner with Jacob Jacobson at the Arnold Johnson home; Mr. and Mrs. Ivan Foshaug and family, Grandma Foshaug, Mr and Mrs. Leif Foshaug and boys, Mr and Mrs. Clarence Rude and Marion, Mr and Mrs. Carl Nelson & Gerry, Mr. and Mrs. Lars Rude and girls, Mr. and Mrs. Raymond Brooks, and Ricky and Mr Ed Pharaoh.

Mr. and Mrs. Emil Rude and boys, Mr and Mrs. Charles Rude and family spent Christmas Eve at the Edwin Klein home at Viking On New Years day the Klein and Charles Rude families enjoyed dinner at the Emil Rude home

Mr and Mrs Emil Rude and boys, Mr and Mrs. Arnold Johnson and family and Ed Rhyasnik were dinner guests at the Clarence Rude home on Christmas Day and on New Years Day Rudes entertained Grandma Foshaug, Mr and Mrs Leif Foshaug and boys, Mr. and Mrs. Carl Nelson and Gerry, Mr. and Mrs. Lars Rude and girls, and Mr and Mrs Raymond Brooks and Ricky to dinner.

On Sunday, January 3, Mr. and Mrs. Lester Sorenson entertained Aunt Inga, Grandma Foshaug, Mr. and Mrs. Ralph Dahl and Mar ion, Mr. and Mrs Leif Foshaug & boys and Mr and Mrs. Arnold Johnson and boys. The occasion was in honor of David's birthday.

Mr. and Mrs. Olaf Anderson who are now moving their furniture with their son and daughter-in-law Mr. and Mrs Clarence Rude; Mr and Mrs Emil Rude; Mr and Mrs Andy Hetberg; Mrs. Magda Hellberg and Ryston; Mr and Mrs A. Kindley;

CROWDS WAIT TO PAY LAST RESPECTS TO PAUL SAUVE

Paul Sauve, 53-year-old premier of Quebec, died of a coronary thrombosis at his home in St. Eustache early 113 days after succeeding the late Maurice Duplessis. The premier's death came as a special blow to the rural community where he made his home. Despite the freezing weather residents stood in a lonely vigil waiting for his body to emerge from the funeral parlor. Many blamed themselves for dropping in at his home New Year's Day although they knew he was tired.

# Tofield To Get 4320 Feet Sidewalks Through Provincial Five-Year Plan

Minutes of the regular meeting of the Municipal Council of the Town of Tofield, held Monday, January 4, 1960, 8:00 p.m.

Members present were Mayor C. Prowsey, Councillors Harrison, Kaidal, Patterson, Jefferson, Swift and Allan.

Minutes of the last meeting were read and approved.

COMMUNICATIONS

Department of Provincial Secretary, outlining a workshop for the executive of local municipal boards to be held at Banff School of Fine Arts February 11 to 13. The Council was appreciative of the letter and would try to be represented should local party become elected.

County of Beaver Civil Defence minutes perused and filed.

County of Beaver School Committee minutes of Mrs. Ward and Pi perused and filed.

City of Calgary, asking consideration in endorsing their resolution opposing the proposed increase in Social Taxation being received by the Bobby Government Council. It was not disposed to comply with the request at this time.

Department of Provincial Secretary giving details of Five-Year Plan for Recreational Facilities, designed to assist communities other than the two major cities, and stating that $10.00 per capita was the basis for distribution of the grant for this purpose. The Department was to be contacted for further details and possible meeting to be arranged. The Council also kept in mind the grant for a swimming pool which is also possible to be taken advantage of under certain regulations.

Provincial Planning Advisory Board, concerning a meeting held at Camrose and of the statements of same. Further developments would be advised.

Minister of Highways, outlining the Five Year Plan for paving and sidewalks, of sidewalks only. Plan A allotted 1 block of pavement and approximately one usual foot of sidewalk. Plan B proposed 3/20 Lane, feet of concrete walk. Which of walks to be 5 1/2 feet in business block and 4 1/2 in residential. The Council accepted Plan B for Tofield, as they felt that this was a little more than one block of pavement, and some sidewalk. The improvements to be completed, and the copy of Plan of Tofield to be completed and forwarded to the Department with a resolution to that effect proposed laying of new walk Specifications in connection with gutter, Curbing etc on south s of Councillors Allan and Ladd.

Canada Board of Trade, asking the support of Council in a resolution to be sold at Viking, for an organization to promote Highway #14 as a main traffic road between Edmonton and Edmonton, and also the Yellowhead Route. The request was agreeable and the Holden Board of Trade advised accordingly.

Department of Public Health, that an Operators' School would be held January 28, 31 and 22 in the Jubilee Auditorium. If enough men would attend. Arrangements were made for Mr Albert L. Cant to go, his expenses and remuneration to be paid by the Town.

Draper Transport, Camrose, quoting prices for gravel and sand to be laid down on the streets and avenues. The Public Works Committee was to look after this matter

The Public Works Committee was also asked to contact the County of Beaver School Committee, and Tofield Hospital Board, on a 50-50 proposition of extending existing walks to the property

Council approved application of Canadian Legion Branch No. 91 to purchase the undersized cemetery plots to be known as Soldiers' plots: West 1/2 Lot 5, all of 6, 12, 14 in Block 2 and all 2 and 4 in Block 5.

By-law No. 305, being a by-law for Occupants of Properties fronting on or abutting sidewalks being required to remove, at their own expense, obstructions, accumulations of ice, snow or dirt, was given first reading — Councillors Jefferson and Herndon, and seconded reading — Councillors Kaidal and Swift.

By-law No. 309, being a by-law preventing obstruction of streets, lanes or highways, leaving open spaces unprotected, etc., was given reading: 1 first — Councillors Jefferson and Herndon, second — Kaidal and Swift.

A protest one for Winter Works Programs of grading streets and lanes has been completed and sent for necessary signatures.

An increase from $100.00 per month to $120.00 per month was approved to H. H. Tiedeman for garbage pickup. This same remains private for extra dwellings erected in 1960.

Annual police report was to hand and was to be reported in condensed form for information of taxpayers.

All accounts were initialled for payment by Councillor Jefferson.

Annual assessment for 1960 has been completed by Department of Municipal Affairs

On a motion of Council on Jefferson and Patterson, a resolution was approved to borrow $60,000 from Bank of Montreal to finance current operations

The annual ratepayers' meeting will be held at 8:00 p.m. on Monday, February 1, 1960 for a report of Council.

The Council approved the sale of Lots 3 and 4, Block 12 for proposed site of new post office to the Government of Canada.

Mr. Helge Reger was present concerning garbage pickup but no contract was made at this time.

Associated Engineering Ltd. are to be asked about cost and maintenance of a swimming pool, if possible to take advantage of the proffered grants by the Provincial Government.

## Cold follows to California

Mr. Theodore Genoski of 6140 Jersey Ave., Arlington, California writes to let us know he did not get away from cold weather when he moved from Tofield to southern climes. Along with a two-year renewal to the Mercury Mr. Genoski sent a newspaper clipping describing the effect of 25 degrees napkin on the citrus farms.

Genoskys note had to be kept burning to protect the trees and think School Attendance dropped 50 percent as students sustained the orchard heaters and when smudge oil ran out, gathered old tires to be scattered through the groves and burned in a desperate effort to combat the cold.

Further damage was done by the smudge which smothered all of Southern California under clouds of black soot, seeping into homes and ruining walls and curtains

## W. Ewaniw wins $86 Jackpot Bingo

Tofield Community Theatre Bingo Jackpot amounting to $86 was won last Saturday night by W. Ewaniw

A new jackpot will be started at $50 at this Friday evening's Bingo and will be added each show night until won.

Showing this Friday and Saturday, the Academy Award winning picture, "Gigi"

## Ryley 4-H Club Member Tells of Eastern Trip

Last summer at the Provincial Exhibitions at Olds I was one of the two winners in the Dairy Club to win the trip to National 4—H Club Week in Toronto. The other Dairy winner was Terry Foster of the Sylvan Heights Dairy Club. There were 11 members from Alberta, who attended the National Club Week The Alberta leaders were Mr. Lee Culver, Supervisor of 4—H Clubs for Alberta, and Miss Arlene Nelson, District Home Economist from Red Deer

Before we left Edmonton on Wednesday, November 11, we were honored by a banquet tendered by the Alberta Wheat Pool at the Macdonald Hotel in Edmonton. We left Edmonton that night at 10 p.m. and arrived in Toronto on Saturday morning, Nov. 14. After dinner that day we left by chartered bus for the Toronto Parliament Buildings Here we were welcomed by Hon. H. A. Goodfellow, Minister of the Ontario Dept. of Agriculture. From there we proceeded to the Royal Ontario Museum and then to Casa Loma.

Casa Loma is a huge castle, built by Sir Henry Pellatt, in 1911. Casa Loma was Sir Henry's dream castle and was brought to realization from sketches and data gathered by him during frequent visits to England and Europe. In this building were such things as horse stables, swimming pools shooting gallery and fully equipped

The castle contains 98 rooms There are hidden staircases leading to his private bedroom and to his wine vaults. There was a library that would accommodate 100,000 volumes. The drawing room had hand carvings that cost over $30,000

One of the amazing features of the castle was Sir Henry's private bathroom. The inside was all marble and there were solid gold fittings. In this bathroom there were six taps, two for hot and cold water and four for different kinds of perfume.

During the years of the depression when the stock market crashed Sir Henry found Casa Loma too great a burden and decided to retire to his country home. The castle was taxed at $1,000 a month

The Ryley 4-H Club then came into the

(Continued on page 5)

## Government grants $10 per person for recreation

Grants based on a 10c per capita basis will be given to communities of 100 or more population, except Edmonton and Calgary, to assist in the acquisition of recreational facilities, will be made available for the use in the second part of the Alberta Government's Five Year Program, it was announced today by the Hon. A.R. Patrick, Provincial Secretary. An amount of $1,653,000, is proposed to be spent on this portion of the program, officially announced by Premier E.C. Manning August 14, 1959.

Population figures used to compute size of grants will be the figures used by the Department of Municipal Affairs in 1959 for grant purposes.

The grant will be approved for any feasible plan of recreation facilities that can be applied to any project undertaken since January 1958. Any project that can be completed by the end of the year plan period will be eligible for approval.

Consideration will be given to projects planned jointly by ad jacent municipalities, the minister said.

Applications for the grants will be made by the council of the town, village or city concerned, to the Provincial Secretary. Hamlets of LIDs must make representation through the Department of Municipal Affairs, while those in Municipalities and counties will be handled through the municipal or county council.

The Hon. Mr. Patrick pointed out that the plan does not attempt in any way the existing government assistance of $7,000 towards erection of swimming pools in towns and villages

## Around the Town

Mrs. D. Warner and little daughters Valerie and Ava Lynn of Edmonton are visiting this week with Mrs A. Warner.

Cliff Patterson motored to Mc Bride, B.C. on Monday, on business.

Word has been received that further badminton play has been discontinued until February 17 due to curling.

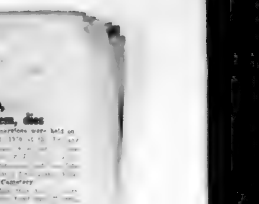
## Born in Norway 97 years ago, District old-timer, T. A Rorem, dies



... THOMAS A. ROREM ...

An oldtimer of the district, Mr. Thomas A Rorem passed away on the night of the 7th. Funeral arrangements were not known at this writing.

Mr. Rorem was born in Norway in 1862. When he was four years old he moved with his parents and four brothers to Chicago and he made his home in the States until 1904 when he and Mrs Rorem moved to Canada.

They made their Canadian home on farmland five and one-half miles southeast of Tofield and farmed there until Mr Rorem was 80 years of age

Mr. Rorem spent a year in Tofield after his retirement, and was a guest at the Alexandra Hotel at the time of his 98th birthday. Shortly after he moved to Camrose and took up residence at Bethany Home, where his wife now resides

Mr Reeves leaves to mourn his loss, his loving wife, one son Lyman of Tofield's Centre, Alta., three daughters, Mrs. Palmer Anderson of St. Paul, Minnesota, Mrs. Herbert Olsen of Edmonton and Mrs Abel Helvig of Salem, Oregon, eleven grandchildren; 17 great-grandchildren; two sisters, Mrs A.W. Amundson of Tofield, Iowa and Mrs C.B. Carlsrhus of Minneapolis, Minnesota

## High School News

BASKETBALL

Up until now the Tofield High School Basketball team has been playing exhibition basketball with the other school teams in the County of Beaver. So far Tofield has done quite well, winning three out of four games

As for the basketball league, it starts January 15th with Ryley playing at Tofield. Other Tofield home games are — January 22, Penor at Tofield. February 5, Holden at Tofield. February 19 Viking at Tofield

These games are open to the public and the students hope to see a large crowd attending

CURLING

Tofield High School students have formed a league consisting of eight mixed teams. These teams curl every Saturday morning at 10 a.m.

On Saturday, January 16, Taylor, Pearson and Carson will hold their annual curling bonspiel at the Tofield rink. Tofield High School has decided to enter a rink and we all know they got to leave Tofield for the Edmonton bonspiels.

STUDENTS UNION —

Last Friday afternoon the Tofield Students Union met to hear Miss Dorothy Stewart of Vermilion who made a trip last summer to the United Nations in New York. Her trip was sponsored by the Oddfellow and Rebekah assemblies of Alberta. Along with her delivery of the lectures which she heard while there she showed slides of a few of the many highlights of her trip. After the slides she showed scenes of which she had brought home with her

## Local couple celebrate 46th wedding anniversary

Congratulations and best wishes go out this week to Mr. and Mrs. William Sedlacek who celebrated their 46th wedding anniversary on Sunday, January 10. Both Mr. and Mrs Sedlacek, better known as Bill and Carmen, are district old-timers, Bill having been 55 years.

They were married in Tofield on January 10, 1914, in the home now occupied by the Ted Gray family, but was at that time the home of the Anglican minister. Mr Sedlacek came to Tofield from Fairland and B.C. and Mrs. Sedlacek from Oklahoma and Kansas Mr. and Mrs. Sedlacek set up housekeeping on a farmstead west of Tofield in the district which was later named for them. They enjoy reliving the old days when much of the local dramatic was provided by the Sedlacek Orchestra

Mr and Mrs. Sedlacek retired from farming in 1946 and moved into Tofield's present home later They had their anniversary party at home.

CHAMPIONSHIP FORM is displayed by twice World's Champion Al Ezmon in the all new 19th Edition of the fabulous Ice Capades starting January 16 at Edmonton.

## OF MANY THINGS

CBC and TALENT

Some time ago, a well-known TV personality charged that wherever CBC money was going, it certainly was not going to the performers.

I began to take a very close look at CBC. For what reports we'd found it hard to discover just what was happening to his money, so we decided to do a little investigating on our own. We were going to be up — the Press is a information service kept in touch with government departments so that the next media were almost static

[illegible] for informa tion

It was a long time coming, but they have sent part of it to me. In 1967-68 this [illegible] cost of $13,546,301 in performers' fees, and this included scripts, performing rights, music and musical arrangements. They pointed out that a producers strike in Montreal had resulted in payments by almost a million dollars, but even so, the sum paid to performers seems to have stood fairly still.

When the fee's a per cent age of production costs, the common one on broadcasting could to discuss this matter. I am not suggesting that not enough is spent on talent. I am suggesting that of the total spent talent does not get its share.

Programs, as shown on CBC's financial report, cost $47 million more — and yet less than $13 million of that goes to talent! Where on earth did the other $33 million go? Why should a show cost three times what the actual performers in participants account to? Surely that is a situation that demands some pertinent detailed answers.

Perhaps this will not get answered when the next parliamentary committee gour he's action. Perhaps too, this committee will require that the expenditures to [illegible] remote in each of the Regina, Winnipeg, Calgary and Edmon [illegible] have a [illegible] of this there [illegible] about the [illegible] Canada Labor on radio and television. However there should be some understanding of why talent costs are so low compared to other CBC expenditures.

CBC did not give us the information I asked for about the expenditures of CBC's Press and Information Department in direct advertising. I feel sure that, here too, it is far too small a percentage of much too large a sum.

Another matter that should be studied is the treatment of the CBC's finest newscaster, Larry Henderson. His lectures, giving [illegible] of Communism in Russia are received nationwide acclaim. He was at the peak of his popularity. Why did CBC suddenly insist he be a civil commissioner or be labelled?

## ROSS CREEK NEWS

Mrs. Mabel Smith. — The weather stays pretty fair this winter, eh folks? Rather bad on colds and the flu bug seems going around but we can be thankful for the animal's sake and it helps the feed shortage considerably.

—o—

Evelyn and Peggy Ferrel had their birthday parties during the holidays. Better health to you now girls.

—o—

The Women's Association had a large attendance at the home of Iris Black on January 8th. Iris had her home beautifully decorated for the Christmas season. Mrs. Isabel McLachlan, the new President started the New Year meeting out very well. An executive meeting will be held at her home on Wednesday the 15th. Church was discussed and with weather permitting a service will be held on the 17th while Rev. Musto is on sick leave. A visit to the Aurora Parkland was also discussed. The lunch was delicious as always by Mrs. Telly Hilsey and Mrs. Florence Malcolm.

—o—

A curling meeting was held at Jack Ferrel's a home last Wednesday night to beg all fans present required at fair prices and particularly from those with underpocon sale of property. Government should buy directly from the farmers and from the usual farmers first. They should first buy up to a certain amount from every farmer by quota, to control the market can absorb. This would leave surpluses on the hands of those who raised them. Some city dailies propose to subsidize 200,000 unemployed and their families. This is the people who produced the food at government controlled prices to help win the war, helped build up this country and make it a safe place in which to live. These farmers, with most of their sons and daughters in cities on a 60-hour week and spending weekends at the ends of the earth, find themselves taxed to death to provide schools, highways and services for children living in suburbs of cities and towns.

My succession of government purchase at fair prices from the small farmer, first, to whatever the market can absorb then by quota, would leave surpluses in the hands of those who caused them. The government did it in the first place; they should be able to do it again.

Farmer

—o—

Mr. and Mrs. Ivan Malcolm and family were dinner guests with Al and Marion Simpson on [illegible]

—o—

Graham and Elma Schneider and boys were Sunday supper guests of Mr. and Mrs. John Hennig of Andrew.

—o—

Sunday visitors at the home of Mr. and Mrs. Abe Ford were Lester and Wilma Osborne and boys, Jon and Vera Sadowski and girls of Lindbrook.

—o—

I'm to take a lesson from the three little monkeys who cover their mouth, eyes and ears with their hands and said, "See no evil, speak no evil, hear no evil.

## LETTER — to the Editor

Indirectory payments are a well intentioned step in the right direction but not the answer to farm surpluses. Lifting up by people with accumulated wealth and highly mechanized equipment. The answer is for the Govern ment, through a new set of offices, to buy all farm products required at fair prices and particularly from those with underpocon sale of property. Government should buy directly from the farmers and from the usual farmers first. They should first buy up to a certain amount from every farmer by quota, to control the market can absorb. This would leave surpluses on the hands of those who caused them.

Some city dailies propose to subsidize 200,000 unemployed and their families. This is the people who produced the food at government controlled prices to help win the war, helped build up this country and make it a safe place in which to live. These farmers, with most of their sons and daughters in cities on a 60-hour week and spending weekends at the ends of the earth, find themselves taxed to death to provide schools, highways and services for children living in suburbs of cities and towns.

My succession of government purchase at fair prices from the small farmer, first, to whatever the market can absorb then by quota, would leave surpluses in the hands of those who caused them. The government did it in the first place; they should be able to do it again.

HUSBAND-WIFE TEAM JUDO EXPERTS

Mrs. Angela Fagan, a 110 pound housewife of Toronto, recently obtained a black belt for judo proficiency. Her husband Vern already was a holder of a black belt so they are a unique couple, the only husband and wife team in North America to have scaled the judo heights. According to Mrs. Fagan there is nothing like judo to work off tension or ease destressed nerves. Angela pictured above shows how a husband can be handled.

CBC/TV has a new Maggie Muggins, the 8 eight-year-old Mary Long of Toronto, a little bundle of natural charm who is making her first public appearance in this role. Mary plays the little girl whose adventures with Fitzgerald Fieldmouse and her other puppet friends keep young viewers entertained each Tuesday.

—o—

## KINGMAN

KINGMAN — Mr. and Mrs. A. W. Wick were Sunday afternoon visitors at the home of Mr and Mrs. Roy Mutch.

—o—

Mr and Mrs Stowik and children visited with Kingman friends over the week end

—o—

Mrs. Wick had lunch after church with Mrs. Hutchen

—o—

Mr. Hugo Hermann and Mr Myron Hermann visited with Shirley Wilson on Sunday evening.

—o—

Mission Circle met at the home of Mrs. Kohut on Tuesday this week.

—o—

Sunday School at the Lutheran church every Sunday at 10:30 Mass church service will be at 3:00 January 17.

—o—

Rev Haugen and family were guests of Miss Mabel Simonson on Sunday.

## GREEN ACRES

by H. A. GUNNING, B. A.

FARM ACCOUNTING

Farm accounts are a more essential feature of the farm business every year. Start the New Year by keeping accurate farm accounts and records. Have you analyzed last year's (1968) records? If you have you will have noted the changes in your inventory as well as your revenue and expenses comparisons. If you are keeping a yearly account book, the first requirement is to enter the beginning of year inventory. This is very important as you need it when the end of the year comes to determine the changes in your inventory along with your cash earnings.

Other farmers show a low net worth caused by a substantial inventory increase for the year. Each operator should know what changes have occurred in his inventory at the end of the year, so he can plan better for the future. Many farms, including basics, oil companies, etc. have satisfactory account books to offer to farmers. If you haven't a suitable farm account book contact your local agent or bank manager. Your D.A. would also be pleased to discuss with you suitable types of Farm Account books.

BEEF CATTLE IMPLANTS

With interest these days in implants for beef cattle, Leth-bridge Experimental Station suggests first don't skimp on feed and second don't be in a hurry to use implanted cattle. Implanted cattle can make greater gains but they must be given enough feed and water to provide for these gains. There will be no advantage from implants unless the cattle get enough to eat to utilize responses from the hormones. The other point is that while implanted cattle are gaining faster they may not finish faster. They are putting on more meat but require an hour is not slightly longer period to properly finish. The Experimental Station also reports that carcass quality is not lower in implanted cattle. Their recent results indicated that from 1 loss of 37 cattle in each lot the implanted cattle yield 26 choices and one good, the untreated cattle yielded 15 choice and 13 good carcasses. As for as gain of the two lots fed at the Research Station, the implanted cattle gained 2.1 lbs. per day on the average, while the untreated cattle had an average gain of 1.4 lbs. per day, or a difference of .7 lbs. per day in favor of the implanted cattle.

FROZEN FLAX

Don't feed frozen flax to cattle or sheep. Frozen flax is poisonous and very small amounts of it in a ration can cause losses.

Well matured (not frozen flax) is not dangerous in limited quantities. All others are known to contain prussic acid, a deadly poison that can kill cattle and sheep very suddenly.

PROVINCIAL FIELDMAN AND SWEEPSTAKES

Crown producers can enter in to the Provincial Cream Competition by sending a can of cream (at least 20 lbs.) to one of the Dairy plants at Edmonton. Cream for competition must arrive at the Edmonton plant by 9 a.m., Wednesday January 29th at which time the judging will take place. Tags and instructions on shipping can be obtained from your local creamery. Ten cash prizes are awarded plus trophy to winner.

DAIRY MEETING

Publicity has already been given in this paper to a Dairy Meeting that will be held at Ryley on Friday, Jan. 24th. This is a one-day meeting commencing at 10 a.m. to 4.30 pm. All dairymen in the County of Beaver are cordially invited to attend. Speakers from the Department of Agriculture and Veterinarian will be on hand to discuss such topics as feeding management, hormone disease and breeding (A.I. Service) Again the date is Fri. Jan. 24th, the place is the Ryley Legion Hall and the time is 10 a.m. to 4:30 pm. Everyone is cordially invited to attend.

WARNING

Compound (1080) Coyote Poison Baits will be placed on the following locations the first week in January, 1969:

S. E. 21—52—20—4
N. E. 6—50—15—4
S. E. 23—49—12—4
S. W. 8—46—12—4

PARAGON THEATRE
HOLDEN

FRIDAY — SATURDAY
JANUARY 17 and 18

The Mating Game

Comedy, starring Debbie Reynolds, Tony Randall, Paul Douglas and Fred Clarke. An offbeat comedy about a zany family and on the novel "Darling Bede of Mac." In Cinemascope and color.

TUESDAY — WEDNESDAY
JANUARY 20 and 22

Dunkirk

War Drama — Starring John Mills, Richard Attenborough & Bernard Lee. In a undercurrent story style the story tells of the heroic manoeuver to extricate the defeated British army at the port which bears the name of the title of the film.

FRIDAY — SATURDAY
JANUARY 22 and 23

Housebost

Comedy — Starring Cary Grant, Sophia Loren and Martha Hyer. A widower and his three children, and what happens after the father hires a glamorous housekeeper and sets up living quarters on a houseboat!

## Paragon News

The Paragon Theatre Inc. completed the installation of up-to-date Cinemascope equipment, and thank's to the response and patronage received, hope to have this paid for within a couple of months.

In connection with the film companies, who are going all out to give us the best in pictures, the complete "Operation Payment of Tax Arrears" is now launched at this theatre.

At this time, we solicit the cooperation of all our patrons to help us overcome this financial difficulty. In return, we are very proud indeed to present to you, as you have already noticed, a complete program of the best & top pictures available. Note that the January program is all good without exception

The management is anxious to avoid advanced prices as much as possible, but on some of these pictures, the film companies put prints on percentage and they set the price, and we have no alternative.

The Young Philadelphians", playing January 26 and 27 is one of these, and prices here must be 75, 50 and 25 cents.

## Ryley Dairy Club hosts Vegreville and Viking

On Saturday evening, January 9 the Ryley 4—H Dairy Club was host to the Viking and Vegreville Dairy Clubs. Charlie Matthews, President of the Ryley Club welcomed the visitors and called on Mr Westmancott who further welcomed the clubs and called on Mr Cotterel of Viking and Mr Ralph of Vegreville, club leaders, to introduce the members of their clubs. After this Mr. N Chesnik, D.A., spoke a few words and then showed two movies of Ryley 4—H Dairy Club Achievement Days 1966 and 1968.

Charlie Matthews introduced the main event of the evening, which was reports by Elaine Hurd of Ryley and Perry Fleeter of Falun of their trip to the Royal Winter Fair Elaine and Perry were the 4-herts winners in the Dairy section of 4—H club competitions and trip to National 4—H Club Week in Toronto. Elaine's report will be in the Mercury

Perry considered the highlight of his trip to be the fact that he was chosen from among the delegates to reply to the address given them by Prime Minister Dettenbaker, and that Mr. Dettenbaker showed a warm and personal interest in him

After giving their verbal reports Elaine and Perry showed interesting movies and slides of their trip, the Royal Winter Fair and sightseeing tours. Following this Mrs. Winemen showed slides of various club activities.

## Ryley News Items

RYLEY — We are sorry to report that Mr. George Lyons has had to be in hospital for a few days.

—o—

While hurrying down to the skating rink, Colleen O'Brien fell and injured her leg but wasn't badly enough to confine her to bed for a day or two.

—o—

The Ryley Curlers returned from fishing at Buck Lake and reported a good catch

—o—

Several former players on the Ryley Senior Hockey team had a get together the other day. They are hoping to organize a team again. Plans are underway to organize Junior teams also.

—o—

Mrs Arnold Bugge went up to Dried Valley for a few days to help Janette and Brian get established in another home.

—o—

The Ryley Curling Club is in operation now and curling is going full swing.

—o—

B.O. Kirkwood of Ryley left on an early morning train recently for Dawson Creek and other points north after spending the holidays with his mother Mrs. Harry Locke.

## Fashions

White pique is used for a two-part swim suit, lined with jersey. The bra uses four bran buttons for a bright contrast to the skirt white. The shirred-waisted pants have elasticized gussets for an unclothed look and slip in back for the properly snug line.

Of course, the crack train isn't likely to pull in at your Imperial Esso service station, but it, too, is an important Imperial customer and plays quite a part in your everyday driving.

Why competition among oil companies for customers like "The Canadian" benefits you

You and customers like the railroads want to be sure that you are getting the best products, the best service and the best price.

In Canada there are 74 oil companies competing to serve you and your car. Imperial is one of them and has 13,000 people working in oil fields, research laboratories, refineries and sales forces — all helping to compete for business.

The standards of quality, service and price that it takes to win railroad business benefit all our customers, large and small.

That's one reason Canadians have made Esso stations the busiest on Canadian roads.

ESSO IMPERIAL OIL LIMITED
... for 70 years a leader in Canada's growth

## CHILDREN'S FRIEND

Traffic was held up at an intersection in North Bay, Ont., as a small boy marched over to Traffic Constable Al Farrow and presented him with a package. Later Constable Farrow found his gift was a box of carefully wrapped homemade candies with a note inside which read, "To our good, big, friend from all your little friends. A Very Happy Christmas. Grade 1, St. Mary's School."

CORRESPONDENT

If an orientation skit or other noise is in progress and improve it should be concerned with talking definite steps in attempting to evaluate activities and projects. One of the committees of an organization could be an active Evaluation Committee which would study its strengths, weaknesses and shortcomings and decide means of improving its activities and projects.

Several informal methods of evaluation can be undertaken. Some of which are (a) observation, (b) check sheets, (c) questionnaire evaluation, (d) and informal discussion evaluation.

Observation is one of the simplest types of evaluation. If for example, it was decided to find out how many and who is an organization were participating in a discussion during the general meetings it is relatively simple to have a person record the members who participated and how often. On the other hand, if the group decides to rate several of the meetings, every member might be asked to record procedures and meeting conduct which he or she saw that might be improved.

The same approach can be used with "listening evaluation," as with observation evaluation, that is, it can be done by an individual, group or an outside membership and can provide information on such questions as "Are they being conducted according to good parliamentary procedure?"

Equally important in the fashion and home items for this season — accessories are the finishing touches which personalizing an individual and her home.

Accessories should harmonize with the existing home. There are two types of accessory, the utilitarian variety and the purely decorative one. The utilitarian accessory is a lamp, ashtray or bookend which combines service with decorative value, whereas the purely decorative accessory may be a wood carving, picture or figurine which serves no purpose. It simply delights the observer with its form and color.

Is the object appropriate for your room? Don't attempt to use ornate driftwood on a marble fireplace in a formally furnished room. Next, is it a suitable composition to your existing accessories? Think carefully before combining bamboo plaque mats with crystal candelabra.

Fourthly, consider color. Color repetition in accessories creates color rhythm. Accessories often spike a color scheme — that is, they may be of the most intense shade used but they must repeat a color in use. Therefore, never introduce an isolated object such as one white lamp shade. Use pairs or repeat the color in further accessories.

Actually, accessories may provide the basis for your room color scheme.

Next, is the object appropriate in size and form to the area it will occupy? Use a rectangular plaster on a long narrow table or a circular tray comes nearer on a round coffee table. In other words, repeat shapes wherever possible.

It is important to use these considerations as guides, not rules. Do not be afraid to attempt the unusual, but do study relationships before you make a final decision.

## Tofield Community Library shows steady support and expansion

The Tofield Community Library wishes to thank the Tofield Mercury for their kindness and cooperation in all business pertaining to the library.

Mr. Callard has kindly audited the books and we start another year of service to the Town of Tofield and district. We have plans for the future and hope at a later date to present them to you. In the meantime, come in and meet your librarian, tell us what books you would like to read and we will try (not promise) to get them for you. The Extension Library at the University of Alberta serves a great number of country libraries, and when we send in requests, we get our turn for the popular books and it seems everyone wants the same book at the same time and in the morning say, today it is now, tomorrow it is old.

The 1960 grant from the government will be $279.62 and will be used for the librarian's salary. Also, two thirds the amount to be spent on adults and the remainder on youth.

This is for your reading — pleasure or educational — please keep your library by returning it and suggesting some authors and books before February 29, 1960.

Members of the Tofield Library Board for the year are as follows: Chairman, Mrs. E. Stinson; Secretary, Mrs. M. McConnell; Librarian, Mrs. W. H. Prentice; Assistants to Librarian, Mrs. J. A. Richardson, Mrs. A. Dodds, Mrs. Howard Whitney, Mrs. Audis Wilkie.

## County of Beaver County holds meeting on Thursday, January 14

The councillors of the County of Beaver No. 9 met in regular session on Thursday, January 14. The meeting was called to order and the minutes of the last meeting were read and approved, also the action of the Subdivision Committee meeting held on December 21 and January 13.

Secretary Manson reported that Mr. Dunphy of the National Department of Reconstruction had inspected the portion time frame at the hill crossing and admitted they were many matchers and made the approach too narrow and said there would be removed in the course of time if the County would widen the approaches when needed. This report was received.

The winter works program was received.

Correspondence regarding the Five Year Plan from the Department of Municipal Affairs was read and ordered filed and a by law was passed for the taking of counts at the Hamlets of Bruce and Kinsella in regard to the money for the Five Year Plan.

A letter was re aived from the town of Vermilion regarding the government's decision to put a chronic hospital for this area at Lloydminster. It was decided that this hospital at Lloydminster was much too far away for Beaver County and Messrs. Starkey and Mc wson were appointed to go to a meeting to be held at Vermilion and to protect the hospital being put at the extreme edge of the district it will serve.

An invitation for the councillors to go to Camrose to a curling session on February 18 to compete with other MDs and Counties county was accepted and four, namely Johnson, Bennett, Hagreen and Gibson will attend.

Officers for the forthcoming election in Division 3 and 8 were selected and polling places also rates of pay for rents and officials.

Adjourned for coffee.

The Public Works statement was placed before the councillors and was accepted.

Bills and accounts were examined and ordered paid.

Three readings were given to a by-law covering borrowing money for the present

A traffic by-law governing the speed limits in the Gas Co. village north of Viking was given three readings, the speed limit will be 25 mi es per hour in the camp and signs will be posted.

Instructions governing Federal-Provincial Emergency Unit-wording Grain Assistance Policy was read and applications will be reviewed at the next meeting.

The correspondence was filed as read.

The meeting adjourned to re-convene on Tuesday, February 9.

## MD Vaccination program nears completion

The vaccination program will be completed on January 19 and there are several calves that were missed. A second call will have to be made to finish the vaccination program. Farmers should realize that these second calls add to the cost of the campaign. So far the Service Board has not encouraged veterinarians to make an extra charge for second calls.

Reports from numerous sources continue to come in of farmers refusing to vaccinate feeder calves in some cases this may be a misunderstanding of regulations which state that ALL HEIFER CALVES BETWEEN THE AGE OF 4 AND 12 MONTHS MUST BE VACCINATED. Farmers that have calves that were missed will be notified of the day the veterinarian will call and their co-operation is expected in order that we may be able to carry on the like campaign with a minimum of trouble next year.

Max Boyko
Field Supervisor
County of Beaver
No. 9.

## Ryley newlyweds feted by friends and neighbors

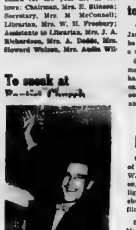
Friends and neighbors gathered at Victory Hall on Sunday afternoon, January 17 to honor Mr. and Mrs. Bob Bakos, who were married recently.

When the couple entered the hall the group rose and sang "For They Are Jolly Good Fellows" and " My Best To You."

After a few games were played Mr and Mrs. Bakos were seated at a table. Miss Dyer and Barry Stumbo came in pulling a large tool box on a little wagon & after a trip around the hall, parked it before the guests of honor. Bob and Barb opened the toolbox containing a number of lovely gifts, on behalf of the community, and a four lamp on behalf of the Athletic Club Mildred and Bob rose and expressed their appreciation in a few well-chosen words.

After the gifts were opened the table was cleared and set with china, and silver and two small vases of flowers. A very pretty feature was a string of large three-or-covered letters spelling "Mildred and Bob", across the hall, just behind where they were seated. A delicious lunch was served and a quite a while was spent visiting and admiring the gifts.

## To speak at P...-Kin Church



Rev. John Tebbe, former Edmonton and Innisfail pastor has returned to Canada after four years of successful ministry in India, as vice president of Youth For Christ.

Rev Tebbe is now touring the provinces with film and recorded music as well as relating the thrilling story of his experiences in that land. He will be at the Baptist Church, Sunday morning, January 24.

## Tofield team win in 'spiel at Wetaskiwin

Two teams made up of Tofield Masonic Lodge members curled in the annual Mason's 'spiel at Wetaskiwin on Sunday and were fortunately able to bring home the trophy. Teams were skip Art Prasch, Marvin Bruce, Graham Allan, Ed Watson; Skip John Moore, Bill Christensen, Arnold Swift and Verlyn Rose. George Arnott, Jack Hardy and Jack Whyte went along to assist the local teams with their moral support.

Sixteen rinks representing Masonic Lodges at Fort Saskatchewan, Lamont, Leduc, Wetaskiwin, Tofield and Edmonton took part in the spiel. Each team curled four 8-end games and winning lodge was decided by total points.

The trophy is a brand new one presented for the first time by the Wetaskiwin Masons and will be up for annual competition.

## Tofield Senior Hockey Club wins close one over Dodds

Last Tuesday, 19th of January, Tofield Seniors defeated Dodds Seniors 4 to 3 after four minutes of overtime. Doug Dunn notched the overtime winner on a pretty

good for the Tofield club.

Goaltending went to both keepers both, Floyd Taylor and Ed Taylor.

Donald Reth for Dodds and Lawrence Williams for Tofield played excellent goal in the contest.

Tofield Seniors have played four games thus far Tofield 6, Gobs's 1; Tofield 4 Ministik 7 Tofield 5, Dodds1; Tofield 4, Dodds 3.

There was a very disappointing crowd at the game. We would like to see more Tofield supporters out at the games instead of just the opposition's fans

We would like to remind everyone that the Double Down Rockers from Edmonton are coming down on Saturday, January 23 at 1 30 sharp. We hope to see a good crowd at this game and everyone afterwards.

Next Tuesday, Tofield vs Dodds again.

We would like to take this opportunity to thank George Cabena and Pat Kaycke who have taken the duties of referee and linesman for the past season

Cliff Cabena is the reporter for the Tofield Senior Hockey Club. Any team wishing a game with the Tofield Seniors please phone 112, Tofield

## Ministik News Items

The Ministik Ladies Club held their Annual Meeting on Wednesday, January 13. After the business was attended to and refreshments made for 1960, a new slate of officers was elected for the year President, Mrs Janne Hoddick; Vice-President, Mrs. A. Kleinschrath, decreasary, Mrs. A. Ferguson, Sick Committee, Mrs. H. Hennessey; Entertainment, Mrs. A. Whitesel. A bingo was planned for January 28 at Ministik Hall.

Mr. and Mrs. Claude Loach and Chester were Sunday visitors in Edmonton at the home of Mr. and Mrs. Stanley Williams and family.

Mrs. Archie Clarke of Edmonton came out one day last week and took her dad, Mr. W. C. Barnes in to spend a few days with her and her family.

Mr and Mrs Alex Kleinschrath and Mr and Mrs. George Kleinschrath and family were Sunday dinner guests of the Johnny Kleinschrath's in Edmonton.

Mrs Jack Murray of Clarkon Creek, Alberta, spent the week end with Mrs. Gladys Hoddick.

Norman Penrice and his mother, Mrs. A. Penrice, returned from Calgary on Friday. They spent a very enjoyable five days visiting friends and relatives in that city.

Mr and Mrs. Frank Sawbey were Sunday dinner guests at the home of Mr. and Mrs George Lawrence in Edmonton.

The local hockey team played against Tofield on Saturday night. The score being 8 - 3 in favor of Tofield Neil Waters got a cut on the forehead which required several stitches.

Mrs. Sarah Waters of Edmonton stopped in to see Mrs. Jim Hoddick on Thursday on her return from Steiden.

Gary Ferguson will be a few dollars richer when he sells a milk cow he received in a will last Tuesday. There was a lot of excitement at the Ferguson home that day.

Mr. and Mrs. Faden Bowerman of Okotoks spent the weekend at the home of Mr. and Mrs. Ben Bowerman. Faden is here attending the Surveyors' Convention at the Macdonald Hotel.

Mr. Jack Labrecki took the church service on Sunday, which was very much enjoyed by those who attended. Mr. Howard Usher will take the service Sunday, January 24

Get well wishes are extended to Mrs Bill Hoddick who is a patient in the Tofield Hospital.

We are glad to report that Mr. Frank Sawbey has returned home after a long stay in the hospital

We are also glad to hear that Mr Alex McNorman is coming along well after breaking his leg and who has been in Tofield Hospital the last two weeks.

Mr Douglas George and Valerie visited with Mr and Mrs Stanley George and with the Jim Reddick's family on Saturday afternoon.

## Hay Lakes wins district playdowns

District playdowns in the British Consul Spiel took place on Tofield ice Sunday and Monday. Five teams representing Hay Lake, New Sarepta, Round Hill, Holden and Tofield competed, with Hay Lakes out-curling Tofield in the finals. Tofield's team personnel were George McFadzean, Conrad Paterson, Bill Duncan and Bert Everett.

Playdowns continue next Sunday with Hay Lakes playing the winner of the other end of the district, at Wainwright Winner of this playoff will then go on to compete in Edmonton.

## Evangelistic services to be held in Tofield

Commencing Sunday evening, January 24, Dr. Jim Mercer will be at Tofield Baptist Church for a six day campaign.

Dr. Mercer is well-known in many U.S. and Canadian cities, having preached in numerous campaigns. He will be holding services in various Alberta towns and cities until spring.

## Ketchamont News

On Friday evening at the home of Mr. and Mrs. Pat Beare the W.A. members and their husbands enjoyed a social evening. High light of the evening was the showing of some interesting films

Sunday afternoon Mr. and Mrs. Harold Schultz and family were visitors with Mr. and Mrs. Chester Coombes.

Mr Harold Coombes is away on a fishing trip to Ashmount for a few days

Verna Lawson was an overnight visitor with Elvera Carlisle one night last week.

Mrs L. McGillvitie and Mrs. A. J. Williams were Sunday dinner guests with Mrs. McCowan in Tofield

Mr. and Mrs Roy Reinhart and family of Rose Creek were Sunday dinner guests with Mr. and Mrs. E. E. Carlisle.

Mr and Mrs. Don Carlisle and family visited with Mr. and Mrs James Carlson of Camrose on

Mr. and Mrs. Lars Olson of Ft. Sas called on Mr. and Mrs. Ronald Coombes on Friday evening. They brought Karrie Lynn Wiebe back with them.

Mr. and Mrs. Billy Mitchell brought their son home from the hospital run day last week. They have named him Robert Alexander. They are at present staying with Mr. and Mrs. W. Mitchell

Randy Coombes spent the weekend in Olds with his aunt and uncle, Mr and Mrs. Arnold Wiebe. He went down with his grandparents, Mr. and Mrs. Lars Olson when they took Karrie Lynn back.

Mr. and Mrs Don Carlisle and family visited with Mr. and Mrs. Roy Lee Friday evening.

Mrs. Roy Lee has been helping out at the W. Mitchell home for a few days this week. We wish Mrs. Billy Mitchell a speedy recovery also to at present a patient in the Tofield Hospital.

## County of Beaver Civil Defence Unit holds regular meeting

Members of the Civil Defence Unit Control Committee held on January 11, 1960

Those present were Cy. J. P. Reinhardt, chairman of the Unit Control Committee; Mr. C. Grose, Taber Unit Control Director; Mr. R.K. Westmacott, Deputy Unit Control Director; and Director for the County of Beaver No. 8, Mr. Walter Taylor; Director for the Town of Viking, Mr. J. Smith; Director for the Town of Tofield, Mr. Thomas Lacey; Director for the Village of Ryley, Mr. Bill Harry; and Mr. D. Johnston, representing the Council of Beaver No. 8, Mr. Palmer Hall, representing the Town of Viking, Mr. H. McNally, Staff Officer, Alberta Civil Defence North-in Zone, was also present.

The meeting was called to order by the Chairman, at 2 10 p.m.

Moved that the minutes of the November 9, 1959 meeting be approved as read. Carried.

Mr. Westmacott reported on the Civil Defence Executive School held at Ryley, November 21 to 27 inclusive. He stated that 60 candidates had been enrolled and that most of them attended every session of the school; that they all seemed very interested and pleased that they had attended.

Mr. Westmacott was of the understanding that this was possibly one of the best schools that had been held in the Province.

He congratulated the Village of Holden for their good attendance at this school.

Cy. Reinhardt expressed his pleasure at seeing the large and keen gathering that he had presented his certificates on the closing evening.

Mr McNally expressed his satisfaction with the Course, stating that in spite of the somewhat poor weather conditions during this week, the attendance had been very good.

Moved that the reports in regards to the Civil Defence Executive School be accepted. Carried.

It was mentioned that consideration was being given to organizing a second Civil Defence Executive School, this time at Viking, possibly during the week of March 14 to 18 or 21 to 25, and it was moved that arrangements be made for this School with the Alberta Civil Defence Headquarters.

It was decided that when the dates for this school are decided upon, the school be publicized in the local papers, and that prospective candidates be advised to contact either Mr. W. Taylor or Mr. S. Hehn at Viking.

Moved that the account submitted to the Alberta Civil Defence for the period April 1st to December 31st, 1959, under the Civil Defence Financial Assistance Program, as placed before the Committee at this time be accepted. Carried.

Mr Allen brought up the required Disaster Plan for Tofield Hospital, stating that it appeared to him that the Matron of the hospital was not very interested in this particular work.

Mr. McNally stated that he would contact the Nurse Consultant for the Alberta Civil Defence, asking her to contact the Matron of the Tofield Hospital, with a view of giving any assistance required to get this Disaster Plan set up.

Mr. McNally advised that a Radiation Monitoring Course would be held at Holden, starting on January 28th, the course to run one day a week for five weeks; the meetings being held on Thursdays; the Vice-Principal of the Holden school, Mr. Lars Olson, being the instructor.

It was thought that possibly some thirty candidates would take the course, and Mr McNally stated that the ideal number or candidates in this particular course would be 24.

Mr McNally also mentioned that Municipal Certificates were obtainable for candidates that had completed Municipal Courses. The certificates would be sent out to the municipality and issued by the Unit Control Committee.

Mr Westmacott and Mr. Harris reported that they considered organizing a Home Nursing course at Ryley at an early date with some 20 candidates considered available for this Course.

This Course consists of 24 hours of instruction followed by an examination.

Upon successful completion of the course the candidates will be awarded a St John's Certificate qualifying them in Home Nursing.

The procedure to follow in getting a Home Nursing Course organized, was discussed.

Moved that arrangements for this Course be made in accordance with the procedures laid down by the Alberta Civil Defence.

Moved that [illegible] the Alberta Civil Defence, dated November 19th, in regards to obtaining educational material be received and filed, and that the material, as listed in the appendix to the letter, be destroyed.

Moved the list of the candidates that attended the Alberta Civil Defence Orientation Course in Ryley as received from the Alberta Civil Defence Headquarters, be received and filed.

After some discussion it was decided to consider a Course in Fire Fighting at the next meeting, and also the question of appointing a Control Room Commander.

Moved that the next meeting be held on March 7th at 2:00 p.m.

Moved at 3:35 p.m., that this meeting now adjourn.

ARTS & CRAFTS PROGRAM

The Arts and Crafts Division of the Cultural Activities Branch is offering workshop classes in any community that requests them.

Courses are two weeks in length, except on Saturday, and are held daily from 2:00 p.m. to 5:00 p.m., and from 7:00 p.m. to 10:00 p.m. a minimum of eight students is allowed. Each student pays a registration fee of $2.00 for the two week basic course.

The courses offered "Chemurgy", "Leather", "Copper", "Weaving" and a wonderful new one in "Design."

An outline of their program of courses and other details may be obtained from the Arts and Crafts Division, Cultural Activities Branch, Department of Provincial Secretary, 8-8-08 111, Legislative Building, Edmonton Alberta.

STORING HOME FREEZERS ON BACK PORCHES

Most freezers that are factory made have horizontally sealed motors or units and with units set and which is right. It will be more safe to store a freezer on a porch in a temperature of zero; below that temperature the oil becomes heavy and the problem is not so much with the compressor as with the starter on the motor. The solution offered is a simple one — place a light bulb of 40 or 60 watts under the motor and pump or hermetically sealed unit. Just to be on the safe side it would be best to place this bulb in position to be on if the temperature falls to ten or fifteen degrees above zero. It has been found that the heat from the bulb will be just enough to keep the oil from getting too heavy. There is no danger so far as the refrigerant is concerned when the weather becomes cold.

If there is any problem of condensation of moisture underneath the freezer after it has been standing out in the cold it might be wise either to paint any metal parts underneath or at least to raise it off the floor so that the air may circulate underneath to prevent rusting. This is a good practice to follow if the freezer is stored in a damp basement as well.

Plants need nourishment at the time of their [illegible] should be applied only when the plants are well established and the soil in the pot is moist. Liquid or soluble crystal forms of plant food should be used as directed on the containers.

**to see the "Face of Service"**

Put yourself in Mr. Brown's place – haven't you ever wondered about your electric bill? What services it represents? Mr. Brown has wondered, and his daughter, Dianne is curious, too. Mrs. Brown, working in that comfortable all-electric kitchen is probably more interested in the results of her electric cooking than in the source. She's interested in people, though – she likes to know who they are and what they do. So, we at Calgary Power have arranged to take this family on tour. We want to show them our company from beginning to end, how it works, what it does. More important, we want them to meet the people who make it work. Join their tour, on this page, in the months ahead.

## BARDO NEWS

BARDO — Mrs. Alma Fosbang spent Monday visiting with Mrs. [illegible]

Mrs. Lester Severson, sister [illegible] Edmonton spends to attend [illegible] Mrs. Ilma Nees, Mrs. Bessie Hedberg and Pastors, Mrs. Petra Stauffer, Mr and Mrs. Albert Hagbeda, Mr and Mrs. T. Rood, and Mr and Mrs. R. Dahl.

Mr and Mrs. Dennis Fineth visited at the Leroy Fineth home on Thursday afternoon and [illegible] Mr. and Mrs. Leif Fosbang were callers. On Sunday the L. Fineth family visited at the John Holte home in Kingman.

Grandma Fosbang and Mr. and Mrs. Leif Fosbang and boys were supper guests at the George Fosbang home on Tuesday evening. The occasion was in honor of Mrs. Edith Bailey's birthday.

We are happy to report that [illegible] is home to leave the hospital on Thursday after being a patient for about three weeks.

Mr. and Mrs. Clarence Rude and Merlin helped Monica Rude celebrate her birthday on Tuesday and on Wednesday Anita had a birthday and visitors at Lars Rude's that day were Grandma Fosbang; Mr. and Mrs. Arnold Johnson and Mr. and Mrs. Clarence Rude. On Sunday Mr. and Mrs. L. Rude entertained the following to dinner in honor of the birthdays, Mr. and Mrs. Alvin Lehman and family, Mr. and Mrs. Wilbur Stauffer and girls, Mr. and Mrs. Carl Nelson and Gerry, Mr. and Mrs. Raymond Brooks and Ricky and Mr. and Mrs. Clarence Rude and Merlin.

Mr. and Mrs. Earl Kindley and family were supper guests at the Axel Kindley home on Sunday evening.

Mr. and Mrs. Emil Rude returned from Prescottville, Sask., on Saturday morning. Mrs. Carrie Kvern accompanied them back and will visit with relatives for a while.

Leif Fosbang attended a get together of Whoos Pool Agents at Vegreville on Sunday. Mr. and Mrs. Cliff Anderson were afternoon visitors at the Leif Fosbang home on Sunday.

Mr. and Mrs. Ingolf Brekken and Donny visited at the Emil Rude home Sunday afternoon.

Mr. and Mrs. Harold Severson and girls were Friday evening and over night guests at the Elmer Sather home. Glenn visited his folks on Sunday.

Mr. and Mrs. Sam Clemmons were Friday evening supper guests at the Bill Stevenson home.

Mrs. Inga Nees and Mr. and Mrs. Lester Severson and family motored to Edmonton on Sunday afternoon for the baptism of Margarete, infant daughter of Mr. and Mrs. Howard Irving. They were lunch guests at the Irving home after the services and Mrs. Nees remained in the city for a few days.

Supper guests at the Clarence Rude home on Friday evening to visited Mrs. Petra Stauffer, Mrs Edith Bailey, Mr and Mrs. Albert Hambdal, Mr. and Mrs. George Fosbang, Louisa, Gwen and Glenda. Mr and Mrs. Axel Kindley and Mrs. Ragna Hedberg and Kristeln.

Bertha Johnson and Ed Stenseth spent the week end at the Arnold Johnson home.

Mrs Anne Anderson went to the Bethany home on Friday where she will help with light duties and spend most of the time as personal worker among the aged.

Mr. Palmer Peterson of Camrose spent several days at the Leonard Stauffer home and Leander spent the week end in Calgary.

The Bardo Luther Leaguers invited the Leaguers from the Forest Heights Lutheran Church in Edmonton to a sledging party on Saturday evening. Philip Anderson took the youngsters with his tractor and hay rack. Some of the boys hooked up a horse to an old cutter and gave the city kids a ride. Many of them had never had an old fashioned sleigh ride behind a horse. Norma Anderson, Mary Fineth, Selma Clemmons and Bernice Hedberg served lunch in the church basement to the hungry youngsters.

Yet You Invite Them To Come And Visit You

MANY PEOPLE MAY KNOW WHERE YOUR PLACE OF BUSINESS IS, TOO, AND WHAT YOU SELL, OR THAT YOU HAVE SOMETHING SPECIAL THIS WEEK.

BUT DID YOU EVER THINK OF HOW MANY THERE ARE WHO DON'T, WHO HARDLY EVER DARKEN YOUR DOOR.

THE ANSWER IS ADVERTISING IN YOUR LOCAL NEWSPAPER. IT GIVES EXTENSIVE COVERAGE IN THE TOWNS AND DISTRICTS OF YOUR COMMUNITY.

Tofield Mercury

SERVES YOUR COMMUNITY FIRST

FAR EAST COMES TO CAMP BORDEN

A little bit of Japan has come to Camp Borden, Ontario, where Mrs. James Bradley parades with her daughter Irene, four, in gifts sent to them from Japan. Mrs. Bradley is one of six Japanese wives of Canadian soldiers who have been posted to the base. Most of the Japanese wives now speak English fluently and several have children attending school at the camp. All six are married to Korean war veterans.

SWASTIKAS APPEARING IN TORONTO

Defacing of signs with swastika, which began in Western Europe and spread to North and South America, Africa and Australia, is being felt in Ontario, too. Some signs have been painted on Toronto, Ontario synagogues. Peter Rautenberg, synagogue superintendent worker, takes down a sign outside London, Ontario.

## Ministik News Items

As spring just around the corner? I am inclined to think so, as Mr. Andrew Ferguson reports having sixteen baby lambs. Lambs and spring go together you know.

Mr. Stanley George brought Mr. Alex McSporran home from the hospital on Tuesday. He will be waiting on three for a while.

Mrs. A. Holmes is home again after having an operation on her foot. Also will be getting around in a wheel chair until her foot gets stronger.

Miss Laverne Pearies spent the weekend with her Mom and Dad, Mr. and Mrs. Alex Pearies.

Don't forget the grocery bazaar at Ministik Hall on Friday, Jan. [illegible]

Fred McEachern, Ronald Ourgrannes, Neil Waters and George Grummett decided they would like a little excitement so they went to New Sarepta Tuesday evening for a curling game, winning by a score of 15–6.

There was a fair turn out a church once again in honor Mr Howard Usher. The theme of his sermon was "[illegible] Son." Thanks to Mr. Andrew Ferguson for the nice warm fire

We expect Mr. Howard Munroe out Sunday, January 31, to take the service.

Mr. and Mrs. Tom Collingwood and boys were Tuesday visitors at the Russell Rowland home.

Mr. and Mrs. Stokes Bowerman are spending this week with Mr. and Mrs. Ben Bowerman. This is part of Stokes's holidays.

Have you been wondering why the RCAF Reserve plane has been flying around our area? There are three pilots in it from Vancouver learning to fly ski-equipped planes. I'm sure they have learned just that and had lots of fun doing it. They spent almost a week here using Cooking Lake as their starting point.

A game of 500 was enjoyed when Mr. and Mrs. Sydney Wright, Leslie and Victor spent Wednesday evening with Dotty and Jim Roddick and girls.

We wish Will Grummett the very best in the Tofield Hospital. Hope his stay won't be too long.

Mr and Mrs. Stanley George were supper guests at the home of Mr. and Mrs. Frank Sharpe in Tofield Monday evening. The occasion was Mr. Sharpe's birthday.

Oliver Jones had a nasty cut over his eye which required several stitches. This is the reason you have often seen him [illegible] of us lately.

Mrs. Pat Walsh returned to her home from Tofield Hospital this week. Take care of yourself, Vi.

## Fashions

The old-en, ever stimulating material color and weave of black and white is beautifully illustrated in this evening costume. The hip is a black crepe sweater blouse which, when it is not worn tucked in, may be worn as a bare bind. The evening skirt is of white satin complemented by an imported lace panel. A suede belt unites blouse and skirt.

Allis Chalmers machinery—Dodge cars & trucks

Chances are you'll never see my shrimpish C.S.L.'s flagship T. R. McLagan at your Imperial Esso service station. But she's an important member and an important one to you.

### How ships like this giant grain carrier help imperial keep the cost of gasoline down

The fuel used by the T. R. McLagan is a thick, heavy, black oil—quite different from the light volatile gasoline your car needs.

If gasoline were the only product made from crude, it would cost much more to produce. Instead, research and refining specialists in companies like Imperial have developed ways to utilize all parts of the crude, from light gases for making plastics, for example, to heavy asphalt for pavement.

In between are hundreds of other products, like oils, greases and fuel used by the T. R. McLagan and lubricants for your car.

Imperial's efficiency in getting everything out of the crude oil means the prices of all products are low. That's one reason government figures show that in the last five years the average price of things people buy has gone up nearly 10 per cent, while gasoline has actually gone down about half of one per cent.*

## New Road To Rome:

First all-Canadian air service from Canada to Rome will be inaugurated March 4 by Canadian Pacific Airlines' jet-prop Britannias flying the direct, sunny, southern route from Toronto-Montreal to Rome. The Eternal City has more than ever to offer the tourist in 1960 as it is the site of the Olympic Games. However, there is more than athletic display to lure the jaunter to Rome.

A few examples are: (centre left) The Arch of Titus, erected to commemorate the victory of Titus over Jerusalem in 70 A.D., and behind it the Colosseum, finished in 80 A.D., a vast arena which could hold 50,000 spectators. They are the two most important monuments remaining from the era of the Flavian emperors. (centre right) the famed Spanish Steps, one of the most characteristic and romantic spots in Rome. They were built in 1726. (bottom) St. Peter's in the Vatican is the largest of Christian churches. Begun in 1506, it was finished 120 years later. Michelangelo designed the tremendous dome. The Basilica and adjoining Vatican house many art masterpieces.

"I know," said the youth moorishly. "But this one didn't say 'no'. She said 'Ask Phooey'."

A doubting young romantic swore by all lovers' vows that his Charles was the fairest maid of all the world, and he would have none other.

"Be mine, Clarice," he pleaded. "If you refuse me, I shall die."

But she did refuse him, and sure enough, he died, fifty years later.

"A woman's 'no' may often turn out to be 'yes'."

## Victory hall scene of shower for Ryley bride-to-be

RYLEY — A very pretty show... to Mr. Nick Baker of Ryley was held at Victory hall on... to take place on Jan... Sunday afternoon, January 24 for... ber 26 ...
Miss Sharon Jacobsen whose mar... After a few games were played ... Sharon was seated at a table... floor a newly wed covered with pastel flowers flanked with her... were her sister Shirley and Marilyn Pope, who being assisted her with carrying the gifts. A sweet little bride and groom, Lorna Ingeck and Barry Stanko entered the hall pulling a little wagon with a clever replica of the Northern Utilities bowser station near Pow, filled with gifts. Mrs. Westmancoat had made the replica and it was a note of interest that Mr. Baker had a few years before designed the bowser station.

Mrs. Harriet Reddy, a former teacher of Sharon's and friend and neighbor of the family paid tribute to Sharon. She predicted a happy future for her and her fiance, and then presented her with the load of gifts and many more which could not be put on the load. After each gift was opened it was passed around the hall for each guest to see. When all were opened, Sharon rose and spoke a few words of sincere thanks.

While lunch was being served Sharon's father escorted Mr. Baker around the hall and introduced him to each guest. After lunch guests came forward to extend best wishes to Sharon and Nick.

## Ryley 4-H Club holds regular monthly meeting

RYLEY — Our January meeting of the 4-H girls club was held at the home of Shirley Heidebrecht. Fay Chomik acted as the chairman. There were 13 members present. Material which the club had purchased was handed out to each member to make skirts. Miss Mazoniuk, district home economist was in attendance to show the cutting and making of skirts.

Previous regular meetings were held at the homes of Sonja Bugge, Mrs. Anne Pew, and Fay Chomik. The club enjoyed a skating party at Marlyn Pope's on December 4 and another was held at the Ryley skating rink on January 4. During the Christmas season the girls went caroling in Ryley. We would like to thank all those who received us so heartily.

— Club reporter Sonja Bugge

"There's one of the smartest gals in town!"

She's stretching her home improvement dollar by calling us in the winter when we're not too busy—when we're glad to get interior renovation jobs.

Next summer we may not have time for a job like this. By having it done now, she's getting a better and a faster job because skilled workers are more productive.

Somewhere around your home or place of business there's a job to be done. It will pay you to do it now.

## Ryley News Items

Several relatives and friends called on Mrs. Till a Hones on Sunday to help her celebrate her birthday. Mr. and Mrs. Odin Eckland motored down from the city.

Arnold Bugge and the Paulson brothers have returned from a fishing trip to Boyne Lake.

Fred Jasmen, Cliff Jasmen, Glen Blakely, Lawrence Nathan, and Delbert Pope are home from the Swan Hills.

Roland Booth motored to Olds last week as a delegate to the A. I. Convention held in the Agricultural School. Accompanying him were Mrs. Booth who stopped at C.F.C. Lacombe to visit with their daughter Vera, and Mr. A. E. Sampeol who stopped in Lacombe to visit with his brother.

## GREEN ACRES

by H. A. SHOEMK, B. A.

### HOG REGISTRATION

Failure to provide registration numbers with hog shipments could disqualify Canadian farmers from participating in the Federal Government's deficiency payment scheme, Homer J. Mayhew, Associate Director of the Livestock Division, Canada Dept of Agriculture, warns.

He said a number of producers have marketed hogs without registration numbers since the new price support program went into effect January 11.

Registration of hog producers has been proceeding since last November, said Mr Mayhew, and over 100,000 registrations have been processed. Farmers who have applied for registration but have not yet received their registration numbers are being provided for through instructions sent to them with the settlements.

All producers who have numbers should be certain that a record of the number is sent with the load. This means that the trucker or shipper should record the number along with the farmer's name, address and tattoo identification of the hogs on the manifest which he delivers with the hogs.

Mr. Mayhew said the Agricultural Stabilization Board is urging the co-operation of producers, shippers, sales agencies, and processors in making registration number a regular part of the inspection that normally takes place when hogs are graded.

### SWEET CLOVER WEEVIL

Sweet Clover Weevil is a major pest of sweet clover which is so widely grown in western Canada. When seedling plants first emerge from the ground all the small leaves may be eaten in which case the plants will die. Such poor stands of seedlings are often mistakenly attributed to poor germination. It is also believed that Sweet Clover Aphid Larvae which feed upon the root bets of second years are responsible to a large extent for the spread of root rot disease of Sweet Clover. Farmers should therefore become familiar with the characteristic plant injury and the adult beetle itself which is responsible for this damage.

The adult, which is a small dark grey snout beetle about three sixteen ha of an inch long, feigns death when disturbed & is difficult to detect when lying motionless on the ground. The winter is passed in the adult stage in trash, litter, or top soil. The adults become active about the time second year Sweet Clover begins to become green. They later move to new areas and seek out Sweet Clover seedlings when it appears above the ground. Damage is more apparent to seedling plants, because growth is not as rank as older plants, and if the weevils invade the field in large numbers the entire stand can be destroyed. The females drop their eggs on the soil under second years growth of Sweet Clover. Egg laying may continue from May to August, after which the adults die. Then hatching which occurs in about two weeks, the larvae enter the ground where they feed upon the root hairs and nodules of the Sweet Clover plants. The larvae feed on the roots from five to nine weeks, then move near the surface of the soil to pupate. In one or two weeks the new generation adults appear and feed upon available Sweet Clover until they hibernate when the weather turns cold. There is one complete generation each year.

Send new stands of Sweet Clover as far as possible from old stand. Secondly, as soon as hay is taken off in the second year cultivate or plow the field. Effective control by chemicals or insect lodies is also available. Heptachlor and Dieldrin give excellent control but cost of these chemicals must be balanced against value or the crop. These insect kides can be used as a spray or in the case of Heptachlor, mixed with the seed at time of seeding.

For further information write this office for the bulletin on Sweet Clover Weevil.

### WINTER BARN MANAGEMENT

Barns that are well lighted and ventilated are comfortable for livestock and operators. Barns need not be elaborate or expensive but basic conditions such as adequate lighting and sufficient ventilation is one of the main problems of barn management and provision for it are of utmost importance to insure a dry odor-free barn. The use of paint or whitewash will aid in making the barn lighter and more sanitary.

Those farmers having ventilation problems in their barn can obtain information on this topic from this office on request.

## ROSS CREEK LOCAL NEWS

An open hospital is to take place [illegible] will be held in honor of the curl[illegible] at 8 p.m. Don't [illegible] visitors coming this [illegible]

Ten women of the RUM A visited the ladies of the Ross Creek Lodge at Fort Saskatchewan last Wednesday afternoon. Mrs. Bell Bailey and Mrs Jos Dillon took their cars

The WA will meet at the home of Mrs. Jack Powell February 3rd at 1:00 p.m. Mrs. Andrew Mc Lachlan and Mrs. Nellie Malcolm on the lunch committee

After George McLachlan's, rich and Norman dckwartz' pish play ed their schedule game on Saturday evening. Winnie had the boys over for tea.

Bessie and Kenneth Pederson had all the family out from Edmonton on Sunday

The church service and Sunday School will resume at 1:45 p.m. on February 7.

Mrs. Alvin Hauser spent a few days in Edmonton last week, having an appointment with the doc-

[illegible] Ross Creek [illegible] Mrs. Bell [illegible] Mrs. Jos Dillon [illegible] Mrs. Nick Gombick.

Hi to you, Jeannie Perrel, hope you're feeling well again and set there curling once again.

A rink consisting of Kenneth Pederson, Jos. Hesketh, Jos Kaniha and Norman Schwartz entered the British Canada Zone playdowns at Fort Saskatchewan on Friday. The boys should have had a rabbit's foot along as luck turned against them that day. They topped the day off by spending the evening at Norm's home in Edmonton.

Would appreciate any news items in the district at any time. Thank you. Bessie

Mrs. G. Tough has been a visitor at the Gludine home for over a month.

Congratulations go to Mr. and Mrs. Ely Peterson on the birth of a daughter.

## Hastings Lake

The general meeting for the Hall took place Saturday after noon, January 9. It was nice to see many interest being taken by the residents, of the district.

The new Board consists of Mr A. Gludine, president; Mr A Rowland, vice-president; Mr R Dunham, secretary-treasurer Directors, Mrs A. Gludine, Mrs. G. Fontaine, Mr E. Stewart, Mr A. Dunham. Auditors for the year are Mr J. Simpson and Mr E. Linberg

A board meeting was called on January 16 at which time a grocery stand was arranged for February 5. Everyone in the district was asked to give a donation towards the prizes.

The Social Credit group held their annual meeting at the Dunham home with the following officers being returned by acclamation: Mr A. Gludine as president; Mr. F. Dunham as vice-president and Mr. H. C. Dunham

## Lizenberger's Wife Killed in Crash

Doreen Litzenberger, wife of Chicago Black Hawks hockey player Ed Litzenberger, was fatally injured in automobile accident. Litzenberger, 28, was injured in the crash. He is a native of Neudorf, Saskatchewan.

Fashions

Floral prints that sing of spring are enlivening the resort scene just now. Here is one such, a dress of white slubbed silk, its print shading from rose to pink, set off by green leaves. The frock has a boat neckline and a front closing of jeweled buttons in groups of two. A puffed drape below the belt makes for softness in an otherwise slim, tapered skirt.

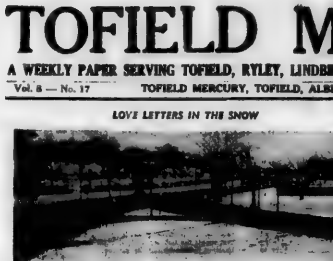
### LOVE LETTERS IN THE SNOW



A note to Judy, whoever you are: Your boyfriend must be Toronto's most earnest and resourceful suitor. It took an awful lot of precise tramping to put this love letter in the snow beside Lake Shore Rd. The full text read: "Oh Judy, The Most Wonderful Girl In The World." He missed a step and "most" came up "must."

## County of Beaver Agricultural Service Board holds regular meeting

The meeting was called to order by the chairman Cr Westwell at 1:30 p.m. with the following members present Cr. Osborne; the D.A., Mr. M. A. Chomik; Mr. A. C. Swierenka and Mr. J. H. Roddick. Rex Boyles, Field Supervisor was also present.

The Chairman now called for the reading of the minutes of the last meeting held on November 26, 1959.

MOVED by Mr. Swierenka that the minutes of the last meeting be adopted as read. CARRIED.

The discussion continued that the reason for the change in the date of this meeting from January 27, 1960, was due to the fact that the auditors would be here during that week

Mr Chomik advised that approximately 36 to 40 people attended the Planning School that was held in Holden on December 14 and 15, 1959. It was considered quite successful.

Rex Boyles stated that the usual trouble was experienced with the regard to cattle owners not keeping their cattle vaccinated for Brucellosis. Some seem to think that if their cattle are for sale it is not necessary to have them vaccinated.

MOVED by Cr. Gibson that the regulations regarding Brucellosis Vaccination be strictly enforced. CARRIED.

The subject of a Brucellosis Control Area was discussed. Under this program the Health of Animals Division of the Federal Department of Agriculture compensates a host of all cattle in a Brucellosis restricted area after applicating by the Council of that area. All reactors found are ordered destroyed and the owners are compensated, as in the case of T.B. reactors.

MOVED by Mr. Chomik that we publish the information regarding a Brucellosis Control Area and try to get the opinion of the cattle owners as to whether they would be in favor of this program or not. CARRIED.

A letter was read from the Field Crops Branch of the Department of Agriculture Stating the date of the Agricultural Service Board Conference at Stettler was definitely set for January 26, 1960, commencing at 9:30 a.m.

A copy of the Agenda was also enclosed.

MOVED by Mr. Zwierschke that this letter be received and filed and that we send a tender in at the meeting on November 25, 1959. CARRIED.

The secretary read a letter from Mr. A. M Wilson in regards to [illegible] for assistance regarding seed grain. He stated that he would bring this to the attention of the proper [illegible] and that he knew this had been considered.

MOVED by Mr. Boyd & Ch [illegible] as received and filed CARRIED

The secretary had a copy of a [illegible] Summary of Weed Control Activities in Alberta [illegible] which briefly gave it was

MOVED by Cr. Chomik that the Secretary order copies of this paper for the members of the Board. CARRIED

FIELD SUPERVISOR'S REPORT

The Fall Brucellosis Vaccinating campaign was completed on January 19, and notices were mailed for finish up 75 calls to pick up calves that were missed in the Western half of the County.

Screw worm surveys [illegible] where farmers requesting the use of 1080 for screw control. Most seem to be too heavily populated to use this bait.

Four 1080 baits were set out in the County. Re-baiting may be necessary in two places.

250 pellets were released for poison, month.

Two complaints were received where dogs were poisoned.

Five calls were made to outline the magpie poisoning program.

Two Norway rat reports were received.

Farmers who have done work for the municipality are requested to contact us regarding moving sloughs and ditches to grass. Applications should be in for this spring's planting and requests for the tree-planter made well in advance.

Rex Boyles
Field Supervisor.

MOVED by Mr. Roddick that this report be accepted and incorporated into the minutes of this meeting CARRIED.

Rex Boyles advised that the reports on Norway rats were unfounded as they turned out to be muskrats.

The problem of weeds on road allowances was discussed.

Rex Boyles stated that, although farmers are supposed to have control of weeds up to the centre line of the road allowance, these weeds were not being destroyed.

There are several miles of road allowance that are badly infested with weeds, particularly the new grades where grass has not been established.

Mr Boyles wanted to get the opinion of the Board on the use of the County sprayer to do this work. He had worked out the cost to approximately $2.00 per finished mile, and he thought ten days would be sufficient time to do his work.

He intended to start this work, if done, would be during the brush spraying season.

MOVED by Cr. Gibson that the County Council consider reducing the fee for weeds. CARRIED.

Mr. Chomik advised that he was planning to hold a one day farm management course at Tofield and possibly one at Ryley if there was enough interest.

The children's essay would include farm accounting, budgeting, losses, insurance, estates and wills.

He inquired regarding the rent of the halls for these courses

MOVED by Cr. Gibson that the County pay the rent of the halls for these short courses. CARRIED

As there was no further business it was

MOVED by Mr. Roddick that the meeting adjourn at 5:30 p.m. and reconvene at the call of the Chair. CARRIED.

## Ross Creek enjoys bonspiel

The annual Ross Creek bonspiel was held this week

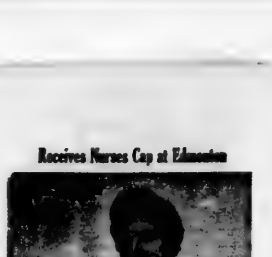
The ice was very well shovelled with referees A new trend in curling was introduced to Ross Creek by Grandpa McLachlan made the [illegible] very interesting. Gludden McLachlan and Rick from Fort Saskatchewan won the Grandpa's cup and took the Trophy home. After the game, pictures of the winning team with the trophy and Grandpa McLachlan were taken

Here is the rundown of rinks in the playing. First Event: 1st Mervin Fort, Saskatchewan 2nd N. Smith, Fort Saskatchewan 3rd K Peterson, Ross Creek 4th I. Wellwood, Tofield

2nd Event: 1st Dean, Bruce 2nd Gludden McLachlan, Ross Creek 3rd Gordon Dunlop, Fort Saskatchewan 4th Ronald Meadows.

3rd Event: 1st D. Adam, Fort Saskatchewan 2nd Thorbolt, Ross Creek 3rd Reeder, Tofield 4th Tulloch, Meadows

## Receives Nurses Cap at Edmonton



Pictured above is Miss Theresa Heitman, daughter of Mr. and Mrs. H Heitman of Tofield. Miss Heitman entered Misericordia Hospital School of Nursing, Edmonton, in September 1959 and at a recent ceremony received her nurse's cap.

## EDMONTON RINK WINS TOFIELD LADIES' CURLING BONSPIEL

The Tofield Ladies Curling club held their annual bonspiel on Monday and Tuesday. February 1 and 2, with 6 local rinks and 16 visiting rinks entered. Warm weather on Monday made the ice heavy so that one afternoon game had to be postponed but by evening the ice was good.

On Monday evening the ladies of all 16 rinks were present at the Tofield Community Hall, when the members of the ever-popular club entered to a banquet in their honor

Before the dinner three was offered by a life member of the Tofield Curling club, Mrs. Percy Hammond of Edmonton, Mrs. Georgia Christenson gave the toast to the Queen. The toast to life members, of whom 13 were present at the banquet, was given by Mrs Hazel Patterson and responded to by life members, Mrs. Gertrude Chapman of Tofield, on, Mrs Chris Martin of the Edmonton Shamrock club responded to the [illegible] ladies, given by Mrs. Muriel Turner

Members of the local club put on a short entertainment for the enjoyment of their guests. The ladies appreciated the capable manner in which the men catered to the banquet and also appreciated thanks to the local businessmen who donated prizes for the [illegible]

Winners in the four events were: Grand Challenge:

Mrs Peterson, Shamrock club, Edmonton 2 Enid Carlisle, Hillcrest, Jean Dunki, Myrna Fraser; 3. Mrs Frieda Foran of Holden 4 Mrs Ar'ybell of Innisfree.

Royal Alexandra Event

1. Mrs. Quail — Round Hill: 2 Mrs. Ford — Holden; 3 Mrs McLachlan of Ross Creek; 4 Mrs. May, Shamrock club in Edmonton.

Merchants Event

1. Mrs Mary Whyte, Muriel Turner, Faye Dodds, Kay Rohloff 2. Irma Fraser, Gladys McKenzie, Muriel Finn, Norma Kinsmil. 3. High School girls — Carol Watson, Betty Fraser, Glenda Patterson, Diane Fosbenz. 4. Joyce Swift, Mona MacDonald, Bev. Maxwell and Rose Anne.

Consolation Event

1 Mary Walchuk — Balmoral club of Edmonton 2 Mrs Hazel Patterson, Kay Kozak, Nancy Pitter and Ollie Moss 3 Edna Tofield Curling club, Mrs. Freyy Hammond of Edmonton, Mrs. Georgia Christenson gave the toast to the Queen. The toast to life members, of whom 13 were present at the banquet, was given by Mrs Hazel Patterson and responded to by life members, Mrs. Gertrude Chapman of Tofield, on, Mrs Chris Martin of the Edmonton Shamrock club responded to the [illegible] ladies, given by Mrs. Muriel Turner

## Lions Club visits Chipman

An executive meeting of the Lions club was held Monday evening and plans were laid for the club visitation to Chipman the following night. Thirteen members visited Chipman.

It was agreed that an outdoor speaker should be purchased when it was learned that Lion Bob Nadezbecki had an amplifier he would lend for the skating rink. Other efforts to procure equipment without too much expense had proven fruitless. Application has been made to the County for one of the schools which they no longer need.

The district governor will be in Tofield next Tuesday night for his annual visitation to Tofield. All members are requested to be present for this meeting.

Activities being planned by the club are their annual Easter Seal Tea and another Parade [illegible]

## News from The High School

SPORTS

On Friday, January 29th, Tofield swamps Viking students in a sensational basketball game played at Viking. The scores were: Tofield Boys 68, Viking Boys 32; and Tofield Girls 16, Viking Girls 32.

The basketball teams will play again this Friday the 5th at Bruce at 7:30. Up to date the Bruce and Tofield teams each have two wins over Ryley, Hodgeville and Viking teams and this Friday's games between these two champs, should prove exciting.

CAREER DAY

Last Thursday, the 25th of January a career day was held at the Tofield school. We had 2 speakers: Lt. Taylor of the Royal Canadian Navy and Mr. McTavish of the McTavish Business College, were showing us the opportunities of their respective fields.

Lt. Taylor spoke on the duties and history of the RCN and showed [illegible] of the boys [illegible] and are copies of an essay [illegible] Those say that Mr McTavish spoke on opportunities [illegible] and [illegible]

After the debates, the group [illegible] [illegible] [illegible]

### FATHER AND SIX OF NINE CHILDREN ACTORS

Bill and Joyce Barringer's Willowdale, Ontario, home is a hive of theatrical activity these days. Seven of the nine children performing or appearing in television, radio or legitimate theatre productions. Two have been featured in many shows including such television productions as "Tugboat Annie," "Ski Parade," "The Wayne and Shuster Show" and 11-year-old Bertie was a star in the "Channing" series. A typical scene in the Barringer household is shown above, with all, including dad, reading scripts they're working on.

## AROUND THE TOWN

We are pleased to be able to report that Leonard Ferguson returned home Saturday from an Edmonton hospital where he has been for the past two weeks. While in his stay there he had spent over ten weeks in the Tofield Hospital.

The Women's Missionary Society of the United Church will hold their regular meeting at 2:30 p.m. at the home of Mrs J Oslund on Feb 18

Mrs. Short of Edmonton, Provincial President of the W.C.T.U. will speak on the subject "Christian Temperance" in the United Church on February 17, at 8 p.m.

### Public meeting to discuss recreation grant

A public meeting to be held in the meeting room of the Community Centre for the purpose of discussing the recreational grant which is being given out by the provincial government is planned for Wednesday, February 17 at 8:00 p.m. a member of the department from the provincial government will be on hand to explain the grant. The Town council have sent letters to the local organizations requesting them to have someone at that meeting to represent them. The meeting is also open to the public

### Two local rinks in grand challenge at Press Time

With the co-operation of the weathermen who served up the first curling weather the local curling rink has been completed and is now ready for use. The new building which will be used by the curlers and the public as a whole, has been built on the lot just west of the Tofield Hospital.

Those were purchased with the proceeds of the magazine subscription drive which was carried on in the town about a year ago. They are for the use of anyone in the district who is unfortunate enough to have the need of one of these.

### Wheel chair, crutches hospital bed available for local residents

On Sunday Don Hardy president of the Tofield Rotary and the Canadian Legion and J. G. Davison president of the Ryley branch branch journeyed to Wainwright. As a result of their trip they announced that through the courtesy of the Tofield, Ryley and Holden Branches of the Canadian Legion 2 wheel chairs and 2 sets of crutches and a hospital bed are being made available for the use patients of the Tofield Hospital.

Those were purchased with the proceeds of the magazine subscription drive which was carried on in the town about a year ago. They are for the use of anyone in the district who is unfortunate enough to have the need of one of these.

### TOFIELD RATEPAYERS HOLD ANNUAL MEETING MONDAY NIGHT

The Annual ratepayers meeting of the Town of Tofield was held in the Council chambers on Monday night with 21 ratepayers, 2 councillors, the mayor and secretary treasurer present. This represented the largest turnout that the annual meeting has enjoyed for some time. However the total number of the Town's electors gave his views on the financial statement saying that last year was the first time that Tofields assets were greater than the liabilities and the picture was decidedly improved again this year. All ratepayers present took an active part in the question period which covered subjects from the waterworks to the proposed divisional library which would probably be in Vermilion. The report from the government inspector showed that the secretary Mr Stinson is doing a very commendable job with everything being found to be in order

In reply to a question from Robert Nahrebecki Councillor Herndon stated that he felt that the matter of a sidewalk on 5th Ave. past the new houses should wait one year until the water, sewer and gas lines had time to settle. However if he is the matter which will be decided by the council as a whole.

In reply to questions the secretary reported that old debt now stood at just over $50,000.00 and would be retired by 1975. Councillor Jefferson acted as the chairman for the evening.

### Radiation Hazards to be discussed at Jubilee Auditorium

Many readers were present at the Jubilee Auditorium in Edmonton last September to hear Dr Linus Pauling speak on Radiation Hazards. Since then many new developments have taken place. New figures are available on the contamination of milk and other foods and the possible harm to human beings; France is on the point of exploding her bomb and then joining the nuclear club; America is preparing to resume test explosions; and the disposal of atomic waste from nuclear reactors is a point some tricky problems

The Committee for the control of Radiation Hazards which has as its object to do as effective an [illegible] has organized [illegible] to hear Dr. Pauling [illegible] Saturday night [illegible] February 13th at 8:00 p.m. to be followed by an eminent Canadian, Dr. Gordon Kaplan professor at Dalhousie University. Dr Kaplan's subject will be "Fallout — Facts and Fallacies"

The speaker has travelled widely and studied at many of the world's leading universities; he has published many original scientific papers and is an authority on the subject of radiation. For the sake of your own health and that of your children it is important to understand them

— Submitted by Rev. Bell

### Lindbrook hall association elects new officers

The annual meeting of the Lindbrook Community Hall Association was held on January 26, 1960 at the home of the President, Mr. Paul Kalisz

The meeting was called to order by the President and the minutes of the last annual meeting were read and approved. The report of the Treasurer, Richard [illegible] and was read [illegible] [illegible] [illegible]

## LETTER - to the Editor

Editor of the Mercury
Tofield
Dear Sir

The Town of Tofield has recently completed a gravelling & sanding program which will be a credit to the town. I do not wish to be calling sour grapes, but the manner in which the town let the contract, I feel, was unjust and feel that the tax payers should be made aware of the facts.

Three tenders were advertised for in your paper. A local contractor, for whom I would have been working, presented a bid. The council interviewed the contractor and although nothing was put in writing he was verbally given to understand that he had the job and to that end equipment was being put in order, trucks were oiled up and all the groundwork organization being made.

Then a Clairmore contractor heard of the deal, rushed up to the council and convinced them that he could supply the gravel at a cheaper rate. This was true, but he charged more for the road than the local bid so the overall savings amounted to only a very few dollars ($4.00 I believe) that the Council taken the Clairmore tender for the gravel and the local tender for the sand they would have saved around $200.00 thereby satisfying everyone and saving the taxpayers money besides. If the local truckers had had work their trucks would have been repaired in local garages, thus gas bought locally and in general, most of the money spent right back in Tofield. I wonder just how much of the Camrose money was spent locally?.

I also throw few points, not from the sour grapes point of view, but because we feel the businessmen of Tofield who are also heavy tax-payers have a right to know what is going on.

A Local Trucker

*Fashions*

HERE'S a cool ready for a busy life in town, suburbs or country, when the going is frosty. It has a very new cone shape that is interesting for a coat of the casual type. Fabric is cotton corduroy with a pile lining. We like the large squared-off collar, the horizontal slit pockets, and the six large matching buttons

**SEED GRAIN REQUIREMENTS**

Several farmers are making enquiries about what the Department of Agriculture or the Co-op is doing in regards to seed grain. Your District Agricultural and County officials would like to have your opinion and suggestions as to what should be done. Is there enough shortage that seed will have to be shipped in? What kind of seed do you want and what price are you prepared to pay? Reports would indicate no shortage of seed grain in the grain growing districts as reported in areas such as ours, but by hearsay a small lot to clear Provincial seed stock will likely be provided for and grain shipped into such areas, but the price of seed will be the fairly high.

Abundant acreage has expressed the willingness to co-operate by taking orders. Farmers who will need seed should contact their local agent, name and place their order for what kind, amount and variety that you require. The orders could be pooled by the elevator agent at some point and seed grain shipped in on the basis of those orders or need.

**COW TESTING SERVICE**

Fairmont of this area are showing more interest in a Cow Testing Service made available to them through the Dairy Branch of the Alberta Department of Agriculture. Cow Testing Service as supervised by the Dairy Branch assists those fairmers with grade herds (and pure-breds in cases where B.O.P. is not kept) to cull out the poor p. ducers and make their dairy enterprise more efficient. Increased milk production records on each individual cow and the Dairy Branch rate butterfat tests monthly on the herd and at the end of the year analyzes the records kept by the farmer on his herd of milk cows. From this information the farmer is in a better position to say that you require. The orders could be pooled by the elevator agent at some point and seed grain shipped in on the basis of those orders or need.

**COW TESTING SERVICE**

Fairmers of this area are showing more interest in a Cow Testing Service made available to them through the Dairy Branch of the Alberta Department of Agriculture. Cow Testing Service as supervised by the Dairy Branch assists those fairmers with grade herds (and pure-breds in cases where B.O.P. is not kept) to cull out the poor p. ducers and make their dairy enterprise more efficient. Increased milk production records on each individual cow and the Dairy Branch rate butterfat tests monthly on the herd and at the end of the year analyzes the records kept by the farmer on his herd of milk cows. From this information the farmer is in a better position to say that you require. The orders could be pooled by the elevator agent at some point and seed grain shipped in on the basis of those orders or need.

**THE PRESS BULLETIN**

A publication known as The Press Bulletin prepared annually by the Plant Science Department of the University of Alberta, the 1960 edition, is available now to the farmers through your D.A.'s office.

This publication covers some of the experiments, undertaken and results obtained by the Plant Science Dept. during the previous year. Many of the reports deal with practical problems of the farmer and gardener. Crop production, disease, use of chemicals and other problems related to crops and gardens are discussed. This publication is available free to any person upon request.

**ARLO-RAPE SEED AVAILABLE**

Those farmers growing rape or intending to may be interested to know that seed of the new variety Arlo is available and in good supply. Arlo is a new variety of rape seed that matures in 75 to 80 days and can be used where delayed seeding for wild oats is necessary. It also may be sown fairly early as it has greater frost resistance than varieties of Argentine type. Arlo is similar to Polish in many respects but its seed has a higher oil content. Orders for seed can be placed with your elevator agent or sent directly to Saskatchewan Seed Grain Cooperative, Moose Jaw, Sask.

The fact that the Arlo seed offered for sale is of Canadian origin is an important consideration.

## NOTICE OF MUNICIPAL MEETING

**And Nomination of Candidates at General Election**

Notice is hereby given that a meeting of the Electors of the County or Beaver No. 9 will be held at the Community Hall in Ryley at Ten o'clock in the forenoon on Saturday, the twentieth day of February, for the discussion of the affairs of the district; and that from three o'clock in the afternoon to four o'clock in the afternoon on the same day and at the same place, nominations for the office of Councillor will be received.

## MINISTIK NEWS

MINISTIK — By the looks of the weather today, our winter is here to stay for a while. After such a lovely sunny January this kind of weather doesn't seem right for us. But the groundhog did see his shadow didn't he?

There was a very good turn out at church on Sunday and those present were much inspired by the sermon preached by Mr Howard Monroe on "Faith."

Get well wishes are extended to Mr Dick Wilson who is a patient in the Tofield Hospital.

The Ministik Hockey Team played the Tofield seniors on Saturday evening and lost to them by a score of 7—6. Also a terrible score when one considers the rough type of hockey played.

Mr and Mrs Wes Waters & family were Sunday guests of Mr and Mrs Russell Rowland

Miss Laverne Pearice and Norman Pearice were week end guests of the Alex Pearice family.

Wednesday, February 10, is Ladies Club meeting. We hope to see a good turnout once again

Mrs Walter George, Melvin and Debbie were Sunday dinner guests of Mr. and Mrs. Stanley George

Ministik was well represented at the library held in Holmes Lake hall on Friday evening but were not so lucky at winning prizes. However, Mr. Alex Ekvenchuck won a Bingo in 6 calls Other winners from here were Donald Drummond and Mr. and Mrs. Les Whitford. A good time was enjoying by all present.

Mr. and Mrs. Boden Boorman spent a week at the home of Mr and Mrs Ben Boorman and have now gone by car to California for two weeks. Boden will be located at a new spot when he returns from holiday.

Once again we extend best wishes to Mrs. Florence Straley and to Mr. Will Greenwell who are in the Tofield Hospital.

We were very pleased to hear of Theresa Heitman receiving her cap at Misericordia Hospital. Theresa was born and received most of her education in Ministik

## L. F. Bewley OPTOMETRIST

**Will Be In Tofield Every WEDNESDAY Afternoon Downstairs in Dr. Freebury's Clinic Phone 34 for appointments**

## The Homemakers

Patricia Mountain Publicity Chairman

Let's start out the new year with the forecast for Spring style of 1960

According to the fashion group it is the whitened look for spring 1960 in both fabrics and leather colors The colors appear to be soft white, beige, green, peachy linen, pinks from pastel into rural and shocking hues, soft citrus greens, and yellow.

This year the words used to describe apparel fabrics are: person, quiet, genteel, ladylike simple, fresh, airy, innocent, delicate, subdued, refined.

In textures and weaves the smoothness is look and hand is the most important influence— linens become tight cotton, silky and percale wear-ve, firm and opaque, are loosely weaved

Shoes are taking on a look of elegance with elastic lines, soft-ly draped detail, small trims and ornamentation. Slip-on features round, V-shaped, oval and square throat lines, to accommodate various foot shapes. Fine detail and alloy Dye the polished toe and the slim pin heel continues to dominate fashion trends. White is featured as the favorite color for summer wear Emphasis is also on the bonnet family, ranging from pale beige to deep brown and tan.

The extended story includes some of the briefest ever shown on the Canadian market These are few, for the conservative. Semi-shirted styles and mallotts in knits, knit and cotton prints account for the majority of the suits Hat news also for 1960 is the increasing number of two-piece styles which have been influenced by the French Riviera and the Bikini.

The trend in children's clothes harks back to the Victorian days with full skirts, long torso effects, manner styles, long detachable

## SPILSTEAD LOCALS

SPILSTEAD — The Spilsted Ladies Society met at the home of Mrs C Fairbrother on February 11th, with the newly elected officers, Mrs E Belcourt and Mrs. F Erickson in charge of the meeting Two new members were welcomed into the group. It was decided to send $50.00 to the Children's Home at Smyrnie and $25.00 to the Cecil Hay family who lost their home and most of their belongings in a fire A pie social and dance is being planned and money raised is to be used to fit up the Spilsted school with proper exits, etc. for a hall.

Conrad Winder is at Quesnel, B.C. at present and Kenneth was at home recently from Whitecourt.

There was a family gathering at the home of Mr. and Mrs. Elmer Richardson on January 31st. on their 22nd Wedding Anniversary

Mr. and Mrs. Dave Braitred of Edmonton were at the home of Mrs. Braitred's parents, Mr. and Mrs. Paulson, on Sunday.

Miss Joanne Belcourt of Edmonton and Miss Barbara Deane spent the weekend with their parents.

Mr. and Mrs. Bennie Grunberg have moved to Virginia Hills, Alta.

Darrell Seare, nephew son of Mr. and Mrs Herbert Seare is home after a two week stay in the Tofield Hospital.

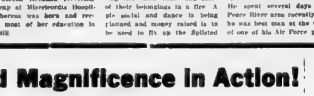
Congratulations to Mr. and Mrs. Adolph Tollefson of Kingman on the birth of a son.

A.C.I Kenneth Berreisth of R.C.A.F Station at Cold Lake spent the weekend with his folks He spent several days in the Peace River area recently, where he was best man at the wedding of one of his Air Force pals.

CBC radio's Stamp Club starts its 10th year on the air Saturday, February 6. During the past decade host Doug Roberts (centre), his wife Mary (right), and his assistant on the show, Judith McLeod, have answered more than 60,000 questions from listeners in 65 countries on all aspects of stamp collecting. CBC Stamp Club is heard on alternate Saturday afternoons on the Trans-Canada Radio Network.

## Here's Economy and Magnificence in Action!

*A Six that acts like an Eight*



Dodge engineers have developed a super-economy six cylinder engine that outcleanses any other six! It's an engine that's slanted at an angle to give you up to 50 extra miles driving on every tankful of gas. Just one of the features that makes Dodge the best buy in the low price field.

## UNITED FARMERS OF ALBERTA CO-OPERATIVE LIMITED

TO ALL OUR AGENTS:

Dear Sir:

We doubt many of you are being asked by customers and former customers why some people in the area you serve received a dividend cheque while others who dealt at your agency years ago, did not. The answer is quite simple and we give below for your guidance.

Your Co-operative was organized in 1944 by members to entitle them to participate in the dividend plan. In 1945 the delegates at the Annual Meeting decided that in order to expand the Organization and give service to more farmers, additional capital was required. It was agreed a further four $5.00 common shares should be acquired by all old customers before they would be eligible for cash dividends through the Revolving Door.

At our last Annual Meeting in November 1959 our Refrigerating Door Plan was shortened to a 4 years, hence the reason for the 1956 and 1955 dividends being paid out in 1960.

The additional four shares referred to above are the reason the cash payments last year were substantially reduced from what was actually earned, as $20.00 of each member's earnings, beginning with the year 1951, was credited to his share account to bring each member's share equity to $25.00 from the original $5.00 This took all the earnin..s of some members for the years 1951 and 1952 with the result there was no dividend equity left to distribute

Again in 1956 our share capital was increased from $25.00 to $50.00 to provide capital to purchase the shares of Maple Leaf Petroleum Limited. This move by our Annual Meeting required that each member must have to his credit the $2.00 share to be eligible for participation in our dividend plan. This is the basis we are operating on at the present time which entitles each member to his share of the earnings based on the amount of his purchases at the end of each year.

In conclusion we would point out a member's share and dividend equity must be retained in his name at the discretion of the Board of Directors from its formation to when he reaches the age of 65 and retires from farming. The share and dividend equity may also be redeemed in the event of a member's death.

Our first break the rate of dividends declared since 1950 —

1950 — 1½ per cent. 1951 — 1½ per cent. 1952 — 2 per cent.
1953 — 3 per cent. 1954 — 4 per cent. 1955 — 4.7 per cent.
1956 — 4.9 per cent. 1957 — 4 per cent. 1958 — 4 per cent and
1959 — per cent.

Yours truly, United Farmers of Alberta Co-Operative Ltd.

## ROSS CREEK NEWS

Ross Creek — Grandpa Mc Lachlan is now visiting relatives in Edmonton for a while

The Allan Keahkaw of Edmonton spent the past weekend visiting Allan's folks, Mr. and Mrs Steve Keahkaw at Ross Creek & Adeline's folks, Mr. and Mrs Schmidt at Chipman.

The W.A. had a very successful meeting at the home of Gertie Farrel recently. A large number of members, also two visitors were present. As old member, now living in Edmonton, Mrs. Bob Ferrel, and Mrs Graham Schneider were the visitors. We are always happy to welcome visitors to all meetings It was decided to hold a bake sale at Lamont on February 20 at 2:00. Any talk around the district or elsewhere are invited to call and pick up a Sunday special at this sale. The delicious luncheon was served by Mrs. Andrew McLachlan and Mrs Nelle Malcolm.

Best wishes go to Lorraine Mc Lachlan at the Archer Memorial Hospital, after having an operation on her appendix. We all wish you a speedy recovery, Lorraine.

Congratulations to Winnie Mc Lachlan and her rink on coming thrumh with third prize in the second round at Tofield. The banquet and all was much enjoyment

Bob Ferrel and Lorna visited with Arthur Farrel Wednesday evening, watching TV while Jean Farrel came to the meeting with Mary.

A belated birthday greeting to Maxine Schecter on her ninth birthday this past Saturday. Lily and Maurice Vasilkaskie and family were supper guests of Maxine's home to help her celebrate.

We would like to welcome Mrs. Douglas McDonald (nee Shirley Farrel) back to the district after moving up to Fort Smith Dene and Shirley are now visiting at the home of Shirley's parents. Mr and Mrs Ernie Ferrel

Jardines' rink from Ardrossan entered the Farmer's one day spiel at Fort Saskatchewan on Saturday, with kenneth Pederson playing third They were lucky enough to win the Grand Challenge. So they are the holders of the large trophy for the year and also received smaller trophys engraved with their names. Not bad eh, folks?

Norman Schmidt and Robert Olson visited with Joseph Mc Lachlan Saturday evening after their curling game

The Ernie Ferrels, Clara Beaver, Ruby Bickel, Ila Dean & Nelly Malcolm enjoyed a mood movie at Tofield Friday evening

Mr and Mrs. Joe Hilan and Mr. and Mrs Howard Malcolm were Saturday evening guests with Mr. and Mrs Percy Kowbel

Mr. and Mrs. Graham Schneider and Mr. and Mrs John Hennig of Andrew belong to celebrate a wonderful occasion in Edmonton Saturday evening Mr and Mrs Brenchley as uncle and aunt of Elma's celebrated their 60th Anniversary. Congratulations to them on all being happy years of married life together

Mr and Mrs Raymond Mc Lachlan and family were supper guests at the home of Howard and Nell Malcolm on Sunday.

**32,000 U.S. Nickels Finance Trip**

Jack Sanford and his wife of Leamington, Ont., are Jamaica-bound on a trip financed by 32,000, roughly 400 pounds of Buffalo nickels. Sanford has been saving buffaloes since 1954, long enough to collect a bushel basket full of coins. Sanford quit smoking and saved the equivalent of two packs of cigarets a day.

## Tofield Town Council holds regular meeting for February

Minutes of the regular meeting of the Municipal Council of the Town of Tofield held Monday, February 1, 1960

Members present: Mayor D. W. Pinchbeck, Councillors Jeffreson, Pilgrim, Hendon, Allan Kallal and Stein

Minutes of the last meeting and of a special meeting held January 19, 1960 were read and approved

COMMUNICATIONS: Tofield Community Library advise the special assistance for another year which was approved at $100.00

County of Beaver No. 9 Civic Defence minutes perused and filed

County of Beaver No 9 School Committee meeting minutes of January 12th, perused and filed

Board of Public Utility Commissioners approving a loan from Bank of Montreal for $20,000.00 to finance current operations, by way of Order No. 54484

Department of Highways, Alta. regarding entrance to Tofield from Highway 14, and attaching a sketch showing the layout. The Department is to be asked to have a representative come to Tofield with the idea of working out a solution to the problem, which is particularly difficult at night

Associated Engineering Services Limited, saying they would be pleased to come to Tofield to supply information as to cost and operation of some new Recreational facilities They were to be asked instead to give us such information by way of letter, as and too much is known about what will result

Cultural Activities Branch either letter concerning develop ments and various aspects of Rural Library service Another meeting will be held in March at which time delegates would be asked to express the opinion of the bodies they represent as to belong in renting up a Regional Library Board

Department of Provincial Secretary, Film and Photographic Branch saying that it is an impossible task to reduce in size copy of the map of Tofield Dist. now prepared for use in Jubilee Year and Jub- 1st. It was stated that the written would not show and also that the lettering in red is a deterrent. If a reduction in size was found that the cost of production is similar size to that of the present map would be much too expensive

Associated Engineering Services Ltd., re water treatment plant, asking the decision of the Council as to whether quotations for electrical drawings and specifications should be asked on a contract price or a request for tenders and select of one of the bidders. A request by tenders was the decision of the Council. C. Kallal Lumber Co asking a 90 day extension on Lots 4 and 5 Block 17, for the purpose of finishing and erecting a goodly sized building thereon This was agreed to

County of Beaver No 9 confirming an offer of $700.00 toward cost of construction of two blocks of sidewalk leading to Tofield School property Councillors Kallal and Hendon had interviewed and the Mayor Committee in support of this program in sidewalk construction

Department of Municipal Affairs stating that if the Council requests a further arrangement of an itinerary would be made to correct errors or omissions in Assessments, which was to be confirmed to the Department.

Municipal Inspector's Report of December 14, 1959, was read in which it was stated that the books and records were found to be maintained in a very satisfactory manner.

Mr H. E. Christensen was present representing Watson (Tofield) Ltd., concerning lieu conditions and water runoff onto the sidewalk in front of the Tofield Community Centre The result of the discussion was that the Council approved a contribution of $100.00 to the Tofield Community League in an effort to eliminate the yearly trouble insofar as the town was concerned.

Police report showed the use of number of doors found open at night, together with numerous other details taken care of.

Accounts were approved for payment by Councillor Jefferson.

Mr J. R. Foster was present as to the property bought by him in 1957 but never fully brought up to the standard desired by the Council as to improvements. After discussion the council approved issuing a transfer to Mr. Foster, and in turn to Mr. Pete Eke, with the proceeds of the sale being in custody of the town until title received for Mr Eke, interested purchaser. Moved and seconded. Hendon-Allan.

Approval was given to Dr. J. S. Robertson to open an office as veterinarian in Tofield.

Public Works Committee reported that 2360 yards of sand and 1052 yards of crushed rock have now been laid on the streets under winter works program.

Mr. C. H. Maxwell asked the Council to install a light at the intersection of Morton Avenue and Centre Street, opposite the school bus garage This was referred to the Committee

Matter of icing conditions in front of Tofield Community Centre and Bank of Montreal was discussed and the Bank to be asked to alter the runoff of the south end of the trough.

Matter of sale of two old school buildings advertised by County of Beaver No. 9, with the County to submit bid to sell tips box award, and also to approve a transfer to the town.

Councillors Jefferson, Kallal Hewitt, Herndon and Allen were appointed to act as members of Court of Revision.

## Public meeting to discuss recreation grant

The public meeting to discuss the recreational grant to be given out by the provincial government, which was to have been held last night has been postponed one week. It will now be held at 8.00 p.m Wednesday, February 24 in the meeting room of the Community Centre.

Mr. Kozak, provincial co-ordinator of Cultural Activities, will be at the meeting. The town council has sent letters to the local organizations requesting them to have someone at the meeting to represent them. The meeting is also open to the public.

## AROUND THE TOWN

A Red Cross meeting will be held in the Meeting Room of the Community Centre on Friday, February 12, at 8 p.m. Films and a talk on Red Cross work will be given. All are inviting to attend.

The Legion Curling rink consisting of Bill Chapman, Dr. Pressbury, Jim Fisher and Lloyd Rohloff journeyed to St. Paul on Sunday to take part in the Legion district playoffs. However they were not as successful as they had been the previous Sunday at Wainwright.

Don't forget the Potlo Fund canvas which is planned for Monday evening, February 22nd, by members of the Tofield Branch of the Canadian Legion.

The Tofield Students Union is holding a raffle on a movie camera during the later part of May, at the Prama Club's presentation of "Shane" and "The Whirlpool of Life." The sale of tickets will commence this week by the high school students.

On February 11th, Mrs. Annie Hanley was pleasantly surprised when a number of friends and neighbors called in with her many happy returns of the day on her birthday. A very pleasant afternoon was had by all and Mrs. Hanley received many lovely and useful gifts. The gathering was organized by Mrs. Tom Nahrebski and Mrs. Mary Louis

The Ryley Badminton Club will visit Tofield next Wednesday evening. All present badminton players, exp-layers and all those who would like to play are urged to attend.

The Tofield Community League is planning a series of three card parties for March 14, 21 and 28.

Mrs. Lovenvick and two sons from the coast are visiting at the home of her parents, Mr. and Mrs. Mrs Bayley for two weeks.

Mr. Dwayne Norton, Pastor of the Tofield Baptist Church, and Mr. Walter Rehel, Kingman baptist minister left by car last Friday on a three week trip to Kansas where they will attend a Bible School for two weeks. Arrangements have been made for visiting ministers to speak at the Tofield Church each Sunday during Dwayne's absence.

Holy Trinity Anglican Church held a pot-luck supper on Thursday, February 11th, in the Legion Hall, at which there was a good attendance. Their minister, Mr. G.P. Winchester, introduced the speaker for the evening, the Rev. W.T. Elkin, Rector of St. Augustine's, Edmonton, who told briefly the outline of a History and also of the parishioners. Thanks to Archdeacon Elkin on behalf of the Parish were extended by the People's Warden, Mr. W.J. Fleetwood.

The World Day of Prayer Service will be held this year in the Schoenser Mennonite Church in Tofield, on Friday, March 4th, at the hour of 2.00 Four churches are taking part: the Mennonite, Anglican, Baptist and United. This is a service for all women. Please take special note of the time.

## Sr. Hockey team downs Dodds

Last Tuesday night Tofield Seniors were just too much for Dodds as they outskated, outshot and outscored them 10 to 6

It was a very fast paced game of hockey with approximately 10 penalties which added to the excitement of the game in which referee George Ostlund was very busy.

Tofield's top scorers of the evening were Cliff Ostlund and Ed Taylor with a hat trick (three goals) each, while assistances went to Gary Ostlund, Floyd Taylor, Bob Nahrebski and Lee Watson

Tofield Seniors will be journeying to Hay Lakes this coming Sunday If any of the Tofield fans feel like taking a drive on Sunday, head for Hay Lakes and take in a hockey game.

# Five Members of Tofield Family killed in car-train accident

Sunday morning, February 14, started out much like any other Sunday morning for the John Donneus family of Tofield. They may have slept in a little and had to rush to get chores done and the children ready for church but nothing seemed different. Mr and Mrs. Donneus, Donna, John Jr. Philip, Eileen, and new baby Mary were present at morning Mass as usual and after the service they visited a few minutes with friends before climbing into their 1958 Chev station wagon and started home for dinner. But they never got there.

As they were within sight of their home, at the railway crossing west of the town entrance, their car was struck by the fast freight from Edmonton which goes through town every morning at about 11 o'clock

It is believed that three members of the family died instantly. Donna, 16 years, Philip, 9 years and seven year old Eileen John Donneus, 45, was moved to the Tofield Hospital but died en route. Mrs. Agatha Donneus was taken to the Tofirenly Hospital in Edmonton but died shortly after being admitted. The car, which was struck broadside by the train was a total wreck.

Three members of the family were injured in the crash. Two week old Mary Anastasia was rushed to the Tofield Hospital that Sunday evening and is still on the critical list as we go to press. John Jr. Michael, 12, is in the Tofield Hospital suffering injuries to his collarbone and a broken wrist.

The Donneus family came to Tofield in 1955 from northern Alberta, and have lived here ever since For the past year John has been employed as a carpenter in Calmary and in his spare time was finishing the home they had built on their acreage in the west part of Tofield.

The entire town was shocked with the news that five members of one family should be wiped out in an instant Deepest sympathy goes out to the two remaining children and especially to John Michael in the Tofield Hospital.

Funeral services were held in the Tofield Community Centre, on Thursday morning

Besides his son and daughter Mr Donneus leaves to mourn three brothers and four sisters, Anthony, British Columbia; George, Veleen, Admb, NWT; Mrs. Fred (Eva) Prosker and Mrs. Stanley (Monica) Fersaca, Edmonton; Mrs. Jack (Ruth) Howell, Montgomery, Calgary; and Mrs. George (Jean) Duquesne, Calgary.

Mrs. Donneus leaves to mourn five brothers and four sisters, Jacob Klobordans, Bendry; Emanuel Klobordans, Primate, Saskatchewan; Paul and Vincent Klobordans, Mistad, Alberta, Con Klobordans, Battleford, Mrs. J. (Rose) Shermerhorn, Olds; Mrs. K. (Annie) Klobordans, Provost; Mrs. F. (Mary) Schack, Clayton Lake, Sask. and Mrs. P. (Betty) Rewuis, Mamad.

KILLED IN CRASH — Here are four of the five members of a Tofield family killed in a car-train collision at Tofield Sunday. Mrs. Denneus' picture was not available.

## Strathcona rink wins annual men's bonspiel

The men's Annual Curling bonspiel wound up Friday night with the finals in all events being played off.

In the First Event, Strathcona of Round Hill scored out Kallal of Tofield in a thrilling game that was not decided until the final end of the game. Reigsland of Ryley placed third and Wayne fourth.

Second Event: Fish, Ryley; McFeeters, Tofield; McKernan, Tofield; Meerbeek

Third Event: 1 — Hill Plan: 2 — Dill Derieux; 3 — Arnold Hegley; 4 — Art Francis.

Fourth Event: 1 — Hinberg, Round Hill; 2 — Yakimoski, Edmonton; 3 — Wolgemuth, Tofield; 4 — Schindler, Rosa Creek

## County of Beaver Council holds regular meeting

The regular meeting of the County Council was held on Feb 11, with all Councillors present

After calling the meeting to order the minutes of the meeting of January 14, 18, 22, 27 and Feb 1 were read and approved as read The minutes of the School Committee meeting of February 9th were adopted as read

Minutes of the Service Board meeting of January 20th were read which brought up the question of roadside spraying of weeds and after a lengthy discussion of the recommendation by the Service Board it was decided to table this

It was moved and passed that the County pay the hall rents where Anti-Future Short Courses are held The minutes were adopted

The results of exams of Bruce and Rimrock which were taken for the purpose of Provincial Recreation Grant showed Bruce to have, 177 and Rimrock 117. This report was accepted and filed.

A letter from Anaco Company in reply to the Council request that four Councillors be taken on the trip through the plant at Peoria, Illinois, instead of three, this would then make it possible for all the Councillors to one

(Continued on page 8)

## Gun Cub to hold bingo

At a meeting of the Tofield Gun Club Monday night, it was decided that a bingo would be held on March 21, in hopes of making up the deficit of last year. The club feels this is one way they can keep up their junior program without raising the annual membership fee which, will be in force this year, will amount to $1.00 per member, both junior and senior, and hope to keep the Junior Club dues down to the former 50 cents.

Ham shoots and other events in the summer will help out also but at present the club is in need of members, funds to put the indoor range in usable condition. A large bullet trap has been made up and with a little money and a lot of work we will have all weather shooting facilities available, on the side can get an early start this year.

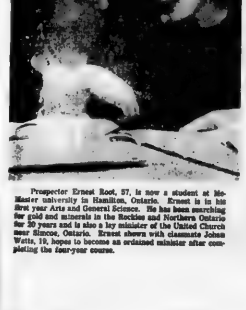
The club learned with pleasure, that the Barde community is forming a gun club this year, and anticipate some good inter-club meetings in the future.

The annual meeting will be held on Monday, April 4, for the election of officers for the coming year. Watch the paper for time and place, and don't forget the big blaze on March 31. Tickets are available from all Gun Club members.

A MOTHER FOR THE 10TH TIME

Mrs. Leonard Collins of Peterborough, Ont., is shown with her 10th baby, a girl, named Maureen, the nine baby weighed seven pounds, five ounces. Mr and Mrs. Collins have nine other boys and eight girls, all living.

COLLEGE FRESHMAN AT 57



Prospector Ernest Root, 57, is now a student at McMaster university in Hamilton, Ontario. Ernest is in his first year Arts and General Science. He has been searching for gold and minerals in the Rockies and Northern Ontario for 30 years and is also a lay minister of the United Church near Simcoe, Ontario. Ernest shown with classmate Johnn Watts, 18, hopes to become an ordained minister after completing the four-year course.

# Tofield Mercury

CLIFF PATTERSON
Editor and Publisher

Authorized as second class mail, Post Office Dept. Ottawa

## LETTER — to the Editor

February 4, 1960

Editor, Tofield Mercury.

Tofield, Alberta.

Dear Mr Patterson:

I am sure that you readers and the more than 100,000 people who participated, will be pleased to learn that the Christmas Seal Sale has again been brought to a successful conclusion. It is comforting to know that we are adequately financed for another year but it is also a source of satisfaction to feel that our work enjoys the confidence of so many Alberta people. To them, we express our sincere thanks. We are also deeply appreciative of the help received from many individuals and organizations during the campaign.

On behalf of the Alberta Tuberculosis Association, I wish to express our gratitude to the Tofield Mercury for the valuable aid in bringing the campaign to the attention of the public.

We feel that our intensified program, in co-operation with the provincial Department of Health, is achieving results in our joint efforts to control the spread of tuberculosis. There is, however, the very real danger that progress in this respect may lead to an unwarranted feeling of complacency. There are far too many new cases of tuberculosis being discovered in areas where the disease is a major health problem, and while we are intensifying our search in these districts, the overall protective program would be maintained until all sources of infection have been eliminated.

Yours sincerely,

Ralph E. Williams, President,
Alberta TB Association.

## Lakeshore McKenzie

Thomas Sutton of Wainwright was a Friday overnight and Saturday visitor at the home of Mel and Ethel Wood. While there Mel and Darrell took a trip up around Lemonti Blue and Mr Michael looking over Hereford herds on the way and in that district.

Brenda and Barbara Goeglein were Sunday supper guests at the home of Mel and Ethel Wood.

Billie Johnson of Edmonton spent from Friday evening to Sunday evening at the home of John and Mary Wood visiting with Johnny.

Art and Lila Rodway and son Wayne were Sunday visitors at the home of Lila's father, Jack Sutherland.

Russel Ferguson was a Thursday afternoon visitor at the home of his brother Frank and Emma Ferguson. He also called on Alistair and Alma Ferguson while there.

John and Mabel Bailey of Tofield were Thursday supper guests at the home of Mabel's brother Lionel and Emma Ferguson.

Ellen Eaton and Bill Hobson were Friday night and Monday night visitors at the home of Ida and George Niemetz watching boxing and wrestling on TV.

Mr and Mrs Dill Vive and son Norman of Wetaskiwin visited at the home of their daughter Alma & Allan Ferguson Friday evening. Jean Wilkins also called on Emma and Lionel Ferguson

Emma Ferguson and daughter Joan Williams and baby; son Lionel of Tofield were Friday dinner guests at the home of Mr. and Mrs John Reid of Amisk Creek. On the way there they were Friday afternoon coffee guests at the home of Emma's brother Frank and Helen Bruha.

Herb and Mary McAdoo and son Pat were Saturday evening visitors at the home of Ingrid and Thomas Jacobs.

Leroy Eaton and Shirley Harper of Lacey were Saturday overnight and Sunday visitors at the home of Leroy's mother Ellen Eaton.

Katherine and Eric Edwards of Edmonton were Saturday after noon visitors at the home of Katherine's sister Mary and Herb McAdoo.

Mary McAdoo attended the shower for Isobel Dunki in the mess hall room of the hall on Monday night. After the shower Mary and Herb were guests at the home of Mr. and Mrs Jack Langolt watching wrestling on TV.

Sunday afternoon visitors at the home of Herb and Mary McAdoo were Mary's aunt Carrie and Dewy Soper of Edmonton.

John and Alice Warner of Tofield were afternoon visitors at the home of their son John and Irene Warner helping John Jr. celebrate his birthday.

John and Irene Warner were Saturday visitors at the home of Irene's parents John and Mabel Bailey in Tofield where they also visited with Irene's brother Leslie and Bessie Bailey of Edmonton and Leslie's daughter Nora Bailey of Calgary, all of whom were also visiting Leslie's parents for the day

Janet Winchester and a few friends from Edmonton were Sunday visitors and supper guests at the home of Janet's parents Roy and Ruth Winchester.

Bessie and Lorimer Hunter & girls of Tofield were Sunday afternoon visitors at the home of Mavis and Carl Jacobsen. Also visiting them was Mavis' father, Mr Julius Jacobsen of Edmonton

Ralph and Alice Cooney and family of Ross Creek were Sunday supper guests at the home of Alice's aunt Mickey and Charlie Niemetz.

Neil and Violet Bailey attended the wedding of Violet's cousin Vi Mohr & Wm Reid at Rosedale on Friday.

Marjorie and Morley Jacobsen were Edmonton visitors on Monday.

Neil and Violet Bailey attended a family gathering of Violet's relatives at the home of Mr and Mrs Stuart Decker of Josephburg on Saturday. On the way home they had supper at the home of Mr and Mrs Mick Bootsman, also of Josephburg

Vernon and Kay Walker and girls were Sunday afternoon visitors and supper guests at the home of Neil and Violet Bailey.

The Tofield Farm Women held their February meeting at the home of Mrs Vi Coughlin with a very good turnout of ladies present. The business, Mrs Mabel Ferguson, Mrs Vera Appleby and Mrs Evelyn Moore served a very delicious lunch after the meeting. The next meeting to be held at the home of Mrs. Ollie Moon.

Elmer and Vi Coughlin were Sunday supper guests at the home of Mr. and Mrs. Herman Lawson.

Isabel and Reg Budzeki and family were Sunday afternoon visitors at the home of Percy and Lillian Fairbairn

## WITH THE LEGISLATURE

EDMONTON — There were no major surprises last week in the speech from the Throne read by Lieutenant-Governor J. Percy Page at the opening of the first session of the 15th Alberta Legislature.

Most of the items in the proposed legislative program had at least been hinted at before. But the speech promised a fairly busy and active six weeks for the 65 MLAs.

Probably the most significant feature of the province's speech was that it committed the government once and for all to introducing its revolutionary new industrial development bill this session.

Details of the tax plan have become pretty well common knowledge, but it still shapes up as the biggest single issue facing the lawmakers. Briefly, the plan calls for the government to take away from municipalities the taxation of some industries and to redistribute the revenue.

It is designed mainly to correct the situation which occurs when industry establishes on the fringes of towns or cities in many cases, the industry pays its taxes to the rural municipality but the workers live in the adjoining urban community. The workers create a demand for costly municipal services, but the community in which they live doesn't get any of the tax revenue from the industry which employs them.

Under the government's plan an estimated 70 percent of revenue from industry would go to the communities where the workers live. This, of course, means the municipality where the industry is located would lose revenue.

According to figures worked out by the Municipal Affairs Department, in nearly every case a rural municipal district or county would lose money, a town, village or city would gain.

Initially, some 70 major processing industries would be affected in the new tax. More would be added later.

Municipal Affairs Minister Alf Hooke, who has been promoting the plan, will have more to say about it later on in the session. The only one of the big announcements will be uniform province-wide assessment and taxation of industry.

As has been predicted, the Throne Speech contains no report on education will be handed to municipalities and a major decision on education probably will result.

The speech also promised new laws governing the settlement of Alberta's 35 Hutterite colonies, and forse out an overhaul of the Alberta Labour Act.

A committee will be formed this year to start work on a redistribution of Legislature seats, and another will be set up to review the province's Compensation Act.

Other highlights of the government's speech:

Legislative approval will be sought for expenditures of up to $6,000,000 to cover relief payments to farmers whose crops were snowed under last fall.

An expansion of farm services to include agricultural establishment of an economics branch to help farmers with farm cost studies. Veterinary services will be expanded, more farm service boards will be set up, and more money will be requested under the Farm Purchase Credit Act.

There will be a program to increase development of community pastures along newly established "Trek" The irrigation plan is revised and will study questions concerning future irrigation development

As the major highway construction program will be launched and there will be more emphasis this year on approach roads linking town, villages and local roads to main thoroughfares.

The School Act and the Social Assistance Act will be amended, and increased appropriations will be sought for school grants.

A new Dental Assistants Act will be introduced to permit the training of staff for mobile dental clinics which will be designed to serve rural Alberta. The Health Unit Act will be amended, and the Hospital Act will be revised for a "substantial increase" in funds for hospital insurance, air pollution studies, expansion of laboratory and x-ray school facilities

Attention will be given to the second year of the government's five year development program. This year it will involve the giving away of around $10,000,000 in street paving and recreational grants to towns, villages and hamlets.

Looking operations of the Municipal Financing Corporation will be continued, but the speech announced the MFC's admission to municipalities to vet both on their capital spending in the coming year to avoid the per-capital "crisis with concern" current high interest rates

Alberta's public utilities legislation will be rewritten and brought up to date, as promised by Premier Manning, and there will be legislation "destined to further improve the administrative functions of municipalities"

Those are the highlights of the government's proposed program They don't forecast anything too startling, but it looks like enough to keep the members on their toes for six weeks or so, and there's always a chance some thing will boil up into a real hot issue.

At the time of writing the status of the four opposition members was still in doubt, but it appeared they would go through the session to keep the numbers down without an official leader If this is the case, the $7,500 special allowance probably will be divided among them

The opening of the session was carried on with the usual color and pageantry A 15-gun salute boomed over the legislative grounds as Lieutenant Governor Page arrived, dressed in his ceremonial Windsor uniform.

Hon Percy Dawson, member for Little Bow, was elected to his seventh term as Speaker True to tradition, he protested haughtily and had to be dragged forcibly to his rubber room by Premier Manning and Municipal Affairs Minister Hooke

Opening day presented a bright picture, darkened only by a brief flurry at the city power plant which doused all the lights in The Legislative Building for a few moments during the ceremony.

## RYLEY and DISTRICT NEWS ITEMS

A shower was held for Eileen Whalen in the Lochaven Parish Hall on Saturday evening, February 13. Nine were present during the hall by her sister Betty and Elaine Nord. The evening was begun by singing two songs followed by a short devotional period led by Mrs. Doug Downie. Afterwards, the guest engaged in a few games and contests.

Eileen was seated at a table with her mother, Mrs. Edeigh Whalen and her sister Betty, at which Elaine Nord presented her with a number of lovely gifts Elaine also helped with the opening of the gifts, after which Eileen thanked everyone in a few well-chosen words

A delicious lunch was served to about 40 guests.

The hall was very tastefully decorated with pink and white streamers and bells

Connie Putney spent a few days in hospital after being hit in the chest by the crank of his tractor which had backfired. He is back on the job again now

Victor Romanik had his hand painfully crushed and broken as he was repairing the pump on his tractor

Edwin Hamilton is back home again from the Edmonton Hospital

The Ryley United Church Evening Ladies Aid will sponsor an Amateur Hour on Saturday, March 5. Contestants are invited to submit entries to Mrs Bob Glesne or Mrs Nash Chomik

Mrs Isaac Jones spent Sunday in the city with her son Norman and family, helping little Harry celebrate his birthday

Mr and Mrs. Ralph Cretney from the city spent Sunday with Mr and Mrs S M Enoch

Mrs. William Weaver will be entertaining the Lutheran Mothers' Circle in her home on February 24 and all mothers are welcome — Rev. the Fathers this time as an added feature

Mr. and Mrs. Lester Pepper paid a visit to the William Peppers of Ohaton and found them both in good health and active as ever

The Lutheran Ladies Aid is preparing to serve waffles and sausages at the Parish Hall on Saturday, February 20 from 12 noon to 7:00 p.m. and all to Ryley that day are invited to come down and have a feast of waffles

Mrs. Martin Bosch has undergone surgery and will be in the hospital for a while yet.

The Ryley junior hockey teams are doing quite well to date. On Saturday, February 6, the Pee-Wees defeated Tofield Pee-Wees 4-0 and on February 13 the Bantams defeated the Dodds Bantams 6-0.

Holden Junior High School girls' and boys' basketball teams played Ryley Junior High on Friday, February 12. Ryley girls won their game by a score of 6-4 and the Ryley boys won their also with 20 points to 20. Tuesday night, February 16, Ryley girls beat Holden girls 20-6 and the Ryley boys lost to Holden 30-10. The latter two games were played in Holden.

A baby shower was held recently at the Oliver Lehman home in Ryley in honor of Mr. and Mrs O. Lehman's baby daughter, who was born February 4. Those present were: Mrs. J. Lehman; Glen, L. Lehman; Mrs. M. Lehman; Mrs. Ray Nash; Mrs. M. Steigrad; Mrs. I. Amsden; Mrs. Bertha Locke; Mrs. T. Harris; Mrs. S. Winters; Mrs. D. Norton; Mrs. H. Gilliorel; Mrs. O. Orbach; Lorraine, Blakely; Elaine Orr; Sarabelle Doodle; Ella Sisler; Elaine Hjelter.

Mrs. Lehman thanking the ladies for coming and for the lovely gifts.

## Funeral Services Held in Skudesness Church for Mrs. Nellie Lydia Pearse; dies at age 83

Mrs. Nellie Lydia Pearse, [illegible] Alberta, passed away Friday morning, February 5, in the Tofield Municipal Hospital after a week of illness at the age of 83 years, six months and four days.

Her parents were Mr. and Mrs. E. B. Johnson and she was born in Iowa, Moines, Iowa on October 1 1876.

On February 12, 1896, she was united in marriage to Mr James Pearse at Peoria, Lyman County, Dakota and came to Alberta to homestead in 1901 in the Keeling district where she resided until her passing.

The late Mrs. Pearse is survived by five sons: Julius of Portland, Oregon; Charlie of Calgary; William of Edmonton Lawrence of Ryley, whom she made her home with and Floyd of Esquimalt, B. C.; one daughter, Mrs Alice Villgrove of Cranford, Alberta. Twelve grandchildren and seven great-grandchildren, four brothers, Wiley Johnson of Elk Point, Fred Johnson of Edmonton, Kenneth Johnson of Andrews and Clarence Johnson

**WILD OAT CONTROL**

A few bulletins on Weed Control have come to hand this week from the Department of Agriculture. It is interesting to note that wild oats are considered the most serious weed problem in the province. Recommendations for their control include several methods through delayed seeding, fall tillage, chemical sprays and combinations of these methods. Wild oats are a problem because they germinate at different times during the growing season. Thus, if a field is cultivated to kill those that germinate early in the season, those that germinate later will find their way into the crop. Delayed seeding is a method of getting rid of the early germinating weeds before seeding the crop. Chemical sprays will kill wild oats that are actively growing but will not affect dormant seeds. Combinations of these methods are also recommended.

Information on the use of chemical sprays for wild oats is available from your District Agriculturist. Remember, however, that chemical sprays are poisonous and must be handled with care. Read the directions carefully before using any chemical spray.

**FORAGE CROP VARIETIES**

A new bulletin has been issued on the subject of forage crop varieties for Alberta. This bulletin contains information on the performance of forage crop varieties in various parts of the province. Copies of this bulletin are available from your District Agriculturist.

**IMPORTANCE OF VENTILATION AND TEMPERATURES**

According to recent research [illegible] the importance of adequate ventilation and proper temperatures in poultry houses during the winter months cannot be overemphasized. Many poultry houses are closed during the winter months to conserve heat. This practice results in a build-up of moisture and ammonia which is damaging to the lungs of young birds and often results in colds, roup and other respiratory troubles. Ventilation should not be overlooked either since the stale air is usually made up of a fairly large proportion of ammonia which is damaging to the lungs of new-born pigs and often results in pneumonia. Damp bedding can also cause trouble and should be changed at least every second day.

Farmers who are planning to harvest oats during February and March should pay particular attention to these points, advises Alberta Livestock Supervisor A.J. Charmichael. Further information concerning barn ventilation and insulation can be obtained from your District Agriculturist.

## County of Beaver considers Federal Brucellosis Control Area

The Council of the County of Beaver will be considering the application to the Alberta Minister of Agriculture to establish a Federal Control Area here.

There would be no public ridicule involved in having cattle moved from the area, and we also would have the best interpretation in a brought out in our county dealing with the Veterinary Services Branch.

At this time, other towns are being designated as Federal Control Areas. Areas and districts in Alberta Restricted Areas are eligible to become Fed Control Areas. The areas eligible incorporate a block from Lac St. Anne, [illegible] Saskatchewan border and extend [illegible] Edmonton. [illegible] Federal policy, testing is becoming more readily by testing from one area to the next with [illegible] interruption, and free added protection to the borders concerned.

Since the United States has banned importing cattle from Canada, even the purebreds will find it difficult to export. Therefore, if selling your feeder cattle is the only way you can realize a profit on your investment, you will be glad to know that Federal Government is willing to pay for reactor cattle found on any test, to further reduce the spread of the disease.

The second step in a blood test after five to seven years of vaccination to pick out the remaining infected animals. The Federal Department of Agriculture through the Health of Animals Division will conduct these tests free of charge to cattle owners, and compensation the same as for TB will be paid for reactor cattle (above under eight months, reared before, steers, or officials vaccination up to 30 months of age, will not be tested.

There is no provision for the establishment of a complete vaccination program, but the Alberta Department of Agriculture is urging that in the interest of keeping the disease under control that cattlemen continue to have their cattle vaccinated. To further operate this, the Alberta Department of Agriculture will continue to act financially by contributing 10 cents on the dose per cc. Mr. Crawford has sown of the Federal Department of Agriculture that he would be glad to have any cattlemen who wish to have their cattle vaccinated, contact him at the Provincial Building in Edmonton.

Dr. [illegible] reports to completed TB test the cattle in Alberta, the Federal Department of Agriculture may not be able to accept all areas that apply at any given time. Therefore, the Provincial Restricted Area regulations shall remain in force for two years or more after testing commences in a Brucellosis Control Area.

The County Council and the Agricultural Service Board wish to discuss the Brucellosis Control Program at the Annual Ratepayers meeting.

Max Bayley
Field Supervisor
County of Beaver No. 9

## County of Beaver Council holds regular meeting for February

(Continued from page 1)

this point) was received saying it would be impossible to take more than three as other municipalities were asked and they owing are covered, was received and filed.

It was then necessary to draw names for the trip. This was done with Gibson, Hartley and Johnston being the lucky ones with Weatherall as alternate.

A letter from the Secretary of Chairman M.D. to the municipal caring hospital to be held at Camrose saying the date was set for February 16th, and luncheon will be provided by Reg Gunn of Waterous Ltd. and dinner with he with the compliments of the city of Camrose. A trophy which will be up for annual competition has been given by the Mayor of Camrose.

The date already set for the consideration of new equipment was repealed and a new date of February 25th, was set.

It was moved and carried to have H.B. Ponte of Edmonton draw up a business tax by-law.

Mr. Hartley was appointed to act an evaluation on one farm.

The petition concerning discharge of Mr. Peter Pawlowski as grader man was sent to the Twp. of Municipal Affairs and a copy of the letter sent by them to the petitioners was received and filed.

It was moved and passed that "No Liquor" signs be placed in the workshop.

A letter was received from the Department of Lands and Forests informing that $7015. would be forthcoming to Beaver County from that Department to be used to assist in making parks, camping and picnic grounds within the boundaries of the County. The questions of how and where this money could be used to benefit the most people was discussed but left in abeyance for the time being.

**Mek Leadenby**, Hans Hansby and Robert Alcock walked on the Council to see if some way could be worked out on the Dynamer District could get culverts or their portion of culverts, from the County without being subject to Federal Tax. It was moved that every effort be made to get this done.

Adjourned for dinner.

The bills and accounts were read and approved for payment.

At this time the County council for closed and the School Committee meeting opening to consider bids and tenders for three school buses.

The meeting continued at 10 a m. Friday.

**ARE YOU AN INFORMED WIFE!**

There is much family business information that every wife should know. Many wives handle all business undertakings in their husbands. This is a mistake. An informed wife is a prepared wife. With knowledge of family affairs she can relax, live happily in the present and be prepared for the future.

A wife should absolutely know where life insurance policies are kept, the names of the companies and the policy numbers and the person to call about them when the premiums are due the amount of the premium and where payable.

Access to life insurance policies is sometimes required for reasons other than death. Have a definite safe place for them.

Remember that in the event of a safety deposit box holder's death, the bank is required by law to seal the box pending routine court proceedings. Survivor is entitled to withdraw only Rifle. The balance of contents is held in the account until the will is produced.

The procedure is even more complicated if there is no will. A wife should know where other policies are kept, such as automobile, liability, fire, theft, Bank, Imp Trans or MSI.

She should know the safety deposit box number, where it is rented, where the keys are kept if a number, if your husband is the only registered on your family deposit box you will be unable to obtain any papers he leaves there until he gives you a notarized power of attorney or until a permission each time you wish to have access to it.

A wife should know where her husband's will is kept, what lawyer, if any, has a copy of it.

She should know saving account numbers and of what banks they are held. It is surprising how many bank accounts are never claimed after a death, because the heirs either didn't know they existed or didn't know their exact location.

Mortgage or lease payments due, their amounts, where and when payable is another facet of valuable information. Notation for any installment contract such as payments on an automobile, where passing the payment may cease, repossession, should be readily available.

Have a list of all securities such as stocks, bonds, shares, as well as a list of negative holding after these.

Every family has various papers, such as birth certificates, marriage certificate, deeds to property, mortgage papers, car ownership papers, which should be collected and kept in a safe place. As mentioned before, an informed wife is a prepared wife

## Ministik News Items

The Ladies' Club held their meeting Wednesday afternoon at the school. They decided to have a grocery bingo on February 25 to assist the funds. Mrs. Alex Kleinschmidt was chosen to convene. Tea dollars was to be sent to the Heart Fund in Tofield.

**DIVER MAX LUSHER AND WIFE WORK AS TEAM**

Max Lubker, left, 77, a diver for 58 years, has recovered the bodies of scores of drowning victims in all parts of the world, but it's a type of work he rather not do—especially when the victims are little children. Born in Germany Max joined the navy and in 1902 took the diver's course that started him on his underwater life Mrs. Lubker, right, a former Wren in the Canadian navy, handles his lifeline and together in the evenings they go over the equipment making necessary repairs. His regular diving jobs consist mainly of cutting steel pilings under water with an acetylene torch, which has become a specialty with him. Max says he finds it harder working around the house or in the garden than spending the time on the bottom of a lake.

# Government official outlines Provincial Recreation Grant

A meeting was held Wednesday night in the Tofield Community Centre Meeting Room to hear Mr Kazan, Provincial Coordinator of Cultural Activities outlined the Provincial Government's recreation grant. Mr. Kazan stated that Tofield would receive just over $5,000 and had to be applied for by the Town Council it could be used for any project which could be completed during the 5-year plan.

In outlining the many "recreations" Mr Kazan stated that it should be kept in mind that recreation applies to more phases than just sports. "Recreation is the enjoyable satisfying and constructive use of leisure time."

The grant may be used to improve existing facilities and does not have to be applied all to one project it could be used to improve any or more facilities

Swimming pools were discussed to some extent and in reply to questions Mr. Kazan pointed out that the additional $7,000 available for a swimming pool could not be used for anything else. Mr. Stinson quoted costs of swimming pools built recently which ranged from $70,000 and up. Mr. Kazan stated that Three Hills is the smallest town in the province to have a pool. They have a population of 1200 people and their pool loses $2,000 every year

George McFadzean presented a brief from the Curling Club but there was no discussion on it at the meeting

Mr Kazan praised the Community Centre and stated that if it was above average and Tofield could well be proud of it. He said he hoped that it was being used to the utmost in providing recreational facilities to the community He was also glad that the school gym was being utilized by the community and said that too many schools are not a part of their community

Three delegations from rural communities were present seeking information on the park grant being given out in the M.D.'s and Counties They were given the name of the man in charge of that particular section of the province.

A meeting was made that the town council appoint a committee to make a survey of the recreational facilities and a survey of the desires of the people of the community The provincial government has forms designed for this purpose and these are being sent to the secretary of the town

Mr Kazan spoke briefly on the rural libraries and stated with the shorter work week which is producing more leisure time there is a growing respect for libraries.

In closing Mr Kazan cautioned the meeting not to rush blindly into something, but to consider all matters carefully as the money would still be there and not all used in one communities seemed in fear.

The World Day Of Prayer services will be held this year at the Bethesner Mennonite Church in Tofield on Friday, March 4 at the hour of 2:00 p.m. Four churches are taking part: the Mennonite, Anglican, Baptist and United. This is a service by all women Please take special note of the time.

**ALL FROM A SINGLE SEED**

One seed from a Florida orange, planted in a bucket 22 years ago by Robert Adams of Niagara Falls, Ont., has grown into this 15-foot tree, now bearing fruit for the second time. Joan Imbert shown above with Mr. Adams applies the fruit and pronounces it excellent.

## J. W. Rozmahel retires from County of Beaver Office

We are very sorry to report that Mr. J. W Rozmahel did not let his name stand for re-election to the County Council for another term.

Mr. Rozmahel has been a very efficient member and chairman for several years in the old M. D. and has served as chairman over since Beaver became a County As his health is not too good he feited the work was getting too hard and he reluctantly withdrew from standing for election for another three years.

Mr. Rozmahel has been in the Tofield district for many years and has always taken an active interest in community affairs. He has been a member of the Tofield School Board for many years and was instrumental in the building of the present school. He was also a member of the Tofield Hospital Board for many years and was instrumental in the building of the present hospital.

Mr. Rozmahel has been a member of the Tofield Agricultural Society for many years and was instrumental in the building of the present Agricultural Hall.

Mr. Rozmahel has been a member of the Tofield Lodge A.F. & A.M. for many years and has served as Master of the Lodge.

Mr. Rozmahel has been a member of the Tofield Curling Club for many years and has served as President of the Club.

Mr. Rozmahel has been a member of the Tofield Golf Club for many years and has served as President of the Club.

Mr. Rozmahel has been a member of the Tofield Lions Club for many years and has served as President of the Club.

Mr. Rozmahel has been a member of the Tofield Rotary Club for many years and has served as President of the Club.

Mr. Rozmahel has been a member of the Tofield Kinsmen Club for many years and has served as President of the Club.

Mr. Rozmahel has been a member of the Tofield Kiwanis

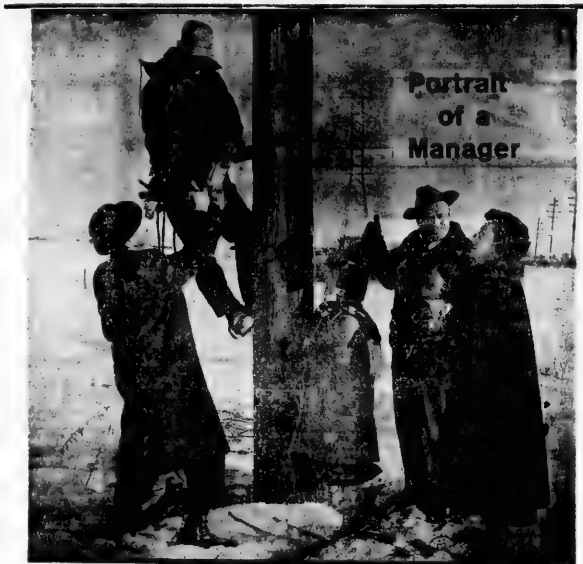
GARY COOPER
IN THE ROLE THAT FITS HIM LIKE A GUN — FITS A HOLSTER!
MAN OF THE WEST



Normally, you wouldn't expect to find a manager anywhere but behind a desk. Yet Calgary Power's District Managers, and all of their highly-trained staffs, must be ready for service every hour of the day and night, every moment of the year. We have 75,000 square miles of operating area, divided into districts for faster, better electrical service. The inquisitive Brown family, now having met a District Manager and one of his capable linemen, recognize them as some of the most civic-minded members of their own community. The Calgary Power District Manager in your area is probably just as valuable a neighbor, and he welcomes all of your questions about any phase of electric service.

CALGARY POWER LTD.
Serving the province of ALBERTA

## Farm Relief Program Said To Be Producing Hardships

The Federal government's farm relief program is producing hardship in parts of east central Alberta, the Legislature was told Tuesday by Earl M. Hardy (SC Vermi

He said the program, financed jointly by the province and the dominion, is failing to help small farmers who worked hard last fall and harvested 50 percent or more of their crops. Many of them are desperate today.

Under the plan, relief payments to a maximum of $600 per farmer are available to those who were prevented by snowfall last autumn from harvesting 50 percent or more of their crops. The Alberta government agreed to take part in the scheme after protesting that it made no provision for individual need.

Mr. Hardy said it wasn't too difficult for some of the smaller farmers to pick up 50 percent of their grain, but in no doing they disqualified themselves from payments under the relief plan.

Some farmers had to harvest to feed their cattle, as they took in wet grain, damaged their machinery and suffered the "continual headache" of keeping it stored.

He said hardly a day passes without a farmer coming to him seeking assistance. For the first time, he said, the County of Denver in his area is flooded with farmers seeking winter work.

Hence constituency, he said, is the "land of promise, but since last fall it has been the land of very little fulfilment."

Mr. Hardy also made a plea for efforts to extend natural gas service to more farmers. He said pipelines carrying high crude can pass through his constituency from the Viking-Kinsella area. With the use of low-cost plastic pipe, more farms could be connected economically, he said. He suggested installation on a trial basis, and said farmers in the area would co-operate.

Concerning the small opposition left in the House as a result of the election last June, Mr. Hardy said the loss from here opposite would be unable to cope with the legislative program and he hoped they would devote their time to constructive work.

As for the Social Creditors, he said each one in the House should "take on a little degree of the load we've been shirking in the past."

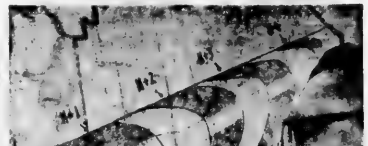
## SURVIVAL IN THEIR HANDS IF H-BOMB HITS TORONTO



A nuclear strike on Toronto, Ontario, would have produced this mushroom-shaped pattern of fallout. Major J. W. McClennan, above, nuclear officer in charge of the Provincial Warning Centre at Command's Ortona barracks at Oakville, Ont., plotted the path extending into Quebec. The first job for the soldiers at Ortona is to warn of an attack, then comes tracing fallout patterns, assessing damage and control and direction of re-entry into the damaged area. Teleprinters and telephones link Ortona with a Canada-wide warning system and North American Air Defence headquarters in Colorado Springs.

## Ketchamoot News

KETCHAMOOT — The Ketchamoot W.I. will hold a tea sale in the Canon Lumber Co. room on Saturday, January 7th in the afternoon.

The ... their monthly meeting at the home of Mrs. Roy Lee on Wednesday afternoon, March 2.

Next Valentines day will be remembered by many people besides the terrible tribesmen any... dent in town. Mrs Pat Soare had word that her sister Miss Meryl McRae who is teaching in Camrose escaped serious injury when the car she was driving collided with the Edmonton bound CNR Railliner about two and a half miles south of Camrose Miss McRae noticed the train and braked to avoid it but skidded on the soft snow on seeing the car to the left to avoid the train it caught her right fender however and swung the car and in so doing crumpled the rear. Miss McRae was all shook up walked out of the wreck. She was taken to St. Mary's Hospital for treatment to a rib cable, and bruises. She was badly shaken up.

Mr and Mrs Pat Soare motored down to Camrose on the afternoon and visited with her in the hospital.

Mr. Charlie Beers and Ilen spent the week end in Edmonton visiting Mrs. Beers mother Mrs McClennan.

Delbert Lee attending the motor show in the Jubilee auditorium one evening last week.

Marylin Schacker celebrated her birthday on Wednesday Mr and Mrs Lee Lewis, Mrs Lewis Wolstrup and Miss Ada Turner were visitors in the evening to help her celebrate.

Mr. and Mrs. Pete Lee ... last week Sunday dinner guests with Mr and Mrs W. ... Mrs Peter Lee.

On Saturday evening a ... was held in the C.W.I. Hall in honour of Miss Pat Williams in honour of Miss Pat Williams. The room was decorated with wedding bells Guests were entertained by all Barbara and Nola Williams carried in the lovely gifts on a stretcher. The bride to be was assisted with the unwrapping of the gifts by Noreen Williams, Betty Brown and Darlene LaRocque. The lunches assisted by the ladies served a very delicious lunch.

Mr. Pete Floyd returned home on Tuesday after spending a week in the hospital with a sore back.

Mr. Lyle Coombes and Casey of Edmonton spent the weekend with Mr and Mrs. Chester Coombes.

Mr. and Mrs. Harold Coombes and family visited with Mr and Mrs. Lars Olson at Holden on Sunday. Janice stayed with her grandparents for a few days.

Nancy Shepherd spent the week end with Donna Carlisle.

Mr. and Mrs. Pete Floyd, June and Betty were Sunday supper guests with Mr. and Mrs. Pegrum Carlisle.

[illegible] has been improvement

[illegible] There is a thing to be a most

[illegible] native Canadians

[illegible] native Canadians" are being given the franchise at last. There is to be a new department of forestry and there are observations with respect to the Trans-Canada highway. Amendments to the Old Age Security Act and the Veterans Allowance Act will be introduced. There are several other matters mentioned which do not affect my constituency but are nevertheless important

[illegible] I am glad to see some mention made of the completion of the trans-Canada highway. When the present trans-Canada highway is completed it will be time to start on the northern branch of that highway and at that time I hope the authorities see fit to route the highway through Saskatoon [illegible]

[illegible] I know the number of farmers in Canada [illegible] There is a tendency to [illegible] Alberta [illegible] would have taken only 24 hours [illegible] to announce that [illegible] The War Price [illegible] I believe that this time should [illegible] completed and [illegible] its completion should be kept in mind by the officials. If this line were completed it would make it possible for the people of that area to market their crops by shooting them directly to Winnipeg instead of having to send them via Vancouver. This would mean a reduction of 400 miles in the length of haul. I would, therefore, press for the completion of that 39 1 miles of the Canadian National Railway from Hightburg, Alberta to Freedmann's Butte, in Saskatchewan.

During recent months there have been many references in the press to the Crowsnest Pass freight rates. These are looked upon as the Magna Carta of the farmers of western Canada. It has been suggested by many people that since the Royal Commission on freight rates is investigating these particular rates, as well as others, there is some idea of changing them. The Prime Minister (Mr. Diefenbaker) has stated many times in this House, as well as in other places, that while he is Prime Minister no change would be made in the Crowsnest Pass freight rates to the detriment of the farmers of western Canada. I take the same position as the Prime Minister because those freight rates were set in perpetuity. The Canadian Pacific railway agreed to them and that railway company was extremely well recompensed for so doing.

There then is the matter of national defence. There is a great deal of excitement at times in this house and a great deal of talk back and forth in the Chamber about the defence of Canada. Everyone must realize that we are more or less a buffer state between our big neighbour to the south and our big neighbour to the northwest. We have almost 15 million people here now, and we cannot hope to provide all our own defence, especially when we realize that we would be just defending the big country to the south. I maintain therefore that the amount of money we spend on defence is spent for defence and not for offence, as I thought in my opinion the best and strongest defence is a good offence. We could not hope to provide all our own defence. There is, therefore, no other way of accomplishing our purpose than by getting together with our big neighbour to the south who has the same theology as we have.

We have not heard anything about the farm situation in western Canada during the last four or five days. Being a farmer myself I feel I must put on record again the facts in connection with this situation, especially as they refer to the year 1959. The people of western Canada are very pleased with the assistance that has been given to them already by this government for certain, they naturally say it has not been adequate, and it may not have been adequate. However, when you consider there are so many other types of farmers, so many other types of businesses that need help, per haps the government has been generous after all. The farmers in my constituency are, in the majority, the sons of pioneers who opened up that country. It has not been up-to-date up very long. My father was one of the first pioneers, and he settled there 72 years ago. In the old days there was no government assistance at all. We got by, of course, in a different way. We did not have to buy feed for our cattle. We cut it on the land. We got our coal out of the bush. We got it from some other time we must get that 14 cents back." I tell you, Mr. Speaker, that system or that deal is just no good because that is not controlling farmers' income only deal which they should have. I think an investigation ought to be conducted in order to see that this situation does not prevail any longer.

Incidentally, to go further with this deal, the man who sells livestock to the retailers sells them, as I said, at 25 cents and 25 cents, 28 cents and 27 cents. If they come in carloads, these little card board containers, they are thrown right in there. From the retailer is allowed to charge 32 cents to 34 cents for grade A large incidentally I think the medium come out as grade A large more. I have been a rash ticket which a man not from an egg grading station, he brought in 16 dozen, and he got pretty good grading too, because he got 19 grade A Extra large at 15 cents, eight dozen grade A large, four and one-quarter dozen grade A medium. The other dozen and a half eggs are of various other lower grades. For them he got $2; a short time before he would have got quite a bit more.

The farmers do not mind that so much if the spread between what they get and what the consumer pays is not so great. With all due deference to the royal commission on price spreads, I am not blaming the government for the low price of eggs at the moment.

According to the poultry producers' marketing report of Jan uary 22, the price in Edmonton for grade A large eggs to producers on January 22 was 31 cents. For grade A medium eggs the price was nine cents per dozen. It says the price was 11 cents A-e for the price charged by the middlemen to the retailer, I have here a cut out of the Edmonton Journal of January 22 [illegible] cents, grade A large 29 cents, grade A medium 25 cents, grade A small 23 cents and grade B, 15 cents.

That is a situation that really burns the farmers up. I say to the [illegible] Speaker, that I go through their grading machine [illegible] those eggs. There is nothing wrong with that sort of thing. It strikes me that it would be a very simple matter to [illegible] that there is a condition among the people who buy eggs or this type of produce. It may be that they say, "Well, we have the whip hand, we must get our cut out of it because we put it through some other time we must get that 14 cents back." I tell you, Mr. Speaker, that system or that deal is just no good because that is not controlling farmers' income only deal which they should have. I think an investigation ought to be conducted in order to see that this situation does not prevail any longer.

Incidentally, to go further with this deal, the man who sells livestock to the retailers sells them, as I said, at 25 cents and 25 cents, 28 cents and 27 cents. If they come in cartons, these little card board containers, they are thrown right in there. From the retailer is allowed to charge 32 cents to 34 cents for grade A large incidentally I think the medium come out as grade A large more. I have been a rash ticket which a man not from an egg grading station, he brought in 16 dozen, and he got pretty good grading too, because he got 19 grade A Extra large at 15 cents, eight dozen grade A large, four and one-quarter dozen grade A medium. The other dozen and a half eggs are of various other lower grades. For them he got $2; a short time before he would have got quite a bit more.

The farmers do not mind that so much if the spread between what they get and what the consumer pays is not so great. With all due deference to the royal commission on price spreads, I maintain that the farmers who feel this is wrong, are right; they should be assured a better deal than that.

The same is true of pork. The farmer sells dressed pork at 19.16 at least, that was the price in Edmonton on January 21. The consumer goes to market and buys some pork, say a roast, which costs him over 50 cents a pound. I noticed in the Edmonton Journal that there was a pub-

## PRE-FAB SERVICE STATION

Canada's first factory-built service station is being "demolished" here at Long Branch, Ontario. Built by Canadian Vickers, Montreal, it is full size with service and equipment installed. The two sections are bolted together at site.

plated bargain in spare ribs at three pounds for a dollar. The spread there is too much. Of course, I will admit that some people want to have a package wrapped in cellophane which costs money; but I do not think it should cost so much

The farmers also worry very much about the way machinery is going up in price. They think it is most unrealistic, because

Monday supper guests at the home of Elmer and Vi Goughein were Vic sister Ella and Graham Allen and family of Tofield Dorothy and Mel and Ethel Wood were also guests to help Elmer celebrate his birthday.

# OF MANY THINGS

by AMBROSE MILLS

[illegible] morning as early mild spell this week and there were puddles in the streets. They remain very out with shovels and hoes to build their drains and watch the water gurgle along the curbs. Paper boats were everywhere it was like a day in spring and men who hadn't crack [illegible] ed a smile all winter went whist ling down the streets with a jaunty stride.

Weather forecasts is an uncertain and often grim affair. Certainly it deters building and shingling and it gives our compositors more modernize chores a jump or two on us materially. Spiritually, on the other hand, we are by many a mile happier

[illegible] you have no hour bad weather to really appreciate good. It's a bit like the man who kept hitting himself on the head with a hammer because it felt so good when he stopped.

Spring is my favorite season, when fall comes Those other seasons in between aren't too bad either here in Manitoba, which can look charming at all times. I love to get in my car on a stormy winter day, when everyone is warned off the highways, and go driving I know it is risky, but I love it just the same, and I often get stuck on the sidestreets and most day myself out I have a handy son who enjoys getting me on them exercising and he does more than his share of the pushing and shovelling

I suppose each of us has some foolish fancies or unusual hobbies connecting with the weather A neighbour of mine is a barometer bug and he can forecast the weather to his satisfaction, although he sometimes has to wait a month or two for his predictions to materialize

Another friend has a stormy-day hobby. He saves all the newspapers and magazines he receives, and during bad weather puts in his evenings clipping and filing

a file for jokes and anecdotes, another on controversial issues at which he is becoming an authority and another — to his wife's horror — of recipes which he attempts when the kitchen is free

"Everyone talks about the weather," said Mark Twain, and he was right "Nobody does anything about it," he added, and he was wrong The wise ones adapt themselves to it"

## RESIDENTS OF PELEE ISLAND DESTROY WILD CATS

Residents of Pelee Island can start shooting at the wild cats that have been killing pheasants on the island. Pelee Island has some 600 cats, 250 people and 10,000 pheasants. Cat traps have been set up on the island to catch the cats but so far they have proven too smart for the man-made traps. Janine Hunter and Corrinne the cat demonstrate one of the traps used to capture the wild cats.

## Frank Fane, MP addresses House of Commons

(Continued from page 4)

what they have to sell seems not ev it increase but what they have to buy is always going up in price. A few years ago a combine cost a little over $3,000; it now costs over $9,000; I admit it has a little more streamlining and may have a little more capacity; what is more, it has a cushion seat and cigarette lighter But I do not think there is justification for the price of machinery getting so terribly out of hand as all that.

The other day I heard a remark in this house about a projected buyers' strike by the farmers of western Canada It was said that if the farmers went on a buyers' strike and stopped buying every thing but necessities — and I am as guilty as any — we farmers would be a lot busier off. The farmers know that. A lot of them learned that to their sorrow last year when they bought new combines and were unable to turn a wheel all fall because the rain and snow came, and consequently they did not get their crops in.

Mr. Speaker, I see my time has expired. I think I have said enough on this occasion and I thank you for the opportunity to speak.

## WITH THE LEGISLATURE

[illegible]

[illegible] will be frozen at more than $61,000,000 in the overall general [illegible] will be no increase in the [illegible] of municipal aid will be held at [illegible] last year's budget [illegible] instead of calling for a deficit as he did last year (although it never materialized). Mr. Hyndman forecast a budget surplus of $11,007.

The greatest [illegible] made it clear he will be keeping his [illegible] pared budget. Everyone must [illegible] are up to expectations and that spending can be kept within the limits set by the budget.

Except for calls for increased spending by nearly all depart ments, there is nothing [illegible] startling in the budget As in past years, education, health, welfare highways and [illegible] works will reet more.

One notable portion in the budget is a raise in pay for cabinet ministers and members of the Legislature Cabinet ministers' salaries will be raised to $12,000 from $10,000 yearly. Sessional indemnities paid to all the MLA's, including ministers, will be raised to $4,800 from the present $3,600 This will mean Alberta cabinet ministers receive $16,800 Premier Manning's salary will increase to $16,000 from $12,000, and his indemnity also will increase.

Here, for the record, is a breakdown of the budget figures

Ordinary revenue is estimated at $212,872,370, up $41,310,980 from last year's estimate while capital revenue is estimated at $11,048,500 up $4,850,000 The [illegible] estimated at $224,670,870

Total net expenditures estimated at $224,384,710 Capital expenditures are estimated at $11,272,991 [illegible] and statutory expenditures are estimated at $[illegible] down $1,[illegible]

Mr. [illegible] latest time on the basis of [illegible] budget [illegible] Social Credit monetary theories or some of the Social Credit backbenchers.

The crux of the debate was a motion by Rev. [illegible] Hansell [illegible] which [illegible] urged the federal government to eliminate the "defects" in the existing monetary system It gave the Socreds a wonderful opportunity to roll out all the clichés about "poverty in the midst of plenty," an "outmoded" money system, and "powerful forces" shrilling behind the scenes and controlling the destiny of the world by their machinations

But, the notable thing about the debate was that Premier Manning sat into it and gave a calm, quiet talk on Social Credit principles as they apply to present day politics, without the shouting and the attacks on "international bankers" and such

He said a Social Credit government in Ottawa would exercise control of money and credit and gradually reduce the credit-making powers of the chartered banks. He also said the Bank of Canada should provide low-interest loans to all levels of government.

The trouble with the current economic system, he said, is the same as Social Credit has always [illegible] that there is not sufficient purchasing power to buy all the goods the country produces.

Mr Manning, who [illegible] to social more and more like he may have the national leadership of the Social party, said Canada as a country is [illegible] should have the right to create its own money and credit He found it difficult to see, absurd and unnecessary that Canada has to go to the United States to get money for capital expansion.

The premier was drawn into the debate by Ernest Watkins, the Conservative from Calgary, who denied that the Bank of Canada is to blame for present economic conditions and said that solutions proposed by Social Credit are impractical.

Mr Watkins said the problem would not be solved by setting up "straw figures of international bankers powers and throwing Social Credit stones at them."

Maybe there's some real significance to it or maybe the members are just filling in time, but there's been more talk about Social Credit monetary theories so far this session than in any over the past few years.

## ARCHNUATS' FIRST MAJORETTE

Twenty-four years ago Audrey May did cartwheels down the field at an Argonaut football game. Audrey was the first majorette the Argos had and she was probably the first in Canada. Today Audrey May Wells, mother of two teenaged children, does the choreography and acts as director-producer for a half-time show by the majorettes. Her husband Doug produces the half-time shows which now attract crowds and enormous up to 70 girls. Above Audrey puts her daughter Jeanne Lyn Anne in wearing the majorette mother wore 20 years ago.

## ROSS CREEK LOCAL NEWS

A mistake was made in last week's news should have been Lorne rather than Litvin who won the trophy at Holden.

Well folks, here more it's winter the past while. March is no doubt coming in like a lion. Let's look for it going out mild and as many spring around the corner.

The rink from Ross Creek entered the bonspiel at Ardrossan. The rink, finishing up Sunday consists, with Kenneth Pedersen, Thel Paulsen, Jon Koskka and Ben Hoekstra coming out in second place in the second event. They received electric coffee pot. Solators or fan makers. They were playing hard for the Hitlo trophies given but better luck another time.

The Wanders bonspiel finished up on the weekend too. Will give the results in the next issue.

We'll find life more worth while if you just smile.

Four members, of the WA attended the Presbytery Annual Fall meeting at the Robertson United Church on Friday. They were Mrs Ida Phan, Mrs. Isabel Hallbwrg, Mrs Isabel McLachlan and Mrs Bessie Pederson. A very worthwhile day was spent. There were special speakers from the Alberta College and the minister from the Robertson, Dr. Peter Funk, a colored minister from the Alberta College gave a very inspiring message on Brotherhood and the "Oneness in Christ". The other speaker from the college gave a talk on youth (This is our greatest problem.) Rev. Hart Cuthbert done wonderful work for the young folk in Edmonton. He asked the women to read Bill Lake's, Chapter 15. Dr. Elliott of the Robertson United gave a most interesting talk on Refugee Year, topic: The Unwanted.

After the meeting was over lunch was served to the ladies. Before leaving for home the women called in on Grandma McLachlan. She will be 83 years old on March 31. She is still in wonderful health and very active. We wish her all the very best on her coming birthday.

Mrs. Ruth Rutland has taken the extra job at the Archer Memorial the past while.

Mrs. Ernie Kofman is now finished her course in nurse's training at Edmonton and is able to be home with Ernie again. Pretty soon to have your good cook home, eh, Ernie?

Ed Z'ner is in near health and has been hospitalized for the past while. Friends of the district wish him a speedy recovery to better health real soon.

There is nothing too hard to do in this world if you set your mind to it.

The Graham Schneider's and Jack Perrie's took in the Final curling bonspiel on Sunday up at Ardrossan, also Norm and Velma Schwartz and Rose and Doris Kushniruk of Edmonton.

Friday, March 4 is World Day of Prayer The old saying goes—the family that prays together, stays together.

The last service was a communion service with Rev Monte he'r but still not in very good health. The next church service and Sunday school will be on March 6 at 1:45. Hope to see a good turnout. (First Sunday in Lent)

A big happy birthday goes out to Grandma McLachlan on his 83rd birthday, March 4. Best wishes from all his family and friends of the district.

Robert, Freda and Robyn (6) son and Andy (left) boarder were dinner guests with Bessie and Kenneth Pederson on Sunday.

The Red Cross is on the Job

And you are there too—through your financial support. It is your help that keeps the Red Cross on the job—active and strong to carry on its many humanitarian endeavours.

With your help in 1960 the Canadian Red Cross will continue to serve this community, this province and this nation. When help is needed in distant lands you know the Red Cross will be on the job!

Money alone cannot buy the many services and programmes provided by the Red Cross. Combine it with the voluntary effort of millions of Canadians, and the Red Cross will be able to meet its round-the-clock demands. You can do your share by giving a generous donation when a volunteer Red Cross canvasser calls on you. If you are not at home when the canvasser calls, please send your contribution to the address below.

Serve again by giving to the

The CBC-TV four-part series, "The Road to Adjustment" is designed to be of particular interest to Canada's farmers and fishermen. Programs will examine problems of the small farmer who is tied to older methods which no longer cope with today's demands ("The Old Road"); the former who, realizing he must change, has adapted his farm to handle grain and crops and feeder cattle in order that he can supplement his income by doing other work ("Curious"); and the farmer who has mechanized his operation and runs it as a big business ("Tooreadyway"). The final show deals with the case of Canada's Maritime fishermen and the hardships they now face. This CBC-TV series runs for 4 weeks, beginning Wednesday, March 9.

## Minutes of regular County of Beaver Council Meeting

Present were the Chairman, Cr. J. F. Kozuski; Crs. Olsson, Johnston, Magneson, Semchyshyn, Stasiy and Woolhevitz.

The meeting was called to order by the chairman at 10:35 a.m.

A letter from Mr. W. F. Bingham, with the Department of Agriculture, in regards to Federal Grasshopper Control Areas, was read to the Council and discussed, the Field Supervisor, Mr. Ben Boyles, being present at this time.

MOVED that the Field Supervisor publish an article explaining the Federal Brucellosis Control Area in next week's local papers, that the matter be taken up at the annual meeting and that the required resolution to have the County set up a Brucellosis Control Area, be passed at the March meeting. CARRIED.

The matter of roadside spraying for weeds was discussed with the Field Supervisor, and it was

MOVED that experiments be conducted with roadside sprayed where serious weeds are present on not more than 100 miles of road during the 1960 season. CARRIED.

It was considered that this would be sufficient to allow evaluation of the benefits derived from this spraying, and also some indication as to the cost per mile.

The Council now considered applications for payments under the Federal-Provincial Emergency Unbrushed Grain Assistance Policy.

MOVED that the applications as per By-law No. 6 be approved and forwarded to the Department of Agriculture. CARRIED.

Abe Gould, Viking; Rudolph L. Kaiser, Holden; F. Matlik, Daysland; Joseph L. Stefaniyw, Holden; Davig Rosako, Daysland; Mrs. Annie Kuzmik, Daysland; J. K. and L. Kallal, Tofield; Alf Hill, Viking; Beniah Hesdevis Viking; Jos Pooke, Holden; Frank Sirope, Tofield; Stuart Campbell, Tofield; John Wood, Tofield; John Elvin Wood, Tofield; Nora C. Olson, Edmonton.

CARRIED

MOVED that the following applications be rejected, as they indicate more than 50 per cent [illegible]

Steve Cernohich, Viking; Olaf Thorpey, Holden; W. K. Bird, Viking; Frank Steiner, Byrne; Herbert R. Olson, Holden, William Mattinson, Viking. CARRIED

A letter from Harold Lauber of Dodds, requesting some remuneration for the cost of a pond that he had constructed to retain lots in the Hamlet of Dodds, of which he is the owner; also requesting a certain payment per year for the up-keep of it, was placed before the Council.

MOVED that Mr. Magneson investigate this request and report back to the Council. CARRIED.

A letter from Mr. Sinclair, with the Department of Agriculture, in regards to Federal Grasshopper Control Areas, was read to the Council and discussed, the Field Supervisor, Mr. Ben Boyles, being present at this time.

MOVED that the Field Supervisor publish an article explaining the Federal Brucellosis Control Area in next week's local papers, that the matter be taken up at the annual meeting and that the required resolution to have the County set up a Brucellosis Control Area, be passed at the March meeting. CARRIED.

# THE RYLEY TIMES

## Ryley Church, Newly Renovated, Opened Officially on February 28

...day February 28 the newly renovated St John Mary Vianney Catholic Church in Ryley was officially reopened in... Rev. F.V. Parcell of Tofield.

With thanks to the Tofield Choir under the capable leadership of Mrs. L. Shewchuk and organist Mrs. Wm. Finn. It was possible to have five Pontifical Mass for this important occasion.

The church was filled to capacity [illegible] included the local dignitaries and friends from the surrounding parishes. After Mass Mr Andy Wichmann from Edmonton took photographs of the congregation and church interior.

The Catholic Ladies Aid catered to a banquet in the adjoining parish hall with Mr Danny Henderson acting as chairman.

The guest speaker was Mr William Cherednik Supreme Grand Knight of the Vegreville Knights of Columbus and good wishes came from the Mayor of Ryley, Mr J Stanley and from Mr E. Magnuson on behalf of the County.

Mr Wendel Heinz, the only parishioner still with the church, who was one of the original members of the Catholic Church in Ryley, was present for the occasion.

Mr Stan Kaine, the carpenter gave a report on the working hours put in by the 22 parishioners He gave special thanks to Mr L. Kondrewski for building the main altar, the side altars and supervising some of the finishing work. One outstanding contributing name from a family whose three men came to work, averaging two every day for the four weeks.

A review of the history of the Church in Ryley was given by Mr M. Sheluk and Mr W. Krupinski. Mrs. R.H. Brown, who served for seven years as secretary, gave the history of the Ladies AM and its contribution towards achieving this wonderful goal. Mrs. S. Kolodychuk, the President of the Ladies AM, expressed her thanks to the pastor the carpenter and to the thirty-two men of the parish who so willingly gave their time and effort in the renovation.

The renovating committee in charge were: Mr. M. Sheluk, Mr. W. Krupinski, Mr. D.C. Henderson, Mr. R. Baker, and Mr. S. Kaine as architect and carpenter.

## GREEN ACRES

W. A. C. BENNETT, Q. C.

### FARM BUSINESS MANAGEMENT MEETINGS

Much has been said about farm business management in recent years by various farm interest groups. Farming is a business. Teaching of farm business management can involve almost the entire scope of agriculture. But the main idea behind farm business management is for the farmer to determine whether it is profitable to conduct his farm business in the manner he is now operating. If not, can it be changed and then the question how? Is profitable, how profitable is it?

In this County two meetings have been arranged to discuss the operating of farm business management. The meetings are to be held at Viking on March 15th and at Tofield on March 17th. The meetings will commence at 10 a.m. to 5 p.m. These meetings are sponsored by the Alberta Department of Agriculture, PFA Locals and Agriculture Service. Invited Speakers will be farm management specialists from the Dept. of Agriculture and other interested. The meeting and the speakers will deal with problems ways and means, through which a farmer can analyze his farm business, or have a critical look at it. Since there are one day meetings time would not permit to teach farmers how to do analysis work. It is our intention to acquaint you with some of the farm management aids or tools that may be helped to run in analyzing your business. Topics that will be discussed at this meeting will be Farm Markets and Outlook; Steps in making decisions in Farm Management; Farm Accounting; Farm Analysis; Budgeting and Farm Credit

Your D.A. sincerely hopes that a good turnout is present at both meetings. Let us hear from you again in all farm men and women.

**COLOSTRUM is IMPORTANT**

Colostrum or the first milk given by an animal after she has given birth has an exceedingly important function concerning the survival of the new born. This milk in addition to being very high in protein and vitamin A contains antibodies which temporarily protect the new born animal against disease and bacterial infection. Also very important is the fact that it is laxative and clears the digestive system of young born functioning properly.

Calves, lambs and pigs all do better if their first feed is a good feed of colostrum. For overwintering calves colostrum is on hand by saving the first milk from your cow and freezing it. This will preserve it so that in time, of need, say twice in cattle or extra needs that must be fed by hand, you will have colostrum on hand. Simply put colostrum in a plastic bag or container and keep it under refrigeration until needed. Then warm the milk to body temperature, and give the young three or four feedings of colostrum.

**DEFICIENCY PAYMENTS**

The use of deficiency payments as a means in aiding farmers in making adjustments in the farming [illegible] some of their products is currently being applauded & condemned by farm groups. Apparently there is some misunderstanding as to the purpose of deficiency payments.

Essentially, the deficiency payment program or make-up-the-difference program is one that is designed to allow products to move for whatever price they will bring. Sometimes income results to farmers are prevented by the government paying the producer the difference in price between what the product actually sold for and a higher guaranteed price.

This type of program, says O.H. Forster, Farm Management Specialist with the Alberta Dept. of Agriculture, allows the farmer or any country what products are in over-supply by a comparison of price relationships among all farm commodities. It also [illegible] the way to adjustments that are necessary if the farmer expects to obtain an adequate income from them.

A program of deficiency payments provides some price stability to the agricultural industry, says Mr. Forster, and at the same time it allows the operation of market prices to move products into trade channels. This relieves the government of the problem of storing commodities which they acquire under a policy of supporting prices at incentive prices in a support price program the government must purchase whatever is not taken in by trade and then has to dispose of it later without upsetting domestic & foreign trade channels. The deficiency payment scheme also contributes to the production of high quality commodities and forces the farmer to carefully consider all the marketing aspects of his business.

It seems to Forster's opinion, says Mr Forster, that the consumer in our economy is paramount. It is the consumers movement of our economy that must adjust to what the consumer demands rather than the reverse. The deficiency payments program may bring about some of the necessary adjustments in agriculture providing that it is politically possible.

## RYLEY NEWS

RYLEY — A few members of the Ryley Badminton Club visited Tofield on Wednesday the 24th of February. The Tofield Club served lunch after the games.

Born in Mr. and Mrs. Brian Wetmannsnot of Calgary, a son, on Saturday February 27. Mrs. Blk. Wetmannsnot has gone to Calgary to visit with Marie and Brian and new grandson for a few days.

Don't forget the Assistor bee on March 5 at the Ryley Community Hall.

The Alberta Pacific Elevator was broken into during the early hours of Monday morning. All that was missing were two flashlights.

There will be sildewalk services every Wednesday at 8 p.m. starting March 2nd, in the Ryley Lutheran Church during the Lenten season. All those wishing to attend are cordially invited to do so.

Mrs. Jerry Pepper is in Tofield Hospital with pneumonia. Mrs. Jeffries is teaching Mrs. Pepper's class, while she is on sick leave.

## County of Beaver School Committee holds regular monthly meeting

(Continued from page 1)

Tofield, after the buildings had presumably, been removed.

The committee was advised that there would be a delegation from the Lions Club in Tofield and from the Gun Club in Tofield interviewing the Committee in regards to these organizations obtaining the two old schools, and it was decided that the disposal of the schools be left until the delegation was present. It was, however, considered that the lots should be transferred to the Town under the circumstances and it was

MOVED that we agree to the request from the Town of Tofield that Lots 2 and 3 in Block 31, Plan 5457 AH, be transferred to the Town. CARRIED

Mr. Ed Repohr of Tofield interviewed the Committee on behalf of the Tofield Lions Club, in regards to one of the old school buildings that the County has in the Town of Tofield. The Lions Club requested that one of the buildings be donated to them to use as a rest room at the curling rink that they are now operating for the Town.

Mr. Repohr stated that the skating rink had, this year, been a very great success, and that it was extensively used by children of all ages in the Town.

The Committee agreed to the request and it was

MOVED that the school building on Lot 2, Block 31, Plan 5457 AH, Town of Tofield, be turned over to the Lions Club, subject to the approval of the Department of Education. CARRIED

Mr Gordon Garfield interviewed the Committee on behalf of the Gun Club at Tofield, stating that the Lions Club was also backing the project and stated that they had a junior gun club with 62 members — 12 in different age and that they were very desirous of obtaining a building in which they could have target practice during the spring and fall of the year, when it was too dark to use an outside range. They wanted to obtain the building and the land, and the question arose as to whether the area in which this building was situated would be zoned for such a purpose.

MOVED that the building situated on Lot 1, Block 31, Plan 5457 AH, Township of Tofield, be turned over to the Tofield Gun Club, together with the lot, providing permission for this is obtained from the Town Council. CARRIED

Moved that Mr John Kaine, principal of the Bruce school be nominated to attend the Leadership course for school principals at the University of Alberta July 11 to 22, and that the cost, $150, be underwritten by the County CARRIED.

MOVED that notice of frontage assessment in the Town of Viking, in connection with the schools and the lunchrooms at Viking, for water line purposes, be accepted. CARRIED

MOVED that accounts from Globe Plumbing and Drilling at Viking, in the amount of $142.00, for work done at the well at Viking School, and the account in the amount of $21.85, for pipe and bushing, supplied for the Viking tankwagon, be paid. CARRIED.

Regarding boots with cleats and hobnails in schools, and the principal's authority to request a student to remove such footwear, the Superintendent stated that some difficulty was experienced by the principals in this matter and that it was necessary that the principals did have authority from the School Committee to decide the character of shoes in these cases.

MOVED that a principal may exclude any student from a County school who wears cleats, hobnails or metal of any description on footwear that may damage floors. CARRIED

MOVED that a time clock be purchased for the Ryley School, the cost being $241.00, and that the Student Union at Ryley be requested to contribute one-third of the cost of this time clock. CARRIED

MOVED that an electric welder be purchased for the Industrial Arts Shop at Viking. CARRIED

MOVED that Peter Jeary be permanently appointed as janitor at Holden school, subject to him carrying out his duties at all times to the full satisfaction of the Committee. CARRIED.

In connection with the proposed purchase of buses, and the trading in of buses No. 1 and 11, the Secretary advised that Mr. Purton, inspector for the Department of Highway Safety Branch, had suggested that bus No. 7 should be disposed of before bus No. 1; also that bus No. 5 should be considered for replacement ahead of bus No. 1. In Mr Purton's opinion, bus No. 1 was not in bad condition.

The Council, at its meeting of February 1 had authorized buses No. 5, 7 and 11 as tenders, rather than buses 1 and 11.

MOVED that we concur in the change in buses as outlined. CARRIED

The Secretary mentioned, and this was reiterated by one or two of the Committee members, that Mr Purton, the inspector, had been very well satisfied with the condition of the buses, both mechanically and otherwise, with one exception, and also that he had suggested that the buses be kept in the County's bus garage and not with the personnel there.

The Secretary advised that he had not been able to put the requests for tenders for the new buses out to various Canadian suppliers, in time for them to submit their bids for this meeting, and suggested that their tenders would be dealt with on the afternoon of Thursday, 11th.

It was therefore

MOVED that we concur in the arrangements made by the Secretary and that the School Committee meet at 2:00 p.m. on Thursday, February 11 to consider the tenders for the buses. CARRIED.

Mr. Marvin Bruce reported on an accident that had taken place after the basketball game at Kinsella on January 29, that someone had thrown a rock at the bus that was taking the players from Kinsella to Viking and had shattered one window; also two rocks had driven in front of the bus on the highway, slowing it down and when the bus driver had endeavored to pass, they had speeded up.

It was considered that action should be taken in the case, as it was a dangerous practice and could have endangered students in the bus, and it was

MOVED that the R.C.M.P. in Viking be requested to investigate and prosecute the drivers of the cars involved. CARRIED

The financial statement of the County for the year ending December 31, 1959, was now read to the Committee, and especially the section referring to the operation of the School Committee.

This section showed a deficit for the year of $9,579.96.

The various items in the statement were read to the Committee and explained by the Secretary-Treasurer. After some discussion it was

MOVED that this financial statement be accepted. CARRIED

There being no further business it was

MOVED that this meeting now adjourn to 2:00 p.m., Thursday, February 11. CARRIED

Meeting reconvened at Thursday, February 11.

Present were the Chairman, Cr. R. B. Starky; Crs. Gibson, Johnston, Magnuson, Rosendahl, Semchyshen and Wentzell; Mr D. A. Bell, representing the Village of Holden; Mr. G. H. Arwen representing the Town of Tofield Mr H. A. Pike, Superintendent of Schools was also present.

The meeting was called to order at 2:15 p.m. by the chairman.

The Committee reconvened to consider the tenders for the three school buses that the County is purchasing this year.

Tenders were received from [illegible] Central Alberta Agricultural Society 51st Annual

## Education Week in Canada Big Event in All Schools

During the week of March 6-12 all the schools in Canada from the most distant north-west tip of the Yukon to the south-east coast of the Province of Nova Scotia will be observing National Education Week. In the Federal Capital, at the very heart of national affairs, leaders of parliament in the senate and the House of Commons will be guests of honor and special speakers in Ottawa and district schools and will make public addresses in support of education over radio and television and in the press. Every radio station and TV channel will feature films on the subject of the Week and everyone in the nation owning sets will not be able to help knowing of the observances and of the need and national-wide activities of the annual event. Selected students from all the schools, public, separate and private have been invited to attend a special civic-royal levee at Rideau Hall to be presented to His Excellency, Governor-General Vanier During high school classes will sit in the public galleries of the Senate and the Commons to observe the workings of Canada's parliamentary system. Honors students will go to New York with all expenses paid to attend sessions of the United Nations. In all the universities, towns and cities of the Dominion students, who will be graduating this year will go to special conferences as delegates. Every school will hold one or several "Open Nights" during the week with displays and exhibitions on national and international themes. Demonstrations will be given of pupils' work, of athletics, drill teams, cadet corps, dramatics, concerts, and public meetings. Outside the schools youth groups, Scouts, Guides and other groups in church and in social agencies will invite school officials, teachers and youth leaders to be guests of honor at dinners and meetings which will feature the objectives of Education Week

## Tofield Town Council Holds Regular Meeting Monday Night

On Monday, March 7, the regular meeting of the Municipal Council of the Town of Tofield was held with the following members present: Mayor W. H. Freebury, Councillors Jefferson, Pfeiffer, Ott, Allan, Kalal, Hendon, Swift.

Minutes of the last meeting were read and approved

**COMMUNICATIONS:**

From Canadian Red Cross Society, appeal for funds. Tabled.

Alberta Municipal Finance Corporation, notice of annual meeting and information re to finance in 1960 Tabled after perusal

County of Beaver No. 9, minutes of meeting of February 9 and 11, read and filed.

Associated Engineering Service Ltd., advising that title has now been registered in the acreage required for the Water Treatment Plant, and that the title may accordingly be acquired in the name of the Town of Tofield

Associated Engineering Service Ltd., enclosing tenders received in response to request for three for electrical installation to the water treatment plant. Council confirmed the action of the Utilities Committee in awarding the contract to Watson (Tofield) Ltd., at $5,230 00, and the contracts authorized for signature.

The Provincial Planning Advisory Board, re to Battle River Planning Commission and the setting up of a Board outside Edmonton and joining as initial members. The Council felt that they were not too interested at present.

Minister of Highways, Alberta, setting out requirements for letting contracts for laying of sidewalks, and an appropriation of $13,350 00 would apply for the credit of Tofield in this instance, which would also be subject to the approval of the Department. Mr Irwin ETA of Associated Engineering Services Ltd., was present to discuss this project and stated his company would provide the Council with certain necessary details to take advantage of the appropriation for sidewalks as allowed

Bank of Montreal, Tofield, stating they will co-operate in trying to overcome the water runoff and icing from their premises, and that they would look after the matter as soon as the alterations to Tofield Community Centre were completed

Superintendent of Public Libraries, Edmonton, re to library services in Development, and the advantages to be had from this service The Town would be a participating unit of 50 cents for Tofield, with an establishment grant of $1 00 per capita for the first year, and 35 cents in subsequent years. A meeting had been held in Vermilion in December, with representatives from a number of such divisions, counties, towns and villages present. Another meeting was called for March 16 at 2:00 p.m in Vermilion No action taken, but Co. Jefferson and the Secretary-Treasurer were asked to attend.

County of Beaver No. 9, Ryley, re to the request from the Town not to dispose of Lots 2 and 3 in Block 31, Plan 6487A.H., if they were selling the two old schools. Tofield Gun Club had asked the County to donate the building on Lot 2 to them for a firing range in spring and fall. While the building is located in the No 1 residential area, the Council authorized the County of Beaver to transfer ownership of the lot and building to the Town of Tofield for the use of the Gun Club, with the Club to be responsible for all care, and maintenance, and upkeep in general.

## Local cattlemen enter Edmonton Show and Sale

A strict look through the Bonanza Creek Livestock Show and Sale catalogue just issued shows that this area will be well represented

Following is a list of contributors who entered in Wainwin (Tofield) Ltd., at $5,230 00, and the contracts authorized for signature.

1 Steer, Schacher, Tofield, 4; Charles J. Kalal, Tofield, 6; John Moore, Tofield, 4; Harold Weatherill, Tofield, 5; Mel Wood, Tofield, 3; F. H. Brown and son, Tofield, 4; Paul Kalal, Tofield, 1; Verlyn Moore, Tofield 3

As in years past some of these animals are expected to be at the top of their class.

## Raccoon probably came from Vermilion

A phone call this week from Howard Pratt of Ryley cleared up the mystery of the raccoon shot recently by Clifford Anderson. Howard states that in the 1920's a bunch of them escaped from captivity at Vermilion. They have been turning up over since in northeastern Alberta. No states that a few years back one of them was trapped at Cold Lake. It is very likely that the one Clifford Anderson shot is one of the offspring of the bunch that escaped.

## Community League Attempting To Stop Icing Condition On Sidewalk

The monthly meeting of the Tofield Community League was held March 1 with attendance and due to the inclement weather conditions made recording the slow to be taken to every member combining at the front of the Community Centre and piano made for the League's activities over the next few months Another series of card parties will be held March 15, 21 and 29 as the hall rental fees MANY people have enjoyed the type of recreation

It was also decided that a ham dinner be held on April 11. The "100 Club" membership drive was reported progressing well with a big effort by the committee

A report from the Cultural Activities Committee showed that church choirs are enthusiastic about having a Spring Festival Easter Choral presentation and Public Speaking Week.

Details of the aspects of the ... but 4 celebrations were also discussed

The League's 1960 financial statements from the auditor was presented and adopted by those present. Results were comparable with those of the year 1958 and it was shown that a total of $2,850 was paid off the principal ... mortgage payable.

## Tofield girl married in Edmonton church

FERGUSON — PADDICK

At an afternoon ceremony in Norwood United Church Hall, Local Lorraine Ferguson recently became the bride of Mr Keith Gordon Paddick. Baskets of ... flowers decorated the ... for the double-ring cere...

The bride is the daughter of ... Mrs Lesbet Ferguson, a ... of Mr. Royal Alexandra ... The groom is the son ... and Mrs. G. H. Paddick of Kalgarlie, West Australia. Rev. Lennox Wilson of Edmonton officiated

Given in marriage by her father, the bride wore a waltz-length gown of french lace sty... ed with a mandarin neckline and ... pointed sleeves. Her ... ensemble was ... with mixed ... A beaded crown and she carried a white Bible overlaid with an orchid and white streamers with lily buds.

Matron of honor was Mrs. Joan Williams, twin sister of the bride wearing a cocktail length dress of red chiffon with white accessories

Best man was Mr Ernest Crooks and ushers were Mr. Harold Ferguson, the brides brother and Mr. Ronnie Brooks. Vocalists were Miss Sharon Hill and Miss Joan Herndon.

At a reception in the Church basement Mr Charley Nienets proposed the toast to the bride and Mr Ray Brooks read three telegrams of congratulations from Australia.

After a wedding trip to the U.S. they will make their home in Edmonton

**COLLECTS LICENSE PLATES AS HOBBY**

For 30 years of collecting license plates have gone into producing the collection of 450 that Jerry Verbauge of Winnipeg, Manitoba, now has. And he really didn't start in earnest until he retired 10 years ago. His plates from all over the world include all states in the United States and every province in Canada.

## Tofield Rural Electrification Association Holds Annual Meeting

The annual meeting of the Tofield Rural Electrification Association was held in the Legion Hall on the evening of March 8 in the form of a banquet. There was a large turnout of members and interested ratepayers.

At the end of a banquet made at the previous annual meeting by Mr Gibson and which was subsequently accepted by the Board, Farm Electric and ... have taken over control of the ... in our area. As more and more ... become members, it should be ... possible the lines will be strengthened and further growth will be contained in like manner. The objective is to make it a province-wide undertaking and general acceptance of the plan will result in the bright problem being handled in an economical and efficient manner. This became as to the question of paying the bill.

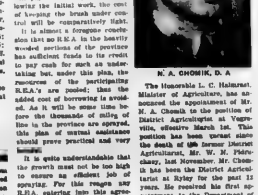
At the risk of repetition it must be stated that all work done for the R.E.A.'s by Farm Electrical Services is done at cost. This item under consideration at the moment is the sum added to our quarterly power bill known as the service charge This covers our share of the cost of operating our association, such as our share of office expenses, maintenance of line and equipment, etc. Anything over and above the actual cost is credited back to us and for last year for which we have the figures, 1958, the amount was $1,112.21 In 1957 it was $1,454 73 It is this fund which will pay for our operation. Following the initial work, the cost of keeping the brush under control will be comparatively light.

It is almost a foregone conclusion that we R.E.A.'s be handed wooded sections of the province but sufficient funds to its credit to pay cash for such an undertaking but, under this plan, the ... of the participating R.E.A.'s are pooled; then the added cost of borrowing is avoided. As it will be some time before the thousands of miles of line in the province are energized, this plan of mutual assistance should prove practical and very beneficial.

It is quite understandable that the growth must not be too high to ensure an efficient job of spraying. For this reason any R.E.A. entering into this agreement must have the brush well under control. This work was undertaken by the Tofield R.E.A. last year at a cost of over $1,000 Three dollars per member had previously been added to the yearly membership dues, and while it did not pay the total cost of the brushing, our bank account was rifled upon to make up the difference.

In spite of the foregoing, our bank account is in a satisfactory condition and as no large favorable drafts on it is expected, the Board has reduced the annual membership dues to $1 00 for the year.

Overdue accounts are now the main concern of the Board and it is to be hoped that in this regard are not



**N. A. CHOMIK, D. A**

The Honorable L. C. Halmrast, Minister of Agriculture, has announced the appointment of Mr. N. A. Chomik to the position of District Agriculturist at Vegreville, effective March 1st. This position has been vacant since the death of the former District Agriculturist, Mr. W. J. Pidcherchesky, last November. Mr. Chomik has been the District Agriculturist at Ryley for the past 11 years. He received his first appointment to the Department of Agriculture in 1946 when he was made Assistant District Agriculturist at Vermilion and as a director at the Vermilion School of Agriculture. Mr. Chomik received his Bachelor of Science degree in Agriculture from the University of Alberta in 1946. He was raised on a farm in the Two Hills district where he obtained his public and high school education. Mr. Chomik has been prominently active in 4-H Club work. He is well re arded by agricultural people in the area in which he has served.

He is married and has five children.

**TRY TO SAVE ELLIOT LAKE**

The wives of 150 Elliot Lake uranium miners were all smiles during their meeting with Prime Minister Diefenbaker in which they urged the government to help keep their town going. The Northern Ontario town of 25,000 faces extensive layoffs starting later this year as a result of the decision of the United States not to renew its Canadian uranium contracts. The women plan to visit Winnipeg next and try to convince Manitobans to back the transfer to Elliot Lake of a planned nuclear research centre from its chosen location in the Whiteshell area in Manitoba

## Tofield Town Council Holds Regular Meeting Monday Night

... [illegible] page 1]

... [illegible] ... [illegible] ... [illegible] 

## WITH THE LEGISLATURE

[illegible] during the budget debate, Mr. Sallstrom said many of the recommendations [illegible] minister's report [illegible] would be supported if the criteria [illegible] were followed.

[illegible] Mr. Manning with another tailor-made opportunity to show [illegible] how useless his rank and file [illegible] friendly and co-operative.

Ernest Watkins, the solitary Tory from Calgary, pointed out to the premier that since the last opposition members represented different political faiths, it may be tough for them to get together often enough to move and second private members motions.

Premier Manning said that if the difficulty should arise, Opposition members can feel free to call on Social Credit backbenchers to second their motions.

The government is anxious that every bona fide motion be discussed, he said, and just because a member seconds a motion it doesn't mean he agrees with everything it says.

Mr. Watkins was quick to take advantage of the offer later in the week he placed a motion on the order paper asking the government to look into the advisability of abolishing or limiting driving daylight saving time during the present session. He couldn't find a seconder on his own side of the House, so the motion was seconded by Mrs. E. G. Robinson, Social Credit member for Redcliff.

Other highlights of the week: Members voted unanimously in favor of a motion called on the government to establish a beef cattle breeding research project financed with money out of the horned cattle trust fund. Agriculture Minister L.C. Halmrast said it will be "another first for Alberta."

The government introduced a bill aimed at curtailing the activities of "fly-by-night" salesmen by requiring them to post bonds before they can be licensed. The action stems from complaints about certain types of door-to-door salesmen who have been operating in Alberta.

Agriculture Minister Halmrast told the House the government will consider re-opening the Fairview School of Agriculture, but it wants assurances first that there will be sufficient enrolment to warrant reopening. The school has been closed since 1954 when fire destroyed the mechanics building and auditorium.

## SPLISTED NEWS

SPLISTED — The Splisted Ladies Society met at the home of Mrs. Truman Fairbrother for the March meeting. It was decided to have a community meeting in the school on March 30th at 8 p.m. to discuss the renovating of the school. It is hoped that a large group will attend this meeting. The April meeting of the Ladies Society will be held at the home of Mrs. Art Hollis.

A speedy recovery is wished for Mrs. Herbert Evans and Mr. Dave Fairbrother, also to Mr. E. Paulson who is home from the hospital.

Mr. Roger Evans spent the weekend at home. He is employed at Calgary.

A large crowd gathered at the home of Mr. and Mrs. Gus Hansen on Saturday to shower Mr. and Mrs. Norman Smith Wednesday evening.

Miss Elaine Fairbrother was home from Lethbridge last week and this weekend Misses Joanne Belcourt and Barbara Byers of Edmonton were at their homes.

Mrs. Truman Fairbrother's sister and family spent Sunday with Rev. Truman and family

Conrad Wonder is home from Quesnel, B.C.

Mr. and Mrs. Roger Ray and Pamela visited Mr. Gordon Ray in the hospital on Monday and also visited with their daughter Pauline in Edmonton.

Mr Mark Fairbrother is home from the Northwest Territories for a month.

A.C.I. Bruce Berreteth arrived in Edmonton by plane on Friday. Mr. and Mrs. Martin Berreteth brought him home in the evening for a week's leave. He returns to Sudbury, B.C. after visiting with his grandparents, Mr. and Mrs. Lewis Carlisle in Surrey, B.C. and other relatives in Vancouver.

There was a large crowd at the pie social at the Splisted School on Friday evening. Wade Swaye won the grocery hamper.

Mr and Mrs. Glenn Jones and family were Sunday visitors at the H. Berreteth home.

## ONE-ARMED BOY ACTIVE IN SPORTS

Having only one arm hasn't prevented Peter Evans, 11, of Hamilton, Ontario from being a top peewee pitcher in the summer and a star hockey goalie in a six-team league in the winter season. Peter's five brothers and sisters are his biggest rooters. Brother Dave and sister Nancy watch him lace skates in the photograph above. He needs no help for this or in dressing. Peter leads a normal childhood and is bright at school.

## PROTESTS HANGING

CBC news editor Peter Churchill, above, told the government that he won't file an income tax return until capital punishment is abolished. He outlined his "act of disobedience" in letters to Prime Minister Diefenbaker, Justice Minister Fulton and Finance Minister Fleming. Mr. Churchill said the income tax department owed him money as he is not evading taxes, just refusing to file a return.

Highways Minister Gordon Taylor also represents the constituency of Wetaskiwin-Camrose. Almost everything under the sun was brought up, but perhaps the most memorable debate arose out of a motion by William Kovach, Liberal member for Edmonton Clover Bar, asking an increase in government grants for the construction of the Alaska Highway.

Mr. Taylor said it's time for Ottawa to "get off its fanny and do something" about the road. Calgary MP blasted the Federal Tories for policies which allow United States coal to be shipped into western Canada, said the western Canadian coal industry needs nothing but a chance to compete equally with U.S. coal.

RCAF CARNIVAL AT GOOSE BAY

The RCAF base at Goose Bay, Labrador, is a lonely spot to when carnival time rolls around the men and their families believe in making the most of the week-long festivities. Activities are planned so everyone is able to have a good time. This year the fourth annual winter carnival was held at the northern base. Above, carnival queen Sheila Bailey of Fredericton, Nsk., has cheeks her rubbed by board contestants Maxwell Gilbert of Parrsboro, N.S. and Glen Jones of Thomasburg, Ont.

## Toronto Girl Weds Local Doctor in Recent Double-ring Ceremony

Amid a small sprays of cross ... relatives and friends a candlelight ... Miss Mildred Osmani, ... daughter of Mrs. Marie Osmani, Toronto, Ontario, became the bride of Dr. Joseph James Brown, ... son of Mr. and Mrs. Joseph H. Brown, Tofield, Alberta, in All Saints' Cathedral in Edmonton on February 26, 1960. The Rev. Archer Satyrene officiated at the ... ceremony.

The bride, given in marriage by her brother Mr. James Osmani, wore a white sheathlet length dress with a fitted bodice, cowl-ed neckline and three-quarter length sleeves on a fabled effect of hand-embroidered French satin and carried a ... of red roses.

Miss Betty Brown, the maid of honor, wore a pale blue satin dress with a very complimentary bend band of variegating blue petals and matching blue satin sleeves and carried a bouquet of pink carnations.

Mr Ronald Brown brother of the groom, was the best man. Ushering guests to the ribbon ... were Mrs. Donald Lawrence and Neil McKie, while the organ played in the background.

Hostess for the ... reception, which ... Joyce Smith; Mrs. Blanche Hardy, by Mrs. Inga Hardy, her ... daughter-in-law; Mrs. Ida Jacobs, by her daughter, Mrs. Reiner Leinemann; Mrs. Rosalie Dodds, by her daughter Mrs. Zelda Hallert, Mrs. Hardy and Mrs. Dodds ... took Charter Membership in Iconic. Mrs. Leona Webb, who is also a Charter Member, and whose daughter, Mrs. Jean Olsen, is also a member of Iconic, was unable to attend.

During the business meeting Mrs. Mildred Thomas and Mr. Paul Thomas of Edmonton, attended with Iconic Chapter.

Twenty-five years ago they had become members of Iconic but have since been members of other chapters.

Mr. George Arnett was presented with his Past Patron's ... cilfcate by Mr. Neil Phillips, W. P. of Iconic. It was announced by Mrs. Boyles that Mrs. Grace Phillips had been appointed by the Worthy Grand Matron, Mrs. Helen Armstrong to the position of Grand Representative of South Dakota.

From a ten table decorated with star colored candles set in candlesticks presented to Iconic by Mrs. Chapman, and featuring a beautifully decorated birthday cake, made by Mrs. Letourneau, lunch was served by Mrs. Moon, Mrs. Moore and Mrs. Letourneau.

During the lunch hour, members made their birthday contributions to a Mr. Fairchild in Montreal, receiving in return, a ... reproduction "Persian."

## Iconic Chapter, Eastern Star Celebrates 32nd Birthday

Iconic Chapter, Number 72, Order of the Eastern Star celebrated its thirty-second birthday at the regular meeting on March 14, 1960. A number of visitors including Mrs. Emily Roberge, Mrs. Hardy and Mrs. Dodds who took Charter Membership in Iconic. Mrs. Leona Webb, who is also a Charter Member, and whose daughter, Mrs. Jean Olsen, is also a member of Iconic, was unable to attend.

During the business meeting Mrs. Mildred Thomas and Mr. Paul Thomas of Edmonton, attended with Iconic Chapter.

## Rimgen - Rudzki Vows Exchanged In St. Francis Roman Catholic Church

St. Francis of Assisi Roman Catholic Church was the scene of a pretty wedding recently when ... Elsie Ringen became the bride of Victor Joseph Rudzki. The bride is the daughter of Mr. and Mrs. Gustav Ringen and the groom is the son of Mr. and Mrs. John Rudzki. Rev. Fr. Lesterpatti conducted the ceremony.

The bride, entering the church on the arm of Mr. Jim Williams, wore a full floor length gown of whispering taffeta, overlaid with ... lace with Elizabethan collar neckline and ... point sleeves. Her ... was ... with ... and ... and ... and carried a ... of red roses.

Miss Sandra Rudzki, sister of the groom, was bridesmaid. She wore a ... dress with matching headpiece and carried pink and tinted carnations. Bridesmaids were Miss Norma Williams and Ethel Pastkas who were identical waltz-length dresses of nylon chiffon in blue and violet ... with white accessories and tinted carnations to match their dresses.

Best man was Walter Harder and Cork Nesdoly. Guests were ushered by Johnny Woods and Lawrence Williams.

Following the ceremony, a reception was held at the Community Center. Master of ceremonies was Lawrence Kalisz and Rev. Fr. Paperti proposing the toast to the bride. Mrs. Solvig Williams was in charge of the guest book.

The wedding cake was baked by Mrs. Solvig Williams and decorated by Miss Evelyn Stauffer.

For the honeymoon trip the bride donned a grey suit with white accessories and carried a ... of red roses.

After their honeymoon, which will be spent in the U.S., the couple will reside in Tofield.

## AROUND THE TOWN

Tickets will be provided for the driver, courtesy of the High School.

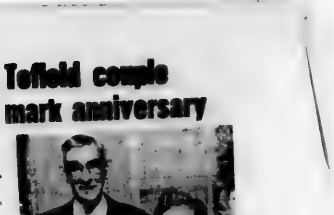
—M—

## Local student wins camera

A number of Tofield High School students entered their names in an agency-sponsored contest during the magazine campaign last fall. Recently word was received that Betty Fraser of Tofield had won a movie camera.

The camera is a Crown 4 with turret lens and has a value of about $45. Betty turned the camera over to the Students Union who are now raffling off the camera to raise funds for the TSU.

## Tofield couple mark anniversary



Mr. and Mrs. G WESLAKE

On the occasion of their golden wedding anniversary recently, Mr. and Mrs. Weslake of Tofield were honored at a dinner party at the Tofield Hotel dining room. Present were Rev. and Mrs. Derbyshire of Edmonton, home of their daughter and daughter-in-law, Mr. and Mrs. W. Grimmer in Edmonton.

Married in St. James Church, Exeter, Devon, England on March 8, 1910, Mr. and Mrs. Weslake came to live at Tofield immediately after their marriage. A country school was called "Weslake" after them and the district is still called by their name. Mr. Weslake first came to Tofield in 1907 and returned to England to be married.

Tofield guests at the party were Mrs. L. Pitcher, Miss Lillian Mellard, Mr and Mrs. A. Pearson, Mr. Gilman Pearson and Mr. and Mrs. S. George. Among Edmonton guests were Mr and Mrs. W. C. Swift, Mr. and Mrs. J. Morrow and Mr. and Mrs. S. Edwards.

## Many Parents Attend Classes Seeing Latest Classroom Methods

In recognition of Education Week, many parents attended classes with their children last Wednesday to become better acquainted with today's classroom methods. Many parents signed the slips brought home by the children, saying they would attend and well over last number of families were represented during the day, said Mr. Harris, Principal of Tofield School.

From a ten table decorated with star colored candles set in candlesticks presented to Iconic by Mrs. Chapman, and featuring a beautifully decorated birthday cake, made by Mrs. Letourneau, lunch was served by Mrs. Moon, Mrs. Moore and Mrs. Letourneau.

During the lunch hour, members made their birthday contributions to a Mr. Fairchild in Montreal, receiving in return, a ... reproduction "Persian."

## Watchtower Traveling Representative Coming To Tofield March 22 - 27

Mr. Paul A. York, traveling representative of the Watchtower Bible and Tract Society will be paying his first visit to the Tofield congregation of Jehovah's Witnesses from March 22 to 27. The local congregation is gearing itself for a special week of activity, during the local convention.

The first evening of Mr. York's visit, plans will be made at the local Kingdom Hall for each company of Jehovah's Witnesses to spend at least 5 hours during the week calling on the people of the community and holding Bible studies in the homes of many.

The main feature of the week will be the public lecture to be delivered in the Kingdom Hall on Sunday afternoon at 3:00. The title of this talk to be given by Mr. York will be "What Does It Mean To Be a Christian?" The answer is to be found in the Bible and that is why all who are interested in hearing who God's word says on the subject are invited to attend that Bible supported discourse.

The president minister of Jehovah's Witnesses assures everyone that it is a free talk and there will be no collection taken.

## Results of ladies mixed bonspiel

The Tofield Ladies' Curling Club sponsored an open mixed bonspiel March 12 and 13 with 15 rinks entering, 8 from outside and seven local. This is the first time a spiel of this kind has been held in Tofield. By all reports it proved most successful, and the general wish is to have more such spiels in the future.

Following are the results. First in the grand challenge went to George McLachlan of Sam Creek; second, Arnie Dean, Ryley; Third every entrant was the Rex Bayley rink.

Results in Tofield Saturday and Sunday Mixed Bonspiel are as follows: [illegible] Neil Bailey, Alberta [illegible] Dean, Ryley; [illegible] Mc Lachlan, Sam Creek; [illegible] Wilson, Tofield; [illegible]

## Bardo and District

BARDO — The WMSGS met at the Legion Building hall on Wednesday, March 16th with ten members and four visitors present. Films "We'll Fight the Peace" and "Love Grows in Spring" and Mary Pasnich read from the Bible for devotion. Another hymn was sung. It was decided to buy a note book for each of the departments concerned. As this was the annual meeting reports were given. The President reported that 11 meetings had been held. She gained two new members. The district convention was held in Camrose on May 4 & 5 and a Rally in Tofield in February. The Treasurer reported $61 in the treasury.

The following officers were elected: President, Mrs. Alma Neilson; Vice-Pres., Mrs. Mary Pasnich; Secretary, Mrs. Gladys Stevenson; Treasurer, Mrs. Ida Price; Temperance Supt., Mrs. Lillian Beveridge; Press Superintendent, Mrs. Jorgina Rude; Citizenship, Mrs. Jim Stevenson; Juvenile Temperance Instructress, Mrs. Esther Brekner; Assistant School Temperance Instructress, Mrs. Norma Anderson. Honorary Members and Retiring Officers, Mrs. Lillian Beveridge.

The reporting of the Motto and Text Prayer closed the meeting after which all partook of a lovely lunch served by Mrs. Alma Neilson and Mrs. Evelyn Pasnich.

Mr. and Mrs. Andy Heiberg entertained the following guests for dinner on Sunday at his: Mr. and Mrs. Elmer Stiller and Mrs. Elmer Stiller and Harold were visitors at the Herman Swanson home on Sunday evening.

Mrs. Elmer Stiller and Harold were in Edmonton on Saturday.

Mr. and Mrs. Clifford Anderson, Clarice and Roger visited at the Ivan Pasnicka home on Sunday afternoon and on Sunday evening the Leif Fjelsang family and Grandma Pasnicz visited at Cliffs.

Quite a number from Bardo attended the Coop luncheon and meeting in the Community Hall in Tofield on Wednesday. Mrs. Ivan Pasnicz was the lucky winner of the door prize, a 50-lb. bag of Coop flour.

Grandma Pasnicz, Mr. and Mrs. Leif Fjelsang, Lenny and Robert, Mr. & Mrs. Arnold Johnson and Walter, and Mr. and Mrs. Clarence Rude and Merlin all enjoyed turkey dinner at the Alvin Anderson home in Kingman on Sunday

Mr. Leonard Stauffer who is taking a course in electrical wiring in Camrose visited the week-end with his family. Dinner guests at the Stauffer home were Mr. and Mrs. Jack Lethbridge, Craig and Janice. Congratulations to Jack and Shirley on the arrival of their baby daughter Janice Irene.

Mr. and Mrs. Philip Anderson and girls motored to Mayerthorpe, Saskatchewan on Friday afternoon to visit Norma's sister and husband, Mr and Mrs. Ralph Bosworth. On their way home on Sunday they stopped at Wainwright and visited Mr and Mrs Olaf Anderson and Mr. and Mrs. Lawrence Anderson and family. Maynard Stenson took care of their farm in their absence.

There will be Luther League on Sunday evening March 20.

Service on Sunday morning at 10 and Sunday School at 11.

Rev. L. Sogge from CLBH conducts Lenten services every Wednesday evening at the Church. He drives 35 miles to bring a message so let us all try to be there and we will surely receive a blessing.

## WITH THE LEGISLATURE

EDMONTON — The government took the initial step last week in its attempts to control the bloodlettings of Alberta livestock colonies and still remain within the law.

Municipal Affairs Minister Alf Hooke introduced a bill which contains extensive amendments to the Communal Property Act, under which Hutterite colonies are regulated at present.

The major change is that under the new bill landholding restrictions are not specifically spelled out. Instead, it gives the provincial cabinet the final authority to prohibit or allow expansion of colonies.

The question worrying cabinet ministers and MLAs is whether this will be any better than the existing act, which states clearly that colonies must be at least 10 miles apart and that they cannot be over a certain size.

For years the government has been afraid the existing act would never stand up in court if the Hutterites chose to test it, because in effect it discrimin. ates against a minority. Similar legislation in Montana was taken to court by the Hutterites and was thrown out, leaving no controls on their landholdings.

In Alberta the Hutterites have so far shown no inclination to force a test of the validity of the law. Instead, they cleverly circumvent it by leasing land and by buying up land under the name of an individual colony member.

The communal property bill changes up as one of the hottest norms of the current session. Later it will go to the House Agricultural committee for study. In all likelihood the Hutterian and persons opposed to Hutterite colony expansion will be called in to argue the pros and cons.

Under Mr. Hooke's bill, the government would set up a 3, man board to hear all applications for new colonies or colony expansion. It would judge a case on its own merits, then make a re commendation to the cabinet which would have the final say.

The new bill would do away with the 6-mile spacing restriction, but would retain the limit on the size of colonies. It also would make it clear that a colony cannot buy land under the name of an individual if the land is to be used by the colony.

Last week was a big one for Municipal Affairs Minister Hooke. He also introduced his controversial tax legislation. The 20-page bill provides for the setting up of a five man commission to administer the tax scheme.

Under the program, some Th hazardous industries would be placed on a provincial tax roll, and the money collected would be distributed among the municipalities which have a share in providing services to the industry or its employees.

Thirty percent of the take would automatically go to the municipality in which the industry is located, and the remaining 70 would be split up among 46 percent municipalities where the workers live and demand services.

One thing the bill does is pave the way for uniform province-wide assessment and taxation of those industries which come under the act. The bill says the mill rate shall not exceed 60 mills. Mr. Hooke says it will in fact be considerably less.

A "MOVEMENT" ON THE FIDDLE

Bill Dekas of Black Creek, Ontario, near Niagara Falls, doesn't fiddle around when he's driving but there's plenty of it going on behind him. He can't get the fiddle in the car but when it moves the fiddle poses no transportation problem, he says ahh.

## The Homemaker

Patricia Mansfield Program Organizer, Vegreville

NEW IDEAS FOR YOUR KITCHEN:

New ideas are always welcome in the kitchen, especially if they are work and time savers. They are new and fun, often the answer to your immediate problem. Here are a few to help you get started:

1. A vertical file under the counter top stores all types of paper. Fit it with dispensers or a shelf for each individual box. Use the other side of the divider for other paper products used frequently. This can also prove very useful near the freezing centre.

2. Jam decanters you want a clutter-free counter top in sight you'll have everything out of sight! Have small pantry cabinets installed just above the backsplash. The smallest base part down. On top of this cabinet you can make a number of arrangements such as spices on a small tray. Bean, attractive cookie jar.

3. The emergency pantry can be combined with the main centre. The small baking equipment should be in view it will no longer be a dust collector when it's this handy. In this centre there should be a place for everything, including a filing drawer for recipes.

4. Use a wall cabinet divider between your kitchen and dining area, no doors. Put your colorful tumblers and daily used dinnerware here. Slide through dinnerware and carry your silverware. Not easy can run see through, but you can also reach through, many steps saved.

5. Space is always a shortage. The essential planning desk is usually neglected because of this. But you can easily convert a corner into this useful centre.

6. Put together a special desk for sewing. You'll need a piece of plywood, an unpainted chest, thread sheet, a plastic stacksan and pins, and that all important perforated hardboard.

7. No-like shelves attach to continuous brackets. Adjust them on the cleaning closet door for vacuum, sprinkler, and cleaning agents. That old bag with the shoe pockets can be put on the back door to keep cleaning clothes handy.

These are only a few of the easily put-together items that can be made by any housewife who has an efficient mistress-minder.

Safety Sam Says...
Taming Lions is no trick...
compared to speeding when it's slick!
We'll bet even a lion-tamer wouldn't consider speeding over slippery roads. Because if he did, his chances of living long enough to do any more lion-taming wouldn't be so good. Just like your chances of doing any more of whatever you like to do wouldn't be so good. It's a thought to consider, what with Winter all around us.

## ROSS CREEK NEWS

Well, folks, by the weather reports other places, we had better stop sneezing many Alberta. We will be pleased to see that snow disappear for another year, eh, folks?

Joseph McLachlan visited with Ed Thor at the sanatorium last week. We are sorry to report Ed will be in the Aberhart Memorial Hospital for some time. A visit or sending a card would help to cheer him up.

Mr. and Mrs. Douglas McDonald returned to Fort Smith last week after visiting Duke Pawson. Chuck Pawson went back to Cold Lake with them. Both recently came home on sick leave. Better luck with your health Stephen.

A lot of sick folks around the district at this time. Best wishes to Lena Schmitz who has been hospitalized at Tofield the last week. A speedy recovery to better health, one and all.

Graham and Elmo Schneider, Howard and Neil Johnson, George and Wilmoth McLaughlin, Ned and Violet Bailey took part in the Tofield curling spiel. George and Jim were lucky to take the Grand Challenge. Congratulations to them.

Lorraine McLachlan spent Friday evening with cousin, Larry while his folks took in the Telephone Whist at Nick Bailey's and Jo Anne played basketball at Chipman.

The Telephone Whist Drive for the Archer Memorial Hospital ended up quite well with Neil Bailey's four tables, Howard Malcolm's four and Ray Retzlaff's three. The winners and losers at Bailey's were Grant Archer, Wilbie McLachlan, Joseph McLachlan and Violet Bailey. Winners at Malcolm's — Wyman Coleman, Ira Bilan, H. A. Layton and Joe Bilan. Winners at Retzlaff's were Johnny Jacob, Alexandra Sadchuk; losers, Bill Sidoruchuk, Darlene Retzlaff.

Get your tables ready for the whist drives in the homes coming up on the 26th for the curling rink.

Two rinks are playing in the A.C.A. in Edmonton this week — Jim Beckstrom playing on Harry Sharon's rink from Chipman and

Rev. and Mrs. Mosie are proud to announce their new arrival last week — a baby daughter, a sister for Allan. Congratulations to them.

Clifton and Rita Hennig of Andrew were Saturday evening visitors at the home of Graham and Elma Schneider.

The Robert Gron's and Andy were Saturday supper guests with Dougie and Kenneth Peterson.

Margaret and Brad Vickery of Edmonton were supper guests at the home of Clarence Nakonetn's home on Sunday.

We were all happy to see a good presentation to the congregational church meeting held at Joseph McLachlan's home on Thursday evening Rev Wentz was re hand from Leduc.

Keep in mind this Sunday Ca church and Sunday school at 1:45 p.m

Be careful how you live, you may be the only Bible some people will ever read.

A whist drive will be held this Saturday evening at the Paulen Community Centre at 8:00 p.m. Come and now your friends and enjoy getting together once again.

## 4-H CALF CLUB NEWS AND DOINGS

The last meeting of the Tofield Calf Club was held on March 10 in the meeting room of the Tofield Community Centre with 13 members present. The meeting was opened by Kenneth Appleby leading us in the 4-H pledge. The roll call was answered by each member rising and giving his local location. Each member then gave a report on what his or her calf was eating.

The main item on the agenda was a discussion on the fleur. The members decided to carry on with the fleur again this year and a committee consisting of Mary Woods, Loretta Purgavan, Gail Gill and Donald Wylie, was elected to be in charge.

The meeting ended with a quiz on calf lore.

On Friday, February 27, all 4-H members journeying to Viking to spend the day curling and skating. The members really look forward to this day because they are treated to all the hockey and pie they want and a bottle of pop free. All the girls taking part in this event found the cost.

A curling team made up of Donald Wood, Allan Gill, Donald Wylie and Gary Chomik took the day off on March 4 and travelled to Vegreville where they took part in the curling bonspiel. With Donald Wood as skip, we won our first two games which put us in third place of all the losing playing but lost our last game which knocked us down to about 7th place. This was a matched to have been the best that Tofield has gone down there. Who knows, maybe next year they will make the grade

Our D.A., Mr. Chomik, who has been with us for so many years, is leaving for Vegreville. While We wish him the very best of everything, it is with regret that we say, him leave as he was pop with all of us. Gary and Fay Chomik are members of our club.

Club Reporter,
Allan Gill.

## Ministik News Items

MINISTIK — The Ladies Club meeting was held on Wednesday at the 'rink' noticed with the rail mail being an exchange of a jar of jam or pickles. Sixteen pairs of children's pyjamas have been completed for the Tofield Hospital.

Mr. Bruch Kitigris of Sexsmith, B.C. was a guest at his brother Gordon for a couple weeks. He has returned to his work as a forest ranger for the season.

Mr. and Mrs. Skip Lawrence and family were Sunday guests of the Frank and Ronald Hughes. Mr. Mert McCrae and Miss Sandra Lawrence were dinner guests of Mr. and Mrs. Frank Sunday.

Congratulations from Ministik Friends are extended to Mr. and Mrs. George Wakaka of Hubbles Lake on their 50th Wedding Anniversary on March 8.

Mr. and Mrs. Andrew Ferguson and Glenn and Mr. and Mrs. Stanley Gregg attended a 50th Wedding Anniversary dance in honor of Mr and Mrs. George Wakaka on Tuesday, March 8 at the home of Mr. and Mrs. Walter Griesser in Edmonton.

Pupils of Ministik School were privileged on Friday when Mr. Horace McKinley of Tofield brought his museum for them to see. The occasion was very appropriate, it being Education Week.

Mr. Alan Pawley attended the funeral of an old friend at Truth, Alberta on Monday.

Mr. and Mrs. David Hughes of Lonan, Alberta were Sunday dinner guests of Mr. and Mrs. Alan Gill.

Don't forget the Blaze being sponsored by the Athletic Club on March 30 at the Hall.

Pat Purdon spent Friday night and Saturday with Margaret and Ellen Reddick.

Mr. Blake Anderson conducted church services on Sunday and once more brought forth a very interesting sermon. Student for next Sunday will be Mr. Josh Lebovich.

Mr Stanley George was a dinner guest of Mr. and Mrs. Dennis George and family on Sunday.

In the afternoon they took in the hockey game between the Oil Kings and the Legionite Rockets.

Mr. Sarah Wooten was a Sunday guest of the Russell Rowland family.

Get well wishes are extended to Billy Lauritzen who is in an Edmonton Hospital.

Many from this area got a thrill Saturday evening watching the total eclipse of the moon. It was really a sight to see and remember.

Fashions
It's white across the board for spring and summer wear, in town as well as for resort and country dressing. White crease-resistant cotton makes an attractive two-piece dress that should wear a busy season. The white ground is a fine foil for embroidery and puffed appliques, done in fruit and berry yellow. Red eyelet embroidery edges the sleeves. The neckline is slightly draped and a self-covered ball cinches the waist line above the gathered skirt. Nen finishes help to make white really easy to care for.

A WEEKLY PAPER SERVING TOFIELD, RYLEY, LINDBROOK, CHIPMAN, COOKING LAKE, KINGMAN

Vol. 8 — No. 24 TOFIELD MERCURY, TOFIELD, ALBERTA Thursday, March 24, 1960

Inspection of the $3,000,000 Physical Education Building highlighted a recent tour of the University of Alberta by members of the Alberta Legislative Assembly. The new building, due to open this spring, features the latest recreation equipment including a gymnasium containing three basketball courts and an international competition size swimming pool.

The tour of the campus was conducted by officials of the Department of Public Works and included inspection of the $7,500,000 Physics, Chemistry and Mathematics building presently under construction. The construction of several new buildings at the University is part of a ten year, multi million dollar expansion program started in 1956.

Shown left to right: Mrs. Ethel Wilson, Edmonton; Hon. A. R. Patrick, Provincial Secretary; E. M. Hardy, Holden; Hon. James Hartley, Minister of Public Works.

## Palestine Lodge No. 46 Celebrates Golden Jubilee on Tuesday, March 15

Palestine Lodge No. 46 A.F. & A.M. celebrated its Golden Jubilee on Tuesday, March 15, 1960. The actual date of institution of the Lodge was October 1909 but its celebration was delayed until this spring.

The Lodge was called to order in the Masonic Hall at 4:30 p.m. by Worthy Master Jack Harvey. At this time the Grand Master, M.W. Brother David Little and accompanying Grand Lodge officers, including D.D.G.M., R. W. Brother Bernie Brown, were presented. A short welcome to the many out-of-town guests was given by R.W. Brother W.A. Swift.

A service of Thanksgiving for a half a century of free Masonry in Tofield was conducted by Rev. Bro. Ivy E. J. Thompson, principal of St. Stephen's College in Edmonton.

R.W. Bro Penman of Edmonton presented Palestine Lodge with three handmade shield gavels made of oak from the old Hudson's Bay store.

The Bible used in Palestine Lodge was originally presented on behalf of Palestine Lodge in Detroit, Michigan, in 1909 by Dr James Hampond, the only living charter member of the Tofield Lodge.

In the course of fifty years' use, the Bible had become rather shaky, DEDICATE Bro. Harold Brown had had it recovered and it was presented anew by V. Wor Bro. D. W. Jacobs.

Tributes to the departed members and to the out-time members were given by V. Wor Bro D. W Jacobs and W. Bro. J. G. Allan, respectively.

M. W. Bro. David Little then spoke in his official capacity as Grand Master Re was thanked by W. Bro. J. Hardy.

The Lodges members then adjourned to the Community Centre where the members of Ionic Chapter, No. 72, O.E.S. served a turkey banquet to the 175 guests. The tables were decorated in blue and gold with the square and compass featured on the head table. Bro. Ed Watson was toastmaster and after the singing of O Canada, Dr. Thomieson said Grace

After the toast to the Queen R.W. Bro. Swift was introduced to the guests at the head table. The toast to the Grand Lodge of Alberta was given by Bro. Don Hardy and responded to by M. W. Bro. Little "The Historical Highlights of the Lodge" was given by V. Wor Bro. Neil Phillips, who, as W. P. of Ionic Chapter, O. E. S., also brought greetings from that organization.

The toast to the visitors was proposed by Bro. G. Arnett and replied to by V. W. Bro. George Mitchell of Empire Lodge, Edmonton.

Bro William Christensen proposed the toast to Palestine's mother lodge, Camrose, and his father, W. Bro. M. A. Christensen of Camrose, replied. Greetings from other lodges preceded the featured speech of the evening, which was given by R. W. Bro. Morley Mercer of Wetaskiwin. Bro. Mercer was introduced by Bro. G. L. Jefferson and thanked by Bro. C. A. Nolan. Farewell remarks by W. Bro Hardy and the singing of God Save the Queen concluded a memorable occasion.

## Former district resident Herbert Lee passes away

On March 4, 1960, Herbert Lee of Wetaskiwin, age 71 years, passed away. He is survived by his loving wife; two sons, Lloyd of Dwarton Valley and Vernon of Millet; five grandchildren; two brothers, Robert of Camrose and Ellis of Tofield.

Funeral services were held on March 8 at Baker's Funeral Home and interment took place in the Wetaskiwin Cemetery.

Herbert Lee was a resident of the Tofield district and was a member of Tofield's Silver Beaver Hockey team in 1911 and until the outbreak of the 1914-18 war, when he served his country overseas.

## Badminton club finishes tournament

The Tofield Badminton Tournament wound up last evening with most of the laurels going to Mrs. Chuck Chase who won mens singles championship, and he and Claude Gallinger won the mens doubles title. The ladies title was taken by Laverne Noble and husband Chuck. Mrs. Bell took the ladies singles

Trophies for the tournament were donated by Tofield Drug Store, I.G.A., Tofield Meat and Locker Plant; Watson Hardware and Gasfitter.

Players are reminded that the Club will take over the Ryley Club at Ryley on Tuesday of the coming week. There will be no play in Tofield next week.

## Burnt baling sold for new curling rink

Plans for the construction of an artificial ice curling rink in Tofield are under way

A sales committee under the chairmanship of Dr. Prudeery was formed on March 15. Other members of the committee are William Christensen, George McPherson, E. Stinson, N Phillips, William Davison, Ed Regehr, A. C. Francis, M. Bruce and W. Worden.

Members of the committee will be calling on interested and prospective curlers before April 5 when town boosters are urged to consider the purchase of a share. Shares cost one hundred dollars and may be bought for cash or for a twenty dollar down payment and ten dollars a month

—M—

## Co-op baking demonstration held in meeting room

A most enjoyable afternoon was spent on Wednesday, March 16th, at the Co-op Bakery Demonstration held in the meeting room of the Community Hall

Mr. Pat Ryan, from the Public Relations Department of A. C.W.L., Edmonton, welcomed the many ladies who came anxious to learn of new recipes and ideas in home baking.

He then introduced two ladies from the Edmonton Co-op Bakery, Mrs. Kliba who are both homemakers and members of the Edmonton Co-op Guild. They very ably took over and demonstrated the making of a variety of yeast buns, pizza appetizers, salad dressings, etc. Just to name a few.

While the goodies were being baked, Mr. Ryan spoke on the various Co-op brands and how members could benefit by using them.

Five grocery hampers were given away throughout the afternoon, the lucky winners being Mrs. Ivan Mitchell, Mrs. Leroy Fiesels, Mrs. Jim Campbell, Mrs. George Niemets and Mrs. Bill Fraiser. Three of the hampers were donated by the Saskatchewan Wheat Pool, and the other two by the Tofield Co-op.

Mr. John Boergen then spoke a few words and thanked the ladies for coming and making the afternoon such a success.

Mrs. Margo Fosheng and Mrs. Rena Pegram served coffee, a convenience was given the opportunity of sampling the baking, which incidentally was very hard to.

## Tofield Lady enjoys 88th birthday

Mrs. W. J. McDougal of Tofield celebrated her 88th birthday on March 17. Mrs. McDougal came to the Tofield district in 1910 but left again in 1922, 2 years ago she returned to her old home town.

In the morning Mr. and Mrs. Rod Phillips and Mr. and Mrs. Conrad Simonson of Kingman; Mrs. Shirley Pawlek and daughter Karen of Calgary, Jim Ackley of Carrod and Mr. Leslie Rogers visited her.

In the afternoon a number of her friends from around town dropped in and surprised her. She brought the lunch and proceeded her with a gift. Those in attendance were Mrs. Roger, Mrs Erickson, Mrs Vaver, Mrs. Kortz man Mrs. Hunley, Mrs Don Nabobenski and granddaughter and Mrs Tyson

In the evening Kra Brothe of Edmonton and 3 friends dropped in to wish her a happy birthday.

Remember the TV program "Talk Back" shown at 3 p.m. on Sundays for thirteen weeks Next Sunday will be the fourth in the series. There is a 15 minute drama, then a panel of four Edmonton people discuss the problem for 15 minutes. Get family and friends in on the discussion

Two recent meetings of the Drama Unit have resulted in the decision to put on three one-act plays this spring. The plays are chosen and casting will begin soon. Persons interested are urged to attend the next meeting.

Mrs. Jessie MacDonald was the winner of the Grand Prize of $50.00 at the Gun Club Bingo held at the Community Centre last evening.

—M—

## District boy in Germany

FORMER APPRENTICE NOW IN GERMANY — Gunner Warren M. Debenett, 23, of Tofield, AHLP one of 11 gunners who entered the army when he was 16, is proving the value of his Soldier Apprenticeship while serving overseas with NATO brigade. A graduate of the artillery school in Chilliwack, Manitoba, he has completed two year appren... and is now a member of the 1st Regiment Royal Canadian Horse Artillery stationed at Hilmer Germany

## Committee to study plans for Tofield's recreational grant

A committee appointed by the Tofield Town Council met in the Town Hall on March 22 to implement a survey regarding recreation facilities in the Town of Tofield. As a result of the discussion the following was decided: Organizations, groups or individuals interested in proposing a project that will qualify for the ten dollars per capita grant to assist communities in acquiring recreational facilities are asked to submit concrete proposals to Mr. J.R. Stinson, Secretary, Town of Tofield, Tofield, Alta. before April 15, 1960.

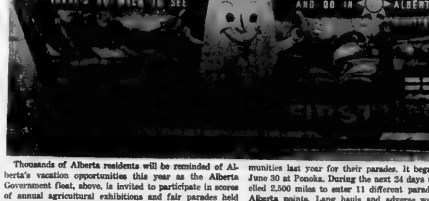
The proposal should be in the form of a written report and it should give complete information as to the nature of the project, cost of the project, plans if any, the advantages and benefits to be derived from the project, a list of the officers of the organization, and the sponsoring organization.

## Theatre jackpot now $60.00

The Tofield Community Theatre Jack-Pot Bingo will be up to $40 this Friday night and if not won will be $62 on Saturday night Showing this Friday and Saturday — "Gunfight at Dodge City" with Joel McCrea and Julie Adams. A cheerleader, color, family picture On Saturday night the second draw will be held for the Tofield Community League's $100 a month club.

## Two teams curl in Vegreville

Two Lions Club curling teams went to Vegreville on Sunday Although they did not bring back a cup they made a good showing for themselves. This coming Saturday 2 teams will compete in Edmonton.



Thousands of Alberta residents will be reminded of Alberta's vacation opportunities this year as the Alberta Government float, above, is invited to participate in scores of annual agricultural exhibitions and fair parades held each summer in the province's communities. The float, prepared by the Department of the Provincial Secretary, draws attention to scenic and sports activities within Alberta and has animation in the central figures that encourages Albertans to "See Alberta First." A valance of cellophane will skirt the bottom edge of the float in parade. Alberta's 1959 float, originally designed for participation in the Grey Cup parade, was requested by 25 Alberta communities last year for their parades. It began its rounds June 30 at Ponoka. During the next 24 days the float travelled 2,500 miles to enter 11 different parades at various Alberta points. Long hauls and adverse weather took a heavy toll of the display and by July 24, it was no longer serviceable. Nine later scheduled appearances had to be cancelled. Applications for participation in 1960 local parades are now being received by the Publicity Bureau, Department of the Provincial Secretary, Edmonton, and showings will be arranged on a first-come-first-served basis, compatible with practibility of routes and time.

## WITH THE LEGISLATURE

EDMONTON — Maybe Joh wondered, too, why rural municipalities weren't hollering blue murder at the prospect of losing industrial tax revenue to cities and towns under the government's famous tax redistribution plan.

Well, last week Municipal Affairs Minister A.J. Hooke came up with the answer.

He announced that rural municipal districts and counties will be given a lucrative new tax field which he would make a bee-line for, when they are ...ver.

They will be given the right to levy certain taxes on oil pipelines and power lines.

Mr. Hooke told the Legislature bills will be introduced during the current session of the House to turn this tax field over to the municipalities.

What will it mean to Alberta's rural districts? All you have to do is consider the miles of pipeline and power line criss-crossing Alberta and you can see it could bring in a whopping big sum of money. One estimate is that Alberta has more than 10,000 miles of pipeline.

Details of the plan hadn't been worked out last week. All Mr. Hooke could say is that it would bring in "substantial revenue" for rural municipalities.

Mr. Hooke's announcement clears up some puzzling aspects of the talk about industrial tax which has been going on for the past five months or so.

Under the industrial tax plan, rural areas with industry would lose much of their tax revenue up to 70 percent — to cities and towns which do have a valid claim because they supply services to the industry and its workers.

Mr. Hooke has insisted all along that rural municipalities' advisory board knew about the two new fields of taxation, hence they had no objection to the industrial tax proposals.

Mr. Hooke's industrial tax plan cleared its first major hurdle in the House last week when it was given second reading.

Ernest Watkins (PC—Calgary Glenmore) and Michael Maccagno (L—Lac La Biche) tried to defer action on the bill by moving that it not be given second reading.

The Social Credit majority ... crushed their motion.

Watkins and Maccagno didn't ... against the thinking behind the industrial tax bill in many respects they thought it was a good But it seemed to them that the government was in too much of a hurry to push it through and they argued that more thought should be given to it.

Mr. Hooke put a stop to the argument by announcing that the bill would go before a committee of the whole Assembly, and members would have an opportunity to hear arguments pro and con from interested persons and organizations.

The industrial tax bill still looks like the biggest issue of the session, and there's bound to be more talk about it.

There's likely to be some debate, too, when bills come in to allow rural areas to tax pipelines and power lines.

Mr. Hooke's idea in this field has in effect been telegraphed in Alberta rural areas. He indicates the government sees no reason why only the discovery that it has the right to tax those installations

If municipal thinking according to plan, the federal government looks to be the biggest loser, because provincial-municipal corporations will claim an exemption from corporation taxes The Province also would lose because it would receive less from Ottawa under the tax rental agreement. Alberta residents might also conceivably make their contribution if the new taxes bring about increased power and natural gas rates.

Another important bill given second reading last week enacts changes in the law regulating organization of Hutterite colonies. This one also was to go before a committee of the whole House for arguments from Hutterites and those who want them regulated.

Members defeated a resolution calling for a change in the province public attitude toward daylight saving time in Alberta.

Ernest Watkins, the Calgary Tory, introduced the resolution and was acted in no only that public feeling should be assessed. But members turned it into a debate on the merits and otherwise of daylight saving time, and decided in effect there's no need for a plebiscite because they know Alberta aren't interested.

—M—

WMF at the home of Mrs. Borg bld Erickson on Thursday, Mar 31.

—M—

Don't forget the Lenten Services on Wednesday evenings.

—M—

## Minutes of the County of Beaver Council Meeting held on March 10

The Council met in regular meeting on Thursday, March 10, 1960 Present were the Chairman, Cr. J.P. Blomsland, and Crs. Olsen, Johnston, Magnuson, Bencraphen, Hardy and Woodworth.

MOVED that the minutes of Council meeting, February 11th, 12th and 26th be approved as written. CARRIED

MOVED that actions taken & decisions made at the School Committee meeting, March 6th, be approved and concurred in. CARRIED

In regards to tile grants available for municipal parks, etc., referred to the Council on February 11th, some further discussion took place.

Two possible locations were considered. One at the old workings at Dodds coal mine, in the west portion of the County? where fishing is available, and a considerable number of people come to fish The other location suggested was at Camp Lake in the east portion of the County.

MOVED that the secretary inquire from the owners of Dodds Coal Mine if they would be willing to sell to the County such land at the old mine workings; also inquire from the Department of Lands and Forests in regards to the status of the artificial lake

CARRIED UNANIMOUSLY

The Secretary referred to the Council correspondence from the Board of Transport Commissioners for Canada, in connection with the County's request that the protection fences on the approaches to the railway crossings, be removed.

The correspondence contained a copy of a letter from the Canadian National Railways to the Board indicating that the railway had no objection to the removal of the fences, on the understanding that the railway is relieving of all responsibility in the matter.

It also questioned that at Mile 614 in the Viking sub-division, where the Board's Highway had stated that before the fence could be removed, flatter side slopes would have to be provided, the railway stating that the County should assume all expenses of this work, including the cost of installing culverts if necessary.

The Council was not entirely satisfied with the stand taken by the Canadian National Railways, and the Secretary was instructed by MOTION to advise the Board of Transport Commissioners that the County will not be responsible for the removal of the fences, and will not assume any legal responsibility as to accidents that might occur on the approaches, after the fences are removed. The County will make proper provisions in connection with the removal at mile 614 Further that, if the County is considered to be liable for removing the fences and for any legal responsibility as to accidents, if the fences are removed, the fences would be left, but the responsibility for keeping the approach roads open and in good condition, would then be considered the responsibility of the Canadian National Railways.

CARRIED

Letter from the Provincial Planning Advisory Board in regards to the proposed District Planning Commission being set up in this area, was referred to the Council. After some discussion it was MOVED that the Provincial Planning Advisory Board be advised that we do not wish to become a member of the District Planning Commission at this time. CARRIED

Information from the Workmen's Compensation Board that the Safety Department of the Board contemplates the organization of an ongoing Safety Conference in Whitewright on April 12, 1960, was referred to the Council. The program encompassed a number of subjects, of which "Heavy Machinery and Equipment" and "Garage Safety" discussions, and information was considered of interest to the County's foremen and other workmen, and it was MOVED that the County pay mileage for one car and request the mechanics at the bus garage and machine shed to attend this conference MOVED that the Financial Statement and notice of annual meeting for Holden Drainage District No. 1, be received and filed and that Cr Gibson be appointed a commission to attend this meeting as an observer for the Council. A convenient way to budget your monthly gas bill!

EQUAL MONTHLY PAYMENTS . . .

The Gas Bill Budget Plan lets you pay your yearly gas bill over equal monthly instalments. Your total gas bill for the year is estimated, then divided by twelve so you pay the same amount each month the year round. It's more convenient, more practical — evens out your heating bills. Of course, your meter will still be read monthly and actual consumption recorded with the continuing balance noted on your monthly bill.

SIGN UP NOW!

Sign up for the Gas Bill Budget Plan right away! (Application forms available from the local representative of your Gas Company.)..

## County of Beaver Civil Defence Control Committee Holds Meeting

A meeting of the County of Beaver No. 9 Civil Defence Control Committee, held on Wednesday, March 16, 1960.

Present: Cy J.P. Rosendahl, Chairman of the Civil Control Committee; Mr George Taylor, Civil Control Director, Mr R.E. Westmacott, Deputy Civil Control Director and Director for County of Beaver No 9; Mr Wm. H. Taylor, Director for the town of Viking; Mr J. Chamberlain, Director for the village of Holden. Mr Graham Allen, Director for the town of Tofield. Mr. Thos. Harris, Director for the village of Ryley; Mrs. R.E. Starky and W.D Johnston, representing the Red Cross.

The meeting was called to order at 8:05 p.m by the Chairman.

MOVED that the minutes of the January 11th meeting be approved as read. CARRIED

In connection with the proposed Civil Defence Extension School at Viking, during the week of March 14th to 18th, or March 21st to 25th, the Secretary informed the Committee that the Extension School at Viking could be held on 25th of April. These dates were not considered suitable, and it was decided that it would be more suitable to have a date in the late fall, and it was MOVED that no apply be on Extension School for November 14 to 18 in regards to the Disaster Plan for Tofield Hospital. Mr Allen reported that the Matron at the hospital had informed him that she had the plan fairly well completed MOVED that Mr Allen's report be accepted. CARRIED

Some discussion took place in regards to the need for firemen at the various points in the County meeting being made of the train-car accident at Tofield some short time ago, at which time only the one stretcher with the Tofield Ambulance was available, and Personnel needed, and it was suggested that we should request a supply of stretchers from the Civil Defence Organization.

Mr McNally advised that special fittings for stretchers in station wagons and trucks, were being investigated by the Civil Defence Organization, and considered by the Provincial Government, but that the matter had not been fully worked out to such an extent that these fittings would be supplied at the present time.

In regards to the Radiation Monitoring Course at Holden that is commencing on January 18, with Mr Lane Olson as instructor (Power, Trg.) reported that 17 candidates will follow the Course and that the Chairman of the Civil Control Committee, Mr. J.P. Rosendahl, had requested County Certificates at the completion of the Course.

Mr. Taylor mentioned that Mr. Chamberlain, Civil Defence Director for the village of Holden, had done a lot of work and spent a considerable amount of time in connection with this Course, and that the Course had been considered very successful. MOVED that the report be accepted.

MOVED that Municipal Cash Election be issued for the candidates that attending the Radiation Monitoring Course at Ryley.

In connection with the proposed Home Nursing Course in Ryley, for which Course 21 candidates had expressed their desire to attend, Mr. Westmacott stated that Miss L. Sells, R.N., would do the instruction at the Course and would be available at any time. MOVED that this Home Nursing Course start on March 21st, at 7:00 p.m. in the Ryley Legion Hall. CARRIED

A letter from Mrs. W.J. McKie of Kinsella, requesting a speaker to address an evening meeting, sponsored by the Kinsella W.I. on the subject of Civil Defence, on March 30th or April 6th, was referred to the Comm. MOVED that Mr. Westmacott arrange to attend the meeting at Kinsella on 30th, with any additional persons that he may wish to attend. CARRIED

In regards to the suggested Refresher Course for Auxiliary Fire Fighting Personnel it was MOVED that we request a Fumigator or Instructor for a Course to start on June 6, to be held at Tofield, Ryley, Holden and Viking. CARRIED

In the matter of setting up a Central Control Committee, it was considered that if at all possible, a place should be obtained where a permanent Control Room could be set up, and the Secretary mentioned the old Standard School, situated, at the present time, on the Ryley-Tofield school grounds. The school, in his opinion, if not absolutely needed at the school for storage purposes, could be moved closer to the Municipal Office & used for this purpose. MOVED that we approach the County of Beaver requesting that the Standard school building be turned over to the Civil Defence Unit Control Committee to be used as a Control Room. CARRIED

Mr McNally suggested that we apply for an Extension Control Room Procedure Course at some time in the Fall of 1960.

In regards to the Civil Defence Financial Assistance Program, 1960-65, the secretary advised that the share of the cost of Civil Defence Project had been revised to the following percentages: Federal funds 46 percent, Provincial funds 37.5 percent; & Municipal 27.5 percent. MOVED that this information be received and filed. CARRIED

MOVED that Mr. Rex Boyton and Mr. Lars Olson, the instructors for the Radiation Monitoring Courses at Ryley and Holden, be paid at the rate of $1.00 per night plus necessary mileage at 12c per mile. CARRIED

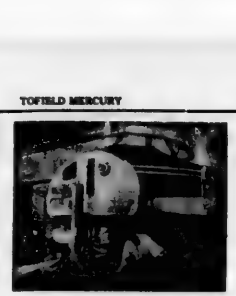
MOVED that the details of proposed expenditures for the fiscal year, April 1st 1960 to March 31, 1961, as detailed upon at this time in the amount of $1,656.00, be approved, and forwarded to the Alberta Civil Defence. CARRIED

MOVED that the County's Field Inspector, Mr. Rex Boyton, be appointed to attend the Technician of Instruction Course No. 127, on March 21 to 25, in the Alberta Civil Defence School.

MOVED that the next meeting of the Unit Control Committee be held on Monday, May 2, at 8 p.m. CARRIED

The Committee was advised that, as the Chairman, Cy. Rosendahl, was retiring from Municipal work, this would be his last meeting on the 61st Defence Unit Control Committee. It was MOVED that a sincere vote of appreciation for the work that Mr. Rosendahl has done since the initiation of the Civil Defence Unit Control Committee, be recorded him. CARRIED

MOVED at 4:40 p.m. that this meeting now adjourns. CARRIED



Technicians assemble Trans-Canada Air Lines highly Douglas DC-8 simulator in the company's new training at Montreal. The $1,000,000 machine, built by Link Company, is capable of doing anything the aircraft can do — except leave the ground. It even simulates random passenger movement while the aircraft is in flight. The simulator will be used to regular training of pilots for the 550-mile-an-hour, 127-passenger DC-8's, cutting costs and leaving the aircraft themselves free for revenue passenger service. More than 125 miles of wire, some thousands of vacuum tubes and hundreds of amplifiers and servomotors are included in the simulator complex, which has been called the largest and most complex piece of training equipment in the field of flight. TCA pilots began training on the simulator at the end of February.

District
Secretary-Treasurer Tofield
4-H GARDEN CLUBS

Now is the time to organize a 4-H Garden Club in your district. The Garden Clubs continue through the summer months and as Achievement Day is held the first part of September. The requirements for a club of this type are:

1. Eight girls between the ages of 12 and 20.
2. A local leader and assistant leader, preferably an older woman or girl.
3. The program is set out by the Department which supplies project books, seeds, and other material for each member. It would be advisable to organize such a club as soon as possible in order to have sufficient time to complete the project. If you feel there are enough girls in your district to organize a club further information can be obtained from your office.

BETTER BUSINESS

From the Better Business Bureau are three suggestions to eliminate dissatisfaction:

1. Deals with those concerns you know to be reliable and who will give the service, privilege and facilities you want.
2. If you want the convenience of delivery and privilege of credit, deal with those concerns who give this service.
3. If you buy articles which may require servicing, deal with firms who are equipped to give such service.

4. Make sure that the article you buy is exactly what you want as to size or other requirements; by check on exchange privileges.

5. Don't be misled into doubtful purchases upon glib promises of refund or exchange.

6. Remember that a "Guarantee is no better than the one who gives it." Beware of tricky guarantees read merely as sales gimmicks.

7. Don't patronize a "fast" advertiser — one who advertises something at an attractive price with no desire or intention of selling it, but for the purpose of getting prospects so as to switch to something else. . . . . .

8. Don't pay a deposit on a contract or purchase unless you are sure you will go through with the transaction. . . . . .

9. Read before you sign. Know what you are signing, and keep a copy. . . . . .

10. Order magazine subscriptions from publishers or reliable subscription agencies. Don't be fooled by the sympathy appeal or other tricks used by soliciting magazine orders. . . . . .

11. Almost without exception door-to-door salesmen are required to carry on their person a license from the city, municipality or Province, Ask to see it. Before you invest, investigate. . . . . .

11. If you have knowledge of advertising which is false, deceptive or misleading, report the facts to your Better Business Bureau in writing, and if possible forward a copy of the ad, to the following address: 10150-99 St., Edmonton, P.O. Box 578. . . .

## RYLEY NEWS

RYLEY — The Ryley Junior High girls defeated the Breton team 21-11 to take the championship by the County. The game was played in Ryley.

The Ryley 4-H Girls Club held a social at the home of one of the members, Geraldine Kosak on Saturday night and everyone reports a good time. About 21 young people were present.

Howard Pratt spent a few days in hospital and is now recuperating at home following a bout with pneumonia.

Mrs. Walter Umland is quite ill in hospital

Mr. and Mrs. Theodore Bendiksen are enjoying a holiday in Montreal with Ray and family.

## LAKESHORE - McKENZIE NEWS ITEMS

Congratulations go to Allan & Alma Peterson on the birth of a baby daughter Joanne Lynn, born at the Tofield Hospital on Sunday, March 20th. Congratulations also go to the grandparents Lidoud and Emma Ferguson on the birth of their new grandchildren.

Lyall and Thelma Winchenbury of Edmonton were Saturday overnight and Sunday visitors at the home of Lyall's parents Ray and Ruth Winchenbury.

Mrs. Alice Warner, Mrs. Minnie Hammond and Mrs. Edith Rogers of Tofield were Thursday dinner guests at the home of Vi and Elmer Gaeglein. During the afternoon they along with Vi attended the W.A. St. Patrick's tea at the home of Isabel Radchki.

Congratulations go to Loreth Ferguson who won first in the Senior Judging Class, and to Margie Wood who won third in the Junior Judging Class at the Spring Livestock show and Sale in Edmonton on Monday.

Johnny Wood returned home on Monday from the University hospital where he had an operation on his elbow. We wish you a speedy recovery and hope everything is OK this time.

Theresa Moldoon arrived home from the Lloydminster hospital where she has been working as nurses aid and will spend two weeks holiday before starting work at the Wetaskiwin hospital.

Herb and Mary McAdoo and daughter Theresa and son Pat were Saturday evening visitors and coffee guests at the home of Thomas and Ingrid Jacobs.

Sunday evening visitors at the home of Vic. and Mrs. Reg Crispin were Herb & Mary McAdoo, their daughter Theresa and their son Pat

Sherry Nolan of Tofield was a visitor at the home of Herb and Mary McAdoo on Monday evening.

Herb and Mary McAdoo and Theresa and Pat were Tuesday evening visitors at the home of Mr. and Mrs. Harold Lewis.

The Lakeview W.A. St. Patricks Tea held at the home of Mrs Isabel Radecki on Thursday afternoon, March 17th was well attended and was very successful with quite a number of ladies from Tofield as well as the country ladies attending. The hostesses were Mrs. Isabel Radecki and Mrs. Kay Walker who are to be congratulated on serving some 60 or more people at the tea.

The meeting was called to order at 10:20 a.m. by the chairman.

Moved that the minutes of the February 9th and 11th meeting be approved as written.

In regards to the disposal of Lots 1 and 2 in Block 31, Plan 5615AH, Tofield, to the Town of Tofield, the buildings there on to the Tofield Lions Club and the Tofield Gun Club, as referred to in resolutions No. 31, 32 and 36, of the February 9th, meeting, the Secretary advised that the approval had been obtained from the Department of Education.

In regards to the gift of complete sets of the Encyclopedia Britannica from the Encyclopedia Britannica Incorporated as referred to in resolution No. 27 of the meeting on February 9th, the Committee was advised that all schools in the County, with the exception of the Tofield school, had received one of these, sets.

Moved that the Secretary write a letter to Ryley to receive their instructions and to discuss the work program for the coming school term.

In previous years it had been the policy that the children had attended school only for an hour or two the first day and that the balance of the day was taken up with the teachers' staff meetings.

In particular the two days prior to school opening, this would not be necessary and the schools would be ready for a full day's school the first day.

It was also the intention, Mr. Pike stated, that the School Committee be present one of the two days so that the teachers and Committee members could become acquainted. Mr. Pike suggested one hour before lunch and during lunch would serve the purpose. He inquired what the Committee wished to do about the cost of the lunch for the teachers on that day. It was suggested that it would be a nice gesture if the County accepting the cost of these lunches, and that one of the Ladies' organizations in Ryley would be willing to cater for it. Moved that the County supply the lunch for the teachers on August 31st and September 1st. Mr. Pike informed the Committee that he had Mr. Brunner starting a survey in the new high school on the various points in the County, in order to find out how the time was being utilized for the various subjects.

A letter from Mr. Lars Olson, chairman of the Teachers' Bargaining Committee, with the request for increase in salary for the 1960-61 school year, was referred to the Committee. The requests were discussed to some extent and it was decided that the requests made by the teachers were wholly unacceptable.

It was decided to discuss the requests with the salary negotiation committee at the next meeting, and it was moved that the Teachers' Salary Negotiation Committee be invited to meet the School Committee, April 11th at 2:00 p.m. CARRIED.

The Secretary referred to the Committee the records that had been set up for each of the County's school buses in order to be able to ascertain the cost of repairs, gas and oil, and other expenses for each bus.

The records were considered quite satisfactory and it was decided that a committee of two should go into these accounts at certain times, possibly once every three months and it was

MOVED that Mr Dave Bell and Cy A. L. Gibson be appointed a committee to go over the school bus accounts quarterly, and report to the School Committee, at their fallings

MOVED that this meeting now adjourns to the call of the Chair. CARRIED

## What Do You Think of the Recreation Grant?

THE TOWN COUNCIL has set up a committee to study recommendations for the use of the recreation grant being allotted to Tofield by the Provincial Government. This committee is to find out what it feels the people would like to have done with the money and report back to the council. Briefs are being prepared by various organizations for perusal by this committee and the town council. These proposals may be for the benefit of the whole town and may be for just a few, but it is a sure thing that if people don't take a little more interest in this matter than they have they will have no reason to complain when the matter is decided and they disagree.

We would like to see a number of letters in these columns outlining the advantages and disadvantages of proposed programs. There has been a lot of talk in the coffee shops and on the street corner, but nothing publicly — so let's come out and express our views; let's have a good hot controversy if necessary. Many a good plan has come out of a good old fashioned disagreement with all the good points put together and the poorer ones set aside. It seems to be the popular thing in this day and age to walk down the middle of the street, agreeing with everybody and then complaining later. Let's get off the fence — let's form an opinion and then let's let the committee and the council know what we believe would be the best way to spend the money.

Now next week let's see some Letters to the Editor on what you think would be a good way to spend the money.

THE OLD HOME TOWN — By STANLEY

## OF MANY THINGS

**ARE THINGS SO BAD?**

A woman wrote to Victor Murray of the Winnipeg Tribune the other day with a comment I find worth repeating.

"I am not writing off," she wrote, "with a long face over some major misfortune on the part of my small son. In the midst of my tirade he pointed out the window and said: 'Look, mummy, see how nice the stars look!'."

She went on to suggest that there ought to be more gaiety in life, particularly family life.

I was most impressed by her letter. I turned each page of the newspaper that day looking for the bright and amusing and gay and heartwarming things — and there were many. A Calgary Millionaire sister-worried lawyer, Peter Casson — with $30,000 at stake, to be donated to World Refugee Year. Winnipeg started a $10 million slum-clearance program. The Kitchener community band, emerging because there's have to go without a dependable because "we can't find a man mean enough to take the job." A Rushan writer paid tribute to the sportsmanship shown by Americans at the Winter Olympics in Squaw Valley. A survey of leaders showed that the vast majority of them wanted the law that calls for confiscation of evidence for obscene literature have kept on the book.

The world is by no means perfect. If you want to be a gloomy-gus you can find plenty of evidence to complain — but there's all-is-well-in-the-world-and-I'm-glad attitude. Are things really so bad?

I know a young, rather solid business man, who makes a point of collecting quick little jokes. When he calls you up in the day and he starts the conversation with one of his gems, it brightens the day and I think it probably makes it easier for him to work his machine for his favorite charity too.

Family fun, of course, is the richest of all blessings. We have a number of family jokes at our home, and we never tire of them. One of them is a really ancient one I inherited from my Dad, and it seems to me to improve with age. When one of the kids comes late to the table, I can be counted on to say, while the rest of the family groans, that "We've waited long for you, as fast as we can!"

Are you having any fun?

—E—

**SEED TREATMENT—1960**

Why let preventable plant diseases lower the yield and quality of your grain crops this year? Seeds carry various parasitic organisms on their surface and the soil contains many more. Proper seed treatment will protect your crop against many of these diseases. The result: big stronger, healthier plants, increased yields and grain of better quality.

*Are Chemicals Effective.* While the original seed treatment chemicals were developed primarily to control smut, the present chemicals go much further now it is possible to control the surface-borne smuts of wheat, oats, and barley and the seedling blights, root rots and seed rots of these crops and of flax. In addition, wireworms may be controlled either by agronomic treatment with a suitable insecticide, or by a dual-purpose treatment which includes both a fungicide and an insecticide.

Most of the recommended seed treatment chemicals contain organic mercury compounds. These are available as dusts, slurries or liquids. Most dual-purpose chemicals are either dusts or slurries. Recently, however, a new dual-purpose seed treatment chemical called Panogen has become commercially available. We've applied to the seed of cereals and flax with an efficient spinning-disc machine, it has proved to be an effective dust-purpose seed treatment for the control of most fungus diseases and wireworms.

*Seed Crop Insurance.* Seed treatment is a form of crop insurance it would be purchased by every grain grower in Western Canada. A dollar's worth a bushel it provides a definite protection against crop losses from seed-borne smut and other seed diseases, from certain soil-borne diseases, and from wireworms. For the penny wise of the dollar foolish. Treat your seed this spring and harvest a bumper crop in fall.

## WITH THE LEGISLATURE

EDMONTON — Members of the Legislature devoted nearly all their time last week to study of the [illegible] resolutions on [illegible] at [illegible]

At the time of writing the Industrial Aid Bill was still before the Committee of the Whole Agriculture committee and its ultimate fate remained somewhat in doubt.

But it appeared certain the Legislature would have to take one of two courses: pass the bill as it stands and study the whole question for a year before implementing the 1st plan, or redraft the bill to plug up some of the loopholes that came to light last week.

The only other possible alternative facing the government at this week-end was to toss the whole thing out, but Municipal Affairs Minister Alfred Hooke seemed to be in no mood to do that.

The only thing beyond doubt was that members favor the principle of redistributing industrial tax revenue in such a way that municipalities which don't have industry will be compensated for services they render to industry and the workers.

Seventeen briefs were submitted at last week's hearing, and the overwhelming majority of opinion was that the government should hold up passing the industrial tax bill until the whole question can be given further study.

Only two of the briefs were unreservedly in favor of the Industrial tax bill that was rush from the Alberta Association of Municipal Districts, the other from the town of Jasper Place.

Perhaps the most significant of the two came from James Mc Kay of Vulcan County, president of the Association of MD's and rural representative on the provincial-municipal advisory committee which has approved the industrial tax scheme.

He told the agriculture committee that rural areas would support not all industries operated by the province instead of the 60 "problem industries" which will remain exempt initially. However, he said, he approves of the plan because "a start must be made somewhere."

Two rural areas stand to lose under the province's plan, he said but if rural municipalities with industry are creating a burden for neighboring urban centres it is only fair that the rural areas pay their way.

Jasper Place favored passage of the bill because it would be "preferable to another year of uncertainty." The town was confident the Legislature and the government would work out the details.

Two briefs favored passage of the bill, but with reservations. The Municipal District of Strathcona, which stands to lose a sizable chunk of its industrial tax revenue to Edmonton, thought the bill should be expanded to provide compensation for the MD for residential services supplied to people who work in the city. Sherwood Properties Ltd., developers of a small residential community in the MD, argued along the same lines.

Outright opposition to the tax plan came from the City of Medicine Hat and the Medicine Hat Chamber of Commerce. They claimed industrial tax rates in the city would skyrocket as a result of the tax plan and the uniform industrial assessment which would accompany it.

The rest of the briefs said in effect that there are good points in the bill and that the government is on the right track but they argued there are so many unanswered that the legislature should be delayed for further study.

Only two of the briefs were unreservedly in favor of the Industrial tax bill that was rush from the Alberta Association of Municipal Districts, the other from the town of Jasper Place.

Perhaps the most significant of the two came from James Mc Kay of Vulcan County, president of the Association of MD's and rural representative on the provincial-municipal advisory committee which has approved the industrial tax scheme.

Outright opposition to the tax plan came from the City of Medicine Hat and the Medicine Hat Chamber of Commerce. They claimed industrial tax rates in the city would skyrocket as a result of the tax plan and the uniform industrial assessment which would accompany it.

Edmonton and Calgary also complained that the government tax plan doesn't attack the problem of overall metropolitan growth and development.

There was a lot of talk during the week about metropolitan area administration, but nothing definite came out of it. Municipal Affairs Minister Hooke seems to favor the idea of limiting the role of cities proper and taking care of population growth through development of satellite towns in the metropolitan region.

So much time was spent on talk about the industrial tax plan that it appeared doubtful that the House could finish its business this week. There's still some important legislation to be considered, including the Workmen's Compensation Bill and a bill which would allow rural municipalities to tax pipelines and power lines.

Mr. Lawrence Rade injured his knee in trying to lead his cow so was hospitalized for a couple of days. We are happy to report he is much better again.

Mr. and Mrs. Leif Foshaug, Leroy and Robert were Sunday afternoon visitor's at the George Foshaug home in Tofield.

Mr. and Mrs. Emil Rade, Gene, Dale and Lawrence were dinner guests at the Charles Rade home on Sunday.

Mr. and Mrs. Walter Stott were dinner guests with Mrs. Ingo Naas on Sunday. Mrs. Naas accompanied them back to Edmonton to visit for a few days.

Mr. and Mrs Leroy Fladseth and boys spent Saturday afternoon at the home of Pastor and Mrs Carl Johnson. The occasion was in honor of Mary's and Carl's parent's 50th Wedding Anniversary.

Sunday afternoon coffee guests at the Ingolf Brekken home were Grandma Severson, Grandma Naas, Mr. and Mrs. Walter Stott, Mr and Mrs. Ralph Dahl and Marion, and Mr. and Mrs. Lester Severson and David.

Mr. and Mrs. Bennie Fiasch were callers at the Leroy Fladseth home on Friday.

## GREATER THINGS ARE AHEAD

The recent announcement from Ottawa that approval was being given to three companies to export natural gas was a great boost to the Alberta economy and the economy of the country as a whole. Just how it will effect us here at Tofield is hard to say. We are literally sitting on some of the best natural gas available. Whether the export of this commodity will spur activity in the local field immediately is not known, but the long range viewpoint shows that there are greater things in store for us here at Tofield.

As we see the growth of the town over the past few years and think back to things to come. Our thinking must help but be optimistic. In years gone by Tofield has suffered setbacks that at the time appeared to be staggering, but in spite of these we have gone ahead. In recent years both oil centres have been drying up so to speak. We have experienced a growth which is the largest in our history. Now with the announcement that the commodity known as Natural Gas has a tremendous market in our American friends we can look for renewed activity in the search in the ground underneath. It all spells optomism for Tofield, Alberta and Canada in the months ahead.

## WHO DOES HE THINK HE'S FOOLING

We are completely amazed at a recent statement of the Hon. Mr. Hooke when he stated, in commenting on Mr. Youmh's statement that the price of Natural Gas will have to go up if the pipelines are taxed, "that it was premature to make such a statement" The Hon. minister does not give the people of the province any credit in being able to think for themselves. Ever since manufacturing first came into being the cheapest tools have always been passed on to the consumer. Steel goes up, so does the price of cars. Labor receives more money — up goes the price to the consumer. It has always been that way so how can the Hon. minister say that it is too early to say that a pipeline tax won't raise the price to the consumer. Nobody expects Mr. Yorath will play Santa Claus and absorb the tax. It is time some of the members of the government at least gave the people of Alberta credit for having a few brains.

## ... OF MANY THINGS

THOSE DIRTY THIRTIES

Those who finished school just in time to hit the depression had a rough time.

Most of us took a hard look at the economic system and a mighty sympathetic look at alternate systems. This latter appraisal took place all over the world, in Italy, England, Germany, Canada and the States.

We were ripe for some new system. Several systems were proposed.

Mr Aberhart launched a Social Credit movement. The Wobbs and others preached socialism. Democratic Socialism was offered to the Germans, and the same theory of thing was suggested in Italy.

In Canada, Socialism never did catch on strongly. To those for whom it held attraction it seemed odd indeed that the rest of us who rode the rails or did odd jobs outside our regular line of work to survive did not go for it too. What freedom did you have that you're wanting to keep? they ask. "How could you call time to favor a capitalist system which caused you work"

Partly it was a strong feeling that the depression just wasn't right, and no system deliberately imposed it. We knew there were many things wrong but we felt they could be corrected without ripping into something much worse.

Furthermore, few of us had faith in the men who were promising that if they were given power we would all do better. We watched Socialism in Russia, Germany and Italy, all starting with the same high goals. We heard the, Wobbs and the Dupont socialists praising Russia. We didn't like the looks of it, and history has proved us right.

Few of us thought Canadian socialists would abuse the power Socialism gives to the State as much as the Kremlin does. But in all systems, aggressive and power hungry personalities rise to the top. The money of wealth is irresponsible, but add to it the power of government, backed up by the army at its disposal, and it is frightening.

So we said to heck with Socialism, and those of us still say it. This the Socialists cannot forgive the life of them understand

—M—

## Barde and District

Mr. and Mrs. Wm Wasylenchuk and family were Sunday dinner guests at the Leroy Pinsent home.

Mrs. Wm Rose is a patient in Vegreville hospital. We wish you a speedy recovery Aunt Inga

Mr. and Mrs. Lester Severson entertained the following for dinner on Sunday in honor of Grandma Severson's birthday: Mr. and Mrs. Otto Severson and boys, Mrs. Severson Sr. and Carl, all of Viking; Mr. and Mrs. Nels Iljon and family and Miss Joan Patten from Sedgewick. Mrs Hewing Irving and James from Edmonton, and Mr. Maynard Strauss from Camrose Afternoon visitors were Mr. and Mrs Mervin Moon and girls, Mr and Mrs Ingvald Brekken & Penny Grimm Mr. Severson returned to her home at Sedgewick After visiting her son and daughter-in-law for two weeks.

## WITH THE LEGISLATURE

EDMONTON — Members of the Legislature Last week wrestled with the tiresome problem of what to do about Alberta's growing Hutterite population.

A dozen bearded, black-clad brethren sat in the Assembly chamber as the House agricultural committee considered a bill which will bring in a new system of controlling Hutterite colony expansion.

Main provision of the bill is establishment of a three-man communal property control board which will hear arguments pro and, con, every time the Hutterites want to set up a new colony, and make recommendations to the cabinet.

The rationale, an existing law which states specifically, in black and white, that a new colony cannot be set up within 40 miles of an existing one. So what the legislation does in effect is replace a statutory restriction with formal laws which give the cabinet the final say.

The troubled Percy G Davies, of Clyde, lawyer for Alberta's 5,000 Hutterites. At least, under the old act, the Hutterites Brethren knew exactly where they stood.

But under the new bill, he said, they're at the mercy of the government with no right of appeal to the courts. And on any matter concerning the liberty of the subjects, he said, he would sooner deal with the courts. Government must look at the political implications of everything they do; the courts are divorced from politics and local prejudice.

However, the most troublesome question of all was that of infringement on religious freedom. And it was on that question that Mr. Davies built almost his entire case.

To the Hutterites, he said, community ownership of property is to be sacred as the fundamental doctrine is to members of other religious faiths. Alberta's restrictive legislation, he said, violates the United Nations' Universal Declaration of Human Rights.

Mr Davies asked that the legislature be thrown out within a year in the meantime, he said, the Hutterites in the government would get together and negotiate an agreement concerning the location of new colonies.

The Hutterites' counsel didn't have to make it serious because everyone knows is anyway, but he also had a heavy club he could hold over the head of the government on the question of restrictive legislation.

There's a good chance that if the Hutterite laws were to be tested in the courts they'd be thrown out. So far the Hutterites haven't seen fit to test them but there's no reason they can't.

Mr. Davies also hit back at socialism. Hon. Ernest Manning refuse to educate their children, refuse to take civic responsibilities, evade income, taxes, and refuse to defend their country.

In taking their children out of school at age 14 they're doing the same thing all parents are allowed to do by law; refusing to vote, in elections they're no worse than the majority of Albertans; they are subject to income taxes the same as other farmers, and there's no law that says they have to be preparing to defend their country, he said.

Considering the strong feelings that can boil up in rural Alberta over Hutterites, the agriculture committee hearings drew few audiences.

Only an Edmonton Hat branch of the Canadian Legion submitted a brief calling for continued statutory restrictions. A spokesman said the Legion branch is unfriendly towards the Hutterites "because they won't accept our way of life."

The Farmers' Union of Alberta local from Bisson also asked for continued restrictions, claiming Hutterite colonies in the area have decreased the value of farmland.

Premier Manning asked how questions during the hearings, but when all the arguments were heard he remained things up by telling the Hutterites that restrictive legislation is for their own good. The government reserves their right to live as they please, he said, but at the same time they must realize their way of life creates problems in society. If the problem is not found amicably, he said, the rights the brethren enjoy could be destroyed.

At week's end that's where it stood. Further some small amendments, the bill was reported to and thrown third reading pretty well as drafted

Cabinet ministers brought in a flood of important legislation during the week. Amendments to the Vehicles and Highways Traffic Act would require anyone learning to drive a car to hold a "learner's permit."

The law would apply to every would-be driver from the age of 14 up. A fee over taking driving lessons from his father would have to obtain a permit. Vision and reaction tests will be required before permits are issued.

Another bill increases the tax on diesel fuel by two cents a gallon, making it 12 cents. The tax on gasoline remains unchanged at 12 cents per gallon.

Legislation was introduced to pave the way for the province's new program of building chronic hospitals. It provides for the setting up of chronic hospital districts under boards similar to those of regular hospital district boards.

Members also set up a seven-man committee to study distribution of House seats and report back to the next session. Hon. F.C. Colborne, minister without portfolio, heads the committee.

Members are: Harry Strom (SC — Cypress); William Ure (SC — Red Deer); Edgar Gerhart (SC — Edmonton North west); Ira McLaughlin (SC — Grand Prairie); Ernest Watkins (PC — Calgary Glenmore); and Michael Maccagno (L — Lac la Biche).

## R.C.M.P. to crack down on violators of highway regulations

In the first two months of 1960 on the roads and highways in Alberta policed by the R.C.M.P., 22 people were killed in 19 accidents, in the same period in 1959, 14 people were killed in 14 accidents. Although this is not considered to indicate a trend, these figures do point up the general responsibility of the driver who is operating a number of passengers.

In 1958, 126 fatal accidents occurred on rural roads, 101 of which involved only one fatality. Highway horizon truths and motor vehicles killing 12 people, in every case of a one car accident there was eleventeen speed for road conditions or some form of recklessness or carelessness. In all car train collisions there was a degree of inattention or recklessness.

Everyone knows that if he rolls his car over at a high rate of speed, runs into a train or a bridge, the chances are that he will die. Further, everyone knows that one has seen newspaper and other articles explaining that careless are caused and don't just happen. He has also read and heard over the radio that the death toll on Alberta highways is clearly but unnecessary.

We will never know how many lives have been saved through the impressive safety driver training programmes and programmes have had on sensible people but we venture to say that the number is substantial. However the cases when are killing themselves and others have not been improved by those warnings and advice nor by reason itself. If this is so then we can only look to strict enforcement as a possible cure. The law here as important factor in every Province or State where any headway has been made in reducing fatalities.

Unfortunately the highway patrol cannot look at a car & know whether the driver is a person having killer Consequently when enforcement is strict the safe driver is likely to suffer some inconvenience because he must travel the same roads as does the reckless driver. However, the price may not be considered too great if it brings him some measure of protection against the transgressions of the irresponsible.

The R.C.M. Police Highway programme, for this year will include an increase in manpower and equipment, more radar activity and the abolition of warnings for merely reckless. Unmarked cars will be used and strict enforcement will be applied throughout all areas of R.C.M. Police responsibility.

## ROSS CREEK

ROSS CREEK — Greeting you all at this Easter time!

Small number had the blessing of spring

And all the birds seem all will sing

The sunlight with new warmth is stored,

To greet the rising of our Lord.

This is indeed the dawn of spring Of life and love and everything

—o—

With new hope we look forward to the many lots of events ahead to dry the fields up early this spring. Sure be nice to see all the grain fields cleared up after staying on, all winter. We can only hope for the best, on folks?

—o—

Try to turn out to hear the Easter services at 1:45 p.m. A new arrangement will be made in the time soon, with services being held in the morning. Hope this will be more suitable than afternoon services. Communion will be held the Sunday after Easter, April 24.

—o—

We were sorry to hear that Mrs Bill Liddell of the Chipman district passed away last week. Sincere sympathy to all her kin Mr and Friends.

—o—

The two rinks that curled in the Vegreville bonspiel last week were rather unlucky, but they enjoyed the curling and the bonspiel held Wednesday evening. Those taking part in the good were, George and Floyd Melchuk, Neil Bailey and Graham Belsinder, Ernest Pedersen, Joe Hecketts, Carl Dashuk and Alvin Hamar

—o—

Due to the hotel at Vegreville Flying Melchukes held over the third drive until this week. Results of the games and prize winners should be available for next week's news report.

—o—

Max and Doris Schacher and family were Saturday evening visitors with the Alvin Haner family The Home of Bruce were overnight visitors.

—o—

Alvin and Mabel Haner spent Sunday in Edmonton helping to move the Henry Schacher family into their new home.

—M—

Sorry to hear Lena Schultz is having a long stay in the Tofield hospital. Hope your illness is cleared up real soon, Lena.

—o—

Raymond Melchukka's son did ian was hospitalized at the Alcher Memorial hospital a few days.

—o—

The final rink drive was held in the Pendrex Community Centre Saturday evening with Mac. Mich Hadenwytchuk high, and Mr. Bill Hryvnk of Chipman high. Booby prizes went to Gloria Yaschuk and Richard Smolnick.

—o—

Sunday supper visitors at the Pedersen home were Joe Koshka, Rena and Doris Kushniruk and Robin Olsen, Velma and Norman Schwartz and Carman and Carrie

—o—

We were sorry to hear of the sudden passing of Bill Worton. Deepest sympathy is extended to all his family and friends.

## Farewell Party Given Saturday for Mr. and Mrs. Nick Chomik and family

On Saturday evening, April 2, guests filled the Ryley Community Hall to honour Mr. and Mrs. Nick Chomik and family at a social evening. The members of the Ryley Curling Club and their families honored in the Ryley Curling Rink. Mr. Chomik has been D.A. in the district of Ryley for 13 years and was recently appointed to the Provincial contest on District Agriculture.

Mr. John Moore of Tofield was master of ceremonies for the evening. The program got off to a running start with Mrs. Rod Black of Viking leading a lively sing-song. Mrs. Tweedie of Viking accompanying on the piano. Following this were numbers contributed by clubs from each of Viking, Holden, Ryley and Tofield.

From Viking was a piano solo by Shirley Anne Tweedie, a short skit "The Show" Holden - Piano solo by Carol Harnak; Vocal solo by Norma Fewtrell, short skit, "Model 4-H Meeting". Group song "Nick Chomik's Farm" Ryley - Skit and song by girls' 4-H clothing club, Senza trio, Booth hour, reading by Rod Fewtrell. To hold group songs - Mr Chomik's Farm and Farewell to the Hamlets. Club swinging, John Moore.

After these numbers, Mr. Moore called on Mr. Earl Hardy, M.L.A. who paid a fine tribute to Mr. Chomik, expressing the sentiments of those present, as well as his own. Following Mr Hardy, George Reddick of Viking, Dennis Hutchens of Holden, Betty Hearn of Tofield and George Knudsen of Ryley paid tribute to Mr. Chomik with special emphasis on his 4-H work and suitable record on having had 17 of his 4-H members go on to the National competitions at the Toronto Royal and Spokane Ball Hoots.

Last but not least on the program was the presentation of gifts to Mr & Mrs. Chomik. Helga Boggie of the Ryley Girls Club presented Mrs. Chomik with a coffee pot and warmer and a cup-saucer from the members of the Ryley Girls' Club of which Mrs. Chomik has been leader in 1959. George Knudsen of Ryley presented Mr Chomik with a leather hold case on behalf of the 4-H clubs in the County. Both Mr. and Mrs. Chomik expressed their appreciation in a heartwarming way, after which everyone, rose and sang "For They are Jolly Good Fellows".

It would seem fitting here to pay tribute to the success of children and young people for the attractive manner that prevailed all through the program, adding much to everyone's enjoyment and appreciation. There were over 200 people present and the large number of these were young people.

To finish off the evening, after everyone rose for the singing of grace, they lined up and helped themselves to a pot luck lunch. Coffee and soft drinks were provided. All present reported a most enjoyable evening.

Have you ever *felt* sheer power? You would here, just as our touring family, the Browns, are doing, in front of one of the original generating units at the Horseshoe plant. The Horseshoe station was built in 1911 to serve the City of Calgary, and is the oldest plant on the Company's system. To-day, there are 11 hydro-generating plants on the Bow River System, contributing over 300,000 horsepower of electrical energy to serve your personal wishes and the bounding needs of Alberta industry. This one generator, powered by falling water, produces 5,000 horsepower; more than 25 modern automobile engines put together! Dianne Brown realises that a very small part of this power is probably cooking her supper in the electric oven at home this minute.

The Homemaker
Home Economist
THE PERSONAL APPROACH TO YOUR HOME:

Almost all of us have dreams of improving our homes. The decoration and furnishing of a home is a rewarding experience - whether it's a house or an apartment small or large, old or new; whether you have a small budget or unlimited funds. Each situation has its own set of problems, and each in its own way presents a challenge to your ingenuity and taste.

"But what is taste?" is the final analysis taste is choice. You may like quite a few different kinds of things, but in decorating your home you exercise your taste in choosing the things that are suitable in style, color and scale, and that are practical and will go with things you already own.

Through our office arrangements may be made for the following free assistance: Individual help through home visits, remodelling & interior decoration, if requested by the Home Development Specialist will also come, if possible The following excellent bulletins may be borrowed from this office Farm Kitchens and Utility Rooms, Farm Home Remodelling, Farm Home Plans, A Farm Water System and Sewage.

The following pamphlets are free of charge Methods of Furnishing Care, Curtains Going Up, Color in Your Home, Flatter your Floors, Painting Furniture in Its Place, Walls and Ceilings

## 4-H LEADERS CONFERENCE AT OLDS

The annual provincial two-day Leaders' Course will be held at the Olds School of Agriculture and Home Economics on April 12 and 13. Leaders of summer projects in both the agricultural and homemaking projects of Field Crops, Swine, Poultry, Potatoes and Garden Clubs will attend.

## ONE FOR THE ROAD

One result of the new superhighways is wider traffic lanes.

Illegally an extension-of clubs in Dallas, Texas: the members are people who own Cadillacs more than a year old.

Up in the Canadian northwoods, at the entrance to a dirt road, there is a sign: (Choose your re carefully as you will be in it for the next 20 miles."

Nothing chills the heart with quite the same sense of foreboding as watching the motorcycle policeman who has just stopped you take off his leather gloves, one finger at a time.

—o—

## Holden Student wins public speaking contest

On Friday evening, April 1, a public speaking contest was held in the Ryley Legion Hall under the auspices of the Ryley IOOF Lodge. The contest is sponsored annually by the lodge with these taking part, being chosen earlier through eliminations in high schools in this home.

The three contestants taking part in this year's competition were Vanda Gaudaaskch and Gloria Yarmosky of Holden High School and John Crowley of the Viking High School.

Gloria Yarmosky was the winner and will represent the Community of Ryley at Irma on April 19 when eliminations are held to choose a high school student to represent at the zone on the United Nations Pilgrimage sponsored annual by the IOOF

Chairm n of the evening's proceedings was Mr Ernest Brown of Ryley. Judges were Mr Martin Bruce, assistant school superintendent for the County of Beaver, Mr J D MacDonald, Ryley school principal and Mr C N. Orr, Ryley Grade 11 teacher

—o—

Glad to hear that Mr Howard Munro will again be the minister of the Minisink and Hastings Lake Church for the summer.

—o—

**VERSE ON WORRIE**

Although the wind's invisible,
It sure can make you mizzible.
Cable, of course, eventually go,
but usually only blow by blow.

From my bank account I multiply learn that spending money is all I earn.

—o—

Police have long been aware that victims or witnesses of the same holdup can vary widely in their descriptions of a gunman. The April Reader's Digest reports that an artist's sketch based on painstaking questions and the use of facial charts helps witnesses sharpen their recollection and pinpoint each feature more precisely. The result is a composite of the mental picture held by several witnesses, and quite often the likeness to the subject is amazing. Two artists have become links in the law

—o—

Mel and Ethel Wood were Edmonton visitors Tuesday afternoon, Ethel bringing back her baby chicks

—o—

Ellen Eaton attended a birthday party Wednesday afternoon at the home of her daughter-in-law Evelyn Eaton to help her grandson Donald celebrate his fifth birthday along with eight little friends.

—o—

Mel Wood motored to Halkirk on Monday taking Ethel's mother Grandy Baines to her home. On the way down Mel had car trouble at Heisler and had Johnny Woog go down and take them the rest of the way while he had his car repaired. Mel and Johnny remained overnight returning to their home Tuesday at noon.

—o—

Mel and Ethel Wood were Edmonton visitors Tuesday afternoon, Ethel bringing back her baby chicks

—o—

Ellen Eaton attended a birthday party Wednesday afternoon at the home of her daughter-in-law Evelyn Eaton to help her grandson Donald celebrate his fifth birthday along with eight little friends.

GROWING

**FLAX?**

get **LPC*** with **ELEPHANT BRAND**

**INCREASE YOUR PROFIT 29 CENTS PER BUSHEL**

Flax fertilized with Elephant Brand produces more, and production expense is spread over the larger crop. Each bushel (unit) costs you less to grow. You get Lower Production Cost per bushel – L.P.C.

In the table below note that fertiliser lowered the cost of producing each bushel of flax by 29 cents and increased the profit per acre by $7.26.

| | Unfertilized | Fertilized |
|---|---|---|
| Yield per acre (bu.) | 10 | 23 |
| Production cost per acre (summerfallow) | $17.00 | $19.75* |
| Production cost per bushel** | 1.70 | 1.41 |
| Value of flax per bushel | 2.50 | 2.50 |
| Profit per bushel | .80 | 1.09 |
| Profit per acre | 8.00 | 15.26 |

**Extra profit due to Elephant Brand and L.P.C – $7.26 per acre**

NOTE: Constant increases also can be realized from fertilizing wheat, oats or barley.

*Represents application of 80 lbs. per acre of 0-47 11-48-0. **Production Cost per bu. calculated to nearest cent.

See your Elephant Brand dealer today. Talk over a fertilizer program that will give you LPC and more profit from your crop.

It pays to choose from the Elephant Brand line:

| | | | |
|---|---|---|---|
| 11-48-0 | 16-20-0 | 27-14-0 | 10-30-10 |
| Ammonium Sulphate | | Nitrogenite (Ammonium Nitrate) | |
| Anhydrous Ammonia (Nitrogen) 82-0-0 | | | |

## NEW UNIFORM ROAD SIGNS

Alberta has joined other Canadian provinces in accepting a plan for uniform traffic control devices prepared by a special committee of federal, provincial and civic government officials, representatives of the Canadian Good Roads Association, the Institute of Traffic Engineers, Canada's Automobile Association and other national groups.

Motorists travelling in any part of Canada will now be able to easily recognize the meaning of any road sign which may be the same throughout Canada.

The plan provides positive standardized road signs with regard to shape, color, dimensions, symbols, wording or letter and illumination or reflectorization.

The types of signs used across the nation were classified into three general groups. Regulatory signs give the highway user notice of traffic regulations, with a few exceptions these are rectangular with the longer dimension vertical. There are usually white with black, green or red lettering and border. Exceptions in shape and color are the red, octagon "stop" sign; yellow, inverted-triangle "yield" sign, and "one-way" sign and "right speed" sign.

Warning signs which call attention to conditions that are potentially hazardous to traffic or route are generally diamond shaped. They have a yellow background with black lettering or symbol. Curve warning signs are circular and the railway crossbuck sign.

Guide signs are used to show route designations, directions, distances, points of interest or other geographical or cultural data. Most signs are green with white letters or lettering. They are rectangular in shape with the longer dimension horizontal. Provincial route markers can be white with black lettering.

Major changes in Alberta will involve the use of more symbol signs to control schools, playgrounds and pedestrian crossings. The Uniform Traffic Control Devices committee recommended that a new and distinctive shape and color be used for advance warning of school, crossing, walk or school speed zone. The school sign is a pentagon standing on a base whose short leaves a vertical of two children in white on a blue background. The sign is being used on Alberta highways approximately 1,000 feet before the beginning of a regularly marked school speed zone.

## Curling club elects officers at banquet

On Saturday, April 9th the Tofield Curling Club held its annual curling supper. The Vice-president, Ivan Johnson, acted as chairman for the evening and introduced the Secretary for the President, retained by the Ladies Curling Club.

To take advantage of the large turnout at the supper, the annual meeting was held afterwards.

The Club executive reported a successful year financially.

The proposed new rink was discussed along with the proposal for providing a sanitary for a community recreation room on the Sports Grounds. A report by the Treasurer indicated that the sale of memberships was progressing but that each member will have to help in some way to make the organization a success.

The nominating Committee presented the following names as directors: G. Moffat, Jr., E. Stinson, N. Pfahlman, E. Reagle, Wm. Christensen, Dr. Perry, Wm. Christensen, Charles Kallal, Conrad Pattenson, V. Moon, Hans Christensen, and M. Bruce. From this list of directors will be chosen the executive Officers for the 1960-61 season.

## AROUND THE TOWN

Weekend visitors at the Fort Moore home were their son Glen and a friend and classmate, Lam Kwok Fu, from Hong Kong. Both boys are first year students at the University of Alberta.

Other University students seen in town over the weekend were Neal Paterson, Bruce McFadzean and Tony Chilcowich.

Our apologies if we Mr and Mrs Art Lampitt and three daughters who visited Mrs. Coulson on Sunday, April 3.

Mr. Jim Secord of Edmonton, formerly of Tofield, is the Polar Bruin agent in this area at present.

The annual Cancer canvass is being conducted this month. The volunteer canvasser will be calling on you at your home or place of business soon if she hasn't already done so.

Enid Dinke spent Friday to Monday with her parents on Sunday Mr. and Mrs. Blake and Enid visited with Mr. and Mrs. John Thomson and Donald.

Mrs. Annis Patterson of Edmonton, mother of Conrad and Arthur is visiting her family in Tofield and district this week

Miss Elean r Hall Hill, daughter of Mr. and Mrs. W. Freeman Hill of Violet Grove is to be married at the Metropolitan United Church in Edmonton May 7, to Mr Rodney Andrew Morrod, son of Mr. and Mrs. M Morrod of Hay Lakes, Mr. and Mrs. F Hill are both well known in Tofield. Mr. Hill was the former Ethel McClymont

Mr Mohr and Mrs R Darling of Edmonton were weekend guests of Mrs Wilkie, Sr

Mr Rufus Wilson returned home Sunday morning after spending the winter months with his daughters Lola in Regina and Fay in Toronto

Mrs Dickens during visited her friend Mrs Ellen Sears on Sunday afternoon

Mr and Mrs. William Mitchell left on Thursday for Vancouver to spend the Easter holidays with their niece Mrs. Maud McKenzie and family, also the Dave Mitchell family.

Little Miss Cressalie Sears attended the birthday party of Miss Mary Ellen Stevenson on Sunday afternoon and was an overnight guest of Mary Ellen. Congratulations on your birthday, Mary Ellen.

Don Stinson had the pleasure recently of piloting via T.C.A. the Toronto Maple Leaf's from Toronto to Boston after a Saturday night game.

Another birthday was celebrated at the Eaglesham home when Tommy entertained his friends on his seventh birthday on Wednesday.

Mr. and Mrs. Jim Rutherford of Lacorne, Sask. are visiting their daughter Mrs. Mary Haworth and their grandchildren. They have also enjoyed visits with their grandson in Camrose and other relatives in Alberta during their trip

Mr. and Mrs Gabe Pittet and family and Mrs. Cunningham left Monday evening for Lourdes, Manitoba, where they will spend Easter with Gabe's mother who is quite ill. During their absence, Ray Pittet is assisting Mrs. Haworth in Macleod's Store

## Natural Gas consumers in area protected by checks

Little known to the average gas consumer a sectional check is made on natural gas installations

J. J. Story, local agent for Northern Utilities Limited, Peace Holden reports that 1,681 inspections were carried out at Holden and 1,257 at T. Reid during 1959

Residential areas are inspected at least once a year, and business areas once a month in summer and twice a month during the winter.

In addition, a survey was conducted in Holden and Tofield of vegetation along gas pipelines, which is another check for possible leaks.

In Tofield all encased service lines were checked for leaks by bubbling. In this method, a hole is driven into the ground alongside the service line, permitting the insertion of a gas indicator unit to the line to test for the presence of gas.

At the end of the year, there were 518 gas consumers in Holden, a gain of nine, and 1201 in Tofield, a gain of 20 over the previous year. Mr Story reported that 117 reconnects and services were completed during the year in the Holden agency, which includes Tofield, Ryley and Bruce. These were mostly calls from consumers relating to adjustment of their gas appliances

Dominion Government regulations require that gas meters be checked and certified accurate every six years. In this program, 12 meters in Holden and 72 meters in Tofield were changed during the year.

## Statutory Meeting of the County of Beaver; Mr. Ed Magnuson appointed chairman

The Statutory meeting of the County of Beaver No. 9 was held on April 6th.

The secretary called the meeting to order and said that two new councilors Mr R. B. Starkey and Mr J. H. Reddich had taken oath of office.

Mr. Edward Magnuson was elected chairman by acclamation and at this time he thanked the other members of the council and took his seat as chairman.

Mr H. B. Starkey was elected Deputy Chairman for the ensuing six months.

The councilors a whole were appointed to the school committee.

The whole council were appointed to the Municipal committee

Each councilor was appointed as a Poundy Committee of one in his own area with authority to request one or two members of the Council if deemed necessary

Mrs Magnuson, Johnston and Starkey were appointed as the Building committee.

The farm of Deloitte, Plender, Haskins and Sells were appointed auditors for the current year.

Mr J W D Craig was appointed Solicitor for the County for the current year.

Mr. G. Monsoon was appointed member from the County Council to the "Beaver Foundation" with H. B Starkey as alternate.

Mrs Gibson and Reddick were appointed members of the Service Board, and Mr Peter Hrabec and Leo Maruszenka were appointed as farm members of the Agriculture Service Board.

Cr A. L. Gibson was appointed as chairman of the Service Board.

Sent. Treas. Olaf Monsoon was appointed Secretary of the Service Board.

Mr. Rex Boyles was appointed Field Supervisor of the Service Board.

Mrs. Johnston, Magnuson and Starkey were appointed members of the Civil Defence Unit Emergency Committee with Mr Magnuson as chairman

Cr. J Reddick was appointed as the Council member on the Farm Purchase Board.

Mr Starkey was appointed as official delegate to the Edmonton Union of Municipalities and any other councillor who wishes to attend

Each councilor was appointed as a Poundy Committee of one in his own area with authority to request one or two members of the Council if deemed necessary

Mrs Magnuson, Johnston and Starkey were appointed as the Building committee.

The firm of Deloitte, Plender, Haskins and Sells were appointed auditors for the current year.

Mr J W D Craig was appointed Solicitor for the County for the current year.

Mr. G. Monsoon was appointed member from the County Council to the "Beaver Foundation" with H. B Starkey as alternate.

Mrs Gibson and Reddick were appointed members of the Service Board, and Mr Peter Hrabec and Leo Maruszenka were appointed

## Community League plans banquet

At the regular meeting of the Tofield Community League held last week initial plans for a spring banquet were set up. It is planned to hold the banquet in May or June and some of the prominent Edmonton Sportsmen will be invited to attend. Money raised from this project will go to help the younger boys hockey.

The annual first of July sports day was also discussed at the meeting Nothing definite has been decided upon but some of the items discussed would lead one to believe that it will be of the same high caliber as those held the last couple of years.

## Tofield continues to grow in 1960

All indications point to a continued healthy growth for Tofield again this year. Besides the $78,200.00 creamery plant which the town is constructing the Federal Government is planning a new Federal Post Office. Imperial Oil Co. is planning to go ahead with their service station on the highway this summer.

In the residential section of the town at least five new homes are in the planning stage with one of these ready to start excavation as soon as the frost is out of the ground

Tofield will be continuing its steady growth which it started a few years ago

(Continued on page 6)

## Former local couple celebrate anniversary

Mr and Mrs Frank C. Scott of Edmonton celebrated their 50th Wedding Anniversary recently. The Scouts were married in New Brunswick and came west to Tofield in 1910, where they lived until moving to Edmonton 39 years ago. Their four daughters and two sons, all present at the celebrations are: Mrs. Frank Brown, Mrs. George Wells, Mrs. F. Sladecker of Vancouver, Edmonton, Mrs. R. White, Mrs. R.C., Mr. Allison Scott also of Vancouver and Mr. Ross Scott of Bramerton, Washington. There are also seven grandchildren and one great-grandson.

## Packed house for Amateur hour

Last Wednesday evening the Tofield Community Hall was filled to capacity for the annual amateur hour sponsored by the Tofield P.T.A. Talent was good and in a number of instances it was hard to choose just who should be the winner and who should be second.

Judges for the evening were Mr. Bell, Mrs. Dotheridge of Round Hill and Mrs. Winchester.

Following is a list of the winners:

UNDER 12 Years

1st Pamela Schultz, piano solo; 2nd Phyllis and Ronald Foshaug, Duet and 3rd Brian Schultz, song.

UNDER 16 YEARS

1st Susan Pittet and Carol Watson with a tapdancing demonstration 2nd Betsy Anne Schultz, a piano solo. 3rd. Margaret Hoiseth and Elaine McKernan with a Duet.

OVER 16 YEARS

1st T. Mutuk playing the guitar and singing. 2nd Mrs Monroe, violin solo and 3rd the Jenson family from Ryley playing the accordion.

Everyone in attendance considered it a very good evening entertainment.

## Showing this week at the Theatre

A thousand and one thrills await you at the Tofield Community Theatre this holiday weekend. The feature attraction is "The Big Circus" with nine big stars including Actor Mature, Rhonda Fleming, Red Buttons and guest star Steve Allen. A Technicolor, Cinemascope Family picture. The House Jackpot this week is worth over $70.00

## Newspaper Business Fascinating?

An editor of this station surrounds a newspaper, making up each personality he'd like to own one. It is fascinating challenge to everyone except newspaper people. They have no illusions. Now to own a newspaper, here is what you'd have to do in one normal day:

Explain to Mrs. Strong why Aunt Weak's 85th birthday party was not on the front page.

Explain to an advertiser why it is impossible to get [illegible] page three.

Explain to an ex-subscriber why you had to cut off [illegible] paid subscription.

Explain deadlines 356 times a day and why you have [illegible]

[illegible] lad, who called her party in too late.

[illegible] how weeks you've got news running [illegible] other weeks the paper reads like a [illegible]

[illegible] advertiser for an error in his ad and [illegible] what an idiot you are.

[illegible] that come in written on check [illegible] a corner of junior's arithmetic paper [illegible] from Cousin Frank.

[illegible] think it as nervous as a dish of [illegible] when you're already [illegible] deadline panic!

[illegible] that a subscriber is mad [illegible] and because of Deaton [illegible] patronize overnight [illegible] merchants. Mention [illegible] to Messrs. John and Mary Wood. Their other son David is [illegible] in the General Hospital in Edmonton where he underwent an operation for appendicitis on Friday. Kris and Vic left Sunday night after dinner so they could visit with David in the afternoon before returning home.

Sunday afternoon coffee guests at the home of John and Mary Wood were Mr. and Mrs. Joe [illegible]

[illegible] that is antisocial and wallowing in [illegible] can, at the final minute, keep you [illegible] irritated and starts acting like a boy [illegible] the bathroom.

[illegible] customer arriving late with copy that if [illegible] would have to leave somebody else out [illegible] and then explain to the one you left out.

The last run made, you'll feel a sense of relief — for about five minutes. Then you start explaining why you did this or didn't do that and it starts all over again.

## ROSS CREEK

ROSS CREEK Easter greetings to one and all. Hope you have a happy time over the holidays.

[illegible] congratulations and best wishes go to Mr and Mrs. Lorne McLaughlin of Fort Saskatchewan on the arrival of a new baby son.

[illegible] last week.

[illegible] attended [illegible] Mrs. Ethel Vickery in Edmonton.

Congratulations and best wishes go to Mr and Mrs. John Ball (nee Lois Ferrell) on the arrival of their new little son, Robert John, also to the grandparents Mr and Mrs. Bob Ferrel

Mr and Mrs. Ivan Malcolm and kiddies spent the last Sunday visiting Ivan's sister Eileen and Fred, Town of Bruce

Mrs. Ivan Malcolm and child ren spent a few days recently with her parents in Drayton Valley.

Mr. and Mrs. Lester Odberg and family spent last Sunday visiting the Alex Pord family.

The past Sunday Howard and Neil Malcolm were dinner guests with Marion Malcolm and family and supper guests with Mr. and Mrs. Dale Vickery in Edmonton.

Howard and Nellie Malcolm had lunch with Ralph and Alice Cooney Wednesday of last week.

Mr. and Mrs. Ivan Malcolm and family were dinner guests with Mr. and Mrs. John Ball (nee Lois Ferrell) on the arrival of their new little son, Robert John, also to the grandparents Mr and Mrs. Bob Ferrel

Mr. Stanley [illegible] and Mrs. Ellen spent the evening with Mr. and Mrs. Howard Malcolm, [illegible] occasion of the fifteenth Wedding Anniversary. Hope you have many more happy anniversaries Joe & [illegible]

The Women's Association had a [illegible] on with an at- [illegible] Mrs. Vincent was [illegible] Mrs Albert [illegible] Dixon for best hat[illegible] went to Mrs. Violet Bailey and Mrs. [illegible] A Mother's Heart took sale of bakery, plants and dinner. Work will be held on Saturday afternoon, May 7th. Do [illegible] keep this date in mind. The Lamont Association asked Ross Creek to help with the Dr Helen Hutton sale of baked food and a tea to be held on April 7 in the new Nurses Residence. Dr Hutton is a missionary in India and she displayed a long table loaded with souvenirs of India as well as albums and pictures. Iris Gilson, Nellie Malcolm, Aunty Kay man, Isabel McLaughlin, Isobel Halberg and Bessie Pederson enjoyed the afternoon at Lamont

The Ross Creek W.A. sent in $5.00 to the Donald Creasey Fund at Hardisty

Neil and Violet Bailey were supper guests at the Graham Schneider home Friday evening while Malcolm's family were dinner guests Sunday with Mr. and Mrs. Schneider

Mr. Lawrie Garland left on a trip to the United States where he will visit his brothers in Washington, Oregon and California.

Floyd and Andrew and George and Wayne McLaughlan all visited with the Orville Hoph family at Elk Island Friday evening.

I think Ralph Cooney got a head start at ranching around the district on Saturday! I guess it was a case of necessity, was it Ralph? If this weather continues, we should soon all be out there in full force.

Ray and Ellen Reinhart celebrated their eighteenth Wedding Anniversary on Sunday. Congratulations to them and many more happy years. After the church service, Rev. Ellens and family were invited to the George Mc Laughlan home.

Norman and Velma Schwartz and family were supper guests with Joseph and Isabel McLaughlin on Sunday

Hi to Ken Meikle. Good going Ken on taking top honors at the Amateur Hour in Tofield

We are glad to hear Mrs Mil [illegible] is feeling much better [illegible] they returned to hospital. Mrs. Pint is staying with her [illegible] Jean Mainland.

Albert Halberg had a visit with his folks, Mr. and Mrs. Sid Cooney, on Thursday, while Isabel went to the tea and bake sale at Lamont

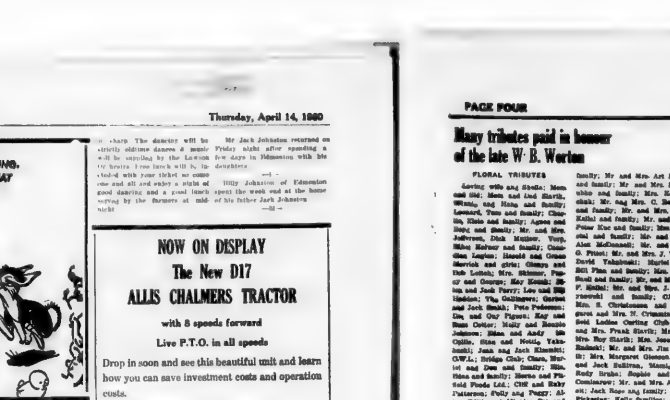
Visitors and dinner guests last Tuesday with Bessie and Kenneth Pederson were Mr. and Mrs. Matt Schnaus and Ronald and Mrs. Beryl Olsen and Jeffrey. Weekend supper guests Saturday were Geo. and Winnie McLaughlan and family. Sunday visitors were, Robert Fredda & Robin Olsen who helped Norman celebrate his tenth birthday.

Raymond & Francis McLaughlan motored to Vegreville Saturday Carol took care of the children for them.

Sunday School and Church service this month will be held at the usual time of 1:45 p.m. in May services will start at 11:30 a.m. Will be glad to see a large [illegible] for the Easter services on Sunday

Let there be peace on earth, and let it begin with me.

—M—



LOOK ON THE BRIGHT SIDE — HAVE A HAPPY EASTER

## LAKESHORE - McKENZIE NEWS ITEMS

The [illegible] W.A. will hold their [illegible] meeting at the home of Mrs. Elmore Faulkner on Wednesday afternoon, April 20th. Everyone is welcome to bring their sewing and with [illegible] quilt being pulled.

Howard and Nellie Malcolm had lunch with Ralph and Alice Cooney Wednesday of last week.

# County of Beaver Agricultural Service Board meeting held on March 29, 1960

The regular meeting of the Agricultural Service Board was held in the Municipal Office, Viking, on March 29, 1960, at 10:00 a.m. with the following members present: Mr. J. Reinhart, Chairman, Mr. H. Goldade and Mr. Elmer Olmstead.

Minutes of the previous meeting were read and adopted on motion of Mr. Goldade and Mr. Olmstead.

Correspondence was read as follows:

Letter from the Field Crops Branch with regard to the transporting and feeding of livestock. This letter requested information as to the advisability of resuming the policy of issuing permits for the transporting of screenings.

The Board felt that this system would not serve any useful purpose as it is very hard to enforce and in any case where a person moves screenings in violation of the Noxious Weeds Act they are subject to a penalty under Section 17 of this act.

Moved by Mr. Reinhart that this letter be received and filed and that the Field Crops Branch be informed that this Agricultural Service Board is not in favor of permits to move screenings.

The secretary read a letter from the Field Crops Branch advising that a Field Supervisor's Workshop would be held in the Jubilee Auditorium in Edmonton on March 30, 31 and April 1st.

Moved by Cr. Olmstead that Ken Boyles be authorized to attend this Workshop.

The Agricultural Service Board Tentative Program 1960-61 was discussed. It called for a total estimated expenditure of $8,100.00 with grants from the Department of Agriculture of $2,500.00, this would leave a net expenditure by the County of $4,600.00. Moved that the Agricultural Service Boards Tentative Program for 1960-61 be approved and recommended to the County Council.

Mrs Boyles advised that because of the lateness of the season the trapping and poisoning of gophers could not be held. Mr. A. Gemmell of the Field Crops Branch of the Department of Agriculture, was also called at this time and discussed the Advance Service Board Tentative program for 1960-61 which has been presented.

The chairman now called for the reading of the minutes of the last meeting held on January 26th. These were adopted as read.

Mr. Goldade commented on the Farm Management School held at Viking. He said it was well attended, but that all the subjects suggested could not be discussed due to lack of time.

CORRESPONDENCE

The Secretary read a letter from the Field Crops Branch in regard to more assistance by inspectors appointed by the Department of Agriculture in regard to weed control. This had been requested by the Agricultural Service Board Conference at Stettler on January 27th, 1960.

The letter stated that inspectors could also do some publicity work but that they would be willing to assist with same. Suggestions as they have arisen were discussed and noted.

The Secretary read a letter from the Field Crops Branch with regard to the transporting and feeding of livestock. This letter requested information as to the advisability of resuming the policy of issuing permits for the transporting of screenings.

The Board felt that this system would not serve any useful purpose as it is very hard to enforce and in any case where a person moves screenings in violation of the Noxious Weeds Act they are subject to a penalty under Section 17 of this act.

The secretary read a letter from the Field Crops Branch advising that a Field Supervisor's Workshop would be held in the Jubilee Auditorium in Edmonton on March 30, 31 and April 1st.

Moved by Cr. Olmstead that Ken Boyles be authorized to attend this Workshop.

FIELD SUPERVISOR'S REPORT

March 29, 1960

Since the completion of the Fall Range vaccinating Program, several calls were made in the west part of the County to check cattle that were missed in the first case was held where the owner would not co-operate by getting calves in A fine was imposed.

Opinions of cattle men regarding the establishment of a Brucellosis Control Area in the County are varied. The majority are in favor of this plan, to be carried out with the vaccination program to continue.

The Service Board is planning on several demonstrations this year, with chemicals and fertilizers. These will include: Fertilizer plots in crops and forage, Avadex and Carbyne for Wild Oat control and chemical control of weeds in crops.

Farmers who have suitable fields and locations for demonstrations are requested to contact us in order to save time later on.

250 strychnine coated and 95 baited pellets were released for rodent control. 1080 baits were checked the past month. 5 records for 1080 were received in new areas.

I felt that it is too late in the season to put out these baits as they will have to be destroyed by the end of April.

More interest is shown in poisoning pocket gophers this spring and our poisoning demonstrations last year proved that the 7½% bill can be expected if baits are properly prepared and put out at the right time.

Tree applications were sent in and 4 requests for the free planter were received. There are a few trees available, including spruce, poplar cuttings, maple, elm and ash, also high growing ornamentals from Dropa.

Sprayer pumps, road casing equipment and spraying equipment have been checked for parts and repairing.

Farmers who wish to do extra work on back sloped roads are requested to contact us well in advance so that extra seed will be available

4 inquiries were received for information regarding spraying cattle for warbles and lice this spring. High pressure sprayers are required for this work and we have letters and photos on this equipment.

Cattlemen are requested to send in applications for Spring Brucellosis Vaccinating on time this year. Notices will appear in all local newspapers.

Ken Boyles, Field Supervisor

Moved that the above report be accepted and included in the minutes of this meeting.

As there was no further business, it was moved that the meeting be adjourned at 3:15 p.m. and the next meeting be held at the call of the chair.

Name .....

Address .....

I live on part ..... Sec. ..... Twp. ..... Rge. ..... W4

NOTE: Applications will not be accepted after May 1, 1960

# MINISTIK NEWS ITEMS

MINISTIK — Pre-Master church services were held Sunday with Mr. L. Hollis of South Cooking Lake taking the service. His topic was on Prayer and gave us much to think about.

Best wishes for a speedy recovery are extended to Donald Drummond who underwent surgery in Old Newborn hospital in Edmonton.

Mrs. Robert McCaig, Sharon & Gerry of Willow Bank, were week end guests of the Tom Jones family. Mrs McCaig renewed acquaintances at Church on Sunday

Sharon McCaig was a Saturday guest of Edna Reddish, also visiting Peggy and Joan Rowland.

Mr and Mrs Lloyd Drummond were Edmonton shoppers on Thursday.

Mrs. Leslie Whitford, Mr. and Mrs. Frank Stuckey and Mrs. Ronald Swabey visited with Mrs. Florence Swabey in Edmonton on Thursday.

Mr. Bruce George of Swift Current Sask. spent the week end with his Mom and Dad, Mr and Mrs. Stanley George. He has received another promotion with Mobil Oil of Canada and starts his new duties in Edmonton on Monday in their new offices on 100th Avenue.

Mrs. A. Birt and Milton of Blackfalds, Alberta were Sunday and Monday guests of the Alex Prentice family.

Mr. Donald Gilbert has been helping out at the Alex McPherrans while Donald Drummond was in hospital.

Mr. and Mrs Frank Shaye of Tofield were supper guests of Mr and Mrs. Stanley George on Tuesday evening. We are glad Mr Shaye has received his health and is able to drive his car again.

Mr. Neil Waters spent Thursday and Friday in Calgary carting in the B.A. Oilman's Bonspiel.

Mrs. Neil Waters and a friend motored to Prince Albert, Sask. for three days returning Sunday.

Several Ministik residents took in the grocery bingo at Hastings Lake on Friday evening, but not being severely home prospered. A good time was enjoyed which was the main thing. We also noticed the new look in the hall, and the Hastings Lake folk are to be congratulated on the big improvement.

We are glad to say Gary Ferguson is much improved after a bout with the flu bug

Congratulations and best wishes go to Mr. and Mrs. Kenneth Winder who were married in Kingman. One evening some of the young people gathered at the home of Mrs. L. Winder to charivari them.

Sickness seems to be making its rounds in this district. To all those in hospital for check-up, treatment and to those sick at home we wish you a speedy return to good health

Mr. and Mrs. Alan McDougall, Mrs. Sarah Waters and Susan of Edmonton and Mrs. Roy Waters and children of Calgary were Sunday evening coffee guests of Dolly and Jim Roddick and girls.

To the Editor and staff of the Mercury and to all our friends near and far we wish a Happy Easter.

—M—

This is the scenic CBC's Parliament Street studio in Toronto, when the CBC Symphony Orchestra presents its coast-to-coast radio broadcasts on Friday nights. Since being organized in 1932 the orchestra has given more than 400 concerts, featuring works by Canadian composers and listeners heard contemporary compositions, in addition to items from the famous basic symphonic repertoire.

## SPILSTED NEWS

SPILSTED — The Spilsted Ladies society met at the home of Mrs Art Hollis for their April meeting. It was decided to send ten dollars to stock of the following: Salvation Army, Crippled Children (A.C.T.), Polio fund and the Red Cross. Thirty-five dollars is also to be given to the Don Vessey Fund. Mrs. Johnson Wilson will have the May meeting.

Mr and Mrs Arnold Brunner and family and Mr Marshal Mitchell were recent visitors at the Ernest Bolcourt home.

Congratulations to Mr and Mrs Dave Bratrud on the birth of their daughter. They were visiting at Mr and Mrs. F. Paulsen's on Sunday

Miss Elaine Fairbrother and Mr Dick DePenne of Leth, bridge were at the Eagle Fair brother home last week end.

Due to the bad roads the meeting called to discuss the management and the renovation of the Spilsted school was postponed until April 23rd. This meeting is to be held in the school.

Congratulations and best wishes go to Mr. and Mrs. Kenneth Winder who were married in Kingman. One evening some of the young people gathered at the home of Mrs. L. Winder to charivari them.

Sickness seems to be making its rounds in this district. To all those in hospital for check-up, treatment and to those sick at home we wish you a speedy return to good health

## WITH THE LEGISLATURE

MEMBERSTHOUGHTS: Tinkling to pizzazz from without and with on Social Credit ranks, the government last week decided to slow down its revolutionary industrial tax program.

As a result, members of the Legislature may have to attend a special session in the fall — possibly in October — to put the program into effect.

Here's how it happened

The government has been prepared to pass two bills. One of them would have authorized the province to immediate passage of the bills, notably from Edmonton and Calgary and a number of smaller industries. They said too many points were uncertain, and they wanted more time to study the implications.

Apparently the majority of government supporters agreed these arguments were reasonable, because last week Municipal Affairs Minister A. J. Hooke introducing an entirely new bill.

The new bill gives the government the green light to start to carry out a uniform assessment of industrial plants, power lines and pipelines.

But it makes no provision for levying taxes.

This provision, said Mr. Hooke, will be made later under separate legislation after the assessment is completed and some of the other questions answered to the satisfaction of municipalities and industries.

He said he hopes the assessment will be completed by fall, and if that should be the case the government would be prepared to call a special session.

If the special session bills could be passed to provide tax for powers, and the program could go into effect in time for the 1961 fiscal year. Otherwise it would have to wait for the 1962 regular session of the Legislature and the program would be delayed for a year

Mr Hooke made it plain he isn't backing down an inch in his determination to bring in the new taxation programs. In fact, if everything comes off as scheduled he won't even be slowed down.

But there was persistent opposition to the principle behind the scheme, in a good deal of the bill.

The hearings, he said, pointed up one significant thing: "No one opposed the bill in principle. No one said it's no good or that it should be thrown out."

But on the other hand, he said, nearly everyone had the bills should be given more study and he saw nothing wrong with that. "We want the public to be aware of all the implications," he said. "If the program is right, and we think it is — then it should be, general public acceptance."

At stake is an increase in revenue for many Alberta municipalities.

Cities and towns stand to pick up a share of the taxes paid by industry in adjacent rural areas.

Rural municipalities — counties and municipal districts — stand to gain millions from the tax on pipelines and power lines. This particular tax field has been vacant since 1942 except in the cities, towns and villages. Since that time Alberta has acquired thousands of miles of pipe and power lines, and it will add up to a healthy assessment on which to base taxes.

Members started out last week hoping it would be the final week of the session. But toward the end of the week their hopes flew out the window as the House became mired down in committee study of bills. A major stumbling block was a bill containing some extensive amendments to the Vehicles and Highway Traffic Act.

An all-out push on Friday of last week probably could have written finish to the session, but Premier Manning is anxious to avoid any appearance of undue haste, especially with the small opposition he has.

At the time of writing it appeared certain the session would drag into this week, but probably will be prorogued by the time this piece appears in print.

## Fashions

Wear pin check in the fall, a good weight for handling and tailors well. The navy and white fabric has been nicely tailored into an extremely attractive and useful dress, with navy silk braid marking the boat neckline, sleeves, belt and pockets. The darts front the waist give shape to the top of the circular skirt. Good for now, fine for going on to the summer.

The Ryley Junior High Girls who were unbefeated throughout the year successfully won the County Basketball Championship for 1960. Ryley defeated Holden in the semi-finals and were then victorious over Bruce of the East zone in the finals.

Back row left to right they are: Noreen Ons, Sonja Buggs, Coach Mr. R. A. Rabiits, Fay Chomik, Maxine Konak. Diane Cavanaugh, Peggy Seniuk, Louise Wiens, Geraldine Konak, Marilyn Pope, Irene Steffen, and Gloria Hunka.

## Easter Choral Festival enjoyed by audience

The Easter Choral Festival held last Thursday evening in the Community Centre proved to be as popular as the annual one held just prior to Christmas.

The sponsoring organization the Tofield Community League, are tentatively planning to make it a yearly event.

Choice taking part were the Kinsmen Festive Choir made up of members of the Barde and Kingman Ladieres Chorales. The Mennonite Brethren Church Choir from Lindbrook. The Salem Mennonite Church Choir from the Salem Church in the Bardo district. The Tofield Choral Group and the Tofield United Church Jr and Sr Choirs

It was evident from the way the selections were rendered that hours of practice had gone into the preparation of the program. The music appreciatives audience all spellbound through the different numbers.

## Drama club to put on 3 one-act plays next month

The Tofield Drama club under the sponsorship of the Tofield Lions club are preparing three one-act plays for presentation in May The drama club was formed shortly after the play "The Late Christopher Bean" made its successful appearance in Tofield last December By putting on three one act plays at this time the club feels that the talents of more persons could be utilized and no one person would have too heavy a load

The three plays are all comedies and should provide very interesting entertainment Almost all the actors from the last play are back again

Mrs Rocke, president of the Drama club says that it is probable that another three act play will be put on in the early part of the winter

## WITH THE LEGISLATURE

(By Ken Mason)

KINGSMEN — Only members only one day last week to put the Raisbing touches on the first session of the 14th Alberta Legislature

MLA's assembled at the regular time Monday afternoon, plowed headlong into closer by clause committee study of 16 bills, approved them with little or no discussion, then gave them third and final reading.

Just before 4 o'clock the lieutenant-governor, Hon. J. Percy Page, entered the chamber and gave royal assent to a total of 123 bills. Speaker Peter Dawson left the chamber with the ceremonial mace carrying the mace, members of the press gallery barred eight weeks of torn up notes of the legislature, and it was all over for another year.

Or was it all over? Not quite, because Social Credit members went immediately into a closed party meeting, and went back at it again the next morning before packing up their $4,500 indemnities, their cabinet-size telegram money and their luggage and heading for home.

The session just past must have set a record for caucus meetings. The Social Crediters were at it day and night for two months. Much of the time was taken up with explaining procedure and bills to new members And there were many knock-downs, dragged outs over a number of issues, including the revolutionary industrial tax plan and the rural power or pipeline tax.

At the final caucus members had a lot to say about public relations. Some members were unhappy about the government's habit of introducing important bills in the session without necessary explanation. They felt it left the public — and themselves — little chance to become familiar with the public's business

The government's municipal tax proposals added up to the biggest single issue of the session, and as a result of it members may have to return to Edmonton in the fall for a special session

The government had been prepared to pass two bills. One would have allowed the province to set up tax certain major industries and redistribute the revenue among municipalities.

The other would have allowed rural municipalities (counties and MDs) to levy property taxes on pipe and powerlines This would have made up for the revenue they stood to lose in the industrial tax shuffle

But when the proposals went to the House Agriculture committee for a thorough airing, members found the cities and major industries almost unanimously against immediate passage of the bills They wanted more time to study the implications.

Municipal Affairs Minister A. J. Hooke decided to go along with them and brought in an entirely new bill. It simply permits the government to carry out a similar assessment of industries, pipelines and powerlines

The new bill makes no provision for taxation. That provision will have to be made later — possibly at a special session in October if the assessment is completed in time.

Mr. Hooke is determined to go through with the program pretty well as planned, but by giving time he will give the public more time to study it from all angles. He says the agriculture committee hearing proved the severe need to do the right thing by cause no one opposed the bills in principle

Other major pieces of legislation included a new bill to control Hutterite colony expansion. The statutory 60-mile spacing between colonies is replaced with discretionary legislation which permits the cabinet to decide where and when new Hutterite colonies can be established.

Rhinestone amendments to the Vehicles and Highway Traffic Act were designed to weed out accident-prone drivers, make it easier for police to nab hit-and-run drivers, and to require all students planning to carry "learners" permits."

(Continued On Page 9)

## Tofield High School Drama Class presents two one-act plays

Two plays, "The Whirlpool of Life" and "Sham" were featured on a recent program when the Tofield High School Students' Union presented an evening's entertainment. The plays were directed and produced by the high school drama department. Gloria Annis Donnal did the honor of correspondent.

In "The Whirlpool of Life" John Hughes played the part of the cruel, brutal Henry who neglected and ill-treated his wife. The part of the heroine in "Sham" was capably handled by Dwight Green. Others taking part were Russell Swenson, Sharon Ingram and Roberta Henderson.

The short plays in French were produced by the High School French class under the direction of the French teacher, Miss Cummings. Acting in these were Georgina Roberge, Wayne Moore, Ray Price, Bill Dusik, Floyd Taylor, Jacque Baird and Evelyn Chilliwitch.

## Funeral Services held recently for Colin Tiedemann

Funeral services for the late Colin Robert Tiedemann were held Friday, March 11th from St. Andrew's Presbyterian Church, Wainwright, Alberta. The Rev. W.A. Rensch conducted the service. Pallbearers were Mr. Bert Tiedemann, Mr. Ralph Tiedemann, Mr. Norman Smith, Mr. Merle Smith.

At the close of the program flowers were presented to the Church Junior Choir, Miss Cummings and the Drama coach Mr Annis.

**MESSENGER WORK:**

**Science fiction stories were something to laugh at?**

**You never dreamed you'd have to open a can to feed a dog?**

"The Times" insist punctuality, not deferred payments?

## Change in schedule for C.N.R. passenger trains

Bill Fine, local agent for the Canadian National Railways announced this week that the following train schedules would be in effect starting April 24th, 1960.

Westbound — Local Train No 91 from Saskatoon will leave Tofield daily except Monday at 8:04 a.m. The Super Continental No. 1 will go through daily at 11:43 a.m.

Eastbound — Local train no 92 from Edmonton will leave Tofield at 10:06 p.m. daily except Saturday and the Super Continental No 2 daily at 3:19 p.m.

## Grass fires bring out fire brigade

With the warm drying winds of the last few weeks the long grass from last year has become tinder dry. As a result the local fire brigade has been called out a number of times during the past week to control fires which were threatening to get out of control. No damage has been reported although Wednesday morning the pulse on the nerves belonging to Mrs. Heidenreich was badly blistered but the brigade got there in time to stop the fire.

## Tofield Municipal Hospital overcrowded with 37 patients

The Tofield Municipal Hospital is the district with the result the local hospital, which is at present filled to overcrowded with 37 patients in it. It is rated as a thirty bed hospital. The hospital board are perturbed about the situation as the kitchen and the laundry facilities are entirely too small to handle the number of patients. Their application to the provincial government for an increase in the size of the hospital has been turned down. It seems that ever present hospital is rated as adequate for the present district

Besides serving Tofield and Ryley and their surrounding area, the local Hospital also looks after Dr Cole's patients from Hardisty.

If you are thinking of getting sick and requiring treatment at the Hospital you may be well advised to check to see if there is a bed available there. It may be that you will have to put of getting sick till a more convenient time.

## AROUND THE TOWN

Mrs Petra Stauffer accompanied her nephew, Dr. J Lorbetskie and wife of Edmonton to B.C for the Easter holidays to visit Mr and Mrs. P Lorbetzke.

Mrs McCormick of Edmonton was a guest of Mrs McCowan on Good Friday. Mrs. McCowan accompanied her home, returning to Tofield Tuesday.

Mr and Mrs Norman Stauffer and family visited relatives at Duchess over the weekend.

MARIE DEPREE, DISCUS CHAMP

Cpl. Marie Depree of the Royal Candian Medical Corps won the acclaim of Camp Borden, Ont., when she returned to camp after winning the Canadian indoor discus title. She's outdoor champ, too and a potential Olympic star.

## IMMIGRANT WEDS WEALTHY NEW YORKER

A Cinderella-like wedding between a recent immigrant who spent three years in a German refugee camp and the grandson of a former executive of the J. P. Morgan financial empire took place in Hamilton, Ontario recently Isolde Silkowska, 26, was married to Dr. Heyne C. Lamont, 28, of New York Isolde fled Latvia with her parents and sister in 1944 and spent time in Czechoslovakia and in Germany in a refugee camp From there the family went to England and then in 1953 to Winnipeg, Manitoba and finally settled in Hamilton. The couple met at McMaster university.

## OF MANY THINGS

By Lawrence Wilson

DEFINITION

I declared an inborn in a debate with a student, the ownership of [illegible] should be limited. The student replied that he thought that nothing should be owned by individuals, that all property should be owned by the state. When I asked him what was the purpose of the state, he said it was to protect the people from tyranny and used as an instrument of oppression. I believe that it is for that very reason that I like to see the power of the state limited and not particularly. I prefer to have the means of production in the hands of private persons rather than in the hands of the state, even if the state purports to act for all individuals. In fact, the state is run by the government, and government officials can get pretty dictatorial even now. Just imagine what it would be like if every job depended on political pull! Mr. Irvine went on to say that Capitalism more the power of the state now just as tyrants do. I don't believe it.

But we started out by talk ing about definitions. I do think there is a good deal of confusion about the meaning of words. Most of the confusion is in the minds of the CCF-ers who are trying to fit people into the idea that they really aren't very socialistic after all. They are the ones who need to get things straightened out with the dictionary folk.

MEANINGS of words.

Mr. Irvine then goes on to define the "State". He says that properly speaking it is the people — all of them. That it is an instrument of the people and should be freely used by them. He then said "But the power of the state can be and often has been usurped by tyrants and used as an instrument of oppression." I believe that it is for that very reason that I like to see the power of the state limited and not particularly. I prefer to have the means of production in the hands of private persons rather than in the hands of the state, even if the state purports to act for all individuals. In fact, the state is run by the government, and government officials can get pretty dictatorial even now. Just imagine what it would be like if every job depended on political pull! Mr. Irvine went on to say that Capitalism more the power of the state now just as tyrants do. I don't believe it.

But we started out by talk ing about definitions. I do think there is a good deal of confusion about the meaning of words. Most of the confusion is in the minds of the CCF-ers who are trying to fit people into the idea that they really aren't very socialistic after all. They are the ones who need to get things straightened out with the dictionary folk.

## MINISTIK NEWS ITEMS

MINISTIK — Easter with his annual church services in beautiful spring and dinner brought his sister and some for another year. Oh yes, we mustn't forget the Easter bunny and eggs for the small fry.

Mr. and Mrs. Claude, Lunch and Mr. and Mrs. Stanley Williams of Edmonton motored to the coast and other western points. They will be gone for a couple weeks.

Mr. and Mrs. Stanley George and Mr. and Mrs. Jim Reddick and girls were Easter Sunday dinner guests of Mr. and Mrs. Walter Clodge and family in Tofield.

Mr. Steve Dunn of Calgary surprised her mother Mrs. W.C. Hutton on her birthday last Saturday. Other guests were Mr. and Mrs. Archie Clarke and family and Mr. and Mrs. Archie McLean.

Mrs. Steve Dunn also visited with Mrs. Gladys Rodrick and her mother, Mrs. W. Whitford.

Mrs. Gladys Swabey was pleasantly surprised on her birthday Wednesday evening when her sister, Mrs. Ronald Swabey entertaining at dinner in her honor. Other guests included Mr. and Mrs. Lee Whitford. Many more happy birthdays, Gladys.

The Ladies Club held their April meeting at the home with the roll call being answered with an Easter verse. Plans were made for their Strawberry Tea to be held on June 11th, and Mrs. Andrew Feyrman was chosen to convene.

Easter church services were held on Sunday with Mr. Howard Munro taking the service. There was a good number in attendance to enjoy this special service.

Mr. and Mrs. Baden Bowerman have gone to Brooks, Alta. for a couple of weeks. Jotes will visit her parents while Baden is busy repairing trailers for construction work.

Mr. Fife Naisbeth is staying at the farm with Michael and Vivian for a little while.

Mr. Frank Flier was a dinner guest of the Jack Grays of Deville on Tuesday.

Mrs. Wesley Woodmore spent Easter holidays with relatives and friends in Edmonton.

Mr. and Mrs. Otto Mannerschmidt and boys of Edmonton were Easter Sunday guests of the Tom Jones family.

Mr. and Mrs. Stanley George entertained Mrs. Daisy Carlisle, Mrs. H. Davison and Miss Edith Davison all of Tofield at dinner Monday evening.

WEATHER REPORT

A man and his wife were sitting together in the living room one evening. The phone rang and the man answered. He said on the phone, "How on earth should I know? Why don't you call the Coast Guard. Then he hung up and returned to his newspaper.

The wife asked, "Is he was that dumb?"

The husband said, "I haven't the faintest idea. Some silly jerk wanted to know if the coast was clear."

CHIVALRY

A Jasper Avenue bus was unusually crowded one morning. A passenger sitting next to the window suddenly buried his head in his arms. The man next to him asked, "Are you sick? Can I do anything for you?"

"He's nothing like that", the other assured him. "I just hate to see old ladies standing".

A BETTER PERFORMANCE!

A famous ventriloquist's wife died at the ripe old age of seventy five. When her body was lowered into the grave, the ventriloquist broke down completely. "I didn't know you could sound so much to you", said a friend later. "You certainly were crying your eyes out at the cemetery."

"That was nothing at all", the ventriloquist assured him. "Nothing at all. You should have caught me at the funeral parlor".

## RYLEY and DISTRICT NEWS ITEMS

RYLEY — Mrs. Cora Young whose she was a guest of her daughter and son-in-law, Mr. and Mrs. Norman Boggs. Norman is also all of Calgary, visited at the Lester Pepper and Bill Roddy homes over the weekend.

Bob Westmoreland accompanied Mr. and Mrs. Jerry Ihle's back to Calgary Sunday to spend a day visiting his son and daughter-in-law, Mr. and Mrs. Brian Westmoreland and his new grandson.

Mrs. Gunnar Osburg accompanied Mr and Mrs Cliff Paterson of Tofield to Saskatoon for the weekend returning home Sunday night.

Mrs. Lettie Booth and her sister Mary of Flatbush, Alta are visiting Mr and Mrs. Bob Rolfes and Mr and Mrs. W. O. Booth.

The Ryley 4—H Dairy Club and the 4—H Pee-wee Club went on an inspection tour to see all the members' calves. Mrs. Abe Rowe served lunch to the Club members who had learned on the farm. He was on call to anyone who wanted to put in a new set of steps, paint a house or paper a parlor. If the techniques he teaches today are unorthodox, it's because they are designed to do the hard way when they kept the Whitfalls of Winnipeg alive.

The field of radio interested him and he was soon to become one of Winnipeg's top farm radio commentators in 1950 the CBC moved the Whitfalls to Toronto and Peter produced farm radio programs, two of which won awards as the best in North America.

In 1953, when television became

NOTICE TO OUR CUSTOMERS

Ted's Meat
RYLEY ALBERTA

"Typically Western!"
Good business . . . a big city . . . busy operating over hundreds of acres! Life in the Canadian "Empire" West of the Great Westerners wear The Gold advertisement big mind Western . . . and CALGARY is both!
CALGARY
DOUBLE COLA
PROUDLY WESTERN SINCE 1892

It would be [illegible] to find Imperial to divide its income dollar the way the people in our pie-[illegible] are doing. A more exact division is required, so you can see from the figures below.

Here's how Imperial's income dollar is divided

Last year, out of every dollar Imperial took in, 55 cents was spent for raw materials—mostly crude oil—and for freight, a big item in a big country like Canada.

23 cents went for costs of operating the company. This included wages and salaries for our 11,000 employees.

8 cents was for depreciation, money set aside to help pay for replacing worn-out equipment.

5 cents went to various taxes (not including provincial road taxes ranging from 10 to 18½ cents per gallon).

6 cents was left. But two of these had to be set aside for equipment to make new products and for expansion of things like refineries and service stations to meet the public needs.

4 cents was left for the shareholders—whose investment made the company possible.

ESSO IMPERIAL OIL LIMITED
...for 79 years a leader in Canada's growth

## Mr. Fix-it of T.V. fame to be at Edmonton better Homes Show

Pete Whitfall, known to thousands of television viewers as Mr. Fix-it, will be in Edmonton for the Home Show April 28 to 30th. All who attend the Home Show will have an opportunity to meet Peter in person and discuss with him any number of do-it-yourself projects they may be interested in. Those who have never met him will find this rabbity, tousled-topped hobby-man a master of many trades.

Pete Whitfall is well known on the prairies as the author of the Kirkpy" a daily rural farm show that ran on CJC radio for many years.

Born of English parents, he is 52 years of age. His parents lived on a farm in Manitoba. Peter's first jobs were working for a Winnipeg newspaper as a radio columnist, a film critic and a police reporter. To supplement a meagre income in the desperate thirties, he got in on the hobby-mon tricks he had learned on the farm. He was on call to anyone who wanted to put in a new set of steps, paint a house or paper a parlor. If the techniques he teaches today are unorthodox, it's because they are designed to do the hard way when they kept the Whitfalls of Winnipeg alive.

The field of radio interested him and he was soon to become one of Winnipeg's top farm radio commentators in 1950 the CBC moved the Whitfalls to Toronto and Peter produced farm radio programs, two of which won awards as the best in North America.

BETTER RELATIONSHIP

Because of changing economic conditions, it is necessary for most of us to budget for wants and means of stretching our dollars by being selective in the things we buy, and buying only those items which come up to our requirements. We can enhance the [illegible] and retailers of the [illegible] in which we [illegible] which are important to us.

Sources of Information For Consumers

Having a knowledge, if then, you want to buy makes it easier to choose the best one for the purpose, and keep impulse purchases at a minimum.

1. ARTICLES in NEWSPAPERS and MAGAZINES: Many of these articles are worth clipping, not only for specific information but for their ideas value. Interior decoration ideas, household hints when applied to your own situation can help save time, energy and money.

2. ADVERTISEMENTS: These are helpful in introducing you to new products and ideas. Facts about the product itself as well as tips on use and care, may provide useful information as well as enable you to compare them with others for better buying-ship purposes Often additional literature concerning the item may be obtained at little or no charge.

3. CONSUMER BULLETINS: These are available on newsstands & may offer you help in comparing and buying products to suit your needs Comparative ratings are listed for a wide variety of products However, no single agency can test every brand, and it is possible to find merchandise of excellent quality which is not even listed by the agency.

4. BUSINESS-SPONSORED Publications: Many business organizations offer up to date pamphlets on foods, clothing, furniture, equipment and finance. Manufacturing firms, buying information and use and care suggestions are often included. Watch ads in newspapers and magazines to find out more about them.

5. GOVERNMENT BULLETINS. These may be obtained without charge from both Provincial and Federal governments. There are leaflets printed for the public on a wide range of topics in all fields. Write in for our publication list.

A ENGINES
Here's where Chevrolet's industry-pacing power play begins. Check the facts for yourself.
Chevrolet's unbeatable Thriftmaster Six gives you: Super-efficient valve-in-head design, full-pressure lubrication, long-life valves, oil-bath air cleaner, plus many more extra-value features. And every Chevrolet engine, from the spirited 135 hp Thriftmaster, through the mighty 230 hp Workmaster V8, each of Chevrolet's ten engines bring you unbeatable advantages.

B TRANSMISSIONS
Chevrolet brings you the smoothest, strongest transmissions ever. In the light duty series, you find the silk-smooth efficiency of three-speed Synchro-Mesh transmission plus a whole range of optional transmissions.
In the medium series, four-speed synchro-mesh is standard. Five-speed is available on 60 Series. In Chevrolet's heavy duty series you find five-speed Synchro-Mesh transmission, standard 5-speed Close-Ratio units are available in some models.

C AXLES
Chevrolet's tight and medium-duty rear axles feature silent-running hypoid gears. Medium, heavy duty and tandem models offer 2-speed axles for extra versatility.

DISEASE CONTROL
Cattle, sheep and swine fight disease fast with Aureomycin* Crumbles. Simply sprinkle them on the feed to boost Aureomycin intake at the first sign of trouble. In beef and dairy cattle Aureomycin Crumbles reduce scours, prevent foot rot. In feed lot sheep they cut enterotoxemia losses. In swine they prevent bacterial enteritis, suppress secondary bacterial infections and help maintain weight gains in the presence of Anaplasmosis Rhinitis.
*T.M. Reg'd
Have Aureomycin Crumbles on hand when disease strikes.

## Ketchamoot News

KETCHAMOOT — Mr and Mrs. Joe Brown and Leonard Schacher attended graduation exercises at the Vermilion school of Agriculture recently. Ronald Brown was one of the graduates.

Deepest sympathy goes out to Mrs. Lois Barnes at Red Deer on the passing of her sister, Mrs. Edna McBeth, in the hospital at Chilliwack, B.C.; also to her family and other relations.

Easter Sunday dinner guests with Mr. and Mrs. Ben Lee were Mr. and Mrs. Buford Hodgins and girls of Ben Annett and Miss Lorraine Lee and Mr. Billy Webb.

Miss Jane Floyd of Calgary spent Easter holidays with her parents Mr. and Mrs. Pete Ford.

Mr. and Mrs. Martin Maravin and Kenneth and Raymond Williams of Camrose were Easter Sunday dinner guests with Mr. and Mrs. Don Carlisle and family.

Mr. and Mrs. Leslie McGinnis visited with Mrs. Brown and Ethel Hodges on Sunday.

Mr. and Mrs. Leslie McGinnis have their daughter and children, Mrs. Doris Tipper, Billie and Brenda of Port Arthur, Ont. visiting with them

Mrs Ivan Mitchell is a patient in the Tofield Hospital. We wish her a speedy recovery. Hope you will be home soon Marie.

Mr. and Mrs. Chester Coombes had Mr and Mrs Harry Ketchum and family of Vulture, and Mr. and Mrs. Ewald Haberts and family of Edmonton visiting them. Mrs. Ketchum and children stayed to visit for a few days.

Mrs. Ronald Coombes, Janice and Jerry went with Mr and Mrs. Ivan O'Ann to Olds to visit with Mr. and Mrs Arnold Wick and family.

Mrs. Ada VanBuskirk and Mr. Ray Herndon visiting with Mr. and Mrs. Eugene Carlisle and family

Sunday dinner guests with Mr. and Mrs. Maurice VanBuskirk were Mr. and Mrs. Pete Floyd, Jane and Dusty and Robert, Mrs. Ada VanBuskirk, Mr Ray Herndon, Mr. and Mrs. Eugene Carlisle and family

Remember Mother by coming out to the Mother's Day tea, sale of home baking, sale of plants & bazaar work, date May 7th. We will see you there, O.K. folks?

The Rose Creek W.A. meeting will be held at the home of Mrs. Ralph Cooney on May 4. The roll call will be an exchange, of plants or plant slips. On the lunch committee are Mrs. Eileen Reinhardt and Mrs. Bessie Pedersen.

Mrs. Erale KnuRuss spent a few days at the Archer Memorial hospital last week. Better health to you Annie.

Glad to hear Hugh Ferrel was able to be home with her folks, Mr and Mrs. Erale Ferrel on Easter Sunday. Best wishes to you Kathie on your recent engagement.

Bessie and Kenneth Pedersen had a very enjoyable Easter with all the family at home. Also with them for Easter was Andy who lives with Mr. and Mrs. Robert Olson

## The Legislature

(Continued From Page 1)

The VHT Act amendments also make it mandatory for a bus inside to endorse a motorist's driving license for any and every moving offence. Three moving offences in all a driver is allowed before he has to submit to a driving test.

Another bill paves the way for a unique program of training "dental auxiliaries". The auxiliaries will help staff mobile clinics which will bring preventive dental care to rural Alberta. Health Minister Dr. J. Ingerna Rose hopes to put the program started this summer with dental students working under the supervision of graduate dentists.

Other highlights of the session included a record $218,000,000 budget, major changes in the Labor Act, and a raise in pay for MLAs and cabinet ministers.

Incidentally, the first session of the 14th Alberta Legislature cost Albertans nearly $240,000 in sessional indemnities, subsistence allowances and special allowances for the Speaker, his deputy and the Opposition House leader.

Mrs. Mabel Lawson of Edmonton is spending her holidays visiting with the Herman and Martin Lawson and Ray Lee families.

Miss Jeannie Carlisle is spending her holidays with her grandmother, Mrs VanBuskirk in the city

Mr Gary Sears of Westlock spent the Easter holidays with his parents, Mr. and Mrs. Charlie Sears.

Mrs Ellen Sears of Tofield spent Easter with her sons Albert, Pat and Charlie and their families.

Miss Susan Ingram, nurse-in-training at the Royal Alex spent the weekend at home. On Sunday her parents, Mr. and Mrs. Bill Ingram took her back and visited with Mr and Mrs Johnnie Holborn and Mrs Kate Ingram in Edmonton

—H—

Grass Scars celebrated her 9th birthday ang day last week. She had nine friends over to help her celebrate

Sunday visitors with Mr and Mrs Herman Lawson were Mr. and Mrs. Angus Mitchell and boys of Edmonton and Mr. and Mrs Russell Olsen and family

**"TWERENT ME!**

Twenty gentlemen in dinner coats and black ties dined long and well at the "21" club, not exactly famous for its modest tariffs. The moment came for picking up the bill. "This one's on me", cried several men, without too much enthusiasm; but, to everybody's astonishment, the voice of Patrick O'Hara rang out above the lot. "This is a famous anniversary in the history of the O'Hara family", he announced cheerfully, "and it will be my great pleasure, gentlemen, to pay for the dinner and all the drinks you can consume in the next three and a half hours".

The next morning the front page of the newspaper carried a big black headline: SCOT YIELDS—TRILOQUIST MURDERED".

## MINISTIK NEWS ITEMS

MINISTIK — There was a fair attendance at church on Sunday to hear Rev. Mr. Howard Mason and Mr. Ellwood Bold from Edmonton.

Mrs. Adam Allum of Vienna Court, better known to most of us as Mrs. Bolingbroke, was receiving congratulations in the district on Friday Mr and Mrs. Allum, who also own a modern home above her around to see her friends. Among those visited were Mr and Mrs. Lou Whitford on whose place Mrs. Klein resided for 13 years, Mr and Mrs. Stanley Goudge, Mr and Mrs. Ernest Rowland and Buddy and Jim Reddick.

Peggy Rowland spent her Easter Holiday in Edmonton at the home of her sister and family Mr. and Mrs. Tom Collingwood and boys.

Mrs. Grace Lindsay spent part of the Easter holidays in Edmonton with relatives and friends.

We are sorry to report our latest victim of the flu is Mrs Andrew Ferguson. Hurry and get well, Joan.

A family re-union was held at the home of Mr. and Mrs. Stanley Georgs on Sunday. Present were Mr and Mrs. Bill George and family, Mr and Mrs. Douglas George and family, Mr. and Mrs. Walter George and family, Mr. and Mrs. Bruce George and girls and Mr. and Mrs. Jim Reddick and girls. Mr and Mrs. Tom Durham, nee Irene or Mrs. Walter George flew in by piper aircraft to be with the family.

Mr. Donald Grummett is spending a few days in Calgary with his brother and family Mr. and Mrs. Frank Grummett.

Guests at the Abel Fowler home on Sunday were Mrs. A. Birt and Milton of Blackfalds. Mrs. Bob Barker and Sherry called on Monday.

To all folks who have had birthdays the last week we say many happy returns.

Mr Leonard Stauffer returned home from Calgary on Friday evening after taking a six-week course in electricity.

There will be no Sunday School or services on Sunday morning as many from here will want to go to Kingman where they are celebrating their 50th Anniversary of their congregation

Mr Herman Lawson and his sister Mabel visiting at the Lonard Stauffer home on Tuesday evening Sunday visitors at Stauffers were Mr and Mrs. Lloyd Grussnett. Dr and Mrs Jack Lorbekme and Craig and Janice and Mr and Mrs. Marvin Moen. Brian and Errol and Mrs Petra

Mrs. Hans Kruger, Dennis Mervin and Darrel and Mrs. Rudy Pastrik and children visited at the Lief Foshang home on Wednesday evening.

## Overworked 'They'

The third person, nominative, plural is used in banks warmest, and badly in need of a long holiday in far away places where the English language is rarely spoken. It is overworked and misused. It means everyone and no one. A misanthropic misnomer. "THEY" serves as a short cut from nowhere to nowhere. It indulges in intrigue, and supplies a subtle escape without recognition. It is allusive and terse: striking & worth. Listen

"THEY made me do it. . . .
"THEY do not know it all. . . .
"THEY do not follow the course. . . .
"THEY drove on the wrong side. . . .
"THEY made me pay for it. . . .
"THEY can't spell. . . .
"THEY can't read. . . .
"THEY raised my taxes. . . .
"THEY all graft more or less. . . .
"THEY are very bold? . . .
"THEY have passed a by-law. . . .
"THEY were caught in the act. . . .
"THEY got away. . . .
"THEY should know better. . . .
"THEY never gave a chance. . . .
"THEY don't teach the 3'Rs? they need to. . . . (glory be!)
"THEY made a mess of that. . . .
"THEY need more training. . . .
"THEY are all traditionalists. . . .
"THEY are all progressivists. . . .
"THEY say my deadline is April 15. . . .
"THEY are mad. med. . . . .

Sunday evening, Darrel remained for a visit with Bobby until Monday. Rosey Foshang was a visitor with Bernice on Sunday too.

M . . . .

AS LOCAL AS YOUR NEWSPAPER

Its pages may carry news from around the world but you think of it as your local paper. And it is—reporting local events, identifying itself with local causes and the daily life of the community.

In much the same way, the branch of the chartered bank where you do your banking is a vital part of the local scene, serving local needs—serving you.

At the same time, however, the local branch is part of a larger, nation-wide banking system. As such, it puts at your disposal knowledge, experience and resources that extend far beyond local horizons, linking your community with the rest of the world.

THE CHARTERED BANKS SERVING YOUR COMMUNITY

Attention: CATTLEMEN

Don't lose money. Dehorn Cattle as Calves

To Avoid:
1. Delaying the job to a time when it becomes more difficult.
2. Paying it on to the feeder buyer who knows the added risk of late dehorning by reducing his price to YOU.
3. The loss from bruising, loss in the feedlot, and the added inconvenience of handling those you carry past the calf stage.
4. Payment of horned cattle freight.

"STOP HORN GROWTH ON CALVES"

1. Birth to two weeks ..... Caustic paste or pencil
2. Birth to six weeks ..... Electric dehorner
3. Two to three months ..... Tube dehorner or hoof and caustic pencil
4. Three to six months ..... Calf saw dehorner

## County of Beaver School Committee holds regular April meeting

(Continued from Page 1)
also keep them in repairs and in proper operating condition.

Mr Thorogood pointed out that the majority of the school systems in the area had taken advantage of the offer or were going to do so. He pointed out that after the purchase, the stoves would be exchanged at no addit ional cost.

The five stoves would cost a total of $215.00, & it was MOVED that we purchase five coal stoves from Northwestern Utilities Ltd under the conditions outlined by Mr Thorogood. CARRIED

The Teachers' Salary Negotiation Committee, consisting of Mr. Lars Olsen, Chairman, Messrs R. Harris and H. Kindley, interviewed the Committee at this time with their request for adjustments in the salary schedule and in other sections of the agreement .

A considerable amount of discussion took place, but no actual figures were discussed

The committee left at 3:35 pm. after the Chairman of the School Committee suggested that the request made was totally unreasonable and unacceptable, and requested that the committee prepare a request that would have a better chance of being considered.

Salary bulletins from the Alberta School Trustees' Association Nos. 4, 5, 6, 7, and 8, as well as a copy of the brief presented to a Board of Conciliation by the Leduc School Division No. 69, on February 15, 1960, were referred to the School Committee and ordered received and filed. CARRIED

Notice of the annual Convention of Zone No. 2, the Alberta School Trustees' Association, April 31st, 1960 was referred to the Committee . MOVED that the Chairman, Cr. Sharky, and Mr. Bell, with Cr Magnuson as alternate member, attend the Zone No. 2 Annual Convention.

CARRIED

The 1960 estimates were again taken up, and the Secretary pointed out that the estimates, as presented, were based on the same mill rate as in 1959, and did not leave any provision for increases in teacher's salaries. In fact the amount provided for teachers' salaries would not cover the increase in salaries for the 1959-60 school year, if only the increment increases were taken into consideration.

It was felt that the estimates could not be held within the limits set out, mainly on account of salary increases and it was MOVED that the estimates be increased in the amount of two mills, the increase to be made in provision for teachers' salaries, and that the amended estimates be approved for 1960.

CARRIED

Mr. Brushett, the teachers' representative to the School Committee, interviewed the Committee at this time, and brought two topics to the attention of the Committee: (1) The regular grant by the Committee for the spring dance must between the schools of the County, and it was MOVED that the regular grant in the amount of $50.00 be given for the spring games meet. CARRIED (2) The second item brought up by Mr. Brushett was the advisability of supplying points references for the semi-finals and the finals of the interschool basketball competitions, which take place towards the end of March each year, and the payment of these neutral referees, the reason being that there had been some friction and unpleasantness at some of these games.

The question was discussed to some considerable length but no decision was made, as it was felt that the question required some further consideration and it was MOVED that the question of neutral referees be tabled until January, 1961 meeting. CARRIED

It was suggested that the gymnasium rules should be published in the local papers, and also posted in the gymnasiums.

The Superintendent advised the Committee that June 16th, being proclaimed Farmers' Day by Order-in-Council, was an official school holiday

The information on the proposed Regional Library, being a summary of proceedings at the Regional Library Service Meeting in Vegreville on March 16th, was referred to the Committee, and it was

MOVED that the Supervisor of Public Libraries, Cultural Activities Branch, The Department of Provincial Secretaries, be advised that the County does not wish to take part in the Regional Library Service. CARRIED

MOVED that we forward a contribution of $58.80 to the Alberta Advisory Committee on Educ-

(Continued on Page 6)

**Master Farm Family Awards:**

All nominations for the Master Farm Family Award must be in by June 15th. Master Farm Families will again be chosen from five regions of the Province if suitable candidates are nominated.

The award consists of a thousand dollars in cash and a plaque. Families nominated must be Canadian citizens and the head of each family must be the owner-operator or lease-operator of the farm. He must also have spent at least twenty consecutive years as a sole operator of the farm. In the case of war veterans, time spent in the military service will be accepted in lieu of farming.

Nomination forms, which must be signed by at least three neighbors, are available from all district agriculturists and should be returned to them upon completion.

**ALL ABOUT POTATOES:**

Potatoes are important contributors to the daily requirements of Vitamin C and iron, as well as being good sources of energy. One medium sized potato, if properly cooked, will supply nearly half of the daily requirement of Vitamin C. Boiled or baked in their skins, potatoes retain a high percentage of minerals and vitamins

Potatoes can be compared with other foods in calorie value as follows:

| | |
|---|---|
| 1 medium potato | 100 calories |
| 1 piece of pie | 350 calories |
| 1 doughnut | 200 calories |
| 1 piece of fudge | 100 calories |
| 1 cup cooked white rice | 200 cal. |

**Cooking and Serving Potatoes:**

Potatoes boiled whole in their jackets retain practically all of their nutritive value. Potatoes baked whole in their skins also retain most of their nutrients.

Potatoes peeled, quartered or cut, and boiled, lose only 20 to 30 percent of their nutritive value. If cooking in a pressure cooker the loss will be practically the same.

Potatoes should be peeled very thinly, if peeling is necessary.

Potatoes, when boiled, should be cooked in just enough water to prevent sticking, and the cooking water may be retained and used in stocks, soups and sauces.

Potatoes should not be overcooked. They are cooked if they are easy to prick, but still firm. Potatoes peeling ahead of time before cooking, or left standing after cooking may lose some of their nutrients.

Potatoes of uniform size will finish cooking at the same time. Potatoes are tasty when seasoned with herbs such as savory, rosemary, basil and dill.

## SIR THOMAS BEECHAM RETURNS TO TORONTO

Three years ago Sir Thomas Beecham vowed that he would never return to Toronto until the liquor laws were changed. His complaint was that he could not order a drink in his hotel room. Recently he returned to Toronto for concerts on the CBC radio and TV, but knowing what to expect he obtained a plentiful supply. Besides criticizing the liquor laws, he said TV is barbaric, and practically no good music has been produced since 1922. He is pictured above rehearsing the CBC orchestra.

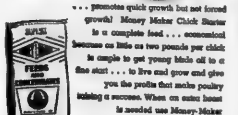
Money Maker Chick Starter is a complete feed . . . economical because as little as two pounds per chick is ample to get young birds off to a fine start . . . to live and grow and give you the profits that make poultry raising a success. When an extra boost is needed use Money-Maker Chick Booster Crumbles.

*Starter Available in Pluls or Medicated Crumbles*



United Grain Growers

FROM all U.G.G. ELEVATORS and MONEY-MAKER DEALERS

... ers so that they could set up a ... Elected Representation ... with the ... Defence ... Division ... and ... requested, on ... which time ... Unit. ... Standard ... presently ... and the Ryley ... School ... be given to the ... Defence Unit Control Committee for this purpose.

The Superintendent advised that the building was not required at the moment and it was

MOVED that the old Standard school be turned over to the civil Defence Unit Control Committee to be used by that organization.

CARRIED

MOVED that the advice from the Department of Education that the operating grant for 1960 would be $222,000, be received and filed.

CARRIED

The Secretary informed that he had inquired from the Department of Education if television sets were eligible for grant, under section 6 of the Grant Regulations, and he had received a reply to the effect that television sets were not eligible for grant. His suggestion that a request should be made to the Department that television sets be included as eligible for grant, and

MOVED that such request be made to the Department of Education.

CARRIED

MOVED that this meeting now adjourn to 10:00 a.m. on Wednesday, April 13th.

The school committee reconvened on Wednesday, April 13th, 1960.

Present: The Chairman, Cr. D. H. Starky, and Committee members, Crs. Gibson, Johnston, Magnuson, Semchyshyn and Weatherill. Mr. H. A. Pike, superintendent of schools, was also present.

The meeting was called to order at 10 15 a.m. by the chairman.

The Secretary informed the Committee that the local newspaper had advised him that the coal surfacing on some of the buses were coming badly torn and scrubbed, also that undesirable writing and marks were made on the inside of the buses on the walls and ceiling.

MOVED that information be received and filed, and that the bus drivers be cautioned about these matters, it being pointed out to them that they are responsible for proper supervision on the buses, and also that the Principals of the various schools be made aware of the situation and requested to assist in overcoming this situation.

A letter from the Chief Superintendent of Schools, with a letter to the Minister of Education, from the St. John's Ambulance Association, inquiring as to the matter of requiring school bus drivers to take training in First Aid, was referred to the Committee.

The Committee felt that this was a good suggestion and that it would be of great value to the bus drivers.

MOVED that we inform the Chief Superintendent of Schools that this County is in favor of such training, and also that in future $6.00 be considered for drivers with a St. John's Ambulance Certificate.

The superintendent advised that the annual reading institute for teachers in grades One to Nine, would be held on May 9th, 1960, and he stated that school would not be held in those grades on that day, except that in Kinsella the whole school would be closed.

MOVED that this arrangement be concurred in. CARRIED

MOVED that the Supervisor of Instruction of the County of Beaver No. 9, be, and hereby is, given the right to appoint teachers to the County's teaching staff.

MOVED that the following teacher appointments be approved

Kenneth A. Wright and Paul Vogelin, to the High School teaching staff, Clara Brokop, to the Jubilee High teaching staff and Loraine Pond to the Elementary teaching staff.

MOVED that a letter of thanks be forwarded on behalf of the School Committee to the following merchants that supplied T.V. sets on loan to the County's schools.

Watson (Tofield) Ltd., Tofield, Lemke Hardware, Ryley; Harris Hardware, Holden, Great Fredericks, Bruce. Hafco Bros. Ltd Viking.

MOVED that the arrangements made with Cummings Specialized Products Limited for treatment of the boilers in the County's schools, be approved and concurred in.

CARRIED

The Committee was advised that the total cost for this treatment would amount to around $500.00 per year for all schools that have boilers, and that it was very necessary that they be treated as it had been found that some pipe in some of the schools were badly injured by the chemicals in the water.

Moved at 11:45 a.m. that this meeting adjourn to the call of the Chair.

—M—

## NEWSPAPERMAN LEAVES SOUTH AFRICA

Toronto newspaperman Norman Phillips who was arrested last week under South Africa's emergency laws because of what he wrote about South Africa was released from jail, on condition that he leave the country. Canada protested to South Africa when his arrest was announced and will ask the government to produce the disputed dispatch which led to his arrest. Phillips said "he was treated correctly under South African regulations for political prisoners—I had a routine diet and slept on a concrete floor."

## Ketchamoot News

KETCHAMOOT — Mrs. Nels Grodvik, Laura and Siegbie of Vermilion have been visiting with her parents Mr. and Mrs. Leslie McGinnis for the past week. On Monday evening Mrs. Doris Tipper and two children left for their home at Port Arthur after spending a week with the McGinnises.

—

Mr. and Mrs. Kenneth Brown and children have been visiting relations at Wedeiga, Sat.

—

Miss Elaine McKerron of Tofield spent Friday night with Donna Carlisle.

—

Miss Grace Wroe of Grand Prairie visited with Mrs. Roy Lee one day recently.

—

Steven Carlisle visited with Vern Dawson one day last week

—

Supper guests with Mr. and Mrs Herman Lawson on Tuesday evening were Mr and Mrs Roy Lee, Miss Mabel Lawson and Mr and Mrs. Rees Fleming and children.

—

The Ketchamoot W.A. will hold their monthly meeting on Wednesday afternoon, May 4th, at the home of Mrs. Martin Lawson.

—M—J

Sorry to hear Mrs. Charlie Soares is a patient in the hospital, wish her a speedy recovery and that her stay won't be too long.

## RYLEY LOCAL NEWS ITEMS

RYLEY — Pastor M.A. Steinstol attended the convention of the Lutheran Church in Minneapolis, Minn. from April 19 to 24.

—

The Lutheq League and the Dorcas of the Bethel Lutheran Church were in charge of services on April 24 in Pastor Steinstol's absence.

Harold Johnson, Luther League President was chairman. Other Luther League members taking part were: Douglas Hedgeland, Charlie Mathews, Orval Johnson and Gordon Kirkstead. Ushers were Marilyn Kushner and Anne-Marie Steinstol.

Carl Nord offered the opening prayer. Mrs. Ray Magnuson took the topic for the morning and Ed Magnuson gave the closing prayer. Mrs. Pearl Kushner was organist.

—

Mrs Wilmer Magnuson and children spent the Easter holidays in the city with her parents Mr. and Mrs. Pete Olson.

—

Mr. and Mrs. Ed Magnuson and Mr. and Mrs. Charles Magnuson spent Monday in the city. Hon. Ray Magnuson kept little Terry, Sheryl and Marlene, while Elaine and Charles were in the city.

—

The Camrose Lutheran Collegiate Choir will be giving a concert of sacred numbers in the Ryley Community Hall on Sunday May 15th, starting at 2 p.m. This choir is well known for its fine performances and just recently finished a tour of many points in the Peace River country.

—

Mr. John Paul is back home convalescing after an emergency operation and ten days stay in Tofield Hospital.

—

Bernard Willems had his Easter holiday cut short by an operation for a ruptured appendix, but he is now on the mend.

—

Mrs. Amil Budinski and children spent a few days visiting with her parents, Mr. and Mrs. Wm. Pope.

—

Congratulations to Josh and Alvin Kassinikos on the birth of a daughter.

—

Fred Romaniuk is in hospital with pneumonia.

—M—

## New Highway Truck Regulations

Gordon E. Taylor Minister of Highways, has announced changes in the method of computing the maximum weights permitted on any vehicle and on any designated highway under a ban restriction. The new regulations permit larger trucks to continue operating with reduced loads.

The present 20,000 pound maximum would be eliminated and the amount permitted during the time a highway is banned will be based on two factors — a percentage of the loading calculated on the maximum weight of the vehicle as shown on the registration certificate; and, a percentage of the maximum permitted weight on the highway in question calculated on the maximum loading permitted when there are no bans.

The lesser amount resulting from the two calculations will be the maximum load permitted on any vehicle on any banned highway.

Under the new ruling a 5-axle vehicle licensed to carry a maximum load of 72,800 pounds on a highway on which the maximum load permitted is 62,000 lbs. when there is no ban would be allowed to carry 51,800 pounds under a 10 per cent loading, or 46,500 pounds under a 75 percent loading.

## Billy Grahaam Film to be shown In Holden Community Hall

Evangelist Billy Graham's latest motion picture "The Heart is a Rebel" will be presented as a forthcoming significant event. The new feature-length color production stars Ethel Waters, Georgia Lee and John Milford and is scheduling for its local premiere at Holden Community Hall on May 12, at 8 p.m.

The story is based on a conflict in the life of a modern young couple when the husband, an advertising executive, can't find a place in his scheme-of-things for his wife's sudden acceptance of the Christian faith. In a complete-ly "down-to-earth" setting the situation provides a dimension of reality seldom afforded a religious motion picture.

Ethel Waters acts instru to her long career in the role of the practical nurse who exerts a profound influence on the young couple through her day-by-day faith in God! A film highlight is Miss Waters' inspiring rendition of "He Ris n on Easter Morning" and the spiritual "Motherless Child."

Georgia Lee, a previous performance in "Oliver, USA," "The Crossroad and the Cross," "The Flame" as well as her recent entryi into the concert recording field have endeared her to audiences around the world.

Jane Withers makes a rare guest appearance in the role of a schoolgirl in a large toy store. One of the foremost child stars of yesteryear, Miss Withers has taken time out of both a busy domestic life, as well as an active one in her church and with Hollywood Christian Group, of which she is a director.

"The Heart is a Rebel" provides a "two-way" perspective of the Graham team in the Cross-ade setting of Madison Square Garden, New York City. The dynamic preaching of the evangelist is augmented by the singing of George Beverly Shea and the music of a 1500 voice Crusade Choir under the direction of Cliff Barrows.

This latest World Wide Pictures production joins a long list of previous dramatic successes coming in the tradition of "Souls in Conflict," "Oltivera, USA," and "Mr. Texas." Its premiere is particularly timely because of the province-wide interest in the greater Wolseright Evangelistic Crusade, when Dr. Lornen Ford will bring the message from night to night.

—M—

## County of Beaver Cleaning Co-op elects officers

The County of Beaver Seed Cleaning Co-op Assoc. held a meeting of its shareholders on April 20th. Those elected to the permanent board were: Lyle Crosland, President; John Blad ley, Vice president, Mike Sebish, Secretary; Jim Tymchuk, Wm. Kruger, R. P. Komarnisky.

Two more members are to be added to the board from the Council and the D. A. will act on the board as a representative of the Government.

—

Remember the good ol' days, when charity was a virtue, not an Ailment?

—

Shame, is a small boy, in search of a filling station.

## Fashions

BACRON and wool in the very popular "tweed" beige shade is used for this dress and jacket. The dress, which is sleeveless, has a bright checkerboard blouse top in orange and blue. The jacket has a classic notched collar and the cutaway, rounded hem gives it a jaunty look. Beige, especially in lighter tones, is the favored suit shade this spring, followed by gray.

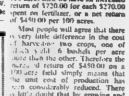
A NEW LOOK AT FERTILIZER USE

The use of fertilizer in Western Canada has been promoted largely on the basis of maintaining or improving soil fertility. But this is not the whole story. New varieties of grain crops with very high yield potential have been developed. These varieties require more plant food than our old varieties of their maximum yield potential is to be obtained. The use of higher rates of application of the necessary fertilizers, which in turn will result in higher yields per acre. And more bushels per acre can mean lowered cost of production. Even with higher prices and relatively low rates of fertilizer application some very interesting results have been obtained. Let's consider these for a moment.

The average increase per acre in Western Canada following the application of 40 pounds of 11-48-0 to a wheat crop grown on summerfallow has been 5 bushels per acre. The cost of the fertilizer is roughly $2.70 per acre. Thus the increased yield of 5 bushels per acre at $1.20 per bushel gives an increased return of $7.70 per acre. If we consider these returns on the basis of 100 acres then we have an increased return of $720.00 for each $270.00 spent on fertilizer, or a net return of $450.00 per 100 acres.

Most people will agree that there is very little difference in the cost of harvesting five crops of 25 bushels and 6 bushels per acre other than the other. Therefore the actual return of $450.00 on a 100 acre field would mainly mean that the unit cost of production has been considerably reduced. There is little doubt that by growing and properly fertilizing today's improved high-yielding grain varieties, western farmers can still further reduce the unit cost of production. Obviously, the proper use of fertilizers is one of the easiest ways to the profitable production of grain crops in the Prairie Provinces.



CARD OF THANKS

At the close of another very successful Red Cross fund drive, during which $450.17 was collected it is my pleasure to extend thanks to all who helped and contributed. A very special thank goes to the canvassers

GUITAR-PLAYING PRIEST ON HIT PARADE

A Franciscan monk, 35-year-old Father Bernard, is giving Tin Pan Alley stiff competition for the coins dropped in Quebec juke boxes. The guitar-playing balladier in addition to making records has made television appearances in Canada and the U.S. He has so many requests for personal appearances that he now has another priest as his secretary and booking agent, and is now booked until mid-October. He is pictures above during a stop-over at Malton airport.

## County of Beaver Council holds regular monthly meeting

The regular meeting of the County of Beaver No. 9 was held on April 13th, at 11:00 a.m.

Present were the Chairman, Cr. E.M. Magnus a nd Crs. Gibson, Johnson, Pemberton, Starky, and Weatherly.

Business Arising From The Minutes: In reference to the proposed provincial parks at the artificial lake on N.W. 11-49-19-W4, and of Camp Lake north of Viking, the Secretary reported that the Black Nugget Coal Company owner of the N.W. 11-49-19-W4, had advised that they have negotiated a satisfactory ten acre deal for old abandoning strip pit for $100.00 per acre.

Cr. Johnston reported that he had discussed the matter of obtaining some land at Camp Lake with the owner of the land but had not reaching any agreement.

It was suggested that the Council should visit those two locations, so as to get first hand information of the situation, and it was decided that they visit the location of the Black Nugget on this day, and that they visit the Camp Lake area on April 27th.

CARRIED

In regards to the proposed Federal Provincial Control Area in the County, the Field Supervisor, in his report to the Agricultural Service Board, had stated that he had interviewing a number of small land owners in the area and that they were in favor of the Control Area being set up, provid ng the present system of valuation was continued.

The Field Supervisor also had advised that other municipalities appeared to be in favor of the Control Area, providing the present regulations as to vaccination were continued.

MOVED that we request the Alberta Ministry of Agriculture to request the Federal Minister of Agriculture to have the County of Beaver No. 9 established as a Brucellosis Control Area providing the vaccination program is continued until no longer considered necessary. CARRIED

MOVED that information from the Canadian National Railways that they have decided to withdraw the application for authority to abandon the operation of the Kingman subdivision between Tofield Mileage 90.9 and Barlee Junction, Mileage 82.25, reserving all rights to file a new application at a later date, be received and filed. CARRIED

MOVED that report from the Department of Agriculture, Prairie Farm Assistance Branch, in regards to Township-by-Township Spring Seeding Forecast, be received and filed. CARRIED

A letter from Mrs. C.J. Grove, Secretary of the Old Park Good Dealers' Club, in regards to safety measures on highways, more especially to accidents occurring on the boundary road between the County of Beaver No. 9 and the municipalities to the south.

MOVED that the letter be received and filed, and that Mr. Grove be advised that consideration is being given in this problem.

MOVED that complaint from Mr. B.C. Carpenter of Kinsella about road allowance at Sec. 27-49-11-W4, having been fenced, be referred to Cr. Johnston for investigation, and necessary action. CARRIED

The Council reconvened in regular meeting on Thursday, April 14th at 10 a.m.

Present were the Chairman, Cr. E.M. Magnuson, and Crs. Gibson, Johnston, Roedich, Semchyshen, Starky and Weatherly.

The meeting was called to order at 10:36 a.m. by the Chairman.

## Calgary Power builds new line from Edmonton to Holden

Due to the increased demand for Electrical Power in the area it has become necessary to rebuild the main line from Edmonton to Holden. The new line is located on the present right-of-way and will be energized at 25,000 Kilowatts compared to the present lines capacity of [illegible].

Construction of the line is being done by McGregor Construction Ltd. They are presently camped in the Trailer Court on the east side of town.

Bill Christiansen, local accountant for Calgary Power Ltd. says that the company regrets that it will be necessary to shut the power off at different times during the construction and change over period. Customers should check an advertisement on another page of this issue for times when the power will be off Saturday morning. No date for completion of the project has been given.

## Refugee year program brings family to Tofield

Through the co-operation of the Federal government in helping a number of refugees to settle in Canada during World Refugee Year Mr. and Mrs. Josip Feldvarie and daughter Sylvia arrived in Tofield Tuesday morning. Little is know about the Feldvarie's, who are of Yugoslavia, but it is believed that they are in Hungarin at the time of the revolution there. Since that time they have been in refugee camps, part of the time in Germany.

They are living in the old Charlie Plaza house on 50th avenue, now owned by Jos Bartholder. Josip is employed at the Tofield Mercury.

When arriving in Tofield on Tuesday morning they carried all they owned in four suitcases. The people of the town immediately came to their rescue and by nightfall they were comfortably settled with what may be classed as the bare necessities. Things just seemed to happ er at the little house. Even perhaps as everyone who knew a thing was eager to help.

## New books on the shelves of Tofield Library

Just arrived in the Tofield Library is a purchase of new reading material, including new books that will be much in demand.

Including in these are the following non-fiction books: The Desperate People by Farley Mowat, Walkabout by Chas. and Elsa Chauvel; Africa by John Considine.

On the fiction shelves are: He Who Rides on a Tiger by Helen Hackfoot Crossing by Norma Hinman. The Strange One by Fred Bodsworth; The Leaves Roundabout by Stephen Leacock; Hawaii by James Michener; Mrs. Arris Goes to New York by Paul Gallico, A Hundred Hills by Howard Spring. The Sail-Boat Mystery by Chas. Williams; The Watch That Ends the Night by Hugh MacLennan. Evidence of Love by Dan Jacobson; The Loving Spirit by Daphne du Maurier.

The children will be delighted with this selection of reading material on the children, and youth shelving; The Hardy Boys series, The Mystery of the Chinese Junk by Dixon; Mystery at Pinn Nelly by Gorsa, Fairgoes to the Fight by Archibald, The Rainbow Twins in the Mystery Cave by Hope, The Clue in the Old Stagecoach by Dever, Crash Club by Felson; Hot Rod Angels by Bowen

MONTGOMERY VISITS KINGSTON'S RMC

Field Marshal Viscount Montgomery, accompanied by Brigadier Bowley and Commodore Pearce, cross the parade square at the Royal Military college in Kingston, Ont. Montgomery inspected the training facilities and talked to the officer cadets. He will visit China after his Canadian tour.

## Redvers Ward to be Chairman of Co-op Board

Mr. R.W. Kornelsen, the new District Engineer for the Department of Highways interviewed the Council at this time.

Mr Kornelsen mentioned that he was new to the area and did not know anything about the local conditions, and that he would have to rely on the Councillors' making up of their road program under the great regulations for this year He stated that as far as he knew, there would be little

(Continued on Page 4)

## Fire Struck Tofield 50 years ago

50 YEARS AGO — A disastrous fire struck Tofield, gutting the business district in the main street and third Avenue area. Only a weak breeze the townspeople were accustomed to during a bush fire which threatened the town from the south. More than $15,000 damage resulted in the latest fire. The blaze apparently began in Harper and Letourneau's furniture store, and spread quickly to Chinaman's Shoe Repair Shop Mark Ferguson's Harness shop, the J. O. Letourneau store building which housed Miss Therrien's Kellner's Restaurant and Mrs. J O Letourneau's Millinery Shop. The Letourneau living quarters and the Logan store building

## Viking proves tops in shoot with Tofield Gun club

Last Sunday six members of the Tofield Gun Club visited Viking for the first Inter-club shoot of the 1960 Viking Trophied as the winners, with a score of 94 to 90 for Tofield. Jack McArthur of Viking was high man with 22 of 24 while Tofield's high was 21 of 24 scored by George Thiessen and Claude Gallinger.

A note of meetings this coming Monday night, May 9th are important. The Juniors will meet at 7:30 p.m. to elect their new officers, and at 8.30 p.m. the seniors will have a very important meeting. All members of both groups are urged to attend. Both meetings will be held in the Club Building

## Show changed to Saturday & Monday

In order that the High School might hold their graduation dance in the Community Hall Friday evening the shows will be held on Saturday and Monday nights at 8 10 p.m. Showing at that time will be a family western in Cinemascope and color. Dullwhip starring Guy Madison and Rhonda Fleming.

Last Friday night Chariser Riess of Minisith won the $90.00 Bingo Jack-Pot. This Saturday the Jack-pot will be worth $22.00.

## John Korbin dies in Tofield Hospital

Mr. John Korbin of Tofield, formerly of Chipman and Mundare, passing away at the Tofield hospital on Sunday, May 1, 1960 at the age of 50 years.

He is survived by his wife, two sons, Peter of Edmonton and Michael of Vancouver and three daughters, Mrs. C. (Nellie) Anderson of Mrs. Robert (Mary) Kennedy of Tofield, and Mrs. Fran K. (Annie) Phillips of Edmonton. There are fifteen grandchildren and four great-grandchildren.

Funeral services were held Wednesday at 10:00 a.m. at the Ukrainian Greek Catholic Church in Tofield, interment was in the Tofield cemetery. Connolly-McMillan Ltd. funeral directors.

## Advertise Canada in New York

A spectacular animated sign to advertise Canada's travel attractions on New York's Times Square has been rented by the Canadian Government Travel Bureau for a period of thirteen weeks. The two-panel electronic sign, the only one of its kind in the world, measures 50x25 feet overall and is located over a building at the corner of 46th Street and Broadway. The sign, which shows animated scenes, will feature the vacation attractions of the National Parks of Canada and colorful events and holiday activities in all of the ten Canadian provinces. The sign will be seen during summer by millions of New Yorkers and visitors from the States and abroad. It is estimated that more than a million persons visit the Times Square daily. Half of these are from the city or New York, 35 per cent from the surrounding area and the remainder from out of town.

Built in two panels the sign provides an unusual degree of flexibility The upper panel, known as the Epok animated electric screen display, features a unique photo-electric lighting system that enables animated scenes to be projected onto its 720 square foot bank of 6,144 light bulbs. The bulbs are activated by photo-electric cells which, in turn, are set off by light passing through a moving picture film. The result is a travel movie, in silhouette form, depicting splashed scenes of vacation activities and holiday events in each of Canada's ten provinces. The scenes to be shown include the Calgary Stampede, Highland Games in Nova Scotia, fishing, golf and other recreations, all of which are in full view of crowds who pass through Times Square every day. On hot summer days a special advertising message will be switched on the screen inviting New Yorkers to exchange their steaming silhouettes for Canada's cool lakes and mountains. The lower panel, measuring 24x31 feet is located just below and attached to the Epok animated sign. Constructed of translucent plexiglas, it is brilliantly illuminated from within by grids of fluorescent tubing. In black copy it will carry the current slogans of the Travel Bureau's advertising: "Canada . . . The Wonderful World At Your Doorstep".

—M—

## First of July programme to feature the youth of 1960

(by Grace Philips)

Last year, Tofield celebrated its Golden Jubilee, in token of its existence as a town for half a century. Now as we entered the second half-century and the Community Leagues is planning the annual First of July celebration with that fact in mind.

Last year, Tofield's annual "get-together" was planned around the pioneer theme. Our senior citizens took here and away they honoured. A museum and Old Timers tent were fostered on July Lore

The rest, we are again told, is history.

It is hoped by the Committee that the youth of our Community will be featured in our Parade The youth groups of all our churches are being requested through their ministers, to enter floats depicting the work of the group. A special cup will be awarded for this entry

Mr Heller has already solicited the support of the teachers of the Tofield School in planning floats which will feature the pupils.

Our senior citizens will not be forgotten We hope to see all of them on the Fair Grounds where they can renew old friendships. For their comfort, a tent is being supplied where they will be able to sip coffee and reminisce about early days. We hope to have a sign painted for the tent, so, Pioneers, look for the "Golden Age Club". It's for your pleasure.

## Earl Hardy M.L.A. to address local Farmers Union

At the last meeting of the Tofield F. U. A. Mr. Brisbane of the Department of Agriculture discussed the setting up of a "Home Free Area". He pointed out that the whole County must be included. This is a Federal Government scheme and no more can be tied in with the present calf vaccination plan.

Everyone seemed to have a good time at the Old-time dance at Lindbrook Hall on the 22nd of April and there was a very nice crowd in attendance

Earl Hardy M.L.A. will be the speaker at the next meeting of the F.U.A. on Tuesday, May 10 at 8.30 in the Legion Hall. He will be speaking on the happenings of the session just ended. All farmers are cordially invited.

## NO OCCUPATION

*"The Noble Woman Does Not Find Roses In Her Path; She Leaves Them There."*

One day the census taker called and wrote down in a book, and so, as I was hanging 'round I thought I'd take a look. He had our names and ages all, and put down Dad's vocation, and after Mother's name he wrote she had "No Occupation."

Why, Mother's up before it's light, and through the work she races. She starts the breakfast, straightens things, and washes all the faces. She packs our lunches, finds our books—of course it keeps her busy—she washes, irons, sweeps, and dusts—you'd think she would be dizzy!

She bakes a cake, and maybe pies; she finds some time for sewing. There's mending, making over, too, because we all are growing. Then dinner comes, and dishes next, first one thing, then another; and when our homework bothers us, we say, "Please help us, Mother."

So, she keeps going all the time, and though she's often weary, she never gets real out of sorts—she's always gay and cheery. She keeps so busy every day, and sure needs some vacation; and yet the census man wrote down she had "No Occupation." —*Unknown*

## WORLD REFUGEE YEAR

1960 is World Refugee Year. To commemorate this the Federal government is bringing a number of refugees to Canada as our contribution to the year. We here in Tofield have given very little thought to this cause. In fact the most of us have, in a moment of pity, felt sorry for them and not given the matter another thought. This week a family arrived in town, with all their possessions in four suitcases. It is gratifying indeed the way the ladies of the Community took hold of things, just as if they had been waiting for someone to help. In a matter of a few hours these ladies were gathering up the necessities which have to be around to start housekeeping. The old spirit of the pioneers with their helping hand is still with us today when the need arises.

Living in this wonderful land of ours we are too quick to complain when things go wrong. We do not realize the want and the hardship that is in the world. We can't help but wonder how many of us would like to be transplanted into a country where we would be total strangers, not knowing the language, no money, all our possessions in four suitcases. The thought makes us realize how much we do have to be thankful for. So when business is bad, the crop is under the snow, and other problems arise, we should remember that there are thousands in the world who are far worse off than we will ever be in this wonderful country in which we live.

## Tofield Calf Club holds meeting

The monthly meeting of the Tofield Calf Club was held on April 21st at 8:30 p.m. in the meeting room with 21 members present.

On April 5 the select committee toured the farms and inspected the calves for clean bedding, condition of calves and other necessary requirements and awarded points. John Moore reported that these points along with others will be tallied for the efficiency award at the end of the year.

On the agenda for the evening were these speakers and their topics: Calf Gill on Breaking and Training Horses; Gary Cheneik on Vertical Integration, Larry Murray on Advantages of Farm Life; Dennis Lawson on The Breed of Cattle Called Herefords. Prizes were awarded to each of the speakers and the winner, Dennis Lawson, will now compete in the speaking contest at Edmonton during Exhibition Week.

Gail placed second, Gary third, and Larry fourth. Judges for the speakers were Miss Betty Brown Mrs. Drevitz and Mr. Bell.

The Club members are very pleased to announce that they again won the Efficiency Award, over all the clubs who formerly were under the leadership of Mr. Nick Chomik. This is the second time in three years that the Tofield Club has won this award, last year it was taken by the [illegible] Club.

Tofield 4—Here once again made their usual good showing at the Spring Show, in Senior Judging Loretta Ferguson placed First, Dennis Lawson Third, and Allan Gill Fourth Margaret Wood took third in Junior Judging for the girls.

## ROSS CREEK

Rabbit CHILDREN. — We would like to wish all the Mothers everywhere a happy Mother's Day and a thank you verse:

I want to thank you Mother
For all that you have done
To help me grow and make me fine
A truly happy one;
I thank you for your good advice
To teach me right from wrong
For teaching me how to enjoy
The beauty of a song.
I thank you for your faith in me
No matter what I do
And for inviting me to share
My smiles and tears with you.
And while your kindness is be-
My power to repay
I love and honour you with all
My heart on Mother's Day.

Sincere sympathy to all the relatives and family of Joyce and Gilbert Beiseckerthe of Edmonton (Joyce is the former Joyce Padley) during their sad bereavement of the great loss of their eight year old daughter.

Sympathy is also extended to Mrs. Albert Hoiberg on the passing of her nephew Ray Schoolcy per of Edmonton.

Mr. John Bailey spent last week with his daughter Alice Conner and family, while Mrs. Bailey was in Edmonton with the [illegible] in hospital.

Nellie Malcolm, Iris Shaw and Mary Ferrel attending the Spring tea, bazaar and bake sale at Partridge Hills last Wednesday afternoon.

Mr. Wyman Odberg, was a visitor at the Bruce Kolbuck home on Sunday.

Mr. and Mrs. Alvin Haser and family and Norman visited with the Haser family of Bruderheim on Sunday, attending the church service.

Several folk of the district enjoyed the show at Tofield Friday and Saturday evening.

Paul Hiscock of Edmonton visited the weekend with Jim Woytowich at the Rose Creek store.

Will be seeing you at the Mothers' Day Tea Saturday, May 7th. Let's hope the day is warm and pleasant.

Any parents with children to be baptized are welcome to bring them out on Mother's Day and a baptismal service will take place at the new time of 11:45 a.m.

Charles Deacon of Stettler and Mr. Alex Duncan of Wetaskiwin were overnight visitors at the

## It's Time For Spring Hostessing

No matter how famous you are as a hostess, it's nice to win new laurels. Keep your pantry shelf well stocked with convenience foods, and you'll be rewarded with elegant but easy party dishes.

For your first luncheon of the spring season delight the gals with Crunchy Princess au Cream Rice ... truly scrumptious fare. Pieces of cooked chicken, celery, parsley, rice, almond and condiments ... all from the pantry shelf ... are the base of the dish. With these items on hand, you'll always be ready for a party.

CRUNCHY PRINCESS AU CREAM RICE
Combine: Toasted Almonds
Chopped Parsley
Fresh Fruit

Garnish Platter with
Orange Slices
Cucumber Slices
Tomato Wedges

1 cup uncooked rice
6 cans (10¾ fluid ounces each) chicken gravy
½ bay leaf, crumbled
½ teaspoon pepper
½ teaspoon thyme
2 cups cooked chicken pieces
2 teaspoons curry powder
1 cup baked custard
2 tablespoons chopped parsley

In a saucepan, cook rice in liquid until tender. Add rice, bay leaf, pepper, thyme, chicken, curry powder, custard and parsley; stir over low heat until thoroughly heated. Turn into a large serving dish. Blend in 1 can chicken gravy, bay leaf, pepper and thyme. Cover; simmer about 10 minutes, or until all liquid is absorbed and rice is done. Remove bay leaf. Add remaining gravy, chicken and curry and other ingredients; heat thoroughly. Add parsley to custard; then add to chicken mixture. Turn into a large serving dish. Garnish platter with fruit and vegetables if envisaged.

## AROUND THE TOWN

Dr. Prosbury was the Tofield Community League $100. a Month Flint Shot.

The annual dinner and dance given for Northwestern Utilities employees, was held in the Mac Donald Hotel in Edmonton on Friday evening, April 29. It was well attended by Northwestern Utilities personnel from Tofield.

Mr. and Mrs. Glen Dunki have returned from holidaying in Vancouver last week.

Mr. and Mrs. Henry Dyer and Ryan and Ricky of Edmonton were guests of the Sears families on Sunday.

Mr. & Mrs. C. Hosier of the city were guests of Mrs. Hosier and Mrs. Hosier Sr. on Thursday of last week.

Mr and Mrs. William Mitchell returned home last week after a visit with relatives in Vancouver.

George McLachlan home Saturday evening. They called in on Bishop and Joseph McLachlan Monday morning on their way home.

Grandpa McLachlan is busy these nice spring days making a much improved look around the church yard and community.

Overnight visitors with Bessie and Kenneth Pederson Saturday were Robert, Freda and Robin Olson and Andy Klassen of Edmonton. Sunday supper guests were Ella Rogers, Russel and Helen Rogers and family of Edmonton.

All the folks in the district helping with their dimes towards the Calloo Church will be interested to know that it is doing a wonderful job at taking out folk from hospitals in the city. A year ago they needed $2500.00 to get a Calloo Coach. Now it is in full swing and making crippled patients and polio patients most happy; it had the teenagers from the Aberhart Sanitarium out last week. We hope Ruthie Pervel was able to be out and enjoy it.

Like to see Mr to Mr Thev at the Sanitorium. The ball players will surely miss the good times with you last summer. Get well real soon, we all miss you around the district.

Mr. R. Lancaster of Edmonton was a guest of his sister and brother, Mrs. Larry Wilson, on Tuesday.

The Senior W.A. of the United Church held their monthly meeting at the church hall on Thursday afternoon. Mrs. F. Sleeps and Mrs. Edith Rogers were hostesses. It has been decided to hold a sale of home baking and a bazaar on Saturday, May 31st at the Crown Lumber.

Miss Janet Price had several classmates from the Lamont Hospital School of Nursing to help celebrate her birthday at the home of her parents, Mr. and Mrs. Jack Lampki, last weekend.

## Camrose Lutheran College Choir to sing at Ryley

The 54 voice Concert Choir of the Camrose Lutheran College (frequently cited as "the best in Alberta" is scheduled to sing a full program of sacred music at Ryley, Alberta in the community Hall on Sunday, May 18th at 3 p.m.

One of the oldest school choirs in Alberta, the Camrose Lutheran College Choir was started by Mr. Chester A. Romsaas in 1927. (Mr. Romsaas, principal of the college from 1927-1945, left the college for public service and is now serving as the Canadian High Commissioner to India.) Only a short while after its inception, the choir started to garner praiseworthy laurels at choral meets and began to win the favorable attention of music critics when called upon for guest appearances and full choral programmes increasingly during extensive spring tours. Now into its fourth decade of existence, the choir has had marked success in maintaining the high standards that characterized its inception.

Mr. E. P. Marken, veteran director since 1942 will conduct two groups of numbers from this year's programme and two other groups will be under the direction of Mr. J. R. Naff, instructor of music at the college. Mr. Marken is a graduate of St. Olaf College, the school made famous by the illustrious ministry of F. Melius Christiansen, accepted by many as the "Dean of a symphony in song in North America". Mr. Naff holds a B.Mus. degree from Concordia College, Moorhead, Minnesota, whose concert choir singing has achieved world-wide renown under the genius of Paul J. Christiansen, son of F. Melius's most able sons. (Mr. Naff also holds the M.Mus. degree in choral singing from Denver University.) The joint directorship of Marken and Naff has led the 1958-1960 Camrose Lutheran College Choir to new heights of achievement.

The programme planned by the two directors will open with a powerful and exacting work for double choir by Johann Sebastian Bach entitled, "Blessing, Glory and Wisdom" and will conclude with the chorale "Wake, Awake" in the familiar arrangement by F. Melius Christiansen. The varied programme shall include works by contemporary composers like Bainton, Poulenc and Paul Christiansen as well as many of the more familiar works that have come to be associated with choir concerts.

"YOUNGSTERS TAKE OVER DUNDAS, ONT."

In Dundas, Ontario recently they held a 'junior citizens' day. At that time the boys and girls took over the police and fire departments, the mayor's chair and the town council. Five girls and two boys headed the fire department. Two of the girls are a little prouder for their duties as the prettiest firefighters.

THE Homemaker
Edmonton Separate School Division
EXTERIOR DESIGN

Families who are planning to build new homes or contemplating on new exterior finishes are often faced with problems with respect to type of finishes color schemes and the principles of exterior design in general.

Perhaps the one place in house design where lack of rhythm is most frequently seen is in the arrangement of door and windows on the side of the house. In working out a house plan, one usually begins with the arrangement of the rooms and then places the doors and windows in order to secure the best light, air and wall space for furniture. Unfortunately these openings do not always look well in relation to each other after the house is built. e.g. Windows arranged in a stairway effect.

TEXTURES. When two kinds of building material are used in nearly equal parts, they tend to cut a house into parts. This is especially true when the materials are as different as dark brick and white siding. There is less disunity if the brick on the lower part of the house is painted the same color as the siding. There is a tendency of using too many materials on exteriors today to the extent that the house appears choppy and the various textures are all fighting for attention, e.g. brick, stucco, siding, stone, roman brick and even wall tex in some cases is too unsuitable.

PROPORTION: Unrelated window shapes call attention to each as a separate unit and much more so if the window trimmings are in a contrasting color. Horizontal lines applied to exteriors give the illusion of added width and thus, make houses appear shorter, whereas, vertical lines add height. Using vertical or horizontal lines will have to be adapted to your own situation.

SCALE: Whenever a dormer, window or porch is too large or too small it will almost undoubtedly destroy the effect of unity in the house.

COLORS: Natural earth colors make the most attractive walls and the warmer, lighter shades such as the earthy yellows, are often more pleasing than the cool greys. Light neutral colors are more effective on exteriors and westrein also serve as good backgrounds for shrubs and flowers. Too many colors as well as contrasting ones also have a tendency of cutting a house besides, giving the viewer the idea that one was trying to use up left-over paint. An example of misplaced emphasis in a building is seen when roofs are conspicuously spotted with shingles of different colors or strong contrasts of light and dark. When the exteriors are numerous and the details of a house are not beautiful, and particularly when they are not well proportioned, they should be painted the same color as the body of the house. If it is desired to have them another color, they should be practically the same value, (degree or lightness or darkness) as the house itself. The Law of Area applies here and that is large areas of color should be quiet in effect, while small accents may show strong contrasts, the larger the amount used, the quieter the color should be, and the smaller the amount, the more, striking the contrast may become. This applies both to interior and exterior decorating.

GROWING OATS?
get LPC* with ELEPHANT BRAND
INCREASE YOUR PROFIT 9 CENTS PER BUSHEL

Oats fertilized with Elephant Brand produces more, and production expense is spread over the larger crop. Each bushel (unit) costs you less to grow. You get Lower Production Cost per bushel = P C.

In the table below note that fertilizer lowered the cost of producing each bushel of oats by 9 cents and increased the profit per acre by $6.65.
*Lower Production Cost per unit

| | Unfertilized | Fertilized |
|---|---|---|
| Yield per acre (bu.) | 40 | 56 |
| Production cost per acre (summerfallow) | $17.00 | $19.79* |
| Production cost per bushel* | .43 | .36 |
| Value of oats per bushel | .89 | .89 |
| Profit per bushel | .07 | .16 |
| Profit per acre | 2.86 | 9.26 |

Extra profit due to Elephant Brand and L P C: $6.40 per acre
NOTE: Extended tillage also can be realized from fertilizing wheat, barley or flax.

Production experiments with use of 80 lbs. per acre of 0-20-0 Superphosphate and per acre, substituted in seeding drill.

See your Elephant Brand dealer today. Talk over a fertilizer program that will give you LPC and more profit from your crop.

H pays to choose from the Elephant Brand line.

—o—

WCTU will meet at the Axel Kindley home on Wednesday May 11

—o—

Services and Sunday School at the usual time of 10 and 11 next Sunday.

—M—

Freed from its traditionally dingy, masculine setting, bowling has become a family affair. Today bowling centers often include restaurants, barber-shops, beauty shops, swimming pools, roller-skating rinks. The March Reader's Digest reports that one of the main reasons it is a good business is the development of ingenious automatic machines which will sweep away dead pins, pick up live ones and restore them to their exact position, return the ball, and then at the beginning of a new frame set all pins back in place Dauncey of Canada's No. 1 bowling equipment firm multiplied fivefold between 1937 and 1958.

## MINISTIK NEWS ITEMS

MINISTIK — Sunday, May 4th is Mother's Day and I'd like to wish all Mothers, your Mother and mine, the very best on her day. Thoughts can best be expressed in these few lines of poetry:

The flower we wear today, dear heart;
Is just a silent toast to Mother
Dressed name on earth.
To her we love the most.

—o—

Mr. and Mrs. Claude Leach returned last week from the west coast after a very enjoyable holiday.

—o—

Mrs Edward Kihn, Jimmie and Judy of Holden spent a few days at the Russell Rowland home.

—o—

Many from the district attended the bingo sponsored by St. Jude's Catholic Church at Minisik Hall Monday bingoes more was locally and everyone reported a good time.

—o—

Laverne and Norman Pearice and Gordon Thor were weekend visitors at the Alex Pearice home. Edna Reddick was a Sunday dinner guest.

—o—

Mr and Mrs. Verne Munson, Vern and Danny were Saturday visitors with the Bill Reddicks, also visiting Dolly and Jim Reddick and girls.

—o—

There was a good turnout at church Sunday to once again enjoy the service taken by Hierang Munro. His topic was on the Parable's.

—o—

Mr. and Mrs. Badan Bowerman spent the weekend with Badan's Mom and Dad, the Ben Bowermans, before leaving for Duchess where Badan is located for the summer.

—o—

We have been wondering why our power has been off so short intervals this past week. The reason has been the high tension line running south of us is being replaced with new power poles.

—o—

Mr T.A. Jones had a birthday on Saturday. Those besides the family at home to help him celebrate it were Mr. and Mrs. Paul Schanow and Mr and Mrs. Otto Mierschenbutt of Edmonton.

—o—

We are glad to say Mrs. Andrew Ferguson is feeling much better after her bout with the flu bug. Hope no one else gets it now.

—o—

Bruce, Walter and Bill George spent Saturday at the home of their parents, Mr. and Mrs. Stanley George, doing odd jobs and tidying things up in general.

—o—

Mr and Mrs. Russell Rowland and Mr. and Mrs. Fred McEachern attended the Rodeo in Edmonton Monday evening.

—o—

The Ladies Club meeting for May will be held on Wednesday, May 11th. Hope to see all the ladies there.

## County of Beaver Council holds regular monthly meeting

(Continued From Page 1)

if any changes in the amount of road gravel.

MOVED that Mrs. John Scott's application for permission to have gas outlet, combined with bulk tractor fuels, as well as a store combined with coffee shop, on S.E. 5-47-16-W4, be approved by the Council, providing they conform with all Provincial regulations in this regard. CARRIED

The Secretary advised that he has been carefully notified that the requisition from the Vegreville Health Unit, for the year 1960, amounted to $4,325.41.

MOVED that the requisition be accepted and paid. CARRIED

MOVED that payment to Mr. John Romaniuck for land taken in N.E. 7-49-16-W4, and to Mrs. Annie Romaniuck, for land taken in S.E. 7-49-16-W4, for a creek diversion, be paid at the rate of $75.00 per acre for land taken, plus $10.00 for a borrow pit on the N.E. 7-49-16-W4. CARRIED

MOVED that re-purchase of T.D. 18A from Richardson Road Maintenance for the unused price of $7,000.00 CARRIED

MOVED by Cr. Semchyshen that the Councillors' accounts, placed before the Council at this time, be approved and passed for payment CARRIED

A letter from the Minister of Highways in regards to Contingency Grant Roads and Natural Resources Roads, was referred to the Council. This had previously been discussed to some extent with the District Engineer. MOVED that we apply for

**Contingency Grant on District Highway 41-5-W4**, north of sections 35 and 36-46-12, north of sections 31 to 36 inclusive in 46 -13, and north of section 31-46-14 -W4, this road to connect High-way 36 with Highway 14.

CARRIED UNANIMOUSLY

MOVED that we apply a second choice for the following road under the Special Contingencies Grant: East of sections 2 to 24 inclusive, Township 47-16, and of sections 2 to 24 inclusive in 46 -16, and of sections 2 and 16 and through S.W. 1-46-16-W4, east and north of Sec. 31-46-15, north of sections 19, 20 & 21-46-15, east of sections 27 and 34-46-15 and east of sections 3 to 34 inclusive, in 46-15, all west of the 4th Meridian. CARRIED

Cr. Weatherly mentioned that the gravelling done on last year's Contingency Grant Road had been very unsatisfactory, due to the very wet road conditions at the time the gravel was put on, and that a large amount of it appeared to have disappeared into the road this spring, and he wondered if part of the Contingency grant could be applied for 5 re-gravelling job on this road.

The Secretary suggested that we should advise the Department that, in the opinion of the Council, the gravelling of the last year's Contingency Grant Road had not been completed, under the circumstances, and a request made that the Department consider an additional cost of gravel be placed on this road before it is considered the County's responsibility.

This was agreed to, and it was moved that we request an additional cost of gravel on last year's Contingency Grant Road.

Moved that we apply for a Natural Resources Road grant on the road north of Sections 11 and 12-49-15 W4, and north of Sections 7 and 8-49-17-W4.

Moved that this meeting now adjourn to 2:00 p.m. on Friday April 22nd.

Henry Culnet, Joe and Tillie Yurkowski and son Gary and Elsie Baker were Monday evening visitors at the home of George and Ida Niemets watching TV.

—o—

Henry Culnet visited his sister Mrs. Rose Wallman at Bay Lake, Sunday evening.

—o—

Ellen and Leroy Eaton and Shirley Raper motored to Leroy Sunday evening where Shirley remained at the home of her mother, Mrs. Vera Raper.

—o—

Mr. and Mrs. A. Miller of Purves, Sask. visited at the home of Mr. Miller's cousin Harold & Irlene Seth during the Easter holidays. It was the first time they had met in 18 years so all had an enjoyable visit together.

—o—

Today the weather is quite cool after a light skiff of dry snowfall overnight which quickly disappeared early this morning. The forecast is for continued cool weather so let's hope it won't last too long as we need the sunshine to get things growing before too late this spring.

—o—

Herb and Mary McAdoo were Sunday evening coffee guests at the home of Mr. and Mrs. Lit-win.

—o—

Mary Maddoo accompanied Mrs. Fay Dodds on Monday where they were afternoon visitors and coffee guests.

—o—

## AROUND THE TOWN

Mrs. Petra Staeffer, Mrs. Albert Stankobel Mrs. Hasberg and Mrs. Sears Sr. visited old time friends at Camrose Saturday.

—o—

Mrs. Alex Findlay who has been ill for some time was taken to the University hospital in Edmonton on Monday.

—o—

Mrs. T.E. Beath, formerly of the Lakeshore district and now of Edmonton, spent the weekend renewing acquaintances here.

—o—

Mr and Mrs. Charlie Everett of Edmonton were Sunday guests of their son and daughter-in-law, Mr and Mrs. Bert Everett and family.

—o—

Mrs. J.W. Richinson attended the Quarterly Board meeting of the Edmonton Diocesan Board of the Woman's Auxiliary on Friday May 29th at St. John's Anglican Church and Parish Hall. The celebrant was the Rev. W.G. Burch, B.A., D.D., Suffragan Bishop, assisted by Rev. W. Bewell of St. John's.

—o—

The Woman's Missionary Society of the United Church will hold their spring Thankoffering meeting in the church on Sunday evening, May 15, at 8 o'clock. Guest speakers will be Mr. and Mrs. Wm. Hincks, missionaries on furlough from Northern Rhodesia. All are cordially invited to hear these talks.

—o—

Mrs. George Cochran returned home Tuesday evening after a few days in Tofield hospital.

—o—

Mr. Jim Campbell has been a patient in the Tofield hospital for the past week.

—o—

David Thomson, graduated in Electrical Engineering at the University of Alberta finished writing final examinations last week. Before commencing work with Alberta Government Telephones in Edmonton, he and his brother Donald are visiting their sister and brother-in-law, Kathleen and Norman McClellan at Beaverlodge for a few days.

—o—

Five year old Joey Patterson, whose birthday was on Saturday, celebrated by having eleven little friends at a party on Monday afternoon.

—o—

Eddie Reese was the lucky winner of the Art and Art draw this month.

—o—

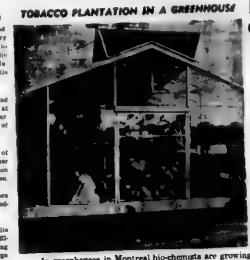
## New York club sends benefit cheque

An item of interest as a sequel to the tragic accident that claimed the lives of five members of the Desseau family on Valentines Day this year, a newspaper in Nova Scotia featured the story which was picked up and carried in a New York paper.

The story was brought to the attention of members of a club in New York who responded by sending a cheque for $25.00 in care of Father Purcell.

—o—

The Kentucky Derby run in Louisville on the first Saturday in May, lasts less than two and a half minutes. Yet, Sander's 25 post reports, it gets a greater coverage from newspapers, radio and TV than any other sports event. There is even a standing rule at the Associated Press that while the race is being run no other non-emergency news can break in on AP wires.

TOBACCO PLANTATION IN A GREENHOUSE


In greenhouses in Montreal bio-chemists are growing their own tobacco crops. They have never been bothered with on a year-round basis, but don't have to rely on the annual harvest. Commercial varieties are grown as well as wild species, which the scientists study with an eye to possible commercial use in the future. The tobacco is raised in almost pure sand and nourished by liquid food piped into the pots.

## Dental Treatment to be tried on grade one students in area

The Vegreville Health Unit this week made known its plans to operate a preventive dental clinic during the coming summer. The program will consist of the application of stannous fluoride to the teeth of the six year old children in the area covered by the unit. This is being done with the consent of the parents only Linda Ons, students in Tofield this week brought home information on the program along with slips to be signed by those persons who wish to have their children's teeth treated in this manner.

In other areas where similar programs have been carried out, there has been about a 60 per-cent decrease in the number of cavities found in the teeth of the children whose teeth were painted as compared to those whose teeth were not painted.

The procedure is not complicated. A cleaning attachment is hooked up with a dentist's drilling machine and the teeth are thoroughly cleaned first. Then the teeth are dried by blowing compressed air over them, and the stannous fluoride is applied. It does not color the teeth nor have any visible effect on normal teeth. It may cause slight discoloration in teeth which are about to break down into cavities, but it prevents the cavities from actually forming.

The fluoride does not enter the body as a systemic agent. It remains on the teeth and any excess is rinsed off. Its application results in an increased resistance of the tooth surface to decay. However, that does not mean that tooth brushing and avoidance of excessive sweets is not important. The greatest success is achieved when all these measures application of fluorides, regular tooth brushing as soon as possible after each meal, and avoidance of candy and sweets are carried on at the same time.

The Unit will be obtaining portable dental equipment in the near future. This will be moved about from place to place in this area. The application of the fluorides will be done by a dental student who will be graduating in a year's time. He has been well recommended by the Faculty of Dentistry and the Faculty feels he will be well qualified to do the work.

In June the work will begin in the schools. During July and August it will continue. During the latter months the Health Unit will be making arrangements to bring in 12 to 15 children a day to the place where the unit is set up. They hope to have the co-operation of the 12 families concerned, in having someone take the children in in the morning and for someone to take them home at night. The Public Health nurse in the area will be making the arrangements. Co-operation of the parents is essential if the work is to be completed this year.

Later on when dental sanitizers are available to do the work on a full-time basis, the Unit hopes to work throughout the entire school year. That will not be for two or three years yet. In the meantime, they hope a great deal of benefit can be done. The only available personnel at the present time are dental students because the working of a dental student are available only in June, July and August. we must do the work then if it is to be done this year That is the reason for continuing the work in July and August.

It was thought best to begin in a small way first, and then to expand the program as its usefulness is demonstrated, and as money becomes available. The total estimated cost for the program is about $4,000 and they plan to do all the Grade 1 children in the area whose parents consent. This is estimated at 800 children. That is about $4.00 each. The Provincial Government pays 50% of this, or $2.00 The local cost is $2.00. Even if the application prevented the formation of only one or two cavities per child, it would be well worthwhile at the price the Health Unit authorities feel. They reasonably expect better results than that. This cost includes the cost of the equipment. That equipment, of course, can be used for many years and so is like-wise, it is anticipated that the average cost will be substantially lower than the $2.00 per child if the same equipment is used for only four years and depreciated at 25% per year, the cost per child would be less than half of this amount - that is less than $1.25 per child. The Health Unit feels this is an efficient use of the tax money spent by the Health Unit.

A new technique has recently been developed which may save many human beings from unnecessary blindness. It is a process to dehydrate human corneas for grafts of corneal thickness. Dehydrated corneas can be kept indefinitely, reports the May Reader's Digest. They can be rehydrated and ready for grafting in 15 minutes.

How Much Did Your Gas And Oil Cost You in 1959?
If you are one of the more than 45,000 Alberta farmers using Maple Leaf brand gas and oil, then you know that U.F.A. Co-op declared a dividend of 9 per cent on purchases of petroleum products for the fiscal year ending on July 31, 1959.
You also know this means that if you bought $1,000.00 worth of Maple Leaf gas and oil that your dividend at 9 per cent was $90.00. In terms of all farmers who are members of U.F.A. Co-op this 9 per cent dividend represents $635,000.00.
Alberta farmers through their patronage of U.F.A. Co-op now own an organization with assets of over 4 million dollars. Since it was organized U.F.A. Co-op has declared over 3 million dollars of dividends.
If you are not a member and would like to share in the benefits of U.F.A. Co-op, contact your local U.F.A. Co-op Maple Leaf agent

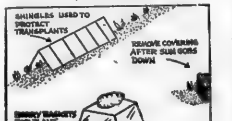
## Garden Graph

By DEAN HALLIDAY



### SUCCESSFUL TRANSPLANTING

The ideal day to transplant seedling plants outdoors to their permanent location is one that is cool, cloudy and calm. Seldom, though, are we fortunate enough to have such a day when transplanting time arrives; therefore precautions must be taken to protect the young plants against the hot sun and wind.

As illustrated in the accompanying Garden - Graph, the newly set out plants can be shaded from the hot sun by means of a row of shingles up-ended together to form a "tent." The ordinary wooden berry box can also be used to place over individual plants for protection against sun and wind. On very windy days it may be necessary to place a stone on top of each berry box to hold it down. Flower pots or newspapers held in place by stones can also be used for plant protection.

As shown, it is always advisable to remove the covering after the sun goes down so that the plants will get the full benefit of the evening dew or any rain which may fall.

It is also advisable to continue to protect the plants for several days after transplanting if the young plants can be kept from wilting after transplanting, they will become established more quickly and grow just that much faster.

Some gardeners find it is a good plan to do transplanting in the evening so that the plants have the cool night to get their roots in working order after the shock of being moved.

## 1960 Tofield School Graduation

The above picture of the 1960 Graduating Class of the Tofield High School was taken at the graduation exercises held last Friday evening. From left to right, front row: Elizabeth Crispin, Loretta Beerg, Diane Foshaug, Mr. Harris, Principal. Miss Cumming, Ruth Penner, Grace Kauffman. Second Row: Esther Ringen, Betty Fraser, David Boschman, Donald Norton, Alfred Biedeger, Sara Siemens, Linda Biedeger, Mr. Tesher. Back Row: Mr. Gerrie, vice-principal, Gary Francis, Les Watson, Anton Tomko, Mr. Annis, Mr. Hix.

## "Sunrise '60" theme of Tofield High School Graduation Class

The Tofield High School graduation banquet, valedictory and dance were held on Friday, May 6th. The banquet was held in the Community Centre which was effectively decorated for the occasion. Large murals, of both the naturalistic and futuristic variety had been painting by the High School Art class with the assistance of Anton Tomko. Names of the graduands were placed on the walls in an interesting arrangement and the traditional ballon encrusted arch completed the decorations.

Grade 11 students, Delbert Lee and Colin Prosbury catering the guests to their places which were designated by clay soccer-board place cards. The fifteen graduands entered through the flower bedecked archway to share the head table with Principal and Mrs. H. Harris.

The graduating class consists of Ruth Penner, Gary Francis, Anton Tomko, Les Watson, Sara Siemens, Loretta Beerg, Diane Foshaug, Alfred Biedeger, Linda Biedeger, Betty Fraser, David Boschman, Elizabeth Crispin, Geses Kauffman, Esther Ringen, and Donald Norton.

After grace was pronounced by Mr. Paul Vosgilis, the guests enjoyed the bountiful banquet serving by the C.W.I. During the program which, under the chairmanship of David Boschman, followed the banquet, Diane Foshaug proposed the Toast to the Queen.

The graduands were introduced by Mr. Harris who spoke on the desirability of giving people credit for all the education possible. Carol Watson, as undergrad, proposed the toast to the graduands and Alfred Biedeger replied. The toast to the teachers was proposed by Les Watson and the teachers selecting to accept this toast was Mr. Dan Hix. Mr. Harvard Watson replied to the toast to the parents which had been proposed by Gary Francis. The mayor of Tofield Dr. W.H. Freebury, expressed his own and the town's congratulations to the graduands. Mr. H.A. Pike, Superintendent of Schools for the County of Beaver congratulating the class on behalf of himself. Mr. Bruce, and the Department of Education. Mr. George Arnett expressed his pleasure at being present as representative of the town of Tofield on the County School Committee.

The graduation ascertians which followed the banquet, were held in the school auditorium under the chairmanship of Mr. Ralph Gerrie, vice-principal. The auditorium decorations illustrated the graduands' theme of "Sunrise '60" very effectively. The members of the graduating class were promoted with corsages and boutonnieres by Mr. Harris and Miss Cumming, while Mr. Annis read the class inscription. Mrs. Annis presented a piano solo, Sydney Tahoma sang a solo accompaning by Maureen Whitbread and the entire graduating class sang "Moments to Remember" accompanied by Carol Watson on the piano

The valedictory address was given by Ruth Penner, the outstanding Grade Twelve student.

The teachers, Mr. Harris, Mr. Gerrie, Mr. Hix, Mr. Annis, Miss Cumming Mrs. Bowick and Mr. Poscher were presented gifts by members of the class.

Rev. Sydney Ball as guest speaker gave a thoughtful and inspiring address to the graduands.

After the photographers had finished taking the graduation pictures, the traditional "Grad Dance" was held in the Community Centre. Many grads of previous years were present to renew old acquaintances. Lunch was served at midnight under the direction of the Tofield Students' Union social convener, Delbert Lee, and dancing continued till early morning.

## Stop signs at Railway crossings at Tofield

Motorists who come into Tofield from the south may, or may not have noticed the new signs at the railway crossings. Stop signs have been erected at all three crossing coming into the Town of Tofield. These are full stop signs applying to all traffic using these crossings. We are informed that stopping at these signs is to be rigidly enforced. Remember "Life You Save May Be Your Own".

## First of July Flashes

(by Gross Phillips)

Once again Tofield inhabitants will enjoy a barbecue on July 1st. This year, the man in charge will be Vincent Bates, assisted by Thomas Jacobs. They will look after the barbecued meat and the Ladies Auxiliary, under the presidency of Ingrid Jacobs, will supply the rest of the meal in their usual efficient manner.

—o—

The Sports Grounds will be put in tip-top condition for the Big Day. The committee in charge of this necessary activity is headed by George McFadzean.

—o—

It's not too soon to be thinking of ideas for your float in this year's "Around On Youth" parade. Let's start off our second half-century with the biggest and best parade ever. Which country district will win the District Cup this year?

—o—

We hope to see the Golden Age Club well patronized on July 1st. No entertainment would be complete without our Senior Citizens. Come and meet all your friends, both old and new, in Tofield on July 1st.

—o—

The Clifford Entertainers will again be providing rides for the small fry and some special entertainment features are still in the planning stage.

—o—

Dept. of Municipal Affairs advising that in certain instances the Winter Works incentive program would be approved for extension to May 31, 1960.

Dept. of Municipal Affairs in answer to our request that they prepare the Annual Assessment of the Town of Tofield for 1961 tax-ation, and that we would be contacted in this regard is due

## Town to open new block for construction of houses

The regular May meeting of the Municipal Council of the Town of Tofield was held in the Council Chambers on Monday, May 2nd.

The council have decided to open another block for residential construction. The block in question is 11th Avenue from Main street east to King Street. An advertisement to the effect that water and sewer will be put in appears on another page of this issue. The move has been under discussion for some time and the shortage of lots is close i reached has decided the issue.

A letter from the Associated Engineering Services Ltd. stated that they were of the opinion that the Power Poles are properly located to allow for building sidewalks in Tofield.

The Board of Transport Commissioners, Ottawa, asking for a reply to their letter of March 22nd concerning putting up stops at the Railway crossings in Tofield. They were to be asked to refer to a letter received from the Law Dept. of C.N.R. in Montreal, by which it was understood that the C.N.R. was prepared to see to the removal of certain trees which obstruct the view to the Crossing West of the Switch on the Road Allowance to the East North to the Woodland Dairy Ltd. plant.

Riley's Reproductions Ltd., in reply to our query for prescription of old minute books etc and to the effect that they were in a position to do so upon further details being provided them. This was to be followed up.

C. C. Parker, Whittaker and Co. Ltd., enclosing preliminary cost estimates for an economy Pool. After looking this over, it was realized that a lot of services and holidays would be extra and the ultimate cost prohibitive, no action was taken.

The Dept. of Municipal Affairs advising that in certain instances the Winter Works incentive program would be approved for extension to May 31, 1960.

Dept. of Municipal Affairs in answer to our request that they prepare the Annual Assessment of the Town of Tofield for 1961 taxation, and that we would be contacted in this regard is due to come in Edmonton on May 15th.

The Dept. of Public Works of Canada in Edmonton wrote in reply to a letter of the Town as to when they would be vacating the present post office. The lease expires December 31, 1961. The town was advised that construction plans for a new building are still in the embryo stage. It was also stated that in the event of the plans being put forward the Town would be advised so that arrangements could be made as soon St.

W. D. Usher and Associates enclosing two prints of tentative plan for subdivision of part of Block Z plan 5487 AH owned by Walter Tiedemann As Mr. Tiedemann was not present in support of his request no action was taken.

Constable John Wall stated that he will soon have been employed three years and asked for a raise in salary at the rate of $25.00 per month, an effective date being mentioned but assessed and approved by the Council as from May 1, 1960

Matter of Recreational Facilities were discussed at some length, and a report in hand from the Committee named earlier on and to the effect that they had used the survey pamphlet provided by the Cultural Activities Branch of the Provincial Secretary, listing that with the exception of Golf and a Swimming Pool, say Recreational facilities are possible, though a useful lack of leadership exists. A request had been placed in the Tofield Nursery asking for suggestions of organizations or individuals to further increase Recreation Facilities for the Community as a whole. A comprehensive Plan had been received from the Tofield Curling Club and was in hand for the attention of the Council who in turn decided to submit same to the department. It was noted by the Committee also that between the school and the Tofield Community Centre facilities were well equipped.

The County of Beaver School Committee requisition was received and noted to be $32,534.65, an increase of $4,941.00.

Hospital Benefit Act requisition $4,091.76, an increase of $255.06.

Vegreville Health Unit requisition $618.35, a reduction of

Building permits were approved to the following

Chas. A. Anderson, Lot 29 Block 12 — $2,500.00.

Peter J Korbie, Lot 10 Block 20 — $2,000.00.

George Boers, addition at Lot 16, Block 19 — $2,500.00; Transco Co. Pt. SW 1-51-19-4 — $20,000.00.

Lot 19, Block 12 Plan 22005 approved for sale to Miss Kalle Disrable for $35.00.

Peter Regan to install Water and Sewer on Lot 5, Block 13.

The Assessment Equalization Board, advised that the Equalized Assessment for the Town of Tofield, for 1960 was placed at $876,446.00.

## Eric Edwards receives 20 year award from N. W. U.

Among the employees of Northwestern Utilities receiving 20-year service awards at their annual banquet in April was Eric G. Edwards of Edmonton, Superintendent of Districts. Eric is a son of Mr. and Mrs. George Edwards of Tofield and a brother of Mrs. Norman Anderson.

He attended school in Tofield and was employed by the Gas Company here early in the 1940s, later becoming Manager at Wetaskiwin and succeeding Fred Hunter at Tofield.

Mr. and Mrs. Edwards have three daughters Anne, Anne and Donna Joy moved to Edmonton in 1954.

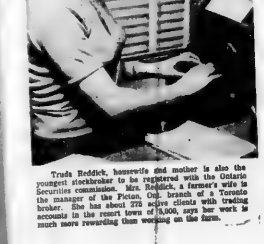
## To sing at Bardo

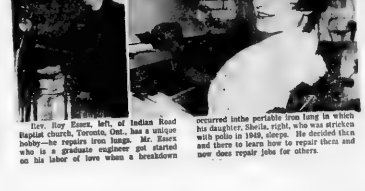
The Bardo Protestant Male Choir will present a musical program on Sunday, May 15, at 8:00 p.m. in the Bardo Lutheran Church. The Choir is under the direction of Pastor Tyssland. Everyone is welcome to attend.

## YOUNG MOTHER IS ACTIVE STOCKBROKER



Trude Reddick, housewife and mother is also the youngest stockbroker to be registered with the Ontario Securities commission. Mrs. Reddick, a farmer's wife is the manager of the Picton, Ont. branch of a Toronto brokerage firm. She has about 275 active clients with trading accounts in the resort town of 5,000, says her work is much more rewarding than working on the farm.

## PASTOR REPAIRS IRON LUNGS



Rev. Roy Evans, left, of Indian Road Baptist church, Toronto, Ont., has a unique hobby—he repairs iron lungs. Mr. Evans, who is a graduate engineer got started on his labor of love when a breakdown occurred inthe portable iron lung in which his daughter, Sheila, right, who was stricken with polio in 1949, sleeps. He decided then and there to learn how to repair them and now does repair jobs for others.

## Bank of Montreal inaugurates seven-year scholarship program

MONTREAL, May 9 — The Bank of Montreal today inaugurated a seven-year scholarship program to provide university training in arts and science for outstanding Canadian high school graduates in all ten provinces, according to an announcement at the weekend by G. Arnold Hart, B of M President.

First project to be announced by any Canadian organization for the observance of Canada's Centennial in 1967, the plan provides for 60 top high school graduates to enter university on B of M scholarships next autumn. The program will culminate in 1967, Canada's centennial year and 100th anniversary of the establishment of the bank. Mr. Hart said, with the conferring of centennial awards on the top scholastic and the top humanist.

To be known as "Bank of Montreal Canada Centennial Scholarships," the plan calls for 134 awards in all over the next seven years, ranging from $700 to $5,000.

The project is a highly competitive one, and all awards will be made strictly on merit, as determined by selection committees consisting of faculty members of universities from coast to coast. The bank will take no part whatever in the decisions.

The plan, which provides increasing benefits to a reducing number of participants, offers the most promising students a series of scholarships and fellowships in the pure sciences and in the humanities or the social sciences. Professional courses such as law, medicine and engineering are not included.

Scholarship students who are successful in meeting the requirements in the second third and fourth university years will receive awards of $1,500 per annum, while those accepted for graduate study in 1964, 1963 and 1962 will receive awards of $2,000 per annum for study anywhere in Canada or abroad.

Then in 1967, Canada's centennial year, when the competition is open to all who have participated in the plan at any stage, the two final B of M Canada centennial awards will be made — one in arts and one in science. These two awards will be in the amount of $5,000 each, to be used for further study anywhere in the world.

To each of the two final winners, if they have participated throughout the plan, the bank will have provided a total of $15,-850 at the end of the headquarters-sponsored study.

The allocation of scholarships by province was worked out so far as possible on the basis of population, with a minimum of two for each province. For Alberta and Manitoba students pursuing their Grade 12 high school exams in June, there will be four B of M scholarships, each of $750. Roughly speaking, half of these will go to girl students and half to science students, but the decision will depend on the Alberta selection committee.

So far as is known, the scholarship plan is the first of its kind as scheme of its kind in the world. It will take the most successful students from high school graduation to university graduation and on to post graduate study towards their chosen careers.

In developing the plan, Mr. Hart said that the bank hoped it would help to produce scholars who will bring "a contribution of outstanding value to the economic, social, scientific research and pursuits in the public service of Canada, thus providing a tangible and valuable observance of the national centennial to the future nation."

Headbooks for candidates giving full particulars of the B of M scholarship plan, including application forms, are available at all branches of the bank.

—S—

## POLICE COURT

It is strange what some people will do to save $5c. One man had been given a $5c parking ticket. He delayed paying so a letter was sent to remind him. That failed to interest him so a summons was served on him but that failed to effect any response. The local J.P. then signed a warrant for his arrest and a Mounted Police will bring him to court on May 16.

Another young district resident was fined $10 and costs because he was unable to produce a driver's license. It is surprising how many places these drivers licenses can get into other than the car the Officer stops. One was said to be in the pants the driver had left when he changed pants at a friends out of town. The young man without the drivers license also paid $10 and costs because he had let the weeks go by that the government had allowed for getting 1960 license plates on his car.

## First Principal of Tofield School passes away in Edmonton

The first Principal of the Tofield School, James Alexander Young of Edmonton died last Saturday at the age of 81.

Mr. Young was Principal here from the time the school commenced operation in 1906 until 1912. Earlier he had taught at Anderson school in the Hardy district. The 1906 brick school with the belfry burned down in October 1916 and the second brick school was built on the same foundation in 1917 and used until 1954.

Mr. Young was born in Ingersoll, Ont., and received his early education at Simbro, Ont. He graduated with a B.A. from the University of Toronto in 1903, a the same year took his normal training in Saskatchewan, at the Regina Normal School.

After teaching school in Tofield and district he taught in Fort Saskatchewan until 1917 when he moved to Edmonton.

For three years he taught soldiers returning from the First World War as part of the Soldiers' Civil Re-establishment program, in 1930 he joined the Edmonton school teaching staff at MacDougall school, later being transferring to Eastwood School as vice-principal.

He retired from school teaching in 1945, but for the next five years he again taught soldiers returning from the Second World War.

Mr. Young is survived by his widow; one daughter, Mrs. Dennis Maryrat of Wetaskiwin; four sons, John, William, James, and George, all of Edmonton; and 18 grandchildren. The funeral service was held on Tuesday at the Pastor and McCarver Funeral Chapel. Rev. A.E. Craig of Strathcona United Church officiated and burial was in the Evergreen Memorial Gardens.

## Local Sport Items

A reminder that the Woman's Missionary Society of the United Church will hold their Spring Thank offering meeting in the church on Sunday evening, May 15 at 7:30 p.m. (Please note the change of time.) The Rev. Mr. Wm. Hinds, a missionary on furlough from Northern Rhodesia, will be the guest speaker. All are welcome. A cordial invitation is extended to the congregations of the other churches to hear this topic which should be specially interesting in view of the current situation in Africa.

—o—

Mr. and Mrs. R. Callard were both admitted to the hospital on the weekend, receiving a severe shaking up and bruising.

—o—

Mr. Lorimer Hunter is in hospital here having sustained a double fracture of the left arm when he fell from the back of his truck while unloading fuel at the Dunham farm at Minisink.

—o—

Mr. Burt Everitt is a patient in the local hospital.

—o—

Many Tofield residents are suffering from effects of the 'flu which has been around the past month.

—o—

Miss Jean Herndon has completed her nurses' training at the Royal Alexandra Hospital and is spending a week with her parents before commencing nursing duties at the Tofield hospital.

—o—

We regret to report the death in Edmonton of seven year old Maureen Brimacombe, daughter of Mr. and Mrs. Gilbert Brimacombe of Edmonton, on April 27. She is survived by her parents, one brother Alan, one sister Beverly and her maternal grandparents, Mr. and Mrs. John Bailey of Tofield. Mrs. Brimacombe is the former Joyce Bailey. Our sympathy goes out to all the bereaved relatives.

—o—

Mr. Jack Cinnamon 91 years of age, was one of the men at the Colonel Stephens Pavilion who had the honour of speaking with Governor General George Vanier on his recent visit to Edmonton. Mr. Cinnamon, who is a veteran of the Boer War, was an old timer of Tofield, farming in the McKenzie school district. The Governor General presented the old soldier will see his 100th birthday.

—o—

Mrs. Jessy Kapteyn (nee Sirdar) returned from Toronto after spending a month with her two sisters Ann and Kay.

—o—

Mr. and Mrs. Art Langelle and daughters of Sherwood Park were guests of Mrs. Langelle's mother Mrs. G. Cookson on Sunday.

—o—

Little Miss Marion Davison had several little bits to do Tuesday as help celebrate her 6th birthday.

—o—

Mr. and Mrs. Francis Campbell and family of Edmonton, spent the week end visiting the home folk.

—o—

Stanley and Charlie Sonez and Bill Davison are leaving by plane for Hamilton, Texas to drive back three school buses.

## ROSS CREEK NEWS

ROSS CREEK — An error in the note of the Calico Coach, it should have been $60,000.00

—o—

The Ernie Ferrel family visited with Ruth at the Aberhart Sanitorium on Saturday. Hope Ruth will be able to visit her folks back home again real soon.

—o—

Bill Stinn Jr. is home for awhile helping his dad with the spring seeding.

—o—

Lorne Schacher is also home on his holidays to give his folks a helping hand at this busy time.

—o—

Ivan and Florence Malcolm & children spent the past Sunday at the home of Burt and Vera Cranston of Partridge Hills.

—o—

Ralph Conner and boys visited at the home of the Odlerus during the evening of the meeting of the W.A. of his home last Wednesday.

—o—

The W.A. had almost a full membership on hand for the last meeting with only one member, Mrs. Florence Malcolm being absent. There were seven visitors, Mrs. Mary Schacher, Mrs. Mabel Haney, Mrs. Jean Lander, Mrs. Alexander Stadnick, Mrs. Jean Sidlowski, Mrs. Doris Schacher and Mrs. Lily Van Dankirk. The meeting was held at the home of Mrs. Alice Conery with Elinor Reinhart and Bessie Pedersen as hostesses.

—o—

The Mothers Day tea was a big success proceeds netting over $100.00. Thanks very much to all the folk who took time out this busy spring to come out & make it so successful.

—o—

At this seeding time just us all to remember to sow seeds of Kindness in our hearts, for it is the most important seed.

—o—

Our W.A. sent $10.00 to help towards the grout loss up at Grand Prairie of the home for boys from broken homes. Any bedding or money will be welcome at this urgent time.

—o—

We can thank Mother Nature for our nice dry spring. There are many blessings to be thankful for folks.

—o—

Wilma Odlerus spent Friday with her folks the Alex Fords.

—o—

Sorry to hear Mrs. Everett Storey has been a patient at the Archer Memorial Hospital. A speedy recovery Pat from all of us.

—o—

Howard and Nettie Malcolm attended a party at the home of Keith Malcolm Saturday evening at Sherwood Park.

—o—

Don't be afraid of doing too much work. Here people rust out rather than work out.

—o—

We would like to wish Mr. Arnold Schlehofer now living in Edmonton, a belated birthday greeting of last week, and many more healthy birthdays.

—o—

You bad Mothers Day turned out rainy and cold, but here's hoping all you mothers had a wonderful day and that none of you was forgotten.

—o—

Sunday Howard and Nell Malcolm and boys took Nell's father Mr. Kysten to Mundare to visit Flora Stadnick and family for a while.

—o—

A spring cleaning took place in the church, Sunday School and school on Friday afternoon, Isabel and Winnie McLachlan and Sheila Tweed and Bonnie Pedersen did the cleaning.

—o—

Several parents of children going to the Chipman school attended a dance with them Friday evening.

—o—

A most inspiring Mothers Day service took place Sunday. Every seat was filled, which made Rev. Monte very pleased. Four children were baptised, the children of Mr. and Mrs. Maurice Van Dankirk, Mr. and Mrs. Raymond McLachlan, Mr. and Mrs. Alvin Riley and Mr. and Mrs. Ivan Stadnick.

—o—

Mr. and Mrs. Allan Riley had their daughter Phyllis and her husband Joe and family visiting them on Mothers Day and attending the church service.

—o—

Mr. Ray Herndon and Mrs. Ada Van Dankirk of Edmonton visited at the home of Mr. and Mrs. Maurice Van Dankirk on Sunday, attending the baptismal service for Maurice and Lily's little son, and Mrs. Van Dankirks grandson.

—o—

Little Robin Olson of Edmonton is spending a week with her Grandmother and uncle Kenneth.

—o—

Church service and Sunday School at 11:45 a.m. The new time seems a more suitable hour. So hope we continue bringing the family to church every week.

—30—

## SEMANTIC STUDY SHOWS SALARY SALTY SUBJECT

Some of our words in everyday use originated so long ago that their original meanings have long since gone into the limbo of forgotten things. For instance, "salary", a pretty important subject to most of us, originated in the days of ancient Rome.

Soldiers and civil servants were given regular rations of salt and other necessities, lumped together under the general name of "salt rations".

Although money came to replace the rations, the name remained, and hence the expression "worth his salt". (Latin: salarium, sal, salt).

Nowadays, when they get their pay-cheque, hundreds of thousands of Canadians, worth their salt, make it a rule to save part of their salary at the Bank of Montreal. They know thrift is the fastest and surest way of building a firm foundation for future success.

Steve Falderman, accountant at the Tofield branch of the Bank of Montreal, will be glad to help. It's worth the time it takes to find out how easy it is to open a savings account at the B of M. It will earn two and three-quarters per cent interest. But, most of all, regular saving soon becomes a habit that's very much "worth its salt" to you.

## Town Of Tofield
## NOTICE OF PROPOSED LOCAL IMPROVEMENTS

NOTICE is hereby given by the Council of the Town of Tofield pursuant to the provisions of The Town and Village Act that the Council intends to construct and install as local improvements water and sewer mains on the streets listed hereunder and that the council intends to charge part of the cost thereof by way of special frontage assessment for local improvement against all lands abutting on that portion of the streets wherein or wherein the said water and sewer mains are to be laid, at an original annual unit rate per front foot of 28 cents per front foot for water mains and 16 cents per front foot for sewers such annual assessments to be paid for a period of twenty-five years.

AND NOTICE is further given that unless a majority of the owners of the lands that may be assessed therefor, owning at least one-half in value thereof, petition the Council against it within two weeks after the last publication of this notice, the said local improvements will be undertaken and a portion of the cost thereof assessed by the system of assessment hereinbefore mentioned.

Any owner so specialy assessed may at any time commute the amount of balance remaining unpaid in respect thereof by paying the amount of the original assessment charged against the land together with interest and penalties chargeable in respect thereof less any amounts previously paid on account thereof.

DATED at the Town of Tofield in the Province of Alberta, this 10th day of May 1960.

J. E. STINSON, Secretary-Treasurer.

## OFFICER ORDERS AIRMEN'S CARS DUMPED

Group Captain C.K. Hunnille, left, commanding officer of Uplands air station, Ottawa, Ont., admitted orders for 25 automobiles soon to be carried to an RCAF dump, but denied they were deliberately run over a 30-foot bank. By Oct. 2nd no action was taken after repeated warnings to personnel to get 1960 license plates and to take them off the station parking lot. Sixteen other cars were towed to a service station. The issue has been raised in the House of Commons. Pictured above are some of the cars in a gully, some of which were stripped and burned.

## Jr. Gun Club elects officers

At the meeting of the Gun Club held Monday evening, the following Junior members were elected to office in the Junior Gun Club. Ken Wityrewski, President; Alvin Hendry, Secretary.

The Junior Club will hold regular Tuesday evening shoots, the members meeting at the Post Office at 7 p.m.

The Senior Gun Club elected the following to hold office for the coming year: Arnie Kleson, President; Andy Herndon, Vice-President; Cinda Gallinger, Secretary; Allan Werner, Range Officer.

It was decided to hold a competition for the girls of the Junior Club. If enough interest is shown, Mr. Gordon Garford will offer a trophy for the winner.

The Club has taken out liability insurance, effective May 1, covering all persons on the range, both members and non-members.
